Chairman's Statement

Chairman's Statement

The financial year 2020-21 has been extremely challenging as planned infusion of funds into the Company got further delayed due to the prolonged and ongoing impact of COVID-19 due to new variants of virus that are causing continued impact globally. In spite of these challenges, the Company ensured to serve the existing customers globally to their satisfaction to the best possible extent within the available resources and bandwidth.

While the Company has been working with the investors to complete the financial transaction, the Company alongwith two Indian subsidiaries have been admitted to National Company Law Tribunal (NCLT) effective 13th May 2021. Hon'ble NCLT in turn appointed an IRP. Promoter of the company filed an appeal with Hon'ble National Company Law Appellate Tribunal (NCLAT) on 28th May 2021 and also filed Special Leave Petition (Civil) with Hon'ble Supreme Court of India on 07th August 2021 for setting aside these NCLT orders as the Company has been working towards resolving these matters. Hon'ble Supreme court was kind enough to dismiss the NCLT proceeding against the Company and subsidiaries and Company received dismissal orders on 13th September which enabled the Company to reinstate it's Board of Directors. Business operations of the Company got

severely impacted during these four months of legal proceedings. Company ensured to work very hard to bring the core financial and other support teams to complete FY 2020-21 financial reports and audit process as on 2nd November 2021. Subsequently completed financial audit of quarter one and quarter two of FY 2021-22 as on this date.

The Company continues to work with the investor 'The Streamcast Group' as per the Definitive Restructuring Services Agreement (RSA) dated 6th August, 2019 for an investment of ₹ 5,500 crores. This will assist Rolta in repayment and restructuring its liabilities including providing financial assistance. We expect this restructuring process to get completed at the earliest possible during the ongoing FY 2021-22 if the statutory clearances from the European authorities are available to the investor as per the COVID-19 situation locally in EU. This investment will help Company to revive and normalise its business operations during FY 2022-23.

AUDITORS

I. Statutory Auditors

In the Annual General Meeting (AGM) held on December 31, 2020, M/s. J. Kala & Associates, Chartered Accountants have been appointed Statutory Auditors of the Company for a period of Five (5) years to hold office till the conclusion of the AGM to be held in the Calendar year 2025.

During the year under review, Statutory Auditors have expressed their qualified opinion/ remarks in the Audit Report & comments of the Board of Directors are as under:

For Standalone Financial Statement

We draw attention to Note 12 of the Statement. The Company has adjusted in its book the amount receivable from its US subsidiary, Rolta International Inc.(RUS) arising from devolvement of Standby Letters of Credit (SBLC) and interest thereon against long term export advances received. Further, the company has also adjusted amount payable to step down subsidiary of RUS against the SBLC dues receivable from RUS. The Company has made necessary applications stating the above facts to Reserve Bank of India for their permission for adjusting the amount receivable from RUS against the amount payable to them, which is still awaited.

Management's views:

The above point has been qualified as RBI approval is yet to be received.

For Consolidated Financial Statement

- a) We draw attention to Note 12 of the Statement. The Company has adjusted in its book the amount receivable from its US subsidiary, Rolta International Inc.(RUS) arising from devolvement of Standby Letters of Credit (SBLC) and interest thereon against long term export advances received. Further, the company has also adjusted amount payable to step down subsidiary of RUS against the SBLC dues receivable from RUS. The Company has made necessary applications stating the above facts to Reserve Bank of India for their permission for adjusting the amount receivable from RUS against the amount payable to them, which is still awaited.
- b) We draw attention to Note 3 (c). The Bondholder holding order of the Hon'ble Supreme Court of New York County to recover an amount of US \$ 183 Million, took control of the step down subsidiary of the company in US namely Rolta Advizex LLP somewhere in March, 2021 and put Rolta Advizex LLP on auction. In the said auction, the same Bondholders purchased Rolta Advizex LLP for US \$ 55 Million.

In spite of legal notices to the management of Advizex and to the Advizex Company and the protracted discussion by our US legal advisors with the Legal Advisors of Advizex and Bond holders, the Bond holders who have taken control as mentioned above, have refused in writing to give information for full year or part details of financial records upto 31st March 2021 or for quarterly records for January to March 2021 of Advizex LLP. Therefore, in spite of best efforts by the Company, it could only consolidate the nine months financials upto December 2020 in the current financial year for Rolta Advizex LLP which have been Limited reviewed by the Auditors during FY 20-21.

Management's views:

- a) The above point has been qualified as RBI approval is yet to be received.
- b) In spite of legal notices to the management of Advizex and to the Advizex Company and the protracted discussion by our US legal advisors with the Legal Advisors of Advizex and Bond holders, the Bond holders who have taken control as mentioned above, have refused in writing to give information for full year or part details of financial records upto 31st March 2021 or for quarterly records for January to March 2021 of Advizex LLP. Therefore, in spite of best efforts by the Company, it could only consolidate the nine months financials upto December 2020 in the current financial year for Rolta Advizex LLP which have been Limited reviewed by the Auditors during FY 20-21.

Further, the observations and comments given by Auditors in their Report read together with notes to Accounts are self-explanatory and hence do not call for any further comments under Section 134 of the Companies Act, 2013 and Rules made thereunder.

ii. Secretarial Audit Report

In terms of Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Board of Directors of the Company had appointed M/s. C. B. Jain & Associates, Practising Company Secretary (ACS No. 37337, COP No. 13973) as the Secretarial Auditor of the Company to undertake the Secretarial Audit of the Company for the financial year ended March 31, 2021. The report of the said Secretarial Auditor is enclosed as "Annexure E" to this report in form MR-3. The qualifications/ notings given by Secretarial Auditor have been replied/ subsequently complied with by the Company.

SUBSIDIARY COMPANIES AND CONSOLIDATED FINANCIAL STATEMENTS

The Consolidated Financial Statements of the Company and its subsidiaries, prepared in accordance with the Accounting Standard 21 notified under Section 133 the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rule 2014, form part of the Annual Report and are reflected in the Consolidated Financial Statements of the Company.

As on March 31, 2021, the Company has 3 Indian subsidiaries out of which 2 are wholly owned subsidiaries and 10 Direct/ Indirect 100% overseas subsidiaries. The Company has reorganized during the current year, its various business groups, considering the present challenges being faced by the Company. In the month of February 2021, Rolta Advizex., ceased to be a subsidiary of the Company.

Section 136 of the Companies Act, 2013 has exempted companies from attaching the annual reports and other particulars of its subsidiary Companies along with the annual report of the Company. Accordingly, the Annual Reports of the subsidiaries are not attached with this Annual Report. However, statement containing salient features of the financial statements of subsidiaries as per 129 (3) of the Act, is also included in this Annual Report in "Form AOC-1" as "Annexure A". The financial statements of the subsidiary companies are available for inspection of the shareholders at the Registered Office of the Company during the working hours.

PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

None of the transaction with related parties falls under the scope of Section 188(1) of the Act. Information on transaction with related parties pursuant to Section 134(3) (h) of the Act read with rule 8(2) of the Companies (Accounts) Rules, 2014 are given in "Annexure B" in "Form AOC-2" and the same forms part of this report.

MATERIAL CHANGES AND COMMITMENTS, IF ANY

The Company had made an announcement on the Stock Exchanges at Bombay Stock Exchange and National Stock Exchange on May 11, 2019 announcing an investment of ₹.5,500 crore by a high tech international group, "The Streamcast Group". Further in conjunction to this the Company executed Definitive Restructuring Services Agreement (RSA) with Streamcast Group on August 06, 2019, under the terms of which, Streamcast Group will assist Rolta in repayment and restructuring its liabilities (including providing financial assistance) commencing with immediate effect.

Except for the abovementioned Investment announcement for ₹.5,500/- crore investment by hi-tech Investor group and definitive RSA, there has been no other material changes and commitments affecting the financial position of the Company during the financial year. Due to the world wide pandemic of CoVid-19, certain statutory approvals of Investor are pending in Europe. Once they get statutory approval, they will make this investment in the Company as above.

Information required under section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014 pertaining to Conservation of Energy, Technology Absorption, Foreign Exchange earnings and outgo.

A. CONSERVATION OF ENERGY

In view of the nature of activities that are being carried on by the Company, Rolta being an IT Company requires minimal energy consumption and does not use motive power. However, every effort is made to ensure that energy efficient equipment is used to avoid wastage and conserve energy, as far as possible.

B. RESEARCH AND DEVELOPMENT (R & D)

As an innovative IP led solutions Company, it is imperative for Rolta to continue its significant investments in developing differentiating intellectual property (IP) targeted to the growing demand for Digital Transformation Solutions.

The in-house R&D at Rolta has played a critical role in designing and developing a large set of existing Intellectual Properties which are being enhanced. In spite of the current challenging environment, the Company has continued its investment in R&D.

Risk Management

The Company recognizes that risk is an integral part of business and is committed to managing the risks in a proactive and efficient manner by periodically assessing risks and incorporating risk mitigation in its strategy, business and operational plans. Risk management is therefore an integral part of business at Rolta and is an enterprise wide function that aims at assessing threats to business sustainability and mitigating those threats.

The management cautions the readers that the risks outlined below are not exhaustive and are for information purpose only. This report also contains statements which are forward looking in nature and readers are requested to exercise their own judgment in assessing various risks associated with the Company and referring to the discussions of risks in the Company's earlier Annual Reports.

BUSINESS RISK

Rapid changes in business and customer preferences demands innovative solutions and services to retain and improve market share.

The global economic environment is constantly changing and thus businesses face the inherent risk of contraction in business due to disruptive technologies, evolving industry standards, varying client preferences as well as new product and service introductions. Also, any change in central and state governments, adverse changes in public or defense policies and/or funding allocations can adversely affect the business. The Company's business may also be affected if it cannot continue or license or enforce its Intellectual Property Rights which is an increasing part of its business.

COMPETITION RISK

Inability of companies to guard against competition could result in shrinkage of revenues.

The stiff competition can lead to pressure on pricing, vendor consolidation and hence can impact Company growth and profitability. Industry consolidation also may affect competition by creating larger, more homogeneous and potentially stronger competitors in the market in which the Company operates. The Company's ability to compete also depends in part on factors outside its control such as the price at which the Company's competitors offer comparable products and services and the extent of our competitors' response.

SKILLS RISK

Lack of ability of a knowledge intensive company to source and retain people with right skills may lead to business attrition.

Failure to attract, retain and motivate key employees can adversely impact deliveries and customer satisfaction which can in turn impact growth. Additionally, there could be supply side risks on the availability of a talented pool of people especially in certain niche areas of domain and technology experts. As an innovative developer of IP led solutions the ability to attract and retain the right talent is therefore seen as a critical risk.

CUSTOMER RISK

In today's fiercely competitive business environment, ability to retain and increase the customer base is very critical.

Customer risk emanates from large exposure to a few clients which entails increased credit risk besides the adverse effect on the profitability in case of any variation in revenue from these clients. Rolta has constantly strived to

mitigate this risk by adding new clients besides entering into new vertical business domains.

GEOGRAPHY RISK

Mitigation of over dependence on any one geographic market enables evasion of risk of downward spiral in that economy because of political and economic factors. With changing political scenarios in the developed markets such as US and Europe as well as uncertainties in economic outlook is posing significant geographic risks to the IT industry and can hamper Company's growth.

With almost 50% of the Company's operations coming from India which is generally considered to be a vibrant and growing emerging market, Rolta is able to balance and mitigate against geographic risk to a great degree. The Company's domestic-international spread and combination of its various solutions and services insulates the overall performance from the impact of downturns in any specific market.

IMPACT OF COVID-19

1. Impact on business:

The Company is complying with various directives issued by the Central/ State/ Municipal authorities on the outbreak of CoVid-19 Pandemic. Considering the fact that the situation is exceptional and dynamic, the Company is not in a position to gauge with certainty the impact on our business at this point of time.

The Company has taken a series of pro-active measures and preventive measures to ensure health and safety of all its employees and provided a safe workplace for them, with appropriate social distancing norms and high standards of hygiene. The Company has also taken various steps such as thermal screening of all its employees and visitors at the entry gate sanitizing the premises on a regular basis, enforcing wearing of masks, asking all employees to have "Arogya Setu" app installed on their mobile phones and continuously follow guidelines, as prescribed by the Central/ State/ Municipal authorities. "Work from home" option is also provided for a certain category of employees.

2. Ability to maintain operations including the factories/ units/ office spaces/ functioning and closed down:

Technical staff has been provided with all facility and necessary infrastructure to enable them to work from home effectively and therefore, there was no disruption in delivery of ongoing projects.

3. Schedule, if any for restarting the operations:

The Company has taken all the measures to restart all the other functions as per the Government guidelines. Accordingly, non-technical functions and maintenance support continues without any hindrance to the extent permitted by State Governments.

4. Estimation of future impact of CoVid-19 on its operations:

The capital and financial resources, profitability and liquidity are likely to be impacted due to CoVid-19 lockdown and the impact of the same cannot be assessed unless full normalcy return in business environment.

5. CoVid-19 will have adverse effect on financial resources, profitability, liquidity position, new sales and collection of receivables. It is difficult to quantify the exact impact as of now.

Independent Auditor's Report

To the

Board of Directors of Rolta India Limited

Qualified Opinion

We have audited the accompanying Statement of Consolidated Financial Results of Rolta India Limited ("the Holding Company"), and its subsidiaries (the Holding Company and its subsidiaries together referred to as the "Group") for the quarter and year ended March 31, 2021 ("the Statement"), attached herewith, being submitted by the Holding Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the Listing Regulations).

