NOTES

1. An Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013, setting out the material facts in respect of Item No. 4 is annexed hereto and forms part of this notice.
2. In view of the situation arising due to COVID-19 global pandemic, the general meetings of the Companies shall be conducted as per the guidelines issued by the Ministry of Corporate Affairs (MCA) vide Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020 and Circular No. 20/2020 dated May 05, 2020. The forthcoming AGM will thus be held through video conferencing (VC) or other audio visual means (OAVM). Hence, Members can attend and participate in the ensuing AGM through VC/OAVM only.
3. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the Annual General Meeting. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
4. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
5. As per the provisions under the MCA Circulars, Members attending the 49th AGM through VC/OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
6. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
7. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM/EGM has been uploaded on the website of the Company at www.gagl.net The Notice can also be accessed from the websites of the Stock websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM i.e. www.evotingindia.com).
8. The register of Members and share transfer book will remain closed from 20th October, 2020 to 27th October, 2020 [both days inclusive].
9. The members are requested to inform changes, if any, in their Registered Address along with Pin Code Number to the Company Secretary at the Registered Office address.

HIM TEKNOFORGE LIMITED
(Formerly known as Gujarat Automotive Gears Limited)

10. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Act, and the Register of Contracts or Arrangements in which the Directors are interested, maintained under Section 189 of the Act, will be available electronically for inspection by the members during the AGM. All documents referred to in the Notice will also be available for electronic inspection without any fee by the members from the date of circulation of this Notice up to the date of AGM. Members seeking to inspect such documents can send an email to cs@gagl.net.
11. Members of the Company under the category of Institutional Investors are encouraged to attend and vote at the AGM through VC. Corporate members intending to authorize their representatives to participate and vote at the meeting are requested to send a certified copy of the Board resolution / authorization letter to the Company on cs@gagl.net.
12. The Company has provided the facility to Members to exercise their right to vote by electronic means both through remote e-voting and e-voting during the AGM. The process of remote e-voting with necessary user id and password is given in the subsequent paragraphs. Such remote e-voting facility is in addition to voting that will take place at the 49th AGM being held through VC.
13. Members joining the meeting through VC, who have not already cast their vote by means of remote e-voting, shall be able to exercise their right to vote through e-voting at the AGM. The Members who have cast their vote by remote e-voting prior to the AGM may also join the AGM through VC but shall not be entitled to cast their vote again.
14. ANNEXURE - H Management Discussion and Analysis Report

Economic Overview

The Board reviewed the progress of our response regularly. The fact that all the production facilities had partially resumed operations after the lock-downs, is a testament to the commitment and skill of our people as well as the effectiveness of the actions taken. The onset of the Covid-19 pandemic in the final quarter of the financial year presented significant challenges for the business, its operations and employees.

It is our constant endeavor to keep learning how best to serve the changing needs of our esteemed customers. We take pride in being perceived as a safe pair of hands to protect the supply-chain of our customers.

As specialists for last over four decades in our product range - transmission gears, pins, axles, shafts, propeller shaft components, non-gear components, for lift parts, off-road parts and many more, we leverage our rich experience and strong technical capabilities to help our customers serve more convenience, deliver sustainable solutions, and keep pace with the rapid change in customer demands. For us, quality is much more than what just goes around a product.

We pride ourselves in being responsive to customer needs and requirements, so far.

Global Economy

The swift and massive shock of the corona virus pandemic and shutdown measures to contain it have plunged the global economy into a severe contraction. According to World Bank forecasts, the global economy will shrink by 5.2% this year. That would represent the deepest recession since the Second World War, with the largest fraction of economies experiencing declines in per capita output since 1870, the World Bank says in its June, 2020 Global Economic Prospects.

Economic activity among advanced economies is anticipated shrink 7% in 2020 as domestic demand and supply, trade and finance have been severely disrupted. Emerging market and developing economies (EMDEs) are expected to shrink by 2.5% this year, their first contraction as a group in at least sixty years. Per capita incomes are expected to decline by 3.6%, which will dip millions of people into extreme poverty this year.

The impact of the pandemic is likely to hit hardest in countries where the pandemic has been the most severe and where there is heavy reliance on global trade, tourism, commodity exports and external financing. While the magnitude of disruption will vary from region to region, all EMDEs have vulnerabilities that are magnified by external shocks. Moreover, interruptions in schooling and primary healthcare access are likely to have lasting impacts on human capital development.

