EARLIER, WE EMBARKED ON A SAFER JOURNEY TOWARDS BIG POSSIBILITIES AND BIGGER PROGRESS.

WE PUT IN THE NECESSARY GRUNT WORK; FROM FORTIFYING OUR CORE STRENGTHS TO TAKING A LEAP TOWARDS SCALING NEW HEIGHTS.

WE ALIGNED OURSELVES TO A STABLE AND SUBSTANTIAL FUTURE, AND TOOK SURE AND STEADY STEPS TOWARDS IT. AND NOW...

OUR JOURNEY IS FINALLY **GAINING MOMENTUM!**

OUR STRATEGIES ARE SHOWING RESULTS. OUR TEAM IS INCREASINGLY INSPIRED AND COMMITTED TO RELENTLESS GROWTH. WE'RE GAINING A STRONGER FOOHOLD IN NEWER GROUNDS AND OUR CORE STRENGTHS HAVE KEPT US ROOTED & STABLE, THROUGH IT ALL.

WE'RE GAINING MOMENTUM TO **ACHIEVE OUR GOAL WITH FULL STEAM!**

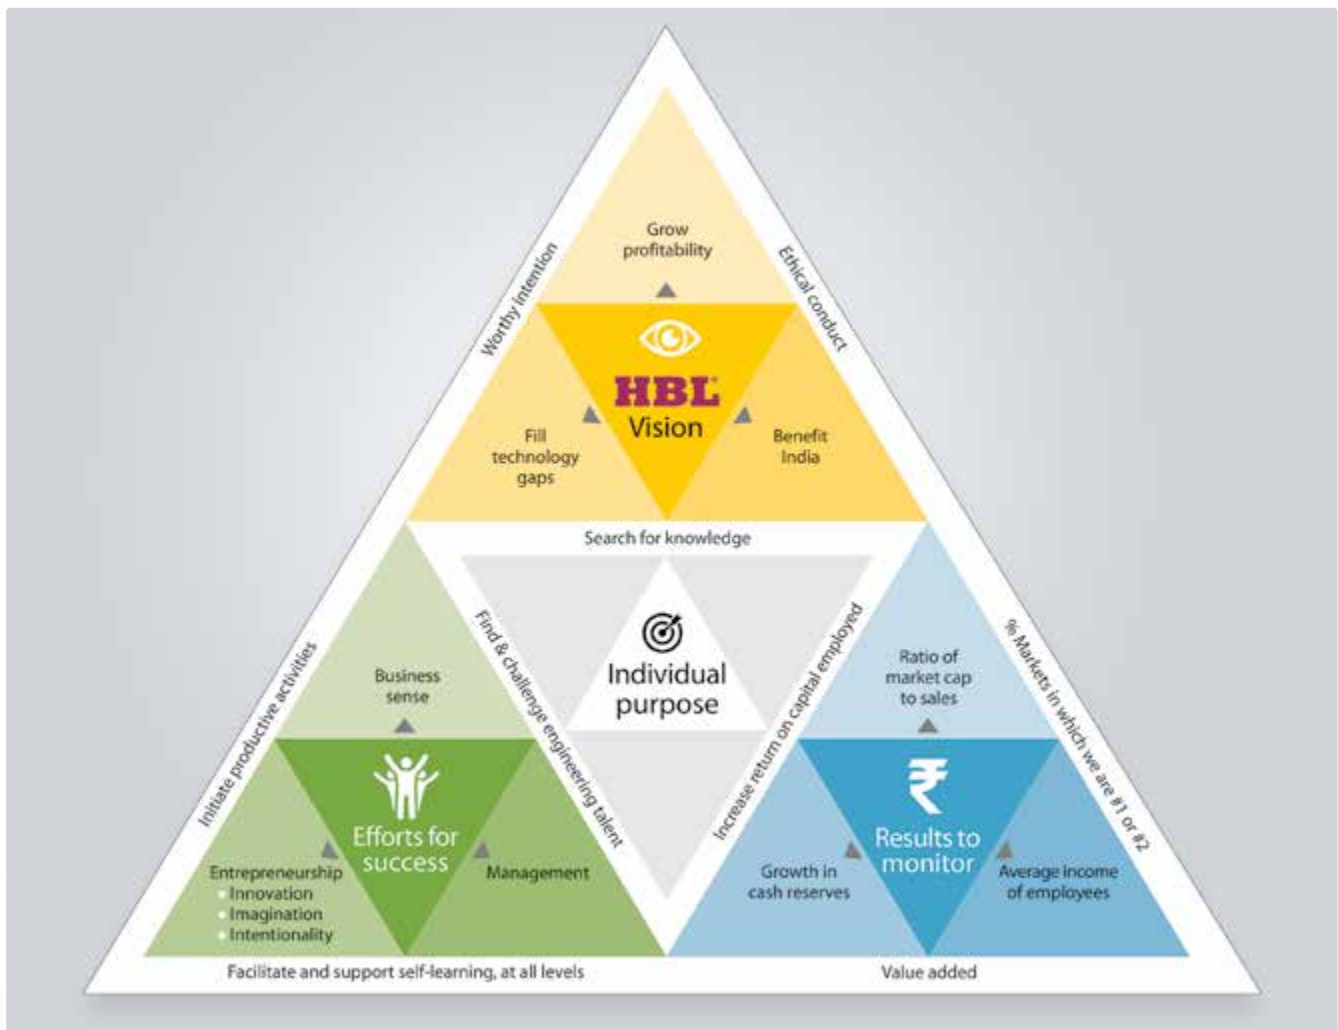

WE ARE INDIA'S LEADING RESEARCH-BASED ENGINEERING COMPANY THAT AIMS TO FILL TECHNOLOGY GAPS IN INDIA BY **DEVELOPING AND MANUFACTURING COMPLEX PRODUCTS AND SOLUTIONS DEMANDED IN INDIA TODAY.**

OUR business strategy has always been to identify technology gaps in India that our intellectual capital can fill through 'indigenous efforts'.

Our team of enthusiastic and energetic experts focus on creating technology-solutions that addresses

challenging applications for key user sectors such as Telecom, UPS, Railways, Power, Oil & Gas, Industries, and Defence, among others. Our power of engineering capability allows us to make a small yet meaningful contribution to making India Atmanirbhar.

Headquartered in Hyderabad, we have five manufacturing facilities located in Telangana and Andhra Pradesh dedicatedly develop and deliver specific products. Our equity is listed on the BSE Limited and the National Stock Exchange of India Limited.

THE TRIANGLE ENCAPSULATES THE ESSENCE AND BEING OF HBL. IT SHOWCASES THE 'WHO', 'WHY', 'HOW' & 'WHERE' OF THE ORGANIZATION.

VISION

TO ORGANISE INDIA'S ENGINEERING TALENT INTO A GLOBALLY COMPETITIVE BUSINESS, WHETHER IN MANUFACTURING OR SERVICES. OUR CHOICE IS TO BE IN BUSINESSES WITH TECHNOLOGICAL CHALLENGES/ ENGINEERING INTENSITY.

BUSINESS HIGHLIGHTS

INDUSTRIAL BATTERIES

- Witnessed strong demand from telecom sector due to 5G Rollouts
- Executed large orders for supply of 12V-VRLA batteries for Wi-Fi electrification projects as a part of the Bharat Net project
- Bagged single largest order of ₹31 crore for Ni-Cd batteries for prestigious IGGL (Indradhanush Gas Grid Limited) pipeline project in Northeast
- Bagged good export orders for supplies to New York City Transit (NYCT) & Siemens Via Rail, Canada

DEFENCE

- Completed type approval process for Type-II batteries meant for use in HDW German (Shishumar) class submarines, and secured manufacturing clearance
- Developed and supplied thermal batteries to Advanced Systems Lab (ASL) of DRDO, for Agni Prime Strategic Missile and received a production order

ELECTRONICS

- Won four contracts for deployment of Kavach TCAS in Delhi-Howrah and Delhi-Mumbai routes worth ₹807 crore
- Won a contract for supply of 46 Kavach TCAS systems to Integral Coach Factory, to be installed in 23 Vande Bharat trainsets
- Completed deployment of Kavach TCAS in Milestone I of Eastern Railway, West Central Railway and Western Railway
- Deployment of Train Management System (TMS) in progress in Sealdah Division of Eastern Railway
- Type testing and field trial of Electronic Interlocking System in progress

WE STARTED THE CURRENT YEAR WITH A HEALTHY OPEN ORDER BOOK FOR ALL OUR BUSINESS SEGMENTS, WHICH IS HEARTENING. WE WILL DEPLOY OUR ENERGY AND RESOURCES TO **GROW THE BUSINESS AND WIDEN OUR HORIZONS**

DEAR SHAREHOLDERS,

We are pleased to share your Company's progress in the recently ended fiscal 2022-23. While the financial numbers succinctly summaries the story, the satisfaction quotient was encouraging as we started reaping the benefits of our decade-long efforts.

A THROWBACK ON FY23

To say the world is in uncharted waters would be understatement. The adverse impact of multi-dimensional challenges, such as armed conflict and climate change, has exposed the fragility of the global economic system. It resulted in incalculable damage (uncontrolled inflation, disrupted food supplies, increased human displacement, and faltering job creation ecosystems) and tested the resilience of every nation.

The government-funded capital expenditure and the gradual increase in interest rates allowed the nation to absorb the increased interest burden efficiently. India adopted a significantly matured approach to this multi-dimensional global crisis which helped India to emerge as one of the fastest-growing economy in the world. Also, corporate India maintained its resilience to deliver superior performances.

OUR PERFORMANCE

Aligned with the India story, we reported a improved performance. Revenue from operations stood at ₹1,350 crore, a growth of 11% over the previous year. Notwithstanding heightened inflation and elevated interest costs, EBITDA improved to ₹167 crores in FY23 and a Net Profit of ₹95 crore in FY23. As liquidity improved, we adopted a judicious capital allocation strategy between investing in our business segments to capitalise on emerging opportunities and further reducing organisational leverage.

BUSINESS IN FY23

It was a year of palpable excitement as every business segment had a healthy inflow of orders. There were good product introductions that gained the attention of user sectors and hence promised to add new growth levers to our business segments. Every business segment reported healthy operational and financial performance improvement and ended the year with a decent open order book.

Electronics

Train Collision Avoidance System (TCAS) has become the flagship product in our Electronics segment. We won four contracts for deployment of Kavach TCAS to cover 1,322 route km and 267 locomotives.

Our team's proactive preparatory steps in FY22 helped us become the first Company to complete the execution of Kavach TCAS over Milestone I of three projects in Eastern Railway, West Central Railway, and Western Railway.

We have made considerable investments to improve our delivery schedules. We have significantly revamped and expanded our capacity for manufacturing electronic systems. We have adopted a Lean Manufacturing strategy for most of our manufacturing operations, including Electronics, to improve the productivity of our human resources and manufacturing infrastructure.

We continue to invest in inventories of electronic components to combat shortages and long lead times. Together, these initiatives, among several others, form the basis for the confidence in our supply chain resilience to complete the Kavach contracts ahead of schedule.

We have deployed the Train Management System (TMS) in the Eastern Dedicated Freight Corridor and our team is working hard to commission this solution in the Sealdah Division of Eastern Railway. These eminent projects should help us garner additional business for this solution shortly.

Defence

Having completed supplies of two sets of Type-IV batteries for use in Kilo Class and Scorpene (Kalvari) Class Indian submarines, we have expanded our capabilities and completed the type approval process for Type-II batteries for HDW German (Shishumar) class submarines and secured manufacturing clearance. We expect to supply one set of these batteries in the current year.

During the year, we received the production order for the supply of thermal batteries to the Advanced Systems Lab (ASL) of DRDO for Agni Prime Strategic Missile. In addition, we developed and supplied thermal batteries for two other strategic missile programs of ASL.

Moreover, ELBI and IAI of Israel found that our batteries matched their stringent performance and quality standards. This opens an exciting

opportunity for the Company over the coming years. We are increasing our engagement with these agencies to develop new product variants to increase our business with them.

As our products are gaining traction globally, we are investing in critical and high-cost testing equipment to ensure we meet international testing standards and minimise our dependence on external test agencies. This will go a long way in improving our product quality and delivery timelines.

Batteries

The battery division registered an excellent performance with robust growth in lead-acid and Nickel Cadmium batteries.

After a lull of about 2-3 years, we secured large orders from the telecom sector - from BSNL (a large order that is payment secured) and other private players. Our 12V-VRLA battery sales also picked up appreciably as we commenced supplies to small cell sites and increased our share of business with UPS OEMs.

We made considerable headway in the Data Center space with our PLT batteries, positioning them as the most suited product for this application. We concluded a contract

HON'BLE RAILWAY MINISTER WITNESSING THE PERFORMANCE OF TCAS ON A LOCOMOTIVE

with a large data center enterprise to supply PLT batteries over the next 30 months. In addition, we bagged large orders for PLT batteries from the Indian Army Data Center under the NFS project.

The year's highlight was widening the canvass for our PLT batteries. The Indian Army has recognised the performance superiority of PLT batteries and approved them for deployment in battle tanks and heavy trucks. Further, the DRDL has approved these batteries as a reliable power source for its Akash and other

missile launchers. Additionally, the demand for our PLT batteries for battle tank applications continued to grow in the Middle East and South-East Asian countries.

We experienced strong demand from the Oil & Gas sector and railways in the Nickel Cadmium space. We bagged our largest order for the prestigious IGGL pipeline project under execution. We have also successfully converted lead acid battery demand to Nickel Cadmium in various applications in the Power sector and Metro Rail, which should help grow the numbers over the medium term.

Electric Drive Train

We made considerable progress in this area. We undertook road trials of our electric drive train (EDT) solution on a 7.5T truck, demonstrating encouraging results with our solution's performance and energy efficiency. It reinforces our belief that our solution is viable for commercial truck operators without financial subsidy from the Government. We will continue to develop solutions for larger trucks.

OUR OPPORTUNITY WINDOWS

Electronics

In the Union Budget 2023-24, an allocation of ₹2.40 lakh crore has been provided to the railway sector for accelerating the growth of the Indian Railways by improving infrastructure and introducing high-speed trains, which would call for increased TCAS deployment.

Considering these factors, Kavach TCAS garners the greatest attention in the directional focus for FY24. We will aim to supply and install Kavach systems in 23 Vande Bharat Trainsets. So far, 20 Kavach systems have been delivered, and eight have been installed in 4 Vande Bharat train sets. We will focus on getting our Train Management System (TMS) certified to Safety Integrity Level II, according

to CENELEC standards. Following this certification, the deployment in Eastern Dedicated Freight Corridor will be commercially operational. We will also complete the installation of TMS in the Sealdah Division of Eastern Railway. This will prepare our teams to be ready to take on many new projects for TMS, which are currently in the pipeline.

Defence

We have partnered with HAL Kanpur to develop batteries for civil aircraft Hindustan D0-228 and with HAL, Bangalore for Light Compact Aircraft - Tejas, and Advanced Light Helicopters, as part of the Atmanirbhar Bharat and Make in India initiatives. Parallely, we are working with the Ministry of Aviation and the Director General of Civil Aviation (DGCA) to deploy NCSP batteries in all civil aircraft flying in India under the Atmanirbhar Bharat initiatives. When this happens, maybe

a few years into the future, it will open an interesting growth window for the HBL.

Further, leveraging our product success in the Indian context, we are engaging with defence authorities in other nations with Russian-made aircraft and helicopters to promote our batteries.

Having successfully developed batteries for Light Weight (LW) and Heavy Weight (HW) torpedoes, we embarked on creating new variants

to expand the market. Our wider offering, backed by new variants and ratings and our LW and HW torpedo battery solutions, is expected to enhance business volume in the next couple of years.

We are also working on products for new generation aircraft and helicopters, recently acquired by the Indian Air Force and currently under development in India.

Batteries

Telecom players are back, investing aggressively in creating telecom infrastructure. Credible estimates suggest that telecom players will add another 4.5 Lakh towers to improve latency and quality 5G coverage. Moreover, 5G consumes more power than 4G. Hence, the connected battery capacity will be higher for a given backup requirement. Moreover, the replacement opportunity is also expected to be promising.

The UPS battery market is enormous (₹3000+ crore) and is growing consistently. While our share at this point is meager, we will adopt a cautious approach in this space with calibrated investment around capacity and channel building. These realities should sustain the demand for lead-acid batteries.

India is a data-guzzling market and the world's largest consumer of data. This data needs to be stored in India. As a result, India will add a data center capacity of over 4000 MW in the next five to six years. Our PLT batteries are fast catching the attention of Data Centre consultants and entities, aided by their performance, total cost of ownership, and safety over conventional VRLA and lithium options. We hope to make deeper inroads into this large and rapidly growing business space.

