Harshadkumar Patel and Jitendra Patel have 25+ years and 20+ years of experience respectively in the Chemical business and industry.

• STRENGTHS AND CHALLENGES FOR CHEMICAL INDUSTRIES:

- A-1 ACID LTD. is one of the largest Trader and Distributors of high quality Industrial Acids & Chemicals since more than Four and a half decade India.
- Experienced Management Team
- Quality Assurance and Standards
- Cordial relationships with our suppliers

- As the Indian Economy going through lot of turbulence, growth opportunities are bit contracted at this stage.
- Competition from local competitors who offer few products at lesser price;
- Material shortage/ undersupply and volatility in prices.
- **INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:** The Company implemented suitable controls to ensure its operational, compliance and reporting objectives are achieved. The Company has adequate policies and procedures in place for its current size as well as the future growing needs. These policies and procedures play a pivotal role in the deployment of the internal controls. They are regularly reviewed to ensure both relevance and comprehensiveness, and compliance is ingrained into the management review process. Adequacy of controls of the key processes is also being reviewed by the Internal Audit team. Suggestions to further strengthen the process are shared with the process owners and

changes are suitably made. Significant findings, along with management response and status of action plans are also periodically shared with and reviewed by the Audit Committee. It ensures adequate internal financial control exist in design and operation.

• **SEGMENT REVIEW:** Your company deals in following products:

o **HYDROCHLORIC ACID:** Hydrochloric acid is

- o **NITRIC ACID (HNO3) ALL GRADE (18-40%, 61%, 68%, 72%)** It is also referred to as fuming nitric acid. Depending on the amount of nitrogen dioxide present, fuming nitric acid is further characterized as white fuming nitric acid or red fuming nitric acid, at concentrations above 95%.
- manufactured to food grade and industrial grade specifications. Food grade hydrochloric acid finds use in the production of food ingredients, food additives and in the sugar and brewery industries, while the industrial grade finds application in metal pickling, latex coagulation, dyestuffs, leather treatment, petroleum refining, galvanising and water treatment.
 - SULPHURIC ACID: Sulphuric acid is a mineral acid with molecular formula H2SO4. It is a colorless, odorless, and syrupy liquid that is soluble in water, in a reaction that is highly exothermic. Its corrosiveness can be mainly ascribed to its strong acidic nature, and if concentrated its dehydrating and oxidizing properties. It is also hygroscopic, readily absorbing water vapour from the air. Sulphuric acid at even moderate concentrations is very dangerous upon contact with skin.

The most common use of sulfuric acid (60% of total) is for fertilizer manufacture. It is also a central substance in the chemical industry. Principal uses include fertilizer manufacturing (and other mineral processing), oil refining, wastewater processing, and chemical synthesis. It has a wide range of end applications including in domestic acidic drain cleaners, as an electrolyte in lead-acid batteries and in various cleaning agents.

- METHANOL: Methanol is colorless, volatile, flammable, and poisonous. It is made from the destructive distillation of wood and is chiefly synthesized from carbon monoxide and hydrogen. Methanol is a polar liquid at room temperature. It is used as anti-freeze, solvent, fuel, and as a denaturant for ethanol.
- ETHYL ACETATE: This colorless liquid has a characteristic of sweet smell (similar to pear drops) and is used in glues, nail polish remover, decaffeinating tea and coffee, and cigarettes. Ethyl acetate is the ester of ethanol and acetic acid; it is manufactured on a large scale for use as a solvent.

FORMIC ACID: Used as a coagulant for obtaining rubber from latex. As an auxiliary for declining and pickling of fur, fixing of dyes-in leather industry and in processing

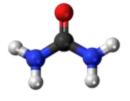

in textile industry. As an intermediate in manufacturing of basic drugs, plant protection agents, pesticides, vulcanisation accelerators, antioxidants and cleaning agents. Used in preservation of silage and grams. Used in electroplating and as a solvent as well.

o **CALCIUM CARBONATE:** Calcium Carbonate is a white, odorless powder or colorless crystals. Precipitated calcium carbonate (CAS: 471-34-1) is produced industrially by the decomposition of limestone to calcium oxide followed by subsequent recarbonization or as a by-product of the Solvay process (which is used to make sodium carbonate).

o TECHNICAL GRADE UREA (TGU): Technical Grade Urea is an organic

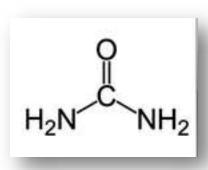

compound. Urea serves an important role in the metabolism of nitrogen-containing compounds. Urea is widely used in fertilizers as a source of nitrogen and is an important raw material for the chemical industry. It is a colorless, odorless solid, highly soluble in water, urea is basically non-toxic. The human body uses urea in many processes, most notably nitrogen excretion.

