Mr. Aditya Malik, CEO - Edureka, Higher Education, spoke about the collaboration, *“Our PGP in partnership with PURDUE University will provide students with international exposure and varied learning experiences. While there is a marked difference in the demand and supply of tech expertise in the sector, there is an increasing interest amongst students to choose tech-based programs, as they see a long-term career path in this field. We are delighted to work with many renowned universities across the globe and in India in order to bridge the gap in the number of tech experts in India in the coming years.”*