Factors such as rising trade barriers, growing uncertainty surrounding trade and geopolitics, the macroeconomic strain in several emerging market economies low productivity growth and ageing demographics were responsible for this subdued growth.

Since uncertainty around the outlook remains exceptionally high, alternative scenarios will help the range of plausible global growth outcomes in the near term. In particular, the baseline forecast for 2020 could prove optimistic. If COVID-19 outbreaks persist longer than expected, restrictions on movement and interactions may have to be maintained or reintroduced, prolonging the disruptions to domestic activity and further setting back confidence. Disruptions to activity would weaken businesses' ability to remain in operation.

Around six months into COVID-19 crisis, we are starting to see patterns i.e. Flatten, Fight, Future, in its impact on countries and cities, as well as in these area's responses.

The efforts on research & development are going on across the world to get the breakthrough for Treatment of this novel Coronavirus.

Industry Structure & Development

India is considered to be the world's 4th largest automobile industry, beating Germany. It is soon on its way to become the 3rd largest by FY 2021, riding on rapid economic development, rising urbanisation, burgeoning middle class, supportive regulations and the Government's strong push for growth.

The Government aims to develop India as a global manufacturing as well as a research and development (R&D) hub. It has set up National Automotive Testing and R&D Infrastructure Project (NATRiP) centres as well as a National Automotive Board to act as facilitator between the government and the industry.

The domestic automotive industry has been adopting new technology and capabilities in order to keep pace with the changing global landscape. The diversified nature of the domestic automotive industry not only provides scale, but also the risk-hedging ability to face market vagaries.

Opportunity and Threats

The industry is supported by factors such as the availability of low-cost skilled labour and low-cost steel production. India's automobile industry has the potential to generate upto USD 300 billion in revenue by FY 2026, generating 65 million additional jobs and contributing over 12% to India's GDP.

The Government's push to develop India as a global manufacturing and R&D hub is also lending heavy support to the automobile sector.

HIM TEKNOFORGE LIMITED

(Formerly known as Gujarat Automotive Gears Limited)

India is fast being recognised as a hub for high-quality managerial talent. Domestic players have been leveraging local talent for driving innovation through R&D centres, driving growth in the medium to long-term. In the next few years, the automobile sector is expected to record robust growth, given the infrastructure push from the Government and schemes like PMGSY.

The opportunities generated by the disruptions are changing the competitive game for players willing to step beyond their traditional roles and engage with customers in a new and digital environment.

Threats

Presence of large number of players, domestic as well as multinational, in the automobile industry, results into intensive competition. Moreover, Government of India's aim to propel the Indian Automotive Industry to be the engine of the "Make in India" programme will intensify competition as the existing entity will have to compete with settled as well as new players entering into the market with some privilege under "Make in India" initiatives.

Segment wise or products wise performance

The operations of the Company are limited to one segment, namely automotive components.

Business Operations

The company is successfully running its units located in Vadadora- Gujarat, Baddi- Himachal Pradesh, Pithampur - Madhya Pradesh.

While the Company continued on its legacy of operational efficiency, factors such as technological advancements and product innovation continued to be its key drivers of differentiation. Enhanced productivity through retrofitting and refurbishing of machines and optimising efficiencies at various levels helped the Company to achieve an improved performance and gain a competitive edge.

Resource Upgradation

The Company has undertaken the project to improve the production processes like Leas Manufacturing to improve the efficiency and productivity. It has also focused on resourcing the technical manpower from the ITIs, Skill Development Centres under Apprenticeship Programme. Besides, the Company has also added certain machines to balance the existing machinery installed at its various locations.

Technology Upgradation

The Company has set-up and commissioned the Warm- Forging project at one of its Forging Plants. This is latest technology in the Forging Industry and will help in savings in material cost and labour cost besides improvement in the quality of precision products. The company is also consistently upgrading the other machines with the latest generation machines to remain updated with the latest technology.

Outlook

We plan to continue and expand our product portfolio for Automotive products. The areas of design and manufacturing for automotive components will be systematically expanded. We are also working specifically on developing our manufacturing capabilities.

In the manufacturing, additional measures will be implemented to improve processes and create transparency with the planned introduction of modern systems. We are also working specifically on developing our manufacturing capabilities and processes to support further growth.

