DISCOURAGING OUTBOUND SHIPMENTS

Govt tightens rules on wheat product exports

FE BUREAU
New Delhi, August 8

THE GOVERNMENT ON Monday sought to tighten rules on exports of wheat flour and other related products and mandated that such despatches will be subject to the submission of quality certificates issued by the Export Inspection Council or its affiliates. The certificates will be over and above the current requirement of recommendations by an inter-ministerial panel.

Industry sources said the aim of the notification by the Directorate General of Foreign Trade (DGFT) is to discourage exports of wheat products to keep domestic supplies steady and prices under control.

The notification will come into effect from August 14. However, until August 14, those consignments that have already been handed over to the customs or where loading has taken place will be allowed to be despatched, according to the

QUALITY CONTROL

- Government mandates despatches will be subject to the submission of quality certificates issued by the Export Inspection Council or its affiliates
- Wheat flour exports witnessed a sudden and unusual surge in the aftermath of the ban on the outbound shipment of wheat on May 13

notification.

Last month, the DGFT notified that exports of wheat flour (atta), maida, samolina (rava/sirgi), wholemeal atta and

resultant atta would be cleared only after the clearance by the inter-ministerial panel.

The government came in with regulations as an irrational

spike in outbound shipments of the commodity in recent weeks has threatened to undermine its ban on wheat despatches.

Wheat flour exports witnessed a sudden and unusual surge in the aftermath of the ban on the outbound shipment of wheat on May 13, indicating that many traders might be using this route to beat the prohibition on the grain's exports.

Usually, monthly exports at this time of the year are about 6,000-8,000 tonne. However, flour despatches exceeded 100,000 tonne within a month of the ban on wheat, according to industry sources. To be sure, flour exports were neither banned nor restricted when wheat shipments were prohibited in May.

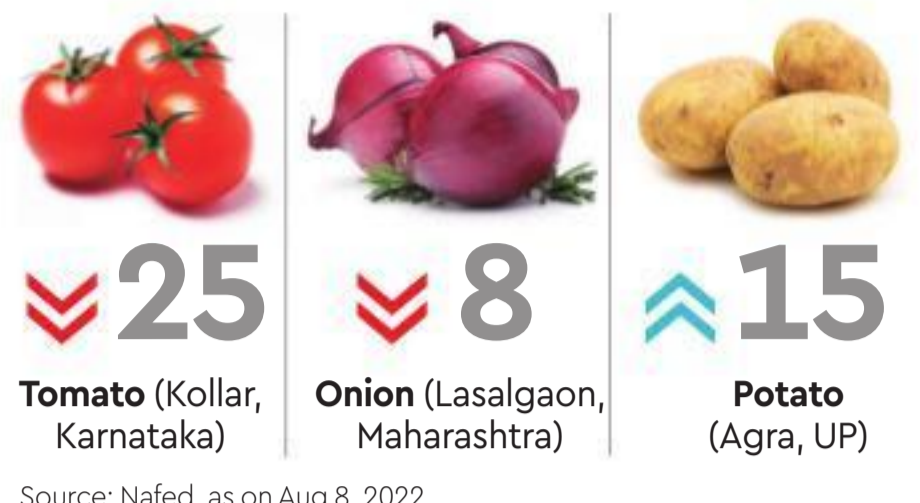

In value terms, exports of wheat or meslin flour jumped 64% last fiscal from a year before to \$247 million, according to the DGFTIS data. In contrast, wheat exports had jumped 274% in FY22 to \$2.12 billion.

Mandi prices of tomato, onion see sharp decline

SANDIP DAS
New Delhi, August 8

Benchmark mandi prices (%) change m-o-m

Source: Nafed, as on Aug 8, 2022

MANDI PRICES OF tomato and onion have witnessed a sharp decline in the last month because of improvement in supplies due to more-than-adequate monsoon rains in key producer states of Maharashtra, Karnataka, Andhra Pradesh and Madhya Pradesh.

The benchmark mandi prices of tomato at Kolar in Karnataka stood at ₹600 per quintal on Monday, down 25% from a month ago. According to mandi officials in Kolar, supplies have been adequate and prices are expected to hold at the current level for the next few weeks.

However, mandi prices of potato in Agra increased 15% to ₹1,550 a quintal. Traders say prices are expected to rise prior to the arrival of next year's crop by October. Retail prices are in the range of ₹25/30 a kg.

"Arrivals of tomato are expected to be robust in the next two months provided excessive rains in August do not adversely impact the yield," Uday Deolankar, former adviser to the Maharashtra Agricultural Prices Commission, told FE.

In June, mandi price was prevailing at more than ₹3,000 a quintal, which pushed retail prices to ₹90/100 a kg.

Heat waves during March-April in the key tomato-growing states of Maharashtra, Karnataka and Andhra Pradesh adversely impacted production and pushed up prices across the country in June. Currently, retail prices are at ₹30/40 a kg across major cities.

According to the second advance estimate of horticulture production in the 2021-22 crop year (July-June), tomato production is expected to decline by more than 4% to 20.34 million tonne (MT) compared to the previous year.

Meanwhile, benchmark mandi prices of onion (Lasalgaon, Maharashtra) have dropped 8% to ₹1,151 a quintal on Monday compared to a

month ago, because of a bumper output.

Onion production in the 2021-22 crop year is estimated at 31.7 MT, which is 20% more than the previous year. Retail prices are currently in the range of around ₹20/22 a kg.

"Price of onions are expected to fall further as farmers are bringing in their stored produce of summer crops," Balasaheb Misal, an onion farmer from Manmad, Maharashtra, said.

In June, inflation for potato and tomato rose by 23.86% and 158.78%, respectively, while onion price inflation was down 20.74% on year. Tomato, onion and potato have weightage of 0.6%, 0.6% and 1%, respectively, in CPI inflation.

Govt guarantees to CPSEs and other agencies at ₹4.67 trn by FY20

FE BUREAU
New Delhi, August 8

GUARANTEES GIVEN BY the Centre to central public sector enterprises (CPSEs) and other bodies by end-FY20 stood at ₹4.67 trillion which constituted 2.32% of GDP, according to the Comptroller and Auditor General (CAG) report tabled in Lok Sabha on Monday.

In FY20, the additional guarantees extended by the government were shown as ₹60,907 crore or 0.3% of GDP. However, the Centre's guarantees amounting to ₹14,985 crore for borrowings of Air India Asset Holding Limited (AIAHL) and ₹5,262.30 crore raised by FCI were not considered for including in the relevant statement of the Union government finance accounts (UGFA). By including these omitted guarantees, the actual additional guarantees would be 0.4% of GDP for FY20, but still within the target of the FRBM (0.5% of GDP in any financial year).

On extra budgetary resources (EBRs), the CAG report noted that ministry of civil aviation did not disclose ₹14,985 crore (arranged on government guarantee) raised by Air India Asset Holding Limited (AIAHL). Similarly, borrowings of ₹36,440 crore by IRFC for funding the projects of the Indian Railways were not disclosed.

Sundaram Finance PAT up 18%

FE BUREAU
Chennai, August 8

CHENNAI-BASED SUN-DARAM Finance on Monday reported an 18% jump in profit after tax (PAT) to ₹226 crore for the first quarter of FY23 as against ₹192 crore in the corresponding quarter of the last fiscal year. Total income of the non-banking financial company stood at ₹942 crore as against ₹956 crore last year, registering a 1.5% decline. It logged the highest-ever Q1 dis-

bursements of ₹4,895 crore, marking 138% increase over Q1 FY22, and up by 31% sequentially over Q4 FY22. Executive vice-chairman

Harsha Viji said, "We have re-established our pre-pandemic growth trajectory with the highest-ever first quarter disbursements of ₹4,895 crore. Coupled with continued strong improvement in our asset quality levels and a healthy 18% increase in profits, we have delivered a strong quarter of growth with quality and profitability. Overall economic activity continues to improve across all segments despite inflationary concerns and related interest rate hikes."

Fincare SFB refiles draft papers for IPO

SHASHANK DIDMISHE
Mumbai, August 8

BENGALURU-BASED FIN-CARE Small Finance Bank on Monday refiled the draft red herring prospectus with the Securities and Exchange Board of India (Sebi) for its initial public offering. The new offer consists of a fresh issue of up to ₹625 crore and an offer-for-sale (OFS) of up to 17 million shares by promoter and institutional investors.

The revised OFS consists of 14.9 million shares by promoter Fincare Business Services, 47.1 million shares by Wagner, 44.4 million by private equity firm True North, 43.1 million by Indium IV (Mauritius), 22.4 million by Omega TC, 13.1 million by LeapFrog Rural, 12.6 million by Kotak Mahindra Life Insurance, and 11.7 million shares by Edelweiss Tokio Life Insurance.

In the lender's previous draft papers, filed in 2021, the company was planning to raise ₹330 crore via a fresh issue and the promoter, Fincare Business Services, was the sole selling shareholder with an OFS of ₹1,000 crore.

Sebi asks SC to restrain Sahara from issuing misleading ads or statements

INDU BHAN
New Delhi, August 8

THE SECURITIES AND Exchange Board of India (Sebi) has moved the Supreme Court urging that Sahara India Group be directed to refrain from issuing "misleading" advertisement or statements that "obstruct" it from implementing the apex court's order of August 31, 2012, for refund of more than ₹24,029 crore raised from 33 million bond investors.

The group, including its chief Subrata Roy, have been issuing misleading advertisements (one being on April 23) in various newspapers, wrongfully claiming that the amount due to the investors by its firms, including Sahara Credit Cooperative Society Society, Saharany Universal Multipurpose Society, Sahara Q-Shop, can be paid from the Sebi-Sahara refund account.

Sebi urged the apex court to direct the Sahara India Group entities to refrain from issuing any advertisement or statement, in any manner whatsoever, in respect of the proceedings in the contempt petition pending before the SC.

Accusing that the Sahara group has been constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions, Sebi in its fresh application said the group "entities have by their various acts and

The Sahara group has been accused of constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions

omissions, including by issuance of such defamatory, malicious and false statements and advertisements, have misled genuine investors, when those entities continue to willfully disobey the 2012 judgment and subsequent orders by refusing to deposit the amounts directed and ordered to be deposited in the Sebi-Sahara refund account."

"The Sahara India group has thereby obstructed the implementation of the SC order which also amounts to contempt of the

SC orders," Sebi said.

Sebi has made its best efforts in disbursing refunds amounts in spite of the continued failure of the contemnors (Sahara group firms, Roy and some directors) in furnishing clarification, explanation and providing information relating to disputed cases, etc, as reflected from time to time in its various status reports, the affidavit stated, adding that nothing further survives in respect of the implementation of the 2012 order "other than further attachment, sale of assets and realisation of monies".

Sahara group has been locked in a prolonged legal battle with Sebi for allegedly breaching norms in raising over ₹24,000 crore through bonds. The group was asked by the Supreme Court to deposit the funds with Sebi to refund investors, while it maintains to have already refunded most of the bondholders.

INDIAN AIRLINES REPORTED

478 technical snags due to malfunctioning of components between July 1, 2021 and June 30, 2022, of which the most were witnessed by IndiGo, followed by Air India, followed by SpiceJet and GoAir, according to information provided by Minister of State for Civil Aviation VK Singh in the Rajya Sabha on Monday.

"An aircraft may experience technical snags due to malfunctioning of components/equipment fitted on the aircraft which require rectification by the airlines for continued safe, efficient and reliable air transport service. These technical snags are reported by the flight crew on receiving an aural/visual warning in the cockpit or an indication of an

inoperative/faulty system or while experiencing difficulty in handling/operating the aircraft," he said.