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate audited financial statements of the subsidiaries, the Statement:

- a. includes the results of the following subsidiaries

Rolta International Inc.	Subsidiary of Rolta India Limited
Rolta Canada Limited	Subsidiary of Rolta International Inc.
Rolta LLC	Subsidiary of Rolta International Inc.
Rolta America LLC	Subsidiary of Rolta International Inc.
Rolta Hungary KFT	Subsidiary of Rolta International Inc.
Rolta AdvizeX Technologies LLC *	Subsidiary of Rolta International Inc.
Rolta Global BV	Subsidiary of Rolta India Limited
Rolta UK Limited	Subsidiary of Rolta Global BV
Rolta Middle East FZ – LLC	Subsidiary of Rolta Global BV
Rolta Saudi Arabia Limited	Subsidiary of Rolta Middle East FZ – LLC
Rolta Muscat LLC	Subsidiary of Rolta Middle East FZ – LLC
Rolta Defense Technology Systems Pvt. Ltd.	Subsidiary of Rolta India Limited
Rolta Thales Limited	Subsidiary of Rolta India Limited
Rolta BI and Big Data Analytics Pvt. Ltd.	Subsidiary of Rolta India Limited

* Please refer note no. 3c.

- b. Is presented in accordance with the requirements of Regulation 33 of the Listing Regulations; and
- c. except for the possible effects of the matters described in the basis for qualified opinion paragraph below, gives a true and fair view in conformity with the applicable Indian Accounting Standards (Ind AS) and other accounting principles generally accepted in India, of the net loss, total comprehensive income and other financial information of the Group for the quarter and for the year ended March 31, 2021.

Basis for Qualified Opinion

- a) We draw attention to Note 12 of the Statement. The Company has adjusted in its book the amount receivable from its US subsidiary, Rolta International Inc. (RUS) arising from devolvement of Standby Letters of Credit (SBLC) and interest thereon against long term export advances received. Further, the company has also adjusted amount payable to step down subsidiary of RUS against the SBLC dues receivable from RUS. The Company has made necessary applications stating the above facts to Reserve Bank of India for their permission for adjusting the amount receivable from RUS against the amount payable to them, which is still awaited.

- b) We draw attention to Note 3 (c). The Bondholder holding order of the Honourable Supreme Court of New York County to recover an amount of US \$ 183 Million, took control of the step down subsidiary of the company in US namely Rolta AdvizeX LLP somewhere in March, 2021 and put Rolta AdvizeX LLP on auction. In the said auction, the same Bondholders purchased Rolta AdvizeX LLP for US \$ 55 Million.

In spite of legal notices to the management of AdvizeX and to the AdvizeX Company and the protracted discussion by our US legal advisors with the Legal Advisors of AdvizeX and Bond holders, the Bond holders who have taken control as mentioned above, have refused in writing to give information for full year or part details of financial records upto 31st March 2021 or for quarterly records for January to March 2021 of AdvizeX LLP.

Therefore, in spite of best efforts by the Company, it could only consolidate the nine months financials upto December 2020 in the current financial year for Rolta AdvizeX LLP which have been Limited reviewed by the Auditors during FY 20-21.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those SAs are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Results" section of our report. We are independent of the Group, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained, is sufficient and

appropriate to provide a basis for our qualified opinion on the consolidated financial results.

Material Uncertainty Related to Going Concern

We draw attention to Note 4 of the Statement which indicates that the Holding Company has incurred a net loss of Rs. 424.23 Crores and Rs.3268.87 Crores for the quarter and year ended March 31, 2021, respectively. While the continuing liquidity crunch, proceedings initiated against the Holding Company in NCLT and the significant fall in revenues coupled with the continuing COVID 19 lockdown indicate that presently a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern, the management of the Holding Company has represented that with the Restructuring Services Agreement (RSA) entered into with the Streamcast Group, continuing to be effective, and the Streamcast Group continuing to work on the implementation of the RSA, the Holding Company continues to be a going concern.

Our opinion is not modified in respect of this matter.

Emphasis of Matter

- a. We draw attention to Note 14. Company's current bank accounts (except for Current account with Axis Bank where inward foreign remittances were not permitted) were attached by the Income Tax Department (TDS division) during September 2019. In absence of operating Current accounts, the export remittances from Company's overseas subsidiaries were received by the Group Companies Rolta Private Limited (RPL) and Rolta Overseas Private Limited (ROPL) by way of assignments of Invoices raised on Companies overseas subsidiaries and the funds so received were utilised / transferred to RIL's account with Axis Bank for meeting the operational expenses.

The Company has adjusted the funds so received by RPL and ROPL from RIL's overseas subsidiaries against the export Invoices raised on these subsidiaries.

The above adjustment by the Company is supported by an opinion from a legal firm.

- b. We draw attention to Note 3 of the statement. The Step down International subsidiary of the Company had issued in 2013 Bonds of US \$ 200 mn and in 2014 US \$ 300 Mn. Both the bonds have matured in Financial Year 2018 and 2019. Out of the above bondholders, certain bondholders obtained an order of Supreme Court of The State of New York, County of New York, was passed on September 02, 2020 in favour of certain Bondholders for an amount of US \$ 183 million (approx) plus interest at 9% till date of payment against U.S. stepdown subsidiary of company which had issued the bonds and all guarantors which include the company. Further a turnover order dated October 20, 2020 on a motion submitted by the plaintiffs, was passed by the said Hon'ble Court in New York in favour of the Plaintiffs, directing the defendants to turn over their cash on hand and their stock / membership interest owned in certain subsidiaries of the company. The international defendants except Rolta India Ltd. filed voluntary Chapter – 11 proceedings in the United States Bankruptcy Court for the Northern District of Alabama in the U.S. on October 29, 2020. By virtue of this filing, enforcement of the judgment against the international defendants had been stayed. The Federal Bankruptcy Court rejected Chapter 11 proceedings in April 2021.

Thereafter Rolta International Inc. has filed appeal on May 17, 2021 against the rejection of Federal Court in District Court of Alabama which is the Appellate Court. This appeal is still pending.

Since now all the international companies are outside of Bankruptcy, they continue to function normally. Rolta India Ltd. has filed a suit no. 3396/2020 dated November 10, 2020 in Hon'ble Bombay High Court with the main prayer to grant interim injunction and declare that the summary judgement dated September 2, 2020 and turnover order dated October 20, 2020 cannot be executed by the Plaintiffs against the company. The hearing for said suit are still ongoing.

Supreme Court of New York appointed a receiver vide its order dated 17th June, 2021 against RUS and Rolta India Ltd. The said Court of New York further appointed a receiver against other subsidiaries of Rolta India Ltd vide its order dated August, 24, 2021. Such receiver had also issued a letter dated September 3, 2021 for holding a meeting to remove the Board of RUS on 13th September, 2021. However, the Receiver has been informed by the Legal Advisor of Rolta India Ltd in US that the said meeting is not valid as summary judgement dated Sept., 2020 and Turnover Order of October, 2020 against Rolta India Ltd and its subsidiary Rolta Global BV has not been domesticated in India and Netherland. The matter remains disputed and is now with the Honourable Supreme Court of New York County for taking the decision in the matter.

Notwithstanding the aforesaid, the financial results of the said subsidiaries have been prepared on a going concern basis.

- c. We draw attention to Note 5 of the Statement as per which, during the year ended March 31, 2021, the Holding Company has incurred a business loss of ₹. 3268.87 Crores on which it has recognized an incremental Deferred Tax Asset of ₹. 107.17 Crores. The net Deferred Tax Asset attributable to unabsorbed business loss as at March 31, 2021 recognized by the Holding Company amounts to ₹.810.37 Crores. The Management of the Holding Company is of the view that for the reasons mentioned in the said Note 8, the Holding Company will be able to generate taxable profits in the future for setting off the accumulated business losses.
- d. We draw attention to Note 7 of the Statement in which the Management of the Holding Company has represented that in respect of long outstanding amounts aggregating ₹.274.83 crores receivable from a Government department, the process towards recovering the said amount is at an advanced stage.

Independent Auditor's Report

- e. We draw attention to Note 13 of the Statement, as regards the Management's evaluation to the extent to which COVID-19 pandemic will impact the performance of the Company dependent on the future developments, which are highly uncertain.
- f. We draw attention to Note 15 of the Statement which indicates that in respect of the international subsidiaries wherein the 'Senior Notes 2013' (Bond 1) amounting to USD 126.65 million which was due for repayment on May 16, 2018 & 'Senior Notes 2014' (Bond 2) amounting to USD 372.36 million which was due for repayment on July 24, 2019, both of which continue to be outstanding, the international subsidiaries have not made any further provision for interest for the period from May 17, 2018 to March 31, 2020 on Bond 1 and from July 25, 2019 to March 31, 2020 on Bond 2, on the grounds that the respective Bond indentures are not specific on payment of interest on the outstanding loan amount beyond the date of their maturity.

Our opinion is not modified in respect of the above matters.

Management's Responsibilities for the Consolidated Financial Results

The Statement has been prepared on the basis of the consolidated financial statements.

The Holding Company's Board of Directors are responsible for the preparation and presentation of the Statement that gives a true and fair view of the net loss and other comprehensive income and other financial information of the Group in accordance with the applicable accounting standards prescribed under Section 133 of the Act and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act, for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement, that gives a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Statement, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Results

Our objectives are to obtain reasonable assurance about whether the Statement, as a whole, is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually, or in the aggregate, they could reasonably be expected to influence the economic decisions of users, taken on the basis of the Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain

professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion through a separate report on the complete set of financial statements on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Statement, including the disclosures, and whether the Statement represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group of which we are the independent auditors to express an opinion on the Statement. We are responsible for the direction, supervision and

performance of the audit of financial information of such entities included in the Statement of which we are the independent auditors. For the other entities included in the Statement, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the Statement of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

We also performed procedures in accordance with the Circular issued by the SEBI under Regulation 33(8) of the Listing Regulations, to the extent applicable.

Other Matters

- The Statement includes the audited financial statements of 3 Domestic subsidiaries 2 step down subsidiary and 1 subsidiary of step down subsidiary international subsidiaries, whose financial statements reflect total assets of ₹.211.87 Crores as at March 31, 2021 and total revenue of ₹.19.35 Crores and ₹.55.23 crores, total net loss after tax of ₹.4,596.29 crore and of ₹.2,174.08 crores and total comprehensive income of ₹.(4,596.29) crore and of ₹.(2,174.08) crores, for the quarter ended March 31, 2021 and for the year ended March 31, 2021, respectively, as considered in the Statement, which have been audited by their respective independent auditors. The independent auditors report on the financial statements of these subsidiaries have been furnished to us and our opinion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries is based solely on the report of such auditors and the procedures performed by us as are stated in the paragraph above.
 - The Statement includes the unaudited/ management reviewed financial statements of 2 international subsidiaries and 5 step down subsidiaries and 1 subsidiary of step down subsidiary, whose financial results reflect total assets of ₹.3.93 crores as at March 31, 2021 and total revenue of ₹.266.76 crores and ₹.1,161.82 crores, total net loss after tax of ₹.174.88 crores and ₹.340.22 crores and total comprehensive income of ₹.(174.88) crores and ₹.(340.22) crores, for the quarter ended March 31, 2021 and for the year ended March 31, 2021, respectively, as considered in the Statement. In respect of one of the step down subsidiary of the company in US namely Rolta Advizex LLP, the Bondholder took control somewhere in March, 2021 and accordingly the account of the same has been included on reviewed basis till 30th December, 2020. Accordingly, the percentage mentioned vide regulation no 33 (3) (b) of SEBI LODR could not be complied with. These Unaudited Financial Results have been furnished to us by the management and our opinion on the Consolidated Financial Results, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries is based solely on such unaudited financial statements.
- Our opinion on the Statement is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Board of Directors.
- Due to the COVID-19 pandemic and the resultant lockdown and other restrictions imposed by the Government and local authorities, the audit processes were carried out based on the remote access to the records and documents which were made available by the management through digital medium.
- Our opinion is not modified in respect of this matter.
- In the Statement, the figures of the financial results as reported for the quarter ended March 31, 2021 and March 31, 2020 are the balancing figures between audited figures in respect of the full financial year and the published year to date figures upto the end of the third quarter of the relevant financial year, which figures were subjected to a limited review.
 - The standalone financial results for the corresponding quarter and year ended March 31, 2020 were audited by the previous auditors who expressed a qualified opinion on those results on July, 15, 2020.

Independent Auditor's Report

To The Members of

Rohta India limited

Report on the Audit of Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying Consolidated financial statements of Rohta India Limited ("the Holding Company") and its subsidiaries (hereinafter to be referred as "the Group"), which comprises of Consolidated Balance Sheet as at March 31, 2021, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of matters described in the Basis for Qualified Opinion section of our report, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Group as at 31st March 2021, its loss (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

(a) We draw attention to Note 48 of the Consolidated financial statements. The Holding Company has adjusted in its book the amount receivable from its US subsidiary, Rolta International Inc. (RUS) arising from devolvement of Standby Letters of Credit (SBLC) and interest thereon against long term export advances received. Further, the Holding Company has also adjusted amount payable to step down subsidiary of RUS against the SBLC dues receivable from RUS. The Holding Company has made necessary applications stating the above facts to Reserve Bank of India for their permission for adjusting the amount receivable from RUS against the amount payable to them, which is still awaited.

(b) We draw attention to Note 20(c). The Bondholder holding order of the Honourable Supreme Court of New York County to recover an amount of US \$ 183 Million, took control of the step down subsidiary of the Holding Company in US namely Rolta Advizex LLP somewhere in March, 2021 and put Rolta Advizex LLP on auction. In the said auction, the same Bondholders purchased Rolta Advizex LLP for US \$ 55 Million.

