PRESS RELEASE

Cyient DLM inaugurates new precision machining facility in Bangalore

- The new facility will elevate the capacity to 180,000 hours per annum with the addition of 20 cutting-edge machines in 36,000 sq ft of manufacturing area

Bangalore, India, December 14, 2023: Cyient DLM, an integrated electronics manufacturing company, has announced the inauguration of a new precision machining facility in Bangalore. The facility currently has a capacity of 60,000 hours per annum, and has been designed for 3x expansion, to elevate the capacity to 180,000 hours per annum with the addition of 20 cutting-edge machines. The new facility has 36,000 sq ft of manufacturing area.

Cyient DLM has expertise in CNC machining with high precision for Aviation, Space, and Ground control applications. Cyient DLM's Precision Machining includes the manufacturing of structural components, engine components, avionics packages and space components. The new facility has the potential to scale up to 250 employees with Indirect employment to around 600 individuals.

Krishna Bodanapu Executive Vice-Chairman & Managing Director, Cyient said, "Cyient DLM is embarking on an exciting growth trajectory, and our new facility in Bengaluru represents the first step in our strategic expansion plan as an independent entity. Our focus is not only on meeting customer expectations but also on creating substantial employment opportunities, fostering a culture of innovation, and leaving a positive imprint on the local community. This move reflects our confidence in the region and underscores our steadfast commitment to being a driving force in Karnataka's economic landscape. Cyient DLM envisions a future defined by pioneering innovation, operational excellence, and meaningful contributions to the communities we proudly serve."

Anthony Montalbano, Chief Executive Officer, Cyient DLM, said, "The inauguration of this precision machining facility in Bengaluru marks a key milestone for Cyient DLM as this represents our commitment to driving growth and delivering differentiated value providing end-to-end services to our customers. This precision machining facility will not only meet the current high growth demands of our customers but will enable new opportunities and partnerships."

Cyient DLM's precision machining ecosystem is built on three pillars - people, infrastructure, and processes. With 350+ suppliers, 140+ manufacturers and around 200 Authorized Distributors & Stockists, Cyient DLM's leverages a wide network of suppliers

to source seamlessly from global locations. Backed by certified quality assurance processes, Cyient DLM has a strong track record of supplying high-quality products.

About Cyient DLM:

Cyient DLM (Estd: 1993, NSE: CYIENTDLM) is a leading Integrated Electronics Manufacturing Solutions provider, that provides Design Led Manufacturing (DLM) solutions to customers. As part of the Cyient Group, Cyient DLM provides services across design, manufacturing, testing, and certification support to ensure that customers' products meet robust standards in reliability, safety, and performance. We have expertise in safety-critical electronics in highly regulated industries. With a global presence and a strong commitment to delivering value-driven solutions, the company has been instrumental in transforming businesses through innovation and technology.
