The background of the cover features a large, detailed image of a high-voltage electrical transmission tower and its associated power lines. The scene is set against a sky with a soft, golden glow from a low sun, likely at sunrise or sunset. In the foreground, a large, complex piece of electrical equipment, possibly a transformer or a switchgear, is visible. The overall aesthetic is industrial and technical. A prominent diagonal graphic element, consisting of a blue and orange stripe, runs from the top-left corner towards the center. The company name 'INDO TECH' is displayed in a bold, white, sans-serif font within a red rectangular box in the upper right quadrant. The title 'Annual Report 2022-2023' is centered in a black, sans-serif font, flanked by horizontal lines.

Item No. 3: Approval of Related Party Transaction

Section 188 of the Companies Act, 2013 and Rule 15 of Companies (Meeting of Board and its Powers) Rules, 2014 (including any statutory modification(s) or re- enactment(s) thereof, for the time being in force) and Companies (Indian Accounting Standards) Rules, 2015 (IND AS 24) provides that for entering into Contracts/Arrangement/Transactions as prescribed in rules framed in this regard with the related party, the Company must obtain prior approval of the Board of Directors and in case such transactions are exceeding the overall limit prescribed in the rules framed in this regard, prior approval of the shareholders by way of a resolution must be obtained. Further regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 provided that all material related party transactions (i.e., transactions exceeding ten percent of annual consolidated turnover) require the approval of the Members by way of resolution.

Your company always seeks to enter into transactions with related parties in the ordinary course of business and at arm's length basis. However, the aggregate of all transactions with the related parties may exceed the threshold limits stipulated in the aforesaid Regulations, the Company is under an obligation to seek the approval of its shareholders by way of Ordinary resolution. It is therefore, proposed to seek approval of such transactions which are either existing or proposed to be entered into by the Company with related parties by way of ordinary resolution.

Board of Directors and Audit Committee of the Company have approved the proposal to enter into transactions with the related parties at their respective meeting held on February 10, 2023. Since the proposal is in the best interest of the company, your directors recommends for the approval.

The term "Related Party" referred in this context shall derive its meaning as stipulated under the Companies Act, 2013 and Companies (Indian Accounting Standards) Rules, 2015.

Pursuant to rule 15(3) of Companies (Meetings of Board and its Powers) Rules, 2014 the details of transactions are given below:

Item No. 4: Ratification of the remuneration of Cost Auditor FY 2022-23

M/s. Thanigaimani & Associates, Cost Accountants, who was appointed as the Cost Auditor for the Financial Year 2022-23 at the Board Meeting of the Company held on August 12, 2022 and whose remuneration has been ratified on the Annual General Meeting held on September 29, 2022, has tendered his letter of resignation as cost auditor of the company on May 15, 2023.

Pursuant to the section 148 of the Companies Act, 2013 read with Rule 6 of the Companies (Cost Records and Audit) Rules, 2014), any casual vacancy caused due to resignation of cost auditor shall be filled in by the Board within a period of 30 days from the occurrence of such vacancy by appointing another cost auditor in place of the resigning auditor. Accordingly based on the recommendation of the Audit Committee, Board of Directors at their Meeting held on May 19, 2023, appointed Mr. K Suryanarayanan, Cost Accountant (Registration No: 102347) as Cost Auditor for the Financial year 2022-23 at a remuneration of Rs. 2,05,000/- (Rupees Two Lakhs and Five Thousand Only) plus Goods and Services Tax at the applicable rates and reimbursement of out of pocket expenses.

Rule 14 of the Companies (Audit and Auditors) Rules 2014 further stipulates that the remuneration payable to the Cost Auditor is required to be ratified by the members at their general meeting. Hence this resolution is proposed.

None of the Directors and Key Managerial personnel of the company and their relatives are concerned or interested, financial or otherwise, in the resolution.

Item No. 5: Ratification of the remuneration of Cost Auditor FY 2023-24

Pursuant to Section 148 of the Companies Act, 2013 and Rule 14 of the Companies (Audit and Auditors) Rules, 2014 and based on the recommendation of the Audit Committee, Board of Directors at their Meeting held on May 19, 2023 appointed Mr. K Suryanarayanan, Cost Accountant (Registration No: 102347) as Cost Auditor for the Financial year 2023-24 at a remuneration of Rs. 2,05,000/- (Rupees Two Lakhs and Five Thousand Only) plus Goods and Services Tax at the applicable rates and reimbursement of out-of-pocket expenses.

