For **Infosys Limited**

A.G.S. Manikantha
Company Secretary

Infosys to Provide Certification in AI and Generative AI skills, Crucial to Landing Jobs, through Infosys Springboard Virtual Learning Platform

Digital content whetted for industry-relevance by AI and data strategists driving Infosys Topaz™ AI-first services, solutions and platforms

Bengaluru, India – June 22, 2023: [Infosys](#) (NSE, BSE, NYSE: INFY), a global leader in next-generation digital services and consulting, today announced that it has launched a free Artificial Intelligence (AI) certification training on [Infosys Springboard](#). Infosys AI-first specialists and data strategists, responsible for delivering [Infosys Topaz™](#) AI-first set of services, solutions and platforms will help shape the curriculum to help learners build future-ready skillsets.

This certification will offer a variety of courses that cover a broad spectrum of topics related to AI, including an introductory course on AI and Generative AI, with a focus on deep learning and natural language processing, and a masterclass on AI and the impact of Generative AI, that will aim to focus on prompt engineering and AI-first software engineering. Additionally, a customized course on 'Citizens Data Science' will aim to cover various aspects of data science discipline, including python programming, linear algebra, probability and statistics, and exploratory data analysis. Learners will be awarded a certificate upon successful completion of the course.

Thirumala Arohi, Senior Vice President and Head - Education, Training and Assessment at Infosys, said, "Infosys Springboard is committed to democratize quality education and strengthen the next-generation workforce with digital and life skills. Our aim is to demystify AI for learners through Infosys Springboard and help them make a conscious choice in building their careers. We firmly believe that AI proficiency will give young aspirants and professionals a competitive advantage in a dynamic and demanding job market."

Infosys Springboard provides a curriculum-rich virtual platform that delivers corporate-grade learning experiences, on any device, with closer educator-learner collaboration for students from Class 6 to lifelong learners. This, alongside formal education, helps accelerate digital reskilling for participating learners, ranging from school and college students to professionals and adults. Since its launch, Infosys Springboard continues to expand its reach to learners by growing its thriving community to more than 5.5 million registered users. Infosys, in line with its [ESG Vision 2030](#), aims to enable digital skills at scale and empower over 10 million people in India through the Infosys Springboard program.

About Infosys

Infosys is a global leader in next-generation digital services and consulting. Over 300,000 of our people work to amplify human potential and create the next opportunity for people, businesses and communities. Safe Harbor

Certain statements in this release concerning our future growth prospects, or our future financial or operating performance are forward-looking statements intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results or outcomes to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding the execution of our business strategy, our ability to attract and retain personnel, our transition to hybrid work model, economic uncertainties, technological innovations such as Generative AI, the complex and evolving regulatory landscape including immigration regulation changes, our ESG vision, our capital allocation policy and expectations concerning our market position, future operations, margins, profitability, liquidity, capital resources, and our corporate actions including acquisitions. Important factors that may cause actual results or outcomes to differ from those implied by the forward-looking statements are discussed in more detail in our US Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2023. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law.
