Governance, Leadership and Oversight

7. Statement by Director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure)

Company is in the Design and Manufacture of Process Equipment and Systems and Turnkey Projects. This business, especially manufacturing, has an impact on the environment in terms of energy consumption. Given the strong growth aspiration of the Company, the biggest challenge is to balance the growth while minimizing its impact on the environment.

Energy transition from fossil fuels to green energy is a trend globally and the Company intends to reduce its presence across the fossil fuel space and move to green energy. The Company's aim, as it grows, is to use of renewable energy across its operations.

The Manufacturing and Turnkey Projects business is very labor intensive, and the availability of skilled labor has become a challenge. This challenge could increase over time as India increases its thrust on infrastructure development. Recognizing this, the Company plans to strengthen its inhouse training program to upgrade the skill of the workers which will be a mutually beneficial. In addition, the Company plans to introduce CNC machines to increase efficiency in manufacturing and at the same time reduce power consumption. These initiatives are intended to reduce manual component of work, increase worker productivity, reduce wastages and thereby, improve the cost competitiveness of the business and at the same time to conserve energy.

The Company's CSR Program is focused on improving the quality of life of the communities by providing them good nutritious diet. We are Proud that Our Organization with the help of Akshaya Chaitanya an NGO in Mumbai with an attempt to make food accessible to the needy across Mumbai by serving them hot, nutritious, locally palatable meals prepared at their very own state-of-the-art FSSAI compliant kitchen. We were able to contribute with the NGO to scale up the operations and to feed about 14,000+ people every day with hot and nutritious meals.

This BRSR report proves our commitment to continuous improvement in sustainability, environment and social parameters while conducting business responsibly.

None

Leadership Indicators

1. Does the entity have process in place to avoid / manage conflict of interests involving members of the Board? (Yes / No). If Yes, provide details of the same.

The Company has processes on management of conflict of interest involving members of the Board. This process allows the Directors to recuse themselves from the discussions pertaining to the conflict of interest. The Directors have to exercise their responsibilities in a manner, in the interest of the Company. They should not use their position to do any action that causes harm to the Company's interest or for the purpose of gaining direct or indirect personal benefit. Any conflict of interest arising with the Board Members needs to be reported to the Chairman of the Board.

PRINCIPLE 2 - BUSINESS SHOULD PROVIDE GOODS AND SERVICES IN MANNER THAT IS SUSTAINABLE AND SAFE