Rule 14 of the Companies (Audit and Auditors) Rules 2014 further stipulates that the remuneration payable to the Cost Auditor is required to be ratified by the members at their general meeting. Hence this resolution is proposed.

None of the Directors and Key Managerial personnel of the company and their relatives are concerned or interested, financial or otherwise, in the resolution.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Indo-Tech Transformers Limited**. (Hereinafter called "the Company").

Secretarial Audit was conducted for the period from 1st April 2022 to 31st March 2023, in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances of the Company and expressing my opinion thereon. I have been engaged as Secretarial Auditor of the Company to conduct the Audit of the Company to examine the compliance of Companies Act, SEBI Regulations and the other laws listed below.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, the explanations and clarifications given to me and representations made by the Management. I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31st March 2023 ("Audit Period"), complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and legal compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have conducted physical and online verification and examination of records according to the provisions of the following list of laws and regulations, as facilitated by the Company from time to time for the purpose of issuing this report for the financial year ended on 31st March 2023.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) The Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): -
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011. **(SEBI (SAST) Regulations 2011)**
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; **[Not applicable during the Audit Period]**
 - (d) Securities and Exchange Board of India SEBI (Share Based Employee Benefits and Sweat Equity) Regulations 2021; **[Not applicable during the Audit Period]**
 - (e) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; **[Not applicable during the Audit Period]**
 - (f) Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; **[Not applicable during the Audit Period]**
 - (g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; **[Not applicable during the Audit Period]**

(vi) Other Applicable Laws: As informed by the management, there are no other laws applicable specifically to the Company.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that: -

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda are sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the

Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

During the year under report:

1. There was resignation of Mr. A Sathyamoorthy as Company Secretary (KMP) of the company w.e.f. April 30, 2022 and appointment of Mr. M Manikandan as Company Secretary (KMP) of the company w.e.f. May 27, 2022.

**ANNEXURE TO THE SECRETARIAL AUDIT REPORT OF INDO-TECH TRANSFORMERS LIMITED (2022-2023)
AUDITORS' RESPONSIBILITY**

My Report of even date is to be read along with this letter.

In accordance with the ICSI Auditing Standards (CSAS1 to CSAS4) I wish to state as under-

- Maintenance of secretarial record is the responsibility of the Management of the Company. My responsibility as the Auditor is to express the opinion on the compliance with the applicable laws and maintenance of Records based on Secretarial Audit conducted by me.
- The Secretarial Audit needs to be conducted in accordance with applicable Auditing Standards. These Standards require that the Auditor should comply with statutory and regulatory requirements and plan and perform the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of Records.
- I am also responsible to perform procedures to identify, assess and respond to the risks of material misstatement or non-compliance arising from the Company's failure appropriately to account for or disclose an event or transaction. However, due to the inherent limitations of an audit including internal, financial and operating controls, there is an unavoidable risk that some Misstatements or material non-compliances may not be detected, even though the audit was properly planned and performed in accordance with the Standards.

Accordingly, I wish to state as under-

1. Maintenance of secretarial record is the responsibility of the management of the company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the

correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.

3. I have not verified the correctness and appropriateness of financial records and Books of Accounts of the company.
4. Where ever required, I have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. My examination was limited to the verification of procedures on test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the company.

DEMATERIALIZATION OF SHARES

As per SEBI's direction, dematerialization facility for the shares of the Company is available and it is in the interest of all the shareholders to convert their physical holdings into electronic holdings by dematerialization.

As on March 31, 2023, 1,06,18,298 shares were held in dematerialized form which constitute approx. 99.98 % of total number of subscribed shares.

LIQUIDITY

Since Company's shares are listed on BSE Limited and National Stock Exchange of India Limited and are compulsorily traded in dematerialized form, these shares enjoy enough liquidity in the market.

SHARE TRANSFER SYSTEM

The Company has entered into agreement with M/s. Link Intime India Pvt Ltd, Mumbai to carry out the transfer related activities. Authorised personnel are approving the transfer on periodical basis. All valid transfers are affected within stipulated days. Share certificates received at Registered Office are also sent to Registrars and Share Transfer Agents for doing the needful.

In case of electronic transfers, the bye laws of Depositories are complied with. During the Financial Year 2018-19, the Securities and Exchange Board of India ('SEBI') and Ministry of Corporate Affairs ('MCA') has mandated that existing members of the Company who hold securities in physical form and intend to transfer their securities after April 1, 2019, can do so only in dematerialized form. Therefore, Members holding

shares in physical form were requested to consider converting their shareholding to dematerialized form.

