About 70 m homes given piped water connection in 3 yrs: PM

FE BUREAU
New Delhi, August 19

PRIME MINISTER NARENDRA Modi on Friday said as many as 70 million households have been provided piped water facility in the past three years, against 30 million earlier, taking the total number of households in the country with such a facility to 100 million.

deliver water to every household (by 2024). This is a great example of 'Sabka Prayas' (everybody's endeavour),

Addressing the Har Ghar Jal Utsav in Goa under the Jal Jeevan Mission through a video message, Modi said: "This is a big success of the government's campaign to

and Daman and Diu as the first set of Union territories to achieve the feat. The PM also said 1,00,000 villages in different states have gone beyond the tag of "open defecation free" (ODF).

After the country was declared ODF a few years ago, the next goal was to achieve the ODF-plus status for villages. This essentially means they should have community toilets, plastic waste management, grey water management and Gobardhan projects. Underlining the water security challenge that the world is facing, Modi said

water scarcity can become a huge obstacle in accomplishing the resolution of turning India into a developed country by 2047.

In a veiled jibe at the Opposition for ignoring a key issue like water conservation, the PM said it does not take much effort to form a government, but a lot of hard work goes into building a country. "Those who do not care about the country, are not bothered about spoiling the present or future of the country. Such people can definitely talk big, but can never work with a big vision for water," he said.

Besides digital push, pvt banks adding branches

FE BUREAU
Mumbai, August 19

SEVERAL PRIVATE SECTOR banks are expanding their branch networks, with the number of branches growing 8.7% to 16,189 for the year ended March 31, according to data from S&P Global Market Intelligence. While private banks are expanding their physical presence, public sector peers are reducing the number of branches.

State-owned banks' total branches declined to 59,238 as of March 31, from 61,031 at the end of the previous year, data show. The decline in the number of branches of PSBs, however, may be because of mergers, the

report said.

Private banks continue to improve their branch numbers despite expectations that digitalisation will do away with physical presence, the report said. HDFC Bank and Axis Bank have accounted for the bulk of that growth, with former's branches expanding to 6,342 from 5,608, while Axis Bank's branches increasing to 4,758 from 4,594.

Singapore-headquartered DBS Group, which acquired Lakshmi Vilas Bank, plans to expand to smaller cities, currently dominated by PSBs. Kotak Mahindra Bank had earlier said it was seeking to grow its digital footprint, but will also offer access to branches.

Google to roll out update for high-quality, content in search results

PRIYA PATHAK
New Delhi, August 19

GOOGLE HAS ANNOUNCED that it is working on a slew of updates to improve the search results for users. The latest update aims to cut down on clickbait and help users find authentic and high-quality content from their search results.

The Mountain View-based giant on Thursday announced that these changes will roll out in two updates in the coming weeks. "We know people don't find content helpful if it seems like it was designed to attract clicks rather than inform readers. So starting next week for English users globally, we're rolling out a series of improvements to search to make it easier for people to find helpful content made by, and for, people," reads the company's blog post.

Calling this as the "helpful content update," Google states that the update will target contents that have been created solely to get high ranking, with no intent to help or inform people. The update will ensure that poor quality contents do not rank high in Google's search results. The company's internal testing of this update has already shown positive results.
