**Notes:**

- 1 The above standalone financial results have been reviewed by the statutory auditors of the Company and by the Audit Committee and taken on record by the Board of Directors in their respective meetings held on 20 January 2021.
- 2 In March 2020, World Health Organization (WHO) had declared the outbreak of Novel Corona virus "Covid-19" as a pandemic. Complying with the directives of Government, the plant and offices of the Company had been under lock-down, resulting thereto, the operations for the nine months period have been impacted.

Given the uncertainty of quick turnaround to normalcy, post lifting of the lock down, the Company has carried out a comprehensive assessment of possible impact on its business operations, financial assets, contractual obligations and its overall liquidity position, based on the internal and external sources of information and application of reasonable estimates. The Company does not foresee any significant incremental risk to the recoverability of its assets or in its ability to meet its financial obligations over the foreseeable future, given early and required steps taken to contain, protect and mitigate the exposure.

The management will continue to monitor any material change arising due to the impact of this pandemic on financial and operational performance of the Company and take necessary measures to address the situation.

The auditors have given an emphasis on this matter in their review report.

- 3 The management reassessed remaining useful life of certain assets in the block of plant and equipment with effect from 1 April 2020 on the basis of assessment made by external technical experts. Depending upon the operating conditions and usability of assets, the useful life of the said assets which was hitherto 18 years have been revised to 20 years in case of utilities and to 45 years for the processing plants. Due to this reassessment of remaining useful life, the depreciation for the quarter ended 30 September 2020 and nine months ended 31 December 2020 is lower by Rs. 12.99 Crores and Rs. 38.83 Crores respectively and loss for the corresponding periods is lower by Rs. 12.03 Crores and Rs. 36.03 Crores respectively. The auditors have given an emphasis on this matter in their review report.

- 4 The Company is valuing inventories at cost or net realizable values (NRV), whichever is lower. The exceptional item is towards significant write down in valuation of inventories below cost amounting to Rs. 11.63 crores during the quarter ended 30 June 2020 which was on account of unprecedented decline in global crude oil prices as an outcome of Covid-19 Pandemic.
- 5 The Company's business comprises of manufacture and sale of polyester products. The management has reassessed the carrying value of deferred tax assets amounting to Rs.110.01 crores and additionally recognised of Rs.55.10 crores during the current quarter on the basis of improved operational and market performance achieved during the quarter and nine months ended 31 December 2020. Management is confident about the achievement of its long-term business plans and availability of sufficient future taxable profits against which deferred tax amounting to Rs.165.11 crores is fully recoverable.

The auditors have given an emphasis on this matter in their review report.

- 6 The Company has made profits during the current quarter, though it was incurring losses in the previous period. Considering additional equity infusion last year, actions taken to reduce the costs, refinancing of high cost debt, business plan and availability of additional credit lines with the support of the promoter Group Company to the tune of USD 50 million by way of the Stand By Letter of Credit (SBLC) to meet any unforeseen

exigencies, management believes that Company will be able to realize its assets and will be able to meet its liabilities at the amounts stated in the books and commitments in the normal course of business.

3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing specified under section 143(10) of the Act, and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in Ind AS 34, prescribed under Section 133 of the Act, and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), including the manner in which it is to be disclosed, or that it contains any material misstatement.

3. In March 2020, World Health Organization (WHO) had declared the outbreak of Novel Corona virus “Covid-19” as a pandemic. Complying with the directives of Government, the plant and offices of the Group had been under lock-down, resulting thereto, the operations for the six months period have been impacted.

Given the uncertainty of quick turnaround to normalcy, post lifting of the lock down, the Group has carried out a comprehensive assessment of possible impact on its business operations, financial assets, contractual obligations and its overall liquidity position, based on the internal and external sources of information and application of reasonable estimates. The Group does not foresee any significant incremental risk to the recoverability of its assets or in its ability to meet its financial obligations over the foreseeable future, given early and required steps taken to contain, protect and mitigate the exposure.

The management will continue to monitor any material change arising due to the impact of this pandemic on financial and operational performance of the Group and take necessary measures to address the situation.

The auditors have given an emphasis on this matter in their review report.

4. The management reassessed remaining useful life of certain assets in the block of plant and equipment with effect from 1 April 2020 on the basis of assessment made by external technical experts. Depending upon the operating conditions and usability of assets, the useful life of the said assets which was hitherto 18 years have been revised to 20 years in case of utilities and to 45 years for the processing plants. Due to this reassessment of remaining useful life, the depreciation for the quarter ended 30 September 2020 and nine months ended 31 December 2020 is lower by Rs. 12.99 Crores and Rs. 38.83 Crores respectively and loss for the corresponding periods is lower by Rs. 12.03 Crores and Rs. 36.03 Crores respectively. The exceptional item is towards significant write down in valuation of inventories below cost amounting to Rs. 11.63 crores during the quarter ended 30 June 2020 which was on account of unprecedented decline in global crude oil prices as an outcome of Covid-19 Pandemic.

business plan and availability of additional credit lines with the support of the promoter Group Company to the tune of USD 50 million by way of the Stand By Letter of Credit (SBLC) to meet any unforeseen exigencies, management believes that Company will be able to realize its assets and will be able to meet its liabilities at the amounts stated in the books and commitments in the normal course of business.
