RITHWIK FACILITY MANAGEMENT SERVICES LIMITED

**11th ANNUAL REPORT
2020-21**

MESSAGE FROM THE CHAIRMAN.....

Dear Shareholders,

Welcome to the 11th Annual General Meeting of Rithwik Facility Management Services Limited. On behalf of the Board of Directors, I thank each of you for joining us. It gives me immense pleasure to present the Annual Report for the financial year ending 31st March, 2021 along with the Board's Report, Audited Annual Accounts and the Auditor's Report of Your Company.

The India Facility Management Market is anticipated to record a CAGR of 24%, over the forecast period (2021 - 2026). The country's facility management sector is a fragment, as most of the facilities in the country rely on in-house operations for their maintenance and building management processes. The growing emphasis on outsourcing of non-core operations and growth in the real estate sector is expected to drive the Indian market for facility management services. Along with this the government regulation on safety measures and environmental concerns to follow green practices is expected to drive the market.

I am pleased to inform you that we are conforming to this path of growth with "renewed vigour and commitment" and will continue to build a strong and contemporary portfolio in Facility Management industry. We are indeed committed in generating sustainable value for all our stake holders through more innovation, greater efficiency and profitable growth.

My heart full of thanks to our shareholders, all employees, bankers, regulatory bodies, governmental administration, business associates, customers and all other stakeholders for being firm partners in the Company's growth. I am convinced that with your continued support, the Company can confidently look forward to another bright year ahead.

***Yours sincerely,
Rithwik Rajshekar Raman
Managing Director

NOTES:

In view of the COVID 19 pandemic, the Ministry of Corporate Affairs vide its Circular dated 5th May, 2020 read with Circulars dated 8th April, 2020 and 13th April, 2020 (collectively referred to as 'Circulars'), has introduced certain measures enabling companies to convene their Annual General Meetings (AGM/ Meeting) through Video Conferencing (VC) or Other Audio Visual Means (OAVM) and also send notice of the Meeting and other correspondences related thereto, through electronic mode. In compliance with the said requirements of the MCA Circulars, electronic copy of the Notice along with the Annual Report for the financial year ended 31st March, 2021 consisting of financial statements including Board's Report, Auditors' Report and other documents required to be attached therewith (Collectively referred to as Notice) have been sent only to those members, whose e-mail ids are registered with the Company or the Registrar and Share Transfer Agent or the Depository Participants(s), through electronic means and no physical copy of the Notice has been sent by the Company to any member.

Instructions for voting through CDSL e-Voting System – For Remote e-voting and e-voting during AGM

1. As you are aware, in view of the situation arising due to COVID-19 global pandemic, the general meetings of the companies shall be conducted as per the guidelines issued by the Ministry of Corporate Affairs (MCA) vide Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020 and Circular No. 20/2020 dated May 05, 2020. The forthcoming AGM will thus be held through video conferencing (VC) or other audio visual means (OAVM). Hence, Members can attend and participate in the ensuing AGM through VC/OAVM.
2. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility for remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.

3. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first serve basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
6. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at www.rithwik.co.in. The Notice can also be accessed from the website of the Bombay Stock Exchange at www.bsesme.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.
7. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.
8. In continuation of this Ministry's General Circular No. 20/2020, dated 05th May, 2020 and after due examination, it has been decided to allow companies whose AGMs were due to be held in the year 2020, or become due in the year 2021, to conduct their AGMs on or before

31.12.2021, in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA circular no. 02/2021 dated January,13,2021.

THE INSTRUCTIONS FOR SHAREHOLDERS FOR REMOTE E-VOTING ARE AS UNDER:

- (i) The voting period begins on Tuesday, September 21, 2020 (9.00a.m. IST) and ends on Thursday, September 23, 2020 (5.00 p.m. IST). During this period shareholders' of the Company, as on the cut-off date (record date) on Friday, September 17, 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to

update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

India's real gross domestic product (GDP) at current prices stood at Rs. 195.86 lakh crore (US\$ 2.71 trillion) in FY21 as per the second advance estimates (SAE) for 2020-21.

Market size

The facility management services market size in India in the environmental & facilities services industry is expected to grow by USD 13.43 billion, progressing at a CAGR of almost 14% during 2021-2025, as per the new report from Technavio.

The Indian facility management market reached a value of USD 150 billion in 2020. The industry is expected to grow at a rapid pace in the forecast period of 2021-2026, growing at a CAGR of 20% to reach a value of around USD 406 billion by 2026.

Indian Facility Management Market

Historical Market and Forecast
USD Billion

Source: www.expertmarketresearch.com

This industry in India is dominated by in-house segment; however, these services are increasingly being outsourced. The growing demand for integrated facility management is also propelling the industry growth. The integrated sector in the industry is expected to further grow with the industry increasingly shifting to the organised sector. While, currently, the industry is highly fragmented and is dominated by unorganised small operators, with larger players increasingly acquiring smaller players, the industry is expected to become more organised in the coming years. The commercial sector is the leading end-use industry in the market in India, followed by industrial and other sectors. Corporate offices like IT, BPO, and BFSI sectors are

rapidly shifting towards outsourcing their services, thus, driving the industry growth in India. The industry is primarily concentrated in Tier 1 and metro cities.

Recent Developments

The Indian Facilities Management (FM) industry is in the midst of rapid developments in end-user industries, which has led to the considerable growth of commercial activities in metropolitan cities such as Delhi /NCR, Mumbai, Hyderabad, Pune, Chennai, and Bengaluru. The forecasted CAGR over the next 3 years in the FM Industry is estimated to be 17.19% by a Technavio Report. The majority of the Indian market today is still comprised of the unorganised sector, however, due to the growing influence of urban development, post the modernisation, and the RERA act; the market is now moving towards a moreorganised approach. In effect, FM services are steadily gaining popularity among commercial as well as residential clients.

The recently announced plan by the government to develop 100 smart cities is a clear indication of the growth opportunities in the FM space in the country, as it now goes beyond just the Tier I cities. This plan is expected to see a surge in investments (nearly \$200 Billion) into the infrastructure sector, which would inevitably create a need for professional FM services with the majority of the newly formed market is expected to be structured keeping in mind the concept of the smart cities. The growth in real estate in the country is expected to increase with the people's preferences now leaning towards a safer, cleaner and more secure environment. Also with the IT boom in the country paired with the E-commerce investments by companies such as Amazon and Alibaba, the overall need for infrastructure and organised spaces is only going to increase, which makes the future for FM quite bright.

Government Initiatives

The government safety regulations and emphasis on green practices over environmental concerns across the country is driving the market. The Occupational Safety, Health and Working Conditions Code, 2019 which was introduced in Lok Sabha by the Ministry of Labour and Employment is expected to drive the organizations to adopt facility management services to focus more on their core operations

Road Ahead

The outlook of FM services in India is shaping up to be highly optimistic mainly due to the growing maturity of end users and the need for improved safety, comfort and professional maintenance of assets. Presence of Global and Indian MNCs across various end-user sectors is mainly driving the market for FM services in India as they are the potential customers due to their increased awareness levels, exposure to facilities and willingness to invest. The IT sectors are more concerned about

personalized and specialized services utilizing both hard and soft services due to the recent boom and increase in investments in the Indian IT/ITeS/BPO and finance/banking sectors. Increase in investments from emerging sectors such as health-care, retail and infrastructure sector are expected to further push this market to a higher growth curve in the life cycle.

The public sector, namely government offices, industrial and educational segments offer very minimal opportunity as the market is currently in the early stages of development with limited penetration of the outsourcing concept. They majorly outsource only the soft services to the local FM companies. Expansion of business activities in tier 2 and tier 3 cities by the end-user segments are considered to be an increasing regional growth trends for FM services market in India. FM companies should be able to overcome competition factors and capitalize on the vast opportunities in store. Simultaneously, the FM market in India is moving towards involving an organized approach in order to achieve higher market penetration and maturity. Many companies have adopted inorganic growth models to penetrate the market by acquiring well established firms to capture a considerable market share. Companies are constantly looking for growth options and modifying their business models to suit market trends. Some of recent / major acquisition are India based A2Z Group acquired IPMSL and CNCS Facility Solutions. Secondly, UK based compass group acquired India's Vipul Facilities Management and Ultimate Hospitality Services and Thirdly, TenonProperty Services who have expanded its portfolio by acquiring companies Peregrine Guardine , Roto Power and Mortice Group.

IMPACT OF COVID – 19 in Leasing of office spaces in India

The COVID-19 pandemic continues to transform the growth of various industries and has impacted on the facility management services market in India. As per Technavio's pandemic-focused market research, market growth is likely to increase in 2021 as compared to 2020.

The facility management services market size in India in the environmental & facilities services industry is expected to grow by USD 13.43 billion, progressing at a CAGR of almost 14% during 2021-2025, as per the new report from Technavio. The report offers an up-to-date analysis regarding the current market scenario, the latest trends and drivers, and the overall market environment

REVIEW OF OPERATIONS

During the year under review your company has recorded 86.39 Lakhs in profit as against 162.93 Lakhs as on 31st March 2021. The COVID-19 pandemic continues to hinder the growth of various industries and has impacted the facility management

market in India. We expect our business to grow to the pre Covid levels during FY 2022-23.

FUTURE PROSPECTS

The outlook of FM services in India is shaping up to be highly optimistic mainly due to the growing maturity of end users and the need for improved safety, comfort and professional maintenance of assets. Presence of Global and Indian MNCs across various end-user sectors is mainly driving the market for FM services in India as they are the potential customers due to their increased awareness levels, exposure to facilities and willingness to invest. Increase in investments from emerging sectors such as health-care, retail and infrastructure sector are expected to further push this market to a higher growth curve in the life cycle.

The public sector, namely government offices, industrial and educational segments offer very minimal opportunity as the market is currently in the early stages of development with limited penetration of the outsourcing concept. They majorly outsource only the soft services to the local FM companies. Expansion of business activities in tier 2 and tier 3 cities by the end-user segments are considered to be an increasing regional growth trends for FM services market in India. Many companies have adopted inorganic growth models to penetrate the market by acquiring well established firms to capture a considerable market share. Companies are constantly looking for growth options and modifying their business models to suit market trends.

The Covid-19 pandemic has forced companies to reset the ongoing soft services to support the workplace environment. There is a growing need for automating FM

business processes, everything from move-ins, service requests and maintenance, to energy management or workspace customization. Facilities managers must leverage data for better decision making, capital planning and improving the workplace experience for employees and customers alike.

In the post Covid times, smart technologies will add greater significance, given that facilities will be occupied in a gradual manner and better control and intelligence will be needed to operate buildings in a very dynamic environment with varied occupancy pattern. Quick changes, remote monitoring and operations and data analytics are expected to bring efficiency in this dynamically changing occupancy.

The concept of smart buildings is pushing facility managers to rediscover the use and integrations of buildings into one single eco-system. Every asset or device within the building, such as lights, sensors, windows, HVAC units, doors and CCTV, having a unique identity and all fully integrated into a network. Artificial Intelligence and IoT technologies can increase operational efficiency and improve building management, by allowing distantly monitoring and controlling facilities.

Your company continues to explore all the possibilities in exploring new methodologies and technologies with regard to the facility management services with a holistic approach of providing end to end solutions for the clients. Your company is also exploring the possibilities of entering into contract to lease equipments for IT/ ITEs companies which will in turn contribute to the growth of the Company.

Although there is a shift from Work from office to Work from home, the industry is not comfortable with this practice on a permanent basis. As they have found that it is not practically workable for multiple purposes. We expect our business will get the positive growth during the Second Quarter of the Financial Year 2022-23.

SHARE CAPITAL

The Authorised capital of the company is 400 Lakhs as on 31st March 2021. The paid up capital of the Company as on 31st March 2021 stands at Rs. 306 Lakhs.

ANNEXURE I

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Your Directors have pleasure in presenting the management discussion and analysis report for the year ended on March 31, 2021.

INDUSTRY STRUCTURE AND DEVELOPMENTS

Facility Management (FM) services imply the use of a third-party service provider to maintain part of the building facility or outsourcing the management of entire facilities to an organization that executes this service professionally. It includes hard services or building operation and maintenance and soft services or support services, and energy management services. Hard services include electrical, electro-mechanical, mechanical; water management and energy management. Soft services include housekeeping, security, cleaning, catering, transportation, horticulture, landscaping, and front office management, etc. In developed markets, FM services are closely integrated with other services such as rent collection and lease management. However in India, the concept of FM has not matured enough to provide complete property management solutions. Increase in investments in IT/ITeS /BPO, finance/banking, telecom, retail/malls, and industrial sectors will continue to witness strong growth in the next 2-3 years and due to the expected influx of major global Multinational Companies (MNC) in India across various end-user verticals. The Indian Market vis-à-vis the Global Scenario, The Indian FM services market is in its early growth stage and is evolving rapidly, fuelled mainly by the high pace of growth in the construction sector. Increased awareness levels among different vertical markets are expected to take this market to a mature growth phase in its life cycle.

India's growth is expected to be intact with a GDP growth rate of 7.5-7.9% in the coming years due to the current economic scenario and its long term implication on the emerging countries.

The Indian Facilities Management (FM) industry is in the midst of rapid developments in end-user industries, which has led to the considerable growth of commercial activities in metropolitan cities such as Delhi /NCR, Mumbai, Hyderabad, Pune, Chennai, and Bengaluru. The forecasted CAGR over the next 3 years in the FM

Industry is estimated to be 17.19% by a Technavio Report. The majority of the Indian market today is still comprised of the unorganised sector, however, due to the growing influence of urban development, post the modernisation, and the RERA act; the market is now moving towards a more organised approach. In effect, FM services are steadily gaining popularity among commercial as well as residential clients.

The recently announced plan by the government to develop 100 smart cities is a clear indication of the growth opportunities in the FM space in the country, as it now goes beyond just the Tier I cities. This plan is expected to see a surge in investments (nearly \$200 Billion) into the infrastructure sector, which would inevitably create a need for professional FM services with the majority of the newly formed market is expected to be structured keeping in mind the concept of the smart cities. The growth in real estate in the country is expected to increase with the people's preferences now leaning towards a safer, cleaner and more secure environment. Also with the IT boom in the country paired with the E-commerce investments by companies such as Amazon and Alibaba, the overall need for infrastructure and organised spaces is only going to increase, which makes the future for FM quite bright.

(b) (i) OPPORTUNITIES:

The COVID-19 pandemic continues to transform the growth of various industries and have impacted on the facility management services market in India. As per Technavio's pandemic-focused market research, market growth is likely to increase in 2021-22 as compared to 2020-21. The facility management services market size in India in the environmental & facilities services industry is expected to grow by USD 13.43 billion, progressing at a CAGR of almost 14% during 2021-2025, as per the new report from Technavio.

(ii) THREATS

One of the biggest challenges faced by the industry today is the availability of the manpower. The FM industry requires professionals, semi-skilled and unskilled manpower. The supply of professionals that are able to handle large scale infrastructure projects is still relatively low (especially when it comes to technical services) in India, and hence keeping pace with the rapid growth the industry has to offer is a big challenge as even today majority of the professionals require thorough training and time to understand their role. On the other hand, although there is an

abundance of unskilled manpower in the country, there are still two underlying problems that FM companies face. The first problem is training the unskilled manpower to adapt to systems and processes to run a professional FM service, and the second problem is the retention of manpower as the unskilled staff is highly prone to switching jobs.

The other challenge in India today is the market perception and acceptance of unorganised players. Today, there are thousands of unorganised players in the FM industry that enter the market with a focus on only 1 or 2 services such as housekeeping or pest control. The majority of the market is still willing to accept a less professional and organised service for a lower cost. This also creates a hindrance in the organisational aspect of the sector as most of the small players do not comply with statutory compliances and insurances which means they are able to offer services at a lower cost as compared to the organised players. Although this does help in introducing FM services to clients that may have been otherwise reluctant to venture into this space, in the long run though this would not benefit the industry progress that is aiming towards a more professional approach.

(c) SEGMENT REPORTING

The Company is engaged in Facility Management services and fitting out commercial facilities on a turnkey basis. Revenues are mainly derived from these activities. For the year ended 31st March 2021, the Company generated revenue of Rs.2159.13 Lakhs, as compared to Rs.2625.96 Lakhs in 2020. The whole revenue was generated from Facility Management Services.

(d) OUTLOOK

The outlook of FM services in India is shaping up to be highly optimistic mainly due to the growing maturity of end users and the need for improved safety, comfort and professional maintenance of assets. Presence of Global and Indian MNCs across various end-user sectors is mainly driving the market for FM services in India as they are the potential customers due to their increased awareness levels, exposure to facilities and willingness to invest. The IT sectors are more concerned about personalized and specialized services utilizing both hard and soft services due to the recent boom and increase in investments in the Indian IT/ITeS/BPO and finance/banking sectors. Increase in investments from emerging sectors such as health-care, retail and infrastructure sector are expected to further push this market to a higher growth curve in the life cycle.