• **ACETIC ACID:** Acetic Acid is used in textile industries for textile processing and printing.

O TOLUNE DIISOCYANATE (TDI): Toluene Diisocyanate (TDI) 80-20 is a toxic and highly reactive organic compound. The chemical formula for TDI is (CH3C6H3[NCO]2). TDI is often marketed as TDI 80/20.

Commercial production of toluene diisocyanate involves the conversion of toluene to a diamine, which is reacted with phosgene to yield TDI, a clear to pale yellow liquid with a sharp odour.

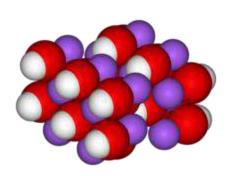

TDI 80-20 is a mixture blend of 80% 2,4-toluene diisocyanate and 20% 2,6-toluene diisocyanate. TDI 80-20 is mainly used in the production of polyurethane foam and other polyurethane products including elastomers, synthetic leather, coated fabrics, paints and adhesives.

SODIUM HYPOCHLORITE: Sodium hypochlorite is an excellent steriliser, oxidiser and decolouring agent. It is used to make disinfectants and a variety of pharmaceutical drugs. It is also widely used for water treatment.

In the process, sodium hypochlorite (NaClO) and sodium chloride (NaCl) are formed when chlorine is passed into cold dilute sodium hydroxide solution. The solution must be kept below 40 $^{\circ}$ C (by cooling coils) to prevent the undesired formation of sodium chlorate.

o **FLY ASH**: Fly ash, also known as "pulverised fuel ash" in the United Kingdom, is a coal combustion product that is composed of the particulates(fine particles of burned fuel) that are driven out of coalfired boilers together with the flue gases. Ash that falls to the bottom of the boiler is called bottom ash. In modern coal-fired power plants, fly ash is generally captured by electrostatic precipitators or other particle filtration equipment before the flue gases reach the chimneys. Together with bottom ash removed from the bottom of the boiler, it is known as coal ash.

- o **OLEUM:** Oleum is a cloudy, gray, fuming, oily, corrosive liquid, with a sharp, penetrating odor. Its composition is that of H2SO4 with dissolved SO3.
- FORMALDEHYDE & PARAFORMAL DEHYDE: Formaldehyde-based resins are used for making particle boards, medium density fireboard, plywood, cabinets, laminated countertops and insulation. Throughout the chemical industry and in the production of textile binders and paints.
- o **CAUSTIC SODA LYE/ FLAKES:** Caustic soda is also known as lye or sodium hydroxide and is widely used in alumina refineries and in the manufacture of soaps and detergents, viscose fibre production and zeolite. It is also a raw material for a large number of chemicals used in the paper, textiles, dyes, refinery and other industries. Considered to be the most common base in chemical laboratories, caustic soda also finds use in the production of food additives.
- O HF-60%: Hydrofluoric (HF) acid is used mainly for industrial purposes (e.g. glass etching, metal cleaning, electronics manufacturing). HF acid also may be found in home rust removers. HF solutions are particularly used in the glass industry (frosting, staining), in crystal activities (defrosting) and in ceramics activities. Also, in metallurgical field, these grades are used in surface treatment, cast-iron-steel and stainless steels cleaning. HF solutions are also used in other more general applications such as the separation of rare earth, or utilized as a catalyst.

PROVIDING LIQUID CHEMICAL TRANSPORTATION ALL OVER INDIA: Your company also provide transportation facilities to our customers through our owned fleet of tankers. Our products are marketed and sold in the states of Punjab, Gujarat, Maharashtra, Telangana, Jharkhand, Haryana, Karnataka, Madhya Pradesh, Odisha, Rajasthan, Andhra Pradesh, West Bengal and Uttar Pradesh. The products are provided to the customer on demand basis and as and when demand arises, the product is procured from the suppliers including companies like Gujarat Narmada Valley Fertilizers Company Limited (GNFC), Gujarat State Fertilizers & Chemicals Limited (GSFC), Hindustan Zinc Ltd. (HZL), Hindalco Industries, Nirma Ltd, SRF Ltd, KIRI Industries & many other Top Industrial Units and is made available to the customer.

Note: The Performances of our products and services are covered in and form part of Director's Report.