The market response to the profile of Him Teknoforge continues to be very positive. The management is confident that, with the improvement in economic environment and further developments within the organization, it will be able to benefit from the investments. These developments can be summarized for the Company in many opportunities for continued expansion and positive development of the business in the next few years.

Risks & Concerns

Your Company regularly evaluates and reviews potential risks on account of various factors such as government policies, natural/ man-made disasters and political risks. Apart from above, the Company is exposed to changes in foreign exchange rates and commodity prices, global competition, technological changes, high dependency on few customers. Any change in laws & regulations, whether domestically or internationally could affect the business and financial condition of your Company.

The management of your Company has put in place adequate risk management system so as to minimize and/or eliminate the adverse impact, if any, of these risks.

Internal Control Systems and their adequacy

The Audit of Internal Control Systems is carried out by Independent firm of Chartered Accountants on a quarterly basis and corrective actions are taken where shortcomings are identified. The Internal Auditors submit their quarterly reports to the Audit Committee and the Board of Directors. All the fixed assets of the company are physically examined and recorded at regular intervals.

Discussion on financial performance with respect to operational performance

Your Company has achieved turnover of Rs. 22311.27 Lakhs for the financial year 2019-20 as against turnover of Rs. 32379.30 Lakhs in the previous financial year 2018-19. Further, the Company earned a profit of Rs. 324.63 in the 2019-20 as compared to Rs. 1830.08 Lakhs (including profit of Rs.783.89 Lakhs from sale of land & building at Kalali, Vadodara in 2018-19).

Material Developments in Human resources/Industrial relations front

The Company regards its human resources as the most valuable asset and proactively reviews and evolves policies and processes to attract and retain good people. The Company continues its focus on attracting and retaining the best talent in the industry. The Company further makes continuous efforts to upgrade the knowledge and skills of its present employees. As new business challenges emerge, there is a need to continue to be a learning organization that supports operational excellence, continuous improvement and rising standards of performance at all levels.

INDEPENDENT AUDITORS' REPORT

To
The Members of
HIM TEKNOFORGE LIMITED
(Formerly known as Gujarat Automotive Gears Limited)

Report on the audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Ind AS financial statements of **HIM TEKNOFORGE LIMITED (Formerly known as Gujarat Automotive Gears Limited)** ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement, the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its profit and total comprehensive income, changes in equity and its cash flow for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibility under those standards are further described in the Auditor's Responsibilities for the audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

<p><u>Revenue Recognition:</u> Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of adoption of IndAS 115 "Revenue from Contracts with Customers"</p>	<p>Our audit procedures selected a sample of sales contracts/sales orders and tested the effectiveness of the internal control relating to identification of the distinct performance obligations and determination of transaction price;</p> <p>Obtained confirmations from customers on sample basis to support existence assertion of trade receivables and assessed the relevant disclosures made in the financial statements; to ensure revenue from contracts with customers are in accordance with the requirements of relevant accounting standards.</p> <p>We conclude that revenue has been recognized in accordance with the revenue recognition policy and accounting standards.</p>
<p><u>Adoption of Ind AS 116</u> The Company has adopted Ind AS 116 Leases in the current year which does away the difference of operating lease and financial lease. The Application and transition to this accounting standard is an area of focus in our audit. Ind AS 116 introduces a new lease accounting model wherein lessees are required to recognize a right-of-use (ROU) asset and a lease liability arising from a lease on the balance sheet. The Lease liabilities are initially measured by discounting future lease payments during the lease term as per the contract/ arrangement.</p>	<p>Our audit procedures on adoption of Ind AS 116 include:</p> <ul style="list-style-type: none"> -Assessed the key terms and conditions of each lease with the underlying lease contracts; and -Evaluated computation of lease liabilities and challenged the key estimates such as discount rate and lease term.

Information Other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprise the information included in the Management Discussion and Analysis, Board's Report including Annexures to the Board's Report, Business Responsibility Report, Corporate Governance and Shareholders' information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with standalone Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, cash flows and changes in equity of the Company in accordance with Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's reporting process.

Auditors' Responsibilities for the audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is high level of assurance, but is not a guarantee that an audit conducted in accordance with the SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decision of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

HIM TEKNOFORGE LIMITED
(Formerly known as Gujarat Automotive Gears Limited)

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the 'Annexure A', a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and proper returns adequate for the purpose of our audit.
 - c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the Statement of Changes in Equity dealt with by this report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 as amended.
 - e) On the basis of the written representations received from the directors, as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Companies Act, 2013.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in 'Annexure B'. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's Internal financial controls over financial reporting.
 - g) In our opinion, the managerial remuneration for the year ended March 31, 2020 has been paid/provided by the Company to its directors in accordance with the provisions of section 197 read with schedule-V to the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note No. 38 to the standalone financial statements;
 - ii. The Company did not have any material foreseeable losses on long term contracts including derivatives contracts;
 - iii. There has been no delay in transferring amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Referred to in paragraph 1 of ‘Report on other Legal and Regulatory Requirements’ in our Report of even date on the accounts of **HIM TEKNOFORGE LIMITED (Formerly known as Gujarat Automotive Gears Limited)** for the year ended March 31, 2020.

- i. (a) The Company is generally maintaining proper records showing full particulars including quantitative details and situation of fixed assets.
- (b) The fixed assets are physically verified by the Management in accordance with a phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. According to the information and explanations given to us, pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- ii. During the year, the inventories have been physically verified by the management. In our opinion, the frequency of verification is reasonable. The discrepancies noticed on physical verification of inventories as compared to the book records were not material and have been properly dealt with in the books of accounts.
- iii. As informed to us, the Company has not granted loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore clauses 3(iii) and sub clause (a) to (c) of clause 3(iii) are not applicable to the Company.
- iv. The Company has complied with provisions of Section 186 of the Companies Act, 2013 in respect of investments made and guarantees provided for loans taken by others and section 185 of the Companies Act, 2013 is not applicable as there were no such loans, securities or guarantees provided during the year.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the rules framed thereunder to the extent notified and therefore clause 3(v) is not applicable.
- vi. The Central Government has prescribed maintenance of cost records for the company under sub section (1) of section 148 of the Companies Act, 2013 and such accounts have been made and maintained by the company. However, no detailed examinations of such records and accounts have been carried out by us.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, the Company is generally regular in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Customs Duty, Cess, Goods and Services Tax and other statutory dues applicable to it with the appropriate authorities. However minor delays were observed on deposit of goods and service tax in few cases. According to information and explanation given to us, no undisputed amount were in arrears as on March 31, 2020 for a period of more than six months from the date they became payable.
- (b) According to the information and explanation given to us and the records of the Company examined by us, there are no dues of Service Tax, Cess and Customs Duty which have not been deposited on account of any dispute. The disputed amounts that have not been deposited in respect of Value Added Tax, Income Tax, Sales Tax, Excise Duty are as under:

Sr. No.	Name of the Statute	Nature of Dispute	Amount (Rs. in Lacs)	Period to which dispute relates	Forum where dispute is pending
1	M. P. VAT Act, 2002 and Central Sales Tax Act, 1956	Sales tax demand	152.80	29.03.2004 to 31.03.2007	Honorable Supreme Court of India.
2	M. P. VAT Act, 2002 and Central Sales Tax Act, 1956	Sales Tax and Interest	4.07	2016-17	Commissioner of Commercial Taxes (Appeals)
3	M. P. VAT Act, 2002 and Central Sales Tax Act, 1956	VAT	1.92	2015-16	Commissioner of Commercial Taxes (Appeals)
4	M. P. VAT Act, 2002 and Central Sales Tax Act, 1956	CST	3.27	2015-16	Commissioner of Commercial Taxes (Appeals)

- viii. According to the records of the Company examined by us and information and explanation given to us, the Company has not defaulted in repayment of dues to financial institutions and banks during the year. The Company has not taken any loan or borrowing from government and has not issued debentures during the year.
- ix. The Company has not raised any money by way of public issue/ further offer (including debt instruments). Further money raised by term loans has been applied for the purpose for which it was raised.

HIM TEKNOFORGE LIMITED
(Formerly known as Gujarat Automotive Gears Limited)

- x. Based upon the audit procedures performed and information and explanation given by the management, we report that no fraud by the Company and no fraud on the Company by its officers or employees has been noticed or reported during the year.
- xi. In our opinion and according to the information and explanations given to us, the managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of Section 197 read with schedule V to the Companies Act, 2013.
- xii. In our opinion and according to the information and explanations given to us, the nature of the activities of the Company does not attract any special statute applicable to a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us, and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sec 177 and 188 of Companies Act, 2013 where applicable and details of such transactions have been disclosed in the financial statements as required by the Indian Accounting Standards (Ind AS 24 "Related Party Disclosures") specified under Section 133 of the Act.
- xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(xiv) of the Order is not applicable to the Company.

