Dividend Distribution Policy

Preamble:

This Dividend Distribution Policy (“**Policy**”) will regulate the process of dividend declaration and its pay-out by Escorts Kubota Limited (“**Company**”) in accordance with the provisions of Companies Act, 2013 (the “**Act**”) read with the applicable rules framed there under and regulation 43A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (including any statutory modification(s) or re-enactment(s) thereof for the time being in force), (the “**Regulations**”) and other applicable laws.

This Policy has been adopted in place of the existing “Dividend Distribution Policy” by the Board of Directors of the Company (“**Board**”) at its meeting held on November 28, 2018 effective from January 18, 2019. This policy was amended from time to time as per the requirement of law and recently it got amended on May 9, 2024.

Scope and Purpose:

The objective of this Policy is to establish the principles and criteria to be considered by the Board for recommending dividend. The Board will refer to the Policy while declaring/ recommending dividends on behalf of the Company.

The profits earned by the Company can either be retained in business to be used for acquisitions, expansion or diversification, or it can be distributed as dividend to the shareholders. The Company may also choose to retain a part of its profits and distribute the balance among its shareholders as dividend. This Policy aims to reconcile and balance these needs in order to maintain fairness and consistency while considering distribution of dividend to its shareholders in order to ensure a regular dividend for the shareholders as well as the long term capital appreciation for all stakeholders of the Company.

Through this Policy, the Company would endeavor to maintain a consistent approach to dividend pay-out plans. The Board may however, in extraordinary circumstances, deviate from the parameters listed in this Policy.

Category of Dividends

Final Dividend

The final dividend refers to the dividend paid once for the financial year after the annual accounts are prepared. The Board has the power to recommend the payment of final dividend to the shareholders for their approval in the annual general meeting. The declaration of final dividend shall be included in the ordinary business items that are required to be transacted at the annual general meeting.

Interim Dividend

Interim dividend can be declared by the Board one or more times in a financial year as may be deemed fit by it. The Board would declare an interim dividend, as and when considered appropriate, in line with this Policy. Normally, the Board could consider declaring an interim dividend after finalization of quarterly (or half yearly) financial accounts. This would be in order to supplement the annual/ final dividend.

The Board shall refer to this Policy while declaring/ recommending the interim dividend as well as the final dividend, as the case may be.

Circumstances under which shareholders may or may not expect dividend

The Company shall comply with the relevant applicable laws in declaring dividends. The Board will determine the dividend in its discretion keeping in mind the financial performance of the Company, advice of the management and the parameters listed in this Policy.
