Refer to Annexure for Details of Instruments & Bank Facilities

Detailed Rationale

CRISIL Ratings has upgraded its rating on the long-term bank facilities and Non convertible debentures of Poonawalla Fincorp Limited (PFL) to '**CRISIL AAA/Stable**' from 'CRISIL AA+/Stable'. The rating on commercial paper has been reaffirmed at **CRISIL A1+**.

The rating action is driven by the increased strategic importance of PFL to Cyrus Poonawalla Group, whose flagship company is Serum Institute of India Private Limited (SIPL; rated CRISIL AAA/Stable/CRISIL A1+). This is in line with the group's focus on domestic consumption as a key theme in their growth philosophy. Post the divestment of Poonawalla Housing Finance Limited (PHFL), PFL will play a key role through which this strategy will be implemented in the areas of interest of the group i.e., consumer and MSME (micro, small and medium enterprises) financing through tech driven lending.

The rating action also reflects the improvement in the standalone profile of the company marked by steady scale up of the loan book with diversified product offering, healthy capitalization metrics, improving earnings profile and healthy resource profile marked by competitive cost of funds. Post-acquisition of Magma Fincorp Limited (MFL) by the Cyrus Poonawalla Group, the new management of PFL revised its product strategy, targeting good quality, credit-tested, mass-affluent retail consumers, and small businesses in semi-urban/urban locations. Consequently, the company announced its plans to discontinue some of the loan products originated by erstwhile MFL. As on December 31, 2022, the company reported an AUM (assets under management) of Rs 13,929 crore, as against Rs 11,765 crore as on March 31, 2022, and Rs 10,563 crore as on March 31, 2021. Of this, the discontinued portfolio constituted around 8.5% as on December 31, 2022, which is expected to run down in the near term. As per the business update for Q4FY23 given by the company, the AUM has increased further by 16% QoQ and 37% YoY to reach ~Rs 16,120 crore as on March 31, 2023. The total disbursements have gathered momentum in fiscal 2023 towards the new segments and registered a YoY growth of 109% (aggregate ~Rs 15,750 crores for fiscal 2023). The company has also focused on a direct digital origination strategy which contributed to ~81% of disbursements in Q4FY23 (as compared to ~24% in Q4FY22). The asset quality metrics too remain comfortable, with most of the GNPA stemming from the legacy portfolio. As per Q4FY23 business update, the GNPA and NNPA are expected to improve further to less than 1.55% and 0.85% respectively as on March 31, 2023. However, given the change in the portfolio strategy, the loan book lacks seasoning and ability to scale up portfolio whilst maintaining asset quality metrics will remain a key monitorable. CRISIL Ratings also notes that the company has improved its resource profile and funding costs as evidenced by borrowings from the market/ banks at competitive interest rates, post-acquisition by the Cyrus Poonawalla Group.

The rating action factors in the stronger support expected from the Cyrus Poonawalla Group demonstrated by articulation of its intention to (i) to maintain majority shareholding in PFL, (ii) provide equity capital to support growth and manage risk, if and when required and (iii) maintain strategic linkages and management oversight so that, among others, PFL conducts its business in a manner such that it honours its stakeholder obligations in a timely manner.

CRISIL Ratings believes that PFL will remain of high strategic importance to Cyrus Poonawalla Group, given the majority shareholding in PFL, through Rising Sun Holdings Private Limited (RSHPL); a special purpose vehicle owned and controlled by Mr. Adar Poonawalla. CRISIL Ratings also notes that there is a strong management oversight for the company to conduct its business, with group having prominence on board and Mr. Adar Poonawalla being the chairman of the board, thereby ensuring active involvement in the group-level strategies. Additionally, the brand sharing further enhances the expectation of support to the financial services entity if required.

On December 14, 2022, the Board of PFL approved the complete stake sale in Poonawalla Housing Finance Ltd (PHFL) to Perseus SG Pte Limited (an entity affiliated with TPG Global, LLC). The transaction will involve a sale of 24,98,21,117 equity shares held by PFL in PHFL at a valuation of Rs 3,900 crore. Post the consummation of the transaction, TPG Global will hold majority stake in PHFL. The entire proceeds to be received by PFL from the stake sale are expected to be retained by PFL to support its business growth.