‘ANNEXURE B’ TO THE INDEPENDENT AUDITORS’ REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of HIM TEKNOFORGE LIMITED (Formerly known as Gujarat Automotive Gears Limited) ("the Company") as of March 31, 2020 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial

reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Solan (HP) - 173205. Pursuant to the Order dated 9th January, 2018 of Hon'ble National Company Law Tribunal, Chandigarh Bench, M/s Him Teknoforge Limited is merged with M/s Gujarat Automotive Gears Limited with appointed dated 1st April, 2016 and the name of Gujarat Automotive Gears Limited is changed to Him Teknoforge Limited as per the Scheme of Amalgamation. The Company offers a diverse range of products and services including manufacturing, sales, distribution and marketing of automotive, non-automotive and engineering components like Alloy Steel Forgings, Gears, Shafts, Axles, Assemblies & sub-assemblies, etc.. The equity shares of the Company are listed on BSE Limited ("BSE"). The financial statements are presented in Indian Rupee (₹).

2 Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(A) Basis Of Preparation Of Financial Statement

i) Compliance with Ind AS

The financial statements Complies in all material aspects with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the "Act") and other relevant provisions of the Act and other accounting principles generally accepted in India.

The financial statements were authorized for issue by the Company's Board of Directors on 30th May, 2019.

These financial statements are presented in Indian Rupees (INR), which is also the functional currency. All the amounts have been rounded off to the nearest lacs, unless otherwise mentioned.

ii) Historical cost convention

The Company follows the mercantile system of accounting and recognizes income and expenditure on an accrual basis. The financial statements are prepared under the historical cost convention, except in case of significant uncertainties and except for the following:

- (a) Certain financial assets and liabilities (Including Derivative Instruments) that are measured at fair value;
- (b) Defined benefit plans where plan assets are measured at fair value.
- (c) Investments are measured at fair value.

iii) Current and Non Current Classification.

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

(B) Use of estimates and judgements

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

(C) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(I) Financial Assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- (a) Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss); and
- (b) Those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

- (a) For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.
- (b) For investments in debt instruments, this will depend on the business model in which the investment is held.
- (c) For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not measured at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(a) Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other income or other expenses (as applicable). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other income or other expenses (as applicable) in the period in which it arises. Interest income from these financial assets is included in other income or other expenses, as applicable.

(b) Equity instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has selected to present fair value gains and losses on equity investments in other comprehensive income and there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other income or other expenses, as applicable in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For Trade receivables company provides when there is a significant uncertainty arise for recovery.

(iv) Derecognition of financial assets

A financial asset is derecognised only when -

- (a) The Company has transferred the rights to receive cash flows from the financial asset or
- (b) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(II) Financial Liabilities

(i) Measurement

Financial liabilities are initially recognised at fair value, reduced by transaction costs (in case of financial liability not at fair value through profit or loss), that are directly attributable to the issue of financial liability. After initial recognition, financial liabilities are measured at amortised cost using effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash outflow (including all fees paid, transaction cost, and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. At the time of initial recognition, there is no financial liability irrevocably designated as measured at fair value through profit or loss.

(ii) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

(D) Financial guarantee contracts

Financial guarantee contracts are recognised as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of the amount determined in accordance with Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets and the amount initially recognised less cumulative amortization, where appropriate.

(E) Segment Report

The Company operates in single segment only. The company identifies & monitors Auto Parts as the primary business Segment

(F) Inventories Valuation

- (i) Raw materials, components, stores & spares, packing material, semi-finished goods & finished goods are valued at lower of cost and net realisable value.
- (ii) Cost of Raw Materials, components, stores & spares and packing material is arrived at FIFO and Cost of semi-finished good and finished good comprises, raw materials, direct labour, other direct costs and related production overheads.
- (iii) Scrap is valued at net realisable value.

(G) Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes outstanding bank overdraft shown within current liabilities in statement of financial balance sheet and which are considered as integral part of company's cash management policy.