Share transactions in electronic form can be effected in a much simpler and faster manner. After a confirmation of a sale/purchase transaction from the broker, shareholders should approach the Depository Participant ("DP") with a request to debit or credit the account for the transaction. The DP will immediately arrange to complete the transaction by updating the account. There is no need for a separate communication to the Company to register these share transfers.

Shareholders should communicate with M/s. Link Intime India Pvt Ltd, the Company's Registrars and Transfer Agents ('RTA') quoting their folio number or Depository Participant ID ('DP ID') and Client ID number, for any queries to their securities.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

FORWARD-LOOKING STATEMENTS

This report contains forward-looking statements which may contain certain statements describing the Company's objectives, expectations or forecasts that appear to be forward-looking within the meaning of applicable securities laws and regulations while actual outcomes may differ materially from what is expressed herein. The Company assumes no responsibility to publicly amend, modify or revise forward-looking statements, on the basis of any subsequent developments, information or events. Actual results may differ materially from those expressed in the statement. Some important factors that could influence the Company's operations comprise pricing and demand & supply conditions in global and domestic markets, changes in government regulations, tax laws, litigation, industrial relations, economic & geo-political developments, and such other factors.

ECONOMIC AND INDUSTRIAL HIGHLIGHTS

The Global Economy

The global economy remains in a precarious state amid the protracted effects of the overlapping negative shocks of the pandemic, aftermath situation in Eastern Europe, and the sharp tightening of monetary policy to contain high inflation. The resilience that global economic activity exhibited earlier this year is expected to fade. - Global Economic Prospects Report 2023 by World Bank.

The report also states that although global headline inflation has been decelerating as a result of base effects, abating supply chain pressures, and falling commodity prices, core inflation in many countries remains elevated, and inflation is above target in almost all inflation-targeting economies.

In EMDEs, aggregate growth is projected to edge up to 4 percent in 2023, almost entirely due to a rebound in China following the removal of strict pandemic-related mobility restrictions. Excluding China, growth in EMDEs is set to slow substantially to 2.9 percent this year.

Growth in several major economies was stronger than envisaged at the beginning of the year, with faster-than-expected economic reopening in China and resilient consumption in the United States. The increasing demand for transformers in US market has its positive impact on Indian Transformer market as well.

INDUSTRY

Despite the worsening crisis, global electricity demand remained relatively resilient, growing by almost 2% in 2022. By 2025, for the first time in history, Asia will account for half of the world's electricity consumption and one-third of global electricity will be consumed in China. Over the outlook period, global electricity demand is set to grow at an accelerated pace, by an annualized 3%, as electricity consumption increases in emerging markets and developing economies (EMDEs), led by

the People's Republic of China (hereafter "China"), India and Southeast Asia - Electricity Market Report, 2023.

As the energy crisis abates, global electricity demand growth is set to rise from 2.6% in 2023 to an average 3.2% in 2024-2025. This stronger growth is well above the pre-pandemic rate of 2.4% observed in the 2015-2019 period. Indeed, by 2025 demand will increase by 2 500 TWh (Terawatt-hour) from 2022 levels.

The demand for power transformers is driven by the initiatives taken by the government to provide electricity to everyone. Governments across the world are taking initiatives to supply electricity to rural and inaccessible areas, thus increasing the demand for rural electrification. By 2030, the government aims to increase non-fossil fuel-based energy capacity to 500 GW, meeting 50% of its energy requirements by renewable energy sources, and reduce carbon intensity of the economy to less than 45%.

Instability in the pricing of raw materials is a major restraint in the power transformers market. The instability is due to the volatility in the raw material prices of steel, copper, and crude oil. Additionally, the power transformer prices vary by manufacturer, market conditions, and location of the production facility which results in competitive advantage to few big market players.

The transformer manufacturing market is moving towards the evolution of independent and self-regulating smart transformers. Smart transformers are programmed to maintain contact with the stakeholders and provide information and feedback on the power supply.

Indian Economy – Opportunities and Threats

In India, which accounts for three-quarters of output in the region, growth in early 2023 remained below what it achieved in the decade before the pandemic as higher prices and rising borrowing costs weighed on private consumption. However, manufacturing rebounded into 2023 after contracting in the second half of 2022, and investment growth remained buoyant as the government ramped up capital expenditure. Private investment was also likely boosted by increasing corporate profits.

Opportunities

India's power sector has undergone a remarkable transformation, aimed at providing reliable, affordable, and sustainable energy to its people. With an installed generation capacity of more than 416 GW as of March 31, 2023, India is currently the third-largest generator of electricity in the world.

