## ROAD MAP OF VENUE OF 33RD ANNUAL GENERAL MEETING

## DIRECTORS REPORT

To the Members,

Your Directors have pleasure in presenting the 33rd Annual Report of the Company, together with the audited financial statements of the Company for the financial year ended 31st March 2019.

### FINANCIAL HIGHLIGHT (STANDALONE)

Your Company's performance for the year ended 31st March, 2019 is summarized as under :

(Rs. In Lakhs)

Particulars	2018-19	2017-18
Sales (Net of Taxes)	8718.95	4205.90
Finance Cost	0.20	2.41
Depreciation	1207.37	1306.83
Profit/(Loss) before Tax	(973.03)	(4513.60)
Income Tax		
-Current Tax	-	-
-Deferred Tax	294.17	(64.16)
Profit/(Loss) after Tax	(1267.20)	(4449.44)

### TRANSFER TO RESERVE

During the year under review the Company has incurred loss of Rs. 1267.20 lakhs after tax.

### DIVIDEND

The Company has incurred loss therefore your directors do not recommend any dividend for the year ended 31st March, 2019.

### STATE OF Company'S AFFAIRS

During the year under review, the performance of the Company has become better than previous year. The Company has restarted its production in full capacity which was suspended in last quarter of financial year 2016-17 and was remained suspended for the first quarter of financial year 2017-18. Due to fund crisis and non availability of basic raw material your Company had suffered a huge loss of Rs. 44.94 crores last year. Apart from all these challenges, your Company got into an offtake agreement with M/s Ultra tech Cement Limited around July, 2017 for a term of 3 year. The same is renewed on 13th May, 2019 for a further period of 7 year. The current capacity of Patratu Unit is 3,00,000 tons per year in comparison to last year of 240000 tons per year. Your Company strives to increase its production day by day. It has set a goal of achieving a production of 2 Million tons per year in future.

The Company has been running through a very bad phase due to substantial financial burden (secured and unsecured financial creditor of Rs. 235 Crore). The Company had set up an integrated plant in Patratu, Jharkhand but due to non availability of Lime Stone the Company was forced to stop the production of Patratu Plant. Due to discontinuation of production the Company could not meet its finance cost and subsequently the account became NPA. Hence, the Company has taken into the securitization process by its secured creditor i.e. State Bank of India and Central Bank of India under Securitisation and Reconstruction of Financial Assets and Enforcement of Securities Interest Act, 2002. State Bank of India and Central Bank of India assigned their debts (around 76% of the total financial debts) to M/s UV Asset Reconstruction Company Limited an ARC (Asset Reconstruction Company). UV Asset Reconstruction Company Limited has also in process to take over the debt of other Financial Creditors i.e. United Bank of India and West Bengal Financial Corporation. Simultaneously the ARC has offered to settle our all financial debts for a sum of Rs. 133 Crore, in response to which the Company made a counter offer of Rs.100 Crore. The matter is still in negotiation stage.

### CHANGE IN THE NATURE OF BUSINESS

During the year under review, there was no change in the nature of the business of the Company.

### MATERIAL CHANGES AND COMMITMENTS

UV Asset Reconstruction Company Limited took over the debts owned by State Bank of India and Central Bank of India. The Company also extended its agreement with Ultra Tech Cement Limited for further period upto 10 years.

## **DIRECTORS REPORT (Contd.)**

### **DETAILS OF SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS OR TRIBUNALS**

It appeared to the Company that, under the Securitization process the operations of the Company can be restricted by the secured creditors. So the Company went to the High Court of Jharkhand. The Company Proclaimed that it is ready to give all the surplus revenue as repayment to the secured creditor after meeting the operational and other necessary expenses of the Company so that it could not affect the overall going concern of the Company. UV Asset Reconstruction Company Limited agreed to the term by adding one clause that all the payment will be made by the Company only after their approval. In order to maintain transparency and in the best interest of the stakeholders, the Company agreed to the terms of UV Asset Reconstruction Company Limited.

The summary of the order passed by the court is “all the receipts of the Burnpur Cement Limited will be credited to an escrow account and all the payments will be paid only after approval of UV Asset Reconstruction Company Limited. The surplus funds after meeting the expenses to be used for repayment of loan of UV Asset Reconstruction Company Limited.”

### **ADEQUACY OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE FINANCIAL STATEMENTS**

The Directors had laid down internal financial controls procedures to be followed by the Company which ensure compliance with various policies, practices and statutes in keeping with the organization's pace of growth and increasing complexity of operations for orderly and efficient conduct of its business. The Audit Committee of the Board, from time to time, evaluated the internal financial control of the Company.

## Management Discussion & Analysis

### Industry Structure & Developments

The global economy is expected to grow by approximately 3.3% in 2019, according to the International Monetary Fund (“IMF”). As per World Bank, growth among emerging and developing economies is forecasted to fall to a 4 year low of 4% in 2019. The growth is constrained by sluggish investment and risks including rising trade barriers, renewed financial stress and sharper than expected slowdowns in several major economies. Current economic momentum remains weak, while heightened debt levels and subdued investment growth in developing economies are holding countries back from achieving their potential. With growth in advanced economies projected to gradually decline to about 1.7% once economic slack is eliminated, the further pickup in global activity will entirely be driven by emerging markets and developing economies.

The Indian GDP has grown by 6.9% in Financial Year 2019. The decline in GDP growth is on account of multiple factors like, fallout of NBFCs, low credit growth, tight liquidity conditions, dismal growth in wages and flat exports owing to a global slowdown. Indian manufacturing continued its downtrend growing at 3.1%. However, GDP growth rate is expected to bottom out in the coming quarters. RBI has cut rates twice and is likely to follow with another in the upcoming policy with the liquidity scenario improving. With the government continuing to roll out policies focusing on rural population, there could be some relief to the ongoing distress and signs of recovery should be visible in the second half of the financial year.

India is second largest producer of cement in the world. India's cement industry is vital part of its economy providing employment to more than a million people directly or indirectly. The housing sector is the biggest demand driver, accounting for about 65% of total consumption in India. The other major consumers of cement include Infrastructure at 20% and Industrial development at 15%. The housing segment which had witnessed disruption on account of the after effects of implementation of GST and introduction of RERA in the short term; will be benefitted in the long run due to the transparency which will be established by GST and RERA. The infrastructure segment is a key propeller for the Indian markets, contributing significantly to the growth of the national economy. Consequently, the Government of India lays special emphasis on this industry, initiating and establishing several regulatory structures to ensure the advancement of this sector. This sector further received impetus with increased Government spending on infrastructure projects under Bharatmala and Sagarmala for roads and dedicated freight corridors for railways. The housing and real estate segment received impetus from housing for all / Pradhan Mantri Awas Yojana initiative in rural areas and affordable housing in urban areas.

The Indian cement industry has installed cement capacity of 502 million tons with production during the year of 330 million tons registering a capacity utilization of around 65%. 94 Major companies have 210 large plants with 98% in private sector. 55% of the installed capacity is located in South & North India and 40% of plants are located in 4 states – Andhra Pradesh, Rajasthan, Tamilnadu & Telangana.

The Government of India is strongly focused on infrastructure development to boost economic growth and is aiming for 100 smart cities. The government also intends to expand the capacity of the railways and the facilities for handling and storage to ease the transportation of cement and reduce transportation costs. These measures would lead to increased construction activity thereby boosting cement demand. Government's focus on constructing 50 million houses under 'Housing for All' scheme by 2022. This also gets reflected with Government's intention to unshackle the impediments in economic and infrastructural growth. The years ahead are expected to bring more cheers for Indian Cement Industry.

### Opportunity & Threats

Speedily hiking real properties enterprises in India is anticipated to push the demand for cement. The new city development undertaking will cognizance on the improvement of cities and towns of Spiritual and traveler significance, thereby hiking up the demand for cement. Adoption of cement over bitumen:

Use of cement instead of bitumen for the construction of all new road projects will add to the growth of the industry, developing a niche market for RMC (Ready Mix Concrete). With the proposition to assemble one crore houses for the homeless as per PM AwaasYojana peered a boom in the demand for cement.