Analytical Approach

Currently, CRISIL Ratings evaluates the consolidated credit risk profile of PFL (including subsidiary PHFL) as they have common directors, governance oversight and were expected to have synergistic operations, and be strategically important to the Group's business growth. Further, the ratings factor in the expectation of need based timely support to PFL and PHFL from Cyrus Poonawalla Group, whose flagship company is Serum Institute of India Private Limited (SIPL, rated; CRISIL AAA/Stable/CRISIL A1+), given the majority ownership and high strategic importance, the shared brand name and managerial control. Till the transaction, involving stake sale of PFL in PHFL, consummates, CRISIL Ratings will continue to combine the business and financial risk profiles of PFL and PHFL. Once the transaction is completed, the analytical approach would change to the standalone credit risk profile of PFL along with the expectation of support from Cyrus Poonawalla group.

Please refer Annexure - List of Entities Consolidated, which captures the list of entities considered and their analytical treatment of consolidation.

Key Rating Drivers & Detailed Description

Strengths:

*** Expectation of need based timely financial support from Cyrus Poonawalla Group, whose flagship entity is Serum Institute of India Private Limited**

RSHPL is a flagship investment holding company with 99% equity stake held by Mr. Adar Poonawalla, CEO of SIPL and Chairman and Managing Director of Serum Life Sciences Pvt Ltd (SLS). SIPL, the flagship company of Poonawalla Group, invested Rs 5,469 crore in RSHPL through compulsorily convertible cumulative preference shares. SIPL itself is entirely held by Dr. Cyrus S Poonawalla and family members both individually and through trusts whereas SLS is held by RSHPL (33%) and SIPL (67%). In May 2021, RSHPL infused Rs 3,206 crore as equity in erstwhile Magma Fincorp Limited. As on March 31, 2023, RSHPL holds 62.14% stake in Poonawalla Fincorp Limited and is classified as the sole promoter of PFL. The transaction also resulted in rebranding of Magma Fincorp Limited to Poonawalla Fincorp Limited.

The group's flagship company, SIPL is among the largest vaccine manufacturers globally by number of doses produced. Its vaccine portfolio includes vaccines for DTP, MMR, Polio, Hib, r-Hepatitis B, Rabies and Rotavirus. It also manufactures Covishield vaccine against Covid-19 in India. CRISIL Ratings notes that over the past 4-5 years, SIPL has been funding investments in subsidiaries and other companies of the Poonawalla group. SIPL's investments are well diversified across sectors including financial services, green energy, real estate, aviation, pharmaceutical packaging, etc. In May 2021, Rising Sun Holdings, owned and controlled by Mr. Adar Poonawalla, funded the acquisition of erstwhile Magma Fincorp Limited.

The ratings factor in the strong support by the Cyrus Poonawalla Group demonstrated by articulation of its intention to (i) to maintain majority shareholding in PFL, (ii) maintain strategic linkages and management oversight so that, among others, PFL conducts its business in a manner such that it honours its stakeholder obligations in a timely manner and (iii) provide equity capital to support growth and manage risk, if and when required.

CRISIL Ratings believes that PFL will remain of high strategic importance to Cyrus Poonawalla Group, given the majority shareholding in PFL, through RSHPL; a special purpose vehicle owned and controlled by Mr. Adar Poonawalla. CRISIL Ratings also notes that there is a strong management oversight for the company to conduct its business, with group having prominence on board and Mr. Adar Poonawalla being the chairman of the board, thereby ensuring active involvement in the group-level strategies. Additionally, the brand sharing further enhances the expectation of support to the financial services entity if required.

*** Enhanced financial flexibility with capital infusion, resulting in healthy capitalization and low leverage**

The sizeable equity infusion led to a significant increase in the company's standalone network to Rs. 6212 crore as on December 31, 2022, as against Rs. 1942 crore as on March 31, 2021. Consequently, the adjusted gearing also dropped significantly to 1.5 times as on December 31, 2022, as against 4.3 times as on March 31, 2021.