However, despite the high number of technical snags faced by airlines in the country, only 27 safety-related issues happened in 2021 and 2022 (till July 25), according to a different reply by Singh in the Rajya Sabha. Following the increase in technical snags over the last one year, the Directorate General of Civil Aviation (DGCA) conducted 177 surveillance exercises, 497 spot checks and 169 night surveillance exercises on engineering and maintenance aspects of airlines between July 1, 2021 and June 30, 2022.

Based on the violations found during surveillance, enforcement action has been taken by the aviation regulator against responsible airline personnel in 21 instances.

BENGALURU-BASED FIN-CARE Small Finance Bank on Monday refiled the draft red herring prospectus with the Securities and Exchange Board of India (Sebi) for its initial public offering. The new offer consists of a fresh issue of up to ₹625 crore and an offer-for-sale (OFS) of up to 17 million shares by promoter and institutional investors.

The revised OFS consists of 14.9 million shares by promoter Fincare Business Services, 47.1 million shares by Wagner, 44.4 million by private equity firm True North, 43.1 million by Indium IV (Mauritius), 22.4 million by Omega TC, 13.1 million by LeapFrog Rural, 12.6 million by Kotak Mahindra Life Insurance, and 11.7 million shares by Edelweiss Tokio Life Insurance.

In the lender's previous draft papers, filed in 2021, the company was planning to raise ₹330 crore via a fresh issue and the promoter, Fincare Business Services, was the sole selling shareholder with an OFS of ₹1,000 crore.

Sebi asks SC to restrain Sahara from issuing misleading ads or statements

INDU BHAN
New Delhi, August 8

THE SECURITIES AND Exchange Board of India (Sebi) has moved the Supreme Court urging that Sahara India Group be directed to refrain from issuing "misleading" advertisement or statements that "obstruct" it from implementing the apex court's order of August 31, 2012, for refund of more than ₹24,029 crore raised from 33 million bond investors.

The group, including its chief Subrata Roy, has been issuing misleading advertisements (one being on April 23) in various newspapers, wrongfully claiming that the amount due to the investors by its firms, including Sahara Credit Cooperative Society Society, Saharany Universal Multipurpose Society, Sahara Q-Shop, can be paid from the Sebi-Sahara refund account.

Sebi urged the apex court to direct the Sahara India Group entities to refrain from issuing any advertisement or statement, in any manner whatsoever, in respect of the proceedings in the contempt petition pending before the SC.

Accusing that the Sahara group has been constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions, Sebi in its fresh application said the group "entities have by their various acts and

The Sahara group has been accused of constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions

SC orders," Sebi said.

Sebi has made its best efforts in disbursing refunds amounts in spite of the continued failure of the contemnors (Sahara group firms, Roy and some directors) in furnishing clarification, explanation and providing information relating to disputed cases, etc, as reflected from time to time in its various status reports, the affidavit stated, adding that nothing further survives in respect of the implementation of the 2012 order "other than further attachment, sale of assets and realisation of monies".

Sahara group has been locked in a prolonged legal battle with Sebi for allegedly breaching norms in raising over ₹24,000 crore through bonds. The group was asked by the Supreme Court to deposit the funds with Sebi to refund investors, while it maintains to have already refunded most of the bondholders.

INDIAN AIRLINES REPORTED

478 technical snags due to malfunctioning of components between July 1, 2021 and June 30, 2022, of which the most were witnessed by IndiGo, followed by Air India, followed by SpiceJet and GoAir, according to information provided by Minister of State for Civil Aviation VK Singh in the Rajya Sabha on Monday.

"An aircraft may experience technical snags due to malfunctioning of components/equipment fitted on the aircraft which require rectification by the airlines for continued safe, efficient and reliable air transport service. These technical snags are reported by the flight crew on receiving an aural/visual warning in the cockpit or an indication of an

inoperative/faulty system or while experiencing difficulty in handling/operating the aircraft," he said.

However, despite the high number of technical snags faced by airlines in the country, only 27 safety-related issues happened in 2021 and 2022 (till July 25), according to a different reply by Singh in the Rajya Sabha. Following the increase in technical snags over the last one year, the Directorate General of Civil Aviation (DGCA) conducted 177 surveillance exercises, 497 spot checks and 169 night surveillance exercises on engineering and maintenance aspects of airlines between July 1, 2021 and June 30, 2022.

Based on the violations found during surveillance, enforcement action has been taken by the aviation regulator against responsible airline personnel in 21 instances.

● DISCOURAGING OUTBOUND SHIPMENTS

Govt tightens rules on wheat product exports

FE BUREAU
New Delhi, August 8

THE GOVERNMENT ON Monday sought to tighten rules on exports of wheat flour and other related products and mandated that such despatches will be subject to the submission of quality certificates issued by the Export Inspection Council or its affiliates. The certificates will be over and above the current requirement of recommendations by an inter-ministerial panel.

Industry sources said the aim of the notification by the Directorate General of Foreign Trade (DGFT) is to discourage exports of wheat products to keep domestic supplies steady and prices under control.

The notification will come into effect from August 14. However, until August 14, those consignments that have already been handed over to the customs where loading has taken place will be allowed to be despatched, according to the

QUALITY CONTROL

■ Government mandates despatches will be subject to the submission of quality certificates issued by the Export Inspection Council or its affiliates

■ Wheat flour exports witnessed a sudden and unusual surge in the aftermath of the ban on the outbound shipment of wheat on May 13, indicating that many traders might be using this route to beat the prohibition on the grain's exports.

notification.

Last month, the DGFT notified that exports of wheat flour (atta), maida, samolina (rava/sirgi), wholemeal atta and

resultant atta would be cleared only after the clearance by the inter-ministerial panel.

The government came in with regulations as an irrational

spike in outbound shipments of the commodity in recent weeks has threatened to undermine its ban on wheat dispatches.

Wheat flour exports witnessed a sudden and unusual surge in the aftermath of the ban on the outbound shipment of wheat on May 13, indicating that many traders might be using this route to beat the prohibition on the grain's exports.

Usually, monthly exports at this time of the year are about 6,000-8,000 tonne. However, flour dispatches exceeded 100,000 tonne within a month of the ban on wheat, according to industry sources. To be sure, flour exports were neither banned nor restricted when wheat shipments were prohibited in May.

In value terms, exports of wheat or meslin flour jumped 64% last fiscal from a year before to \$247 million, according to the DGCIIS data. In contrast, wheat exports had jumped 274% in FY22 to \$2.12 billion.

● RETAIL PRICES SET TO SOFTEN

Mandi prices of tomato, onion see sharp decline

SANDIP DAS
New Delhi, August 8

MANDI PRICES OF tomato and onion have witnessed a sharp decline in the last month because of improvement in supplies due to more-than-adequate monsoon rains in key producer states of Maharashtra, Karnataka, Andhra Pradesh and Madhya Pradesh.

The benchmark mandi prices of tomato at Kolar in Karnataka stood at ₹600 per quintal on Monday, down 25% from a month ago. According to mandi officials in Kolar, supplies have been adequate and prices are expected to hold at the current level for the next few weeks.

However, mandi prices of potato in Agra increased 15% to ₹1,550 a quintal. Traders say prices are expected to rise prior to the arrival of next year's crop by October. Retail prices are in the range of ₹25/30 a kg.

"Arrivals of tomato are expected to be robust in the next two months provided excessive rains in August do not adversely impact the yield," Uday Deolankar, former adviser to the Maharashtra Agricultural Prices Commission, told FE.

In June, mandi price was prevailing at more than ₹3,000 a quintal, which pushed retail prices to ₹90/100 a kg.

Heat waves during March-April in the key tomato-growing states of Maharashtra, Karnataka and Andhra Pradesh adversely impacted production and pushed up prices across the country in June. Currently, retail prices are at ₹30/40 a kg across major cities.

According to the second advance estimate of horticulture production in the 2021-22 crop year (July-June), tomato production is expected to decline by more than 4% to 20.34 million tonne (MT) compared to the previous year.

Meanwhile, benchmark mandi prices of onion (Lasalgaon, Maharashtra) have dropped 8% to ₹1,151 a quintal on Monday compared to a

month ago, because of a bumper output.

Onion production in the 2021-22 crop year is estimated at 31.7 MT, which is 20% more than the previous year. Retail prices are currently in the range of around ₹20/22 a kg.

"Price of onions are expected to fall further as farmers are bringing in their stored produce of summer crops," Balasaheb Misal, an onion farmer from Manmad, Maharashtra, said.

In June, inflation for potato and tomato rose by 23.86% and 158.78%, respectively, while onion price inflation was down 20.74% on year. Tomato, onion and potato have weightage of 0.6%, 0.6% and 1%, respectively, in CPI inflation.

Govt guarantees to CPSEs and other agencies at ₹4.67 trn by FY20

FE BUREAU
New Delhi, August 8

GUARANTEES GIVEN BY the Centre to central public sector enterprises (CPSEs) and other bodies by end-FY20 stood at ₹4.67 trillion which constituted 2.32% of GDP, according to the Comptroller and Auditor General (CAG) report tabled in Lok Sabha on Monday.

In FY20, the additional guarantees extended by the government were shown as ₹60,907 crore or 0.3% of GDP. However, the Centre's guarantees amounting to ₹14,985 crore for borrowings of Air India Asset Holding Limited (AIHL) and ₹5,262.30 crore raised by FCI were not considered for including in the relevant statement of the Union government finance accounts (UGFA). By including these omitted guarantees, the actual additional guarantees would be 0.4% of GDP for FY20, but still within the target of the FRBM (0.5% of GDP in any financial year).

On extra budgetary resources (EBRs), the CAG report noted that ministry of civil aviation did not disclose ₹14,985 crore (arranged on government guarantee) raised by Air India Asset Holding Limited (AIHL). Similarly, borrowings of ₹36,440 crore by IRFC for funding the projects of the Indian Railways were not disclosed.

INDIAN AIRLINES REPORTED 478 technical snags due to malfunctioning of components between July 1, 2021 and June 30, 2022, of which the most were witnessed by Air India, followed by IndiGo, SpiceJet and GoAir, according to information provided by Minister of State for Civil Aviation VK Singh in the Rajya Sabha on Monday.

"An aircraft may experience technical snags due to malfunctioning of components/equipment fitted on the aircraft which require rectification by the airlines for continued safe, efficient and reliable air transport service. These technical snags are reported by the flight crew on receiving an aural/visual warning in the cockpit or an indication of an

inoperative/faulty system or while experiencing difficulty in handling/operating the aircraft," he said.

However, despite the high number of technical snags faced by airlines in the country, only 27 safety-related issues happened in 2021 and 2022 (till July 25), according to a different reply by Singh in the Rajya Sabha. Following the increase in technical snags over the last one year, the Directorate General of Civil Aviation (DGCA) conducted 177 surveillance exercises, 497 spot checks and 169 night surveillance exercises on engineering and maintenance aspects of airlines between July 1, 2021 and June 30, 2022.

Based on the violations found during surveillance, enforcement action has been taken by the aviation regulator against responsible airline personnel in 21 instances.

Govt tightens rules on wheat product exports

FE BUREAU
New Delhi, August 8

THE GOVERNMENT ON Monday sought to tighten rules on exports of wheat flour and other related products and mandated that such despatches will be subject to the submission of quality certificates issued by the Export Inspection Council or its affiliates. The certificates will be over and above the current requirement of recommendations by an inter-ministerial panel.

Industry sources said the aim of the notification by the Directorate General of Foreign Trade (DGFT) is to discourage exports of wheat products to keep domestic supplies steady and prices under control.

The notification will come into effect from August 14. However, until August 14, those consignments that have already been handed over to the customs or where loading has taken place will be allowed to be despatched, according to the

notification.

Last month, the DGFT notified that exports of wheat flour (atta), maida, samolina (rava/sirgi), wholemeal atta and

resultant atta would be cleared only after the clearance by the inter-ministerial panel.

The government came in with regulations as an irrational

spike in outbound shipments of the commodity in recent weeks has threatened to undermine its ban on wheat despatches.

Wheat flour exports witnessed a sudden and unusual surge in the aftermath of the ban on the outbound shipment of wheat on May 13, indicating that many traders might be using this route to beat the prohibition on the grain's exports.

Usually, monthly exports at this time of the year are about 6,000-8,000 tonne. However, flour despatches exceeded 100,000 tonne within a month of the ban on wheat, according to industry sources. To be sure, flour exports were neither banned nor restricted when wheat shipments were prohibited in May.

In value terms, exports of wheat or meslin flour jumped 64% last fiscal from a year before to \$247 million, according to the DGCIIS data. In contrast, wheat exports had jumped 274% in FY22 to \$2.12 billion.

● RETAIL PRICES SET TO SOFTEN

Mandi prices of tomato, onion see sharp decline

SANDIP DAS
New Delhi, August 8

MANDI PRICES OF tomato and onion have witnessed a sharp decline in the last month because of improvement in supplies due to more-than-adequate monsoon rains in key producer states of Maharashtra, Karnataka, Andhra Pradesh and Madhya Pradesh.

The benchmark mandi prices of tomato at Kolar in Karnataka stood at ₹600 per quintal on Monday, down 25% from a month ago. According to mandi officials in Kolar, supplies have been adequate and prices are expected to hold at the current level for the next few weeks.

However, mandi prices of potato in Agra increased 15% to ₹1,550 a quintal. Traders say prices are expected to rise prior to the arrival of next year's crop by October. Retail prices are in the range of ₹25/30 a kg.

"Arrivals of tomato are expected to be robust in the next two months provided excessive rains in August do not adversely impact the yield," Uday Deolankar, former adviser to the Maharashtra Agricultural Prices Commission, told FE.

In June, mandi price was prevailing at more than ₹3,000 a quintal, which pushed retail prices to ₹90/100 a kg.

Heat waves during March-April in the key tomato-growing states of Maharashtra, Karnataka and Andhra Pradesh adversely impacted production and pushed up prices across the country in June. Currently, retail prices are at ₹30/40 a kg across major cities.

According to the second advance estimate of horticulture production in the 2021-22 crop year (July-June), tomato production is expected to decline by more than 4% to 20.34 million tonne (MT) compared to the previous year.

Meanwhile, benchmark mandi prices of onion (Lasalgaon, Maharashtra) have dropped 8% to ₹1,151 a quintal on Monday compared to a

month ago, because of a bumper output.

Onion production in the 2021-22 crop year is estimated at 31.7 MT, which is 20% more than the previous year. Retail prices are currently in the range of around ₹20/22 a kg.

"Price of onions are expected to fall further as farmers are bringing in their stored produce of summer crops," Balasaheb Misal, an onion farmer from Manmad, Maharashtra, said.

In June, inflation for potato and tomato rose by 23.86% and 158.78%, respectively, while onion price inflation was down 20.74% on year. Tomato, onion and potato have weightage of 0.6%, 0.6% and 1%, respectively, in CPI inflation.

Govt guarantees to CPSEs and other agencies at ₹4.67 trn by FY20

FE BUREAU
New Delhi, August 8

GUARANTEES GIVEN BY the Centre to central public sector enterprises (CPSEs) and other bodies by end-FY20 stood at ₹4.67 trillion which constituted 2.32% of GDP, according to the Comptroller and Auditor General (CAG) report tabled in Lok Sabha on Monday.

In FY20, the additional guarantees extended by the government were shown as ₹60,907 crore or 0.3% of GDP. However, the Centre's guarantees amounting to ₹14,985 crore for borrowings of Air India Asset Holding Limited (AIAHL) and ₹5,262.30 crore raised by FCI were not considered for inclusion in the relevant statement of the Union government finance accounts (UGFA). By including these omitted guarantees, the actual additional guarantees would be 0.4% of GDP for FY20, but still within the target of the FRBM (0.5% of GDP in any financial year).

On extra budgetary resources (EBRs), the CAG report noted that ministry of civil aviation did not disclose ₹14,985 crore (arranged on government guarantee) raised by Air India Asset Holding Limited (AIAHL). Similarly, borrowings of ₹36,440 crore by IRFC for funding the projects of the Indian Railways were not disclosed.

bursements of ₹4,895 crore, marking 138% increase over Q1 FY22, and up by 31% sequentially over Q4 FY22. Executive vice-chairman

Harsha Vijji said, "We have re-established our pre-pandemic growth trajectory with the highest-ever first quarter disbursements of ₹4,895 crore. Coupled with continued strong improvement in our asset quality levels and a healthy 18% increase in profits, we have delivered a strong quarter of growth with quality and profitability. Overall economic activity continues to improve across all segments despite inflationary concerns and related interest rate hikes."

Fincare SFB refiles draft papers for IPO

SHASHANK DIDMISHE
Mumbai, August 8

BENGALURU-BASED FIN-CARE Small Finance Bank on Monday refiled the draft red herring prospectus with the Securities and Exchange Board of India (Sebi) for its initial public offering. The new offer consists of a fresh issue of up to ₹625 crore and an offer-for-sale (OFS) of up to 17 million shares by promoter and institutional investors.

The revised OFS consists of 14.9 million shares by promoter Fincare Business Services, 47.1 million shares by Wagner, 44.4 million by private equity firm Indium IV (Mauritius), 22.4 million by Omega TC, 13.1 million by LeapFrog Rural, 12.6 million by Kotak Mahindra Life Insurance, and 11.7 million shares by Edelweiss Tokio Life Insurance.

In the lender's previous draft papers, filed in 2021, the company was planning to raise ₹330 crore via a fresh issue and the promoter, Fincare Business Services, was the sole selling shareholder with an OFS of ₹1,000 crore.

Sebi asks SC to restrain Sahara from issuing misleading ads or statements

INDU BHAN
New Delhi, August 8

THE SECURITIES AND Exchange Board of India (Sebi) has moved the Supreme Court urging that Sahara India Group be directed to refrain from issuing "misleading" advertisement or statements that "obstruct" it from implementing the apex court's order of August 31, 2012, for refund of more than ₹24,029 crore raised from 33 million bond investors.

The group, including its chief Subrata Roy, have been issuing misleading advertisements (one being on April 23) in various newspapers, wrongfully claiming that the amount due to the investors by its firms, including Sahara Credit Cooperative Society, Saharayan Universal Multipurpose Society, Sahara Q-Shop, can be paid from the Sebi-Sahara refund account.

Sebi urged the apex court to direct the Sahara India Group of entities to refrain from issuing any advertisement or statement, in any manner whatsoever, in respect of the proceedings in the contempt petition pending before the SC.

Accusing that the Sahara group has been constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions, Sebi in its fresh application said the group "entities have by their various acts and

The Sahara group has been accused of constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions

SC orders," Sebi said.

Sebi has made its best efforts in disbursing refunds amounts in spite of the continued failure of the contemnors (Sahara group firms, Roy and some directors) in furnishing clarification, explanation and providing information relating to disputed cases, etc, as reflected from time to time in its various status reports, the affidavit stated, adding that nothing further survives in respect of the implementation of the 2012 order "other than further attachment, sale of assets and realisation of monies".

Sahara group has been locked in a prolonged legal battle with Sebi for allegedly breaching norms in raising over ₹24,000 crore through bonds. The group was asked by the Supreme Court to deposit the funds with Sebi to refund investors, while it maintains to have already refunded most of the bondholders.

Usually, monthly exports at this time of the year are about 6,000-8,000 tonne. However, flour despatches exceeded 100,000 tonne within a month of the ban on wheat, according to industry sources. To be sure, flour exports were neither banned nor restricted when wheat shipments were prohibited in May.

In value terms, exports of wheat or meslin flour jumped 64% last fiscal from a year before to \$247 million, according to the DGCIS data. In contrast, wheat exports had jumped 274% in FY22 to \$2.12 billion.

Mandi prices of tomato, onion see sharp decline

SANDIP DAS
New Delhi, August 8

MANDI PRICES OF tomato and onion have witnessed a sharp decline in the last month because of improvement in supplies due to more-than-adequate monsoon rains in key producer states of Maharashtra, Karnataka, Andhra Pradesh and Madhya Pradesh.

The benchmark mandi prices of tomato at Kolar in Karnataka stood at ₹600 per quintal on Monday, down 25% from a month ago. According to mandi officials in Kolar, supplies have been adequate and prices are expected to hold at the current level for the next few weeks.

However, mandi prices of potato in Agra increased 15% to ₹1,550 a quintal. Traders say prices are expected to rise prior to the arrival of next year's crop by October. Retail prices are in the range of ₹25/30 a kg.

"Arrivals of tomato are expected to be robust in the next two months provided excessive rains in August do not adversely impact the yield," Uday Deolankar, former adviser to the Maharashtra Agricultural Prices Commission, told FE.

In June, mandi price was prevailing at more than ₹3,000 a quintal, which pushed retail prices to ₹90/100 a kg.

Heat waves during March-April in the key tomato-growing states of Maharashtra, Karnataka and Andhra Pradesh adversely impacted production and pushed up prices across the country in June. Currently, retail prices are at ₹30/40 a kg across major cities.

According to the second advance estimate of horticulture production in the 2021-22 crop year (July-June), tomato production is expected to decline by more than 4% to 20.34 million tonne (MT) compared to the previous year.

Meanwhile, benchmark mandi prices of onion (Lasalgaon, Maharashtra) have dropped 8% to ₹1,151 a quintal on Monday compared to a

month ago, because of a bumper output.

Onion production in the 2021-22 crop year is estimated at 31.7 MT, which is 20% more than the previous year. Retail prices are currently in the range of around ₹20/22 a kg.

"Price of onions are expected to fall further as farmers are bringing in their stored produce of summer crops," Balasaheb Misal, an onion farmer from Manmad, Maharashtra, said.

In June, inflation for potato and tomato rose by 23.86% and 158.78%, respectively, while onion price inflation was down 20.74% on year. Tomato, onion and potato have weightage of 0.6%, 0.6% and 1%, respectively, in CPI inflation.

Sundaram Finance PAT up 18%

FE BUREAU
Chennai, August 8

CHENNAI-BASED SUNDRAM Finance on Monday reported an 18% jump in profit after tax (PAT) to ₹226 crore for the first quarter of FY23 as against ₹192 crore in the corresponding quarter of the last fiscal year. Total income of the non-banking financial company stood at ₹942 crore as against ₹956 crore last year, registering a 1.5% decline. It logged the highest-ever Q1 dis-

Sundaram Finance executive VC Harsha Viji

bursements of ₹4,895 crore, marking 138% increase over Q1 FY22, and up by 31% sequentially over Q4 FY22. Executive vice-chairman

Harsha Viji said, "We have re-established our pre-pandemic growth trajectory with the highest-ever first quarter disbursements of ₹4,895 crore. Coupled with continued strong improvement in our asset quality levels and a healthy 18% increase in profits, we have delivered a strong quarter of growth with quality and profitability. Overall economic activity continues to improve across all segments despite inflationary concerns and related interest rate hikes."

Fincare SFB refiles draft papers for IPO

SHASHANK DIDMISHE
Mumbai, August 8

BENGALURU-BASED FINCARE Small Finance Bank on Monday refiled the draft red herring prospectus with the Securities and Exchange Board of India (Sebi) for its initial public offering. The new offer consists of a fresh issue of up to ₹625 crore and an offer-for-sale (OFS) of up to 17 million shares by promoter and institutional investors.

The revised OFS consists of 14.9 million shares by promoter Fincare Business Services, 47.1 million shares by Wagner, 44.4 million by private equity firm True North, 43.1 million by Indium IV (Mauritius), 22.4 million by Omega TC, 13.1 million by LeapFrog Rural, 12.6 million by Kotak Mahindra Life Insurance, and 11.7 million shares by Edelweiss Tokio Life Insurance.

In the lender's previous draft papers, filed in 2021, the company was planning to raise ₹330 crore via a fresh issue and the promoter, Fincare Business Services, was the sole selling shareholder with an OFS of ₹1,000 crore.

Sebi asks SC to restrain Sahara from issuing misleading ads or statements

INDU BHAN
New Delhi, August 8

THE SECURITIES AND Exchange Board of India (Sebi) has moved the Supreme Court urging that Sahara India Group be directed to refrain from issuing "misleading" advertisements or statements that "obstruct" it from implementing the apex court's order of August 31, 2012, for refund of more than ₹24,029 crore raised from 33 million bond investors.

The group, including its chief Subrata Roy, have been issuing misleading advertisements (one being on April 23) in various newspapers, wrongfully claiming that the amount due to the investors by its firms, including Sahara Credit Cooperative Society, Saharatyn Universal Multipurpose Society, Sahara Q-Shop, can be paid from the Sebi-Sahara refund account.

Sebi urged the apex court to direct the Sahara India Group of entities to refrain from issuing any advertisement or statement, in any manner whatsoever, in respect of the proceedings in the contempt petition pending before the SC.

Accusing that the Sahara group has been constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions, Sebi in its fresh application said the group "entities have by their various acts and

The Sahara group has been accused of constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions

SC orders," Sebi said.

Sebi has made its best efforts in disbursing refunds amounts in spite of the continued failure of the contemnors (Sahara group firms, Roy and some directors) in furnishing clarification, explanation and providing information relating to disputed cases, etc, as reflected from time to time in its various status reports, the affidavit stated, adding that nothing further survives in respect of the implementation of the 2012 order "other than further attachment, sale of assets and realisation of monies".

Sahara group has been locked in a prolonged legal battle with Sebi for allegedly breaching norms in raising over ₹24,000 crore through bonds. The group was asked by the Supreme Court to deposit the funds with Sebi to refund investors, while it maintains to have already refunded most of the bondholders.

INDIAN AIRLINES REPORTED 478 technical snags due to malfunctioning of components between July 1, 2021 and June 30, 2022, of which the most were witnessed by Air India, followed by IndiGo, SpiceJet and GoAir, according to information provided by Minister of State for Civil Aviation VK Singh in the Rajya Sabha on Monday.

"An aircraft may experience technical snags due to malfunctioning of components/equipment fitted on the aircraft which require rectification by the airlines for continued safe, efficient and reliable air transport service. These technical snags are reported by the flight crew on receiving an aural/visual warning in the cockpit or an indication of an

inoperative/faulty system or while experiencing difficulty in handling/operating the aircraft," he said.

However, despite the high number of technical snags faced by airlines in the country, only 27 safety-related issues happened in 2021 and 2022 (till July 25), according to a different reply by Singh in the Rajya Sabha. Following the increase in technical snags over the last one year, the Directorate General of Civil Aviation (DGCA) conducted 177 surveillance exercises, 497 spot checks and 169 night surveillance exercises on engineering and maintenance aspects of airlines between July 1, 2021 and June 30, 2022.

Based on the violations found during surveillance, enforcement action has been taken by the aviation regulator against responsible airline personnel in 21 instances.

ભારતનું નાગરિક ઉડ્ડયન અસાધારણ અને ઊંચી વૃદ્ધિ માટે સજ્જ : સિંધિયા

પીટીઆઇ નવી દિલ્હી, તા. ૮ દેશનું નાગરિક ઉડ્ડયન ક્ષેત્ર પેસેન્જરો, એરક્રાફ્ટ અને એરક્રાફ્ટની ટ્રેનિંગ અસાધારણ અને તંદુરસ્ત વૃદ્ધિ સાધવા માટે સજ્જ છે તથા ૨૦૨૭ સુધીમાં હવાઇ મુસાફરોની સંખ્યા ૪૦ કરોડને આંબવાનો અંદાજ છે, એમ કેન્દ્રીય પ્રધાન જ્યોતિરાદિત્ય સિંધિયાએ જણાવ્યું હતું.

આકાશ એરે રવિવારે વિમાન સેવા શરૂ કરી, એ નિમિત્તે સિંધિયાએ જણાવ્યું હતું કે, ભારતમાં નાગરિક ઉડ્ડયનના ઇતિહાસનો એ અંતિ મહત્વનો દિવસ છે. જાણીતા રોકાણકાર રાકેશ જુનજુનવાલા અને હવાઇ ક્ષેત્રના અનુભવી આદિત્ય ઘોષ અને વિનય દુબેનું પીકબળ ધરાવતી આકાશ એરે, જેટ એરવેઝ અને એર ઇન્ડિયા સાથે સ્પષ્ટ સંકેત મળે છે કે, આ એક વૃદ્ધિનું તંદુરસ્ત બજાર બની રહેવાનું છે.

ભારતમાં એરલાઇન લોન્ચ થયાને આઠ વર્ષ થયાં છે. છેલ્લા લગભગ બે દાયકાથી આપણે સાંભળતા આવ્યા છીએ કે, એરલાઇન્સ ચલાવવી કેટલી મુશ્કેલ કામગીરી છે, તેમણે આંતરિક સ્તરે ઘણા પ્રશ્નોનો સામનો કરવો પડે છે અને આ ગાળા દરમિયાન (છેલ્લાં ૨૦ વર્ષોમાં) સાત એરલાઇન્સ બંધ થઇ ગઇ છે, એમ સિંધિયાએ કહ્યું હતું.

નાગરિક ઉડ્ડયન ક્ષેત્ર કોરોના મહામારીથી ગંભીર રીતે પ્રભાવિત થયું હતું અને હવે એ રિકવરીના પંથે છે. મંત્રીના જણાવ્યા પ્રમાણે, અમારા અંદાજ અનુસાર, ૨૦૨૭ સુધીમાં ભારતમાં હવાઇ પ્રવાસીઓનો આંકડો ૪૦ કરોડ પહોંચશે.

સિંધિયાએ કહ્યું હતું કે, ભારતમાં ૨૦૨૭ સુધીમાં ડોમેસ્ટિક અને આંતરરાષ્ટ્રીય મળીને કુલ ૪૦ કરોડ હવાઇ મુસાફરો નોંધાશે. ૨૦૧૩-૧૪માં દેશમાં હવાઇ મુસાફરોની સંખ્યા છ કરોડ જેટલી હતી, જે ૨૦૧૯-૨૦માં વધીને ૨૦ કરોડની આસપાસ પહોંચી છે. આથી, છેલ્લાં પાંચ વર્ષોમાં મુસાફરોની સંખ્યાની દ્રષ્ટિએ લગભગ ૨૫૦ ટકાનો વધારો નોંધાયો છે, એમ તેમણે કહ્યું હતું.

● DISCOURAGING OUTBOUND SHIPMENTS

Govt tightens rules on wheat product exports

FE BUREAU
New Delhi, August 8

THE GOVERNMENT ON Monday sought to tighten rules on exports of wheat flour and other related products and mandated that such despatches will be subject to the submission of quality certificates issued by the Export Inspection Council or its affiliates. The certificates will be over and above the current requirement of recommendations by an inter-ministerial panel.

Industry sources said the aim of the notification by the Directorate General of Foreign Trade (DGFT) is to discourage exports of wheat products to keep domestic supplies steady and prices under control.

The notification will come into effect from August 14. However, until August 14, those consignments that have already been handed over to the customs or where loading has taken place will be allowed to be despatched, according to the

QUALITY CONTROL

■ Government mandates despatches will be subject to the submission of quality certificates issued by the Export Inspection Council or its affiliates

■ Wheat flour exports witnessed a sudden and unusual surge in the aftermath of the ban on the outbound shipment of wheat on May 13, indicating that many traders might be using this route to beat the prohibition on the grain's exports.

notification.

Last month, the DGFT notified that exports of wheat flour (atta), maida, samolina (rava/sirgi), wholemeal atta and

resultant atta would be cleared only after the clearance by the inter-ministerial panel.

The government came in with regulations as an irrational

spike in outbound shipments of the commodity in recent weeks has threatened to undermine its ban on wheat despatches.

Wheat flour exports witnessed a sudden and unusual surge in the aftermath of the ban on the outbound shipment of wheat on May 13, indicating that many traders might be using this route to beat the prohibition on the grain's exports.

Usually, monthly exports at this time of the year are about 6,000-8,000 tonne. However, flour despatches exceeded 100,000 tonne within a month of the ban on wheat, according to industry sources. To be sure, flour exports were neither banned nor restricted when wheat shipments were prohibited in May.

In value terms, exports of wheat or meslin flour jumped 64% last fiscal from a year before to \$247 million, according to the DGFTIS data. In contrast, wheat exports had jumped 274% in FY22 to \$2.12 billion.

● RETAIL PRICES SET TO SOFTEN

Mandi prices of tomato, onion see sharp decline

SANDIP DAS
New Delhi, August 8

MANDI PRICES OF tomato and onion have witnessed a sharp decline in the last month because of improvement in supplies due to more-than-adequate monsoon rains in key producer states of Maharashtra, Karnataka, Andhra Pradesh and Madhya Pradesh.

The benchmark mandi prices of tomato at Kolar in Karnataka stood at ₹600 per quintal on Monday, down 25% from a month ago. According to mandi officials in Kolar, supplies have been adequate and prices are expected to hold at the current level for the next few weeks.

However, mandi prices of potato in Agra increased 15% to ₹1,550 a quintal. Traders say prices are expected to rise prior to the arrival of next year's crop by October. Retail prices are in the range of ₹25/30 a kg.

"Arrivals of tomato are expected to be robust in the next two months provided excessive rains in August do not adversely affect the yield," Uday Deolankar, former adviser to the Maharashtra Agricultural Prices Commission, told FE.

In June, mandi price was prevailing at more than ₹3,000 a quintal, which pushed retail prices to ₹90/100 a kg.

Heat waves during March-April in the key tomato-growing states of Maharashtra, Karnataka and Andhra Pradesh adversely impacted production and pushed up prices across the country in June. Currently, retail prices are at ₹30/40 a kg across major cities.

According to the second advance estimate of horticulture production in the 2021-22 crop year (July-June), tomato production is expected to decline by more than 4% to 20.34 million tonne (MT) compared to the previous year.

Meanwhile, benchmark mandi prices of onion (Lasalgaon, Maharashtra) have dropped 8% to ₹1,151 a quintal on Monday compared to a

month ago, because of a bumper output.

Onion production in the 2021-22 crop year is estimated at 31.7 MT, which is 20% more than the previous year. Retail prices are currently in the range of around ₹20/22 a kg.

"Price of onions are expected to fall further as farmers are bringing in their stored produce of summer crops," Balasaheb Misal, an onion farmer from Manmad, Maharashtra, said.

In June, inflation for potato and tomato rose by 23.86% and 158.78%, respectively, while onion price inflation was down 20.74% on year. Tomato, onion and potato have weightage of 0.6%, 0.6% and 1%, respectively, in CPI inflation.

Govt guarantees to CPSEs and other agencies at ₹4.67 trn by FY20

FE BUREAU
New Delhi, August 8

GUARANTEES GIVEN BY the Centre to central public sector enterprises (CPSEs) and other bodies by end-FY20 stood at ₹4.67 trillion which constituted 2.32% of GDP, according to the Comptroller and Auditor General (CAG) report tabled in Lok Sabha on Monday.

In FY20, the additional guarantees extended by the government were shown as ₹60,907 crore or 0.3% of GDP. However, the Centre's guarantees amounting to ₹14,985 crore for borrowings of Air India Asset Holding Limited (AIAHL) and ₹5,262.30 crore raised by FCI were not considered for inclusion in the relevant statement of the Union government finance accounts (UGFA). By including these omitted guarantees, the actual additional guarantees would be 0.4% of GDP for FY20, but still within the target of the FRBM (0.5% of GDP in any financial year).

On extra budgetary resources (EBRs), the CAG report noted that ministry of civil aviation did not disclose ₹14,985 crore (arranged on government guarantee) raised by Air India Asset Holding Limited (AIAHL). Similarly, borrowings of ₹36,440 crore by IRFC for funding the projects of the Indian Railways were not disclosed.

Sundaram Finance PAT up 18%

FE BUREAU
Chennai, August 8

CHENNAI-BASED SUN-DARAM Finance on Monday reported an 18% jump in profit after tax (PAT) to ₹226 crore for the first quarter of FY23 as against ₹192 crore in the corresponding quarter of the last fiscal year. Total income of the non-banking financial company stood at ₹942 crore as against ₹956 crore last year, registering a 1.5% decline. It logged the highest-ever Q1 dis-

Sundaram Finance executive VC Harsha Viji

bursements of ₹4,895 crore, marking 138% increase over Q1 FY22, and up by 31% sequentially over Q4 FY22. Executive vice-chairman

Harsha Viji said, "We have re-established our pre-pandemic growth trajectory with the highest-ever first quarter disbursements of ₹4,895 crore. Coupled with continued strong improvement in our asset quality levels and a healthy 18% increase in profits, we have delivered a strong quarter of growth with quality and profitability. Overall economic activity continues to improve across all segments despite inflationary concerns and related interest rate hikes."

Fincare SFB refiles draft papers for IPO

SHASHANK DIDMISHE
Mumbai, August 8

BENGALURU-BASED FIN-CARE Small Finance Bank on Monday refiled the draft red herring prospectus with the Securities and Exchange Board of India (Sebi) for its initial public offering. The new offer consists of a fresh issue of up to ₹625 crore and an offer-for-sale (OFS) of up to 17 million shares by promoter and institutional investors.

The revised OFS consists of 14.9 million shares by promoter Fincare Business Services, 47.1 million shares by Wagner, 44.4 million by private equity firm Indium IV (Mauritius), 22.4 million by Omega TC, 13.1 million by LeapFrog Rural, 12.6 million by Kotak Mahindra Life Insurance, and 11.7 million shares by Edelweiss Tokio Life Insurance.

In the lender's previous draft papers, filed in 2021, the company was planning to raise ₹330 crore via a fresh issue and the promoter, Fincare Business Services, was the sole selling shareholder with an OFS of ₹1,000 crore.

Sebi asks SC to restrain Sahara from issuing misleading ads or statements

INDU BHAN
New Delhi, August 8

THE SECURITIES AND Exchange Board of India (Sebi) has moved the Supreme Court urging that Sahara India Group be directed to refrain from issuing "misleading" advertisement or statements that "obstruct" it from implementing the apex court's order of August 31, 2012, for refund of more than ₹24,029 crore raised from 33 million bond investors.

The group, including its chief Subrata Roy, have been issuing misleading advertisements (one being on April 23) in various newspapers, wrongfully claiming that the amount due to the investors by its firms, including Sahara Credit Cooperative Society, Saharayan Universal Multipurpose Society, Sahara Q-Shop, can be paid from the Sebi-Sahara refund account.

Sebi urged the apex court to direct the Sahara India Group of entities to refrain from issuing any advertisement or statement, in any manner whatsoever, in respect of the proceedings in the contempt petition pending before the SC.

Accusing that the Sahara group has been constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions, Sebi in its fresh application said the group "entities have by their various acts and

The Sahara group has been accused of constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions

omissions, including by issuance of such defamatory, malicious and false statements and advertisements, have misled genuine investors, when those entities continue to willfully disobey the 2012 judgment and subsequent orders by refusing to deposit the amounts directed and ordered to be deposited in the Sebi-Sahara refund account".

"The Sahara India group has thereby obstructed the implementation of the SC order which also amounts to contempt of the

SC orders," Sebi said.

Sebi has made its best efforts in disbursing refunds amounts in spite of the continued failure of the contemnors (Sahara group firms, Roy and some directors) in furnishing clarification, explanation and providing information relating to disputed cases, etc, as reflected from time to time in its various status reports, the affidavit stated, adding that nothing further survives in respect of the implementation of the 2012 order "other than further attachment, sale of assets and realisation of monies".

Sahara group has been locked in a prolonged legal battle with Sebi for allegedly breaching norms in raising over ₹24,000 crore through bonds. The group was asked by the Supreme Court to deposit the funds with Sebi to refund investors, while it maintains to have already refunded most of the bondholders.

INDIAN AIRLINES REPORTED 478 technical snags due to malfunctioning of components between July 1, 2021 and June 30, 2022, of which the most were witnessed by Air India, followed by IndiGo, SpiceJet and GoAir, according to information provided by Minister of State for Civil Aviation VK Singh in the Rajya Sabha on Monday.

"An aircraft may experience technical snags due to malfunctioning of components/equipment fitted on the aircraft which require rectification by the airlines for continued safe, efficient and reliable air transport service. These technical snags are reported by the flight crew on receiving an aural/visual warning in the cockpit or an indication of an

inoperative/faulty system or while experiencing difficulty in handling/operating the aircraft," he said.

However, despite the high number of technical snags faced by airlines in the country, only 27 safety-related issues happened in 2021 and 2022 (till July 25), according to a different reply by Singh in the Rajya Sabha. Following the increase in technical snags over the last one year, the Directorate General of Civil Aviation (DGCA) conducted 177 surveillance exercises, 497 spot checks and 169 night surveillance exercises on engineering and maintenance aspects of airlines between July 1, 2021 and June 30, 2022.

Based on the violations found during surveillance, enforcement action has been taken by the aviation regulator against responsible airline personnel in 21 instances.

Govt tightens rules on wheat product exports

FE BUREAU
New Delhi, August 8

THE GOVERNMENT ON Monday sought to tighten rules on exports of wheat flour and other related products and mandated that such despatches will be subject to the submission of quality certificates issued by the Export Inspection Council or its affiliates. The certificates will be over and above the current requirement of recommendations by an inter-ministerial panel.

Industry sources said the aim of the notification by the Directorate General of Foreign Trade (DGFT) is to discourage exports of wheat products to keep domestic supplies steady and prices under control.

The notification will come into effect from August 14. However, until August 14, those consignments that have already been handed over to the customs where loading has taken place will be allowed to be despatched, according to the

■ Wheat flour exports witnessed a sudden and unusual surge in the aftermath of the ban on the outbound shipment of wheat on May 13, indicating that many traders might be using this route to beat the prohibition on the grain's exports.

notification.

Last month, the DGFT notified that exports of wheat flour (atta), maida, samolina (rava/sirgi), wholemeal atta and

resultant atta would be cleared only after the clearance by the inter-ministerial panel.

The government came in with regulations as an irrational

spike in outbound shipments of the commodity in recent weeks has threatened to undermine its ban on wheat dispatches.

Wheat flour exports witnessed a sudden and unusual surge in the aftermath of the ban on the outbound shipment of wheat on May 13, indicating that many traders might be using this route to beat the prohibition on the grain's exports.

Usually, monthly exports at this time of the year are about 6,000-8,000 tonne. However, flour dispatches exceeded 100,000 tonne within a month of the ban on wheat, according to industry sources. To be sure, flour exports were neither banned nor restricted when wheat shipments were prohibited in May.

In value terms, exports of wheat or meslin flour jumped 64% last fiscal from a year before to \$247 million, according to the DGCIIS data. In contrast, wheat exports had jumped 274% in FY22 to \$2.12 billion.

● RETAIL PRICES SET TO SOFTEN

Mandi prices of tomato, onion see sharp decline

SANDIP DAS
New Delhi, August 8

MANDI PRICES OF tomato and onion have witnessed a sharp decline in the last month because of improvement in supplies due to more-than-adequate monsoon rains in key producer states of Maharashtra, Karnataka, Andhra Pradesh and Madhya Pradesh.

The benchmark mandi prices of tomato at Kolar in Karnataka stood at ₹600 per quintal on Monday, down 25% from a month ago. According to mandi officials in Kolar, supplies have been adequate and prices are expected to hold at the current level for the next few weeks.

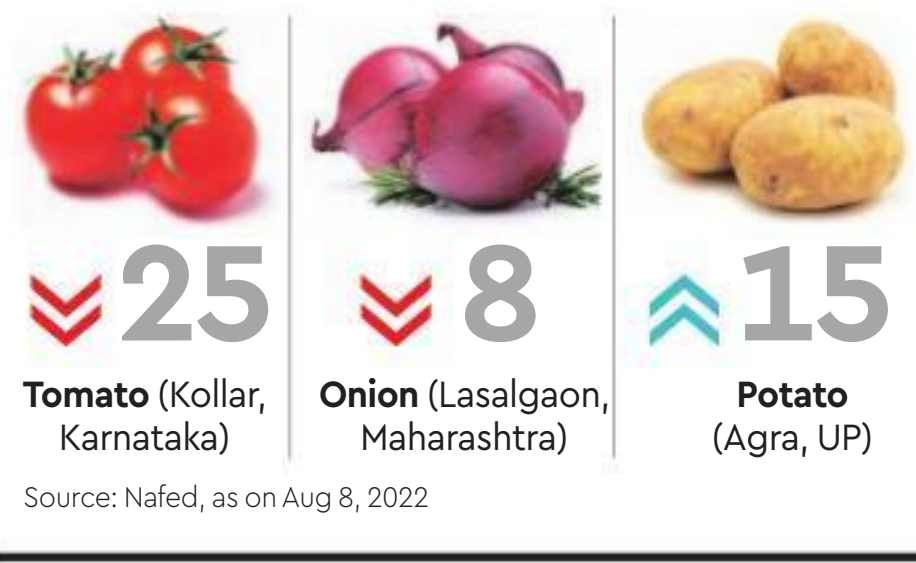

However, mandi prices of potato in Agra increased 15% to ₹1,550 a quintal. Traders say prices are expected to rise prior to the arrival of next year's crop by October. Retail prices are in the range of ₹25/30 a kg.

"Arrivals of tomato are expected to be robust in the next two months provided excessive rains in August do not adversely impact the yield," Uday Deolankar, former adviser to the Maharashtra Agricultural Prices Commission, told FE.

In June, mandi price was prevailing at more than ₹3,000 a quintal, which pushed retail prices to ₹90/100 a kg.

