India to resume some visa services in Canada

Will restart issuance of entry, business, medical, and conference visas

PRESS TRUST OF INDIA
New Delhi, 25 October

India on Wednesday said it will resume some visa services in Canada with effect from Thursday. In a post on X, the High Commission of India in Canada said that services for entry visa, business visa, medical visa, and conference visa would resume from October 26.

"Emergency situations will continue to be addressed by the High Commission and the Consulates General as it is being done currently", the official statement added.

THE DEVELOPMENT COMES DAYS AFTER EXTERNAL AFFAIRS MINISTER S JAISHANKAR SAID THAT INDIA WAS LOOKING AT RESUMING VISA SERVICES FOR CANADIANS 'VERY SOON'

The development comes days after External Affairs Minister S Jaishankar said on Sunday that India is looking at resuming visa services for Canadians "very soon" if it sees progress in the safety of its diplomats in Canada.

Earlier on Sunday, Jaishankar said that India invoked diplomatic parity due to concerns over "continuous interference" in its "internal affairs" by Canadian personnel.

His comments signal the government's move to draw the red line on the issue of diplomatic parity, a day after the US and UK backed Canada.

The ties between India and Canada nosedived after Canadian Prime Minister Justin Trudeau alleged on September 18 that there was a potential link between Indian agents and the killing of Khalistani separatist Hardeep Singh Nijjar in British Columbia in June.

New Delhi strongly trashed the charges. Days later, it announced temporarily suspending issuance of visas to Canadian citizens and asked Ottawa to downsize its diplomatic presence in India.

The development came notwithstanding standing fresh tensions over India's decision to ensure parity in diplomatic presence with Canada by expelling 41 Canadian diplomats.

The Canadian government has announced the withdrawal of 41 diplomats from India and halted its visa and consular services in Chandigarh, Mumbai, and Bengaluru consulates. The services are now available only at the Canadian High Commission in Delhi.

India temporarily stopping the visa services a few weeks ago was the concern over the safety and security of its diplomats in Canada and that Ottawa's inability to provide a secure environment to the Indian officials challenges the most fundamental aspect of the Vienna Convention on Diplomatic Relations.

His remarks came days after Canada pulled out 41 of its diplomats from India.

Tensions flared between the two countries last month following Trudeau's allegations of the "potential" involvement of Indian agents in the killing of Khalistani extremist Hardeep Singh Nijjar on June 18 in British Columbia. India had designated Nijjar as a terrorist in 2020. India rejected the allegations as "absurd" and "motivated". India rejected Trudeau's allegations as "absurd" and "motivated". Days later, it announced temporarily suspending issuance of visas to Canadian citizens and asked Ottawa to downsize its diplomatic presence in India.

India had also asked Canada to come down hard on terrorists and anti-India elements operating from its soil and suspended visa services for Canadians.

Israel urges India to proscribe Hamas as terror organisation

PRESS TRUST OF INDIA
New Delhi, 25 October

Time has come for India to proscribe Hamas as a terrorist organisation like many other nations have done. Israeli ambassador to India Naor Gilon said on Wednesday.

The Israeli envoy, at an interaction with journalists, also thanked India for its "100 per cent" support to Israel in

its anti-terror operations against Hamas.

Gilon said Israel conveyed to relevant Indian authorities to declare Hamas as a terrorist organisation following its brutal attack on Israel on October 7.

At the same time, he indicated that the matter was taken up earlier as well.

"Prime Minister Narendra Modi was among first world

leaders to condemn the terror attack... India is a very important moral voice in the world and the important countries for us are with us," Gilon said.

"It is time for India to declare Hamas as terrorist organisation in India," he said, adding many countries have already done that.

"India is solidly supporting us in our counter-terror operations," he said.

The latest conflict has been triggered by the unprecedented and multi-pronged attacks against Israel by Hamas militants from Gaza on October 7. Israel launched a massive counter offensive in Gaza to avenge the attacks.

"For Israel, it is a war to survive in the Middle East," Gilon said, asserting that Israel is determined to destroy Hamas.

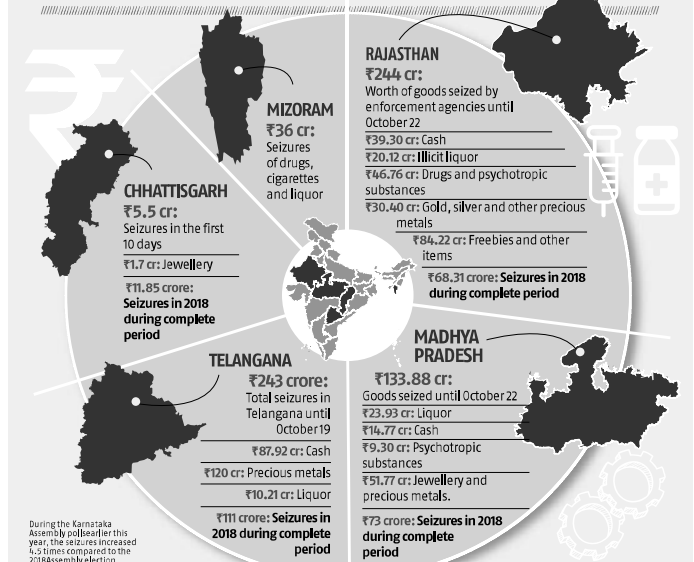

SEIZURES IN POLL-BOUND STATES SEE SHARP RISE SINCE IMPLEMENTATION OF CoC

Seizures during the enforcement of the model code of conduct have witnessed a sharp increase in the poll-bound states, which the Election Commission has attributed to the sustained efforts it has made for election expenditure monitoring, including 'keeping strict vigil, extensive monitoring, coordination with neighbouring states and inter-agency coordination'.

For example, during the Karnataka Assembly polls earlier this year, the seizures of jewellery, liquor and other inducements increased 4.5 times compared to the 2018

Assembly election, according to an Election Commission analysis. Enforcement agencies seized ₹ 375.61 crore worth of goods, including ₹ 96.6 crore worth of jewellery and precious metals and ₹ 147.66 crore worth of cash between March 29 and May 8, 2023. In 2018, enforcement agencies seized goods worth ₹ 83.93 crore.

The trend has continued, with the seizures spiking significantly in the poll-bound Rajasthan, Madhya Pradesh, Telangana and Chhattisgarh after the model code of conduct kicked in on October 9.

New EPF additions lower than in FY19

Rhik Kundu
rhik.kundu@livemint.com
NEW DELHI

The number of new Employee Provident Fund (EPF) subscribers—an indicator of new formal jobs—has recovered from the pandemic years but is yet to reach pre-pandemic levels, the National Statistical Office (NSO) said.

New EPF subscribers registered in FY23 remain lower than those registered during FY19, according to payroll data for September 2017-August 2023 released by NSO.

The data showed the new EPF subscribers stood at 11.50 million during FY23, up from 10.87 million in FY22 and 8.55 million in FY21.

New subscribers stood at 13.94 million in FY19 and 11.04 million in FY20.

"The numbers of subscribers are from various sources, and there are elements of overlap. Therefore, the estimates from various sources are not additive," the ministry of statistics and programme implementation said in a statement.

"The present report gives different perspectives on the levels of employment in the formal sector and does not measure employment at a holistic level," it added.

In FY20 and FY21, net addition of formal jobs slowed down due to covid-induced lockdowns. The pandemic also led to a decline in household income and job opportunities. As many as 42% of graduates under the age of 25 remained unemployed after the pandemic, while the pace of job creation decreased following the global slowdown, according to a labour market report by Azim Premji University.
