DevCool provides EHR Implementation and Managed Services to 6 of the top 10 Hospitals in the USA and specializes in providing services to cancer research hospitals and university medical centres. This will further provide clients to host their EHR on public clouds (Amazon Web Services, Google Cloud, and Microsoft Azure) with the HCTI's CloudEz Platform and expertise," said Suresh Venkatachari, Chairman and CEO of Healthcare Triangle, Inc.

He added that "With the acquisition of DevCool, we will add large health systems and Integrated Delivery Networks (IDN) to HCTI's client portfolio, and we expect it to be accretive to EBITDA."