Benchmark mandi prices

Heat waves during March-April in the key tomato-growing states of Maharashtra, Karnataka and Andhra Pradesh adversely impacted production and pushed up prices across the country in June. Currently, retail prices are at ₹30/40 a kg across major cities.

According to the second advance estimate of horticulture production in the 2021-22 crop year (July-June), tomato production is expected to decline by more than 4% to 20.34 million tonne (MT) compared to the previous year.

Meanwhile, benchmark mandi prices of onion (Lasalgaon, Maharashtra) have dropped 8% to ₹1,151 a quintal on Monday compared to a

month ago, because of a bumper

output. Onion production in the 2021-22 crop year is estimated at 31.7 MT, which is 20% more than the previous year. Retail prices are currently in the range of around ₹20/22 a kg.

"Price of onions are expected to fall further as farmers are bringing in their stored produce of summer crops," Balasaheb Misal, an onion farmer from Manmad, Maharashtra, said.

In June, inflation for potato and tomato rose by 23.86% and 158.78%, respectively, while onion price inflation was down 20.74% on year. Tomato, onion and potato have weightage of 0.6%, 0.6% and 1%, respectively, in CPI inflation.

Govt guarantees to CPSEs and other agencies at ₹4.67 trn by FY20

FE BUREAU
New Delhi, August 8

GUARANTEES GIVEN BY the Centre to central public sector enterprises (CPSEs) and other bodies by end-FY20 stood at ₹4.67 trillion which constituted 2.32% of GDP, according to the Comptroller and Auditor General (CAG) report tabled in Lok Sabha on Monday.

In FY20, the additional guarantees extended by the government were shown as ₹60,907 crore or 0.3% of GDP. However, the Centre's guarantees amounting to ₹14,985 crore for borrowings of Air India Asset Holding Limited (AIHL) and ₹5,262.30 crore raised by FCI were not considered for including in the relevant statement of the Union government finance accounts (UGFA). By including these omitted guarantees, the actual additional guarantees would be 0.4% of GDP for FY20, but still within the target of the FRBM (0.5% of GDP in any financial year).

On extra budgetary resources (EBRs), the CAG report noted that ministry of civil aviation did not disclose ₹14,985 crore (arranged on government guarantee) raised by Air India Asset Holding Limited (AIHL). Similarly, borrowings of ₹36,440 crore by IRFC for funding the projects of the Indian Railways were not disclosed.

Sundaram Finance PAT up 18%

FE BUREAU
Chennai, August 8

CHENNAI-BASED SUN-DARAM Finance on Monday reported an 18% jump in profit after tax (PAT) to ₹226 crore for the first quarter of FY23 as against ₹192 crore in the corresponding quarter of the last fiscal year. Total income of the non-banking financial company stood at ₹942 crore as against ₹956 crore last year, registering a 1.5% decline. It logged the highest-ever Q1 dis-

bursements of ₹4,895 crore, marking 138% increase over Q1 FY22, and up by 31% sequentially over Q4 FY22. Executive vice-chairman

Harsha Viji said, "We have re-established our pre-pandemic growth trajectory with the highest-ever first quarter disbursements of ₹4,895 crore. Coupled with continued strong improvement in our asset quality levels and a healthy 18% increase in profits, we have delivered a strong quarter of growth with quality and profitability. Overall economic activity continues to improve across all segments despite inflationary concerns and related interest rate hikes."

Fincare SFB refiles draft papers for IPO

SHASHANK DIDMISHE
Mumbai, August 8

BENGALURU-BASED FIN-CARE Small Finance Bank on Monday refiled the draft red herring prospectus with the Securities and Exchange Board of India (Sebi) for its initial public offering. The new offer consists of a fresh issue of up to ₹625 crore and an offer-for-sale (OFS) of up to 17 million shares by promoter and institutional investors.

The revised OFS consists of 14.9 million shares by promoter Fincare Business Services, 47.1 million shares by Wagner, 44.4 million by private equity firm True North, 43.1 million by Indium IV (Mauritius), 22.4 million by Omega TC, 13.1 million by LeapFrog Rural, 12.6 million by Kotak Mahindra Life Insurance, and 11.7 million shares by Edelweiss Tokio Life Insurance.

In the lender's previous draft papers, filed in 2021, the company was planning to raise ₹330 crore via a fresh issue and the promoter, Fincare Business Services, was the sole selling shareholder with an OFS of ₹1,000 crore.

Sebi asks SC to restrain Sahara from issuing misleading ads or statements

INDU BHAN
New Delhi, August 8

THE SECURITIES AND Exchange Board of India (Sebi) has moved the Supreme Court urging that Sahara India Group be directed to refrain from issuing "misleading" advertisement or statements that "obstruct" it from implementing the apex court's order of August 31, 2012, for refund of more than ₹24,029 crore raised from 33 million bond investors.

The group, including its chief Subrata Roy, have been issuing misleading advertisements (one being on April 23) in various newspapers, wrongfully claiming that the amount due to the investors by its firms, including Sahara Credit Cooperative Society, Saharany Universal Multipurpose Society, Sahara Q-Shop, can be paid from the Sebi-Sahara refund account.

Sebi urged the apex court to direct the Sahara India Group of entities to refrain from issuing any advertisement or statement, in any manner whatsoever, in respect of the proceedings in the contempt petition pending before the SC.

Accusing that the Sahara group has been constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions, Sebi in its fresh application said the group "entities have by their various acts and

The Sahara group has been accused of constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions

SC orders," Sebi said.

Sebi has made its best efforts in disbursing refunds amounts in spite of the continued failure of the contemnors (Sahara group firms, Roy and some directors) in furnishing clarification, explanation and providing information relating to disputed cases, etc, as reflected from time to time in its various status reports, the affidavit stated, adding that nothing further survives in respect of the implementation of the 2012 order "other than further attachment, sale of assets and realisation of monies".

Sahara group has been locked in a prolonged legal battle with Sebi for allegedly breaching norms in raising over ₹24,000 crore through bonds. The group was asked by the Supreme Court to deposit the funds with Sebi to refund investors, while it maintains to have already refunded most of the bondholders.

notification.

Last month, the DGFT notified that exports of wheat flour (atta), maida, samolina (rava/sirgi), wholemeal atta and

resultant atta would be cleared only after the clearance by the inter-ministerial panel.

The government came in with regulations as an irrational

spike in outbound shipments of the commodity in recent weeks has threatened to undermine its ban on wheat despatches.

Wheat flour exports witnessed a sudden and unusual surge in the aftermath of the ban on the outbound shipment of wheat on May 13, indicating that many traders might be using this route to beat the prohibition on the grain's exports.

Usually, monthly exports at this time of the year are about 6,000-8,000 tonne. However, flour despatches exceeded 100,000 tonne within a month of the ban on wheat, according to industry sources. To be sure, flour exports were neither banned nor restricted when wheat shipments were prohibited in May.

In value terms, exports of wheat or meslin flour jumped 64% last fiscal from a year before to \$247 million, according to the DGCIIS data. In contrast, wheat exports had jumped 274% in FY22 to \$2.12 billion.

Mandi prices of tomato, onion see sharp decline

SANDIP DAS
New Delhi, August 8

MANDI PRICES OF tomato and onion have witnessed a sharp decline in the last month because of improvement in supplies due to more-than-adequate monsoon rains in key producer states of Maharashtra, Karnataka, Andhra Pradesh and Madhya Pradesh.

The benchmark mandi prices of tomato at Kolar in Karnataka stood at ₹600 per quintal on Monday, down 25% from a month ago. According to mandi officials in Kolar, supplies have been adequate and prices are expected to hold at the current level for the next few weeks.

However, mandi prices of potato in Agra increased 15% to ₹1,550 a quintal. Traders say prices are expected to rise prior to the arrival of next year's crop by October. Retail prices are in the range of ₹25/30 a kg.

"Arrivals of tomato are expected to be robust in the next two months provided excessive rains in August do not adversely impact the yield," Uday Deolankar, former adviser to the Maharashtra Agricultural Prices Commission, told FE.

In June, mandi price was prevailing at more than ₹3,000 a quintal, which pushed retail prices to ₹90/100 a kg.

Heat waves during March-April in the key tomato-growing states of Maharashtra, Karnataka and Andhra Pradesh adversely impacted production and pushed up prices across the country in June. Currently, retail prices are at ₹30/40 a kg across major cities.

According to the second advance estimate of horticulture production in the 2021-22 crop year (July-June), tomato production is expected to decline by more than 4% to 20.34 million tonne (MT) compared to the previous year.

Meanwhile, benchmark mandi prices of onion (Lasalgaon, Maharashtra) have dropped 8% to ₹1,151 a quintal on Monday compared to a

month ago, because of a bumper output.

Onion production in the 2021-22 crop year is estimated at 31.7 MT, which is 20% more than the previous year. Retail prices are currently in the range of around ₹20/22 a kg.

"Price of onions are expected to fall further as farmers are bringing in their stored produce of summer crops," Balasaheb Misal, an onion farmer from Manmad, Maharashtra, said.

In June, inflation for potato and tomato rose by 23.86% and 158.78%, respectively, while onion price inflation was down 20.74% on year. Tomato, onion and potato have weightage of 0.6%, 0.6% and 1%, respectively, in CPI inflation.

Govt guarantees to CPSEs and other agencies at ₹4.67 trn by FY20

FE BUREAU
New Delhi, August 8

GUARANTEES GIVEN BY the Centre to central public sector enterprises (CPSEs) and other bodies by end-FY20 stood at ₹4.67 trillion which constituted 2.32% of GDP, according to the Comptroller and Auditor General (CAG) report tabled in Lok Sabha on Monday.

In FY20, the additional guarantees extended by the government were shown as ₹60,907 crore or 0.3% of GDP. However, the Centre's guarantees amounting to ₹14,985 crore for borrowings of Air India Asset Holding Limited (AIAHL) and ₹5,262.30 crore raised by FCI were not considered for inclusion in the relevant statement of the Union government finance accounts (UGFA). By including these omitted guarantees, the actual additional guarantees would be 0.4% of GDP for FY20, but still within the target of the FRBM (0.5% of GDP in any financial year).

On extra budgetary resources (EBRs), the CAG report noted that ministry of civil aviation did not disclose ₹14,985 crore (arranged on government guarantee) raised by Air India Asset Holding Limited (AIAHL). Similarly, borrowings of ₹36,440 crore by IRFC for funding the projects of the Indian Railways were not disclosed.

Harsha Viji said, "We have re-established our pre-pandemic growth trajectory with the highest-ever first quarter disbursements of ₹4,895 crore. Coupled with continued strong improvement in our asset quality levels and a healthy 18% increase in profits, we have delivered a strong quarter of growth with quality and profitability. Overall economic activity continues to improve across all segments despite inflationary concerns and related interest rate hikes."

Fincare SFB refiles draft papers for IPO

SHASHANK DIDMISHE
Mumbai, August 8

BENGALURU-BASED FIN-CARE Small Finance Bank on Monday refiled the draft red herring prospectus with the Securities and Exchange Board of India (Sebi) for its initial public offering. The new offer consists of a fresh issue of up to ₹625 crore and an offer-for-sale (OFS) of up to 17 million shares by promoter and institutional investors.

The revised OFS consists of 14.9 million shares by promoter Fincare Business Services, 47.1 million shares by Wagner, 44.4 million by private equity firm Indium IV (Mauritius), 22.4 million by Omega TC, 13.1 million by LeapFrog Rural, 12.6 million by Kotak Mahindra Life Insurance, and 11.7 million shares by Edelweiss Tokio Life Insurance.