- **DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:** During the period under the review, the company has reported a total income of Rs. 15012.30 lakhs, this is 34.47% more than the previous year. Proit before tax for the period under the review is Rs. 561.74 Lakhs, this is 48.83% more than the previous year.
- MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS
 FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED: We believe that our
 employees are key contributors to our business success. We focus on attracting and
 retaining the best possible talent. Our Company looks for specific skill-sets, interests and
 background that would be an asset for our business.

| Category | No. of Employees |
|--|------------------|

Our HR Department ensures competent and committed team engaged in building a culture of learning to achieve excellence in performance and employee satisfaction by enhancing their skills through Training & Development Programs for innovation & continual improvement of the employees. At A-1 Acid, we lay a lot of emphasis on transparent and open two-way communication between the management and the employee.

• **OUTLOOK:** The Indian chemical industry has gained a major share in Asia's growing contribution to the global chemical industry. It has also emerged as one of the preferred destinations for investment in the chemical industry worldwide. Indian chemical companies support a sizable and highly diversified industry that includes commodities, specialities, polymers, agrochemicals and a range of other groups. Total chemical sales are expected to grow to US\$214 billion by 2019. By 2025, the Indian chemical industry is projected to reach US\$403 billion.

Major challenges remain for the Indian chemical companies. The chemical industry is highly fragmented with intense rivalry among companies. Because 100 percent FDI is allowed, domestic players can face stiff competition from foreign multinationals that have the ability to exert strong price pressures on local markets. Huge capital requirements, patent protection, R&D costs and personnel requirements present other challenges.

But for every challenge there is an equal if not greater opportunity. The fact remains that the center of gravity for the global chemical industry is moving to the East, and Indian chemical companies are well-positioned to take advantage of this transition.

Our company is focusing on cost reduction measures as well as to improve processes to enhance customer satisfaction which will have a long term benefit in helping our company to achieve its goals and scale new heights in the growth path. This will not only help us in providing product at better economical & competitive rate but will also give us an overall ace in the Industrial Chemical Sector. With good order book and customer support and the product variety in hand, we expect good growth in the whole year.

• **RISKS AND CONCERNS:** Your Company had put a risk management framework in place post a comprehensive review of its risk management process. Your Company takes a fresh look at the risk management framework through our Audit Committee at least once in a year. The review involved understanding the existing risk management initiatives and assessment of risks in the businesses as the relative control measures and arriving at the desired counter measures keeping in mind the risk appetite of the organization. The audit

Committee has periodically reviewed the risks in the business and recommended appropriate risk mitigating actions.

The business of the Company is likely to be affected by various internal and external risks enumerated as under:

- Our success depends largely upon the services of our Promoter, Directors and other key managerial personnel and our ability to attract and retain them.
- The prices we are able to obtain for the products that we trade depend largely on prevailing market prices.
- We face intense competition in our businesses, which may limit our growth and prospects.
- o Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.
- o Global recession and market conditions could cause our business to suffer.
- Natural calamities and changing weather conditions caused as a result of global warming could have a negative impact on the Indian economy and consequently impact our business and profitability.
- Tax rates applicable to Our Company may increase and may have an adverse impact on our business.
- Political instability or changes in the Government could adversely affect economic conditions in India generally and our business in particular. As a responsible employer, to ensure occupational safety and employment standards, your Company maintains strict safety and quality control programs to monitor and control these operational risks.

INDEPENDENT AUDITOR'S REPORT

To The Members of A-1 Acid Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of A-1 Acid Limited ("the Company"), which comprise the Balance Sheet as at 31stMarch 2019, the Statement of Profit and Loss and the Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2006, as amended ("Accounting Standards") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, and its profits and cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified (SAs) under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

| Sr. | Key Audit Matter | Auditor's Response | | |
|-----|--|--|--|--|
| | Recoverability assessment of trade receivables: | Our response to the risk: | | |
| | The Company has a net trade receivables of INR 264031816 after providing for bad and doubtful debts of INR Nil as at 31st March, 2019. | We tested the design and operating effectiveness of key controls focusing on the following: - Identification of loss events, including early | | |

Sr. Key Audit Matter

Trade receivables of the Company comprises mainly receivables in relation to the Company's (i) trading business regarding the sale of Acid and (ii) services rendered for Transportation.

The increasing challenges over the economy and operating environment in the trading industry during the year have increased the risks of default on receivables from the Company's customers. In particular, in the event of insolvency of customers, the Company is exposed to potential risk of financial loss when the customers fail to meet their contractual obligations in accordance with the requirements Of the agreements.

The recoverable amount was estimated by management based on their specific recoverability assessment on individual debtor with reference to the aging profile, historical payment pattern and the past record of default of the customer.

Management would make provision based on the established model as well as specific provision against individual balances with reference to its recoverable amount.