In spite of legal notices to the management of Advizex and to the Advizex Company and the protracted discussion by our US legal advisors with the Legal Advisors of Advizex and Bond holders, the Bond holders who have taken control as mentioned above, have refused in writing to give information for full year or part details of financial records upto 31st March 2021 or for quarterly records for January to March 2021 of Advizex LLP.

Therefore, in spite of best efforts by the Holding Company, it could only consolidate the nine months financials upto December 2020 in the current financial year for Rolta Advizex LLP.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated financial statements.

Material Uncertainty Related to Going Concern

We draw attention to Note 41 of the Consolidated financial statements. The group has incurred a net loss of ₹. 3,264.26 crores for the year ended March 31, 2021. Continuing liquidity crunch, applications pending against the Holding Company in NCLT/DRT and the significant fall in revenues coupled with the continuing COVID 19 lockdown indicate that presently a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. The Management of the Group has represented that with the Restructuring Services Agreement (RSA) entered into with the Streamcast Group, continuing to be effective, and the Streamcast Group continuing to work on the implementation of the RSA, the Group continues to be a going concern.

Our opinion is not modified in respect of this matter.

Emphasis of Matters:

(I) We draw attention to Note 50 to the Consolidated financial statement regarding Holding Company's current bank accounts (except for Current account with Axis Bank where inward foreign remittances were not permitted) were attached by the Income Tax Department (TDS division) during September 2019. In absence of operating Current accounts, the export remittances from Holding Company's overseas subsidiaries were received by the Group Companies Rolta Private Limited (RPL) and Rolta Overseas Private Limited (ROPL) by way of

assignments of Invoices raised on Holding Company's overseas subsidiaries and the funds so received were utilised / transferred to RIL's account with Axis Bank for meeting the operational expenses.

The Holding Company has adjusted the funds so received by RPL and ROPL from RILs overseas subsidiaries against the export Invoices raised on these subsidiaries.

The above adjustment by the Holding Company is supported by an opinion from a legal firm.

(ii) We draw attention to Note 20(a) and (b) of the Consolidated financial statement regarding an order of Supreme Court of The State of New York, County of New York, has been passed on September 02, 2020 in favour of certain Bondholders for an amount of US \$ 183 million (a+pprox) inclusive of interest at 9% upto September 02, 2020 against the Holding Company and six International Subsidiaries of the Holding Company. Further a turnover order dated October 20, 2020 on a motion submitted by the plaintiffs, was passed by the said Hon'ble Court in New York in favour of the Plaintiffs, directing the defendants to turn over their cash on hand and their stock / membership interest owned in certain subsidiaries of the Holding Company. The international defendants except Rolta India Ltd. filed voluntary Chapter - 11 proceedings in the United States Bankruptcy Court for the Northern District of Alabama in the U.S. on October 29, 2020. By virtue of this filing, enforcement of the judgment against the international defendants was stayed. The Federal Bankruptcy Court has finally rejected Chapter 11 proceedings in April 2021.

Thereafter, Rolta International Inc., has filed an appeal on May 17, 2021 against the rejection of Chapter 11 proceedings in Federal Court in District Court of Alabama which is the Appellate Court.

Rolta India Ltd. has filed a suit no. 3396 / 2020 dated November 10, 2020 in Hon'ble Bombay High Court with the main prayer to grant interim injunction and declare that the summary judgement dated September 2, 2020 and turnover order dated October 20, 2020 cannot be executed by the Plaintiffs against the defendants. The hearing for said suit are ongoing.

Supreme Court of New York appointed a receiver vide its order dated 17th June 2021 against RUS and Rolta India Ltd. The said Court of New York further appointed a receiver against other subsidiaries of Rolta India Ltd vide its order dated August 24, 2021. Such receiver had also issued a letter dated September 3, 2021, for holding a meeting to remove the Board of RUS on 13th September, 2021. However, the Receiver has been informed by the Legal Advisor of Rolta India Ltd. in US that the said meeting is not valid as summary judgement dated Sept., 2020 and Turnover Order of October, 2020 against Rolta India Ltd and its subsidiary Rolta Global BV has not been domesticated in India and Netherland. The matter remains disputed and is now with the Honourable Supreme Court of New York County for taking the decision in the matter.

Notwithstanding the aforesaid, the financial statements of the said subsidiaries have been prepared on a going concern basis.

(iii) We draw attention to Note 31 of the Consolidated Financial Statements, during the year ended March 31, 2021, the Group has incurred a loss before tax of ₹. 3,668.77 crores, on which it has recognized an incremental Deferred Tax Asset of ₹. 405.96 crores. The carrying amount of net Deferred Tax Asset as at March 31, 2021, is ₹. 1,900.59 crores. The Management of the holding Company is of the view that for the reasons mentioned in the said Note 41, the group will be able to generate taxable profits in the future for its reversal.

(iv) We draw attention to Note 44 of the Consolidated Financial Statement, the Management of the Holding Company has represented that in respect of long outstanding amounts aggregating ₹. 274.83 crores receivable from the Government department, the process towards recovering the said amount continues to be at advanced stage.

(v) We draw attention to Note 51 of the Consolidated Financial Statement which indicates that in respect of the international subsidiaries wherein the 'Senior Notes 2013' (Bond 1) amounting to USD 126.65 million which was due for repayment on May 16, 2018 & 'Senior Notes 2014' (Bond 2) amounting to USD 372.36 million which was due for repayment on July 24, 2019, both of which continue to be outstanding, the international subsidiaries have not made any further provision for interest for the period from May 17, 2018 to March 31, 2021 on Bond 1 and from July 25, 2019 to March 31, 2021 on Bond 2, on the grounds that the respective Bond indentures are not specific on payment of interest on the outstanding loan amount beyond the date of their maturity.

(vi) We draw attention to Note 49 of the Consolidated Financial Statement, as regards the Management's evaluation to the extent to which COVID-19 pandemic will impact the performance of the Group dependent on the future developments, which are highly uncertain.

Our opinion is not modified in respect of the above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Consolidated Financial Statements and Auditor's report thereon

The Holding Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Board's Report including Annexures to the Board report, but does not include the Consolidated financial statement and our auditor's report thereon.

Our qualified opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Independent Auditor's Report

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated financial statements, the respective board of directors of the companies included in the Group are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the consolidated financial statements are also responsible for overseeing their Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the Consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated financial statements of the current period and are therefore

Independent Auditor's Report

the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Rolta India Limited ("the Holding Company") and its subsidiaries companies incorporated in India as at March 31, 2021, in conjunction with our audit of the Consolidated financial statements of the Holding Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of holding company and its subsidiaries incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on internal financial controls over financial reporting of the Holding Company and its subsidiary companies incorporated in India based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our disclaimer of opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting

principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of the Management and Directors of the Company; and

- iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Disclaimer of Opinion

According to the information and explanations given to us, the Holding Company has not established its internal financial control over financial reporting on criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Further, based on the audit carried out by us and according to the information and explanations given to us, we have observed high levels of attrition in the financial year, which has resulted in the residual personnel having had to carry out multiple tasks which would not be desirable from the internal control mechanism perspective. However, the said risk has been substantially mitigated, due to the fact that the size of operations of the Group has also reduced significantly during the year, as compared to the previous year.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis of disclaimer of opinion paragraph above, we are unable to obtain sufficient appropriate audit evidence to provide a basis for our opinion whether the Holding Company had adequate Internal Financial Controls Over Financial Reporting and whether such internal financial controls were operating effectively as at March 31, 2021. Accordingly, we do not express an opinion on the Holding Company's internal financial controls over financial reporting.

Explanatory Paragraph

The above stated disclaimer of opinion was considered in determining the nature, timing and extent of audit tests applied in our audit of Consolidated financial statements of the Group for the year ended March 31, 2021 and this report does not affect our report of even date, which expressed a qualified opinion on those Consolidated financial statements.

Summary Of Significant Accounting Policies And Other Explanatory Information to the Consolidated Financial Statement

As at and for the year ended 31st March 2021

1.0. Background:

1.1. Overview:

Rolta is a multinational organization headquartered in India. Rolta India Limited (“RIL” or the “Company”), is a publicly held Company together with its subsidiaries (Collectively referred as 'the Group'). Rolta is a leading provider of innovative IP-led IT solutions for many vertical segments, including Federal and State Governments, Utilities, Oil & Gas, Petrochemicals, Financial Services, Manufacturing, Retail, and Healthcare. Rolta has been recognized for its extensive portfolio of solutions based on field-proven Rolta IP tailored for Indian Defence and Homeland Security. By uniquely combining its expertise in the IT, Engineering and Geospatial domains, Rolta has developed State-of-the-Art Digital Solutions incorporating rich Rolta IP in the areas of Cloud, Mobility, IoT, BI and Big Data Analytics.

1.2. Basis of Consolidation:

a) Basis of Preparation of Financial statements

These financial statements are prepared in accordance with Indian Accounting Standards (IndAS) under the historical cost convention on the accrual basis except leasehold land, freehold land and building which have been revalued at the transition date and for certain financial instruments which are measured at fair values, under the provisions of the Companies Act, 2013 ('Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The IndAS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Accounting policies have been consistently applied, except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

b) Principles of Consolidation:

- i) The Financial Statements of the Company and its subsidiary companies have been consolidated on a line-by-line basis by adding together the book value of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and transactions resulting in unrealized profits or losses.
 - ii) The Consolidated Financial Statements (CFS) have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to in the same manner as the Company's separate financial statements except in respect of accounting policies of depreciation/amortisation and retirement benefit where it was not practicable to use uniform accounting policies in case of certain subsidiaries. The amount of impact is however not material.
 - iii) The excess of cost to the Company of its investment in a subsidiary company over the Company's portion of equity of the subsidiary as at the date on which investment in subsidiary is made, is recognized in the financial statement as Goodwill. The excess of Company's share of equity and reserve of the subsidiary company over the cost of acquisition is treated as Capital Reserve.
 - iv) In the case of foreign subsidiaries revenue items have been consolidated at the average exchange rate prevailing during the period. All assets and liabilities are converted at rates prevailing at the end of the period. The exchange difference arising out of translation is debited or credited to Currency Translation Reserve shown under Reserves and Surplus.
 - v) Minority Interest's share of net profit of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to the shareholders of the Company.
- c) The CFS includes the financial statements of Rolta India Limited. and all its Subsidiaries.
- d) The information on subsidiary companies whose financial statements are consolidated is given below.

Summary Of Significant Accounting Policies And Other Explanatory Information to the Consolidated Financial Statement

As at and for the year ended 31st March 2021

2. SIGNIFICANT ACCOUNTING POLICIES

a. Use of Estimates

In preparation of the financial statements, the Group makes judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Changes in estimates are reflected in the financial statements in the period in which the changes are made.

Significant judgements and estimates relating to the carrying amounts of assets and liabilities include useful lives of property, plant and equipment and intangible assets, impairment of property, plant and equipment, intangible assets, provision for employee benefits and other provisions and recoverability of deferred tax assets.

b. Revenue Recognition

- i. Revenue from providing of solutions and services is recognized in accordance with the customer contract and when there are no unfulfilled company obligations or any obligations that are inconsequential or perfunctory and will not affect the customer's final acceptance of the arrangement.
- ii. Revenue from customer-related long-term contracts is recognised by reference to the percentage of completion of the contract at the balance sheet date. The Group's long term contracts specify a fixed price for the sale of license and installation of software solutions and services, and the related revenue is determined using the percentage of completion method. The percentage of completion is based on efforts expended as a proportion to the total estimated efforts on the contract. If the contract is considered profitable, it is valued at cost plus attributable profits by reference to the percentage of completion. Any expected loss on individual contracts is recognised immediately as an expense in the Statement of Profit & Loss. Unbilled revenues included under Other Financial Assets represent revenue recognized in respect of work completed but not billed as on the Balance Sheet date.
- iii. Income from maintenance contracts is recognized proportionately over the period of the contract.
- iv. Dividend income from investments is recognized when the shareholder's right to receive payment has been established.
- v. Interest income is recognized on a time proportion basis, taking into account the principal amount outstanding.
- vi. The Groups has, with effect from April 1, 2018, adopted Ind AS 115 "Revenue from Contracts with Customers" by opting for the cumulative catch-up method, which is applicable for all contracts that were not completed as on April 1, 2018. The impact of the adoption of the standard on the consolidated financial statements of the Group is insignificant.

c. Property, Plant and Equipment (PPE)

An item of property, plant and equipment is recognised as an asset if it is probable that future economic benefits associated with the item will flow to the Group and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the Statement of Profit and Loss as and when incurred.

All items of PPE, except freehold Land, Leasehold Land & Buildings (which have been revalued) have been recognized in the financial statements at their carrying value (deemed cost). Items of PPE purchased subsequent to the transition date are stated at cost of acquisition or construction, less accumulated depreciation and impairment loss, if any. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use. Capital Work-in-Progress is stated at cost, comprising of direct cost and related incidental expenditure.

In case of revaluation, if an asset's carrying amount is increased, the increase is recognised in other comprehensive income and accumulated in equity under the heading of revaluation reserve. However, the increase is recognised in profit or loss to the extent that it reverses a revaluation decrease of the same asset previously recognised in profit or loss. If an asset's carrying amount is decreased as a result of a revaluation, the decrease is recognised in profit or loss. However, the decrease is recognised in other comprehensive income to the extent of any credit balance existing in the revaluation reserve in respect of that asset. The decrease recognised in other comprehensive income reduces the amount accumulated in equity under the heading of revaluation reserve.

Gain or loss arising on disposal of an asset is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss

d. Intangible Assets

Intellectual Property Rights and software costs are included in the balance sheet as intangible assets, where they are clearly linked to long term economic benefits for the Group. They are amortized on a straight-line basis over their estimated useful lives. All other costs on Intellectual Property Rights and software are expensed in the Statement of Profit and Loss as and when incurred.

