Material Events Occurring after Balance Sheet Date

There have been no material changes and commitments affecting the financial position of the Company which have occurred between the end of the financial year to which the balance sheet relates and the date of this report.

Impact of Covid-19

As a result of the pandemic, the global economy is projected to contract sharply by Negative 3% in 2020, much worse than during the 2008-09 financial crisis.

The Company's offices and project sites remained shut due to lockdown announced by Central and State Governments. As per regulatory orders issued from time to time, the Company saw partial resumption in May 2020, all offices and project sites of the Company got operational in line with respective state rules and regulations. However, the Company also started witnessing labor migration issues across all states. This had an adverse impact on operations at project sites. During April and May months we have seen sharp dip

in sales but from June onwards we have seen marginal rise in inquiries and sales numbers has improved accordingly.

Post easement of lockdown we have started operations with necessary safety measures at all our offices and project sites in line with state guidelines. Since there has been a national lockdown in the months of April and May, the revenues and profitability of the business have been impacted.

Since this situation was exceptional and changing dynamically, the Company was not able to gauge with certainty, the future impact on its operations. However, the Company is confident about adapting to the changing business environment and respond suitably to fulfil the needs of its customers.

2. DIVIDEND

The Board of Directors has not recommended any dividend on the Equity Shares in view of the performance of the Company for the financial year ended March 31, 2021.

As per Regulation 43A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Dividend Distribution Policy is attached as Annexure A, which form part of this report and is also available on the website of the Company.

3. RESERVES

The Company has not transferred any amount to Reserve for the financial year ended March 31, 2021.

4. CASH FLOW STATEMENT

As required by Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, Cash Flow Statement for the financial year ended March 31, 2021 is enclosed with the Balance Sheet and Statement of Profit and Loss of the Company.

Consolidated Cash Flow Statement of your Company and its Subsidiaries is enclosed with the Consolidated Audited Accounts/Financial Statements.

5. FINANCIAL OVERVIEW

STANDALONE

The Company's main business is real estate. During the year under review, the profitability of Company has been badly impacted due to sluggish market demand, higher input, interest costs etc.

The total revenue of the Company stood at Rs. 4,666.97 Lakh as compared to Rs.18,543.48 Lakh in the previous year. Loss after Tax (PAT) stood at Rs. 4,934.87 Lakh as compared to Loss of Rs. 2,742.99 Lakh in the previous year, (after taking the impact of INDAS).

The earnings per share on an equity share having face value of Rs. 1/- stands at Rs. (4.11)per share as compared to Rs. (2.29) per share in the previous year.

CONSOLIDATED

The consolidated revenues stood at Rs. 4,839.24 Lakh as against Rs. 20,106.56 Lakh in the previous year. The Company is taking effective steps to improve the performance of the Company through growth in revenue, managing cost, strategic marketing, increasing brand awareness and brand equity through advertisement campaign etc.

6. CORPORATE GOVERNANCE

The Directors adhere to the requirements set out by the Securities and Exchange Board of India's Corporate Governance practices and have implemented all the stipulations prescribed. Secretarial compliances, reporting, intimations etc. under the Companies Act, 2013, listing agreement(s) and other applicable laws, rules and regulations are noted in the Board/ Committee Meetings from time to time. Dividend Distribution Policy

The Board of Directors (the "Board") of Vipul Limited (the "Company") at its meeting held on August 09, 2021 had adopted this Dividend Distribution Policy (the "Policy") as required by Regulation 43A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations").

Objective

The objective of this Policy is to establish the parameters to be considered by the Board of Directors of the Company before declaring or recommending dividend.

The Company has had an uninterrupted dividend payout since listing. In future, the Company would endeavour to pay sustainable dividend keeping in view the Company's policy of meeting the long-term growth objectives from internal cash accruals.

Circumstances under which the shareholders may or may not expect dividend

The Board of Directors of the Company, while declaring or recommending dividend shall ensure compliance with statutory requirements under applicable laws including the provisions of the Companies Act, 2013 and Listing Regulations. The Board of Directors, while determining the dividend to be declared or recommended, shall take into consideration the advice of the executive management of the Company and the planned and further investments for growth apart from other parameters set out in this Policy.

The Board of Directors of the Company may not declare or recommend dividend for a particular period if it is of the view that it would be prudent to conserve capital for the then ongoing or planned business expansion or other factors which may be considered by the Board.

Parameters to be considered before recommending dividend

The Board of Directors of the Company shall consider the following financial / internal parameters while declaring or recommending dividend to shareholders:

- Profits earned during the financial year
- Retained Earnings
- Earnings outlook for next three to five years
- Expected future capital /liquidity requirements
- Any other relevant factors and material events.

The Board of Directors of the Company shall consider the following external parameters while declaring or recommending dividend to shareholders:

- Macro-economic environment– Significant changes in Macroeconomic environment materially affecting the businesses in which the Company is engaged in the geographies in which the Company operates
- Regulatory changes – Introduction of new regulatory requirements or material changes in existing taxation or regulatory requirements, which significantly affect the businesses in which the Company is engaged
- Technological changes which necessitate significant new investments in any of the businesses in which the Company is engaged.

Utilisation of Retained Earnings

The Company shall endeavour to utilize the retained earnings in a manner which shall be beneficial to the interests of the Company and also its shareholders.

The Company may utilise the retained earnings for making investments for future growth and expansion plans, for the purpose of generating higher returns for the shareholders or for any other specific purpose, as approved by the Board of Directors of the Company.

Parameters that shall be adopted with regard to various classes of shares

The Company has issued only one class of shares viz. equity shares. Parameters for dividend payments in respect of any other class of shares will be as per the respective terms of issue and in accordance with the applicable regulations and will be determined, if and when the Company decides to issue other classes of shares.

Conflict in Policy

In the event of any conflict between this Policy and the provisions contained in the Listing Regulations, the Regulations shall prevail.

Amendments

The Board may, from time to time, make amendments to this Policy to the extent required due to change in applicable laws and Listing Regulations or as deemed fit on a review.

**Form No. MR-3
SECRETARIAL AUDIT REPORT**

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2021

To,
The Members,
Vipul Limited
Unit No 201, C-50,
Malviya Nagar,
New Delhi-110017

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Vipul Limited (hereinafter called the "Company"). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company (as listed in Annexure A) and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2021, complied with the laws listed hereunder and also that the Company has proper board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2021 according to the provisions of:

- a. The Companies Act, 2013 (the Act) and the rules made there under;
- b. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- c. The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- d. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- e. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): -
 - The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and

- The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
- f. Other sector specific laws like the Real Estate (Regulation and Development) Act, 2016, Housing Board Act, 1965; Transfer of Property Act, 1882; Building and Other Construction Workers' (Regulation of Employment and Conditions of Services) Act, 1996.
- g. Labour laws and other incidental laws related to labour and employees appointed by the Company either on its payroll or on contractual basis as related to wages, gratuity, provident fund, ESIC, compensation and Labour laws of the respective States where the Company operates.
- h. The Listing Agreements entered into by the Company with the Bombay Stock Exchange Ltd (BSE) and the National Stock Exchange of India Ltd (NSE).
- i. The applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India (ICSI) and Securities Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulation, 2015.

During the period under review, the Company has complied with the provisions of the Acts, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that: -

During the period under review the company does not have the required composition of minimum six directors on the Board as per the Regulation 17(1)(c) of SEBI (LODR) Regulations, 2015. The total number of directors on the Board was below the required number i.e. composition of minimum six directors due to the resignation of Dr. B. Samal, Non-Executive Independent Director on July 10, 2020, which was filled with appointment of Mr. Ajay Arjit Singh as an Additional Non-Executive Independent Director on March 23, 2021. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notices were given to all the Directors to schedule the Board Meetings. Agendas and detailed notes on agendas were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Decisions are carried through assent of the majority while the dissenting members' view are captured and recorded as part of the minutes of the meetings.

We further report that none of the directors on the board of the Company have been debarred or disqualified from being appointed or continuing as directors of companies by the Board/Ministry of Corporate Affairs or any such statutory authority.

There are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that: -

1. The Company complied with the provisions of Section 149 of the Companies Act, 2013, and rules made thereunder. The Company has required number of Woman Director and Independent Directors on the Board except as reported in the paras above.
2. The Committees of the Board, met to transact businesses as under during the year: -

REPORT ON CORPORATE GOVERNANCE

I. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

This report is prepared in accordance with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the report contains the details of Corporate Governance systems and processes at Vipul Limited.

At Vipul Limited, Corporate Governance is all about maintaining a valuable relationship and trust with all the stakeholders. We consider stakeholders as partners in our success and remain committed to maximizing stakeholders' value, be it Customers, Local Communities, Employees, Suppliers & Distributors, Trade Unions, NGOs, Investors & Shareholders and Government & Regulatory Authorities. This approach to value creation emanates from Vipul Limited belief that sound governance system, based on relationship and trust, is integral to creating enduring value for all. We have a defined policy framework for ethical conduct of businesses. We believe that any business conduct can be ethical only when it rests on the six core values viz. Customer Value, Ownership Mind-set, Respect, Integrity, One Team and Excellence.

Corporate Governance encompasses a set of systems and practices to ensure that the Company's affairs are being managed in a manner which ensures accountability, transparency and fairness in all transactions in the widest sense. The objective is to meet stakeholders' aspirations and societal expectations. Good governance practices stem from the dynamic culture and positive mind set of the organisation. We are committed to meet the aspirations of all our stakeholders. This is demonstrated in shareholder returns, awards and recognitions, governance processes and an entrepreneurial performance focused work environment.

Effective Corporate Governance is the signature of professional beliefs and values, which configures the organizational values, credo and actions of its employees. The Company firmly believes in effective Corporate Governance practices and follows all the applicable laws in true letter and spirit. Corporate Governance is an ethically driven process that constitutes the strong foundation on which successful commercial enterprises are built and enhance the organization wealth generating capacity.

The essence of Corporate Governance is about maintaining the right balance between economic, social, individual and community goals. At your Company, good corporate governance is a way of life and the way we do our business, encompassing every day's activities and is enshrined as a part of our way of working. The Company is focused on enhancement of long-term value creation for all stakeholders without compromising on integrity, societal obligations, environment and regulatory compliances. Our actions are governed by our values and principles, which are reinforced at all levels of the organisation. These principles have been and will continue to be our guiding force in future.

The Company has adopted a Code of Conduct for its Board of Directors and its Senior Management personnel, which is available on the Company's website. The Company's corporate governance philosophy has been further strengthened through the Vipul Code of Conduct for Prevention of Insider Trading and Code of practices and procedures for fair disclosure of Unpublished Price Sensitive Information (UPSI).

The Company's Corporate Governance philosophy is based on transparency, disclosure, monitoring, ethical governance practices and fairness to all.

The Board recognises the importance of two-way communication with shareholders, giving a balanced report of results and progress and responding to questions and issues raised. Shareholders seeking information related to their shareholding may contact the Company directly or through the Company's Registrar and Transfer Agents, details of which are available on the Company's website. The Company ensures that complaints of its shareholders are responded to promptly.

