Mr. Subhash Sethi, Chairman, SPML Infra commented, *"The revenue growth and profit increase is an indicator of our expertise in project execution and winning new orders. These figures broadly indicate that the Company has been able to navigate through the challenges relatively more effectively than many other players in the construction industry. This has largely been due to the strong fundamentals of the Company and the foresight of the management in putting into place a business strategy based on its core competencies. As we take our steps into the new financial year, we have ambitious growth plans. I am confident that our business philosophy is strong and solid and the growth prospect in our segment is remarkably high. The kind of infrastructure development project we execute combined with the strength and agility of our team, will lead our way into the future."*
