Subsequently, during the year, the Company's operations have been scaled up in a phased manner taking into account directives from various Government authorities. The impact on future operations would, to a large extent, depend on how the pandemic further develops and it's resultant impact on the operations of the Company. The Company continues to monitor the situation and take appropriate action, as considered necessary in due compliance with the applicable regulations. The management has made an assessment of the impact of COVID-19 on the Company's operations, financial performance and position as at and for the Quarter ended June 30, 2021 and has concluded that there is no impact which is required to be recognised in the financial results. Accordingly, no adjustments have been made to the financial results.

4. Figures of the preceding quarter ended March 31, 2021 are the balancing figures between the audited figures in respect of the full financial year and the published unaudited year to date figures up to the third quarter.
