IOB focus on recovery, improving margins, eyes on profit this fiscal

Chennai, July 11: Indian Overseas Bank (IOB) will be strengthening its turnaround plan by adding a few more focus areas to the strategy in order to turn profitable this year.

Indian Overseas Bank held its 19th Annual General Meeting of the Bank at Narada Gana Sabha, Chennai on 10.07.2019.

At the meeting, the Bank obtained the approval of the shareholders for the Audited Accounts of the Bank for the year ended 31st March 2019, for issue of upto 300 crore equity shares to the public and issue of upto 45.70 crore equity shares to employees under ESPs.

Karnam Sekar, Managing Director & CEO, expressed the hope that with various initiatives taken by the Bank, the Bank should be able to come out of PCA in the current year.

Karnam Sekar, who

took charge as the Managing Director and CEO of IOB on July 1, said on Tuesday that the bank is carrying forward the initiatives taken by his predecessor R Subramaniakumar as part of the turnaround strategy.

However, Sekar would lend a special focus on three areas to turn profitable and to come out of the Reserve Bank of India's (RBI) Prompt Corrective Action (PCA) framework.

The bank will focus on improving its net interest income (NII) and net interest margin this year. "Our NII has been stagnant and it is also one of the lowest as we have not been able to grow the book in the last four to five years due to restrictions as part of PCA. We will try to grow advances in areas such as housing and jewellery loans," he said.

Also, the bank will focus on improving CASA

Karnam Sekar, Managing Director & CEO,

percentage as it is lagging behind public sector banks' growth level. "We need to catch up and improve so that our NIM also improves. With growth in NII and NIM, we hope to improve the operating profit and then we hope to report net profit this year," he added.

Sekar said the bank's sale to asset reconstruction companies (ARCs) was lower in 2018-19 compared with that in previous years. This year, IOB will push more sales to ARCs. Also, the bank will give a stronger push for higher one-time settlements (OTS). All these initiatives are aimed at reducing the net NPA of the bank which stands now at about 11 per cent.