On December 14, 2022, the board of Poonawalla Fincorp Limited (PFL) approved the complete stake sale in Poonawalla Housing Finance Ltd (PHFL) to Perseus SG Pte Limited (an entity affiliated with TPG Global, LLC). The transaction will involve a sale of 24,98,21,117 equity shares held by PFL in PHFL. Post the consummation of the transaction, TPG Global will hold majority stake in PHFL. The transaction is still in process and would be consummated post receipt of necessary

regulatory approvals. As part of the transaction, PFL will receive consideration at a valuation of Rs 3900 crore post the completion of the sale of PHFL, which will further boost the capital position of the company. At a consolidated level, the group reported a networth of Rs 6640 crores with adjusted gearing at 2.1 times as on December 31, 2022. Going forward, as the company scales up its operations, the gearing metrics are expected to increase. Nevertheless, given the large capital expected through the sale of PHFL, the gearing metrics of the company are expected to remain comfortable in the medium term. The gearing metrics are not expected to go beyond 4 times on steady state basis.

*** Ongoing improvement in resource profile and funding costs**

With the change in ownership to the Cyrus Poonawalla group, the company has benefited through access to diversified funding mix covering capital markets and bank loans at lower funding costs. Prior to acquisition, erstwhile Magma Fincorp Limited had higher reliance on public sector bank (PSB) loans and off-book funding and hence, relatively higher cost of funding. With the change in management, the company is broad basing their funding sources including access to capital markets in addition to diversified bank funding by introducing private sector banks, foreign banks and more PSBs. PFL has been now raising money through CPs (commercial paper) on regular basis. PFL also raised NCD (non-convertible debentures) from a diversified set of investors, opening access to the bond market. The company has also been able to reprice their existing loans to lower rates thereby improving gross spreads. Since April 2022 till January 2023, PFL has raised over Rs 12000 crores of funds from diversified sources with weighted average cost of funds under 6.5%. With the equity infusion, and fresh bank sanctions, the company has a healthy liquidity position.

*** Experienced senior management**

The company is governed by board of directors, with Mr. Adar Poonawalla being the Chairman of the board. The board is supported by a revamped strong senior management with relevant and significant experience in retail financing, having previously worked at reputed banks and NBFCs (non-bank financial companies). The senior management team is led by Mr. Abhay Bhutada, Managing Director, PFL, who has over 15 years of diversified experience in the commercial and retail lending domain. He was the Founder, Chairman and Managing Director of TAB Capital Ltd. After creating a digital lending venture of his own and running it successfully for 3 years, he was instrumental in setting up the lending business for Poonawalla Group in the form of Poonawalla Finance Pvt Ltd (PFPL) in the capacity of MD & CEO. After building a successful digital lending business for 2 years in PFPL; the group acquired Magma Fincorp Ltd (now PFL) in May 2021. Mr. Bhutada led a complete revamp of business strategy at PFL. He has focused on implementing a technology led, digital lending at PFL resulting into ramp up in PFL's business over the last 2 years. The digital first origination programme contributed to ~81% of disbursements in Q4FY23 (as compared to ~24% in Q4FY22). The company has strengthened its leadership across functions by onboarding highly experienced key personnel. These senior management personnel have been in the industry for more than two decades each and have extensive experience in their functional areas.

Weaknesses

*** Comfortable asset quality metrics; Nevertheless, new loan book lacks seasoning**

PFL reported gross non-performing assets (GNPA) of 1.7% as on December 31, 2022, as compared to 3.3% as on March 31, 2022 (4.3% as on March 31, 2021) showing an improving trend. The reduction in GNPA, was primarily on account of adopting a more conservative write-off policy, as part of the company's new strategy and partially on account of improvement in the economic activity post the second wave of the pandemic resulting in consistent improvement in collection efficiency, wherein, the company has been reporting consistent collections across months in the range of 96%-100%. As per Q4FY23 business update, the GNPA and NNPA are expected to improve further to less than 1.55% and 0.85% respectively as on March 31, 2023. Even at a consolidated level, the GNPA showed an improvement to 1.5% as on December 31, 2022, as compared to 2.7% as on March 31, 2022.

The improvement was also on account of low NPAs being reported in the new product segments, wherein, the portfolio remained unseasoned. CRISIL Ratings notes that the new portfolio was the primary growth driver for the company with more than 80% of overall disbursements being towards the new product segments.

The new management has realigned the product mix of the company with greater focus on better quality, credit-tested, mass-affluent customers in urban and semi-urban geographies, along with discontinuation of some products of erstwhile Magma Fincorp Limited. The product strategy is primarily aimed at minimizing the credit costs in future and focusing on products with digital collections. The company has added digital personal loans, digital loans to professionals, digital business loans, digital consumer loans, loan against property, medical equipment loans and supply chain finance to its product basket and has continued to disburse loans for pre-owned cars (non-commercial). The company is also planning to bring in new products aimed at its target segment of consumer and small businesses. The ability of the company to grow its portfolio, while maintaining comfortable asset quality metrics will remain a key monitorable.