Financial year 2022-23 has seen India's power sector achieving new milestones and meeting the aspirations

of a rapidly growing nation. While peak demand touched a new high of ~216 GW, gross generation crossed 1600 BUs (Billing Units) for the first time. With the addition of more than 15 GW of RE capacity during the year, the installed RE capacity (including large Hydro) crossed 40% of the total installed capacity. Amidst all these developments, universal access to affordable power remains the primary goal for the Power sector.

In India, the robust post-pandemic recovery continued to support strong electricity demand of over 8.4% in 2022, which was substantially higher than the average annual growth rate of 5.3% seen in the 2015-2019 period. The global stature of the Indian Power Sector is depicted well by its positioning in terms of generation capacity. India is ranked 3rd in the World in terms of electricity generation, 4th in installed renewable energy capacity, 5th and 6th in installed Solar and Hydro capacity respectively as reported by international agencies like IEA, Statista, IRENA, etc.

Power demand in India has grown at a CAGR of about 5.66 percent in last 5 years. Growth in electricity demand has been met by rapid capacity addition of thermal projects in the earlier years. However, the quick addition of renewable in the last few years and lower than envisaged growth in demand for electricity, has led to lower PLF (Plant Load Factor) of thermal power plants. However, resumption of economic activities post COVID-19 restrictions has seen a positive impact in terms of PLF of coal fired thermal power plants which stood at 64.15% for financial year 2023.

The introduction of tariff-based competitive bidding (TBCB) mechanism has defined one of the most striking contours in the power reforms landscape. It was decided that all forms of power procurement would take place only through the TBCB route. TBCB projects by private players is a positive outlook for Extra High Voltage (EHV) Transformer Manufacturers. TBCB has created a new breed of private sector power transmission developers and there has been a significant reduction in tariffs, ultimately benefiting the end-consumer.

In the budget, announced in February 2023, Green Growth was identified as a major priority area for giving a direction for growth for the economy. The budget provided for schemes like Green Hydrogen Mission, Energy Transition towards net zero objective, thrust on Energy Storage projects, etc. On the other hand, the financial health of electricity DISCOMs is an area of key concern threatening the very viability of the power sector. Recognizing the difficulties faced by the DISCOMs, the Government has implemented a set of comprehensive measures under UDAY (Ujwal DISCOM Assurance Yojana) to help distribution utilities achieve operational and financial turnaround.

Your company's synergies with the parent company SSEL continues to pave way for favorable business opportunities with wide market reach.

Threats

Power sector is a highly capital-intensive business with long gestation periods before commencement of revenue streams, especially for projects using conventional technology. The major risk factors affecting the Company are over capacity in industry, non-lifting of ready materials due to constraints at customers' end thereby building inventory and creating liquidity issues. Increase in receivable positions due to delay in payment by certain customers and uncertainty in execution of low fixed price orders. Other notable concerns include:

1. Raw material price volatility

Copper and Electrical grade Steel (technical shortform CRGO) are the major raw material which contributes more than 60% cost of total raw material.

Adverse price movement of both commodities can impact the margins of the Company. The Copper price is determined by the London Metal Exchange (LME). The wide fluctuation of rupee against US Dollars also affects margin since the key raw materials, viz. copper, transformer oil, special steels for lamination, etc., are of import origin.

2. Overcapacity in industry

Due to the entry of large number of players during favorable time, overcapacity continues to be a major negative factor in the industry as a result aggressive pricing is undertaken by some of the Transformers manufacturers, which could impact margins.

3. Financial Health of State Discoms

The financial health of electricity DISCOMs is an area of key concern threatening the very viability of the power sector. DISCOMs are the weakest link in the electricity supply chain and have been suffering on account of operational inefficiencies; inadequate investments in distribution network as well as lack of timely and adequate tariff revisions to help recover costs.

4. Delay in payment to IPPs by EBs

There is considerable delay in payment to Independent Power Producers (IPPs) by Electricity Boards (EBs). This delay affects financial health of IPPs and in turn affects cash cycle of Original Equipment Manufacturers. OEMs have to be choosy in accepting orders from such IPPs and this affects year to year growth.

5. Utility Orders

The transformer industry largely depends on the spending from transmission and distribution utilities and recent tenders/ ordering activity by utilities clearly demonstrate the downward trend. Lack of funds is one of the key reason behind it. All

Contracts awarding by the utilities are based on low price (L1) bidder which resulting in price war with unorganized players without compromise on the quality is the challenge for the organized quality driven Companies. The payment terms of utilities are generally high credit period compared to private parties which impact the Company's cash flow.

