## **EIL Expands its Wings in another International Territory bagging Integrated NGL and CCGT Power Plant Project in the Republic of Guyana**

Engineers India Limited (EIL) has been entrusted by the Republic of Guyana to render the Project Management Consultancy Services for setting up an Integrated Natural Gas Liquids (NGL) Plant and 300 MW CCGT Power Plant project in Guyana with an estimated contract value of US\$ 22 Million.

As part of this assignment, EIL shall provide Consultancy Services for setting up the Integrated Plant and manage the Engineering, Procurement and Construction of the project on behalf of the Government of the Republic of Guyana.

Engineers India Ltd (EIL) is a leading global engineering consultancy and EPC company and provides its services ranging from project conception to commissioning since its inception in the year 1965. EIL diversified its operation in the other sectors such as fertilizers, power, water and waste management, metallurgy, Nuclear, strategic storages, infrastructure, Green Technologies etc. other than its robust Oil & Gas portfolio.

The stated project in the Republic of Guyana is another milestone achieved by EIL towards its commitment to go beyond national boundaries. EIL has already been active in providing services in the Middle East, Africa, Central and South East Asia and this project will further bolster EIL's presence in the international market.