Coal is one of the main raw materials required within the cement enterprise. In the last few years, there was a steep drop in the delivery of coal to the cement industry specifically due to the diversion of coal to the power region. Cement agencies, therefore, were pressured to open market buy or imported coal. With the increasing cost of coal and different input material together with diesel, and many others, the production value of cement has gone up considerably high. The amended Mines and Minerals (Development and Regulation) Act, 2015 creates hurdles and difficulties for allotment and renewal of mining leases. The high rates of taxation in the form of Royalty and different mineral rates etc. results in cost pressure and lower profitability. Cement and power industry being majorly dependent upon availability of raw materials at affordable cost. Policies of the Government as well as Central and State Laws may adversely affect the availability of lime stone, coal etc. Any major changes in Government's Environmental and Forest regulations may affect limestone availability to cement plants.

The Company has opportunity to expand its marketing net-work into the entire West Bengal, Bihar & Jharkhand.

#### **Segmentwise, Financial and Operational Performance**

Since January, 2017, your Company operates in Single Segment i.e. Cement Segment. The discussion on Financial Performance with respect to Operational Performance forms a part of the Directors Report.

#### **Future Outlook**

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organisation (CSO) and International Monetary Fund (IMF) and it is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships. India's GDP is estimated to have increased 7.3 per cent in 2019-20 and is expected to grow 7.5 per cent in coming 2 years.

The Indian economy is expected to grow further at good pace owing to series of policy measures, improvement in rating on "ease of doing business", "global competitive index", "logistic performance index" and "global innovation index" and India being one of the Top-10 FDI destinations. The various initiatives like Pradhan Mantri Aawas Yojana, Development of Smart Cities, Swachh Bharat Mission, Concrete Highways, Coastal Road Development (Sagarmala), Western and Eastern dedicated freight corridor, bullet train, metro rail, power projects, port development to double handling capacity, Make in India, Special Investment Region (SIR), etc are likely to propel growth in housing, infrastructure and industrial construction.

With a stable government at the Centre, we expect a renewed thrust on infrastructure development through the construction of roads, metro rail projects, airports renovation, irrigation projects etc. and the Company is looking for a progressive growth in future.

#### **Risk & Concern**

I. the Indian Cement Industry is becoming intensely competitive, with addition of new entities and existing companies expanding its capacity inorganically. This could potentially impact the sales volumes, market share and profitability of your Company. Over capacity of cement versus the demand is resulting in very volatile market conditions and profitability of cement business.

II. Increase in cost of raw materials, energy, delivery cost, duties and taxes are pushing the cost of production without a corresponding increase in the price realizations due to excess supply, which will pose a threat to improving the overall scenario in cement sector. The increase in costs may be difficult to pass on to the customers as the prices would remain under pressure due to the excess capacity.

III. The cement industry is associated with significant negative externalities, notably high CO<sub>2</sub> emissions - By 2030. The increase in emissions is difficult to handle or the industry have to buy carbon credits.

#### **Internal control system and its Adequacy :**

Your Company has in place an adequate system of internal controls, with documented procedures covering all corporate functions and hotel operating units. Systems of internal controls are designed to provide reasonable assurance regarding the effectiveness and efficiency of operations, the adequacy of safeguards for assets, the reliability for financial controls, and compliance with applicable laws and regulations. Adequate internal control measures are in the form of various policies and procedures issued by the Management covering all critical and important activities viz. Revenue Management, Hotel Operations, Purchase, Finance, Human Resources, Safety, etc. An external audit has been successfully conducted to monitor energy efficiencies, safety and security as well as audits of hygiene standards in the hotel. During the year, the Standard terms of reference for Internal Audit which defines the framework for conduct of Internal Audits was updated incorporating latest changes to regulatory requirements and the evolving business context. Moreover, the Audit Committee of the Board reviews the findings of the Internal Auditor and closely monitors the implementation of their recommendations by reviewing the compliance reports furnished.