The Company Secretary plays a key role in ensuring that the Board (including its Committees thereof) procedures are followed and regularly reviewed. The Company Secretary ensures that all relevant

information, details and documents are made available to the Directors and senior management for effective decision-making at the meetings. The Company Secretary is primarily responsible to assist and advise the Board in the conduct of affairs of the Company, to ensure compliance with applicable statutory requirements, to provide guidance to the Directors and to facilitate convening of meetings. The Company Secretary interfaces between the management and regulatory authorities for governance matters.

The Company is in compliance with the requirements stipulated under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI (LODR) Regulations, 2015") with regard to corporate governance.

II. BOARD OF DIRECTORS ("BOARD")

At Vipul Limited, it is our belief that an enlightened Board consciously creates a culture of leadership to provide a long-term vision and policy approach to improve the quality of governance. The Board's actions and decisions are aligned with the Company's best interests. The Board is committed to the goal of sustainably elevating the Company's value creation. The Company has defined guidelines and an established framework for the meetings of the Board and its Committees. These guidelines seek to systematise the decision-making process at the meetings of the Board and its Committees in an informed and efficient manner.

(a) Composition, Category of Directors and Board Membership Criteria

The composition of the Board is in conformity with Regulation 17(1) of SEBI (LODR) Regulations, 2015 which inter alia stipulates that the Board should have an optimum combination of Executive and Non-Executive Directors with at least one Woman Director and atleast 1/3 of the Board should consist of Independent Directors, if the Chairman of the Board is a Non-Executive Director.

The Board of Directors, alongwith the Committees, provides leadership and guidance to the Company's management, directs, supervises as well as reviews the performance of the Company.

The Independent Directors on the Board are experienced, competent and reputed names in their respective fields. The Independent Directors take active part at the Board and Committee Meetings which adds value in the decision-making process of the Board of Directors. The Independent Directors constitute more than half of the total strength of Board as on March 31, 2021.

As on March 31, 2021, the Board comprises of Six Directors. Of these, one is an Executive Director i.e. Managing Director, who is also Promoter, one Non-Executive Non-Independent Director and other four are Non-Executive Independent Directors.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

OUTLOOK & OVERVIEW OF THE ECONOMY

It has been over a year since COVID-19 was declared a global pandemic, which totally changed the course of the world. The global economies which were already facing a synchronized slowdown, got impacted severely by the outbreak of the coronavirus. According to The World Economic Outlook (WEO) update, the world economic output declined by 3.3% in 2020, after growing by 2.4% in 2019. The contraction of the activity in 2020 was unprecedented and could have been worse, had it not been for the extraordinary policy support provided by the world central banks. The pandemic which has claimed more than three million lives globally, has pushed world economies to work together towards a common cause. Globally, multiple vaccines are already available which are proving to be effective and in parallel, quick eradication to the pandemic life has helped the global economy to recover faster than anticipated. While there could be large divergence in recovery rates of respective countries as they grapple with their own issues, the World Economic Outlook has estimated global growth to increase by 6.0% in 2021 and 4.4% in 2022.

Among the advanced economies, the United States is expected to surpass its pre-COVID GDP level in 2021, while the other advanced economies will return to their pre-COVID levels only in 2022. Amongst the emerging market and developing economies, China has already returned to pre-COVID GDP levels in 2020, while others are not expected to do so until 2023. A number of tourism reliant economies are faraway from recovery due to the existing travel restrictions in various parts of the world.

While the vaccination rollout has started globally, several countries are facing a second and third wave of corona virus infections due to the shortage of vaccines and bottlenecks in production facilities. The renewed restrictions to contain the subsequent waves could derail the global economic recovery and will need to be closely tracked. Also, as the world economy resets in a post-pandemic world, it could be an opportunity for economies to reimagine their growth strategies, come out stronger and set the stage for growth in the coming decade.

After facing several headwinds last year with the start of the pandemic, the Indian economy is expected to gradually recover in the current year. India's GDP grew by 0.4% in Q3 FY2020-21 after two consecutive quarters of contraction. As per the second advance estimates of Central Statistics Office (CSO), GDP growth for FY 2020-21 is expected to contract by 8.0%, after expanding by 4.0% in FY 2019-20. The country's fiscal deficit for FY2020-21 has been pegged at 9.5% of GDP, much beyond the original targeted 3.5% of GDP, resulting from stressed tax and investment revenues, increased expenditure commitments due to the COVID-19 pandemic and the resultant economic slowdown. The country's fiscal deficit for FY 2021-22 has been pegged at 6.8% of GDP and the FRBM act has been amended to target fiscal deficit below 4.5% of GDP by FY 2025-26.

The core sector grew by 6.8% in March 2021, helped by last year's slow base and double-digit growth in steel, cement, electricity and natural gas segments, along with an upside surprise in IIP which rose by 22.4% in March. For FY 2020-21, IIP stood at -8.6% as against -0.8% in FY 2019-20, reflecting the weakness in the economy. Also, the lockdown and fresh restrictions in several parts of the country to contain the second wave could lead to a delay in recovery.

According to the CSO, country's factory output growth shot up by 7.0% in FY2020-21 as against a contraction of 0.7% in FY 2019-20. Consumer durables output, an indicator of urban demand, contracted by 15.2% in FY 2020-21, compared with 8.7% contraction in FY 2019-20.

According to the World Economic Outlook update, India's GDP growth is expected to recover sharply by 12.5% in FY 2021-22, on the assumption of a brisk recovery from the pandemic. Also, India's growth projection for FY 2022-23 is projected at 6.9%. RBI has maintained the repo rate at a record low of 4.0% since May 2020 and accommodative monetary policy stance amid concerns of rising COVID-19 cases that could derail the nascent recovery. There is a high probability of downward revision in growth rates of the economy, given the severity of the second wave.

While the second wave of COVID-19 infections has created significant uncertainty over the economic trajectory in the short term, various initiatives by government will ensure a steady growth path in coming years. The government intends to spend more than Rs. 2.0 Lakh Crore on various Production Linked Incentive (PLI) schemes over the next 5 years in several sectors. The scheme is transformational which will facilitate India becoming

a global manufacturing hub, create more job opportunities and higher economic activity. Also, the setting up of DFI to fund infrastructure projects which was announced in the latest budget is expected to benefit allied sectors. Additionally, a stable tax regime despite the fiscal constraints will boost economic sentiment and private consumption.

FY 2020-21 inflation stood at 6.2%, within the RBI's estimated range and is expected to be 5.2% for the current year, according to the Asian Development Bank. Also, any upside risk from firm crude prices is more likely to be offset by softening of demand due to a resurgence in corona virus infections, reduction in duties on petroleum products and the likelihood of a normal monsoon in the current year. The country's exports of goods and services are expected to improve once the global economies recover from the pandemic. While the long term outlook looks bright for the country, the recurrence of COVID-19 waves could pose a serious risk to global trade activity and slow Indian economic growth.

The Indian real estate sector has been trying to get back on its feet and come to terms with multiple reforms and changes brought in the sector in the last few years. While it was a tough task for the sector to align itself with these new regulations, the measures have been instrumental to bring transparency, accountability and fiscal discipline over the last few years.

FY 2020-21 was an eventful year for the real estate sector which witnessed pandemic led disruption in FY2020-21 and a strong bounce back during the second half of the year. The pandemic has forced the developers to change their legacy business models and the players who focus on innovation and digital transformation in realty will lead the way for the sector. We expect FY 2021-22 to start with weakness in the first quarter due to the significant impact of the second wave followed by a strong recovery thereafter and this will set the base for a multi-year growth cycle for the real estate sector. Financially strong and reputed developers with greater focus on delivering quality apartments and customised experiences for customer will benefit disproportionately from the likely cyclical upturn. Prevailing low interest rates, rising affordability and stable home prices have improved the consumer sentiment and will facilitate buoyant demand for the residential real estate sector.

The pandemic, resultant disruption and the prevailing liquidity crunch in the real estate sector has opened up a lot of opportunities for organized developers like GPL. We expect our business development activity to gather pace and hope to add several projects to our portfolio in FY 2021-22. The subsequent waves of COVID-19 and the resultant containment measures could delay the real estate recovery and will need to be tracked closely. Despite the crisis, our sales performance strengthened significantly in FY 2020-21 and we expect to further scale our sales momentum in FY 2021-22, given our exciting launch pipeline, strong brand and robust balance sheet. Also, our presence in the key markets and across the housing segments places us well to benefit from the likely commencement of a real estate upcycle.

India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

Government data showed that India's Foreign Direct Investment (FDI) equity inflows during the period from April 2020 to March 2021 stood at \$59.64 billion which corresponds to a growth of 19%.

In November 2020, the Government of India announced Rs. 2.65 lakh crore (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction and housing. Also, India's cabinet approved the production-linked incentives (PLI) scheme to provide approximately Rs. 2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country.

INDUSTRY STRUCTURE AND DEVELOPMENTS

The Indian real estate sector was expected to start recovering in 2020 after few lackluster years wherein the sector was impacted by multiple reforms and the changes brought about by Demonetisation, RERA, GST and the NBFC crisis. It has been a tough task for the sector to align itself with these externalities, but the measures have resulted in much needed transparency, accountability and fiscal discipline for the sector. Prior to the pandemic, the real estate sector was expected to contribute around 13% of India's GDP by 2025 (from around 6-7% in 2017), according to ANAROCK Research.

By 2040, real estate market will grow to Rs. 65,000 crore from Rs. 12,000 crores in 2019. Real estate sector in India is expected to reach a market size of US\$ 1 trillion by 2030 from US\$ 120 billion in 2017 and contribute 13% to the country's GDP by 2025. Retail, hospitality and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs. Indian real estate is expected to increase by 19.5% CAGR from 2017 to 2028.

The pandemic nearly stalled the markets in 2020 and the sector was virtually written off at the early stages of the pandemic on the expectations of a subsequent economic fallout. However, during this unprecedented crisis, the real estate sector exhibited remarkable resilience and recovered ahead of expectations. After grappling with initial labor shortages and demand deferment, both the residential and office markets witnessed signs of revival from Q3 2020 onwards.

While the pandemic outbreak temporarily disrupted the sector, it also led to emergence of certain trends such as preference for larger apartments, increasing inclination for home ownership as against rental housing, de-densification of office spaces and acceleration of the ongoing consolidation in the sector. Also, the current situation has opened up a lot of business development opportunities for well capitalised developers. The uncertainties of the second COVID-19 wave and its impact will need to be assessed and tracked closely.

The Indian residential sector has been under pressure due to tepid demand in the past few years and the pandemic has further worsened the situation for the sector. While the sector was finding its way post the liquidity crisis and earlier disruptions, the COVID-19 pandemic threw upon an unprecedented crisis and nearly stalled the housing market in the first half of the year. However, contrary to everyone's expectations the residential market proved to be resilient and started recovering strongly from Q3 2020 onwards. Larger established players with easy access to funding and technological edge gained market share during the year. Stagnant housing prices coupled with decadal low interest rates helped the residential sector to stage a meaningful recovery.