(H) Income tax, deferred tax and dividend distribution tax

The Income tax expense or credit for the year is the tax payable on the current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current and deferred tax is recognised in the profit and loss except to the extent it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised in equity or other comprehensive income respectively.

(i) Current income tax

Current tax charge is based on taxable profit for the year. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date where the Company operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(ii) Deferred tax

Deferred tax is provided using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements at the reporting date. Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilised.

Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to reflect changes in probability that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred income tax assets and liabilities are off-set against each other and the resultant net amount is presented in the Balance Sheet, if and only when, (a) the Company has a legally enforceable right to set-off the current income tax assets and liabilities, and (b) the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority.

Minimum Alternate Tax credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

(iii) Dividend distribution tax

Dividend distribution tax paid on the dividends is recognised consistently with the presentation of the transaction that creates the income tax consequence. Dividend distribution tax is charged to statement of profit and loss if the dividend itself is charged to statement of profit and loss. If the dividend is recognised in equity, the presentation of dividend distribution tax is recognised in equity.

(l) Property, plant and equipment

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016 measured as per the previous GAAP and used those carrying value as the deemed cost of the property, plant and equipment.

- (i) Freehold land is carried at historical cost including expenditure that is directly attributable to the acquisition of the land.
- (ii) All other items of property, plant and equipment are stated at cost less accumulated depreciation. Cost includes expenditure that is directly attributable to the acquisition of the items.
- (iii) Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.
- (iv) Cost of Capital Work in Progress ('CWIP') comprises amount paid towards acquisition of property, plant and equipment outstanding as of each balance sheet date and construction expenditure, other expenditures necessary for the purpose of preparing the CWIP for its intended use and borrowing cost incurred before the qualifying asset is ready for intended use. CWIP is not depreciated until such time as the relevant asset is completed and ready for its intended use.

- (v) Depreciation methods, estimated useful lives and residual value
 - (a) Fixed assets are stated at cost less accumulated depreciation.
 - (b) Depreciation is provided on a pro-rata basis on the straight-line method over the estimated useful lives of the assets which is as prescribed under Schedule II to the Companies Act, 2013. In respect of Plant and Machinery the management has estimated the useful life as forty years for the Plant & Machinery installed at its Forging Units and thirty years for the Plant & Machinery installed at its Machining Units and for Electrical installation the useful life is taken as twenty five years based on internal assessment and independent technical evaluation carried out by the Chartered Engineer. Management believes that the useful lives considered as mentioned herein, best represent the period over which it expects to use these assets. The depreciation charge for each period is recognised in the Statement of Profit and Loss, unless it is included in the carrying amount of any other asset. The useful life, residual value and the depreciation method are reviewed atleast at each financial year end. If the expectations differ from previous estimates, the changes are accounted for prospectively as a change in accounting estimate.
 - (c) Leasehold Land is depreciated over the period of the Lease.
- (vi) Tangible assets which are not ready for their intended use on reporting date are carried as capital work-in-progress.
- (vii) The residual values are not more than 5% of the original cost of the asset. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Estimated useful lives, residual values and depreciation methods are reviewed annually, taking into account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other expenses or other income as applicable.

(J) Intangible assets

On transition to Ind AS, The Company has elected to continue with the carrying value of all of its intangible assets recognised as at 1 April 2016 measured as per the previous GAAP and used those carrying value as the deemed cost of the intangible assets.

- (i) An intangible asset shall be recognised if, and only if: (a) it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and (b) the cost of the asset can be measured reliably.
- (ii) Cost of technical know-how and the expenditure incurred on Product Design and Development has been amortized over a period of ten years.
- (iii) Computer software is capitalised where it is expected to provide future enduring economic benefits. Capitalisation costs include licence fees and costs of implementation / system integration services. The costs are capitalised in the year in which the relevant software is implemented for use. The same is amortised over a period of 3 years on straight-line method for the Units at Vadodra and in respect of other units as per the estimated useful life as per Schedule III to the Companies Act, 2013.

(K) Leases

(i) As a lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. The Company's lease asset classes consist primarily of land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether : (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset. At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases.

For these short term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases.

Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option. Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(ii) As a lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

(L) Revenue Recognition

(I) Ind As 115 "Revenue from contracts with customers" provides a control -based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

1. Identify the contract(s) with a customer;
2. Identify the performance obligations;
3. Determine the transaction price;
4. Allocate the transaction price to the performance obligations;
5. Recognise revenue when an entity satisfies performance obligation.

Revenue from contracts with customers is recognised when control of goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

a) Sale of Goods

For sale of goods, revenue is recognised when control of the goods has transferred at a point in time i.e when the goods have been delivered to the specific location (delivery). Following delivery, the customer has full discretion over the responsibility, manner of distribution, price to sell the goods and bears the risks of obsolescence and loss in relation to the goods. A receivable is recognised by the Company when the goods are delivered to the customer as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before the payment is due.

b) Contract Balances

Trade receivables:

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e only the passage of time is required before payment of the consideration is due).

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due from the customer. If the company transfers goods or services to the customer, a contract liability is recognised when payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company delivers goods.

c) Cost to obtain a contract

The Company pays sales commission to its selling agents for each contract that they obtain for the Company. The Company has elected to apply the optional practical expedient for costs to obtain a contract which allows the Company to immediate expense sales commission (included in sales promotion expense under other expenses) because the amortisation period of the asset that the Company otherwise would have used is one year or less.

(II) Sales of Services

Revenue from rendering of services is recognized when the performance of agreed contractual task has been completed.

(III) Other Income

(i) Interest Income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of

the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

(ii) Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the group, and the amount of the dividend can be measured reliably.

(iii) Export Benefits

In case of sale made by the Company as manufacturer, export benefits arising from Duty Drawback scheme, Rebate of state levies (LOSL), and Rebate of State and Central Taxes and Levies (ROSCCTL), are recognised on sale of such goods in accordance with the agreed terms and conditions with customers.

Revenue from exports benefits measured at the fair value of consideration received or receivable net of returns and allowances, cash discount, trade discount and volume rebates.

(M) Employee Benefit

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The group operates the following post-employment schemes:

(a) Defined benefit plan:

Defined benefit obligation plans and other long term benefits – The present value of the obligation under such plans is determined based on an actuarial valuation, using the projected Unit Credit Method. Actuarial gains and losses arising on such valuation are recognized immediately in the statement of profit & loss . In case of gratuity ,which is combination of funded plan with the Life Insurance Corporation Of India and unfunded plan, the fair value of the plan assets is reduced from the gross obligation under defined benefit plans to recognize the obligation on net basis. The liability for Earned Leave has been provided as per the Actuarial valuation as at the end of the accounting year.

(b) Defined Contribution plan:

Employees benefits in the form of contribution to Provident Fund managed by Government Authorities, Employees State Insurance Corporation and Labour Welfare Fund are considered as defined contribution plan and the same are recognized as expenses as and when it accrues and is charged in statement of Profit & Loss of the year . Post employment benefits (e.g. gratuity) is recognized as expense based on actuarial valuation at the year end or elsewhere cash accumulation policy of Life Insurance Corporation of India has been obtained, the premium paid to the Life Insurance Corporation during the year has been treated as an expense.

(N) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. All the foreign exchange gains and losses are presented in the statement of Profit and Loss on a net basis within other expenses or other income as applicable.

(O) Borrowing Cost

- (i) Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.
- (ii) Borrowings are classified as current financial liabilities unless the entity has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

(P) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company; and
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

(ii) Diluted earnings per share

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares; and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(Q) Impairment of Assets

Intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(R) Provisions, contingent liabilities and contingent assets

(i) Provisions:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss.

(ii) Contingent liabilities:

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or

a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

(iii) Contingent Assets:

Contingent Assets are disclosed, where an inflow of economic benefits is probable.

(S) Investments

On transition to Ind AS, equity investments are measured at fair value, with value changes recognised in Other Comprehensive Income, except for those mutual fund for which the Company has elected to present the fair value changes in the Statement of Profit and Loss.

(T) Trade receivables

Trade receivables are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(U) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are recognised, initially at fair value, and subsequently measured at amortised cost using effective interest rate method.

(V) Operating Cycle

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non current.