Expenditure on development activities is recognized as intangible assets from the date that all of the following conditions are met:

- i) completion of the development is technically feasible;
 - ii) it is the intention to complete the intangible asset and use or sell it;
 - iii) it is clear that the intangible asset will generate probable future economic benefits;
 - iv) adequate technical, financial and other resources to complete the development and to use or sell the intangible asset are available;
- and

Summary Of Significant Accounting Policies And Other Explanatory Information to the Consolidated Financial Statement

As at and for the year ended 31st March 2021

v) it is possible to reliably measure the expenditure attributable to the intangible asset during its development.

Recognition of costs as an asset is ceased when the project is complete and available for its intended use, or if these criteria no longer apply.

Where development activities do not meet the conditions for recognition as an asset, any associated expenditure is treated as an expense in the period in which it is incurred.

e. Depreciation and amortization of property, plant and equipment and intangible assets

Depreciation or amortization is provided on the straight-line method over the useful lives of assets estimated by the management. The estimated useful lives of assets are as follows:

Type of Asset	Estimated useful life of asset
Leasehold Land & Building	Lease Period
Building	60 Years
Computer Systems	2 to 6 Years
Other Equipment	10 Years
Furniture & Fixture	10 Years
Vehicles	5 Years
Intangibles assets (Third party acquired IP)	10 Years
Internally developed IP with continuous upgradation	20 Years
Assets acquired for specific projects	Over the period of the project

f. Impairment of Assets

At each balance sheet date, the Group reviews the carrying amounts of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying amount of those assets may not be recoverable through continuing use.

If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss, if any. Where the asset does not generate cash flows that are independent from other assets, the Group estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of the fair value, less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value, using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset, for which the estimates of future cash flows have not been adjusted. An impairment loss is recognised in the Statement of Profit and Loss as and when the carrying amount of an asset exceeds its recoverable amount.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised as income immediately. The last impairment effect was considered in the financial year ended March 2014.

g. Investments

Investments are measured at cost.

h. Foreign Currency Transactions

The financial statements of the Group are presented in INR, which is the functional currency of the Company and the presentation currency for the financial statements. Foreign currency transactions are recorded at the exchange rate prevailing on the date of transaction.

At the end of each reporting period, all monetary items denominated in foreign currencies are translated at the rates prevailing as at the balance sheet date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

The exchange difference arising on account of the difference between the rates prevailing on the date of transaction and on the date of settlement, as also on translation of monetary items at the end of the year is recognized as income or expense, as the case may be, in the Statement of Profit and Loss for the year.

i. Financial Instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets and financial liabilities, at fair value through profit and loss, are immediately recognised in the Statement of Profit and Loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income

Summary Of Significant Accounting Policies And Other Explanatory Information to the Consolidated Financial Statement

As at and for the year ended 31st March 2021

or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

a) Financial assets

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost, if these financial assets are held within a business model whose objective is to hold these assets, in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at fair value through Other Comprehensive Income, if these financial assets are held within a business model, whose objective is to hold these assets in order to collect contractual cash flows, or to sell these financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets not measured at amortised cost, or at fair value through Other Comprehensive Income are carried at fair value through profit or loss.

Impairment of financial assets

The Group assesses, on a forward looking basis, the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

b) Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method.

Interest-bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in accordance with the Group's accounting policy for borrowing costs.

Derecognition of financial liabilities

The Group derecognises financial liabilities when the Group's obligations are discharged, cancelled or they expire.

Employee Benefits

i. Short Term Employee Benefits

Short Term Employees Benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the related services are rendered.

ii. Other long-term employee benefit obligations

Leave Encashment*

Liability in respect of leave encashment as at the balance sheet date is determined based on actuarial valuation, by using the Projected Unit Credit Method and any incremental/differential charge on account of such actuarial valuation is recognized in the Statement of Profit and Loss.

Summary Of Significant Accounting Policies And Other Explanatory Information to the Consolidated Financial Statement

As at and for the year ended 31st March 2021

iii. Post Employment Benefits

Provident Fund*

The Group contributes monthly at a determined rate. These contributions are remitted to the Employee Provident Fund Commissioner office and are charged to the Statement of Profit and Loss on accrual basis.

Gratuity*

The Group provides for gratuity (a defined benefit retirement plan) to all the eligible employees. The benefit is in the form of lump sum payments to vested employees on retirement, on death while in employment, or termination of employment for an amount equivalent to 15 days' salary, payable for each completed year of service, subject to a maximum of Rs. 20 lacs. Vesting occurs on completion of five years of service. Liability in respect of gratuity as at the balance sheet date is determined on the basis of actuarial valuation, by using the Projected Unit Credit Method. Re-measurement gains and losses of the net defined benefit liability/ (asset) are recognised immediately in other comprehensive income. The service cost, net interest on the net defined benefit liability/ (asset) is treated as a net expense within employment costs and are recognized immediately in the Statement of Profit and Loss.

iv. Employee Stock Options

All employee services received in exchange for the grant of any share based remuneration are measured at their fair values. These are indirectly determined by reference to the fair value of the share options awarded. Their value is appraised at the grant date and excludes the impact of any non-market vesting conditions (for example, profitability and sales growth targets).

All share-based remuneration is ultimately recognised as an expense in the Statement of Profit and Loss, with a corresponding credit to Employee Stock Compensation Reserve. If vesting periods or other vesting conditions apply, the expense is allocated over the vesting period, based on the best available estimate of the number of share options expected to vest. Non-market vesting conditions are included in assumptions about the number of options that are expected to become exercisable. Estimates are subsequently revised, if there is any indication that the number of share options expected to vest differs from previous estimates. Once vested, no adjustment is made to expense recognised in prior periods if, ultimately, fewer share options are exercised than originally estimated. Upon exercise of share options, the proceeds received (net of any directly attributable transaction costs) up to the nominal value of the shares issued are allocated to share capital, with any excess being recorded as additional paid-in capital.

* Applicable only to the company and its Indian subsidiaries.

j. Borrowing Cost

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of those assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for intended use. All other borrowing costs are recognised as an expense in the Statement of Profit and Loss in the period in which they are incurred.

k. Taxation

Tax expense comprises of current tax and deferred tax.

Tax currently payable is based on the taxable profit for the year. Taxable profit differs from net profit as reported in the Statement of Profit and Loss, because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet method. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets for all deductible temporary differences and unused tax losses are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

Deferred tax assets are reviewed at each balance sheet date for the appropriateness of their respective carrying values. The amount of deferred income tax asset considered realizable, however, could be reduced in the near term if the estimates of future taxable income during the carry forward period are reduced.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax are recognised as an expense or income in the Statement of Profit and Loss, except when they relate to items credited or debited either in Other Comprehensive Income or directly in equity, in which case the tax is also recognised in Other Comprehensive Income or directly in equity.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax during the specified period.

Summary Of Significant Accounting Policies And Other Explanatory Information to the Consolidated Financial Statement

As at and for the year ended 31st March 2021

Accordingly, MAT entitlement is recognised as an asset in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with it will fructify. Such asset is reviewed at each Balance Sheet date and the carrying amount of MAT Credit asset is written down to the extent there is no longer a convincing evidence for the effect that the Group will pay normal income tax during the specified period.

1. Earnings Per Share

In accordance with the Ind AS 33 "Earnings Per Share", basic / diluted earnings per share is computed by taking the weighted average number of shares outstanding during the period. Diluted earnings per share is computed by taking the weighted average number of equity shares that could have been issued by conversion of all dilutive potential equity shares.

m. Provisions

Provisions are recognized in the balance sheet when the Group has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date. When appropriate, provisions are measured on a discounted basis.

Constructive obligation is an obligation that derives from the Groups's actions where:

- by an established pattern of past practice, published policies or a sufficiently specific current statement, the Groups has indicated to other parties that it will accept certain responsibilities; and
- as a result, the Group has created a valid expectation on the part of those other parties that it will discharge those responsibilities.

n. Leases

The Group determines whether an arrangement contains a lease by assessing whether the fulfillment of a transaction is dependent on the use of a specific asset and whether the transaction conveys the right to use that asset to the Company, in return for payment. Where this occurs, the arrangement is deemed to include a lease and is accounted for either as finance or operating lease.

Leases are classified as finance leases where the terms of the lease transfer, substantially, all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Rentals payable under operating leases are charged to the Statement of Profit and Loss in a straight line basis, over the term of the relevant lease, unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

o. Cash and Cash Equivalents

Cash and cash equivalents include cash in hand, demand deposits with bank and other short term highly liquid investments, with original maturities of 3 months or less.

3. Property plant and equipment and Intangible assets and Right of Use Asset

Summary Of Significant Accounting Policies And Other Explanatory Information to the Consolidated Financial Statement

As at and for the year ended 31st March 2021

In keeping with the Group's business strategy which is focused on transforming its business model from being services-centric to one that increasingly leverages its intellectual property, the Group has reorganized its business into two segments -- Enterprise Geospatial and Engineering Solutions ('EGES'); and Systems Integration and Enterprise IT Solutions ('EITS').

The Group has identified EITS as the single Cash Generating Unit (CGU) to which goodwill has been allocated. Thus, for the purpose of annual impairment testing goodwill is allocated in the current period only to one segment- EITS, which is expected to benefit from the synergies of the business combinations in which the goodwill arises and which represents the lowest level at which the goodwill is monitored for internal management purposes.

The recoverable amount of the cash generating unit has been determined based on value in use. Value in use has been determined based on future cash flows after considering current economic conditions and trends, estimated future operating results, growth rates and anticipated future economic conditions.

The long-term growth rate used for terminal value at the end of the forecast period is 2%. This long-term growth rate takes into consideration external macro-economic sources of data. Such long-term growth rate considered does not exceed that of the relevant business and industry sector.

The growth rates over the forecast period reflect the compounded annual growth rates for revenues of the cash-generating units as projected by the management.

Based on the above, impairment is identified and recognised. The management believes that any reasonably possible change in the key assumptions would not cause the carrying amount to exceed the recoverable amount of the cash generating unit

the company. The international defendants except Rolta India Ltd. filed voluntary Chapter – 11 proceedings in the United States Bankruptcy Court for the Northern District of Alabama in the U.S. on October 29, 2020. By virtue of this filing, enforcement of the judgment against the international defendants has been stayed. The Federal Bankruptcy Court had finally rejected Chapter 11 proceedings in April 2021. Thereafter Rolta International Inc. has filed appeal on May 17, 2021 against the rejection of Chapter 11 proceedings in Federal Court in District Court of Alabama which is the Appellate Court. This appeal is still pending. Since now all the international companies are outside of Bankruptcy, they continue to function normally. Accordingly the company continues to recognise the balances in their books as they appear on that date. Rolta India Ltd. has filed a suit no. 3396 / 2020 dated November 10, 2020 in Hon'ble Bombay High Court with the main prayer to grant interim injunction and declare that the summary judgement dated September 2, 2020 and turnover order dated October 20, 2020 cannot be executed by the Plaintiffs against the defendants unless domesticated in India. The hearing for said suit are ongoing.

- (b) Supreme Court of New York appointed a receiver vide its order dated 17th June, 2021 against RUS and Rolta India Ltd. The said Court of New York further appointed a receiver against other subsidiaries of Rolta India Ltd vide its order dated August, 24,2021. Such receiver had also issued a letter dated September 3, 2021 for holding a meeting to remove the Board of RUS on 13th September, 2021. However, the Receiver has been informed by the Legal Advisor of Rolta India Ltd in US that the said meeting is not valid as summary judgement dated Sept.,2020 and Turnover Order of October,2020 against Rolta India Ltd and its subsidiary Rolta Global BV has not been domesticated in India and Netherland. The matter remains disputed and is now with the Honourable Supreme Court of New York County for taking the decision in the mater.

Notwithstanding the aforesaid, the financial statements of the said subsidiaries have been prepared on a going concern basis.

- c) The Bondholder holding order of the Honourable Supreme Court of New York County to recover an amount of US \$ 183 Million, took control of the step down subsidiary of the company in US namely Rolta Advizex LLP somewhere in March, 2021 and put Rolta Advizex LLP on auction. In the said auction, the same Bondholders purchased Rolta Advizex LLP for US \$ 55 Million. The RUS have considered this amount as Sale value and the difference between its investment cost and the Sale value is considered as other Income. In spite of legal notices to the management of Advizex and to the Advizex Company and the protracted discussion by our US legal advisors with the Legal Advisors of Advizex and Bond holders, the Bond holders who have taken control as mentioned above, have refused in writing to give Audit Report for full year of financial records upto 31st March 2021. Therefore, inspite of best efforts by the Company, it could only consolidate the nine months financials upto December 2020 in the current financial year for Rolta Advizex LLP which has been subject to Limited review by the Auditors.

(c) FINANCIAL RISK MANAGEMENT POLICIES AND OBJECTIVES:

The Company, in the course of its business, is exposed to a variety of financial risks, viz. market risk, credit risk and liquidity risk which can adversely impact the financial performance. The Company's endeavour is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company has a risk management policy that which not only covers the foreign exchange risk but also other risks such as interest rate risk and credit risk which are associated with financial assets and liabilities. The risk management policy of the Company is approved by its board of directors. The risk management framework focuses on actively securing the Company's short to medium terms cash flows by minimising the exposure to financial markets.

1. Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

A. Foreign currency exchange rate risk:

The fluctuation in foreign currency exchange rates may have a potential impact on the consolidated statement of profit and loss and equity. This arises from transactions entered into in foreign currency and assets/liabilities which are denominated in a currency other than the functional currency of the Company.