Additionally, the company also has a modest restructured portfolio of Rs 172 crore or 1.2% of the total AUM as on December 31, 2022.

However, ability to scale up portfolio whilst maintaining asset quality metrics is a key monitorable.

*** Modest, albeit improving, earnings profile**

Post the change in ownership to the Cyrus Poonawalla group, the company has benefited through access to diversified funding mix at lower funding costs, wherein the company has been able to substantially reduce the cost of borrowing. This,

coupled with the revised product focus towards consumer and MSME finance, which carries a higher yield, resulted in the improvement in net-interest margins (NIMs), with the same increasing to 9.3% (*annualized*) in December 2022, from 7.9% in March 2021.

Consequently, the company saw an improvement in its overall earnings profile, wherein, the company has been able to report return on managed assets (RoMA) of 3.6% for the nine months ended December 31, 2022. This is despite the initial investments towards technology and employee benefit (including ESOP charge), which was in-line with its new strategy to become a digitally led consumer and MSME finance entity.

The improvement in the earnings profile was also supported by the reducing credit costs, as the company had done aggressive provisioning and write-offs for majority of its legacy book in March 2021, thereby resulting in provision reversals and write-backs in the subsequent years.

While the company has shown improvement in its earnings profile, the ability of the company to manage its credit costs, considering new origination, remains to be seen and will remain a key monitorable.

* Revised product focus to de-risk asset profile; Performance, a monitorable

The erstwhile Magma Group was primarily into vehicle and housing finance business with portfolio diversified across various product segments, such as commercial vehicle finance (CV), construction equipment (CE), car loans, tractor financing, secured MSME loans and home loans. Post-acquisition, the new management revised its product strategy, targeting good quality, credit-tested, mass-affluent retail consumers, and small businesses in semi-urban/urban locations. Consequently, the company announced its plans to discontinue some of the loan products in their previous form like CV, CE, tractors, and new cars segment. The company had an AUM of Rs 13,929 crore as on December 31, 2022, as against Rs 11,765 crore as on March 31, 2022, and Rs 10,563 crore as on March 31, 2021. Of this, the discontinued portfolio constituted around 8.5% as on December 31, 2022, which is expected to run down in the near term. At a consolidated level, the AUM stood at Rs 19,553 crores as on December 31, 2022, compared to Rs 16,579 crores as on March 31, 2022.

As per the new business strategy, the company plans to achieve strong growth by focusing on products consisting of a mix of secured (pre-owned car loans and loan against property) and unsecured products (personal loans, business loans, loans to professionals and consumer loans). The total disbursements have gathered momentum in fiscal 2023 towards the new segments and registered a YoY growth of 109% to ~Rs 15,750 crores for fiscal 2023. The company has also focused on a direct digital origination strategy which contributed to ~81% of disbursements in Q4FY23 (as compared to ~24% in Q4FY22). As part of its new strategy, for its unsecured segment, the company has now moved towards a branch light model and is investing in technology to make the entire process, from origination to collection, digitally enabled. For the secured segment, the company will rationalize its branches as per the new product strategy. Nevertheless, the business performance in these segments as they scale up will remain a key monitorable.

Liquidity: Superior

Liquidity remains comfortable with company having cash and cash equivalents and unutilized CC/WCDL lines of Rs 1408 crore, as on December 31, 2022. Additionally, the company had undrawn term loans of Rs 1760 crore. Against this, the company had repayments (including interest and DA/PTC payouts) of Rs 1392 crore from January 2023-June 2023. As on December 31, 2022, the ALM (asset liability maturity) profile of the company remained strong with positive cumulative gaps across all the buckets.

Outlook: Stable

The rating factors in the expectation of need based timely support from Cyrus Poonawalla Group, whose flagship company is Serum Institute of India Private Limited (SIPL; rated CRISIL AAA/Stable/CRISIL A1+'), given the high strategic importance, the shared brand name and management control.

