Independent Auditor's Review Report on the Quarterly Unaudited Standalone Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

**Review Report to
The Board of Directors
Spandana Sphoorty Financial Limited
Hyderabad**

1. We have reviewed the accompanying statement of unaudited standalone financial results of Spandana Sphoorty Financial Limited (the "Company") for the quarter ended June 30, 2020 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, 'Interim Financial Reporting' ("Ind AS 34") prescribed under Section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Ind AS 34 prescribed under Section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.
5. We draw attention to Note 3 to the Statement, which describes the economic and social disruption as a result of COVID-19 pandemic of the Company's business and financial metrics, including the Company's estimates of impairment of loans to customers, which are highly dependent on uncertain future developments. Our conclusion is not modified in respect of this matter.
6. We have not audited or reviewed the comparative financial information appearing in the Statement for the corresponding quarter ended June 30, 2019 which has been presented solely based on the information compiled by the Management and has been approved by the Company's Board of Directors.

SPANDANA SPOORTY FINANCIAL LIMITED

Statement of Unaudited Standalone Financial Results for the quarter ended June 30, 2020

Notes:

- 1 The financial results of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) specified under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
- 2 The above results for the quarter ended June 30, 2020 have been reviewed by the Audit Committee and approved by the Board of Directors at their meetings held on August 31, 2020 and subjected to a limited review by statutory auditors in accordance with the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
- 3 The COVID-19 pandemic has contributed to a significant disruption of the economic activities across the globe including India. The Government of India announced a nation-wide lockdown to contain the spread of the virus which continued till May 31, 2020. Subsequently, various state governments and local statutory authorities have imposed restrictions on economic activities in different parts of the country which has continued to impact Company's operations including lending and collection activities. Further, pursuant to the Reserve Bank of India ('RBI') circulars dated March 27, 2020 and May 23, 2020 allowing lending institutions to offer moratorium to borrowers on payment of instalments falling due between March 1, 2020 and August 31, 2020, the Company initially offered a moratorium to all borrowers until May 31, 2020 which has been further extended up to August 31, 2020 based on borrowers' requests.
In management's view, providing moratorium to borrowers at a mass scale based on RBI directives, by itself does not result in a significant increase in credit risk ('SICR') for such borrowers. Further, the Company has a major proportion of its borrowers and loan portfolio in rural geographies, where the impact of COVID-19 has been relatively lower compared to urban geographies.
In assessing the impairment allowance for loan portfolio, the Company has considered internal and external sources of information available including indicators of deterioration in the macro-economic factors. Given the unique nature and scale of this pandemic, its full extent of impact on the Company's operations and financial metrics will depend on highly uncertain future developments including governmental and regulatory measures and the Company's responses thereto. Accordingly, the management's estimate of impairment losses is based on various variables and assumptions, which could result in actual credit loss being different than that being estimated.
- 4 Further, in view of the matters mentioned in note 3 above, the Company has assessed the impact of the pandemic on its liquidity and ability to repay its obligations as and when they are due. With the relaxation of lockdown rules and resumption of commercial activities in a majority of geographies, management is confident that collections will continue, albeit likely at a lower level than earlier, as experienced during the month of June 2020. Further, the Company has considered its current liquidity position, expected inflows from various sources of borrowings and stimulus packages announced by the Government of India. Based on the foregoing, management believes that the Company will be able to pay its obligations as and when these become due in the foreseeable future.
- 5 Pursuant to the Taxation Laws (Amendment) Ordinance 2019, promulgated on September 20, 2019, the Company elected the option permitted u/s 115BAA of the Income Tax Act, 1961 to compute income tax at the revised rate (i.e 25.17%) from previous financial year.
- 6 The Company operates in a single business segment i.e. financing, since the nature of the loans are exposed to similar risk and return profiles hence they are collectively operating under a single segment for the purpose of Ind AS 108 on 'Operating Segments'. The Company operates in a single geographical segment i.e. domestic.
- 7 The figures for the quarter ended March 31, 2020 are the balancing figures between audited figures for the financial year ended March 31, 2020 and the unaudited published year to date figures upto December 31, 2019.
- 8 The comparative financial results pertaining to the corresponding quarter ended June 30, 2019 have not been subjected to a limited review or audit by our statutory auditors. However, the management has exercised necessary due diligence to ensure that the financial results provide a true and fair view of the Company's affairs.
- 9 Previous year / periods figures have been regrouped / rearranged wherever necessary to conform with current period's classification.