Most of the transactions of the subsidiaries are dominated in the functional currency of the respective subsidiary. Other foreign currency transactions entered into by the subsidiaries are immaterial. Therefore Foreign currency sensitivity analysis has been performed only by the holding Company. A majority of the Holding Company's foreign currency transactions are denominated in US Dollars. Other foreign currency transactions entered into by the Company are in Sterling Pound (GBP), Euro, Saudi Riyal, Canadian Dollar, Australian Dollar and UAE Dirhams. However, the size of these transactions is relatively small in comparison to the US dollar transactions. Thus, the foreign currency sensitivity analysis has only been performed in relation to the US Dollar (USD).

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. Further, in accordance with its risk management policy, Company does not hedge its risks by using any derivative financial instruments.

Details of foreign currency exposure in USD are as follows:

(in ₹ Crore)

Particulars	Currency Type	As at 31 st March, 2021		As at 31 st March, 2020	
		Foreign Currency in Lakhs	(in ₹ Crore)	Foreign Currency in Lakhs	(in ₹ Crore)
Trade Receivables	USD	1.08	0.79	2.03	1.54
Trade payable	USD	3.42	2.50	3.40	2.56
Borrowings	USD	-	-	403.85	304.45

Foreign Currency sensitivity

A 5% appreciation / depreciation of the USD with respect to INR would result in decrease / increase in the Company's net profit before tax for the year ended 31st March, 2021 by approximately ₹ 0.16 Crores. / ₹ 0.16 Crores. respectively (previous year ended 31st March, 2020: ₹ 15.27 Crores. / ₹ 15.27 Crores. respectively).

B. Interest rate risk

The Group is exposed to Interest rate risk because entities in the Group have borrowed funds at both fixed & floating interest rates. Interest rate risk has been measured by using the cash flow sensitivity for changes in variable interest rates. The sensitivity analysis has been determined based on the exposure to financial instruments at the end of the reporting period. Any movement in the reference rates could have an impact on the Company's cash flows as well as costs.

The Group had borrowed through a number of financial instruments such as External Commercial Borrowings (ECBs), Rupee term loans and working capital demand loans. The Group is subject to variable interest rates on some of these interest bearing liabilities. As at the end of the current reporting period, the liability on account of ECBs has devolved on the parent Company and is now payable in Indian Rupees.

The risk estimates provided assume a parallel shift of 50 basis points interest rate across all yield curves. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the year.

Based on the composition of net debt, a 50 basis points impact on interest rates over the 12 months period would result in Company's net finance expense by approximately ₹± 16.18 crores (previous year ended 31st March, 2020: ₹± 16.18 crores).

2. Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables and loans.

The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls. The Company's policy is to deal only with creditworthy counterparties. The Company management considers that all the financial assets that are not impaired for each of the reporting dates under review are of good credit quality, including those that are past due. None of the Company financial assets are secured by collateral or other credit enhancements.

Summary Of Significant Accounting Policies And Other Explanatory Information to the Consolidated Financial Statement

As at and for the year ended 31st March 2021

In respect of receivables other than trade receivables, the Company's exposure to any significant credit risk exposure to any single counterparty or any groups of counterparties having similar characteristics is considered to be negligible. The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings. The Company has customer concentration risk as around 50% of the customers are government department / semi-government organization and public sector undertakings.

The Company's exposure to credit risk is limited to the carrying amount of financial assets recognised at the balance sheet date.

Liquidity risk

Liquidity risk refers to the probability that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company is presently facing a severe liquidity crisis, primarily on account of non-realization of its receivables, as a result of which it has not been able to discharge its financial obligations.

Independent Auditors' Report on the Standalone Financial Statements

To the

Board of Directors of Rolta India Limited

Qualified Opinion

We have audited the accompanying statement of standalone financial results of Rolta India Limited ("the Company") for the quarter and year ended March 31, 2021 ("the Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, as amended ('Listing Regulations').

In our opinion and to the best of our information and according to the explanations given to us, the Statement:

- a. is presented in accordance with the requirements of Regulation 33 of the Listing Regulations; and
- b. except for the possible effects of the matters described in the basis for qualified opinion paragraph below, gives a true and fair view in conformity with the applicable Indian Accounting Standards (Ind AS) and other accounting principles generally accepted in India, of the net loss, total comprehensive loss and other financial information of the Company for the quarter and for the year ended March 31, 2021.

Basis for Qualified Opinion

We draw attention to Note 12 of the Statement. The Company has adjusted in its book the amount receivable from its US subsidiary, Rolta International Inc. (RUS) arising from devolvement of Standby Letters of Credit (SBLC) and interest thereon against long term export advances received. Further, the company has also adjusted amount payable to step down subsidiary of RUS against the SBLC dues receivable from RUS. The Company has made necessary applications stating the above facts to Reserve Bank of India for their permission for adjusting the amount receivable from RUS against the amount payable to them, which is still awaited.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those SAs are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Results" section of our report. We are independent of the Company, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our qualified opinion on the standalone financial results.

Material Uncertainty Related to Going Concern

We draw attention to Note 4 of the Statement. The Company has incurred a net loss of Rs.424.23 crores and Rs.3268.87 crores for the quarter and year ended March 31, 2021, respectively, continuing liquidity crunch, applications pending against the Company in NCLT/DRT and the significant fall in revenues coupled with the continuing COVID 19 lockdown indicate that presently a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. The management of the Company has represented that with the Restructuring Services Agreement (RSA) entered into with the Streamcast Group, continuing to be effective, and the Streamcast Group continuing to work on the implementation of the RSA, the Company continues to be a going concern.

Our opinion is not modified in respect of this matter.

Emphasis of Matter

- a. We draw attention to Note 14. Company's current bank accounts (except for Current account with Axis Bank where inward foreign remittances were not permitted) were attached by the Income Tax Department (TDS division) during September 2019. In absence of operating Current accounts, the export remittances from Company's overseas subsidiaries were received by the Group Companies Rolta Private Limited (RPL) and Rolta Overseas Private Limited (ROPL) by way of assignments of Invoices

raised on Companies overseas subsidiaries and the funds so received were utilised / transferred to RIL's account with Axis Bank for meeting the operational expenses.

The Company has adjusted the funds so received by RPL and ROPL from RILs overseas subsidiaries against the export Invoices raised on these subsidiaries.

The above adjustment by the Company is supported by an opinion from a legal firm.

- b. We draw attention to Note 3 of the statement. An order of Supreme Court of The State of New York, County of New York, has been passed on September 02, 2020 in favour of certain Bondholders for an amount of US \$ 183 million (approx) inclusive of interest at 9% upto September 02, 2020 against the Company and six International Subsidiaries of the Company. Further a turnover order dated October 20, 2020 on a motion submitted by the plaintiffs, was passed by the said Hon'ble Court in New York in favour of the Plaintiffs, directing the defendants to turn over their cash on hand and their stock / membership interest owned in certain subsidiaries of the company. The international defendants except Rolta India Ltd. filed voluntary Chapter – 11 proceedings in the United States Bankruptcy Court for the Northern District of Alabama in the U.S. on October 29, 2020. By virtue of this filing, enforcement of the judgment against the international defendants has been stayed. The Federal Bankruptcy Court has finally rejected Chapter 11 proceedings in April 2021.

Thereafter, Rolta International Inc., has filed appeal on May 17, 2021 against the rejection of Federal Court in District Court of Alabama which is the Appellate Court. This appeal is still pending. Since now all the international companies are outside of Bankruptcy, they continue to function normally. accordingly the company continues to recognise the balances in their books as they appear on that date. Rolta India Ltd. has filed a suit no. 33962020 dated November 10, 2020 in Hon'ble Bombay High Court with the main prayer to grant interim injunction and declare that the summary judgement dated September 2, 2020 and turnover order dated October 20, 2020 cannot be executed by the Plaintiffs against the defendants. The hearing for said suit are ongoing.

Supreme Court of New York appointed a receiver vide its order dated 17th June, 2021 against RUS and Rolta India Ltd. The said Court of New York further appointed a receiver against other subsidiaries of Rolta India Ltd vide its order dated August, 24, 2021. Such receiver had also issued a letter dated September 3, 2021 for holding a meeting to remove the Board of RUS on 13th September, 2021. However, the Receiver has been informed by the Legal Advisor of Rolta India Ltd in US that the said meeting is not valid as summary judgement dated Sept., 2020 and Turnover Order of October, 2020 against Rolta India Ltd and its subsidiary Rolta Global BV has not been domesticated in India and Netherland. The matter remains disputed and is now with the Honourable Supreme Court of New York County for taking the decision in the matter.

Notwithstanding these developments, the Company continues to carry in its books the amount receivable from these entities amounting to Rs 2.64 crores.

- c. We draw attention to Note 5 of the Statement as per which, during the year ended March 31, 2021, the Company has incurred a business loss of Rs.3268.87 crores, on which it has recognized an incremental Deferred Tax Asset of Rs.107.17 crores. The net Deferred Tax Asset attributable to unabsorbed business loss as at March 31, 2021 recognized by the Company amounts to Rs.810.37 crores. The Management of the Company is of the view that for the reasons mentioned in the said Note 4, the Company will be able to generate taxable profits in the future for setting off the accumulated business losses.
- d. We draw attention to Note 7 of the Statement in which the Management of the Company has represented that in respect of long outstanding amounts aggregating Rs. 274.83 crores receivable from a Government department, the process towards recovering the said amount continues to be at advanced stage.
- e. We draw attention to Note 13 of the Statement, as regards the Management's evaluation to the extent to which COVID-19 pandemic will

impact the performance of the Company dependent on the future developments, which are highly uncertain.

Our opinion is not modified in respect of the above matters.

Management's Responsibilities for the Standalone Financial Results

The Statement has been prepared on the basis of the standalone financial statements.

The Board of Directors are responsible for the preparation and presentation of the Statement that gives a true and fair view of the net loss and other comprehensive income and other financial information, in accordance with the recognition and measurement principles laid down in Indian Accounting Standards prescribed under Section 133 of the Act and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records, in accordance with the provisions of the Act, for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement, that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Statement, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the Statement, as a whole, is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually, or in the aggregate, they could reasonably be expected to influence the economic decisions of users, taken on the basis of the Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion through a separate report on the complete set of financial statements on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone

financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Statement, including the disclosures, and whether the Statement represents the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

- I. Due to the COVID 19 pandemic and the resultant lockdown and other restrictions imposed by the Government and local authorities, the audit processes were carried out based on the remote access to the records and documents which were made available by the management through digital medium.

Our opinion is not modified in respect of this matter.

- ii. In the Statement, the figures of the financial results as reported for the quarter ended March 31, 2021 and March 31, 2020 are the balancing figures between audited figures in respect of the full financial year and the published year to date figures upto the end of the third quarter of the relevant financial year, which figures were subjected to a limited review.

The standalone financial results for the corresponding quarter and year ended March 31, 2020 were audited by the previous auditors who expressed a qualified opinion on those results on July, 15, 2020.

Independent Auditors' Report

To The

Members of Rolta India limited

Report on the Audit of Standalone Financial Statements

Qualified Opinion

We have audited the accompanying standalone financial statements of Rolta India Limited ("the Company"), which comprises of Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of matters described in the Basis for Qualified Opinion section of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2021, its loss (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

We draw attention to Note 41 of the standalone financial statements. The Company has adjusted in its book the amount receivable from its US subsidiary, Rolta International Inc. (RUS) arising from devolvement of Standby Letters of Credit (SBLC) and interest thereon against long term export advances received. Further, the company has also adjusted amount payable to step down subsidiary of RUS against the SBLC dues receivable from RUS. The Company has made necessary applications stating the above facts to Reserve Bank of India for their permission for adjusting the amount receivable from RUS against the amount payable to them, which is still awaited.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the standalone financial statements.

Material Uncertainty Related to Going Concern

We draw attention to Note 42 of the Standalone financial statements. The Company has incurred a loss before tax of Rs. 3,268.87 crores for the year ended March 31, 2021. Continuing liquidity crunch, applications pending against the Company in NCLT/DRT and the significant fall in revenues coupled with the continuing COVID 19 lockdown indicate that presently a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. The Management of the Company has represented that with the Restructuring Services Agreement (RSA) entered into with the Streamcast Group, continuing to be effective, and the Streamcast Group continuing to work on the implementation of the RSA, the Company continues to be a going concern.

Our opinion is not modified in respect of this matter.

Emphasis of Matters:

(i) We draw attention to Note 43 to the standalone financial statement regarding Company's current bank accounts (except for Current account with Axis Bank where inward foreign remittances were not permitted) were attached by the Income Tax Department (TDS division) during September 2019. In absence of operating Current accounts, the export remittances from Company's overseas subsidiaries were received by the Group Companies Rolta Private Limited (RPL) and Rolta Overseas Private Limited (ROPL) by way of assignments of Invoices raised on Companies overseas subsidiaries and the funds so received were utilised / transferred to RIL's account with Axis Bank for meeting the operational expenses.

The Company has adjusted the funds so received by RPL and ROPL from RILs overseas subsidiaries against the export Invoices raised on these subsidiaries.

The above adjustment by the Company is supported by an opinion from a legal firm.

(ii) We draw attention to Note 40 of the standalone financial statement regarding an order of Supreme Court of The State of New York, County of New York, has been passed on September 02, 2020 in favour of certain Bondholders for an amount of US \$ 183 million (approx.) inclusive of interest at 9% upto September 02, 2020 against the Company and six International Subsidiaries of the Company. Further a turnover order dated October 20, 2020 on a motion submitted by the plaintiffs, was passed by the said Hon'ble Court in New York in favour of the Plaintiffs, directing the defendants to turn over their cash on hand and their stock / membership interest owned in certain subsidiaries of the company. The international defendants except Rolta India Ltd. filed voluntary Chapter - 11 proceedings in the United States Bankruptcy Court for the Northern District of Alabama in the U.S. on October 29, 2020. By virtue of this filing, enforcement of the judgment against the international defendants has been stayed. The Federal Bankruptcy Court has finally rejected Chapter 11 proceedings in April 2021.

