Dear Sir,

Sub: COVID-19 update

In compliance with regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, please find below an update on AkzoNobel India operations in relation to COVID-19.

Our priority continues to keep our employees, their families, and our partners safe and well. We fully support and follow national and local government requirements.

Further to our earlier announcements dated March 23, 2020 and March 31, 2020, the company had shutdown warehouses, plants, and offices in line with government directives. In accordance with guidelines issued by the Ministry Of Home Affairs and various State Government authorities, AkzoNobel has obtained approvals for resuming operations in specified zones where restrictions have been lifted.

AkzoNobel factories, warehouses and offices in India will gradually be reopened, where possible. We continue to prioritize serving our customers in healthcare and essential services. As the situation continues to evolve, we are constantly adapting our actions.

This is for your information and record please.

Thanking you,

Yours Faithfully

For Akzo Nobel India Limited

Harshi Rastogi
Company Secretary