According to the property research firm Knight Frank, the total sales volume in the top eight cities declined by 37% in CY2020 to 154,434 units.

According to the Knight Frank affordability matrix, affordability for the top eight cities has improved over the last few years with rising income levels and time correction in the housing sector. An EMI/Income ratio of over 50% is considered unaffordable according to the matrix and most cities have witnessed a dramatic increase in affordability due to decadal low interest rates and decline in home prices in CY 2020.

The office market in India has been vibrant over the past few years, with record supply and leasing transactions hitting the market in CY2019. The market was expected to continue its positive momentum in CY2020; however, the COVID-19 pandemic and the associated lockdowns resulted into a new set of challenges for the office sector. The corporate tenants were forced to adopt work from home practices and major real estate leasing decisions were delayed. Business activities across all markets came to a standstill during Q2 2020 because of the pandemic and the phased resumption in a weak economic environment heavily impacted the office demand.

Budget 2021 – takeaways

The Government delivered an impressive growth-oriented budget, despite limited fiscal room in FY2020-21. While there were limited announcements impacting the real estate sector directly, a major thrust on infrastructure spending will benefit the real estate sector. Additionally, a stable tax regime will greatly benefit the demand in the housing sector. Some of the key measures include:

Interest deduction benefit on affordable housing

The Government in its attempt to boost affordable housing demand, proposed to extend additional tax benefit of Rs. 1.5 Lakh on interest paid on affordable housing loans by one year till March 2022.

Tax holiday for Affordable housing developers

In order to encourage developers to focus on affordable housing projects, the Government extended the date of approval for these projects for availing tax holiday on profits earned by developers by one year till March 2022. The tax holiday which was being provided under section 80-IBA for approved projects during the period from June 1, 2016 to March 31, 2021 has been extended by one more year.

Rental housing for migrant workers

The government has provided a tax exemption for notified rental housing projects for migrant workers which will facilitate supply and demand for affordable housing.

REIT regulation changes

The government has removed Tax Deduction at Source (TDS) on dividends paid to REITs, which will bring down the administrative burden for REITs. Additionally, the government has proposed to enable debt financing of InVITs/REITs by foreign portfolio investors by making suitable amendments in the relevant legislations which will open up additional avenues of funding at competitive rates.

COMPANY STRENGTHS

Promoters and senior management continues to put efforts to focus on Project Planning and Execution for delivering present-day design and quality construction.

The Project management team comprises of experienced, highly qualified experts with vast experience in their functional areas. The team drives the organization through their contribution. The organizational framework has been designed to manage the design, engineering, procurement and execution of concurrent, multi-site projects keeping a focus on delivery of developments of International standards.

Your Company continues to capitalize on the market opportunities by leveraging its key strengths.

These include:

1. **Brand Reputation:** Enjoys higher recall and influences the buying decision of the customer. Strong customer connects further results in higher premium realizations.
2. **Execution:** Possesses a successful track record of quality execution of projects with contemporary architecture.
3. **Strong cash flows:** Has built a business model that ensures continuous cash flows from their investment and development properties ensuring a steady cash flow even during the adverse business cycles.
4. **Significant leveraging opportunity:** Follows conservative debt practice coupled with enough cash balance which provides a significant leveraging opportunity for further expansions.
5. **Outsourcing:** Operates an outsourcing model of appointing globally renowned architects/contractors that allows scalability and emphasizes contemporary design and quality construction – a key factor of success.
6. **Transparency:** Follows a strong culture of corporate governance and ensures transparency and high levels of business ethics.
7. **Highly qualified execution team:** Employs experienced, capable and highly qualified design and project management teams who oversee and execute all aspects of project development.

OPPORTUNITY: The growth opportunity in the Real Estate Sector is far from over. It will continue to play out over the medium term. Large number of unorganized players have exited the market leaving more opportunities for the serious players.

As India awaits policy reforms to pick up speed, your Company firmly believes that the demand for Real Estate in a country like India should remain strong in the medium to long term. Your Company's well accepted brand, contemporary architecture, well designed projects in strategic locations, strong balance sheet and stable financial performance even in testing times make it a preferred choice for customers and shareholders. Your Company is ideally placed to further strengthen its development potential by acquiring new land parcels.

Housing Demand

The pandemic has reinforced the security that home ownership offers vis-à-vis rental housing, resulting in rising housing demand. A full fledged expected economic recovery coupled with all-time low interest rates, stagnant house prices and rising income levels are some of the factors which will drive the housing demand going ahead.

Consolidation

The highly fragmented Indian real estate sector has been in a prolonged consolidation phase in the past few years; albeit at a slower pace. Reforms and the disruptions in the real estate sector have ensured that no new player has an easy entry into the sector. Even the existing developers have been under pressure with lack of sales, high borrowing costs and lack of pricing power. The liquidity crisis worsened the situation for the sector and the pandemic has accelerated the process of consolidation. The pandemic has opened up new avenues of growth for well capitalised developers in terms of attractive business development opportunities and online digital sales.

Affordable housing

Affordable housing continues to remain a significant opportunity for developers and key focus area of the government. While the target customers of affordable housing were worst hit by the pandemic leading to lower sales in CY2020, the share of launches in the affordable segment across the top 7 cities of India, has also dropped from 40% in CY2019 to 30% in CY2020, according to ANAROCK Research. In Budget 2021, the government announced several measures to boost affordable housing. In its attempt to boost the affordable

housing demand, the government has proposed to extend additional tax benefit of Rs. 1.5 Lakh on interest paid on affordable housing loans by one more year till March 2022. Also, in order to encourage developers to focus on affordable housing projects, the Government has extended the date of approval for these projects for availing tax holiday on profit earned by developers by one year till March 2022. The affordable housing segment could see a meaningful uptick in demand with an expected economic recovery, improving wages and affordability. Lastly, Affordable Rental Housing Complexes (ARHCs) have been accorded as a sub-scheme under Pradhan Mantri AWAS Yojana-Urban (PMAY-U) to provide ease of living to urban migrants engaged in the informal sectors of the economy.

Digital Real Estate Sales

Over the past few years, digital marketing has emerged as an important tool for real estate developers to boost their sales and reach out to customers globally. While the earlier marketing activities were limited to building consumer experience and establishing connection through digital means, the pandemic has forced the developers to change their conventional sales models. Developers who have been able to migrate their sales process from on-boarding of customers to closing the deal online, have recorded healthy sales even during the lockdown. Digital collaboration tools can be leveraged by the developers to interact with potential customers, showcase project brochures, facilitate virtual site tours, and focus on NRIs to propel the sales. Going ahead, it will be imperative for the developers to adapt to a tech-savvy future in terms of digital platforms for sales and marketing and also introduce enhanced automation at sites.

Monetary Easing

The real estate sector performance is closely linked to the country's economic fundamentals and its monetary policies. The Reserve Bank of India has kept the benchmark repo rate unchanged at 4.0% since May 2020, which is the lowest ever repo rate in its attempt to support the economic recovery while maintaining an accommodative stance. A liberal monetary policy is expected to benefit the customers, real estate developers and foster the reviving housing demand.

THREAT: Even as the demand in the Real Estate Sector is increasing gradually, the squeezed financial scenario and NBFC issue has led to major liquidity challenges and increased borrowing costs.

Huge inventory pile up and delayed projects have affected the confidence of residential end-use customers as well as the investor community.

Regulatory Hurdles

The real estate sector is a highly regulated sector and any unfavorable changes in government policies and the regulatory environment can adversely impact the performance of the sector. There are substantial procedural delays with regards to land acquisition, land use, project launches and construction approvals. Retrospective policy changes and regulatory bottlenecks may impact profitability and affect the attractiveness of the sector and companies operating within the sector.

Funding

The lending to real estate developers by the NBFCs and HFCs was already limited after the IL&FS crisis and the pandemic has further deteriorated the liquidity situation for weaker developers who had to resort to alternative funding in absence of long term loans from banks. However, Grade I developers with strong balance sheets continue to enjoy ample liquidity access. Going ahead, the funding situation is likely to remain selective towards the reputed developers and majority of developers will have to rely on cash flow generation from project sales.

Shortage of Manpower & Technology

The real estate sector is heavily dependent on manual labour. During the pandemic, the sector was badly hit due to reverse migration of construction workers which affected the construction activity severely, leading to delayed timelines for project completion. Hence, there is a need for development of technologically less labour intensive alternative methods of construction.

RISKS AND CONCERNS

Vipul's risk management approach focuses on mitigating the adverse impact of external risks on its business objectives. The framework comprises a combination of centrally issued policies and divisionally-evolved procedures that are regularly reviewed for their alignment with sectoral dynamics and evolving trends.

The Company has a Risk Management Committee which is entrusted with the responsibility of establishing policies to monitor and evaluate the risk management systems of the Company.

The Company aims at continuous improvement of the processes which inter-alia include, reporting methodology of the legal matters, efficient engagement of high quality panel of third party lawyers, standardization of key documents and strengthening internal guidelines and processes on documentation, legal matters and their reporting.

Industry Cyclicity

The real estate market is inherently a cyclical market and is affected by macroeconomic conditions, changes in applicable governmental schemes, changes in supply and demand for projects, availability of consumer financing and liquidity. Your Company has attempted to hedge against the inherent risks through a business model comprising owned projects, joint ventures, residential platforms, and development management through a pan- India presence. However, any future significant down turn in the industry and the overall investment climate may adversely impact business.

Statutory Approvals

The real estate sector in India is heavily regulated by the central, state and local governments. Real estate developers are required to comply with a number of laws and regulations, including policies and procedures established and implemented by local authorities in relation to land acquisition, transfer of property, registration and use of land. These laws often vary from state to state. Several of your Company's projects are in preliminary stages of planning and any delay in obtaining approvals could warrant revised scheduling of project timelines.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company's internal control systems are commensurate with the nature of its business and the size and complexity of its operations. These are routinely tested and verified by Statutory as well as Internal Auditors.

The internal control is supplemented by extensive programme of internal audits, review by Audit Committee and Board of the Company. The system has been designed to ensure that financial and other records are reliable for preparing financial information and for maintaining accountability of assets. All financial and audit control systems are also reviewed by the Audit Committee of the Board of Directors of the Company.

Significant audit observations, if any and follow up actions thereon are reported to the Audit Committee. Further to maintain its objectives and independence, the Internal Auditors reports to the Chairman of the Audit Committee.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF VIPUL LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of **VIPUL LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity and notes to the financial statements for the year then ended on that date, including a summary of significant accounting policies and other explanatory information (herein after referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its losses (including Other Comprehensive Income), Changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

2. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

3. We draw your attention to the following matters included in the Notes to the Standalone Financial Statements:
 - i. Note No. 44 which states the reasons for not accounting for the accrued interest payable to PNB Housing Finance Company Limited for the financial year 2020-21
 - ii. Note No. 45 to the financial results which state that there have been breaches in repayment of loans by the Company.
 - iii. Note No.47 which relates to the various claims and counter claims pending before the Arbitral Tribunal.
 - iv. Note 42(i) which states that certain balances under Loans, Advances and Trade Receivables are subject to balance confirmations.