Thereafter, Rolta International Inc., has filed an appeal on May 17, 2021 against the rejection of Chapter 11 proceedings in Federal Court in District Court of Alabama which is the Appellate Court.

Rolta India Ltd. has filed a suit no. 3396/2020 dated November 10, 2020 in Hon'ble Bombay High Court with the main prayer to grant interim injunction and declare that the summary judgement dated September 2, 2020 and turnover order dated October 20, 2020 cannot be executed by the Plaintiffs against the defendants. The hearing for said suit are ongoing.

Supreme Court of New York appointed a receiver vide its order dated 17th June 2021 against RUS and Rolta India Ltd. The said Court of New York further appointed a receiver against other subsidiaries of Rolta India Ltd vide its order dated August 24, 2021. Such receiver had also issued a letter dated September 3, 2021, for holding a meeting to remove the Board of RUS on 13th September, 2021. However, the Receiver has been informed by the Legal Advisor of Rolta India Ltd. in US that the said meeting is not valid as summary judgement dated Sept., 2020 and Turnover Order of October, 2020 against Rolta India Ltd and its subsidiary Rolta Global BV has not been domesticated in India and Netherland. The matter remains disputed and is now with the Honourable Supreme Court of New York County for taking the decision in the matter.

Notwithstanding these developments, the Company continues to carry in its books the amount receivable from these entities amounting to Rs 2.64 crores.

(iii) We draw attention to Note 30(C) of the Standalone Financial Statements, during the year ended March 31, 2021, the Company has incurred a business loss of Rs. 3,268.87 crores, on which it has recognized an incremental Deferred Tax Asset of Rs. 107.17 crores. Carrying amount of the net Deferred Tax Asset as at March 31, 2021 is Rs. 810.37 crores. The Management of the Company is of the view that for the reasons mentioned in the Note 42, it will be able to generate taxable profits in the future for its reversal.

(iv) We draw attention to Note 48 of the Standalone Financial Statement, the Management of the Company has represented that in respect of long outstanding amounts aggregating Rs. 274.83 crores receivable from the Government department, the process towards recovering the said amount continues to be at advanced stage.

(v) We draw attention to Note 49 of the Standalone Financial Statement, as regards the Management's evaluation to the extent to which COVID-19 pandemic will impact the performance of the Company dependent on the future developments, which are highly uncertain.

Our opinion is not modified in respect of the above matters.

Information Other than the Standalone Financial Statements and Auditor's report thereon

The Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Board's Report including Annexures to the Board report, but does not include the standalone financial statement and our auditor's report thereon.

Our qualified opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance / conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial

performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance whether the standalone financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of an identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The opening balances as of April 1, 2020 have been taken based on the financial statements for the year ended March 31, 2020 audited by the predecessor independent auditor who vide their report dated July 15, 2020 have expressed a modified opinion. Our opinion is not modified in respect of above matters.

Report on Other Legal and Regulatory Requirements

1. Pursuant to the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and records.
 - (c) The Balance sheet, the Statement of Profit & Loss (including other comprehensive income), Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, except for the matters stated in the Basis for qualified opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Account) Rules, 2014.
 - (e) On the basis of the written representation received from the directors as on March 31, 2021 taken on records by the Board of Directors, none of the directors are disqualified as on March 31, 2021 from being appointed as Directors in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure "B".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Sec 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - (h) With respect to the matters to be included in the Auditor's report in accordance with the rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

Independent Auditor's Report

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF ROLTA INDIA LIMITED

(Referred to in Paragraph 1 under the heading of "Report on Other Legal and Regulatory Requirements" of our report of even date)

i. Fixed Assets (Property, Plant & Equipment)

- a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- b) As explained to us, according to the practice of the Company, fixed assets are physically verified by the management at reasonable intervals which, in our opinion, is reasonable, considering the size of the company and nature of its business.
- c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.

ii. The Company is a service company, primarily rendering software services. Accordingly, it does not hold any physical inventories. Hence, paragraph 3(ii) of the Order is not applicable to the Company.

iii. The Company has granted interest free unsecured loans to its four companies covered in the register maintained under section 189 of the Companies Act, 2013 ('the Act').

- (a) According to the information and explanations given to us and based on the audit procedures conducted by us, we are of the opinion that the terms and conditions of loans granted by the company to four body corporates covered in the register maintained under section 189 of the Companies Act, 2013, 'the balance outstanding of which as at April 01, 2021 was Rs 214.85 crores and has it March 31, 2021 is Rs. 2.11 crores' are prejudicial to the company's interest on account of the fact that the loans have been granted without any underlying agreement. These loans are interest free which is unreasonable against the cost of funds to the company.

- (b) In the case of the loans granted to the body corporates listed in the register maintained under section 189 of the Act, there is no fixed schedule for repayment of the principal since the loans have been granted without any underlying agreement.

- (c) According to information and explanations given to us, as there are no agreements and the repayment schedule has not been specified, there are no overdue amounts in respect of the loan granted to a body corporate listed in the register maintained under section 189 of the Act.

iv. In our opinion and according to the information and explanations given to us, during the year, there are no loans, investments, guarantees and securities given in respect of which the provisions of section 185 and 186 of the Act are applicable and hence not commented upon.

v. No deposits have been accepted by the Company within the meaning of Section 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable to the Company.

vi. The Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, for any of the services rendered by the Company. Accordingly, the provisions of clause 3(vi) of the Order are not applicable.

vii. (a) According to the information and explanations given to us and on the basis of our examination of the records, the Company is not regular in depositing undisputed statutory dues including provident fund, income-tax, Goods and Service Tax (GST), duty of customs, cess and other material statutory dues during the year with the appropriate authorities. No undisputed amounts payable in respect of the aforesaid statutory dues were outstanding as at the last day of the financial year for a period of more than six months from the date they became payable except the following dues:

Particulars	Amount (₹. in crores)	Period of Default
Profession Tax	0.25	7-32 Months
Provident & Pension Fund	4.53	7-32Months
ESIC & Labour Welfare Fund	0.05	7-32Months
TDS	23.41	7-35 Months
GST (RCM)	0.02	7 Months
Interest on Statutory Dues (Refer note no 37 to standalone financial statements)	1.95	6 Months

- (b) According to the information and explanations given to us, there are no dues of income tax, GST, sales tax, service tax, duty of customs, value added tax and cess which have been not deposited on account of any dispute except the following disputed dues:

Name of Statute	Amount (Rs. in crores)	Period to which the amount related	Forum where dispute is pending
Income Tax Act, 1961	82.52	AY 2015-16	Commissioner of Income Tax (Appeals)

Annexure - B to the Auditors' Report

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Rolta India Limited ("the Company") as at March 31, 2021, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our disclaimer of opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of

the company are being made only in accordance with authorisations of the Management and Directors of the Company; and

- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Due to the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Disclaimer of Opinion

According to the information and explanations given to us, the Company has not established its internal financial control over financial reporting on criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Further, based on the audit carried out by us and according to the information and explanations given to us, we have observed high levels of attrition in the financial year, which has resulted in the residual personnel having had to carry out multiple tasks which would not be desirable from the internal control mechanism perspective. However, the said risk has been substantially mitigated, due to the fact that the size of operations of the Company has also reduced significantly during the year, as compared to the previous year.

Disclaimer of Opinion

Due to the significance of the matter described in the Basis of disclaimer of opinion paragraph above, we are unable to obtain sufficient appropriate audit evidence to provide a basis for our opinion whether the Company had adequate Internal Financial Controls Over Financial Reporting and whether such internal financial controls were operating effectively as at March 31, 2021. Accordingly, we do not express an opinion on the Company's internal financial controls over financial reporting.

Explanatory Paragraph

The above stated disclaimer of opinion was considered in determining the nature, timing and extent of audit tests applied in our audit of standalone financial statements of the Company for the year ended March 31, 2021 and this report does not affect our report of even date, which expressed a qualified opinion on those standalone financial statements.

Summary of Significant Accounting Policies and Other Explanatory Information to the Standalone Financial Statements

As at and the For the year ended 31st March 2021

1. Background

a. Overview

Rolta is a multinational organization headquartered in India. Rolta India Limited (“RIL” or the “Company”), is a publicly held Company. Rolta is a leading provider of innovative IP-led IT solutions for many vertical segments, including Federal and State Governments, Utilities, Oil & Gas, Petrochemicals, Financial Services, Manufacturing, Retail, and Healthcare. Rolta has been recognized for its extensive portfolio of solutions based on field-proven Rolta IP tailored for Indian Defence and Homeland Security. By uniquely combining its expertise in the IT, Engineering and Geospatial domains, Rolta has developed State-of-the-Art Digital Solutions incorporating rich Rolta IP in the areas of Cloud, Mobility, IoT, BI and Big Data Analytics.

b. Basis of Preparation of Financial Statements

These financial statements are prepared in accordance with Indian Accounting Standards (IndAS) under the historical cost convention on the accrual basis except leasehold land, freehold land and building which have been revalued at the transition date and for certain financial instruments which are measured at fair values, under the provisions of the Companies Act, 2013 (‘Act’) (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The IndAS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Accounting policies have been consistently applied, except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2. SIGNIFICANT ACCOUNTING POLICIES

a. Use of Estimates

In preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Changes in estimates are reflected in the financial statements in the period in which the changes are made.

Significant judgements and estimates relating to the carrying amounts of assets and liabilities include useful lives of property, plant and equipment and intangible assets, impairment of property, plant and equipment, intangible assets, provision for employee benefits and other provisions and recoverability of deferred tax assets.

b. Revenue Recognition

i. Revenue from providing of solutions and services is recognized in accordance with the customer contract and when there are no unfulfilled company obligations or any obligations that are inconsequential or perfunctory and will not affect the customer’s final acceptance of the arrangement.

ii. Revenue from customer-related long-term contracts is recognised by reference to the percentage of completion of the contract at the balance sheet date. The Company’s long term contracts specify a fixed price for the sale of license and installation of software solutions and services, and the related revenue is determined using the percentage of completion method. The percentage of completion is based on efforts expended as a proportion to the total estimated efforts on the contract. If the contract is considered profitable, it is valued at cost plus attributable profits by reference to the percentage of completion. Any expected loss on individual contracts is recognised immediately as an expense in the Statement of Profit & Loss. Unbilled revenues included under Other Financial Assets represent revenue recognized in respect of work completed but not billed as on the Balance Sheet date.

iii. Income from maintenance contracts is recognized proportionately over the period of the contract.

iv. Dividend income from investments is recognized when the shareholder’s right to receive payment has been established.

v. Interest income is recognized on a time proportion basis, taking into account the principal amount outstanding.

c. Property, Plant and Equipment (PPE)

An item of property, plant and equipment is recognised as an asset if it is probable that future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the Statement of Profit and Loss, as and when incurred.

All items of PPE, except freehold Land, Leasehold Land & Buildings (which have been revalued) have been recognized in the financial statements at their carrying value (deemed cost). Items of PPE, which are purchased subsequent to the transition date are stated at cost of acquisition or construction, less accumulated depreciation and impairment loss, if any. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use. Capital Work-in-Progress is stated at cost, comprising of direct cost and related incidental expenditure.

In case of revaluation, if an asset’s carrying amount is increased, the increase is recognised in other comprehensive income and accumulated in equity under the heading of revaluation reserve. However, the increase is recognised in profit or loss to the extent that it reverses a revaluation decrease of the same asset previously recognised in profit or loss. If an asset’s carrying amount is decreased

Summary of Significant Accounting Policies and Other Explanatory Information to the Standalone Financial Statements

As at and the For the year ended 31st March 2021

as a result of a revaluation, the decrease is recognised in profit or loss. However, the decrease is recognised in other comprehensive income to the extent of any credit balance existing in the revaluation reserve in respect of that asset. The decrease recognised in other comprehensive income reduces the amount accumulated in equity under the heading of revaluation reserve.

Gain or loss arising on disposal of an asset is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

d. Intangible Assets

Intellectual Property Rights and software costs are presented in the Balance Sheet as intangible assets, where they are clearly linked to long term economic benefits for the Company. They are amortized on a straight-line basis over their estimated useful lives. All other costs on Intellectual Property Rights and software are expensed in the Statement of Profit and Loss as and when incurred.

Expenditure on development activities is recognized as intangible assets from the date that all of the following conditions are met:

- i) completion of the development is technically feasible;
- ii) it is the intention to complete the intangible asset and use or sell it;
- iii) it is clear that the intangible asset will generate probable future economic benefits;
- iv) adequate technical, financial and other resources to complete the development and to use or sell the intangible asset are available; and
- v) it is possible to reliably measure the expenditure attributable to the intangible asset during its development.

Recognition of costs as an asset is ceased when the project is complete and available for its intended use, or if these criteria no longer apply.