(W) Foreign Exchange Risk Management Policy

Foreign exchange risk refers to the losses that an international financial transaction may incur due to currency fluctuations. Exchange rate volatility is unpredictable since there are many factors that affect the movement of the exchange rates i.e. economic fundamentals, monetary policy, fiscal policy, global economy, speculation, domestic and foreign political issues, market psychology, being some of them. The exchange rate volatility poses a risk, called foreign exchange risk or currency risk, to business sector, in particular, the importers and exporters or those ones who associate with international businesses. Although businesses cannot control the fluctuation of the exchange rates but they can manage the risk by using proper hedging tools e.g. Forward, Futures, and Options, in order to manage their revenues and costs, assets and liabilities, more efficiently.

The company exports Automotive Components to known customers in the overseas market and take forward booking keeping in view the forward markets. In certain position exports are kept in open position, however, the position is reviewed at regular intervals and decision with regard to the hedge is taken based on situation and factors prevalent at the time. For long term commitments, e.g., forex commitments in the nature of term loans, the company has a policy to completely hedge the total exposure.

(X) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest rupees lacs, unless otherwise stated as per the requirement of Schedule III (Division II).

NOTES FORMING INTEGRAL PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

3	Market Risk – Foreign Exchange	Highly probable forecast transactions and financial assets and liabilities not denominated in INR.	Foreign currency exposure review and sensitivity analysis.	Forward foreign currency contract, future and option.
4	Price Risk – Commodity Prices	Basic ingredients of company raw materials are various grade of steel and copper where prices are volatile	The company sourcing components from vendors directly, hence it does not hedge its exposure to commodity price risk.	The company is able to pass on substantial price hike to the customers.

The Board provides guiding principles for overall risk management, as well as policies covering specific areas such as credit risk, liquidity risk, price risk, investment of surplus liquidity and other business risks effecting business operation. The company's risk management is carried out by the management as per guidelines and policies approved by the Board of Directors.

(A) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses the direct risk of default, risk of deterioration of creditworthiness as well as concentration risks. The Company is exposed to credit risk from its operating activities (primarily trade receivables), deposits with banks and loans given.

Credit Risk Management

For financial assets the Company has an investment policy which allows the Company to invest only with counterparties having credit rating equal to or above AAA and AA. The Company reviews the creditworthiness of these counterparties on an ongoing basis. Another source of credit risk at the reporting date is from trade receivables as these are typically unsecured. This credit risk has always been managed through credit approvals, establishing credit limits and continuous monitoring the creditworthiness of customers to whom credit is extended in the normal course of business. The Company estimates the expected credit loss based on past data, available information on public domain and experience. Expected credit losses of financial assets receivable are estimated based on historical data of the Company. The company has provisioning policy for expected credit losses. There is no credit risk in bank deposits which are demand deposits. The creditors risk is minimum in case of entity to whom loan has been given.

The Credit Loss allowances are provided in the case of trade receivables as under (Refer Note No. 11.1): (Rs. Lacs)

Loss allowance as on 1 April 2019	4.79
Change in loss allowance	-
Loss allowance as on 31 March 2020	4.79

(B) Liquidity Risk

The Company's principal sources of liquidity are "cash and cash equivalents" and cash flows that are generated from operations. The Company has outstanding term borrowings. The Company believes that its working capital is sufficient to meet its current as well as long term borrowing repayment requirements. The company has significant high receivables & liquid inventory compared to payable, hence significantly low liquidity risk.

(C) Market Risk

Foreign currency risk

The Company significantly operates in domestic market. Though part of the sales is from Exports, however foreign currency risk towards export is insignificant considering the timely realisation thereof.

The Company also imports certain materials the value of which is also not material as compared to value of total raw materials. Currently, Company does not hedge this exposure. Nevertheless, Company may wish to hedge such exposures.

43 LEASES:

Effective April 1, 2019, the Company adopted Ind AS 116- Leases and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method on the date of initial application. Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the Right of Asset Use (ROU) at its carrying amount, but discounted at the Company's incremental borrowing rate at the date of initial application. Comparatives as at and for the year ended March 31, 2019 have not been retrospectively adjusted and therefore will continue to be reported under the accounting policies included as part of our Annual Report for year ended March 31, 2019. We have applied the exemption not to recognize ROU assets and liabilities for leases with less than 12 months of lease term on the date of initial application.

On transition, the adoption of the new standard resulted in recognition of 'Right of Use Asset of Rs. 10.96 Lacs, and Lease Liability of Rs. 7.65 Lacs.

The incremental borrowing rate applied to lease liabilities as at April 1, 2019 is 10%.