Rating Sensitivity factors

Downward Factors:

- Decline in support from, or strategic importance to, Cyrus Poonawalla Group or material change in the shareholding in PFL or in CRISIL Ratings' view any downward revision in the credit profile of Cyrus Poonawalla Group
- Any sustained deterioration in asset quality and earnings profile of the company
- Significant jump in gearing beyond 5 times on a sustained basis while scaling up the portfolio

About CRISIL Ratings Limited (A subsidiary of CRISIL Limited, an S&P Global Company)

CRISIL Ratings pioneered the concept of credit rating in India in 1987. With a tradition of independence, analytical rigour and innovation, we set the standards in the credit rating business. We rate the entire range of debt instruments, such as bank loans, certificates of deposit, commercial paper, non-convertible/convertible/partially convertible bonds and debentures, perpetual bonds, bank hybrid capital instruments, asset-backed and mortgage-backed securities, partial guarantees and other structured debt instruments. We have rated over 33,000 large and mid-scale corporates and financial institutions. We have also instituted several innovations in India in the rating business, including ratings for municipal bonds, partially guaranteed instruments and infrastructure investment trusts (InvITs).

CRISIL Ratings Limited ('CRISIL Ratings') is a wholly-owned subsidiary of CRISIL Limited ('CRISIL'). CRISIL Ratings Limited is registered in India as a credit rating agency with the Securities and Exchange Board of India ("SEBI").

DISCLAIMER

This disclaimer is part of and applies to each credit rating report and/or credit rating rationale ('report') that is provided by CRISIL Ratings Limited ('CRISIL Ratings'). To avoid doubt, the term 'report' includes the information, ratings and other content forming part of the report. The report is intended for the jurisdiction of India only. This report does not constitute an offer of services. Without limiting the generality of the foregoing, nothing in the report is to be construed as CRISIL Ratings providing or intending to provide any services in jurisdictions where CRISIL Ratings does not have the necessary licenses and/or registration to carry out its business activities referred to above. Access or use of this report does not create a client relationship between CRISIL Ratings and the user.

We are not aware that any user intends to rely on the report or of the manner in which a user intends to use the report. In preparing our report we have not taken into consideration the objectives or particular needs of any particular user. It is made abundantly clear that the report is not intended to and does not constitute an investment advice. The report is not an offer to sell or an offer to purchase or subscribe for any investment in any securities, instruments, facilities or solicitation of any kind to enter into any deal or transaction with the entity to which the report pertains. The report should not be the sole or primary basis for any investment decision within the meaning of any law or regulation (including the laws and regulations applicable in

the US).

Ratings from CRISIL Ratings are statements of opinion as of the date they are expressed and not statements of fact or recommendations to purchase, hold or sell any securities/instruments or to make any investment decisions. Any opinions expressed here are in good faith, are subject to change without notice, and are only current as of the stated date of their issue. CRISIL Ratings assumes no obligation to update its opinions following publication in any form or format although CRISIL Ratings may disseminate its opinions and analysis. The rating contained in the report is not a substitute for the skill, judgment and experience of the user, its management, employees, advisors and/or clients when making investment or other business decisions. The recipients of the report should rely on their own judgment and take their own professional advice before acting on the report in any way. CRISIL Ratings or its associates may have other commercial transactions with the entity to which the report pertains.

Neither CRISIL Ratings nor its affiliates, third-party providers, as well as their directors, officers, shareholders, employees or agents (collectively, 'CRISIL Ratings Parties') guarantee the accuracy, completeness or adequacy of the report, and no CRISIL Ratings Party shall have any liability for any errors, omissions or interruptions therein, regardless of the cause, or for the results obtained from the use of any part of the report. EACH CRISIL RATINGS PARTY DISCLAIMS ANY AND ALL EXPRESS OR IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY, SUITABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE. In no event shall any CRISIL Ratings Party be liable to any party for any direct, indirect, incidental, exemplary, compensatory, punitive, special or consequential damages, costs, expenses, legal fees or losses (including, without limitation, lost income or lost profits and opportunity costs) in connection with any use of any part of the report even if advised of the possibility of such damages.

CRISIL Ratings may receive compensation for its ratings and certain credit-related analyses, normally from issuers or underwriters of the instruments, facilities, securities or from obligors. Public ratings and analysis by CRISIL Ratings, as are required to be disclosed under the regulations of the Securities and Exchange Board of India (and other applicable regulations, if any), are made available on its website, www.crisilratings.com (free of charge).