#### **Development in Human Resources & Industrial Relations**

The Company continues to maintain a very cordial and healthy relationship with its workforce across all its units. The number of people employed by the Company as on 31st March, 2019 was 105. To attract and retain good employees in the Company, we are ensuring the best place to work. We at Burnpur Cement Limited are striving towards attracting, retaining, training, multiskilling employees and working towards the welfare of our resources. In the meantime all efforts are being made to control cost so as to maintain present level of profitability. Industrial relations remained stable throughout the financial year 2018-19.

#### **Details of Significant changes in Key Financial Ratios**

##### **(i) Inventory Turnover Ratio :**

The Inventory Turnover Ratio for the year is 4.02 times. It shows significant positive change of 75% during the current financial year as compared to the previous financial year (i.e. 2.29 times) .The reason being, there is a growth of 106% YoY in sales of the Company with a comparative decrease in the Cost of goods sold as compared to the previous Financial Year. However, there is enough stock in warehouse of the Company , to meet supply contingencies resulting in increase of only 15% average Closing Stock despite of 106% growth in annual sales .

##### **(ii) Interest Coverage Ratio :**

The Interest Coverage Ratio for the year is 0%. It shows significant positive change of -100% during the current financial year as compared to the previous financial year. The reason behind such significant change is there is no finance cost during the period under reporting as compared to Rs. 2.41 Lakhs in the preceding financial year.

##### **(iii) Debt Equity Ratio :**

The Debt Equity Ratio for the year is -19.43 times; whereas it was -618.96 times in the previous financial year . It shows significant change of 97% during the current financial year as compared to the previous financial year. The reason being decrease in shareholders fund because the Company has incurred losses of INR.1,270.00 Lakhs during the current financial year whereas there is no significant change in debt . Thus, resulting in significant change of 97% in Debt Equity Ratio.

**(iv) Operating Profit Margin :**

The Operating Profit Margin for the year is -11%; whereas it was -34% in the previous financial year. The Operating profit margin shows a positive change of 63% during the current financial year as compared to the previous financial year. In the current financial year the revenue has increased by 106% but there is reduction in the cost of raw material , employees' cost and cost incurred for Power consumption in comparison to the growth in sales which results in improvement in the operating profit margin of the Company.

**(v) Net Profit Margin :**

The Net Profit Margin for the current financial year is -15%. It shows significant positive change of 86% during the current financial year as compared to the previous financial year (i.e. -106%). The reason behind such significant changes includes improvement in the operating profit margin of the Company and no bad debt written off in the reporting period as compared to the Rs. 31.20 Crores in the preceding financial year.

**Return on Net Worth**

The Company's Net Worth as on 31st March, 2019 is Rs. -13.1 Crores and as on 31st March, 2018 is Rs. -0.42 Crores, whereas the Net Profit for the period ended 31st March, 2019 is Rs. -12.70 Crores and for the period ended 31st March, 2018 is Rs. -44.49 Crores.

There is change of 99% in return on Net Worth. The reason behind such significant change is due to fact that the Company has incurred losses of Rs. 12.7 Crores during the current financial year, which further erodes the net worth and there is also a improvement in the operating profit margin of the Company and also no bad debts written off in the reporting period as compared to Rs. 33.20 Crores in the preceding financial year.

## **INDEPENDENT AUDITORS' REPORT**

To the Members of

### **BURNPUR CEMENT LIMITED**

#### **Report on the Audit of the Standalone Financial Statements**

##### **Opinion**

We have audited the accompanying financial statements of BURNPUR CEMENT LIMITED ("the company"), which comprise the Balance Sheet as at 31 March 2019, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;

- a) In the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2019;
- b) In the case of the Statement of Profit and Loss, of the loss for the year ended on that date; &
- c) In the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

##### **Basis of Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

##### **Emphasis of Matter Paragraph**

1. During the year ended 31.03.2019 company has incurred a loss of Rs.1267.20 Lakhs and companies accumulated loss is Rs. 11564.55 Lakhs resulting in erosion of net worth of the company. The Management has received offer from UV Assets Reconstruction Company Limited for settlement of secured bank debt with substantial haircut and management is in final stage of settlement which will result in positive net worth. The financial statements of the company have been prepared on a going concern basis for the above stated reason. The validity of the going concern assumption would depend upon the performance of the company as per its future business plan.
2. The company has made various payments to the creditors in cash. Though the payments done in cash are within the limits as per the provisions of the sec 40A of the Income Tax Act, 1961.