In the lender's previous draft papers, filed in 2021, the company was planning to raise ₹330 crore via a fresh issue and the promoter, Fincare Business Services, was the sole selling shareholder with an OFS of ₹1,000 crore.

Sebi asks SC to restrain Sahara from issuing misleading ads or statements

INDU BHAN
New Delhi, August 8

THE SECURITIES AND Exchange Board of India (Sebi) has moved the Supreme Court urging that Sahara India Group be directed to refrain from issuing "misleading" advertisement or statements that "obstruct" it from implementing the apex court's order of August 31, 2012, for refund of more than ₹24,029 crore raised from 33 million bond investors.

The group, including its chief Subrata Roy, have been issuing misleading advertisements (one being on April 23) in various newspapers, wrongfully claiming that the amount due to the investors by its firms, including Sahara Credit Cooperative Society, Saharayan Universal Multipurpose Society, Sahara Q-Shop, can be paid from the Sebi-Sahara refund account.

Sebi urged the apex court to direct the Sahara India Group of entities to refrain from issuing any advertisement or statement, in any manner whatsoever, in respect of the proceedings in the contempt petition pending before the SC.

Accusing that the Sahara group has been constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions, Sebi in its fresh application said the group "entities have by their various acts and

The Sahara group has been accused of constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions

SC orders," Sebi said.

Sebi has made its best efforts in disbursing refunds amounts in spite of the continued failure of the contemnors (Sahara group firms, Roy and some directors) in furnishing clarification, explanation and providing information relating to disputed cases, etc, as reflected from time to time in its various status reports, the affidavit stated, adding that nothing further survives in respect of the implementation of the 2012 order "other than further attachment, sale of assets and realisation of monies".

Sahara group has been locked in a prolonged legal battle with Sebi for allegedly breaching norms in raising over ₹24,000 crore through bonds. The group was asked by the Supreme Court to deposit the funds with Sebi to refund investors, while it maintains to have already refunded most of the bondholders.

INDIAN AIRLINES REPORTED 478 technical snags due to malfunctioning of components between July 1, 2021 and June 30, 2022, of which the most were witnessed by Air India, followed by IndiGo, SpiceJet and GoAir, according to information provided by Minister of State for Civil Aviation VK Singh in the Rajya Sabha on Monday.

"An aircraft may experience technical snags due to malfunctioning of components/equipment fitted on the aircraft which require rectification by the airlines for continued safe, efficient and reliable air transport service. These technical snags are reported by the flight crew on receiving an aural/visual warning in the cockpit or an indication of an

inoperative/faulty system or while experiencing difficulty in handling/operating the aircraft," he said.

However, despite the high number of technical snags faced by airlines in the country, only 27 safety-related issues happened in 2021 and 2022 (till July 25), according to a different reply by Singh in the Rajya Sabha. Following the increase in technical snags over the last one year, the Directorate General of Civil Aviation (DGCA) conducted 177 surveillance exercises, 497 spot checks and 169 night surveillance exercises on engineering and maintenance aspects of airlines between July 1, 2021 and June 30, 2022.

Based on the violations found during surveillance, enforcement action has been taken by the aviation regulator against responsible airline personnel in 21 instances.

Govt tightens rules on wheat product exports

FE BUREAU
New Delhi, August 8

THE GOVERNMENT ON Monday sought to tighten rules on exports of wheat flour and other related products and mandated that such despatches will be subject to the submission of quality certificates issued by the Export Inspection Council or its affiliates. The certificates will be over and above the current requirement of recommendations by an inter-ministerial panel.

QUALITY CONTROL

■ Government mandates despatches will be subject to the submission of quality certificates issued by the Export Inspection Council or its affiliates

■ Wheat flour exports witnessed a sudden and unusual surge in the aftermath of the ban on the outbound shipment of wheat on May 13, indicating that many traders might be using this route to beat the prohibition on the grain's exports.

Industry sources said the aim of the notification by the Directorate General of Foreign Trade (DGFT) is to discourage exports of wheat products to keep domestic supplies steady and prices under control. The notification will come into effect from August 14. However, until August 14, those consignments that have already been handed over to the customs or where loading has taken place will be allowed to be despatched, according to the

notification.

Last month, the DGFT notified that exports of wheat flour (atta), maida, samolina (rava/sirgi), wholemeal atta and

INDIAN AIRLINES REPORTED 478 technical snags due to malfunctioning of components between July 1, 2021 and June 30, 2022, of which the most were witnessed by Air India, followed by IndiGo, SpiceJet and GoAir, according to information provided by Minister of State for Civil Aviation VK Singh in the Rajya Sabha on Monday.

"An aircraft may experience technical snags due to malfunctioning of components/equipment fitted on the aircraft which require rectification by the airlines for continued safe, efficient and reliable air transport service. These technical snags are reported by the flight crew on receiving an aural/visual warning in the cockpit or an indication of an

inoperative/faulty system or while experiencing difficulty in handling/operating the aircraft," he said.

However, despite the high number of technical snags faced by airlines in the country, only 27 safety-related issues happened in 2021 and 2022 (till July 25), according to a different reply by Singh in the Rajya Sabha. Following the increase in technical snags over the last one year, the Directorate General of Civil Aviation (DGCA) conducted 177 surveillance exercises, 497 spot checks and 169 night surveillance exercises on engineering and maintenance aspects of airlines between July 1, 2021 and June 30, 2022.

Based on the violations found during surveillance, enforcement action has been taken by the aviation regulator against responsible airline personnel in 21 instances.

DISCOURAGING OUTBOUND SHIPMENTS

Govt tightens rules on wheat product exports

FE BUREAU
New Delhi, August 8

THE GOVERNMENT ON Monday sought to tighten rules on exports of wheat flour and other related products and mandated that such despatches will be subject to the submission of quality certificates issued by the Export Inspection Council or its affiliates. The certificates will be over and above the current requirement of recommendations by an inter-ministerial panel.

Industry sources said the aim of the notification by the Directorate General of Foreign Trade (DGFT) is to discourage exports of wheat products to keep domestic supplies steady and prices under control.

The notification will come into effect from August 14. However, until August 14, those consignments that have already been handed over to the customs where loading has taken place will be allowed to be despatched, according to the

notification.

Last month, the DGFT notified that exports of wheat flour (atta), maida, samolina (rava/sirgi), wholemeal atta and

resultant atta would be cleared only after the clearance by the inter-ministerial panel.

The government came in with regulations as an irrational

spike in outbound shipments of the commodity in recent weeks has threatened to undermine its ban on wheat dispatches.

Wheat flour exports witnessed a sudden and unusual surge in the aftermath of the ban on the outbound shipment of wheat on May 13, indicating that many traders might be using this route to beat the prohibition on the grain's exports.

Usually, monthly exports at this time of the year are about 6,000-8,000 tonne. However, flour dispatches exceeded 100,000 tonne within a month of the ban on wheat, according to industry sources. To be sure, flour exports were neither banned nor restricted when wheat shipments were prohibited in May.

In value terms, exports of wheat or meslin flour jumped 64% last fiscal from a year before to \$247 million, according to the DGCIIS data. In contrast, wheat exports had jumped 274% in FY22 to \$2.12 billion.

RETAIL PRICES SET TO SOFTEN

Mandi prices of tomato, onion see sharp decline

SANDIP DAS
New Delhi, August 8

MANDI PRICES OF tomato and onion have witnessed a sharp decline in the last month because of improvement in supplies due to more-than-adequate monsoon rains in key producer states of Maharashtra, Karnataka, Andhra Pradesh and Madhya Pradesh.

The benchmark mandi prices of tomato at Kolar in Karnataka stood at ₹600 per quintal on Monday, down 25% from a month ago. According to mandi officials in Kolar, supplies have been adequate and prices are expected to hold at the current level for the next few weeks.

However, mandi prices of potato in Agra increased 15% to ₹1,550 a quintal. Traders say prices are expected to rise prior to the arrival of next year's crop by October. Retail prices are in the range of ₹25/30 a kg.

"Arrivals of tomato are expected to be robust in the next two months provided excessive rains in August do not adversely impact the yield," Uday Deolankar, former adviser to the Maharashtra Agricultural Prices Commission, told FE.

In June, mandi price was prevailing at more than ₹3,000 a quintal, which pushed retail prices to ₹90/100 a kg.

Heat waves during March-April in the key tomato-growing states of Maharashtra, Karnataka and Andhra Pradesh adversely impacted production and pushed up prices across the country in June. Currently, retail prices are at ₹30/40 a kg across major cities.

According to the second advance estimate of horticulture production in the 2021-22 crop year (July-June), tomato production is expected to decline by more than 4% to 20.34 million tonne (MT) compared to the previous year.

Meanwhile, benchmark mandi prices of onion (Lasalgaon, Maharashtra) have dropped 8% to ₹1,151 a quintal on Monday compared to a

month ago, because of a bumper

output. Onion production in the 2021-22 crop year is estimated at 31.7 MT, which is 20% more than the previous year. Retail prices are currently in the range of around ₹20/22 a kg.

"Price of onions are expected to fall further as farmers are bringing in their stored produce of summer crops," Balasaheb Misal, an onion farmer from Manmad, Maharashtra, said.

In June, inflation for potato and tomato rose by 23.86% and 158.78%, respectively, while onion price inflation was down 20.74% on year. Tomato, onion and potato have weightage of 0.6%, 0.6% and 1%, respectively, in CPI inflation.

Sundaram Finance PAT up 18%

FE BUREAU
Chennai, August 8

CHENNAI-BASED SUN-DARAM Finance on Monday reported an 18% jump in profit after tax (PAT) to ₹226 crore for the first quarter of FY23 as against ₹192 crore in the corresponding quarter of the last fiscal year. Total income of the non-banking financial company stood at ₹942 crore as against ₹956 crore last year, registering a 1.5% decline. It logged the highest-ever Q1 dis-

Sundaram Finance executive VC Harsha Viji

bursements of ₹4,895 crore, marking 138% increase over Q1 FY22, and up by 31% sequentially over Q4 FY22. Executive vice-chairman

Harsha Viji said, "We have re-established our pre-pandemic growth trajectory with the highest-ever first quarter disbursements of ₹4,895 crore. Coupled with continued strong improvement in our asset quality levels and a healthy 18% increase in profits, we have delivered a strong quarter of growth with quality and profitability. Overall economic activity continues to improve across all segments despite inflationary concerns and related interest rate hikes."

Fincare SFB refiles draft papers for IPO

SHASHANK DIDMISHE
Mumbai, August 8

BENGALURU-BASED FIN-CARE Small Finance Bank on Monday refiled the draft red herring prospectus with the Securities and Exchange Board of India (Sebi) for its initial public offering. The new offer consists of a fresh issue of up to ₹625 crore and an offer-for-sale (OFS) of up to 17 million shares by promoter and institutional investors.

The revised OFS consists of 14.9 million shares by promoter Fincare Business Services, 47.1 million shares by Wagner, 44.4 million by private equity firm True North, 43.1 million by Indium IV (Mauritius), 22.4 million by Omega TC, 13.1 million by LeapFrog Rural, 12.6 million by Kotak Mahindra Life Insurance, and 11.7 million shares by Edelweiss Tokio Life Insurance.

In the lender's previous draft papers, filed in 2021, the company was planning to raise ₹330 crore via a fresh issue and the promoter, Fincare Business Services, was the sole selling shareholder with an OFS of ₹1,000 crore.