Our opinion is not modified in respect of these matters.

Key Audit Matters

4. Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

The net worth of some of the underlying entities has significantly eroded and does not have projects under development. The estimated recoverable amount is subjective due to the inherent uncertainty involved in forecasting and discounting future cash flows.</p>	<p>Besides obtaining an understanding of Management's processes and controls with regard to testing the impairment of the unquoted equity instruments in loss making subsidiaries and associates. Our procedures included the following:</p> <ul style="list-style-type: none"> • Engaged internal fair valuation experts to challenge management's underlying assumptions and appropriateness of the valuation model used; • Compared the Company's assumptions with comparable benchmarks in relation to key inputs such as long-term growth rates and discount rates; • Assessed the appropriateness of the forecast cash flows within the budgeted period based on their understanding of the business and sector experience; • Considered historical forecasting accuracy, by comparing previously forecasted cash flows to actual results achieved; and • Performed a sensitivity analysis in relation to key assumptions
2	<p>Revenue recognition – accounting for construction contracts</p> <p>There are significant accounting judgements including estimation of costs to complete, determining the stage of completion and the timing of revenue recognition. The Company recognises revenue and profit/loss on the basis of stage of completion based on the proportion of contract costs incurred at balance sheet date, relative to the total estimated costs of the contract at completion. The recognition of revenue and profit/loss therefore rely on estimates in relation to total estimated costs of each contract. Cost contingencies are included in these estimates to take into account specific uncertain risks, or disputed claims against the Company, arising within each contract. These contingencies are reviewed by the Management on a regular basis throughout the contract life and adjusted where appropriate.</p>	<p>In responding to the identified key audit matter, we completed the following audit procedures:</p> <ul style="list-style-type: none"> • Testing of the design and implementation of controls involved for the determination of the estimates used as well as their operating effectiveness; • Testing the relevant information technology systems' access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the new revenue accounting standard; • Testing a sample of contracts for appropriate identification of performance obligations; • For the sample selected, reviewing for change orders and the impact on the estimated costs to complete; • Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings

Other Information

5. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis; Board's Report including Annexures to Board Report, Business Responsibility Report, Corporate Governance and Shareholders' Information but does not include the standalone financial statements and our auditor's report thereon. The aforesaid documents are expected to be made available to us after the date of this auditor's report.

6. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance or conclusion thereon.
7. In connection with our audit of the standalone financial statements, our responsibility is to read the other information when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.
8. When we read the aforesaid documents, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Standalone Financial Statements

9. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.
10. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
11. The Board of Directors are also responsible for overseeing the company's financial reporting.

Auditor's Responsibility for the Audit of the Financial Statements

12. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
13. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
14. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
15. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
16. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matters or when we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
17. Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements

Report on Other Legal and Regulatory Requirements

18. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure-A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
19. As required by Section 143 (3) of the Act, we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the Statement of Changes in Equity dealt with by this report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- (e) The matters described in the Emphasis of Matter paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
- (f) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act;
- (g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

According to the information and explanations given to us and the records of the company examined by us, total managerial remuneration paid as reflected in the financial statements for the year ended 31st March 2021 are in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act, as applicable.

However, the Company has made default of repayment of loans taken from various lenders being banks/public financial institutions and was in default at the time of such payments/ provision. As required under 197(3) of the Act, 2013, prior approval from such lenders has not been obtained.

- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 39 of the standalone financial statements.
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE- B: TO THE INDEPENDENT AUDITOR'S REPORT

To the Members of VIPUL LIMITED

[Referred to in paragraph 19 (g) of the Independent Auditor's Report of even date]

Report on the Internal Financial Control under Clause (i) of Sub –sections 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of VIPUL LIMITED ("the Company") as of 31st March, 2021 in conjunction with our audit of The Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Control

2. The Company's management is responsible for establishing and maintaining internal financial control based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the "Guidance Note" and the Standard on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial control over financial reporting, assessing the risk that a material Weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedure selected depends on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statement, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Control over Financial Reporting

6. A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that
 - 1) Pertain to the maintenance of the records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- 2) provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the Company are being made only in accordance with authorization of management and directors of company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements

Inherent Limitations of Internal Financial Control over Financial Reporting

7. Because of inherent limitation of internal financial control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to errors or fraud may occur and not be detected. Also, projections of any evaluations of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respect, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2021, based on the internal control over financial reporting criteria established by the Company considering, the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting, issued by ICAI.

28. NOTES TO THE FINANCIAL STATEMENTS

A. Corporate Information

Vipul Limited (the Company) is a public limited company domiciled and incorporated in India and its shares are publicly traded on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The registered office of the Company is situated at Unit No. 201, C-50, Malviya Nagar, New Delhi -110017 and the corporate office is situated at Vipul Techsquare, Golf Course Road, Sector-43, Gurugram-122009 (Haryana).

The principle business activity of the company is Real Estate Development. The Company has its presence in the states of Haryana, Odisha and Punjab.

B. Significant Accounting Policies

1. Basis of preparation of financial statements

The financial statements (Separate financial statements) have been prepared on accrual basis in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and the provisions of the Companies Act, 2013. The financial statements have been prepared on historical cost basis, except for certain financial assets and liabilities which have been measured at fair value (refer accounting policy regarding financial instruments).

The Ind AS financial statements are presented in INR which is the Company's functional and presentation currency and all values are rounded to the nearest lakhs, except when otherwise indicated. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2. Use of estimates and management judgements

The preparation of financial statement in conformity with the recognition and measurement principles of Ind AS requires management to make judgements, estimates and assumptions that affect the reported balances of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a. Key estimates and assumptions :

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

i) Revenue recognition, contract costs and valuation of trade receivables

Revenue from contract with customer of its real estate projects is recognized, when control of the goods or services are transferred to the customer, at an amount that reflects the consideration to which the Company is expected to be entitled in exchange for those goods or services. The Company transfer control of a good and service over time. Accordingly, revenue is measured by reference to the stage of the projects and contracts determined based on the proportion of contract costs incurred for work performed to date bear to the estimated total contract costs. Hence method requires the Company to estimate the costs expended to date as a proportion of the total costs to be expended. Significant assumptions are required in determining the stage

of completion, the extent of the contract cost incurred the estimated total contract revenue and contract cost and the recoverability of the contracts. These estimates are based on events existing at the end of each reporting date.

ii) **Estimation of net realizable value for inventory**

Inventory is stated at the lower of cost and net realizable value (NRV).

NRV for completed inventory is assessed by reference to market conditions and prices existing at the reporting date and is determined by the Company, based on comparable transactions identified by the Company for inventories in the same geographical market serving the same real estate segment.

NRV in respect of inventory under construction is assessed with reference to market prices at the reporting date for similar completed property, less estimated costs to complete construction and an estimate of the time value of money to the date of completion.

iii) **Useful lives of property, plant and equipment**

As described in the significant accounting policies, the Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period.

iv) **Actuarial Valuation**

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

3. **Summary of significant accounting policies**

a. **Property, Plant and Equipment**

The cost of an item of property, plant and equipment comprises of its purchase price, any costs directly attributable to its acquisition and an initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which the company incurs when the item is acquired. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred. Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately.

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the Property, plant and equipment is derecognized.

b. **Intangible Assets**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment loss.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

c. Revenue Recognition-

Revenue is recognized as follows:

- I. The Company recognises revenue, on execution of agreement or letter of allotment and when control of the goods or services are transferred to the customer, at an amount that reflects the consideration (i.e. the transaction price) to which the Company is expected to be entitled in exchange for those goods or services excluding any amount received on behalf of third party (such as indirect taxes). An asset created by the Company's performance does not have an alternate use and as per the terms of the contract, the Company has an enforceable right to payment for performance completed till date. Hence the Company transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time. The Company recognises revenue at the transaction price which is determined on the basis of agreement or letter of allotment entered into with the customer. The Company recognises revenue for performance obligation satisfied over time only if it can reasonably measure its progress towards complete satisfaction of the performance obligation. The Company uses cost based input method for measuring progress for performance obligation satisfied over time. Under this method, the Company recognises revenue in proportion to the actual project cost incurred (excluding land cost) as against the total estimated project cost (excluding land cost). The management reviews and revises its measure of progress periodically and are considered as change in estimates and accordingly, the effect of such changes in estimates is recognised prospectively in the period in which such changes are determined.

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract. A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

- II. Claims, interest and transfer fees from customers are recognized on acceptance of the same.
- III. Income from interest is accounted for on time proportion basis taking into account the amount outstanding and the applicable rate of interest.
- IV. Revenue from operation includes various charges recovered from the customers which is recognized on accrual basis having regard to timing and nature of service provided.

d. Borrowing Costs

Borrowing costs attributable to the acquisition or construction of a qualifying asset are carried as part of the cost of such asset. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are expensed in the year they are incurred.

e. Depreciation and amortization

Depreciation on property, plant and equipment is calculated using the written down value method to allocate their cost, net of their residual values, over the useful lives of assets estimated by the management and as given in schedule II of The Companies Act, 2013 except, life of furniture and fixtures has been estimated as 15 years against 10 years as per Schedule II of the Companies Act,

2013. Depreciation for assets purchased / sold during a period is proportionately charged.

Softwares are amortized over the estimated useful life of 5 years.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate

f. Inventories

- i. Constructed properties, shown as work in progress, includes the cost of land (including development rights and land under agreements to purchase), internal development costs, external development costs, construction costs, overheads, borrowing costs, construction materials and is valued at lower of cost/ estimated cost and net realizable value.
- ii. On completion of projects, unsold stocks are transferred to project finished stock under the head "Inventory" and the same is carried at cost or net realizable value, whichever is less.
- iii. Finished Goods – Plots: Valued at lower of cost and net realizable value

g. Retirement Benefits

a. Short Term employee benefit

The employees of the company are entitled to compensate absences which are non-accumulating in nature. Expenses of such compensated absences are recognized in the period in which such absences occur.

b. Long Term and Post-employment benefits

- a) The employees' gratuity fund scheme managed by Life Insurance Corporation of India is a defined benefit plan. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method.
- b) Retirement benefits in the form of Provident Fund and Superannuation/ Pension schemes are charged to the Profit & Loss Statement in the year when the contributions to the respective funds are due.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

i. Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized for liabilities that can be measured only by using a substantial degree of estimation if the company has a present obligation as a result of past event and the amount of obligation can be reliably estimated.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Possible future or present obligations that may but will probably not require outflow of resources or where the same cannot be reliably estimated is disclosed as contingent liability in the financial statement.

Where an inflow of economic benefits is probable, a brief description of the nature of the contingent assets at the end of reporting period, and, where practicable, an estimate of their financial effect is disclosed.

j. Taxes on Income

Tax expense comprises both current and deferred tax. Current tax is determined in respect of taxable income for the year based on applicable tax rates and laws.