3. Valuation of old stock in hand (limestone, etc) have been valued and shown in the balance sheet at cost price. As informed by the management license for sale of limestone's have been obtained from the department and since the market price of the same is above cost so the same have been valued at cost.
4. Debtors and Creditors are subject to the reconciliation and confirmation by the management.

Our opinion is not qualified in respect of the matter stated above in Emphasis of Matter Paragraph.

#### **Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the company's financial reporting process.

#### **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure-A a statement on the matters specified in the paragraph 3 and 4 of the order to the extent applicable.

2. As required by Section 143 (3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion proper books of account except to the Fixed Asset Register as required by law have been kept by the Company so far as appears from our examination of those books.
- c) the Balance Sheet, the Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account.

## **ANNEXURE - B TO THE AUDITORS' REPORT**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of BURNPUR CEMENT LIMITED. ("The Company") as of 31 March 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**1. Company INFORMATION**

Burnpur Cement Limited (“the Company”) is a public limited Company incorporated in India with its registered office in West Bengal, India. The Company is listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The Company is engaged in manufacturing of Cement and has manufacturing facilities located in West Bengal and Jharkhand.

**2. SIGNIFICANT ACCOUNTING POLICIES**

The significant accounting policies applied by the Company in the preparation of its financial statements are listed below. Such accounting policies have been applied consistently to all the periods presented in these financial statements and in preparing the opening IND AS Balance Sheet as at April, 2016 for the purpose of transition to Ind AS, unless otherwise indicated.

**a. STATEMENT OF COMPLIANCE**

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April, 1 2017.

The transition from previous GAAP to Ind AS has been accounted for in accordance with Ind AS 101 “First Time Adoption of Indian Accounting Standards”, with April 1, 2016 being the transition date.

In accordance with Ind AS 101 “First Time Adoption of Indian Accounting Standards”, the Company has presented a reconciliation from the presentation of financial statements under accounting standards notified under the companies (Accounting Standards) Rules, 2006 (“Previous GAAP”) to Ind AS of total equity as at April 1, 2016 and March 31, 2017, total comprehensive income and cash flow for the year ended March 31, 2017.

**b. BASIS OF PREPARATION**

The financial statement have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

**c. USE OF ESTIMATES AND CRITICAL ACCOUNTING JUDGEMENTS**

In preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment and intangible assets, impairment of property, plant and equipment, intangible assets and investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.

**d. PROPERTY, PLANT AND EQUIPMENT**

An item of property, plant and equipment is recognized as an asset if it is probable that the future economic benefits associated the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred subsequently to add to, replace part of or service it. All other repair and maintenance costs, including regular servicing, are recognized in the statement of profit and loss as incurred. When a replacement occurs, the carrying amount of the replaced part is derecognized. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items. The gain or loss arising on disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognized in the statement of profit and loss.

**e. INTANGIBLE ASSETS**

Intangible assets are recognized as assets where they are clearly linked to long term economic benefits for the Company. Intangible assets are stated at cost of acquisition, net of recoverable taxes and are amortized over their estimated useful lives.

**f. DEPRECIATION & AMORTIZATION OF PROPERTY, PLANT AND EQUIPMENT AND INTANGIBLE ASSETS.**

Depreciation or amortization is provided so as to write off, on a straight line basis, the cost of property, plant and equipment and other intangible assets to their residual value. Depreciation on Property, Plant and equipment is provided on straight line method, according to the useful life of the asset as prescribed in schedule II of the Companies Act, 2013. Intangible Assets such as patents, trademarks, software are amortized based upon their estimated useful life of 6 years.