For the purpose of establishing provisioning model to make provision for bad and doubtful debts, significant judgments and assumptions, including the credit risks of customers, the timing and amount of realisation of these receivables, are required to be made.

Auditor's Response

warning and default warning indicators;
- Assessment and approval of individual loss provisions;

- Governance including model validation and the assessment of the suitability of models, appropriateness of assumptions, and approval of provisions; and Completeness and accuracy of data input into models and provision calculators.

We have performed the following procedures in relation to the recoverability of trade receivables:

- Tested the accuracy of aging of trade receivables at year end on a sample basis;
- Obtained a list of outstanding receivables and identified any debtors with financial difficulty through discussion with management as well as conducting market research on the industry;
- Assessed the recoverability of the unsettled receivables on a sample basis through our evaluation of management's assessment with reference to the credit profile of the customers, historical payment pattern of customers, publicly available information and latest correspondence with customers and to consider if any additional provision should be made; and
- Tested subsequent settlement of trade receivables after the balance sheet date on a Sample basis if any,

For modeled provisions, we tested data inputs used for modeled provisions. We assessed the appropriateness of the models used.

We re performed the provision calculations and compared our measurement outcome to that prepared by management and investigated any Differences arising.

We assessed the appropriateness and presentation of disclosures against relevant accounting standards.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report including Annexures to the Directors' Report but does not include the standalone financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other Information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic

decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to
 design audit procedures that are appropriate in the circumstances. Under section
 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether
 the Company has adequate internal financial controls system in place and the
 operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

Annexure A to the Independent Auditors' Report

[Annexure referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report on financial statements for the year ended March 31, 2019 to the members of A-1 Acid Limited]

Report on Internal Financial Controls over Financial Reporting

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of A-1 Acid Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

A-1 ACID LIMITED

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES AND NOTES:

1. Corporate Information:

A-1 Acid Limited is a Limited company domiciled in India and incorporated under the Provisions of Companies Act, 1956. The company is engaged in the wholesale trading of Acid & Chemicals and also in transportation business. The Company was listed with BSE Limited on SME platform from October 10, 2018.

2. Basis of accounting and preparation of Financial Statements

The Financial Statements of the Company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The Company has prepared these Financial Statements to comply in all material respects with the accounting standards specified under section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014. The Financial Statements have been prepared under the historical cost convention on an accrual basis. The accounting policies adopted in the preparation of Financial Statements are consistent with these of previous period.

All the assets and liabilities have been classified as current or noncurrent as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalent, the Company has ascertained its operating cycle to be 12 months for the purpose of current – noncurrent classification of assets and liabilities.

3. Significant accounting policies

3.1 Use of Estimates

The preparation of financial statements in conformity with Indian Accounting Standards requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. Estimates and underlying assumptions are reviewed on an ongoing basis.

3.2 Property, Plant and Equipment

PPE are valued at cost. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use and all the expenses incurred up to preoperative period.

3.3 Depreciation and amortization

Depreciation on assets has been provided on the Straight Line method based on the useful lives prescribed in Schedule II to the Companies Act. In respect of addition and sales of assets during the year, depreciation is provided on pro rata basis. The Company has kept the residual value @5% of original cost.

3.4 Borrowing costs

Borrowing costs include interest, amortization of ancillary costs incurred in connection with the arrangements of borrowings. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalization of such asset is added to the cost of the assets.

3.5 Inventories

Inventories are valued at the lower of cost (on FIFO) and the net realizable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to the point of sale, including other levies, transit insurance and receiving charges.

3.6 Investments

There are no Investments.

3.7 Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

Sale of Goods:

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of goods. The company collects value added taxes (VAT)/Goods and Service Tax on behalf of the government and, therefore, there are no economic benefits flowing to the company. Hence, they are excluded from revenue.

Other Income:

Transport receipts and other Income are recognized on Accrual basis.

3.8 Income Tax:

Current Tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the company operates. The tax rates and tax laws used to compute the amount are those that

are enacted or substantively enacted, at the reporting date. Current Income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred Tax:

Deferred tax is recognized on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognized for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognized only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognized for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

3.9 Earning per Share:

Basic earning per share is computed by dividing the profit after tax (including the post tax effect of extraordinary items, if any) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

3.10 Cash flow statement:

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3.11 Provisions:

A provision is recognized when the company has a present obligation as a result of past event. It is possible that an outflow of resources embodying benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

3.12 Contingent liabilities:

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be

recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but disclosed its existence in the financial statements.

3.13. Value of imported and indigenous raw materials consumption:
