Banking counters drag benchmarks

SIDDHANT MISHRA Mumbai, February 8

THE EQUITY BENCHMARKS fell close to 1% each on Thursday, with a selloff in financials dragging the indices.

The BSE Bankex (down 936 points) and Bank Nifty (down 806 points) declined close to 1.8% each. Three of the top five Sensex losers were banks, with Kotak Mahindra Bank and ICICI Bank shedding close to 3.5%, and Axis Bank falling close to 3%.

State Bank of India, however, was the biggest gainer on both the indices, rising more than 3.5%. Interestingly, state-owned banks and private lenders showed opposing trends, with the Nifty PSU Bank index jumping 2% and private bank index falling 2.6%.

"PSU banks have been playing catch-up, and are finding buyers thanks to attractive valuations. Private banks, on the other hand, are bearing the brunt of higher valuations. It is a rebalancing act by the markets," said DP Singh, joint CEO of SBI MF.

Sensex declined 723.57 points, or 1%, to 0.97%, to 21,717.95.

SBI and Bank of Baroda rallied more than 3.6% while

Pricing norms for institutional placement by privately-placed InvITs tweaked

MARKETS REGULATOR SEBI on Thursday came out with revised pricing guidelines for institutional placements by privately placed infrastructure investment trusts (InvITs) in a bid to promote ease of doing business. Under the new guidelines, privately placed InvITs can undertake institutional placement based on net asset value (NAV) of InvIT's assets.

"The institutional placement by privately placed InvIT shall be made at a price not less than the NAV per unit, based on the full valuation of all existing InvIT assets conducted in terms of InvIT Regulations," Sebi said in a circular. —PTI

EQUITY MF INFLOWS NEAR 2-YR HIGH

SIDDHANT MISHRA Mumbai, February 8

NET INFLOWS INTO openended equity mutual funds (MFs) saw a 28% jump in January over December, data from the Association of Mutual Funds in India (AMFI) showed on Thursday. In another feather in the

cap for the industry, SIP (systematic investment plan) contributions crossed the ₹18,000-crore mark for the first time to scale an all-time high of ₹18,838.33 crore. Equity funds saw net

inflows of ₹21,781 crore in January, up from the ₹16,997 crore in December. This was powered by a strong ₹3,256.98 crore net inflows small-cap funds, ₹4,804.69 crore into sectoral/thematic funds, and ₹3,038.67 crore in multi-cap funds.

"Both the mid-cap and the small-cap indices have seen a sharp rally over the last six months and one year. Investors should note that while both the mid-cap and smallcap categories have the poten-

Debt funds saw net inflows of ₹76,468.96 crore, mainly on account of near-₹50,000 crore inflows into the liquid category, compared to ₹75,500 crore in net outflows last month.

"The inflows into the corporate bond, long-duration, gilt, and long-to-medium duration categories confirm that investors are now fuelled by growing anticipation of interest rate easing," said Nehal Meshram, senior analyst – manager research, Morningstar Investment Research India.

The quantum of net flows

in gold ETFs saw a sharp uptick to ₹657.4 crore in January from ₹88.3 crore in December. Index funds, too, saw ₹2,987 crore in inflows, compared to ₹703 crore in December.

Experts say the appeal of gold as a safe haven and hedge against inflation will continue, given the ongoing geopolitical

tensions, and inflationary pressure in the US. Gold prices touched new highs after surpassing the \$2,100-per-ounce mark in December, but have since cooled.
