Serum Institute, Symbiosis to set up centre for vaccine research

FE BUREAU
 Pune, May 13

VACCINE MANUFACTURER Serum Institute of India (SII) has inked an MoU with Symbiosis International University (SIU) to set up a research centre for vaccines and biologicals. SII will help set up an early R&D facility within the Symbiosis campus at Lavale, Pune.

Adar Poonawalla

Adar Poonawalla, CEO, SII, said the research centre would be instrumental in advancing indigenous capabilities for end-to-end development of any futuristic technology and projects in the field of vaccines and biologics in collaboration with global partners.

Rajiv Yeravdekar, dean, faculty of health sciences, SIU, said they would get the best available talent and equip them with the latest technology that facilitates global partnerships and collaborations.

The centre will lead the development of vaccines, technologies, products, and innovations in immunisation practices that provide equitable access to life-saving interventions, especially in low- and middle-income countries.