Where development activities do not meet the conditions for recognition as an asset, any associated expenditure is treated as an expense in the period in which it is incurred.

e. Depreciation and amortization of property, plant and equipment and intangible assets

The Company depreciates/ amortises property, plant and equipment and intangibles over their estimated useful lives using the straight-line method. The estimated useful lives of assets are as follows:

Type of Asset	Estimated useful life of asset
Leasehold Land & Building	Lease Period
Building	60 Years
Computer Systems	2 to 6 Years
Other Equipment	10 Years
Furniture & Fixture	10 Years
Vehicles	5 Years
Intangibles assets (Third party acquired IP)	10 Years
Internally developed IP with continuous upgradation	20 Years
Assets acquired for specific projects	Over the period of the project

Based on technical evaluation, the Management believes that the useful lives as given above best represent the period over which the Management expects to use these assets.

f. Impairment of Assets

At each Balance Sheet date, the property, plant and equipment and intangibles are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss, if any. Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of the fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value, using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset, for which the estimates of future cash flows have not been adjusted. An impairment loss is recognised in the Statement of Profit and Loss as and when the carrying amount of an asset exceeds its recoverable amount.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised as income immediately. The last impairment effect was considered in the financial year ended March 2014.

g. Investment in Subsidiaries

Investments in subsidiaries are measured at cost.

h. Foreign Currency Transactions

The financial statements of the Company are presented in INR, which is the functional currency of the Company and the

Summary of Significant Accounting Policies and Other Explanatory Information to the Standalone Financial Statements

As at and the For the year ended 31st March 2021

presentation currency for the financial statements. Foreign currency transactions are recorded at the exchange rate prevailing on the date of transaction.

At the end of each reporting period, all monetary items denominated in foreign currencies are translated at the rates prevailing as at the Balance Sheet date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

The exchange difference arising on account of the difference between the rates prevailing on the date of transaction and on the date of settlement, as also on translation of monetary items at the end of the year is recognized as income or expense, as the case may be, in the Statement of Profit and Loss for the year.

i. Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss, are immediately recognised in the Statement of Profit and Loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

a) Financial assets

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost, if these financial assets are held within a business model whose objective is to hold these assets, in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at fair value through Other Comprehensive Income, if these financial assets are held within a business model, whose objective is to hold these assets in order to collect contractual cash flows, or to sell these financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets not measured at amortised cost, or at fair value through Other Comprehensive Income, are carried at fair value through profit or loss.

Impairment of financial assets

The Company assesses, on a forward looking basis, the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

b) Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs and are subsequently measured at amortised cost, using the effective interest rate method.

Interest-bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in accordance with the Company's accounting policy for borrowing costs.

Summary of Significant Accounting Policies and Other Explanatory Information to the Standalone Financial Statements

As at and the For the year ended 31st March 2021

Derecognition of financial liabilities

The Company derecognises financial liabilities when the Company's obligations are discharged, cancelled or they expire.

j. Employee Benefits

i. Short Term Employee Benefits

Short Term Employee Benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered.

ii. Other long-term employee benefit obligations

Leave Encashment

Liability in respect of leave encashment as at the Balance Sheet date is determined based on actuarial valuation, by using the Projected Unit Credit Method and any incremental/differential charge on account of such actuarial valuation is recognized in the Statement of Profit and Loss.

iii. Post Employment Benefits

Provident Fund

The Company contributes monthly at a determined rate. These contributions are remitted to the Employee Provident Fund Commissioner and are charged to the Statement of Profit and Loss on an accrual basis.

Gratuity

The Company provides for gratuity (a defined benefit retirement plan) to all the eligible employees. The benefit is in the form of lump sum payments to vested employees on retirement, on death while in employment, or termination of employment, being the amount equivalent to 15 days' salary, payable for each completed year of service, subject to a maximum of Rs. 20 lacs. Vesting occurs on completion of five years of service. Liability in respect of gratuity as at the Balance Sheet date is determined on the basis of actuarial valuation, using the Projected Unit Credit Method. Re-measurement gains and losses of the net defined benefit liability/ (asset) are recognised immediately in other comprehensive income. The service cost, net interest on the net defined benefit liability/ (asset) is treated as a net expense within employment costs and are recognized immediately in the Statement of Profit and Loss.

iv. Employee Stock Options

All employee services received in exchange for the grant of any share based remuneration are measured at their fair values. These are indirectly determined by reference to the fair value of the share options awarded. Their value is appraised at the grant date and excludes the impact of any non-market vesting conditions (for example, profitability and sales growth targets).

All share-based remuneration is ultimately recognised as an expense in the Statement of Profit and Loss, with a corresponding credit to Employee Stock Compensation Reserve. If vesting periods or other vesting conditions apply, the expense is allocated over the vesting period, based on the best available estimate of the number of share options expected to vest. Non-market vesting conditions are included in assumptions about the number of options that are expected to become exercisable. Estimates are subsequently revised, if there is any indication that the number of share options expected to vest differs from previous estimates. Once vested, no adjustment is made to expense recognised in prior periods if, ultimately, fewer share options are exercised than originally estimated. Upon exercise of share options, the proceeds received (net of any directly attributable transaction costs) up to the nominal value of the shares issued are allocated to share capital with any excess being recorded as additional paid-in capital.

k. Borrowing Cost

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of those assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for intended use. All other borrowing costs are recognised as an expense in the Statement of Profit and Loss in the period in which they are incurred.

i. Taxation

Tax expense comprises of current tax and deferred tax.

Tax currently payable is based on the taxable profit for the year. Taxable profit differs from net profit, as reported in the Statement of Profit and Loss, because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the Balance Sheet method. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets for all deductible temporary differences and unused tax losses are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

Deferred tax assets are reviewed at each Balance Sheet date for the appropriateness of their respective carrying values. The amount of deferred income tax asset considered realizable, however, could be reduced in the near term if the estimates of future taxable income during the carry forward period are reduced.

Summary of Significant Accounting Policies and Other Explanatory Information to the Standalone Financial Statements

As at and the For the year ended 31st March 2021

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax are recognised as an expense or income in the Statement of Profit and Loss, except when they relate to items credited or debited either in Other Comprehensive Income or directly in equity, in which case the tax is also recognised in Other Comprehensive Income or directly in equity.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax during the specified period. Accordingly, MAT entitlement is recognised as an asset in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with it will fructify. Such asset is reviewed at each Balance Sheet date and the carrying amount of MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the company will pay normal income tax during the specified period.

m. Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

To calculate diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

n. Provisions and Contingencies

Provisions are recognized in the Balance Sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. When appropriate, provisions are measured on a discounted basis.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or where the amount of the obligation cannot be measured with sufficient reliability.

o. Leases

On 30th March 2019, the Ministry of Corporate Affairs (MCA) notified IndAS 116 – Leases as a part of the Companies (Indian Accounting Standards) Amendment Rules, 2019. IndAS 116 replaces the existing standard on leases i.e IndAS 17 - Leases for accounting periods beginning on or after 1st April 2019. The Company assesses whether a contract contains a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where this occurs, the arrangement is deemed to include a lease and is accounted for either as finance or operating lease. Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

The Company adopted Ind AS 116 “Leases” for all lease contracts existing on April, 2019, using the modified retrospective method of adoption, along with the transition option to recognise Right-of-Use asset (ROU) at an amount equal to the lease liability as provided under Para C8(c)(ii) in Appendix C of Ind AS 116. The effect of this adaptation is not material on the profit for the year and earnings per share.

The Company also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option (short-term leases), and lease contracts for which the underlying asset is of low value (low-value assets).

Upon adoption of Ind AS 116, the Company applied a single recognition and measurement approach for all leases for which it is the lessee, except for short-term leases and leases of low value assets. The Company recognised lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets. In accordance with the modified retrospective method of adoption, the Company recorded the lease liability at the present value of the remaining lease payments discounted at the incremental borrowing rate as on the date of transition and has measured right of use asset an amount equal to lease liability.

Land (Leasehold) is carried at cost less amortization and will be amortized on the straight line method over the period of lease.

ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

p. Cash and Cash Equivalents

Cash and cash equivalents include cash in hand, demand deposits with bank, and other short term highly liquid investments, with original maturities of 3 months or less.

Employee benefits

A. Defined Contribution Plan

The Company participates in defined contribution plan on behalf of relevant personnel. Expenses recognized in relation to the plan represent the value of contributions payable during the period by the Company at rates specified by the rules of the plan.

Provident fund

In accordance with Indian law, eligible employees of the Company are entitled to receive benefits in respect of provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary (currently 12% of employees' salary).

The contributions, as specified under the law, are made to the respective Regional Provident Fund Commissioner and the Central Provident Fund under the State Pension scheme. The total cost charged to Statement of Profit and Loss during the year ended 31st March, 2021, is ₹.0.94 crores (Previous year – ₹.1.43 crores)

B. Defined benefit plans

Gratuity (Unfunded)

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump-sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The Group accounts for the liability for gratuity benefits payable in the future based on an actuarial valuation. The Group is exposed to actuarial risk with respect to this plan.

The following table sets out the amounts recognized in the financial statements for the gratuity plans in respect of the Group.

29. Exceptional items

(in ₹ Crore)

Exceptional items comprise of the following:

Particulars	For the year ended 31 st March, 2021	For the year ended 31 st March, 2020
Write-off of amount receivable from the Company's subsidiary, Rolta Defence Technology Systems Pvt. Ltd. (RDTSP) pursuant to the transfer of defence business to RDTSP in the year 2015. The write off of the receivable was necessitated on account of the write off of the IPs in the books of RDTSP based on a valuation exercise undertaken by RDTSP through an external agency, pursuant to which IPs having a net book value of ₹. 2,165.28 crores were fully written off, on account of their obsolescence.	(2,160.25)	--
Reduction in cost of purchase of earlier years on account of Reversal of Sales by Rolta BI & Big Data Analytics Pvt. Ltd (RBDA)	35.71	--
Write off of Building value of Rolta Tower 'C' due to fire in February, 2020	(162.84)	--
Trade Receivables Written Off	(8.32)	77.99
Excess Provisions and credit balances no longer Required written back	31.00	--
Old Advance Received from Customers – Written back	1.56	--
Amount receivable from RBDA not recoverable now written off	(41.43)	--
Amount payable to Rolta Private Limited no longer payable	25.72	--
Foreign Exchange Difference on account of adjustment as stated at Point No.41	(138.34)	(122.74)
TOTAL	(2,417.19)	(44.75)

30. Income Taxes

(in ₹ Crore)

a. Income tax expenses recognized in the Statement of Profit and Loss are analysed as below:

Particulars	For the year ended 31 st March, 2021	For the year ended 31 st March, 2020
Current taxes	--	--
Deferred taxes	107.17	143.67
MAT credit	--	--
Taxation of Earlier year	--	0.12
Total	107.17	143.79

b. Since the Company does not have an accounting profit in the Financial Statements for the year ended 31st March, 2021 and 31st March, 2020 the reconciliation of the tax expense to the amount computed by applying the statutory income tax rate to the profit before taxes has not been presented.

c. The Company has recognized net Deferred Tax Asset of ₹. 810.37 Crores after adjusting the Deferred Tax Liability of ₹. 584.91 Crores. The Deferred Tax Asset has arisen mainly on account of business losses. The Company has recognized deferred tax asset on the incremental tax losses during the year as the management is of the view that the Company will be able to generate enough taxable profits in the subsequent years for setting off the accumulated losses, in view of what is stated in note 42. The projections of future profitability have been examined and approved by the Board of Directors.

d. Significant component of deferred tax assets and liabilities for the year ended 31st March, 2021 is as follows:

As at and the For the year ended 31st March 2021

39. Financial Instrument

This section gives an overview of the significance of financial instruments for the Company and provides additional information on Balance Sheet items that contain financial instruments.

The details of significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognized, in respect of each class of financial assets, financial liabilities and equity instruments are disclosed in note 2i to the financial statements.

(a) CLASSIFICATION OF FINANCIAL ASSETS AND LIABILITIES

All financial assets and financial liabilities are valued at amortized cost.

(b) FAIR VALUE HIERARCHY

There are no financial assets or liabilities of the Company which, after their initial recognition, have been fair valued either during the year or in the previous year.

(c) FINANCIAL RISK MANAGEMENT POLICIES AND OBJECTIVES:

The Company, in the course of its business, is exposed to a variety of financial risks, viz. market risk, credit risk and liquidity risk which can adversely impact the financial performance. The Company's endeavour is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company has a risk management policy which not only covers the foreign exchange risk but also other risks such as interest rate risk and credit risk which are associated with financial assets and liabilities. The risk management policy of the Company is approved by its Board of Directors. The risk management framework focuses on actively securing the Company's short to medium term cash flows by minimising the exposure to financial markets.

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

A. Foreign currency exchange rate risk:

The fluctuation in foreign currency exchange rates may have a potential impact on the standalone statement of profit and loss and equity. This arises from transactions entered into in foreign currency and assets/liabilities which are denominated in a currency other than the functional currency of the Company.

A majority of the Company's foreign currency transactions are denominated in US Dollars. Other foreign currency transactions entered into by the Company are in Sterling Pound (GBP), Euro, Saudi Riyal, Canadian Dollar, Australian Dollar and UAE Dirhams. However, the size of these transactions are relatively small in comparison to the US dollar transactions. Thus, the foreign currency sensitivity analysis has only been performed in relation to the US Dollar (USD).

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. Further, in accordance with its risk management policy, Company does not hedge its risks by using any derivative financial instruments.

Details of foreign currency exposure in USD are as follows:

Particulars	Currency Type	As at 31 st March, 2021		As at 31 st March, 2020	
		Foreign Currency in Lakhs	(in ₹Crore)	Foreign Currency in Lakhs	(in ₹Crore)
Trade Receivables	USD	76.12	55.95	75.79	54.87
	GBP	18.70	18.87	--	--
	EUR	0.24	0.21	--	--
	CAD	--	--	--	--
Trade payable	USD	19.41	14.27	4.53	30.56
	GBP	0.14	0.14	--	--
	EUR	0.16	0.13	--	--
	AUD	0.15	0.01	--	--
Borrowings	USD	--	--	403.85	304.45

Foreign Currency sensitivity

A 5% appreciation / depreciation of the USD with respect to INR would result in decrease / increase in the Company's net profit before tax for the year ended 31st March, 2021 by approximately ₹ 4.48 Cr. / ₹ 4.48 Cr. respectively (previous year ended 31st March, 2020 : ₹ 14.01 Cr. / ₹ 14.01 Cr. respectively).