Deferred tax Asset/liability is recognized, subject to consideration of prudence, on timing differences being the differences between taxable incomes and accounting income that originates in one year and is capable of reversal in one or more subsequent year and measured using tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date.

Deferred tax assets for carry forward business loss are recognized only if there is virtual certainty supported by convincing evidence that future taxable income will be available against which such deferred tax asset can be realized.

Deferred tax assets/liabilities are reviewed at each Balance Sheet date to reassess their reliability.

Deferred tax assets/liabilities are reviewed at each Balance Sheet date to reassess their reliability

k. Foreign Currency Transactions

Foreign currency denominated monetary assets and liabilities are translated at exchange rates in effect at Balance Sheet date. The gains or losses resulting from such translation are included in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency are translated at the exchange rate prevalent at the date of transactions.

Revenue, expense and cash flow items denominated in foreign currencies are translated using the exchange rate in effect on the date of transaction.

l. Segment Reporting

The company has identified that its operating activity is a single primary business segment viz. Real Estate Development & Services carried out in India. Accordingly, whole of India has been considered as one geographical segment.

m. Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

n. Cash & Cash Equivalents

Cash and cash equivalents comprise cash & cash on deposit with banks and corporations. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less, which are subject to an insignificant risk of changes in value and that are readily convertible to known amounts of cash to be cash equivalents.

o. Financial Instruments

• Financial Instruments - Initial recognition and measurement

Financial assets and financial liabilities are recognized in the company's statement of financial position when the company becomes a party to the contractual provisions of the instrument. The company determines the classification of its financial assets and liabilities at initial recognition. All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

- **Financial assets –Subsequent measurement**

The Subsequent measurement of financial assets depends on their classification which is as follows:

- Financial assets at fair value through profit or loss: Financial assets at fair value through profit and loss include financial assets held for sale in the near term and those designated upon initial recognition at fair value through profit or loss.
- Financial assets measured at amortized cost: Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Trade receivables do not carry any interest and are stated at their nominal value as reduced by appropriate allowance for estimated irrecoverable amounts based on the ageing of the receivables balance and historical experience. Additionally, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. Individual trade receivables are written off when management deems them not to be collectible.

- Financial assets at fair value through OCI

All equity investments, except investments in subsidiaries, joint ventures and associates, falling within the scope of Ind AS 109, are measured at fair value through Other Comprehensive Income (OCI). The company makes an irrevocable election on an instrument by instrument basis to present in other comprehensive income subsequent changes in the fair value. The classification is made on initial recognition and is irrevocable. If the company decides to designate an equity instrument at fair value through OCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

- **Financial assets –Derecognition**

The company derecognizes a financial asset when the contractual rights to the cash flows from the assets expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset. Upon derecognition of equity instruments designated at fair value through OCI, the associated fair value changes of that equity instrument is transferred from OCI to Retained Earnings.

- **Investment in subsidiaries, joint ventures and associates**

Investments made by the company in subsidiaries, joint ventures and associates are measured at Cost. Impairment recognized, if any is reduced from the carrying value.

- **Financial liabilities –**

- Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, or as payables, as appropriate.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

The Subsequent measurement of financial liabilities depends on their classification which is as follows:

- Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading, if any.

- Financial liabilities measured at amortized cost

Interest bearing loans and borrowings including debentures issued by the company are subsequently measured at amortized cost using the effective interest rate method (EIR). Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are integral part of the EIR. The EIR amortized is included in finance costs in the statement of profit and loss.

- Financial liabilities –Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or expires.

- Fair Value measurement

The company measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on presumption that the transaction to sell the asset or transfer the liability takes place either:

- o In the principal market for the assets or liability or
- o In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the company. The company uses valuation technique that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

p. Impairment of non financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CG exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the

risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

Impairment losses, including impairment on inventories, are recognized in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

q. Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition.

r. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle; -
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The real estate development projects undertaken by the Company generally run over a period ranging upto 5 years. Operating assets and liabilities relating to such projects are classified as current based on an operating cycle of upto 5 years. Borrowings in connection with such projects are classified as short term (i.e. current) since they are payable over the term of the respective projects. Assets and liabilities, other than those discussed above, are classified as current to the extent they are expected to be realized / are contractually repayable within 12 months from the Balance sheet date and as non-current, in other cases. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

s. Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are de-recognised as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

t. Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is due within 12 months after reporting period. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

4. Financial risk management objectives and policies

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as equity price risk and commodity/ real estate risk. Financial instruments affected by market risk include loans and borrowings and refundable deposits.

The sensitivity analysis in the following sections relate to the position as at March 31, 2021 and March 31, 2020. The sensitivity analyses have been prepared on the basis that the amount of net debt and the ratio of fixed to floating interest rates of the debt. The analysis excludes the impact of movements in market variables on: the carrying values of gratuity and other post retirement obligations; provisions.

The below assumption has been made in calculating the sensitivity analysis:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2021 and March 31, 2020.

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2021 and March 31, 2020.

a. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Company does not enter into any interest rate swaps.

b. Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Increase / decrease in	Effect on profit before tax*
March 31, 2021		
INR	Increase by 1%	Reduce by 35,942,857
INR	Decrease by 1%	Increase by 35,942,857
March 31, 2020		
INR	Increase by 1%	Reduce by 183,394,409
INR	Decrease by 1%	Increase by 183,394,409

*determined on gross basis i.e. without considering inventorisation of such borrowing cost.

B. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including refundable joint development deposits, security deposits, loans to employees and other financial instruments.

Trade receivables

- Receivables resulting from sale of properties: Customer credit risk is managed by requiring customers to pay advances before transfer of ownership, therefore, substantially eliminating the Company's credit risk in this respect.
- Receivables resulting from other than sale of properties: Credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. The impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security. The Company's credit period generally ranges from 30-60 days.

Financial Instrument and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty.

Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Company's Finance Committee. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments. The Company's maximum exposure to credit risk for the components of the statement of financial position at 31 March 2021 and 2020 is the carrying amounts.

Annual Report 2020-21

C. Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank deposits and loans. The table below summarizes the maturity profile of the Company's financial liabilities based on Contractual undiscounted payments:

Particulars	On demand Rs. in Lakhs	Upto 1 year Rs. in Lakhs	1 to 5 years Rs. in Lakhs	>5 years Rs. in Lakhs	Total Rs. in Lakhs

D. Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximize the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables (excluding Liability under JDA), less cash and cash equivalents.

Mab Finlease Ltd.	No repayment schedule	Unsecured	150.82	150.82

Notes:

- No interest is being earned on Rs. 150.82 lakhs (under Loan) to Mab Finlease Ltd. which in the view of management is doubtful of realization to the extent of 25% and accordingly provision for doubtful loan has been made in accounts.

2. Loans are given to the respective companies for:
 - Promoters' contribution in respect of High Class Projects Ltd.
 - Corporate use in respect of Mab Finlease Ltd.

41. Movement in Provisions:

(Rs. in lakhs)

Particulars	As at 01.04.2020	Addition during the year	Total	Payments/ Utilization Charged off	Written back during the year	Balance as at 31.03.2021

42. (i) In the opinion of the management, current assets including loans and advances have a value on realization in the ordinary course of business at least equal to the amount at which they are stated in the books. However, certain balances under Loans and advances and Trade Receivables are subject to confirmation.
 - (ii) Rs.1262.99 lakhs (P.Y. Rs.1400.08) lakhs due from Private Companies in which a director is interested.
43. The unclaimed dividend for the financial years 2013-14, 2016-17 (interim dividend), 2016-17 (final dividend) & 2017-18 amounting to Rs 1.57 lakhs, Rs 0.36 lakhs, Rs. 2.07 lakhs and Rs.3.51 lakhs respectively and is lying in separate Bank Accounts.
44. Borrowings include Rs. 370.82 crores payable to PNB Housing Finance Limited (PNBHFL). During the FY 2020-2021, the Company has entered into a Joint Development Agreement (JDA) with a reputed real estate developer for development and marketing of its group housing project named "Aarohan Residences" (Ongoing project). By virtue of this JDA, the new developer will take over the liability of PNBHFL as part consideration of the ongoing project. PNBHFL has conveyed its approval to the said arrangement vide communication dated 1st March, 2021 on fulfillment of certain terms and conditions. The terms and conditions, inter alia, include certain waiver of interest and restructuring of principal on its loan to this Company. As on the date of the finalization of the accounts for F.Y 2020 – 2021, the transfer of the ongoing project has not taken place because of delay in certain regulatory approvals on account of Covid-19 pandemic. The complete effect of the transfer will be given effect to, as and when all regulatory approvals are received. Since the company has not given effect to the project transfer and the exact amount figure of the liability transfers are not also crystallized, the company has not accounted for the interest payable to PNBHFL for the FY 2020-2021.
45. Due to overall sluggishness in the Indian economy and slump in the Real Estate Industry, there have been delays in the financial covenants in payment of principle as well as interest to certain secured lenders in the current period. The Company is in the process of regularizing such delays.
46. The Company's offices and project sites remained shut due to lockdown announced by State Government w.e.f 19th April, 2021. As per regulatory orders issued from time to time, the Company saw partial resumption in June 2021, all our offices and project sites got operational in line with respective state rules and regulations. However, we also started witnessing labor migration issues across all states. This had an adverse impact on our operations at project sites.

- 47.** Solitaire Capital India, a shareholder of Vipul SEZ Developers Pvt. Ltd., a subsidiary company of the Company along with Solitaire Ventures Pte. Ltd moved the Hon'ble Supreme Court of India in terms of Section 11(5) and (6) of the Arbitration and Conciliation Act, 1996 and accordingly the Arbitral Tribunal stood constituted. The Parties namely Solitaire Ventures Pte. Ltd and Solitaire Capital India are treated to be Claimants therein and Vipul Group consisting of eight companies Vipul Ltd., Vipul SEZ Developers Pvt. Ltd., PKB Buildcon Pvt. Ltd., PKBK Buildwell Pvt. Ltd., KST Buildwell Pvt. Ltd., Entrepreneurs (Calcutta) Pvt. Ltd., URR Housing and Construction Pvt. Ltd. & Ritwiz Builders & Developers Pvt. Ltd. as well as Silverstone Developers Pvt. Ltd. and Karamchand Realtech Pvt. Ltd. are treated to be Respondents.

All the Parties have filed their respective Claims/Counter Claims against each other. The Arbitral Proceedings are continuing.

Solitaire Capital India, along with Solitaire Ventures Pte. Ltd have filed a petition before the Hon'ble High court of Delhi at New Delhi and also Silverstone Developers Pvt Ltd have filed three petitions in Hon'ble Delhi High court for seeking interim relief and the Hon'ble High court vide its order dated 10th March 2015 has disposed of all three petitions as under:

“Under these circumstances, all the three petitions are accordingly disposed of, with the direction that the interim order passed on 3rd December,2012 and modification order dated 27th September, 2013 in OMP NO 1123/2012 shall continue during the pendency of arbitral proceedings unless the said order is modified by the Arbitral Tribunal in respect of 132.568 acres (as 6 acres of land already sold with the consent of the parties) as per revised Project Land as per the MOU/Agreement dated 13th September,2008.”