**g. IMPAIRMENT**

At each balance sheet date, the Company reviews the carrying values of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss (if any). An impairment loss is recognised in the statement of profit and loss as and when the carrying value of an asset exceeds its recoverable amount. Where an impairment loss subsequently reverses, the carrying value of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised in the statement of profit and loss immediately. There is no impairment loss during the financial year.

**h. LEASES**

The Company determines whether an arrangement contains a lease by assessing whether the fulfilment of a transaction is dependent on the use of a specific asset and whether the transaction conveys the right to use that asset to the Company in return for payment. Where this occurs, the arrangement is deemed to include a lease and is accounted for either as finance or operating lease.

Leases are classified as finance leases where the terms of the lease transfers substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

**The Company as lessee**

- (i) Operating lease – Rentals payable under operating leases are charged to the statement of profit and loss on a straight line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred. In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.
- (ii) Finance lease – There are no Finance Lease.

**The Company as lessor**

The Company has not leased any of its assets during the financial year.

**i. FINANCIAL INSTRUMENTS**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

**Effective interest method**

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that

exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

**(a) Financial assets**

**Cash and bank balances**

**Cash and bank balances consist of:**

- (i) Cash and cash equivalents - which includes cash in hand, deposits held at call with banks and other short term deposits which are readily convertible into known amounts of cash, are subject to an insignificant risk of change in value and have maturities of less than one year from the date of such deposits. These balances with banks are unrestricted for withdrawal and usage.
- (ii) Other bank balances - which includes balances and deposits with banks that are restricted for withdrawal and usage.

**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Financial assets measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company in respect of equity investments (other than in subsidiaries, associates and joint ventures) which are not held for trading has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of such equity instruments. Such an election is made by the Company on an instrument by instrument basis at the time of initial recognition of such equity investments.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at fair value through the statement of profit and loss.

**Impairment of financial assets**

Loss allowance for expected credit losses is recognised for financial assets measured at amortised cost and fair value through other comprehensive income. The Company recognises life time expected credit losses for all trade receivables that do not constitute a financing transaction. For financial assets whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months expected credit losses is recognised. Loss allowance equal to the lifetime expected credit losses is recognised if the credit risk on the financial instruments has significantly increased since initial recognition.

**De-recognition of financial assets**

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

**(b) Financial liabilities and equity instruments**

**Classification as debt or equity**

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument. Equity instruments An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

**Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

### **Financial liabilities**

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit and loss.

The Company has not provided for accrued interest on loans taken from bank in its books of accounts during the year as the accounts have been declared NPA by the respective lenders. The Company is under process of arriving at a settlement for repayment of these dues. Accordingly, interest will be provided only when the liability crystallizes.

### **De-recognition of financial liabilities**

The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

### **Derivative financial instruments and hedge accounting**

No such transaction has been undertaken by the Company.

#### **j. BORROWING COST**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for the intended use or sale. Other borrowing costs are amortised/charged to Profit & Loss Account.

#### **k. EMPLOYEE BENEFITS**

##### **Defined contribution plans**

Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as payments to defined contribution schemes where the Company's obligations under the schemes are equivalent to those arising in a defined contribution retirement benefit scheme.

##### **Defined benefit plans**

For defined benefit retirement schemes the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuation being carried out at each balance sheet date.

##### **Compensated absences**

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised based on actuarial valuation at the present value of the obligation as on the reporting date.

#### **l. INVENTORIES**

Inventories are stated at the lower of cost and net realisable value. Costs comprise direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Net realisable value is the price at which the inventories can be realised in the normal course of business after allowing for the cost of conversion from their existing state to a finished condition and for the cost of marketing, selling and distribution. Stores and spare parts are carried at lower of cost and net realisable value.

#### **m. PROVISIONS, CONTINGENT LIABILITIES**

Provisions are recognised in the balance sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date. Where the time value of money is material, provisions are measured on a discounted basis.

