LatentView Analytics sees slowdown in new deal sign-ups

RISK AVERSE. Delay attributed to macroeconomic uncertainties in global markets

Narayanan V
Chennai

Rajan Sethuraman, CEO, LatentView Analytics

Chennai-based data analytics firm LatentView Analytics is witnessing delay in closure of new deals and contraction in deal sizes due to prevailing macroeconomic uncertainties in the global markets.

"In general, the market is still a little slow when it comes to decision making. Many of the clients who even have budgets at this point in time are still sit-

ting on the fence when it comes to kicking off large initiatives," Rajan Sethuraman, CEO, LatentView Analytics

man, CEO, LatentView Analytics, said in the company's Q1FY24 earnings call.

He added that while the clients are ready to take on some small pilots, commitments to the larger initiatives will take a little bit more time.

FALL IN DEAL SIZE

The company posted a muted 4 per cent growth in net profit at ₹32.9 crore for Q1FY24 (₹31.5 crore). Its revenue from operations grew by 23 per cent year-

on-year to ₹147.6 crore (₹119.9 crore).

Sethuraman said the average deal size of the company a year ago was in the range of \$600,000-\$700,000.

He further said, in the last couple of quarters, the deal sizes have fallen to \$2.14,000 kind of a mark.

However, he added that the average deal size will inch closer to \$1 million kind of a range and the tenure will get longer than the 12 months from a three-year perspective.

Meesho turns profitable on growth across segments

Our Bureau
Bangalore

Vidit Aatrey, Founder and CEO, Meesho

SoftBank-backed e-commerce platform Meesho has turned profitable on a consolidated profit after tax basis across all divisions and categories as of July 2023.

The e-commerce player said that it has seen significant growth in the last 12 months, with order volumes jumping 43 per cent, culminating in over a billion orders.

Additionally, it also boasts of strong user retention, with 85 per cent of the orders coming from returning users.

Notably, growth is apparent, with every category turning profitable on a standalone basis. Non-fashion

months, driven by substantial growth in order volumes and monetisation rates.

However, the company has not given out any specific financial numbers.

Despite significant reductions in customer acquisition costs (CAC) and marketing spending by 80 per cent (y-o-y), it claims to remain the most downloaded shopping app in the country, underscoring its organic strength and strong word-of-mouth appeal.

In the last year, it has served over 140 million unique transacting users, said the company. It also recorded a 60 per cent y-o-y reduction in tech costs, showcasing improved operational efficiency.

"Since our inception, we

have been driven by a vision to empower millions of small businesses, entrepreneurs, and customers, and today's milestone is a testament to the unwavering dedication of our entire family. As the first horizontal e-commerce platform to achieve profitability in India, we remain committed to driving sustainable growth, democratising e-commerce for everyone, and unlocking the true potential of India's heartland," said Vidit Aatrey, CEO and Founder.

The unicorn's current run rate stands at 3.5 million orders per day and attributes the growth to capital efficiency and the structural advantage of its innovative and asset-lite business model.

Demand for Essential Items Rises to Decade-High Levels

Sagar.Malviya@timesgroup.com

Mumbai: Purchases of daily groceries and essentials rose 8.5% in the April-June period, highest in a decade helped by recovery in rural markets and higher of take of voluminous product categories especially atta.

The quantity of FMCG goods bought, or volumes, in rural markets went up 5.3% and 12% in cities from a year earlier, when urban share had fallen while consumption in villages grew 2%, according to data from Kantar Worldpanel, a global consumer research firm owned by communications and advertising giant WPP. Kantar analyses actual household consumption by volume and also monitors branded and unorganised products, including unpackaged voluminous commodities unlike Nielsen and Biontz that track retail sales and kirana orders, mostly in the branded space. Companies said there is always a one-quarter lag in Kantar's data and their primary sales.

"Since Kantar tracks consumption at the household level and we book sales to our distributors, there is a quarter lag in the demand trend. As a result, we could see strong demand in our sales in the July-September quarter. There is a positive sentiment now with no fear of El Nino due to heavy rains and we expect volume driven growth going forward," said Krishnendu Budhia, senior category head at Parle Products.

Kantar said atta, a high volume and frequently purchased category, tend to have significant impact on FMCG, and with the government offering free food grains, the category's numbers started to impact the overall FMCG numbers too. "With the government stopping this scheme in December 2022, we saw shoppers returning in hoards into the Atta category again, which is a turn causing severe FMCG growth."

During the quarter, this growth is 8.5% and is truly unprecedented in nature, driven largely by urban areas," said Rishi Raj, managing director, South

Asia, Worldpanel Division. Kantar adding that excluding atta, the FMCG growth was 1.7%.

This is similar to Nielsen's FMCG growth at 5% during the quarter with rural market volume growing 3% during the quarter.

"With this moderation in inflation, there has been an uptick in volumes in both urban and rural markets, indicating promising signs of recovery in demand. The recovery is seen in the market per se. It is not just Dabur recovery. Rural business across the board has recovered and there is a volume uptick which is being seen in the rural business," said Mohit Malhotra, chief executive officer at Dabur.

Factors including retail inflation dropping to sub-5% levels, late pickup in monsoons, like in kharif crop MSPs and higher government spending continue to give hopes of a gradual recovery in rural sentiment, said companies. With moderation in raw material prices, most companies have begun slashing price-tags which could help volume led growth.

PREMIUMISATION WILL ALSO BE A CORE GROWTH LEVER, SAYS AHMED ELSHEIKH

'Rural Mkt Helps Pepsi India Grow, Annual Targets Remain Unchanged'

Price packs, deeper distribution, infra devpt help co ride out slowdown, says Prez

Ratna Bhushan
@timesgroup.com

New Delhi: PepsiCo has started to see "very positive signs" of recovery in rural markets for foods and beverages, which contribute close to 40% of its annual sales, Ahmed Elsheikh, president of the beverages and snacks foods maker in India said in an interview. "Higher electrification in villages, price packs such as those of 5, deeper distribution and infrastructure development of roads, is helping us to ride out of the slowdown. As we speak, we are seeing good recovery in rural markets," Elsheikh said.

"There was a time when we had to depend on ice-boxes for retailing soft drinks; now the

re is electrification across India, which is not only helping to grow, but also helping in de-seasonalising the business." Pickup in rural demand is crucial for packaged goods companies, which contribute well over a third of annual FMCG sales, on average. Rural India returned to growth in the January-March 2023 quarter after six quarters of decline and is expected to grow for the rest of the year, researcher NielsenIQ had said in a recent report.

The maker of Pepsi and Lay's chips reported revenues of ₹9,120 crore for the year ended March 2023, a 29% year-on-year revenue increase, underpinned by high double-digit growth in foods & beverages.

Warm summers, rural demand and marketing drove the topline for growth for beverages. On foods, innovation has driven incremental growth for topline growth," he said.

PepsiCo seeks to concentrate its bottling partner Varun Beverages (VBL), while its bottling, manufacturing and dis-

tribution operations are done by Ravi Jaipuria-backed Varun Beverages.

"This is India's decade; we believe this is the country to invest in and grow," Elsheikh said. While unseasonal rains through the crucial April-June summer quarter impacted sales of soft drinks, annual growth outlook "has not changed" for PepsiCo, Elsheikh said. Traditionally, the April-June months contribute close to half of annual soft drinks sales.

The company is de-seasonalising its portfolio, and driving more occasions for consumption through the year and investing in deeper distribution of energy drinks and sports drinks which are not summer-centric.

Last week, VBL reported revenue growth of 13% year-on-year in the April-June quarter, led by growth in volumes, while net profit increased 26.2%, which it attributed to improved product mix, slide in input costs and higher volume growth. VBL reported consolidated net profit of ₹994

crore for the reported quarter, compared with ₹787 crore in the year-ago quarter. While sales volume growth in India was adversely impacted by abnormally high unseasonal rains throughout the quarter, the company cited continued investment in capacity expansion. "We expect VBL to maintain its earnings momentum, underpinned by increased penetration, higher acceptance of newly launched products, new capacities and growing refrigeration in rural and semi-rural areas," Motilal Oswal said in a post-earnings report.