Effect, if any, required to be made in the financial statement of the company in this respect shall be made on finality of the matter.

Solitaire Capital India & Anr. (Appellant) filed a Company Petition No.94/2019 under Section 241 and 242 of the Companies Act, 2013 against Vipul Sez Developers Pvt. Ltd. & Anr before Hon'ble NCLT, New Delhi Bench, again seeking the same interim prayers which were rejected earlier on three occasions. Respondents namely Vipul Limited & others responded to the said Company Petition by filing Application being C.A. No. -422/C-III/ND/201 u/s 8 of Arbitration & Conciliation Act questioning the Jurisdiction of Hon'ble NCLT as the Parties are before Arbitral Tribunal and seized of the dispute/matter. Hon'ble NCLT despite observing and recording that the parties are before the Arbitral Tribunal passed a conditional order dated 09.08.2019 granting injunction on the piece of land admeasuring 7 acres purchased vide sale deed no. 3543 dated 12.05.2006 till the decision on the application filed by the Appellant u/s 17 of Arbitration & Conciliation Act or Decision of Hon'ble NCLT in relation to Application being C.A. No. -422/C-III/ND/201 u/s 8 of Arbitration & Conciliation Act WHICHEVER IS EARLIER. Arbitral Tribunal rejected the application of Appellant u/s 17 of Arbitration Act vide its order dated 12.12.2019. The Appellant (Claimants before Hon'ble Arbitral Tribunal) have challenged the said rejection order of Hon'ble Arbitral Tribunal before Hon'ble Delhi High Court and the same is still pending till date. Appellant approached the Hon'ble Supreme Court & the Hon'ble Supreme Court vide its order dated 09.01.2020 directed the Hon'ble NCLT to dispose off the application C.A. No. -422/C-III/ND/201 u/s 8 of Arbitration & Conciliation Act questioning the Jurisdiction of Hon'ble NCLT within 10 days. Vipul Ltd. informed the Hon'ble NCLT of Hon'ble Supreme Court Order dated 09.01.2020 on 15.01.2020. Matter was listed on 22.01.2020 & adjourned to 24.01.2020 for arguments on the application u/s 8 of Arbitration & Conciliation Act and the same is still pending till date. Arguments on the application u/s 8 of Arbitration & Conciliation Act were concluded and Hon'ble NCLT dismissed the application u/s 8 of Arbitration & Conciliation Act. The Company has challenged the said dismissal order of Hon'ble NCLT before Hon'ble NCLAT and the same is still pending till date.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF VIPUL LIMITED

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

1. We have audited the accompanying consolidated financial statements of **VIPUL LIMITED** (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associates comprising of the Consolidated Balance Sheet as at 31st March, 2021, the Consolidated Statement of Profit and Loss including other comprehensive Income, the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity, for the year then ended, including a summary of significant accounting policies and other explanatory information (herein after referred to as "Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries and associates referred to in the Other Matters paragraph and except for the possible effects of the matters described in the "Basis for Qualified Opinion" paragraph below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2021, of consolidated losses (including Other Comprehensive Loss), consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

2. This Statement does not include the financial information of one subsidiary along with its four subsidiaries while the Statement of Consolidated Assets and Liabilities and Consolidated Statement of Cash Flow for the year ended 31st March 2021 and 31st March 2020 includes the consolidated Balance Sheet of the said subsidiary for the year ended 31st March, 2018. The consolidated financial statements for the year ended 31st March, 2021, 31st March 2020 and 31st March 2019 of the said subsidiary is not available with the Parent's Management. The auditor who had audited the consolidated financial statements of the said subsidiary had expressed a modified opinion on the consolidated financial statements for the year ended March 31, 2018. In the absence of audited consolidated financial statements for the year ended March 31, 2019, March 31, 2020 and March 31, 2021 we are unable to comment on whether the circumstances which resulted in the modified opinion still exist.
3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Companies Act, 2013. We believe that the audit evidence we have obtained along with the consideration of audit reports of the other auditors referred to in "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Sr. No	Key Audit Matter	Auditor’s Response
1	<p>Revenue recognition – accounting for construction contracts</p> <p>There are significant accounting judgements including estimation of costs to complete, determining the stage of completion and the timing of revenue recognition. The Company recognises revenue and profit/loss on the basis of stage of completion based on the proportion of contract costs incurred at balance sheet date, relative to the total estimated costs of the contract at completion. The recognition of revenue and profit/loss therefore rely on estimates in relation to total estimated costs of each contract. Cost contingencies are included in these estimates to take into account specific uncertain risks, or disputed claims against the Company, arising within each contract. These contingencies are reviewed by the Management on a regular basis throughout the contract life and adjusted where appropriate.</p>	<p>In responding to the identified key audit matter, we completed the following audit procedures:</p> <ul style="list-style-type: none"> • Testing of the design and implementation of controls involved for the determination of the estimates used as well as their operating effectiveness; • Testing the relevant information technology systems’ access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the new revenue accounting standard; • Testing a sample of contracts for appropriate identification of performance obligations; • For the sample selected, reviewing for change orders and the impact on the estimated costs to complete; • Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings

Emphasis of Matter

5. We draw attention to the following matters included in the Notes to the consolidated financial statements:
- Note No. 40 to the financial statements which state that there have been breaches in repayment of loans by the Company.
 - Note No. 41 which states the reasons for not accounting for the accrued interest payable to PNB Housing Finance Company Limited for the financial year 2020-21
 - Note 44 which relates to various claims and counter claims are pending before the Arbitral Tribunal.
 - Note 51 which states that certain balances under Loans, Advances and Trade Receivables are subject to balance confirmations.
 - In one subsidiary and one associate not audited by us and whose audit reports for financial year ending 31st March 2021 has been provided to us, the concerned auditors have emphasized in their respective audit reports that the respective subsidiaries have Capital Work in Progress consisting of a project under implementation and there is no progress in development activities of the project as these projects have been kept on hold. (Refer Note 48).
 - In one subsidiaries not audited by us and whose audit reports for financial year ending 31st March 2021 has been provided to us, the concerned auditors have stated in their audit reports that the

subsidiaries has incurred net cash losses during the current year and the previous year. Consequently, the Companies has not recognised Deferred Tax Assets for the financial year. However, the management is of the opinion that the Company will have sufficient amount of profit in the future years to recover the Deferred Tax Asset amounting to Rs. 1031.10 lakhs which have been recognized up to 31.03.2019. (Refer Note 49)

- g. Note 43 regarding the cumulative impact of Covid-19, sluggishness in the Indian economy, slump in the real estate sector and labour migration which has resulted in substantial slowdown of the project operations, including projects for which advances have been granted to various parties.

Our opinion is not modified in respect of these matters.

Material uncertainty relating to Going Concern

6. In five subsidiary companies not audited by us and whose audit reports for financial year ending 31st March 2021 has been provided to us, the concerned auditors have stated in their respective audit reports that the respective subsidiaries have been incurring losses and their networth has been completely eroded. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the subsidiary's ability to continue as a going concern. However, the financial statements of the Company have been prepared on a going concern basis for the reasons mentioned in Note 49 to the consolidated financial statements.

Our opinion is not modified in respect of this matter.

Other Information

7. The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis; Board's Report including Annexures to Board Report, Business Responsibility Report, Corporate Governance and Shareholders' Information but does not include the consolidated financial statements and our auditor's report thereon. The aforesaid documents are expected to be made available to us after the date of this auditor's report.
8. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
9. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information when it becomes available, and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.
10. When we read the aforesaid documents, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Consolidated AS Financial Statements

11. The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and statement of changes in equity of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with Rules issued thereunder. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and of its associates for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the

accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

12. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group including its associates are responsible for assessing the ability of the Group and its associates to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so
13. The respective Board of Directors of the companies included in the Group and of its associates are responsible for overseeing the financial reporting process of the Group and of its associates.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

14. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
15. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group and its associates which are companies incorporated in India have adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
16. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 17. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 18. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matters or when we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
 19. Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

Other Matters

- 18 We did not audit the financial statements of twelve subsidiaries, whose Financial Statements reflect Group's share of total assets of Rs. 25711.52 lakhs as at March 31, 2021, Group's share of total revenue of Rs. 172.28 lakhs and Group's share of total loss of Rs. (586.36) lakhs, total comprehensive loss of Rs. (581.98) lakhs for the year ended March 31, 2021, and net cash flows of Rs. (2.10 lakhs) for the year ended March 31, 2021 as considered in the Consolidated Financial Statements, which have been audited by their respective independent auditors. The consolidated financial statements also includes the Group's share of loss of Rs. (30.40) lakhs and total comprehensive income of Rs. (30.40) lakhs for the year ended March 31, 2021, as considered in the consolidated financial statements, in respect of five associates which not been audited by us. These financial statements have been audited by other independent auditors whose reports on financial statements of these entities have been furnished to us and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these entities, is based solely on the report of such auditors.

Our Opinion on the consolidated financial statements above, and our report on other Legal and Regulatory Requirements below is not modified in respect of above matters.

Report on Other Legal and Regulatory Requirements

21. As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) Except for the effect of the matters described in the Basis of Qualified Opinion paragraph above, in our opinion proper books of accounts as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) Except for the effects of the matters stated in the Basis of Qualified Opinion paragraph above, in our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with relevant Rules issued thereunder.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2021 taken on record by the Board of Directors of the Holding Company and the reports of the other statutory auditors of its subsidiary companies and associate companies, none of the directors of the Group's companies and associate companies incorporated in India is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) The matters described in the Emphasis of Matter paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
- (g) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate report in "Annexure A", which is based on the auditor's report of the parent, subsidiary companies and associates, which are companies incorporated in India and
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

According to the information and explanations given to us and the records of the company examined by us, total managerial remuneration paid as reflected in the financial statements for the year ended 31st March 2021 are in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act, as applicable.

However, the Company has made default of repayment of loans taken from various lenders being banks/public financial institutions and was in default at the time of such payments/ provision. As required under 197(3) of the Act, 2013, prior approval from such lenders has not been obtained.

- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associates – Refer Note 36 to the consolidated financial statements.

Annual Report 2020-21

- ii. The Group and its associates did not have any material foreseeable losses on long-term contracts including derivative contracts.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, its subsidiary companies and associate companies incorporated in India.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT

To the members of

VIPUL LIMITED

[Referred to in paragraph 18(f) of the Auditors' Report of even date]

Report on the Internal Financial Control under Clause (i) of Sub –section 3 of Section 143 of the Companies Act, 2013("the Act")

1. We have audited the internal financial controls over financial reporting of VIPUL LIMITED (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associates, which are companies incorporated in India as of 31st March 2021 in conjunction with our audit of the financial statements of the Holding Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the of the Holding Company, its subsidiary companies and its associates, which are companies incorporated in India, are responsible for establishing and maintaining internal financial control based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company, its subsidiaries and associates which are companies incorporated in India based on our audit. We conducted our audit in accordance with the "Guidance Note" and the Standard on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedure selected depends on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statement, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies and its associates, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting the Company, its subsidiary companies and its associates which are companies incorporated in India

Meaning of Internal Financial Control over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statement for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- 1) pertain to the maintenance of the records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statement in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorization of management and directors of company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statement.

Inherent Limitations of Internal Financial Control over Financial Reporting

7. Because of inherent limitation of internal financial control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to errors or fraud may occur and not be detected. Also, projections of any evaluations of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of the other auditors referred to in the Other Matters paragraph below, the Holding Company its subsidiary companies and its associates, which are companies incorporated in India, have, in all material respect, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2021, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting, issued by ICAI.

Other Matters

9. Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to one subsidiary, which is a company incorporated in India, is based solely on the corresponding report of the auditor of such company incorporated in India.

This report does not include the report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting of one subsidiary along with its four subsidiaries as the reports the said subsidiaries are not available with the Parent's Management. In the absence of such report, we are unable to comment on the adequacy and operating effectiveness of the internal financial controls over financial reporting in respect of the subsidiary along with its four subsidiaries

The independent auditors' reports of the other subsidiaries and associates do not include Report on the internal financial controls under clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the 'Report on internal financial controls'), since in the opinion and according to the information and explanation given to the respective auditors, the said report on internal financial controls is not applicable to the Company on basis of the exemption available to the entities under MCA notification no. G.S.R. 583(E) dated June 13, 2017, read with corrigendum dated July 13, 2017 on reporting on internal financial controls over financial reporting.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Note No. 33

A. Group Overview

Vipul Limited (“the Company”) including its subsidiaries and interests in its Associates (collectively referred to as “the Group”) is a public limited company domiciled and incorporated in India and its shares are publicly traded on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The registered office of the Company is situated at Unit No. 201, C 50, Malviya Nagar, New Delhi -110017 and the corporate office is situated at Vipul Techsquare, Golf Course Road, Sector-43, Gurugram-122009 (Haryana).

The principle business activity of the company is Real Estate Development. The Company has its presence in the states of Haryana, Odisha and Punjab.

B. Significant Accounting Policies

1. Basis of preparation of financial statements

The Financial Statements of the subsidiaries used in the consolidation are drawn upto the same reporting date as that of the company, i.e. March 31, 2021.

The Consolidated Financial Statements of the Group have been prepared on accrual basis in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and the provisions of the Companies Act, 2013. The financial statements have been prepared on historical cost basis, except for certain financial assets and liabilities which have been measured at fair value (refer accounting policy regarding financial instruments).

The Ind AS financial statements are presented in INR which is the group's functional and presentation currency and all values are rounded to the nearest lakhs, except when otherwise indicated. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2. Use of estimates and management judgements

The preparation of financial statement in conformity with the recognition and measurement principles of Ind AS requires management to make judgements, estimates and assumptions that affect the reported balances of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a. Key estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

i) Revenue recognition, contract costs and valuation of trade receivables

The group recognized revenue from contract with customer of its real estate projects i, when control of the goods or services are transferred to the customer, at an amount that reflects the consideration to which the group is expected to be entitled in exchange for those goods or services. The group transfer control of a good and service over time. Accordingly is measured by reference to the stage of the projects and contracts determined based on the proportion of contract costs incurred for work performed to date bear to the estimated total contract costs. Hence method requires the group to estimate the costs expended to date as a proportion of the total costs to be expended. Significant assumptions are required in determining the stage of completion, the extent of the contract cost incurred, the estimated total contract revenue and contract cost and the recoverability of the contracts. These estimates are based on events existing at the end of each reporting date.

ii) Estimation of net realizable value for inventory

Inventory is stated at the lower of cost and net realizable value (NRV).

NRV for completed inventory is assessed by reference to market conditions and prices existing at the reporting date and is determined, based on comparable transactions identified by the Group for inventories in the same geographical market serving the same real estate segment.

NRV in respect of inventory under construction is assessed with reference to market prices at the reporting date for similar completed property, less estimated costs to complete construction and an estimate of the time value of money to the date of completion.

iii) Useful lives of property, plant and equipment

As described in the significant accounting policies, the Group reviews the estimated useful lives of property, plant and equipment at the end of each reporting period.

iv) Actuarial Valuation

The determination of Group's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depend upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

3. Summary of significant accounting policies

a. Principles of consolidation

The Consolidated Financial Statements have been prepared on the basis of Indian Accounting Standard-110 on "Consolidated Financial Statements" read with the following assumptions:

- The financial statements of the parent company and its subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-Group balances and inter Group transactions.
- The consolidated financial statement are prepared by adopting uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the parent company's separate financial statement unless stated otherwise.

- The difference between the costs of investments in the subsidiaries, over the net assets at the time of acquisition of shares in the subsidiaries is recognized in the Financial Statements as Goodwill or Capital Reserve as the case may be.
- Goodwill arising, if any, out of consolidation is not being amortized.
- Minority Interest share of Net Profit/Loss of Consolidated Subsidiaries for the year is identified and adjusted against the income of the Group in order to arrive at the net income attributable to the shareholders of the Company.
- Minority Interest's share of Net Assets of Consolidated Subsidiaries is identified and presented in the Consolidated Balance Sheet separately from liabilities and the equity of the Company's Shareholders.
- Investment in associate are accounted for using equity method as per Ind AS 28 - Investment in Associates and Joint Ventures. Accordingly, the post-acquisition share of profit / loss of the associate company (the loss being restricted to the cost of investment) has been added to / deducted from the cost of investments. The excess of cost to the Company of its investment in the associates, over and above the Company's share of net assets in the associate, at the time of acquisition of share, is described as goodwill. On the other hand, where the share of net assets in the associate as on the date of investment, is in excess of cost of investments of the Company, it is described as Capital Reserve. Goodwill or Capital Reserve, as the case may be, is included in the carrying amount of investment.

b. Property, Plant and Equipment

The cost of an item of property, plant and equipment comprises of its purchase price, any costs directly attributable to its acquisition and an initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which the Group incurs when the item is acquired. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred. Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately.

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the Property, plant and equipment is derecognized.

c. Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment loss.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period

d. Revenue Recognition-

Revenue is recognized as follows:

- I. The Group recognises revenue, on execution of agreement or letter of allotment and when control of the goods or services are transferred to the customer, at an amount that reflects the consideration (i.e. the transaction price) to which the Group is expected to be entitled in exchange for those goods or services excluding any amount received on behalf of third party (such as indirect taxes). An asset created by the Group's performance does not have an alternate use and as per the terms of the contract, the Group has an enforceable right to payment for performance completed till date. Hence the Group transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time. The Group recognises revenue at the transaction price which is determined on the basis of agreement or letter of allotment entered into with the customer. The Group recognises revenue for performance obligation satisfied over time only if it can reasonably measure its progress towards complete satisfaction of the performance obligation. The Group uses cost based input method for measuring progress for performance obligation satisfied over time. Under this method, the Group recognises revenue in proportion to the actual project cost incurred (excluding land cost) as against the total estimated project cost (excluding land cost). The management reviews and revises its measure of progress periodically and are considered as change in estimates and accordingly, the effect of such changes in estimates is recognised prospectively in the period in which such changes are determined.
 - a. A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.
 - b. A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract. A receivable represents the Group's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).
- II. Claims, interest and transfer fees from customers are recognized on acceptance of the same.
- III. Income from interest is accounted for on time proportion basis taking into account the amount outstanding and the applicable rate of interest.
- IV. Revenue from operation includes various charges recovered from the customers which is recognized on accrual basis having regard to timing and nature of service provided

e. Borrowing Costs

Borrowing costs attributable to the acquisition or construction of a qualifying asset are carried as part of the cost of such asset. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are expensed in the year they are incurred.

f. Depreciation and amortization

Depreciation on property, plant and equipment is calculated using the written down value method to allocate their cost, net of their residual values,

over the useful lives of assets estimated by the management and as given in schedule II of The Companies Act, 2013 except, life of furniture and fixtures has been estimated as 15 years against 10 years as per Schedule II of the Companies Act, 2013. Depreciation for assets purchased / sold during a period is proportionately charged.

Softwares are amortized over the estimated useful life of 5 years.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate

g. Inventories

1. Constructed properties, shown as work in progress, includes the cost of land (including development rights and land under agreements to purchase), internal development costs, external development costs, construction costs, overheads, borrowing costs, construction materials and is valued at lower of cost/ estimated cost and net realizable value.
2. On completion of projects, unsold stocks are transferred to project finished stock under the head "Inventory" and the same is carried at cost or net realizable value, whichever is less.
3. Finished Goods – Plots: Valued at lower of cost and net realizable value.

h. Retirement Benefits

a) Short Term employee benefit

The employees of the Group are entitled to compensate absences which are non-accumulating in nature. Expenses of such compensated absences are recognized in the period in which such absences occur.

b) Long Term and Post-employment benefits

- a) The employees' gratuity fund scheme managed by Life Insurance Corporation of India is a defined benefit plan. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method.
- b) Retirement benefits in the form of Provident Fund and Superannuation/ Pension schemes are charged to the Profit & Loss Statement in the year when the contributions to the respective funds are due.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

i. Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized for liabilities that can be measured only by using a substantial degree of estimation if the Group has a present obligation as a result of past event and the amount of obligation can be reliably estimated.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Possible future or present obligations that may but will probably not require outflow of resources or where the same cannot be reliably estimated is disclosed as contingent liability in the financial statement.

Where an inflow of economic benefits is probable, a brief description of the nature of the contingent assets at the end of reporting period, and, where practicable, an estimate of their financial effect is disclosed.

j. Taxes on Income

Tax expense comprises both current and deferred tax. Current tax is determined in respect of taxable income for the year based on applicable tax rates and laws.

Deferred tax Asset/liability is recognized, subject to consideration of prudence, on timing differences being the differences between taxable incomes and accounting income that originates in one year and is capable of reversal in one or more subsequent year and measured using tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date.

Deferred tax assets for carry forward business loss are recognized only if there is virtual certainty supported by convincing evidence that future taxable income will be available against which such deferred tax asset can be realized

Deferred tax assets/liabilities are reviewed at each Balance Sheet date to reassess their reliability.

k. Foreign Currency Transactions

Foreign currency denominated monetary assets and liabilities are translated at exchange rates in effect at Balance Sheet date. The gains or losses resulting from such translation are included in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency are translated at the exchange rate prevalent at the date of transactions.

Revenue, expense and cash flow items denominated in foreign currencies are translated using the exchange rate in effect on the date of transaction.

l. Segment Reporting

The Group has identified that its operating activity is a single primary business segment viz. Real Estate Development & Services carried out in India. Accordingly, whole of India has been considered as one geographical segment.

m. Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

n. Cash & Cash Equivalents

Cash and cash equivalents comprise cash & cash on deposit with banks and corporations. The Group considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less, which are subject to an insignificant risk of changes in value and that are readily convertible to known amounts of cash to be cash equivalents.

o. Financial Instruments

1. Financial Assets

• Classification

The Group classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit and loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

• Initial recognition and measurement

Financial assets are recognized in the Group's statement of financial position when the Group becomes a party to the contractual provisions of the instrument. The Group determines the classification of its financial assets at initial recognition. All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

• Subsequent measurement

The Subsequent measurement of financial assets depends on their classification which is as follows:

• Financial assets at fair value through profit or loss

Financial assets at fair value through profit and loss include financial assets held for sale in the near term and those designated upon initial recognition at fair value through profit or loss.

• Financial assets measured at amortized cost

Loans and receivables are non derivative financial assets with fixed or determinable payments that are not quoted in an active market. Trade receivables do not carry any interest and are stated at their nominal value as reduced by appropriate allowance for estimated irrecoverable amounts based on the ageing of the receivables balance and historical experience. Additionally, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. Individual trade receivables are written off when management deems them not to be collectible.

• Financial assets at fair value through OCI

All equity investments, except investments in subsidiaries, joint ventures and associates, falling within the scope of Ind AS 109, are measured at fair value through Other Comprehensive Income (OCI). The group makes an irrevocable election on an instrument by instrument basis to present in other comprehensive income subsequent changes in the fair value. The classification is made on initial recognition and is irrevocable. If the group decides to designate an equity instrument at fair value through OCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

- Derecognition

The group derecognizes a financial asset when the contractual rights to the cash flows from the assets expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset. Upon derecognition of equity instruments designated at fair value through OCI, the associated fair value changes of that equity instrument is transferred from OCI to Retained Earnings.

- **Investment in subsidiaries, joint ventures and associates**

Investments made by the company in subsidiaries, joint ventures and associates are measured at Cost.

2. Financial liabilities

- Classification

The Group classifies all financial liabilities as subsequently measured at amortised cost.

- Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, or as payables, as appropriate.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

- Subsequent measurement

The Subsequent measurement of financial liabilities depends on their classification which is as follows:

- Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading, if any.

- Financial liabilities measured at amortized cost

Interest bearing loans and borrowings including debentures issued by the Group are subsequently measured at amortized cost using the effective interest rate method (EIR). Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are integral part of the EIR. The EIR amortized is included in finance costs in the statement of profit and loss.

- Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or expires.

- **Fair Value measurement**

The Group measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the assets or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible to the Group. The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

p. Impairment of non financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CG exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

Impairment losses, including impairment on inventories, are recognized in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

q. Impairment of financial assets

The Group assesses at each date of balance sheet whether a financial asset or a Group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Group recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition.

r. Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle; -
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The real estate development projects undertaken by the Group generally run over a period ranging up to 5 years. Operating assets and liabilities relating to such projects are classified as current based on an operating cycle of up to 5 years. Borrowings in connection with such projects are classified as short term (i.e. current) since they are payable over the term of the respective projects. Assets and liabilities, other than those discussed above, are classified as current to the extent they are expected to be realized / are contractually repayable within 12 months from the Balance sheet date and as non-current, in other cases. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

s. Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are de-recognised as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

t. Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is due within 12 months after reporting period. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

u. Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as Long term investments.

Long term investments are carried at cost. Provision for diminution, if any, in the value of each long term investment is made to recognize a decline other than of a temporary nature. Current investments are stated at lower of cost and fair value.

Profit / loss on sale of on investments is recognized with reference to the cost of the investment.

4. Financial risk management objectives and policies

The Group's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support Group's operations. The Group's principal financial assets include trade and other receivables, cash and cash equivalents and loans and advances and refundable deposits that derive directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The Group's senior management is supported by a financial risk committee that advises on financial risks and the appropriate financial risk governance framework for the Group. The financial risk committee provides assurance to the Group's senior management that the Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

a. Market risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as equity price risk and commodity/ real estate risk. Financial instruments affected by market risk include loans and borrowings and refundable deposits.

The sensitivity analysis in the following sections relate to the position as at March 31, 2021 and March 31, 2020. The sensitivity analyses have been prepared on the basis that the amount of net debt and the ratio of fixed to floating interest rates of the debt. The analysis excludes the impact of movements in market variables on: the carrying values of gratuity and other post retirement obligations; provisions.

The below assumption has been made in calculating the sensitivity analysis:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2021 and March 31, 2020.

i. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates.

The Group manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Group does not enter into any interest rate swaps.

ii. Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Group's profit before tax is affected through the impact on floating rate borrowings, as follows

Particulars	Increase/ decrease in Interest rate	Effect on profitbefore tax*
March 31,2021		
INR	Increase by 1%	Reduce by Rs. 38,536,857
INR	Decrease by 1%	Increased by Rs. 38,536,857
March 31,2020		
INR	Increase by 1%	Reduce by Rs. 186,051,909
INR	Decrease by 1%	Increased by Rs. 186,051,909

Determined on gross basis i.e. without considering inventorisation of such borrowing cost.

b. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including refundable joint development deposits, security deposits, loans to employees and other financial instruments.

Trade receivables

- (a) Receivables resulting from sale of properties: Customer credit risk is managed by requiring customers to pay advances before transfer of ownership, therefore, substantially eliminating the Group's credit risk in this respect.
- (b) Receivables resulting from other than sale of properties: Credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. The impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Group does not hold collateral as security. The Group's credit period generally ranges from 30-60 days.

Financial Instrument and cash deposits

Credit risk from balances with banks and financial institutions is managed by the

Group's treasury department in accordance with the Group's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty.

Counterparty credit limits are reviewed by the Group's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Group's Finance Committee. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments. The Group's maximum exposure to credit risk for the components of the statement of financial position at 31 March 2021 and 2020 is the carrying amounts.

c. Liquidity risk

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank deposits and loans. The table below summarizes the maturity profile of the Group's financial liabilities based on Contractual undiscounted payments:

	On demand Rs.	Upto 1 year Rs.	1 to 5 years Rs.	>5 years Rs.	Total Rs.
Year ended March 31,2021					
Borrowings	Nil	1,24,82,76,156	1,00,07,94,434	Nil	2,24,90,70,590

Other financial liabilities	Nil	5,86,69,16,162	335,856,121	Nil	6,20,27,72,283

d. Capital management

For the purpose of the Group's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Group. The primary objective of the Group's capital management is to maximise the shareholder value.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group includes within net debt, interest bearing loans and borrowings, trade and other payables (excluding Liability under JDA), less cash and cash equivalents

Annual Report 2020-21

Particulars	31-March-21 Rs. (in lakhs)	31-March-20 Rs. (in lakhs)
Borrowings (long-term and short-term, excluding current maturities of long-term borrowings)	22632.92	46,216.15
Trade payables	8329.45	6550.34
Other payables (current and non-current, excluding current maturities of long-term borrowings)	-	-
Less: Cash and cash equivalents	(5961.11)	(1856.80)
Net debt	25,001.26	50,909.69
Equity share capital	1199.84	1199.84
Other equity	26,020.24	31,494.05
Total Capital	27,220.08	32,693.89
Capital and net debt	52,221.34	83,603.58
Gearing ratio	0.48	0.61

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been breaches in the financial covenants of interest-bearing loans and borrowing in the current period. Details are given in CARO section of Independent Audit Report issued on standalone financials statements of the company.

- 40.** Due to overall sluggishness in the Indian economy and slump in the Real Estate Industry, there have been delays in the financial covenants in payment of principle as well as interest to certain secured lenders of the group in the current period. The parent company along with one of the subsidiaries are in the process of regularizing such delays.
- 41.** Borrowings include Rs. 370.82 crores payable to PNB Housing Finance Limited (PNBHFL). During the FY 2020-2021, the holding company has entered into a Joint Development Agreement (JDA) with a reputed real estate developer for development and marketing of its group housing project named "Aarohan Residences" (Ongoing project). By virtue of this JDA, the new developer will take over the liability of PNBHFL as part consideration of the ongoing project. PNBHFL has conveyed its approval to the said arrangement vide communication dated 1st March, 2021 on fulfillment of certain terms and conditions. The terms and conditions, inter alia, include certain waiver of interest and restructuring of principal on its loan to this holding Company. As on the date of the finalization of the accounts for F.Y 2020 - 2021, the transfer of the ongoing project has not taken place because of delay in certain regulatory approvals on account of Covid-19 pandemic. The complete effect of the transfer will be given effect to, as and when all regulatory approvals are received. Since the holding company has not given effect to the project transfer and the exact amount figure of the liability transfers are not also crystallized, the holding company has not accounted for the interest payable to PNBHFL for the FY 2020-2021.

Annexure 1 to the Statement on Impact of Audit Qualifications (for audit report with modified opinion) submitted along-with Annual Audited Financial Results – (Consolidated)

SI	Details of Audit Qualification	If Management is unable to estimate the impact, reasons for the same	Auditors' Comments on Management's reasons
01.	In absence of the confirmation of the advances given amounting to Rs 33,50,000, We are unable to comment about the realisability of the same	The management is following up for recovery and favorable response is expected. Hence, the management is of the opinion that no provision is required.	No specific comments other than our observation in auditor's report.
02.	The licenses for the group housing development have expired during January 14 and January 16 respectively and the company has applied for renewal of these licenses under "the EDC Relief policy" announced by govt. Haryana and accordingly the company has submitted a mortgage deed of certain portion of license land to DTCP. The renewal of these licenses are awaited. In the absence of such renewal licenses we are unable to comment about the future use of such land for which such license has been obtained.	The management is optimistic about the renewal of said licenses.	Pending receipt of the order from the Licensing authorities, consequential effects on the financial results are not ascertainable.
03.	The external development Charges and infrastructural development charges along with the delayed payment surcharge, amounting to Rs.1,34,25,07,153/- (Previous year 1,23,92,10,153), have not been deposited and the statutory authority has taken step to invoke the Bank Guarantee issued by Axis Bank Ltd. Pending invocation of Bank guarantee, we are unable to comment about the impact of the same in the financial statement of the company	The management is of the opinion that no further provision is required as all liabilities including delayed payment surcharge has already been provided in the financial statements. Any financial impact from Bank on invocation of the Bank Guarantee is not ascertainable till the time any such demand is raised by the Bank	Pending any demand from the Bank, consequential effects on the financial results are not ascertainable.
04.	Rs.161282741/- shown in the books as Deposit lying with Department of Town and Country Planning, Govt. of Haryana is subject to confirmation.	The management is of the opinion that no provision is required as these recoveries from Department of Town and Country Planning, Govt of Haryana is based on various correspondence of the Government Body. An account confirmation from Department of Town and Country Planning, Govt of Haryana is awaited	Pending confirmation from the Department of Town and Country Planning, Govt of Haryana, consequential effects on the financial results are not ascertainable
05	In the absence of the confirmation of fixed deposit, (including accrued interest) amounting to Rs. 470,94,933.00, We are unable to comment upon the realisability of the same.	The management is following up for confirmation and favorable response is expected.	No specific comments other than our observation in auditor's report.