We have started FY24 on a positive note for our Nickel Cadmium batteries with a sizeable order book. We believe the demand for Nickel Cadmium Pocket Plate (NCPP) will remain robust over the next couple of years.

Our optimism is based on:

- 1) Mandatory commissioning of Fuel Gas De-sulfurisation (FGD) plants across all thermal power plants.
- 2) Commissioning of Oil & Gas pipelines (around 15000 km) across the country.
- 3) Implementation of various hydrocarbon projects under India Hydrocarbon Mission 2030.

The demand for these batteries will be further energised by the Government's aggressive targets for rail electrification across the Indian Railways network and various ongoing and upcoming (both new and expansion) metro rail projects.

HOW THE OVERALL BUSINESS WILL EVOLVE

The fruits of our transformation journey have only started to show. Our high-value business segments, namely Electronics and Defence, where we enjoy an oligopolistic position, have come under the spotlight as our products and solutions secure approvals from user sectors. These segments should emerge as essential growth levers over the coming years. Our high-value products will continue to drive profitable business growth in the battery segment.

PROSPECTS FOR FY24

We started the current year with a healthy open order book for all our business segments, which is heartening. We will deploy our energy and resources to grow the business and widen our horizons.

We will also work on optimising costs and improving productivity that will enable us deliver faster.

We look forward to inking this narrative once again next year with an even better performance and further exciting prospects.

ACKNOWLEDGMENT

It is our privilege to pursue our passion for creating a better world by integrating our capabilities. We will focus on long-term growth, the ultimate measure to generate value. To achieve this, we will invest in strengthening our competitive advantages, be disciplined in capital allocation, and stay diligent in our pursuit of efficiencies.

We extend our gratitude to every team member for their relentless efforts in uplifting the organisation.

We would also like to thank all our stakeholders, Board, Bankers, and Government authorities for our support and assistance throughout our journey.

We solicit your continued cooperation.

Warm regards
The Management Team

MANAGEMENT DISCUSSION & ANALYSIS

THE HBL STORY

- Most technical startups are based on the promoter's prior work experience or a technical collaboration. In HBL's case it was neither. The promoter had not worked in any industry and there was no collaboration. His background in management of R&D led to his conviction that India has enough talent for developing appropriate technology for many products
- The idea was to create a manufacturing business by investing on, and managing R&D in India, with the focus on engineering intensive products to sell, B2G and B2B. The first product chosen, in 1977 happened to be batteries for aircraft of the Indian Air Force. Technology was then also developed for a number of types of specialized batteries for defense and industry; this work continues even today. But HBL never saw itself as only a "battery business"
- After 2002, technology development was begun in the Industrial Electronics and Railway Signalling domains. Development of the "Kavach" Train Collision Avoidance System was begun in 2007 and demonstrated on the tracks on 27 October 2012.

Kavach became a commercial business only in 2022

BUSINESS MODEL & PORTFOLIO

● The product range of HBL puzzles all those who become aware of it. However, this range is the result of a logical business model which was consistently applied. A single product is too big a risk. So, a portfolio was developed with related products (in both technology and market extensions)

- Product market choice was, and is, based on these criteria:
 - Enter only Niche markets, which are (at that time) too small for big companies and too difficult for small companies

- Avoid capital intensive products and B2C businesses. Search for Engineering Intensive businesses to invest
- Technology should be the basis of sustained competitive advantage; avoid products where technology is easily available
- Develop the technology needed, appropriate to the size of the Indian market, by R&D in-house
- The goal is to be #1 or #2 in a market of reasonable size; or #3 in a large market. If this is not possible, do not enter, or exit

- This business model has proved to be successful; HBL's market position in India is #1 or #2 in all its products, except telecom tower batteries where it initially was #2, then #1, and currently #3
- The business model is scalable; opportunities are constantly emerging, simply because India has a long way to go in industrial product manufacturing. In fact, HBL's business model should be easier to sustain profitable growth, than conventional business models, where competition will be difficult to cope with

FINANCIAL OVERVIEW

● Much of the R&D cost has been expensed. This is one reason why the profitability has been low in the past, and why it will be higher in future. Physical infrastructure, human resources and infrastructure already in place to support rapid growth for the next three years

- For the next few years, R&D expenditure would be lower than in the last ten years, and working capital needs would increase
- Credit Rating by CARE Edge: Long Term A (Positive); Short Term A1

- All bank obligations have been met since inception without any rescheduling
- Dividends have been paid for twenty years without a break. Policy is to increase dividend every year

1 BUSINESS SEGMENT
INDUSTRIAL BATTERIES

HBL's battery division is its primary revenue earner and growth driver contributing about 70% to the Company's topline. The Company's expertise in deploying diverse technologies to develop batteries suited for multiple applications differentiates it from others in the battery business.

While the lead-acid and Nickel Cadmium batteries (meant for stationary and rolling stock applications) are the major contributors to the division's prominence, the Company also develops batteries using other niche technologies. The division's batteries basket comprises a wide range of

industrial batteries that cater to a wide array of user sectors, namely Telecom, UPS, Railways, Solar, Oil & Gas and Power sectors.

FY23 was a good year for the battery division as it recorded a 22% topline growth in revenue.

LEAD-ACID BATTERIES

HBL is one of the prominent suppliers of batteries to the telecom sector. In recent years adversities in the telecom segment and heightened competition have dulled the business space. HBL has judiciously chosen to participate in profitable opportunities arising in this space.

In FY23, the telecom business registered stellar growth driven by strong demand from the telecom sector due to 5G rollouts.

The Company also secured a large order from BSNL for use in their tower network after a considerable period of time. Moreover, demand from other private telecom companies remained strong. The strong demand from the telecom sector continues in the current year.

HBL received sizeable orders for the supply of 2V VRLA batteries for the Indian Army Data Center under the NFS project.

During the year, HBL also commenced supplies of 12V-VRLA batteries to small cell sites (low-powered cellular radio access nodes). The Company increased the sale volume of its 12V VRLA (UPS battery), which improved its share of business with UPS OEMs and doubled business through the channels. In addition, the Company executed large orders for the supply of 12V-VRLA batteries for Wi-Fi connectivity network as a part of the Bharat Net project. The untiring efforts of the entire team resulted in a very satisfying growth of about 22% in FY23.

NICKEL CADMIUM BATTERIES

HBL witnessed the highest-ever Nickel Cadmium Pocket Plate (NCP) sales in FY23, backed by higher demand, product preference, market penetration efforts and adequate supply-related resource deployment.

The Company clocked a 30%+ growth in the domestic business. While it registered the highest revenue in the domestic market, the export business remained stable throughout the year. Despite volatile metal prices (Nickel and Lithium Hydroxide), HBL earned decent margins backed by scale, efforts to partially pass on the cost burden to the customers and efficiencies.

The Company witnessed strong demand from Oil & Gas and Railways (Indian Railway and Metro Rail) sectors - Oil & Gas pipeline projects, Indian Railways electrification efforts and Metro Rail projects. HBL bagged its single largest order for Ni-Cd batteries from IGGL (Indradhanush Gas Grid Limited) pipeline project in the Northeast, which is under execution. Additionally, it successfully converted lead acid battery demand to NCP batteries in several Power sector and Metro Rail applications.

On the export front, HBL secured healthy orders to supply its Nickel Cadmium Fibre Plate (NCFP) batteries for railway applications for customers in the US and Canada.

HBL started the current year (FY24) with a good order book position which augurs higher business volumes in the domestic market and exports.

The Company is working to position its NCFP batteries as a reliable and cost-effective solution for rail rolling stock application. Additionally, HBL is putting in concerted efforts to position NCP batteries as the preferred option in Indian Metros backed by performance referrals from outside India.

In the export market for NCP batteries, HBL is working towards enhancing its share of business with various OEMs while expanding its reach and deepening its engagement with end users and EPC(s).

PURE LEAD THIN PLATE BATTERIES (PLT)

The Company's PLT batteries gained considerable ground as the Company successfully positioned PLT batteries as the most suitable one for Data Centre applications aided by its high-rate discharge capability, attractive total cost of ownership, reliable performance & safety. It completed 84 MW of installations during the year. Recently, the Company concluded a rate contract with a large data center entity to supply PLT batteries over the next 30 months.

The Company worked closely with key consultants in the Data Center space for incorporating PLT batteries as the preferred source for power back-up. HBL added several new customers in the Data Center space, which has widened its opportunities.

HBL received the approvals from the Indian Army for the deployment of its PLT batteries in battle tanks and heavy trucks to address challenges faced in high-temperature and very low-temperature regions of the

country. This was the highlight of the year. Also, Defence Research & Development Laboratory (DRDL) approved the Company's PLT batteries for application in Akash and other missile launchers as a reliable power backup.

Further, demand for HBL's PLT batteries for battle tank applications continued to grow in Middle East and South-East Asian countries.

MEDIUM-TERM OPPORTUNITIES

India opportunity: The Indian Lead acid battery is expected to register a CAGR of more than 9% during 2023-28. COVID-19 moderately impacted the market size in 2020, and currently, the market has reached pre-pandemic levels. The growing demand from telecommunication

and data centres coupled with the increasing applications in industries such as railways are expected to drive business volumes during the forecast period. Meanwhile, alternate technologies, mainly lithium-ion, are expected to make in-roads into the market, and the progress will be gradual.

Alongside new chemistries, new advancements in lead-acid are expected to create increased opportunities for the lead-acid battery market.

Telecom: The rollout of the fifth-generation (5G) telecom service in India, which started in October 2022, has been the fastest in the world, with the rollout of 2.70 lakh 5G sites

within nine months. The sector is expected to add another 4.5 Lakh towers to improve latency and quality of 5G coverage. Moreover, a 5G site consumes significantly more power

than a 4G site, and hence connected battery capacity will be higher for a given backup requirement. As a result, replacement demand is expected to remain robust over the coming years.

UPS & Data Centres: The increasing adoption of cloud computing, the growth of big data, the rise of the Internet of Things (IoT), and the proliferation of smart mobile devices & 5G services have contributed to the increasing demand for data centres.

By 2025 India's data centre capacity will have doubled to 1,700 -1,800 MW, as predicted by CRISIL. Over the long term, India is expected to augment additional data centre capacity of over 4,000 MW in the next five to six years. The domestic UPS battery market is very large and growing consistently.

HBL's current share is meagre, which offers a significant opportunity for the Company over the coming years. HBL will approach this business segment with calibrated investment around capacity and channel building. It aspires to be a reliable third player in this segment.

Railways: The ubiquitous Metro trains running along the landscape of Indian cities are steadily emerging as one of the best solutions for urban transportation. A "metro revolution" is happening in the country, with the number of cities having a transport network rising to twenty from five in 2014.

And the number is rising even faster, with the Centre generously funding metro projects in metros and Tier 1 cities.

Bharat Express. The Government envisions providing comfortable, affordable and safe commute opportunities to all.

Further, a revolution in the Indian Railways segment will be witnessed with the launch of 'Vande Metro' by the end of 2023, which will run over short distances, along with the Vande

The Railways have planned to fully electrify its network, opening an array of opportunities for NCPP & NCFP batteries.

Oil & Gas pipelines: India is among the top five developers of oil pipelines, which are under construction and proposed, according to an analysis by Global Energy Monitor, a non-profit that tracks energy projects. Their analysis highlighted that the country is constructing 1,630 km long oil transmission pipelines, ranking second globally in the pipelines under

construction category. With 1,194 km long proposed pipelines, India secured the 10th spot in the global pecking order.

pipeline is operational and close to 12,995 km of the gas pipeline is under construction as of December 2022. The country aims to increase the pipeline coverage by ~54% to 34,500 km by 2024-25 and to connect all the states with the trunk natural gas pipeline network by 2027.

Gas Pipeline infrastructure is an economical and safe mode of transporting natural gas from its source to the consuming markets. In India, about 22,335 km of natural gas

Flue Gas Desulphurisation (FGD): The FGD technology eliminates sulphur dioxide from exhaust flue gases of fossil-fuel power plants. The Ni-Cd battery is preferred in this system to provide backup power and

UPS control. While India had initially set a deadline of 2017 for installing FGD units in all thermal power plants located near a million plus population, it was extended up to 2022 and further extended to 2025 owing to

numerous challenges faced by power generating companies. It promises healthy demand for Ni-Cd batteries over the coming years.

HBL'S FOCUS AREAS

- Capitalize on emerging demands to scale up operations across product lines
- Re-align NCPP manufacturing capacity to support pent-up demand in domestic markets
- Build capacity to support the increasing demand for 12V UPS batteries
- Scale up exports of NCPP & NCFP products
- Widen application spectrum for PLT batteries and enhance exports
- Continue to improve manufacturing infrastructure, process automation and efficiencies
- Leverage gains arising from ongoing lean manufacturing efforts
- Create awareness among customers to safely dispose of used batteries and enhance collection

BUSINESS SEGMENT

DEFENCE & AVIATION BATTERIES

WITH the advent of new-age sophisticated automated weapons, and electronic warfare where even mechanical devices are using electronic sensors, it is crucial for any defence establishment to invest in a reliable energy storage system.

Over the years, the Company has made considerable headway in creating a vast array of specialised batteries for diverse critical applications such as submarines, torpedoes, battle tanks, missiles, fuses, fighter aircraft, etc. In doing so, HBL is consistently making a defining contribution to Atmanirbhar Bharat's defence capabilities.

The Company deploys niche technologies and chemistries to manufacture batteries for diverse applications. It has compartmentalised its operations according to these technologies for efficient business management.

NICKEL CADMIUM SINTERED PLATE BATTERIES

HBL has a long history of making specialised batteries. About three decades ago, it initiated its operations by developing aircraft batteries.

Currently, HBL's specialised batteries find application in Military & Civil aircraft and helicopters and Unmanned Aerial Vehicles (UAVs). The division caters to the requirement of the entire Indian Airforce covering various makes of aircraft and helicopters.

In FY23, the Company made further inroads into establishing its capabilities with the Indian Defence agencies. It was awarded the Approval of the Firm and its Quality Management Systems certificate by the Ministry of Defence, Government of India, for supplies with self-inspection. This quality mark promises to open new vistas of growth. The Company also received the clearance certificate for its product induction in

PILATUS, P8-I and V5 aircraft. It plans to commence commercial production of the batteries in the current year. During the year, the Company continued to export batteries to Bombardier for use in Global 7500 aircraft and to Israel Aerospace Industries (IAI) for use in UAVs.

CORPORATE OVERVIEW

STATUTORY REPORTS

FINANCIAL STATEMENTS

SILVER BATTERIES

Silver batteries are primarily used by the Indian Navy. HBL is recognised and respected for its indigenous design and development capabilities, making its products extremely reliable despite unfavourable operating conditions.

The Company's product portfolio comprises Primary and Secondary Silver Oxide Zinc batteries, and primary Silver Chloride Magnesium batteries for torpedoes and guided missiles.

More recently, these batteries are gaining wider acceptance beyond the Indian Navy, which should generate steady growth in business volumes.

The Company's performance in FY23 under this segment was muted as its defence customer deferred the offtake of batteries for its torpedo applications.

Notwithstanding this shortcoming, the Company enhanced its plate-making capacity with minimal investment. This strategic initiative will shorten the lead time, thereby supporting higher volumes.

The Company's efforts in developing batteries for Light Weight and Heavy Weight torpedo applications moved closer to completion.

THERMAL BATTERIES

These are lithium-based batteries that are used in explosive applications. These batteries provide the highest capacity per unit of volume with a substantial power density, making them suitable for a wide range of environments.

FY23 was a period of heightened activity as the Company received high demand from Government agencies. HBL successfully developed and delivered batteries for India's strategic missile programs. Upon approval, these should lead to a steady uptick in business over the medium term.

The Company sharpened its focus on lean initiatives; process automation and quality enhancement yielded the desired results.

SUBMARINE BATTERIES

These are customised batteries for vital submarine applications. Over the years, HBL has designed and developed these batteries indigenously and invested in developing manufacturing capabilities for these highly specialised batteries.

Having completed battery supplies for the Kilo Class and Scorpene (Kalvari) Class Indian submarines in the previous year, HBL achieved the type approval process for Type-II batteries meant for use in HDW German (Shishumar) class submarines securing manufacturing clearance.

Further, the development of lithium-ion phosphate batteries for submarine application, as per technology shared by NSTL, is progressing satisfactorily. HBL is confident of completing the obligations under the development order by the end of March 2024.

MEDIUM TERM OPPORTUNITIES

India has one of the largest armed forces and the 3rd largest defence budget in the world. Historically, India imported the majority of its defence needs from advanced nations.

Growing concerns about national security due to territorial disputes with neighbouring countries have necessitated the Government to further strengthen its defence capabilities thus bringing defence indigenisation into the limelight.

The Government's clarion call for an 'Atmanirbhar' Bharat, especially in the defence sector, has provided the much-needed thrust to partner with the private sector to develop in-house capabilities.