6. We draw attention to Note 3 to the Statement, which describes the economic and social disruption as a result of COVID-19 pandemic of the Group's business and financial metrics, including the Group's estimates of impairment of loans to customers, which are highly dependent on uncertain future developments. - The above results for the quarter ended June 30, 2020 have been reviewed by the Audit Committee and approved by the Board of Directors at their meetings held on August 31, 2020 and subjected to a limited review by statutory auditors in accordance with the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
- The COVID-19 pandemic has contributed to a significant disruption of the economic activities across the globe including India. The Government of India announced a nation-wide lockdown to contain the spread of the virus which continued till May 31, 2020. Subsequently, various state governments and local statutory authorities have imposed restrictions on economic activities in different parts of the country which has continued to impact Group's operations including lending and collection activities. Further, pursuant to the Reserve Bank of India ('RBI') circulars dated March 27, 2020 and May 23, 2020 allowing lending institutions to offer moratorium to borrowers on payment of instalments falling due between March 1, 2020 and August 31, 2020, the Group initially offered a moratorium to all borrowers until May 31, 2020 which has been further extended up to August 31, 2020 based on borrowers' requests.

In management's view, providing moratorium to borrowers at a mass scale based on RBI directives, by itself does not result in a significant increase in credit risk ('SICR') for such borrowers. Further, the Group has a major proportion of its borrowers and loan portfolio in rural geographies, where the impact of COVID-19 has been relatively lower compared to urban geographies.

In assessing the impairment allowance for loan portfolio, the Group has considered internal and external sources of information available including indicators of deterioration in the macro-economic factors. Given the unique nature and scale of this pandemic, its full extent of impact on the Group's operations and financial metrics will depend on highly uncertain future developments including governmental and regulatory measures and the Group's responses thereto. Accordingly, the management's estimate of impairment losses is based on various variables and assumptions, which could result in actual credit loss being different than that being estimated.

- Further, in view of the matters mentioned in note 3 above, the Group has assessed the impact of the pandemic on its liquidity and ability to repay its obligations as and when they are due. With the relaxation of lockdown rules and resumption of commercial activities in a majority of geographies, management is confident that collections will continue, albeit likely at a lower level than earlier, as experienced during the month of June 2020. Further, the Group has considered its current liquidity position, expected inflows from various sources of borrowings and stimulus packages announced by the Government of India. Based on the foregoing, management believes that the Group will be able to pay its obligations as and when these become due in the foreseeable future.
- Pursuant to the Taxation Laws (Amendment) Ordinance 2019, promulgated on September 20, 2019, the Group elected the option permitted u/s 115BAA of the Income Tax Act, 1961 to compute income tax at the revised rate (i.e. 25.17%) from previous financial year.
- The Group operates in a single business segment i.e. financing, since the nature of the loans are exposed to similar risk and return profiles hence they are collectively operating under a single segment for the purpose of Ind AS 108 on 'Operating Segments'. The Group operates in a single geographical segment i.e. domestic.
- The figures for the quarter ended March 31, 2020 are the balancing figures between audited figures for the financial year ended March 31, 2020 and the unaudited published year to date figures upto December 31, 2019.
- The comparative financial results pertaining to the corresponding quarter ended June 30, 2019 have not been subjected to a limited review or audit by our statutory auditors. However, the management has exercised necessary due diligence to ensure that the financial results provide a true and fair view of the Group's affairs.
- Previous year / periods figures have been regrouped / rearranged wherever necessary to conform with current period's classification.