B. Interest rate risk

The Company is exposed to Interest rate risk because the Company has borrowed funds at both fixed & floating interest rates. Interest rate risk has been measured by using the cash flow sensitivity for changes in variable interest rates. The sensitivity analysis has been determined based on the exposure to financial instruments at the end of the reporting period. Any movement in the reference rates could have an impact on the Company's cash flows as well as costs.

The Company had borrowed through a number of financial instruments such as External Commercial Borrowings (ECBs), Rupee term loans and working capital demand loans. The Company is subject to variable interest rates on some of these interest bearing liabilities. As at the end of the current reporting period, the liability on account of ECB's has devolved on the parent Company and is now repayable in Indian Rupees.

Summary of Significant Accounting Policies and Other Explanatory Information to the Standalone Financial Statements

As at and the For the year ended 31st March 2021

The risk estimates provided assume a parallel shift of 50 basis points interest rate across all yield curves. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the year.

Based on the composition of net debt, a 50 basis points impact on interest rates over the 12 month period would result in Company's net finance expense by approximately ₹± 16.18 crores (P.Y. ₹+ 14.83 crores).

C. Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables and loans.

The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls. The Company's policy is to deal only with creditworthy counterparties. The Company management considers that all the financial assets that are not impaired for each of the reporting dates under review are of good credit quality, including those that are past due. None of the Company financial assets are secured by collateral or other credit enhancements.

In respect of receivables other than trade receivables, the Company's exposure to any significant credit risk exposure to any single counterparty or any groups of counterparties having similar characteristics is considered to be negligible. The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings. The Company has customer concentration risk as majority of the customers are government department / semi-government organization and public sector undertakings.

The Company's exposure to credit risk is limited to the carrying amount of financial assets recognised at the Balance Sheet date.

D. Liquidity risk

Liquidity risk refers to the probability that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company is presently facing a severe liquidity crisis, primarily on account of non-realization of its receivables, as a result of which it has not been able to discharge its financial obligations.

40. (a) The step down International subsidiary of the Company had issued in 2013 Bonds of US\$ 200 Mn and in 2014 US\$ 300 Mn. Both the bonds have matured in Financial Year 2018 and 2019. Out of the above Bondholders, certain Bondholders obtained an order of Supreme Court of The State of New York, County of New York, has been passed on September 02, 2020 in favour of certain Bondholders for an amount of US \$ 183 million (approx) plus interest at 9% upto the date of payment against the Company and six International Subsidiaries of the Company. Further a turnover order dated October 20, 2020 on a motion submitted by the plaintiffs was passed by the said Hon'ble Court in New York in favour of the Plaintiffs, directing the defendants to turn over their cash on hand and their stock/membership interest owned in subsidiaries of the company. The international defendants except Rolta India Ltd. filed voluntary Chapter – 11 proceedings in the United States Bankruptcy Court for the Northern District of Alabama in the U.S. on October 29, 2020. By virtue of this filing, enforcement of the judgment against the international defendants has been stayed. The Federal Bankruptcy Court had finally rejected Chapter 11 proceedings in April 2021. Thereafter Rolta International Inc. has filed an appeal on May 17, 2021 against the rejection of Federal Court in District Court of Alabama which is the Appellate Court. This appeal is still pending. Rolta India Ltd. has filed a suit no. 3396/2020 dated November 10, 2020 in Hon'ble Bombay High Court with the main prayer to grant interim injunction and declare that the summary judgement dated September 2, 2020 and turnover order dated October 20, 2020 cannot be executed by the Plaintiffs against the defendants unless domesticated in India. The hearing for said suit are ongoing.

(b) Supreme Court of New York appointed a receiver vide its order dated 17th June, 2021 against RUS and Rolta India Ltd. The said Court of New York further appointed a receiver against other subsidiaries of Rolta India Ltd vide its order dated August, 24, 2021. Such receiver had also issued a letter dated September 3, 2021 for holding a meeting to remove the Board of RUS on 13th September, 2021. However, the Receiver has been informed by the Legal Advisor of Rolta India Ltd in US that the said meeting is not valid as summary judgement dated Sept., 2020 and Turnover Order of October, 2020 against Rolta India Ltd and its subsidiary Rolta Global BV has not been domesticated in India and Netherland. The matter remains disputed and is now with the Honourable Supreme Court of New York County for taking the decision in the matter.

Notwithstanding these developments, the Company continues to carry in its books the amount receivable from these entities amounting to ₹. 2.64 crores.

41. The Company has adjusted in its book the amount receivable from its US subsidiary, Rolta International Inc. (RUS) arising from devolvement of Standby Letters of Credit (SBLC) and interest thereon against long term export advances received. Further, the company has also adjusted amount payable to step down subsidiary of RUS against the SBLC dues receivable from RUS. The Company has made necessary applications stating the above facts to Reserve Bank of India for their permission for adjusting the amount receivable from RUS against the amount payable to them, which is still awaited.
42. Pursuant to the execution of a definitive Restructuring Services Agreement (RSA) entered with the Streamcast Group on August 6, 2019, under the terms of which the Streamcast Group will assist Rolta India Ltd., its group companies and its subsidiaries in repayment and restructuring of its liabilities, the Company expects that this along with the valuable IPs that the Company and its subsidiaries possess, would also result in getting more orders in due course, after the investment of Streamcast Group has been received as per RSA subject to receipt of statutory approval by them. The Streamcast Group has been vigorously following up for the said international approval but have been delayed due to COVID -19 situation World over. After restructuring of the business, the management of the Company is confident, that the business will improve substantially. Under the circumstances, the Management of the Company is of the view that the Company continues to be a going concern.
43. Company's current bank accounts (except for current account with Axis Bank where inward foreign remittances were not permitted) were attached by the Income Tax Department (TDS division) during September 2019. In absence of operating Current accounts, the export remittances from RIL's overseas subsidiaries were received by the Group Companies Rolta Private Limited (RPL) and Rolta Overseas Private Limited (ROPL) by way of assignments of Invoices raised on RIL's overseas subsidiaries and the funds so received were utilised / transferred

Summary of Significant Accounting Policies and Other Explanatory Information to the Standalone Financial Statements

to RIL's accounts with Axis Bank for meeting the operational expenses.

The Company has adjusted the funds so received by RPL and ROPL from overseas subsidiaries against the export Invoices raised on these subsidiaries.

The above adjustment by the Company is supported by an opinion from a legal firm.

44. In February 2020, Tower C which is situated in the same complex as the Corporate Office caught fire due to a short circuit, causing substantial damage to the building and the assets housed therein. The police panchanama was done at that time. Company has received a Structural Survey Report from the Surveyor appointed by the Company, who has recommended to demolish the entire building due to severe damages to the Structural work of the building and recommended for new construction.

Accordingly, the Company has written off ₹. 162.84 Crores towards cost of net Written Down Value of the building as on 31.3.2020 in the books. The Company has applied for the insurance claim and it is under process of being settled towards cost of buildings, furniture and computer systems and other equipments.

45. The National Company Law Tribunal (NCLT) uploaded on 25th May, 2021 on their website the appointment of Interim Resolution Professional (IRP) vide order dated 13th May 2021 by NCLT by admitting the application of certain ex-employees of Rolta India Ltd (CP 1069/2020) and its subsidiary Rolta BI Big Data Analytics Pvt Ltd (CP 1370/2020) and Rolta Defence Technology Systems Pvt. Ltd (CP 1032/2020). The IRP took control of the company on 25/05/2021 from Board of Directors and started the CIRP process.

The company thereafter entered into a settlement agreement with concerned ex-employees and submitted to NCLT. Subsequent to the submission of these agreements before the NCLT, the NCLT did not consider the said Settlement Agreement and continued the IRP process. Based on the above order of NCLT, the Company and its subsidiaries mentioned above filed petitions before NCLAT and NCLAT was pleased to stay the appointment of "Committee of Creditors" vide its orders No. CA 384 of 2021, CA 382 OF 2021 dated 28.05.2021

Thereafter, on behalf of the Company, Mr. Kamal K. Singh, challenged the NCLT Orders in the Hon'ble Supreme Court by filing a Special Leave Petition and the Hon'ble Supreme Court was pleased to pass the orders for dismissal of the CIRP process by NCLT for Rolta India Ltd vide its order No. CA 4993 of 2021 dated 25.08.2021. Further, the Hon'ble Supreme Court vide its order No. 5028 of 2021 dated 27/08/2021 and Order No. 5679 of 2021 dated 27/08/2021 passed the Orders dismissing the IRP in respect of Rolta BI Big Data Analytics Private Ltd and Rolta Defence Technology Systems Private Ltd.

Thereafter, the Board of Directors was reinstated based on the said orders of the Hon'ble Supreme Court and started compliances and finalisation of its books of accounts for the year ended 31/03/2021 and the same have been audited and approved by the Audit Committee and by the Board as on today's date.

46. Union Bank of India and certain Bondholders have filed application in NCLT seeing relief under Section 7 of Insolvency and Bankruptcy Code. The said petition is still to be heard for admission.
47. Union Bank of India, Central Bank of India, Bank of Baroda and Syndicate Bank (now owned by Canara Bank) have filed Securitisation Application (SA) in DRT Court, Mumbai and the company is contesting the same and the said applications are pending in the DRT-1 Court, Mumbai.
48. Unbilled receivable includes an amount of ₹. 274.83 crores receivable from a Government Department towards maintenance and support services provided by the Company, at the request of the user department, pending renewal of the contract. The process for approval of this amount is almost at the last stage of finalisation and the Company is confident of recovering the amount at an early date.
49. The ongoing COVID-19 pandemic has impacted and continues to impact the operations of the Company. The Management of the Company continues to monitor the situation closely. However as there is a uncertainty regarding as to when the situation will return to normalcy, it is currently not possible to ascertain the complete impact of the pandemic on the Company.
50. The Company has considered the possible effects that may result from the pandemic relating to COVID-19
51. There is an amount of ₹. 1,800 (P.Y. 1800) due and outstanding, to be credited to Investor Education and Protection Fund.

Management Discussion And Analysis

Company Overview

Rolta India Limited (referred to also as “Rolta” or “The Company” in this section) is an Indian Information Technology (“IT”) company with its corporate headquarter in Mumbai. In addition to its headquarter, the Company operates through subsidiaries in US, Middle East, UK and in India.

Future Outlook

The Company made an announcement on the Stock Exchanges at Bombay Stock Exchange and National Stock Exchange on May 11, 2019 announcing an investment of ₹. 5,500 crore by a reputed high tech international group “The Streamcast Group”. Further in conjunction to this, the Company executed Definitive Restructuring Services Agreement (RSA) with Streamcast Group on August 06, 2019 under the terms of which, Streamcast Group will assist Rolta in repayment and restructuring its liabilities (including providing financial assistance) commencing with immediate effect. Due to the world wide pandemic of CoVid-19, certain statutory approvals of Investor are pending in Europe. Once they get statutory approval, they will make this investment in the Company as above.

Digital Transformation has emerged as a driver of sweeping change in the world around us. It is the integration of digital technology into all areas of a business resulting in fundamental changes of how businesses operate and how they deliver value to customers. This digital revolution is being fueled by technologies such as the Cloud, Mobility, Enterprise/Cyber Security, Internet of Things (IoT) and Big Data Analytics, amongst others.

Rolta with its rare combination of deep Geospatial and Engineering expertise combined with its IT process and differentiated IP based software packages has established an enviable track record to help its customers on their Digital Transformation in each of the areas it serves i.e. Defence & Securities, Geospatial Solutions & Big Data Analytics

Internal Control System and their adequacy

The internal control systems adopted by the Company are adequate and appropriate to its operations. The system has been designed to ensure that assets and interest of the Company are protected and dependability of accounting data and its accuracy are ensured with proper checks and balances. The Company has internal audit conducted by an independent firm of Chartered Accountants to examine and evaluate the adequacy and effectiveness of Internal Control System. The

internal audit ensures that the systems designed and implemented, provides adequate internal control commensurate with the size and operations of the Company.

The Audit Committee of the Board, periodically apprised of internal audit finding. The Audit Committee of the Company chaired by an Independent Director and consisting of other Non-Executive Independent Directors and Whole Time Director periodically reviews the quarterly, half yearly and annual financial statements of the Company. A detailed note on the functioning of the Audit Committee forms part of the chapter on Corporate Governance in this Annual Report. Statutory Auditors also presents their important observation to the Audit Committee of the Board.

The Company has an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were effective operating as at March 31, 2021. The statutory auditors reviewed all such internal financial controls and have submitted their report under section 143 (3) of the Companies Act, 2013.

Revenues

The Company's revenues are generated principally from IT-based Solution & Services. Revenue from sale of IT solutions and services is recognized in accordance with the sales contract and when significant risks and rewards in respect of ownership are transferred to the customers. Revenue from customer-related long-term contracts is recognised by reference to the percentage of completion of the contract at the balance sheet date. Company's long term contracts specify a fixed price for the sale of license and installation of software solutions & services and the related revenue is determined using the percentage of completion method. The percentage of completion is based on efforts expended as a proportion to total estimated efforts on the contract. If the contract is considered profitable, it is valued at cost plus attributable profits by reference to the percentage of completion. Any expected loss on individual contracts is recognised immediately as an expense in the Statement of Profit & Loss. Unbilled revenues included in other financial assets represent cost and earnings in excess of billings as at the Balance Sheet date. Income from maintenance contract is recognized proportionately over the period of the contract.

For the year ended March 31, 2021 and March 31, 2020, consolidated revenues amounted to ₹. 943.74 crore and ₹.1,492.67 crore, respectively. This represented a decline of 36.78% for the year ended March 31, 2021, as compared to the year ended March 31, 2020.