Interestingly, the drive has transformed India from an importer of defence equipment to an exporter of defence capabilities. In FY23, defence exports reached an all-time high of approximately ₹16,000 crore, recording a 10-fold increase since 2016-17.

The Ministry of Defence has set an ambitious goal of reaching a turnover of ₹1.75 lakh crore in aerospace and defence manufacturing by 2025, which includes exports of ₹35,000 crore.

Funds worth US\$ 72.2 billion (₹5,93,537.64 crore), which is 13.18% of the total defence budget, have been allocated to the Ministry of Defence (for FY24) to expand the R&D ecosystem and establish indigenous manufacturing infrastructure.

Aiming to ensure transparency, predictability, and ease of doing business in the domestic defence industry, the Government is creating a robust ecosystem and putting in place supportive policies.

The Ministry of Defence has made three comprehensive 'Positive Indigenisation lists' comprising 310 defence equipment to be manufactured domestically. To encourage R&D in Defence & Aerospace ecosystem, government schemes such as iDEX (Innovations for Defence Excellence) and DTIS (Defence Testing Infrastructure Scheme) have come into existence.

3 BUSINESS SEGMENT ELECTRONICS

THIS is rapidly emerging as a growth driver within the organisation, with the promise to enhance its business returns and organisational standing. The company patiently persevered for over a decade, and succeeded in

developing electronic solutions for critical applications. Having received regulatory approvals for some of its electronic solutions, this segment is poised to emerge as an important business and profitability driver over the coming years.

This business segment is organized into two divisions, namely Railway Electronics and Electric Mobility, to ensure a focused effort to grow both segments.

RAILWAY SIGNALING ELECTRONICS

India's extensive railway network is underutilised due to legacy signaling and safety solutions, which have outlived their useful life. Hence, even as the number of trains crisscrossing the Indian landmass increases, the operating ratio of Indian Railways is reported to be very low. Moreover, the number of accidents has increased considerably. Case in point: In 2022-

23, 48 train accidents were reported, including 36 derailments, six collisions, and four fire accidents. This marks a significant increase compared to the previous fiscal year's 34 accidents. The need for contemporary solutions in signaling and train management has become the topmost priority for the Indian Railways.

Mindful of this pressing need, HBL developed electronic solutions for both issues. Its TCAS (Train Collision Avoidance System), called as Kavach by Indian Railways, addresses the safety issue, and TMS (Train Management System) is designed for efficient track utilisation.

TCAS: Having successfully deployed its TCAS solution in some sections of the massive Indian Railway network, TCAS is now being sought after by multiple zones of the Indian Railways. In FY23, the Company received a sizeable volume of orders for its TCAS solution.

HBL as the lead member of a consortium with Siemens, signed the first contract under the Government's Mission Raftar project with the Eastern Railway to deploy its TCAS solution over 260 km of track and

120 locomotives from Howrah to Pradhankhanta. As a lead member of the consortium with Shivakriti International, HBL also received two contracts from West Central Railway and Western Railway for deploying Kavach over 547 km and 96 km respectively. The WCR project also involves Installation of Kavach on 87 locomotives. Further, the Company has also received an order from Ashoka Buildcon for supplying Kavach systems for installation in East Central Railway over 417 km and 60 locomotives.

The Company also received an order from Integral Coach Factory to install TCAS solutions in the prestigious Vande Bharat train sets manufactured at their facilities.

These large orders will be completed in the next 18-24 months.

HBL has significantly revamped and expanded its electronics systems manufacturing capacity. The Company has adopted a Lean Manufacturing strategy in its manufacturing operations, including Electronics, to improve man-machine productivity. These efforts would go a long way in efficiently and profitably delivering its solutions within the committed time.

HBL is prepared well to execute the current and upcoming Kavach projects, with its enhanced modern and automatic production facilities and expanded capabilities in engineering and construction.

TMS: One of the bottle-necks in operation of trains on the Indian Railways network is congestion on the available track Infrastructure. Legacy systems for signaling and operations management are not able to keep pace with the need for running more trains. This, together with delays in running of trains, affects the country's economic progress. Addressing this problem has become a compelling need for Indian Railways.

HBL's Train Management System (TMS), together with automatic signaling, addresses this problem squarely and facilitates better train management and seamless train movement.

A TMS is a central control centre, from where the operations of running trains in a large section of the railway network can be controlled centrally, avoiding delays in signaling. TMS, with its centralised traffic control capability

and faster emergency response time, increases track capacity utilization. The Company had deployed this solution in the Eastern Dedicated Freight Corridor. TMS installation in the Sealdah Division of Eastern Railway is in progress and will be completed in the current year.

HBL is the only approved and proven Indian Company for TMS

DEFENCE ELECTRONICS - ELECTRONIC FUZES FOR AMMUNITION

- Electronic Fuzes are essential for reliability and safety. HBL is the only Indian supplier for the Electronic Fuzes, and can also supply to other firms making the rest of the grenades

- Grenades fuzes made by HBL have been approved by the Ministry of Home Affairs for use by the paramilitary forces under a "Development cum Production Partner" contract with ARDE/ DRDO. Sales to MHA are expected to begin FY 24 and increase rapidly

- Approval of the Army for their needs of Grenades is expected during FY 24
- HBL has facilities and licenses for handling explosive materials

INDUSTRIAL ELECTRONICS

The Company has developed Electric Drive Train (EDT) kits for retrofitting light commercial vehicles and passenger buses. HBL has secured approval from ICAT for one rating; the rest will be offered for testing by ICAT.

During the year, the Company conducted road trials of its EDT solution on a 7.5T truck. The trials demonstrated encouraging results with our solution's performance and energy efficiency. This reinforced the Company's belief that the solution is commercially viable without financial subsidy by the Government for commercial truck operators. The team continues to develop solutions for larger trucks.

MEDIUM-TERM OPPORTUNITIES

As India scales its vision of Atmanirbhar Bharat, the Union Budget 2022-23 has earmarked funds for speedy implementation of the Kavach System on a 2,000 km track and sanctioned implementation on 34,000 track of Golden Diagonal & Golden Quadrilateral rail route, which will be accomplished by 2027-28.

In the Union Budget 2023-24, an allocation of ₹2.40 lakh crore has been provided to the railway sector for accelerating the growth of the Indian Railways by improving infrastructure and introducing high-speed trains, which would call for increased Kavach deployment. The Railway minister informed that tenders

will soon be awarded to install the Kavach system across various railway zones in Jharkhand, West Bengal, Uttar Pradesh, Delhi, Bihar, Haryana, Rajasthan, Madhya Pradesh, Gujarat and Maharashtra.

Indian Railways has so far deployed Kavach on 1465 route km (RKM) and 121 locomotives including electric multiple unit rakes in South Central Railway, in the States of Telangana (684 RKM, Andhra Pradesh (66 RKM), Karnataka (117 RKM) and Maharashtra (598 RKM)

HUMAN RESOURCES

FOR HBL, its team is an invaluable resource that drives its zeal for technology innovation and accelerates its growth. Their spirit and passion for excellence is the critical differentiator behind the Company's success.

The HBL team comprises of 1,700+ members, a majority of whom are engineers specialised in diverse disciplines. The diverse team that brings in varied expertise, experiences and perspectives,

enriching the organisation. Some common attributes of its members are deep knowledge base, expertise and diverse experience.

HBL's people development practices help strengthen the capabilities of our people to contribute to its growth. The Company believes in nurturing new talents, up-skilling its team and inculcating a culture of self-learning to allow them to broaden their professional horizon.

Besides being scientifically advanced and rich in technological developments the Company maintains a safe, healthy and friendly work environment that is conducive to mutual bonding and building team spirit that aids the personal growth of the team members which eventually reflects in their work.

QUALITY MANAGEMENT

QUALITY has been our forte. Ensuring quality is critical for maintaining daily operations of industries such as defense, and railways, among others, that need reliable and uninterrupted power supply for long-term success.

At HBL, we are passionate about quality and this passion has been crucial in establishing us as a forerunner in the industry. Our uncompromising quality practices in both battery solutions and services

for every critical instrument in this industry that is being reinvented every now and then with the latest technological advancements has been essential for carving out a space for ourselves. Our reputation often precedes us.

Quality infrastructure: The Shamirpet campus, our central test facility, is probably the best proof of our commitment towards quality. Being the only NABL-accredited laboratory

in India (as per ISO 17025) with the facility and capability of testing all the applicable tests of IEC 60623: 2017, IEC 62259: 2003, IEC 60896:2004 and

IEC 61427:2013, we additionally test our products outside with our third-party partner agencies like Dekra India Limited and Intertek EU periodically.