No provision has been made for contingent liability, they have been disclosed by way of notes.

#### **n. ONEROUS CONTRACTS**

A provision for onerous contracts is recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is

measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognises any impairment loss on the assets associated with that contract.

**o. GOVERNMENT GRANTS & SUBSIDY**

Grants received from the government agencies against specific fixed assets are adjusted to the cost of the assets and capital grants for project capital subsidy are credited to capital reserve. Revenue grants are recognized as other income or reduced from the respective expenditure. Grants & Subsidy are accounted for once the claims are admitted by the appropriate authorities. No Government Grants or subsidy has been received by the Company during the year.

**p. INCOME TAXES**

Tax expense for the year comprises current and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statement of profit and loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights to set off current tax assets and current tax liabilities within that jurisdiction.

Current and deferred tax are recognised as an expense or income in the statement of profit and loss, except when they relate to items credited or debited either in other comprehensive income or directly in equity, in which case the tax is also recognised in other comprehensive income or directly in equity.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. MAT is recognised as deferred tax assets in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

**q. REVENUE RECOGNITION**

Revenue is recognized only when it can be reliably measured and it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable net of discounts.

Revenue from sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer. Interest income is recognized on time proportion basis taking into account, the amount outstanding and rate applicable.

**r. FOREIGN CURRENCY TRANSACTIONS AND TRANSLATIONS**

The Company has not entered into any Foreign Currency Transaction during the year.

33. Tax expense includes deferred tax assets amounting to Rs. 294.17 Lacs for the year ended March 31, 2019. The management is already in discussion with some lenders and investors regarding expansion of the existing Plant and other new Plant and is confident about the viability of the expansion. The management after considering all the facts, foreseeable future, trading estimates and cash flow forecasts is confident about the sufficient future taxable income which will be available against such deferred tax Assets.
34. The company has not provided for interest on loan taken from banks to the extent same have remain unpaid as the accounts have been classified as NPA by the lenders and the management is in final stage of settlement of the liability. Interest, if any, will be recorded in the books when it will be crystallized after settlement/agreement with lenders.
35. The company has incurred losses which has eroded net worth and its current liabilities are greater than the current assets, management has received an offer form an ARC called UV Assets Reconstruction Company Limited for settlement of secured loan through deep restructuring of the debt along with interest in all the fund based facilities. As such, the Company has not provided for interest on fund based loans from banks. The Company expects to settle its secured debt of Rs. 235 Crores approx, within 133 Crores. Once the Company finalize its final negotiation with ARC Rs. 102 Crores would be written off and will eliminate the current negative net worth of 17.70 Crores (excluding of revaluation reserve), hence company has not provided provision for the amount of interest payable on outstanding loan as that would not reflect the true & fair view. The assignment of debts of Central bank of India & State bank of India has already been assigned to UV Assets Reconstruction Company as on 29.03.2019 & 17.05.2019 respectively.
- Further management considering expansion of the existing Plant and enhancement of installed capacity and is confident about the viability of the expansion. The management after considering all the facts, foreseeable future, trading estimates and cash flow forecasts is confident about the going concern and so the use of going concern basis remains appropriate.
36. Figures pertaining to previous year have been re-grouped/re-arranged, reclassified and restated, wherever considered necessary, to confirm to the classification adopted in the current year.
37. There were no Foreign exchange inflow and outflow during the year.
38. The company operates in Single Segment of Production and Sales of Cement.
39. In terms of Section 22 of Micro, Small & Medium Enterprises Act 2006, the outstanding to these enterprises are required to be disclosed. However, these enterprises are required to be registered under the Act. In the absence of the information about registration of the enterprises under the above Act, the required information could not be furnished. In view of above and in absence of relevant information, the auditor has relied upon the same.

40. The Company has defined gratuity plan. Every employee who has completed 5 years or more of service is entitled to gratuity on terms not less favorable than the provisions of the Payment of Gratuity Act, 1972.
