Press Release: Happiest Minds Technologies partners with Ilantus Technologies to deliver Next-gen Identity and Access Management Security Services

California, India and Bengaluru, March 11, 2021: Happiest Minds Technologies Limited (NSE: HAPSTMNDS), a 'Born Digital. Born Agile', digital transformation and IT solutions company, has entered into a partnership with Ilantus Technologies to enhance its Identity and Access Management capabilities while supporting customers in their Cybersecurity journey. As a Born-Digital company, Happiest Minds has always strived to adapt next-gen technologies like RPA and Blockchain into the Identity and Access Management landscape.

This partnership enables Happiest Minds Technologies to manage and safeguard an organization's intellectual property from Identity and Access theft while enhancing their risk and regulatory governance landscape and key use cases include:

- Privileged Access Management and Threat Analytics
- Identity-as-a-Service (IDaaS)
- IDAM & Privileged IDAM for Bots
- RPA- Identity Automation
- Cloud Access Management
- Passwordless Authentication
- Predictive Identity & Access Governance
- Risk-based/Adaptive Authentication

The partnership with Ilantus is in line with the vision to strengthen the Identity and Access Management within organizations by leveraging technologies such as Artificial Intelligence and Machine learning to have comprehensive visibility to the vulnerabilities arising from Identity and Access exposure from internal and external factors. As a reseller and partner of Ilantus Technologies, Happiest Minds Technologies is committed to minimizing the risk factor arising from identity and access thefts while improving customer experience.

Ram Mohan, CEO, Infrastructure Management & Security Services, Happiest Minds Technologies, said, "We are pleased to partner with Ilantus Technologies, a world leader in Cloud Identity solutions for the mid-market. Identity and Access Management Security Services is not only one of our core service offerings and we are also recognized by Forrester in their report, Now Tech: Managed IAM Services, Q4 2019, an overview of 18 IAM managed security services providers. The CISO community also recognizes us as the 'Best Identity and Access Management Solution Provider' of the year. Happiest Minds continue to enhance our IAM service portfolio by continually adding niche and cutting-edge partners. And this strategic alliance with Ilantus Technologies will further cement our conviction to provide enhanced-faster-flexible next-gen IAM Services to our customers across geographies and verticals."

Arun Singh, CEO, Ilantus Technologies, said “I am pleased to establish this collaborative partnership between Ilantus and Happiest Minds. With their global presence and talented resources working along with Ilantus solutions and cybersecurity expertise – we see this partnership going above and beyond in enabling customers with the most seamless IAM solutions. Ilantus solutions cover a full range of IAM controls and cybersecurity needs with our Converged IAM solution, Compact Identity. With the latest analyst accolades and raving reviews from customers, we are certain that this year embarks major accomplishments for Ilantus and Happiest Minds. This partnership will further strengthen our foothold and empower various verticals of industries with a powerhouse combination of the best solution and talent in the market.”

About Happiest Minds Technologies:
