## **Airtel 5G Plus launched today**

*Airtel 5G Plus, is now live in 8 cities. All of urban India to be covered in 2023 making this one of the fastest roll-outs*

*Airtel 5G Plus promises to give massive speeds, best voice experience, will work on all 5G smart phones and be kinder to the environment*

*Customers can enjoy 5G services on their existing data plans until roll-out is complete*

*No SIM change needed; existing Airtel 4G SIM is 5G enabled*

**New Delhi 6<sup>th</sup> October, 2022:** Bharti Airtel (“Airtel”), India's premier communications solutions provider, today provided more detail on the launch of Airtel 5G plus in several top cities in the country.

Customers in **Delhi, Mumbai, Chennai, Bengaluru, Hyderabad, Siliguri, Nagpur and Varanasi** will start enjoying the cutting edge **Airtel 5G Plus** services in a phased manner as the company continues to construct its network and complete the roll out. Customers who have 5G smart phones will enjoy the high speed **Airtel 5G Plus** on their existing data plans until the roll out is more widespread.

**Airtel 5G Plus** has three compelling advantages for customers. First, it runs on a technology that has the widest acceptance in the world with the most developed ecosystem. This ensures that all 5G smartphones in India seamlessly work on the Airtel network. Second, the company promises to deliver the best experience – between 20 to 30 times higher speeds than today coupled with brilliant voice experience and super-fast call connect. Finally, **Airtel 5G Plus** network will also be kinder to the environment with its special power reduction solution.

Commenting on the launch, **Gopal Vittal, Managing Director & CEO, Bharti Airtel** said, “Airtel has been at the forefront of India’s telecom revolution for the last 27 years. Today marks one more step in our journey as we build out the finest network to deliver the best experience for our customers. For us, our customers are at the core of everything we do. Our solution will therefore work on any 5G handset and the existing SIM that customers have. Our obsession on customer experience is now embellished with a 5G solution that is kinder to the environment.” **Airtel 5G Plus** is all set to redefine the way people communicate, live, work, connect and play for years to come.” **Vittal** added.

**Airtel 5G Plus** will bolster the entire portfolio of services that Airtel offers. In addition, it will allow superfast access to High Definition video streaming, gaming, multiple chatting, instant uploading of photos and more. With this launch, India will get a fillip to economic growth as **Airtel 5G Plus** revolutionizes education, healthcare, manufacturing, agriculture, mobility and logistics. To know more about **Airtel 5G Plus** please log on to <https://www.airtel.in/5g-network>

In the last one year, Airtel has demonstrated the power of 5G with a host of powerful use cases that will change the way we lead our lives and do business. From India’s **first live 5G network in Hyderabad** to India’s **first 5G powered hologram** to India’s **first recreation of a game** changing world cup match played at a time when there was no TV coverage to India’s **first 5G connected ambulance** to India’s **first private**

**5G network** with Bosch for boosting manufacturing productivity, Airtel has been at the fore front of 5G innovation.