6. Increase in working capital borrowings and high working capital intensity

Lower cash accruals, delayed payments from clients including state power utilities and private players and delays in project execution results in tightening of liquidity. Further, the operations of manufacturers in India are more working capital intensive mainly due to relatively higher inventory holding and receivable period, lack of adequate mobilization advances. This is mainly due to lack of product standardization, delays in processes of testing and issuance of completion certificates and delays in receipt of payments.

OUTLOOK

Growing population along with increasing electrification and per capita usage will further provide impetus to the rising demand for electricity. Many power sector reforms are being introduced by the Government to bring efficiency, promote decarbonization and ensure (24X7) reliable and affordable power supply.

Affordable and reliable power in a sustainable manner is the guiding principle for India's Power Sector. Government's major initiatives focus on transition from fossil fuel based energy to cleaner & greener sources of energy and strengthening distribution sector by improving operational & financial efficiency of DISCOMs and augmenting distribution infrastructure. Thus, the future outlook for the industry and that of your company is positive.

In the backdrop of a challenging operating environment in this fiscal, we dynamically managed our business to deliver strong bottom line performance whilst growing our market share and sustaining our product quality. We will continue to take this approach in financial year 2023-24 where operating environment is expected to remain challenging with further input cost inflation and competitive market conditions.

Our balanced approach, brand value, our execution prowess and adaptability to market conditions continue to hold us in good position. We remain confident of sustaining the market share and maintaining margins at healthy levels. Notwithstanding these near-term challenges, Indian power sector offers significant potential for growth. In the mid-long term, we will continue to create value for all our stakeholders by growing ahead of the market, delivering quality product and continual upgradation of technologies.

RISKS AND CONCERNS

The Company monitors the external environment and manages its internal environment to mitigate the risks / concerns on a continuous basis. The key risks are underutilized manufacturing

capacities across our industry, an unprecedented spiraling of raw material prices, lack of adequate sources of finance, etc., The Company does not apprehend any inherent risk in the long run with exception to above mentions. Apart from this the Industry is highly labour intensive and is subject to stringent labour laws.

INDEPENDENT AUDITOR'S REPORT

To the Members of Indo Tech Transformers Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements ("the financial statements") of Indo Tech Transformers Limited ("the Company"), which comprise the balance sheet as at March 31, 2023, the statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr No	Key Audit Matter	Auditor's Response
1	<p>Revenue from Operations:</p> <p>Revenue of the Company mainly comprises of sale of transformers to its customers and related services.</p> <p>Revenue from sale of goods is recognised when control is transferred to the customers and when there are no other unfulfilled obligations. This requires detailed analysis of each contract / customer purchase order regarding timing of revenue recognition.</p> <p>Inappropriate assessment could lead to a risk of revenue being recognized on sale of goods before the control in the goods is transferred to the customer.</p> <p>Accordingly, timing of recognition of revenue is a key audit matter.</p>	<p>We have performed the following procedures to address the Key audit matters:</p> <ul style="list-style-type: none"> • we assessed the Company's accounting policies for revenue recognition by comparing with the applicable accounting standards. • testing the design, implementation and operating effectiveness of key internal controls over timing of recognition of revenue from sale of goods. • performing testing on selected statistical samples of customer contracts. Checked terms and condition related to acceptance of goods, acknowledged delivery receipts and tested the transit time to deliver the goods and its revenue recognition. Our tests of details focused on cut-off samples to verify only revenue pertaining to current year is recognized based on terms and conditions set out in sales contracts and delivery documents.

Sr No	Key Audit Matter	Auditor's Response
2	<p>Trade Receivables:</p> <p>The Company has significant outstanding from customers including past dues.</p> <p>The recoverability and the provisioning assessment carried on by the management is based on ageing profile, payment pattern and expected date of collection and time value of money.</p> <p>Based on the factors of impairment assessment, significant judgements and assumptions, including assessing credit risk, timing and amount of realization, etc by the management, we identified this as a key audit matter.</p>	<p>We have performed the following procedures in relation to the recoverability of trade receivables:</p> <ul style="list-style-type: none"> • we obtained an understanding of the processes implemented by management to estimate impairment provision against trade receivables. • we obtained and tested the appropriateness of ageing of trade receivables with the underlying invoices on a sample basis. • we evaluated the impairment model adopted by management to estimate the expected credit loss and tested related computations. We corroborated management's estimates on the basis of past trends. • we obtained, discussed and tested management assessment of impairment for specific customer balances with designated management personnel. • we have circulated direct confirmations on a sample basis. In case of non-receipt of such confirmations, alternate test procedures such as testing subsequent receipts and underlying documents have been performed.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, and Shareholder's Information, but does not include the financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles

generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that

an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatement in the financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of

our work; and (ii) to evaluate the effect of any identified misstatement in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act;
 - (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act;

