DAY TODAY

CHECK.

YOU THAT!

BY PETER VIDAL

ARIES (Mar 21 - Apr 20) You're passing

through a very businesslike phase. In fact, if you're not rushed off your feet, I'd say you're out of tune with your stars! There's no time like today for taking firm action to deal with general fitness questions, especially if there's emotional stress in the air.

TAURUS (Apr 21 - May 21) This is a proud time for you, so if you feel

you have good reason to show off, get on with it. Your family stars are buoyant, and you should receive much pleasure from younger relations' success. Let's face it, it's nice when others do well.

GEMINI (May 22 - June 21) There are people who accuse you of

talking too much, or who criticise you for always changing your mind. You may just have to ignore such types over the next few days as the stars urge you to say what you like, when you like and how you like. On the other hand, there's no point in upsetting people needlessly.
