Key Initiatives – Q3 FY2019

- For the first time in India, a team of doctors at Fortis Escorts successfully performed the catheter-based procedure of MitraClip to repair a leaking heart valve without surgery in a 69-years old patient who was suffering from repeated heart failure and in whom open heart surgery was not possible.
- Fortis Hospital, Vasant Kunj has become the first hospital in India to join hands with the National Association for Blind (NAB) to introduce a unique initiative at its centre where visually impaired women, trained as Medical Tactile Examiners (MTEs), carry out breast screening for early detection of cancer. The unique initiative is a brainchild of Discovering Hands, Germany, which trains visually impaired women to use their highly developed tactile sense to identify the minutest abnormalities in the breasts.
- Fortis Hospital, CG Road, Bengaluru, recently launched a one-year certification course in critical care nursing. Affiliated with ISCCM, the course, Indian Diploma in Critical Care Nursing (IDCCN), aims to impart quality education and expertise in the field of critical care nursing and introduce standardisation in patient care.
- A specialised shoulder clinic was recently launched at Fortis Hospital, CG Road, Bengaluru. Offering expertise in diagnosis, treatment, and research of all kinds of injuries and conditions affecting the shoulder and elbow, the clinic is poised to become an advanced treatment centre for sports injuries.

6. Awards and Excellence

Key Awards and Recognitions

Fortis Healthcare has won the prestigious FICCI Healthcare Excellence Awards 2018 in the Social Initiative category for the 'Umeed-Dhadkan' programme. The award was received by the Programme Director, at an event held in New Delhi in August 2018.

Four Fortis hospitals won laurels at the Advantage Healthcare India - Medical Value Travel Awards 2018. Fortis Escorts Heart Institute, Okhla Road, New Delhi, won the award in the Interventional Cardiology category. Fortis Malar Hospital, Chennai, won the award in Heart Transplant category. Fortis Flt Lt Rajan Dhall Hospital, Vasant Kunj, New Delhi, was recognized in the Kidney Transplants category. Fortis Memorial Research Institute, Gurugram, won the award in the Cosmetic Surgery category.

SL Raheja Hospital, Mahim-A Fortis Associate recently received 'Green OT' certification from Bureau Veritas, with a performance score of 97%. The Green OT certification project under which the hospital was certified is the first 'Make in India' certification protocol developed by Bureau Veritas in conjunction with Abbott India and multihospital stakeholders.

Fortis Escorts Hospital, Faridabad, has been awarded the prestigious "Pharmacie-de-Qualite" certification for excellence in Pharmacy. The centre has been able to score 91% (Overall PDQ Evaluation Score-Gold Grading). The certification is based on the World Health Organization's definition of good pharmacy practice and International Federation of Pharmacists.

During the quarter, Fortis Hospital, Mulund, earned the JCI re-accreditation for the fifth time in a row.

Successes in Clinical Excellence – Q3 FY2019

A team of doctors at Fortis Hospital, Noida, performed a complex lifesaving surgery, wherein they surgically removed a large metallic machine fragment from the heart of a 32-year-old male. The patient worked in a factory where his job entailed the use of a high-speed drilling and cutting machine. In an unfortunate accident, a large metallic fragment measuring 4 centimetres broke off and penetrated his left chest, puncturing the heart. The piece lodged itself in his left ventricle and also damaged his lungs.

A team of surgeons at Fortis Hospital, Ludhiana, treated a young patient aged 18 years who met with an industrial accident, leading to amputation of four fingers of the right hand. He was taken to a nearby hospital immediately, but was later shifted to Fortis Hospital, Ludhiana, as very few centres have the capability to treat such conditions. The patient was immediately taken up for multiple digital re-implant procedure.

An 8-year old boy from Iraq suffering from a rare bone cancer, Ewing's Sarcoma, was successfully treated at Fortis Hospital, Mulund. Refusing to have their child undergo an amputation to treat the deadly disease in his tibia (shinbone), his parents had sought treatment at Fortis Mulund. The doctors at Fortis Mulund treated the patient with Radical Resection, Extracorporeal Radiation Therapy and re-implantation to treat the cancer.