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (g) With respect to the matters to be included in the Auditor's Report under Section 197(16) of the Act, in our opinion, and to the best of our information and according to the explanations give to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V of the Act, and
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

Annexure - B to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Indo Tech Transformers Limited** (the "Company") as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal

financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria

established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to financial statements for the year ended March 31, 2023

(All amounts are in Indian Rupees lakhs, except share data or as stated)

1 Company overview

- a. Indo Tech Transformers Limited ('Indo Tech' / 'the Company') is engaged in the business of manufacturing power and distribution transformers and various special application transformers, mobile sub-station transformers and sub-stations. The Company has its manufacturing plant located at Kancheepuram in Tamil Nadu.

2 Basis of preparation

a. Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 specified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The financial statements were authorised for issue by the Company's Board of Directors on May 19, 2023.

Details of the Company's accounting policies are included in Note 3.

- b. The Company had been incurring losses over the last few years and has accumulated losses as at the reporting date. In order to overcome this, the Company has developed a business plan to strengthen its financial position / liquidity and has initiated corrective measures to improve its operational performance. Based on the approved business plans, availability of banking limits, commitment and intention of the Holding Company to provide timely financial and other assistance as may be considered necessary to enable the Company to continue in operational existence for the foreseeable future, the Company believes that it would be able to meet its financial requirements and no adjustments would be required in respect of the carrying values of assets / liabilities. Accordingly, these financial statements have been prepared on a going concern basis.

c. Historical Cost Convention

The Financial Statements have been prepared under historical cost convention on accrual basis except for certain assets and liabilities as stated in the respective policies, which have been measured at fair value.

d. Current / Non-Current classification

The assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities. Accordingly, all assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Ind AS-1 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013. Cash or cash equivalent is treated as current, unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

e. Functional and presentation currency

These financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All amounts have been rounded-off to the nearest lakhs, unless otherwise indicated.

f. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Net defined benefit liability / (asset)	Present value of defined benefit obligations less Fair value of plan assets

g. Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the period ending March 31, 2023 is included in the following note

Note 3(c) - estimated useful life of property, plant and equipment and intangible assets;

Note 3(i) and Note 30 – recognition and measurement of provisions and contingencies; key assumptions about the likelihood and magnitude of an outflow of resources;

Note 7 – recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used;

Note 18 – measurement of defined benefit obligations: key actuarial assumptions;

Note 3(f) – impairment of financial assets.

h. Measurement of fair values

A few of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in Note 29 – financial instruments.

3 Significant accounting policies

a. Foreign currency

Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency of the Company, at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in profit or loss.

b. Financial instruments

(i) Recognition and initial measurement

Trade receivables and unbilled revenue are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

(ii) Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- Fair value through OCI (FVOCI) – debt investment;
- FVOCI – equity investment; or
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- . the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- . the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- . the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- . the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investments fair value in OCI (designated as FVOCI - equity investment). This election is made on an investment by investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

(iii) Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

c. Property, plant and equipment**(i) Recognition and measurement**

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

(iii) Depreciation

Depreciation is provided on the straight-line method over the useful life as prescribed under Part C of Schedule II of the Companies Act 2013. Freehold land is not depreciated.

The estimated useful lives of items of property, plant and equipment for the current and comparative period are as follows:

Asset	Useful life (in years)
Buildings	30-60
Plant and machinery	15
Office equipments	5
Computer and accessories	3-6
Furniture and fixtures	10
Vehicles	8

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

d. Intangible assets**(i) Recognition and measurement**

Intangible assets that are acquired by the Company and have finite useful lives are measured at cost less accumulated amortisation and accumulated impairment losses.

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

(iii) Amortisation

Amortisation is calculated to write off the cost of intangible assets over their estimated useful lives using the straight-line method, and is included in depreciation and amortisation in statement of profit and loss. Intangible assets comprise of softwares purchased which are amortised over a period of 5 years.

e. Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on the weighted average formula, and includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their present location and condition. In the case of manufactured inventories and work-in-progress, cost includes an appropriate share of fixed production overheads based on normal operating capacity.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

Value of identified items of finished goods and work-in-progress are written down if estimated recoverable value of such item is lower than its cost.

f. Impairment

(i) Impairment of financial instruments

The Company recognises loss allowances for expected credit losses on financial assets measured at amortised cost.

