MANAGEMENT DISCUSSION AND ANALYSIS REPORT**INDUSTRY STRUCTURE & DEVELOPMENTS**

India is one of the fastest-growing economies in the world. Over the years, there has been a gradual improvement in India's macroeconomics situation. Going forward, rapid urbanization, rising consumer aspiration and increasing digitisation coupled with government support in the form of reforms and policies is expected to support growth.

Dairy is the single largest agricultural commodity contributing 5 per cent of the national economy and employing more than 8 crore farmers directly. India is ranked 1st in milk production contribution 23 per cent of global milk production with 210 million tonnes in 2020-21. The Dairy industry is evolving at a rapid pace and consumers too are getting more inclined towards building immunity and looking at healthy options. The markets are seeing newer value added dairy products every day. The brand building, attractive packaging and value addition for the consumer are the key factor for development of a Dairy enterprise in recent times.

OPPORTUNITIES AND THREATS

Consumption of milk and dairy products is a dominant part of Indian consumers diet. The food consumption pattern in India has undergone a change in favour of high-value and more nutritious food items such as milk and milk products. With rise in income levels, the expenditure on food as well as dairy has been increasing.

With a large population of Indian consumers being vegetarian, there is a greater dependency on dairy products for dietary protein requirements

Nevertheless, the structural factors like increasing young population, inclination towards healthier, high protein diet, higher demand for value added products and aggressive growth plans of quick service restaurants (QSR) is expected to propel the growth of the industry.

With all these factors the dairy industry is all set for a bright future and growth in value added dairy products segment.

The Export of Milk Products from the country are in direct competition from the global markets. It is imperative that our milk production cost is also competitive against global supply chain.

RISK AND CONCERN

Climate change and scarcity of water are the major threats to the dairy industry. A drought or a rainfall deficit results in increased cost of cattle feed and reduced availability of cattle fodder thereby constraining milk supply. Such adverse weather and seasonal conditions may lead to a decline in supply and a spike in raw milk prices.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

To provide reasonable assurance that assets are safeguarded against loss or damage and that accounting records are reliable for preparing financial statements, management maintains a system of accounting and controls including an internal audit process. Internal controls are supported by management reviews.

The Board of Directors have an Audit Committee that is chaired by an Independent Director. The Committee meets periodically with Management, Internal Auditor, Statutory Auditors to review the Company's program of internal controls, audit plans and results, recommendations of the auditors and management's responses to those recommendations.

FINANCIAL PERFORMANCE AND RESULTS OF OPERATIONS

During the year under review, the Company achieved Net Sales and Other Income of Rs.2,42,17 lacs as against Rs.6,10,44 lacs in the previous year and resulting into operating profit of Rs.11,47 lacs against the operating profit of Rs.10,53 lacs in the previous year. During the year Rs.6,43.88 lacs was provided for Depreciation and Net profit during the year as Rs.4,95.22 lacs as against Net loss Rs.34,73.47 lacs in the previous year.

During the year there was change in the business working arrangement, from Sales & Purchase to Job Work for Milk, Fermented Products and pure Ghee. As a result of this, the net sales of the company has been impacted. However, there was no change in company's margins and business volumes.

First half of the year was impacted due to second wave of COVID. However, there was recovery in demand during in the second half of the year. Your company also faced challenges in supply of milk and other products to Delhi NCR, on account of restrictions on movement of vehicles due to farmer's agitation. Despite these challenges, we have been able to grow our business and achieve better profitability.

EMPHASIS OF MATTER

(A) Assignment of SBI debt to ARC

A lender bank of the company viz. State Bank of India (SBI) has assigned its loans and other facilities along with underlying financial documents together with all the rights, title and interest to Edelweiss Asset Reconstruction Company Limited, acting in its capacity as trustee of the EARC Trust- SC 306 for the benefits of the holders of the Security Receipts issued by the trustee there under.

During the reporting period there has been no written agreement between the Company and Edelweiss Asset Reconstruction Company Limited to crystallize the amount payable and interest thereon to them. The Company is paying Rs 25 Lacs per month as adhoc Payments to Edelweiss. In absence of any agreement in this regard, the components of such payment cannot be ascertained, hence any liability for deduction of TDS, if may arising on such future ascertainment has not been provided.

(B) One Time Settlement (OTS) with Lenders

The Company's accounts with lenders have been NPA for quite some time and State Bank of India has already show cased its portion of loan in April, 2018 and the said loan has been taken over by Edelweiss Asset Reconstruction Company.

Punjab National Bank vide its letter dated 26.02.2019 had sanctioned an One Time Settlement (OTS) to the company for an amount of Rs. 45.84 Crores for Fund Based and Rs. 15.76 Lacs for Non-Fund based. Against the dues towards PNB, Rs. 6 Crore was paid by the Company and has submitted its proposal for extension of the repayment period of the remaining amount. The matter is pending before the Hon'ble High Court. Further the company is also taking up the issue with Canara Bank to find out a resolution in the account.

(C) Interest provisioning on facilities from Consortium banks & Optionally Convertible Debentures:

The Company's various credit facilities, including Optionally Convertible Debentures have been declared "Non-Performing Assets"/ Recalled by its respective banks. There is a usual practice that banks discontinue to account for as "income" in respect to the accrued interest on such assets, subsequent to the declaration of these as "Non-performing assets". The bankers of the company too have not accounted as "income" in respect to the interest subsequent to NPA declaration date. In order to achieve the desired congruency on this issue & uncertainty of the amount liable to be paid, the management of the company has not provided for such interest i.e. interest on credit facilities subsequent to the date of declaration of these credit facilities as non-performing. Such interest amounts to **Rs. 9.65 Crores** and **Rs. 36.76 Crores** for Current quarter & Year ended 31st March 2022 respectively (including on the assigned debts of SBI) and **Rs 16.205 Lacs** and **Rs 65.722 Lacs** in respect to optionally converted debentures for Current Quarter & year ended 31st March 2022 respectively which has resulted in the understatement of current liabilities and overstatement of profits by same amount. Even though the debts of SBI have been assigned to Edelweiss Asset Reconstruction Company Limited, in absence of any express agreement between the company and Edelweiss Asset Reconstruction Company Limited, no interest has been accounted for in this respect. This interest is not recorded in Profit & Loss Account.

Annexure 2

Annexure to the Independent Auditor's Report of even date to the members of Modern Dairies Limited, on the financial statements for the year ended 31st March, 2022

Independent Auditor's report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the financial statements of Modern Dairies Limited ("the Company") as of and for the year ended 31st March 2022, we have audited the internal financial controls over financial reporting (IFCoFR) of the company of as of that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

6. A Company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with Generally Accepted Accounting Principles. A Company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

(a) Classification

The company classifies its financial assets in the following measurement categories:

- Those to be measured subsequently at fair value (either through other comprehensive income, or through profit & loss) and
- Those measured at amortized cost

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses arising from fair valuation will either be recorded in profit and loss or other comprehensive income. For investments in equity instruments, this will depend on whether the company has made any irrevocable election at the time of initial recognition to account for the equity investment for fair value through other comprehensive income.

(b) Measurement

The company measures a financial asset at its fair value and in the case of financial assets not at fair value through profit and loss, at fair value including transaction cost that are directly attributable to the acquisition of the financial asset. a) Interest on Non-Convertible Debentures:

The Company's Corporate Debt Restructuring (CDR) package was approved by Corporate Debt Restructuring Empowered Group (CDREG) vide letter dated 19 October 2011. As per CDR approval, at the end of two years i.e. 1st April 2013, outstanding balance of Working Capital Term Loan (WCTL) and Funded Interest Term Loan (FITL) taken from respective banks has been converted into unsecured optionally convertible debentures (OCD) for an amount of Rs. 49,65,30,325 at a coupon rate of 0.001%. The said OCDs had an option of conversion into equity during 18 months from date of allotment of OCD as per then applicable SEBI guidelines. Since the conversion could not take place because of the issue of conversion price and as suggested by the lenders, the Company proposed to increase the rate of interest from its existing level of 0.001% to Coupon rate at 5-year G-Sec or 8.00% p.a. whichever is higher, in lieu of conversion. State Bank of India vide its letter dated 31 July 2015 has already conveyed its approval for increase in the interest rate in lieu of conversion and the proposal is under consideration of Punjab National Bank and Canara Bank. Any change in the terms of issue will require the approval of shareholders at the general meeting. The proposal has been accepted by the State Bank of India. However, the company has still not provided for any interest

payable to State bank of India in the books of accounts, such interest amounts to **Rs. 65.681 Lacs** which has resulted in the understatement of current liabilities and losses by **Rs. 65.681 Lacs**.

b) Interest provisioning on facilities from Consortium banks & Optionally Convertible Debentures:

The Company's various credit facilities, including Optionally Convertible Debentures have been declared "Non-Performing Assets"/ Recalled by its respective banks. There is a usual practice that banks discontinue to account for as "income" in respect to the accrued interest on such assets, subsequent to the declaration of these as "Non-performing assets". The bankers of the company too have not accounted as "income" in respect to the interest subsequent to NPA declaration date. In order to achieve the desired congruency on this issue & uncertainty of the amount liable to be paid, the management of the company has not provided for such interest i.e. interest on credit facilities subsequent to the date of declaration of these credit facilities as non-performing. Such interest amounts to **Rs. 9.65 Crores** and **Rs. 36.76 Crores** for Current quarter & Year ended 31st March 2022 respectively (including on the assigned debts of SBI) and **Rs. 16.205 Lacs** and **Rs. 65.722 Lacs** in respect to optionally converted debentures for Current Quarter & year ended 31st March 2022 respectively which has resulted in the understatement of current liabilities and overstatement of profits by same amount. Even though the debts of SBI have been assigned to Edelweiss Asset Reconstruction Company Limited, in absence of any express agreement between the company and Edelweiss Asset Reconstruction Company Limited, no interest has been accounted for in this respect. This interest is not recorded in Profit & Loss Account. As the Term Loans, Corporate Loans and also OCDs has been taken over by the Edelweiss hence the payments made to Edelweiss has been adjusted against the Term Loans, Corporate Loans and OCDs.

Sales Incentive

The Company provides to its customers' cash discount to get prompt payment and rebate for commercial settlements. Therefore, these discounts and rebates have been netted off from revenue from sales of goods. This has resulted in a decrease in the revenue from operations and expenses for the year ended 31 March 2022.
