Dear Sir/Madam,

Sub: **President confers Crompton with the Prestigious National Energy Conservation Award**

Dear All,

We are delighted to share that Crompton has been honoured with the prestigious "**National Energy Conservation Award'23**" by the Government of India, Ministry of Power and Bureau of Energy Efficiency (BEE)".

The award was presented by Hon'ble President of India, Smt. Droupadi Murmu on National Energy Conservation Day on December 14, 2023, at Vigyan Bhawan, New Delhi.

The National Energy Conservation Awards (NECA) is a prominent annual event that highlights exceptional contributions to energy conservation. Since its inception on December 14, 1991, these awards, presented by esteemed dignitaries of the Government of India, acknowledges the exemplary efforts in energy conservation across diverse sectors of the economy.

The focus on "**The Most Energy Efficient Appliance of the Year**" category underscores the importance of innovation in creating products that not only meet consumer needs but also contribute to energy conservation. The **Arno Neo 3015 Storage Water Heater Model** is a remarkable product with its capillary-type temperature sensing technology, enhancing both reliability and safety. The substantial energy savings of up to 46% compared to 1 Star rated Storage Water Heaters of similar capacity is an impressive feat. This not only reflects our commitment to environmental responsibility but also provides tangible benefits to consumers through reduced energy bills.

Our endeavour would be to build further on the promise of sustainability as we move ahead in our journey towards Crompton 2.0

Thanking you,

For **Crompton Greaves Consumer Electricals Limited**

Rashmi Khandelwal
Company Secretary & Compliance Officer