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the customer;
- a breach of contract such as a default / being significantly past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the customer will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

(ii) Impairment of non-financial assets

The Company's non-financial assets other than inventories, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

The Company's corporate assets do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss.

In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

g. Non-current assets held for sale

Non-current assets are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use.

Such assets are generally measured at the lower of their carrying amount and fair value less costs to sell. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognised in profit or loss.

Once classified as held for sale, intangible assets and property, plant and equipment are no longer amortised or depreciated.

If the Company no longer satisfies the criteria for classification of such assets as held for sale, the assets are reclassified back to their original classification at the lower of its carrying value before the asset was classified as held for sale adjusted for any depreciation, amortisation or revaluations that would have been recognised had the asset not been reclassified as held for sale and its recoverable amount on the date of reclassification.

h. Employee benefits

(i) Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

(ii) Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

(iii) Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

(iv) Other long-term employee benefits

The Company's net obligation in respect of long-term employee benefits other than post-employment benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method. Remeasurements gains or losses are recognised in profit or loss in the period in which they arise.

(v) Termination benefits

Termination benefits are expensed at the earlier of when the Company can no longer withdraw the offer of those benefits and when the Company recognises costs for a restructuring. If benefits are not expected to be settled wholly within 12 months of the reporting date, then they are discounted.

i. Provisions, contingent liabilities and contingent assets

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

(i) Warranties

A provision for warranties is recognised when the underlying products or services are sold. The provision is based on technical evaluation, historical warranty data and a weighting of all possible outcomes by their associated probabilities.

(ii) Onerous contracts

A contract is considered to be onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before such a provision is made, the Company recognises any impairment loss on the assets associated with that contract.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

j. Earnings per share

Basic earnings per share is computed by dividing net profit or loss for the year attributable to equity shareholders by the weighted average number of shares outstanding during the year. Diluted earnings per share amounts are computed after adjusting the effects of all dilutive potential equity shares. The number of shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving basic earnings per share, and also the weighted average number of equity shares, which could have been issued on the conversion of all dilutive potential shares.

k. Revenue

The Company derives revenues primarily from sale of transformers and related services (i.e. freight, insurance and labour).

(a) Sale of goods

Revenue is recognised when a promise in a customer contract (performance obligation) has been satisfied by transferring control over the promised goods to the customer. Control over a promised good refers to the ability to direct the use of, and obtain substantially all of the remaining benefits from those goods. Control is usually transferred upon shipment, delivery to, upon receipt of goods by the customer, in accordance with the individual delivery and acceptance terms agreed with the customers. The amount of revenue to be recognised (transaction price) is based on the consideration expected to be received in exchange for goods, excluding amounts collected on behalf of third parties such as sales tax or other taxes directly linked to sales. Revenue from sale of goods is recorded net of allowances for estimated rebates, cash discounts and estimates of return of goods, all of which are established at the time of sale.

If a contract contains more than one performance obligation, the transaction price is allocated to each performance obligation based on their relative standalone selling prices. In case of any modification to the contract, the entity recognises such modification as a separate contract if it increases both the performance obligation and the consideration due for such modification.

Arrangements with customers for sale of the goods are either on a fixed firm price basis or variable on a key material price change basis.

Amounts due in respect of price escalation claims and / or variation in sale are recognised as revenue only if the contract allows for such claims or variations and / or there is evidence that the customer has accepted it and it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur.

Liquidated damages/penalties, warranties and contingencies are provided for, based on management's assessment of the estimated liability, as per the contractual terms and / or acceptance.

Revenues in excess of invoicing are classified as contract assets (i.e. unbilled revenue).

Consideration received before the transfer of goods to the customers are presented as a contract liability (i.e. advance from customers).

(b) Sale of services

Revenue from services is recognised as the performance obligation is satisfied in accordance with the terms of the relevant contract.

Disaggregation of revenue

The Company disaggregates revenue from contracts with customers by the nature of sale i.e. sale of transformers and sale of services and type of contracts viz fixed price contract and variable price contract. The Company believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of revenues and cash flows are affected by industry, market and other economic factors. Refer Note 20.

i. Recognition of interest income or expense

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

m. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Company is engaged into the business of manufacture and sale of transformers and there are not more than one reportable segment as envisaged by Indian Accounting Standard 108 - Segment Reporting (Ind AS-108).

n. Leases

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

The Company recognises right-of-use asset (ROU) representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

o. Income tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

(i) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

(ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax is not recognised for temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. The Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

p. Cash and cash equivalents

For the purpose of presentation in the statement of cash flow, cash and cash equivalents includes cash on hand, deposits held at call with the financial institution, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

q. Recent Accounting Pronouncements:

On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its financial statements.