Process approval: Several highly substantial global approvals including ISO 9001-2015, ISO14001-2015, ISO

45001-2018, and ISO 22163-2017 - IRIS- Rev 3 (Railway business) and AS 9100D (Aviation, Space and Defence

Organisations) have been received by the business processes of the Company.

Global tools: Several globally acknowledged quality management tools like Quality Circles, 5S and Six Sigma is used by the Company. With training and active participation from our team members, these tools help

the Company identify the problem areas in our quality management procedures and solve them directly on a regular basis. Our team members are consistently utilising these tools to locate and resolve problems in our

quality management procedures. The Company further seeks the support of consultants to embed lean practices in all business segments.

Approval by global aviation giants: We are an FAA (Federal Aviation Administration), USA-approved supplier of onboard nickel-cadmium

batteries for Boeing aircraft. We are also an approved OEM supplier of comparable batteries for the aircraft

manufactured by IAI (Israel Aerospace Industries), and Bombardier.

Other stringent clients: Being an approved supplier to the Indian Defence establishment and Indian Railways, the quality protocols of our

products are pretty strict. Data Center customers are also one of our key audiences where quality is of utmost importance. Delivering high quality

products to these corporate giants, we are hopeful that all our segments will experience an uptick in orders in the near future.

HBL'S FOCUS AREAS

- HBL was the first company in India to receive the coveted IRIS conformity assessment certification in 2009. This certification aims at ensuring consistency in the quality and meticulous audits throughout the sector
- HBL is also the first company in India to be endowed with the esteemed Silver level certification (upgraded from the previous Bronze level) from International Railway Industry Standard (IRIS). This high-quality performance level means that the companies get to foreground their commitment to quality which in turn makes the sector more competitive thus benefitting the entire supply chain

INTERNAL CONTROL AND ITS ADEQUACY

HBL maintains a system of well-established practices and procedures for effective internal control of operations and other allied activities.

The internal audit function is strengthened, from time to time, in consultation with statutory auditors and the Audit Committee for monitoring compliances and operational aspects. The Company has appointed an independent agency as internal auditors. The prime objective of this audit is to test the adequacy and effectiveness of all internal control systems and suggest improvements.

The Company is diligent in adhering to various QMS standards and standard operating practices in its manufacturing and operating activities.

HEALTH, SAFETY & ENVIRONMENT

- HBL was conferred with the prestigious "Outstanding Contribution Award" for conserving Greenery in the unit of the Vishakhapatnam SEZ Authorities on the occasion of the 32nd 'Zone Formation Day Celebrations
- HBL was also nominated and issued an appreciation certificate for adopting best practices in environmental protection by the Telangana State Pollution Control Board on the eve of "75 Years of Azadi Ka Amrit Mahotsav"

Health: As a progressive and forward-thinking organisation, HBL prioritises the overall health of all its team members above everything else. To identify and resolve the health issues of all the team members, regular health check-ups are performed by a group of medical professionals.

Safety: Along with health, workplace safety is of paramount importance to the Company. HBL ensures that all team members work in a safe environment, irrespective of their position. We encourage the team members to adopt safe practices, use safety equipment, and participate in periodic safety drills. Case in point, we are already an ISO 45001:2008 certified company.

Environment: HBL prioritises sustainability and conservation in its business model. While we work to reduce our carbon footprint, we also support green initiatives through different community initiatives.

Regarding our production processes, we don't think linearly but cyclically. As a manufacturing company and an environmentally conscious entity, we practice the well-regarded 3R approach – reduce, reuse, and recycle in all our facilities. All our production facilities have maintained a zero-liquid discharge status for the last two decades. HBL supports afforestation in all the vacant lands surrounding the facilities. Moreover, the Company also encourages its vendors to adopt the Environment and Social Responsibility Code of Conduct.

CORPORATE SOCIAL RESPONSIBILITY

As we identify ourselves as a socially conscious and socially accountable business venture, we always strive for all stakeholders' inclusive growth and development. This includes the people surrounding our operational units or the general public at the regional and national levels. In short, we are committed to the overall upliftment of the communities that we belong to. However, the core thematic areas that remain the focus of our CSR philosophy are education, healthcare, sanitation, drinking water, and the community's overall well-being.

Healthcare: Child health is foundational to adult health and well-being. When children's health is nurtured and supported, it sets the stage for healthy adulthood. But children cannot achieve their optimal health alone. They depend on the adults in their families and the community to provide them with an environment where they can learn and grow successfully. We aim to make that dependence more secure.

Align with this philosophy; HBL supports over 100 Anganwadi centres that work for children between the ages of 3-6. During the year, the Company continued to identify and develop Anganwadi centres. Thumkunta factory location, near Hyderabad has been focused among others, during the reporting year by providing necessary resources and utilities needed for training and education of the children. The Company also considering certain requests received from the villages for CSR support.

Education: Education broadens the mind of young children and prepares them to face life's challenges with courage and optimism. It helps instil values, knowledge, intelligence, and confidence. But not all children can benefit from education primarily because of their financial backgrounds, and it is more challenging for the young girl child. Because, in a financially weak situation worsened by patriarchal prejudices, a girl child's education is sacrificed much more often than a boy. HBL actively works in this sphere to remove those obstacles so that a girl from a less privileged background can go to school and continue her studies. The Company runs several scholarship programs to support the cause. The Company also supports and encourages girl students in their aim for higher education. Moreover, the Company supports pre-primary and primary education by providing innovative learning aids, and digital education kits as

reinforcements towards creating a happy learning environment for the children. The Company also organises competitions and annual day celebrations to showcase the talents of young children.

Sanitation: Sanitation is an essential element in environmental sustainability. To maintain a clean neighbourhood, the Company organises regular community sanitation programs involving local communities where concepts like cleanliness, hygiene, and sanitation are discussed and stressed, creating awareness both at an individual and a community level.

Well-being: HBL partners with prominent NGOs like Akshaya Patra Foundation, Anuraag, NICE (Needy Illiterate Children Education), and Jyothi Ashram (an orphan home) and works for the upliftment of underprivileged children and kids with special needs.

Notes:

1. Pursuant to the General Circular No. 10/2022 dated December 28, 2022, issued by the Ministry of Corporate Affairs (MCA) and Circular SEBI/HO/CFD/PoD-2/P/CIR/2023/4 dated January 5, 2023 issued by SEBI (hereinafter collectively referred to as "the Circulars"), companies are allowed to hold AGM through VC, without the physical presence of members at a common venue. Hence, in compliance with the Circulars, the AGM of the Company is being held through VC.
2. The relative Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ("Act") setting out material facts concerning the business under Item Nos. 5 to 9 of the notice, is annexed. The relevant details, pursuant to Regulations 26(4) and 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") and Secretarial Standard on General Meetings issued by the Institute of Company Secretaries of India, in respect of Directors seeking appointment/re-appointment at this Annual General Meeting ("AGM") are also annexed.
3. A member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his / her behalf and the proxy need not be a member of the Company. Since the AGM is being held in accordance with the Circulars through VC, the facility for the appointment of proxies by the members will not be available.
4. Participation of members through VC will be reckoned for the purpose of quorum for the AGM as per Section 103 of the Act.
5. Institutional / Corporate Shareholders (i.e. other than individuals / HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body resolution/authorization etc., authorizing its representative to attend the AGM through VC / OAVM on its behalf and to vote through remote e-voting. The said resolution/authorization shall be sent to the Scrutinizer by email through its registered email address to cs.gvinay@gmail.com with a copy marked to einward.ris@kfintech.com and investor@hbl.in.
6. Members whose shareholding is in electronic mode are requested to notify any change in address or bank account details to their respective depository participant(s) (DP). Members whose shareholding is in physical mode are requested to opt for the Electronic Clearing System (ECS) mode to receive dividend on time in line with the Circulars. We urge members to utilize the ECS for receiving dividends. Please refer to point no. 17 for the process to be followed for updating bank account details.
7. Members may note that the Board, at its meeting held on May 25, 2023, has recommended a final dividend of ₹ 0.45 per share and in this regard, the Register of Members and Share transfer books of the Company shall remain closed from Saturday, September 16, 2023 to Thursday, September 28, 2023 (both days inclusive). The record date for the purpose

of final dividend, if approved by the members, is Friday, September 15, 2023. The final dividend, once approved by the members in the ensuing AGM, will be paid within the statutory period, electronically through various online transfer modes to those members who have updated their bank account details. For members who have not updated their bank account details, dividend warrants / demand drafts will be sent to their registered addresses only. To avoid delay in receiving dividend, members are requested to update their KYC with their depositories (where shares are held in dematerialized mode) and with the Company's Registrar and Transfer Agent (RTA) (where shares are held in physical mode) to receive the dividend directly into their bank account on the payout date.