While PepsiCo will bring in more global brands, the core focus will be localising its portfolio. Premiumisation of the portfolio will also be a core growth lever, Elsheikh said, adding that snacks brands like Lay's, Doritos and Quaker will drive premium packs.

He said despite inflation, consumer demand has been positive, adding, however, that the company is keeping a close watch on the impact of seasonal inflation.

બેન્કો-વીમા-નાણાકીય સંસ્થાઓમાં પાંચ દિવસનું સમાહ ફરી ચર્ચામાં

નવી દિલ્હી: બેન્કો અને અન્ય નાણાકીય અને વિમા કંપનીઓએ પાંચ દિવસનું સમાહ નિશ્ચિત બની રહ્યું છે. ઈન્ડિયન બેન્ક એસો. દ્વારા આ અંગે નાણામંત્રાલયને પ્રસ્તાવ મોકલવામાં આવ્યું છે. તા. ૨૮ જુલાઈના ઈન્ડિયન બેન્ક એસો.ની બેઠકમાં બેન્કના મેનેજમેન્ટ દ્વારા ઘાટવું કે નીક એ આજની જરૂરિયાત હોવાનું મંતવ્ય વ્યક્ત કરાયું હતું અને હાલ એક માસમાં બે શનિવાર બેન્કો તથા નાણાકીય સંસ્થાઓ રજા રાખે છે તેના બદલે તમામ ચાર શનિવાર-રજા રાખે તે નિશ્ચિત થશે. આ માટે બેન્કો પાણ સહમત થઈ છે. બેન્કોમાં આ માટે કામના કલાકો વધારશે. હાલ ૭૦ ટકા જેટલા રોજબરોજના બેન્કોના વ્યવહારો ડીજીટલ થઈ ગયા છે અને અન્ય બેન્કો કક્કટ ટેકન કામકાજ કરે છે. ૨૦૧૫થી બેન્કોમાં દર બીજા શનિવારે રજા રાખવાનો નિયમ અમલી બનાવવામાં છે. બેન્કોએ તેના લોન સહિતના વિભાગોને કેન્દ્રીકરણ કર્યું છે જેના કારણે બેન્કોની કામગીરી પણ ઘટી છે અને બેન્કોમાં પણ મોટાભાગની કામગીરીનું કોમ્પ્યુટરાઈઝ થયું છે તેથી પાંચ દિવસના કામકાજમાં કોઈ મુશ્કેલી પડશે નહીં.

MSME ક્ષેત્રની લોન અરજીઓ કેન્સલ થતા ઉહાપોહ

નવી દિલ્હી તા.૭ બેંકો દ્વારા સુધ્ધ, લઘુ અને મધ્યમ ઉદ્યોગોની વિશાળ અરજીઓ ધરાવતી ડગવાવી દેવામાં આવતી હોવાના ઉહાપોહને પગલે કેન્દ્ર સરકારે આ પદ ધ્યાન ફેરવે કરવાની સુચના આપી છે. અને એક માસમાં જ વાબ રજુ કરવા બેંકોને કહેવામાં આવ્યું છે. કેન્દ્ર સરકારનાં માલિતગાર સુત્રોએ કહ્યું છે કે એમએસએમઈ મંત્રાલય દ્વારા જ આ મુદ્દે સરકારનું ધ્યાન દોરવામાં આવ્યું છે. મંત્રાલય દ્વારા કાઉન્સિલની રાષ્ટ્રીય બેંક વખતે આ મુદ્દે ઉપસ્થિત થયો હતો અને સરકારે બેંકોને કારણ રજુ કરવા તથા યોગ્ય કદમ ઉઠાવવાની સુચના આપી છે. સરકારના એક સીનીયર અધિકારીએ કહ્યું કે લોન નામંજુર થવા પાછા બનું મુખ્ય કારણ જણાવતા બેંકોને કહેવાયું છે અને તેના આધારે નાના ઉદ્યોગકારોને સલાહ-માર્ગદર્શન અપાશે. નાના ઉદ્યોગકારોને વિશાળ માટે નિયમોની જાણકારી આપી તે કારણે પ્રક્રિયા કરવાનું માર્ગદર્શન અપાશે.
