**IMPAL**

**67<sup>th</sup> Annual General Meeting**

**September 08, 2021**

Ladies and Gentlemen

I welcome you all to the 67<sup>th</sup> Annual General Meeting of your Company. The audited accounts for the year ended 31<sup>st</sup> March, 2021, the Directors' report and the annexures thereon have already been electronically circulated to you and with your permission, I shall take them as read.

This Annual General Meeting is being convened at a time, when the COVID Pandemic is gradually tapering off in most states of our country. However, this deadly virus has been devastating our country for a good part of 18 months. The effect on economic activity has affected India and most parts of the world. Economic activity was affected by restrictions on movement of people.

In India the effect has brought down GDP growth in 2020-21 to a negative 8%. The global economy is said to have recorded a negative growth as well. In India, with a vast population, it was contained only with a sequential shutdown in many of the States. Finally, a robust vaccination programme from the government, appears to have controlled the virus. The ongoing vaccination programme, hopefully, will limit future waves of pandemic. With normalcy returning from Q2 of Financial year 2022, economic activity appears to be on a rebound.

IMPAL has managed to have all its 783 employees, vaccinated with the First Dose and we hope to vaccinate 100% of the employees with the second dose in the coming months. Working from home, whenever possible has helped. All our 72 branches are now open. During 2020-21,

several branches had to be shut on and off. Considering all this, IMPAL posted Profit before Tax of Rs. 65.49 crores, and Profit After Tax of Rs. 50.28 crores. I am glad to inform you that our executives, supervisor staff and field sales staff put in extraordinary effort to bring this about.

Going forward, we are seeing pent up demand in Q2, helping growth. The pandemic period saw price increases in raw material like iron, steel and copper. These price increases were large. Auto component prices have gone up. We estimate our average price of spare parts to have gone up by 8%.

We estimate sales in Q3 and Q4 to be in tune with Q2. Sales of 2021-22 may not be far ahead of 2020-21. The reason is, OEMs have become active in after-market spare parts. With the microchip shortages OEMs are scheduling down

their production levels. This problem of microchip, vital for engine management system, braking system and emission control system, may bring down the production below their planned levels. Passenger cars, light commercial vehicles and medium and heavy commercial vehicles production levels are vulnerable to the microchip availability.

Agricultural sector appears to be doing well, with a bumper crop last year and continuing expectation of a good crop this year.

During the year under review, IMPAL invested in Brakes India and Wheels India, when their foreign partners exited. Both are likely to be important suppliers of parts and accessories in future years.

## Dividend

Board of Directors have recommended a dividend of Rs.10/- per share, subject to approval of the Shareholders at Annual General Meeting.

On behalf of our Board of Directors and on my own behalf, I thank our managers and sales staff for their extra ordinary effort during a difficult year. I wish to thank our suppliers, and our dealers for their cooperation during the year.