The public sector, namely government offices, industrial and educational segments offer very minimal opportunity as the market is currently in the early stages of development with limited penetration of the outsourcing concept. They majorly outsource only the soft services to the local FM companies. Expansion of business activities in tier 2 and tier 3 cities by the end-user segments are considered to be an increasing regional growth trends for FM services market in India. FM companies should be able to overcome competition factors and capitalize on the vast opportunities in store. Simultaneously, the FM market in India is moving towards involving an organized approach in order to achieve higher market penetration and maturity. Many companies have adopted inorganic growth models to penetrate the market by acquiring well established firms to capture a considerable market share. Companies are constantly looking for growth options and modifying their business models to suit market trends. Some of recent / major acquisition are India based A2Z Group acquired IPMSL and CNCS Facility Solutions. Secondly, UK based compass group acquired India's Vipul Facilities Management and Ultimate Hospitality Services and Thirdly, Tenon Property Services who have expanded its portfolio by acquiring companies Peregrine Guardine , Roto Power and Mortice Group.

(e) RISK & CONCERNS

The Company has a robust Risk Management framework to identify, evaluate business risks and opportunities. This framework seeks to create transparency, minimize adverse impact on the business objectives and enhance the Company's competitive advantage. The business risk framework defines the risk management approach across the enterprise at various levels including documentation and reporting. The framework has different risk models which help in identifying risks trend, exposure and potential impact analysis at a Company level as also separately for business segments. The Company has identified various risks and also has mitigation plans for each risk identified.

(f) INTERNAL CONTROL SYSTEMS & THEIR ADEQUACY

The Company's operating and business control procedures ensure efficient use of resources and comply with the procedures and regulatory requirements. There are adequate internal controls to safeguard the assets and protect them against losses from unauthorized use or disposition and the transactions are authorized, recorded and reported correctly. The Audit Committee periodically reviews the internal controls systems and reports their observations to the Board of Directors. The Directors have appointed M/s. Suresh V & Associates, Chartered Accountants as the Internal Auditors of the Company for the FY 2020-21.

(g) DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

Due to Covid-19 pandemic your company was unable procure any turnkey projects during the Financial Year 2020-21. The total revenue of the Company was generated from facility management services alone. For the year ended 31st March 2021, we generated revenue of Rs.2159.13 Lakhs, as compared to Rs.2625.96 Lakhs in 2020. The reduction in revenue was mainly due to absence of any Turnkey Projects.

INDEPENDENT AUDITOR'S REPORT

To the Members of Rithwik Facility Management Services Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Rithwik Facility Management Services Limited ("the Company"), which comprise the balance sheet as on 31st day of March 2021, and the statement of profit and loss and statement of cash flows for the year then ended and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as on 31st day of March 2021, and its profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position and financial performance of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, We are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our

auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the statement of profit and loss and statement of cash flows statement dealt with by this Report are in agreement with the books of account
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on 31st day of March 2021, taken on record by the Board of Directors, none of the directors is disqualified as on 31st day of March 2021, from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure - A
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- a. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 27 to the financial statements
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses
 - c. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Company
2. With respect to the provisions of “The Companies (Auditor’s Report) Order, 2016”, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act (hereinafter referred to as the ‘Order’) we give in the Annexure B, a statement of matters specified in the paragraph 3 and 4 of the Order, to the extent applicable to the Company during the year under audit

Annexure – A to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Rithwik Facility Management Services Limited as on 31st day of March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects except for the matter discussion in additional note para, an internal financial controls with reference to standalone financial statements over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Note - 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES

(Annexed to and forming part of the financial statements for the year ended 31st March, 2021)

I. BASIS OF PREPARATION : The financial statements of the company have been prepared on accrual basis under the historical cost convention and on going concern basis in accordance with the Generally Accepted Accounting Principles in India ('Indian GAAP') to comply with the Accounting Standards specified under section 133 of The Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of The Companies Act, 2013 ('the Act'), as applicable. The accounting policies have been consistently applied by the company.

II. USE OF ESTIMATES : The preparation of financial statements requires the management of the company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expense during the year. Example of such estimates include provision for doubtful receivables, employee benefits, provision for income taxes, accounting for contract costs expected to be incurred, the useful lives of depreciable fixed assets and provision for impairment. Future results could differ due to changes in these estimates and the difference between the actual result and the estimates are recognised in the period in which the results are known / materialise.

III. CASH FLOW STATEMENTS(AS - 3): Cash Flow Statement has been prepared under Indirect Method. Cash and Cash Equivalents comprise Cash in Hand, Current and Other Accounts (including Fixed Deposits) held with banks.

IV EVENT OCCURRING AFTER BALANCE SHEET DATE (AS-4): a) Assets and Liabilities are adjusted for events occurring after the balance sheet date that provide additional evidence to assist the estimation of amounts relating to conditions existing at the balance sheet date.

V. NET PROFIT OR LOSS FOR THE PERIOD, PRIOR PERIOD ITEMS AND CHANGES IN

ACCOUNTING POLICIES (AS-5) : Extra-ordinary Items, and Prior Period Incomes and Expenditures, are accounted in accordance with Accounting Standard 5.

VI. RECOGNITION OF INCOME (AS-9) :

- a) Income from operation are accounted net of tax on accrual basis.
- b) Dividend from investments is recognized when the right to receive the payment is established.
- c) Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

VII. Property, Plant and Equipement (AS- 10) : The carrying value of plant, property and equipment are stated at cost of acquisition or construction less accumulated depreciation as on 31st March 2021. The Assets are depreciated over their useful life in accordance with the provision of schedule II of Companies Act 2013. The cost includes all incidental expenses related to acquisition and installation, other pre-operation expenses and interest in case of construction. Carrying amount of cash generating units / assets are reviewed at balance sheet date to determine whether there is any indication of impairment. If such indication exists, the recoverable amount is estimated as the net selling price or value in use, whichever is higher. Impairment loss, if any, is recognized whenever carrying amount exceeds the recoverable amount.

VIII. FOREIGN CURRENCY TRANSLATIONS(AS-11) :(i) All transactions in foreign currency, are recorded at the rates of exchange prevailing on the dates when the relevant transactions take place.(ii) Monetary items in the form of Loans, Current Assets and Current Liabilities in foreign currency, outstanding at the close of the year, are converted in Indian Currency at the appropriate rates of exchange prevailing on the date of the Balance Sheet. Resultant gain or loss is accounted during the year.(iii) All other incomes or expenditure in foreign currency, are recorded at the rates of exchange prevailing on the dates when the relevant transactions take place.

IX. EMPLOYEE BENEFITS(AS -15):

Retirement Benefit: Retirement benefits in the form of Provident / Pension Fund is accounted on accrual basis and charged to the Profit and Loss Account of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective trusts.

Gratuity: Gratuity liability is calculated as per the Provisions of Gratuity Act, 1972 on the 15days salary for each completed year of service for the employees who have completed one year of service. The gratuity liability is charged to the Profit and Loss Account of the year.

X. ACCOUNTING FOR LEASE (AS-19) :

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Where the Company is lessee- Operating Lease, Lease rentals in respect of assets taken on operating lease are charged to statement of profit and loss over the lease term on monthly basis

XI. EARNING PER SHARE(AS -20):

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The Net profit or loss is computed after providing the deduction for preference dividends and any tax thereto.

XII. TAXATION(AS -22) :

Tax expense comprises both current and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities, using the applicable tax rates and tax laws. Deferred tax is recognized on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets, subject to consideration of prudence, are recognized and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. The tax effect is calculated on the accumulated timing difference at the year-end based on the tax rates and laws enacted or substantially enacted on the balance sheet date.

XIII. IMPAIRMENT OF ASSETS(AS -28):

The Company determines the Impairment of Assets based on Cash Generating Units. For this purpose, the Cash Generating Units have been based on segments of operations .

XIV. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS(AS-29):

A provision is recognised when there is a present obligation as a result of a past event, that probably requires an outflow of resources and a reliable estimate can be made to settle the amount of obligation. Provision is not discounted to its present value and is determined based on the last estimate required to settle the obligation at the year end. These are reviewed at each year end and adjusted to reflect the best current estimate. Contingent liabilities are not recognised but disclosed in the financial statements. Contingent assets are neither recognised nor disclosed in the financial statements.