Sebi asks SC to restrain Sahara from issuing misleading ads or statements

INDU BHAN
New Delhi, August 8

THE SECURITIES AND Exchange Board of India (Sebi) has moved the Supreme Court urging that Sahara India Group be directed to refrain from issuing "misleading" advertisement or statements that "obstruct" it from implementing the apex court's order of August 31, 2012, for refund of more than ₹24,029 crore raised from 33 million bond investors.

The group, including its chief Subrata Roy, have been issuing misleading advertisements (one being on April 23) in various newspapers, wrongfully claiming that the amount due to the investors by its firms, including Sahara Credit Cooperative Society, Saharany Universal Multipurpose Society, Sahara Q-Shop, can be paid from the Sebi-Sahara refund account.

Sebi urged the apex court to direct the Sahara India Group of entities to refrain from issuing any advertisement or statement, in any manner whatsoever, in respect of the proceedings in the contempt petition pending before the SC.

Accusing that the Sahara group has been constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions, Sebi in its fresh application said the group "entities have by their various acts and

The Sahara group has been accused of constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions

omissions, including by issuance of such defamatory, malicious and false statements and advertisements, have misled genuine investors, when those entities continue to willfully disobey the 2012 judgment and subsequent orders by refusing to deposit the amounts directed and ordered to be deposited in the Sebi-Sahara refund account."

"The Sahara India group has thereby obstructed the implementation of the SC order which also amounts to contempt of the

SC orders," Sebi said.

Sebi has made its best efforts in disbursing refunds amounts in spite of the continued failure of the contemnors (Sahara group firms, Roy and some directors) in furnishing clarification, explanation and providing information relating to disputed cases, etc, as reflected from time to time in its various status reports, the affidavit stated, adding that nothing further survives in respect of the implementation of the 2012 order "other than further attachment, sale of assets and realisation of monies".

Sahara group has been locked in a prolonged legal battle with Sebi for allegedly breaching norms in raising over ₹24,000 crore through bonds. The group was asked by the Supreme Court to deposit the funds with Sebi to refund investors, while it maintains to have already refunded most of the bondholders.

INDIAN AIRLINES REPORTED 478 technical snags due to malfunctioning of components between July 1, 2021 and June 30, 2022, of which the most were witnessed by Air India, followed by IndiGo, SpiceJet and GoAir, according to information provided by Minister of State for Civil Aviation VK Singh in the Rajya Sabha on Monday.

"An aircraft may experience technical snags due to malfunctioning of components/equipment fitted on the aircraft which require rectification by the airlines for continued safe, efficient and reliable air transport service. These technical snags are reported by the flight crew on receiving an aural/visual warning in the cockpit or an indication of an

inoperative/faulty system or while experiencing difficulty in handling/operating the aircraft," he said.

However, despite the high number of technical snags faced by airlines in the country, only 27 safety-related issues happened in 2021 and 2022 (till July 25), according to a different reply by Singh in the Rajya Sabha. Following the increase in technical snags over the last one year, the Directorate General of Civil Aviation (DGCA) conducted 177 surveillance exercises, 497 spot checks and 169 night surveillance exercises on engineering and maintenance aspects of airlines between July 1, 2021 and June 30, 2022.

Based on the violations found during surveillance, enforcement action has been taken by the aviation regulator against responsible airline personnel in 21 instances.

DISCOURAGING OUTBOUND SHIPMENTS

Govt tightens rules on wheat product exports

FE BUREAU
New Delhi, August 8

THE GOVERNMENT ON Monday sought to tighten rules on exports of wheat flour and other related products and mandated that such despatches will be subject to the submission of quality certificates issued by the Export Inspection Council or its affiliates. The certificates will be over and above the current requirement of recommendations by an inter-ministerial panel.

Industry sources said the aim of the notification by the Directorate General of Foreign Trade (DGFT) is to discourage exports of wheat products to keep domestic supplies steady and prices under control.

The notification will come into effect from August 14. However, until August 14, those consignments that have already been handed over to the customs or where loading has taken place will be allowed to be despatched, according to the

QUALITY CONTROL

■ Government mandates despatches will be subject to the submission of quality certificates issued by the Export Inspection Council or its affiliates

notification. Last month, the DGFT notified that exports of wheat flour (atta), maida, samolina (rava/sirgi), wholemeal atta and resultant atta would be cleared only after the clearance by the inter-ministerial panel. The government came in with regulations as an irrational

spike in outbound shipments of the commodity in recent weeks has threatened to undermine its ban on wheat dispatches.

Wheat flour exports witnessed a sudden and unusual surge in the aftermath of the ban on the outbound shipment of wheat on May 13, indicating that many traders might be using this route to beat the prohibition on the grain's exports.

Usually, monthly exports at this time of the year are about 6,000-8,000 tonne. However, flour dispatches exceeded 100,000 tonne within a month of the ban on wheat, according to industry sources. To be sure, flour exports were neither banned nor restricted when wheat shipments were prohibited in May.

In value terms, exports of wheat or meslin flour jumped 64% last fiscal from a year before to \$247 million, according to the DGFTIS data. In contrast, wheat exports had jumped 274% in FY22 to \$2.12 billion.

RETAIL PRICES SET TO SOFTEN

Mandi prices of tomato, onion see sharp decline

SANDIP DAS
New Delhi, August 8

MANDI PRICES OF tomato and onion have witnessed a sharp decline in the last month because of improvement in supplies due to more-than-adequate monsoon rains in key producer states of Maharashtra, Karnataka, Andhra Pradesh and Madhya Pradesh.

The benchmark mandi prices of tomato at Kolar in Karnataka stood at ₹600 per quintal on Monday, down 25% from a month ago. According to mandi officials in Kolar, supplies have been adequate and prices are expected to hold at the current level for the next few weeks.

However, mandi prices of potato in Agra increased 15% to ₹1,550 a quintal. Traders say prices are expected to rise prior to the arrival of next year's crop by October. Retail prices are in the range of ₹25/30 a kg.

"Arrivals of tomato are expected to be robust in the next two months provided excessive rains in August do not adversely impact the yield," Uday Deolankar, former adviser to the Maharashtra Agricultural Prices Commission, told FE.

In June, mandi price was prevailing at more than ₹3,000 a quintal, which pushed retail prices to ₹90/100 a kg.

Heat waves during March-April in the key tomato-growing states of Maharashtra, Karnataka and Andhra Pradesh adversely impacted production and pushed up prices across the country in June. Currently, retail prices are at ₹30/40 a kg across major cities.

According to the second advance estimate of horticulture production in the 2021-22 crop year (July-June), tomato production is expected to decline by more than 4% to 20.34 million tonne (MT) compared to the previous year.

Meanwhile, benchmark mandi prices of onion (Lasalgaon, Maharashtra) have dropped 8% to ₹1,151 a quintal on Monday compared to a

month ago, because of a bumper output. Onion production in the 2021-22 crop year is estimated at 31.7 MT, which is 20% more than the previous year. Retail prices are currently in the range of around ₹20/22 a kg.

"Price of onions are expected to fall further as farmers are bringing in their stored produce of summer crops," Balasaheb Misal, an onion farmer from Manmad, Maharashtra, said. In June, inflation for potato and tomato rose by 23.86% and 158.78%, respectively, while onion price inflation was down 20.74% on year. Tomato, onion and potato have weightage of 0.6%, 0.6% and 1%, respectively, in CPI inflation.

Govt guarantees to CPSEs and other agencies at ₹4.67 trn by FY20

FE BUREAU
New Delhi, August 8

GUARANTEES GIVEN BY the Centre to central public sector enterprises (CPSEs) and other bodies by end-FY20 stood at ₹4.67 trillion which constituted 2.32% of GDP, according to the Comptroller and Auditor General (CAG) report tabled in Lok Sabha on Monday.

In FY20, the additional guarantees extended by the government were shown as ₹60,907 crore or 0.3% of GDP. However, the Centre's guarantees amounting to ₹14,985 crore for borrowings of Air India Asset Holding Limited (AIAHL) and ₹5,262.30 crore raised by FCI were not considered for including in the relevant statement of the Union government finance accounts (UGFA). By including these omitted guarantees, the actual additional guarantees would be 0.4% of GDP for FY20, but still within the target of the FRBM (0.5% of GDP in any financial year).

On extra budgetary resources (EBRs), the CAG report noted that ministry of civil aviation did not disclose ₹14,985 crore (arranged on government guarantee) raised by Air India Asset Holding Limited (AIAHL). Similarly, borrowings of ₹36,440 crore by IRFC for funding the projects of the Indian Railways were not disclosed.

Fincare SFB refiles draft papers for IPO

SHASHANK DIDMISHE
Mumbai, August 8

BENGALURU-BASED FINCARE Small Finance Bank on Monday refiled the draft red herring prospectus with the Securities and Exchange Board of India (Sebi) for its initial public offering. The new offer consists of a fresh issue of up to ₹625 crore and an offer-for-sale (OFS) of up to 17 million shares by promoter and institutional investors.

The revised OFS consists of 14.9 million shares by promoter Fincare Business Services, 47.1 million shares by Wagner, 44.4 million by private equity firm True North, 43.1 million by Indium IV (Mauritius), 22.4 million by Omega TC, 13.1 million by LeapFrog Rural, 12.6 million by Kotak Mahindra Life Insurance, and 11.7 million shares by Edelweiss Tokio Life Insurance.

In the lender's previous draft papers, filed in 2021, the company was planning to raise ₹330 crore via a fresh issue and the promoter, Fincare Business Services, was the sole selling shareholder with an OFS of ₹1,000 crore.

Sebi asks SC to restrain Sahara from issuing misleading ads or statements

INDU BHAN
New Delhi, August 8

THE SECURITIES AND Exchange Board of India (Sebi) has moved the Supreme Court urging that Sahara India Group be directed to refrain from issuing "misleading" advertisement or statements that "obstruct" it from implementing the apex court's order of August 31, 2012, for refund of more than ₹24,029 crore raised from 33 million bond investors.

The group, including its chief Subrata Roy, have been issuing misleading advertisements (one being on April 23) in various newspapers, wrongfully claiming that the amount due to the investors by its firms, including Sahara Credit Cooperative Society Society, Saharany Universal Multipurpose Society, Sahara Q-Shop, can be paid from the Sebi-Sahara refund account.

Sebi urged the apex court to direct the Sahara India Group entities to refrain from issuing any advertisement or statement, in any manner whatsoever, in respect of the proceedings in the contempt petition pending before the SC.

Accusing that the Sahara group has been constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions, Sebi in its fresh application said the group "entities have by their various acts and

The Sahara group has been accused of constantly obstructing the public authority from carrying out its statutory duties and implementing the SC directions

omissions, including by issuance of such defamatory, malicious and false statements and advertisements, have misled genuine investors, when those entities continue to willfully disobey the 2012 judgment and subsequent orders by refusing to deposit the amounts directed and ordered to be deposited in the Sebi-Sahara refund account."

"The Sahara India group has thereby obstructed the implementation of the SC order which also amounts to contempt of the SC orders," Sebi said.

Sebi has made its best efforts in disbursing refunds amounts in spite of the continued failure of the contemnors (Sahara group firms, Roy and some directors) in furnishing clarification, explanation and providing information relating to disputed cases, etc, as reflected from time to time in its various status reports, the affidavit stated, adding that nothing further survives in respect of the implementation of the 2012 order "other than further attachment, sale of assets and realisation of monies". Sahara group has been locked in a prolonged legal battle with Sebi for allegedly breaching norms in raising over ₹24,000 crore through bonds. The group was asked by the Supreme Court to deposit the funds with Sebi to refund investors, while it maintains to have already refunded most of the bondholders.