(a) Provisions for employee benefits

For details about the related employee benefits expense, Refer note 25.

The Company operates the following post-employment defined benefit plans.

Gratuity: The Company has a defined benefit gratuity plan, governed by the Payment of Gratuity Act, 1972. It entitles an employee, who has rendered at least five years of continuous service, to gratuity at the rate of fifteen days wages for every completed year of service or part thereof in excess of six months, based on the rate of wages last drawn by the employee concerned. The gratuity plan is a funded plan and the Company makes contributions to a fund managed by the LIC. The Company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments.

Notes to financial statements for the year ended March 31, 2023

(All amounts are in Indian Rupees lakhs, except share data or as stated)

These defined benefit plans expose the Company to actuarial risks, such as longevity risk, interest rate risk and market (investment) risk.

A. Funding

The gratuity plan is fully funded by the Company. The funding requirements are based on the gratuity fund's actuarial measurement framework set out in the funding policies of the plan. The funding of Plan is based on a separate actuarial valuation for funding purposes for which the assumptions may differ from the assumptions set out in (D). Employees do not contribute to the plan.

29 Financial instruments - Fair values and risk management (continued)**B. Financial risk management**

The Company has exposure to the following risks arising from financial instruments:

- Credit risk (See B(ii))
- Liquidity risk (See B(iii)) and
- Market risk (See B(iv))

(i) Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors along with the top management are responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company's audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

(ii) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade receivables, deposits and other financial assets.

The carrying amount of financial assets represents the maximum credit exposure.

Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of the Company's trade receivables and other financial assets.

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry and country in which customers operate. In monitoring customer credit risk, customers are grouped according to their credit characteristics, including end-user customers, industry, trading history with the Company and existence of previous financial difficulties.

Expected credit loss assessment for customers as at March 31, 2023 and March 31, 2022

The Company based on internal assessment which is driven by the historical experience / current facts available in relation to default and delays in collection thereof uses an allowance matrix to measure the expected credit loss of trade receivables. Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses.

Amounts written off	-	-
Net remeasurement of loss allowance	248.37	295.47
Balance at 31 March	2,385.58	2,137.21

(iii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, including contractual interest but excluding impact of netting agreements.

As at March 31, 2023

As at March 31, 2022

Particulars	Contractual cash flows		
	Carrying amount	1 year or less	More than 1 year
Trade payables	6,976.53	6,976.53	-
Total	6,976.53	6,976.53	-

(iv) Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates and interest rates – will affect the Company's income or the value of its holdings of financial instruments. The Company is domiciled in India and has its majority of revenues and other transactions in its functional currency i.e. Rs. Accordingly, the Company is not exposed to any high currency risk.

Currency risk

The Company is exposed to currency risk to the extent that there is a mismatch between the currencies in which sales and purchases are denominated and the functional currency. The currencies in which these transactions are primarily denominated is USD.

Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk at the rate of 1% are as follows:

Particulars	As at March 31, 2023	As at March 31, 2022
	USD	USD
Trade and other receivables	-	2.16
Trade and other payables	(4.38)	(0.26)
Net exposure in respect of recognised assets and liabilities	(4.38)	1.90

Sensitivity analysis

A reasonably possible strengthening (weakening) of the Rs. against US dollar as at March 31 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Particulars	Profit or loss		Equity, net of tax	
	Strengthening	Weakening	Strengthening	Weakening
March 31, 2023				
USD (1% movement)	3.60	(3.60)	3.60	(3.60)
March 31, 2022

Notes:

Pursuant to the Supreme Court judgement dated February 28, 2019 on the inclusion of special allowances for contribution to provident fund, the Company has been legally advised that there are interpretative challenges on the application of the judgement retrospectively. Based on the legal advice and in the absence of the reliable measurement of the provision for earlier periods, the Company has not recorded a provision for the prior years.

- 31** The Ministry of Micro, Small and Medium Enterprises has issued an office memorandum dated 26 August 2008 which recommends that the Micro and Small Enterprises should mention in their correspondence with its customers the Entrepreneurs Memorandum Number as allocated after filing of the Memorandum in accordance with the Micro, Small and Medium Enterprise Development Act, 2006 ('the Act').