8. Members may note that the Income-tax Act, 1961, ("the IT Act") as amended by the Finance Act, 2020, mandates that dividend paid or distributed by a company on or after April 1, 2020 shall be taxable in the hands of members. The Company shall therefore be required to deduct tax at source (TDS) at the time of making the payment of final dividend. To enable us to determine the appropriate TDS rate as applicable, members are requested to submit relevant documents, as specified in the below paragraphs, in accordance with the provisions of the IT Act.

For resident shareholders, taxes shall be deducted at source under Section 194 of the IT Act as follows:

Members having valid Permanent Account Number	10%* or as notified by the Government of India (GOI)
Members not having PAN / valid PAN	20% or as notified by the GOI

*As per the Finance Act, 2021, Section 206AB has been inserted effective July 1, 2021, wherein the higher rate of tax (twice the specified rate) would be applicable on payment made to a shareholder who is classified as 'Specified Person' as defined under section 206AB of the Finance Act, 2021.

*As per section 139AA of the IT Act, every person who has been allotted a PAN and who is eligible to obtain Aadhaar, shall be required to link the PAN with Aadhaar. In case of failure to comply with this, the PAN allotted shall be deemed to be invalid / inoperative and he shall be liable to all consequences under the IT Act and tax shall be deducted at the higher rates as prescribed under the IT Act.

However, no tax shall be deducted on the dividend payable to resident individual shareholders if the total dividend to be received by them during financial year 2023-24 does not exceed ₹5,000, and also in cases where members provide Form 15G / Form 15H (Form 15H is applicable to resident individual shareholders aged 60 years or more) subject to conditions specified in the IT Act. Resident shareholders may also submit any other document as prescribed under the IT Act to claim a lower / nil withholding of tax. PAN is

mandatory for members providing Form 15G / 15H or any other document as mentioned above.

For non-resident shareholders, taxes are required to be withheld in accordance with the provisions of Section 195 and other applicable sections of the IT Act, at the rates in force. The withholding tax shall be at the rate of 20%** (plus applicable surcharge and cess) or as notified by the GOI on the amount of dividend payable. However, as per Section 90 of the IT Act, non-resident shareholders have the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA), read with Multilateral Instrument (MLI) between India and the country of tax residence of the shareholders, if they are more beneficial to them. For this purpose, i.e. to avail the benefits under the DTAA read with MLI, non-resident shareholders will have to provide the following:

- Copy of the PAN card allotted by the Indian income tax authorities duly attested by the shareholders or details as prescribed under rule 37BC of the Income-tax Rules, 1962
- Copy of the Tax Residency Certificate for financial year 2023-24 obtained from the revenue or tax authorities of the country of tax residence, duly attested by shareholders
- Electronic Form 10F as per notification no.03/2022 dated July 16, 2022 issued by the Central Board of Direct Tax [Notification can be read under notification-no-3-2022-systems.pdf (incometaxindia.gov.in)]. Form 10F can be obtained electronically through the e-filing portal of the income tax website at <https://www.incometax.gov.in/iec/foportal>
- Self-declaration by the shareholders of having no permanent establishment in India in accordance with the applicable tax treaty
- Self-declaration of beneficial ownership by the non-resident shareholder
- Any other documents as prescribed under the IT Act for lower withholding of taxes, if applicable, duly attested by the shareholders

In case of Foreign Institutional Investors (FII) / Foreign Portfolio Investors (FPI), tax will be deducted under Section 196D of the IT Act at the rate of 20%** (plus applicable surcharge and cess) or the rate provided in relevant DTAA, read with MLI, whichever is more beneficial, subject to the submission of the above documents, if applicable.

** As per the Finance Act, 2021, Section 206AB has been inserted effective July 1, 2021, wherein the higher rate of tax (twice the specified rate) would be applicable on payment made to a shareholder who is classified as 'Specified Person' as defined under the provisions of the aforesaid Section. However, in case of a non-resident shareholder or a

non-resident FPI / FII, the higher rate of tax as mentioned in section 206AB shall not apply if such non-resident does not have a permanent establishment in India.

The aforementioned documents are required to be sent to investor@hbl.in and einward.ris@kfintech.com by 11:59 p.m. IST on Friday, September 15, 2023. No communication would be accepted from members from September 16, 2023, regarding tax-withholding matters.

TDS certificates in respect of tax deducted, if any, can be subsequently downloaded from the shareholder's portal. Shareholders can also check their tax credit in Form 26AS from the e-filing account at <https://www.incometax.gov.in/iec/foportal> or "View Your Tax Credit" on <https://www.tdscpc.gov.in>.

9. Members are requested to address all correspondence, including dividend-related matters, to RTA, KFin Technologies Limited, Unit: HBL Power Systems Limited, Selenium Tower B, Plot 31-32, Financial District, Nanakramguda, Serilingampally Mandal, Hyderabad-500 032, Telangana.
10. Members wishing to claim dividends that remain unclaimed are requested to correspond with the RTA as mentioned above, or with the Company Secretary, at the Company's registered office or at investor@hbl.in. Members are requested to note that dividends that are not claimed within seven years from the date of transfer to the Company's Unpaid Dividend Account will be transferred to the Investor Education and Protection Fund (IEPF). Shares on which dividend remains unclaimed for seven consecutive years shall also be transferred to the IEPF as per Section 124 of the Act, read with applicable IEPF rules.
11. In compliance with Section 108 of the Act, read with the corresponding rules, Regulation 44 of the LODR Regulations and in terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020, the Company has provided a facility to its members to exercise their votes electronically through the electronic voting (e-voting) facility provided by KFin Technologies Limited to vote on all the resolutions set forth in this notice. Members who have cast their votes by remote e-voting prior to the AGM may participate in the AGM but shall not be entitled to cast their votes again. The manner of voting remotely by members holding shares in dematerialized mode, physical mode and for members who have not registered their email addresses is provided in the 'Instructions for e-voting' section which forms part of this Notice. The Board has appointed Mr. Vinay Babu Gade (Membership No. ACS 20592) (CP No. 20707) Practicing Company Secretary, as the scrutinizer ("Scrutinizer") for conducting the e-voting process in a fair and transparent manner.
12. The Scrutinizer will submit his report to the Chairman of the Company ("the Chairman") or to any other person authorized

- by the Chairman after the completion of the scrutiny of the e-voting (votes cast during the AGM and votes cast through remote e-voting), not later than 48 hours from the conclusion of the AGM. The result declared along with the Scrutinizer's report shall be communicated to the stock exchanges and will also be displayed on the Company's website, www.hbl.in.
13. Members holding share either in physical or dematerialized form, as on cut-off date, i.e. Friday, September 15, 2023, may cast their votes electronically. The e-voting period commences on Monday, September 25, 2023 at 9:00 a.m. IST and ends on Wednesday, September 27, 2023 at 5:00 p.m. IST. The e-voting module will be disabled by Kifn Technologies Limited thereafter. Members will not be allowed to vote again on any resolution on which vote has already been cast. The voting rights of members shall be proportionate to their share of the paid-up equity share capital of the Company as on the cut-off date, i.e. Friday, September 15, 2023. A person who is not a member as on the cut-off date is requested to treat this Notice for information purposes only.
 14. The facility for voting during the AGM will also be made available. Members present in the AGM through VC and who have not cast their vote on the resolutions through remote e-voting period mentioned above or is otherwise not barred from doing so, shall be eligible to vote through the e-voting system during the AGM.
 15. Any person holding shares in physical form, and non-individual shareholders who acquire shares of the Company and become members of the Company after the Notice is sent and holding shares as of the cut-off date, i.e. Friday, September 15, 2023, may follow steps mentioned in the Notice under 'Instructions for e-voting'.
 16. In compliance with the Circulars, the Annual Report 2022-23, the Notice of the 37th AGM, and instructions for e-voting are being sent through electronic mode to those members whose email addresses are registered with the Company / depository participant(s) (DP). Members may also note that the Notice of the 37th GM and the Annual Report 2022-23 will also be available on the Company's website, <https://hbl.in/Investors-Details.php>, websites of the stock exchanges, i.e. BSE and NSE, at www.bseindia.com and www.nseindia.com, respectively.
 17. We urge members to support our commitment to environmental protection by choosing to receive the Company's communication through email. Members holding shares in demat mode, who have not registered their email addresses are requested to register their email addresses with their respective DP, and members holding shares in physical mode are requested to update their email addresses with the Company's RTA, KFin Technologies Limited at einward.ris@kfinetech.com, to receive copies of the Annual Report 2022-23 in electronic mode. 18. Additional information, pursuant to Regulation 36 of the LODR Regulations, in respect of the directors seeking appointment / reappointment at the AGM, forms part of this Notice.
19. SEBI has mandated the submission of PAN, KYC details and nomination by holders of physical securities by October 1, 2023 vide its circular dated March 16, 2023. Shareholders are requested to submit their PAN, KYC and nomination details to the Company's RTA, KFin Technologies Limited, at einward.ris@kfinetech.com. Members holding shares in electronic form are, therefore, requested to submit their PAN to their DP. In case a holder of physical securities fails to furnish PAN and KYC details before October 1, 2023 in accordance with the SEBI circular dated March 16, 2023, RTA is obligated to freeze such folios. The securities in the frozen folios shall be eligible to

receive payments (including dividend) and lodge grievances only after furnishing the complete documents. If the securities continue to remain frozen as on December 31, 2025, the RTA / the Company shall refer such securities to the administering authority under the Benami Transactions (Prohibitions) Act, 1988, and / or the Prevention of Money Laundering Act, 2002.

20. As per Section 72 of the Act, the facility for submitting nomination is available for members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form SH-13. Members are requested to submit these details to their DP in case the shares are held by them in electronic form, and to the RTA, in case the shares are held in physical form.

21. Since the AGM will be held through VC in accordance with the Circulars, the route map, proxy form and attendance slip are not attached to this Notice.

The new password shall comprise of minimum 8 characters with at least one upper case (A- Z), one lower case (a-z), one numeric value (0-9) and a special character (@, #, \$, etc.,). The system will prompt you to change your password and update your contact details like mobile number, email ID etc. on first login. You may also enter a secret question and answer of your choice to retrieve your password in case you forget it. It is strongly recommended that you do not share your password with any other person and that you take utmost care to keep your password confidential.

- v. You need to login again with the new credentials.
- vi. On successful login, the system will prompt you to select the "EVEN" i.e., 'HBL Power Systems Limited - AGM' and click on "Submit"
- vii. On the voting page, enter the number of shares (which represents the number of votes) as on the Cut-off Date under "FOR/AGAINST" or alternatively, you may partially enter any number in "FOR" and partially "AGAINST" but the total number in "FOR/AGAINST" taken together shall not exceed your total shareholding as mentioned herein above. You may also choose the option ABSTAIN. If the Member does not indicate either "FOR" or "AGAINST" it will be treated as "ABSTAIN" and the shares held will not be counted under either head.
- viii. Members holding multiple folios/demat accounts shall choose the voting process separately for each folio/demat accounts.
- ix. Voting has to be done for each item of the notice separately. In case you do not desire to cast your vote on any specific item, it will be treated as abstained.
- x. You may then cast your vote by selecting an appropriate option and click on "Submit".
- xi. A confirmation box will be displayed. Click "OK" to confirm else "CANCEL" to modify. Once you have voted on the resolution (s), you will not be allowed to modify your vote. During the voting period, Members can login any number of times till they have voted on the Resolution(s).
- d. Enter your email address and mobile number.
- e. The system will then confirm the email address for receiving this AGM Notice.
- f. After successful submission of the email address, KFintech will email the Annual Report, the Notice of AGM along with the e-voting user ID and password to the shareholders on or before XXXX
- ii. Alternatively, member may send an e-mail request at the email id inward.ris@kfintech.com along with scanned copy of the signed copy of the request letter providing the email address, mobile number, self-attested PAN copy and Client Master copy in case of electronic folio and copy of share certificate in case of physical folio for sending the Annual report, Notice of AGM and the e-voting instructions.
- iii. After receiving the e-voting instructions, please follow all steps above to cast your vote by electronic means.

EXPLANATORY STATEMENT

STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

ITEM NO. 5 - Ratification of Cost Auditor's remuneration for FY 2023-24

As per the provisions of Section 148 of the Act read with the Companies (Cost Records and Audit) Rules, 2014 ("the Rules"), as amended from time to time, the Company is required to have an audit of its cost records conducted by a cost accountant in practice for products covered under the Companies (Cost Records and Audit) Rules, 2014. The Board, based on the recommendation of the Audit Committee, has approved the re-appointment of M/s K. Narashimha Murthy & Co., Cost Accountants, Hyderabad (Firm Registration Number 000042), as the Cost Auditors to conduct the audit of the cost records of the Company, for the financial year ending March 31, 2024, at a remuneration of 10,00,000/- (Rupees Ten Lakhs) plus applicable taxes and reimbursement of reasonable out of pocket expenses.

In accordance with Section 148(3) of the Act, read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors, as recommended by the Audit Committee and approved by the Board of Directors, is required to be ratified by the Members of the Company. Accordingly, the consent of the Members is sought for passing an ordinary resolution as set out in Item No. 5 of the Notice for ratification of the remuneration payable to the Cost Auditors, for the financial year ending March 31, 2024.

None of the Director, Key Managerial Personnel, or their respective relatives are, in any way, concerned or interested, financially or otherwise, in the said resolution.

ITEM NO. 6 – Appointment of Ms. Deeksha Mikkilineni as a Director of the Company

The Board, upon the recommendations of the Nomination and Remuneration Committee, at its meeting held on August 11, 2023, recommended appointment of Ms. Deeksha Mikkilineni as an Additional Director in the category of Non-Executive Director.

The resolution seeks the approval of the members in terms of Sections 161 read with the Rules made thereunder (including any statutory modifications or re-enactment(s) thereof, for the time being in force) for the appointment of Ms. Deeksha Mikkilineni as an Additional Director in the category of Non-Executive Director.

No director, key managerial personnel or their relatives, except Dr Aluru Jagadish Prasad, Mrs. Kavita Prasad and Mr. Advay Bhagirath Mikkilineni is interested or concerned in the resolution.

The Board recommends the resolution set forth in Item no. 6 for the approval of members.

Brief particulars pursuant to Regulation 36(3) of the Listing Regulations and additional information to be given to Members in terms of Secretarial Standards on General Meetings (SS-2), of all the appointees are given in Annexure to the Explanatory Statement.

ITEM NO. 7 – Authorisation to enter into related party transactions

Necessary approval of members was obtained pursuant to Section 188 of the Companies Act, 2013 at the previous Annual General Meeting of the Company. As informed to the stakeholders through the Stock Exchanges on various occasions, that the Company is intending to invest / had invested in entities; to enter into transactions, which would eventually result into transactions as a related party of the Company. Further, to protect the interest of the Company and to oversee the operations of the investee Company, it is recommended by the Board to nominate any Director, Key Managerial Personnel (KMP) or such other officer(s) of the Company as Director or in such KMP position, as the Board of Directors, the Chairman and Managing Directors deems fit, in such investee entities. Therefore, the special resolution set out in S.No.7 of the notice above, is recommended for approval of the members of the Company. Nature of interest of related parties is given below:

Name of the Related party	Description of relationship	Particulars of contract or arrangement with related party (existing and proposed)
HBL America Inc, USA	A wholly owned Company.	a. Sale, purchase, supply any goods including capital goods, or materials, selling or otherwise disposing off, or buying, leasing of property of any kind, availing of or rendering of any services, appointment for purchase or sale of goods, materials, services or property or any other transaction sale / purchase of goods and supply and availing of services. b. Not exceeding Rs.500 crores in one financial year in aggregate with one or more or in combination with one or more of the related party(ies) with a power to the Board of Directors to inter change the value of transaction with each or all the related party(ies) within the aggregate limit of Rs.500 Crores. c. Appointment of related party in the office or place of profit.
HBL Germany, GmbH	A wholly owned Company.	
Torquedrive Technologies Private Limited	A wholly owned Company.	
TTL Electric Fuel Private Limited	A stepdown subsidiary and Kavita Prasad Aluru and Mr. MSS Srinath are Directors.	
Naval Systems and Technologies Private Limited	Associate Company and Kavita Prasad Aluru and Mr. MSS Srinath are Directors. HBL holds 41% shares in the Company.	
Tonbo Imaging India Private Limited	Investee Company.	

The Board recommends the Special Resolution set out at Item No. 7 of the Notice for approval of the members.

Except Dr. Aluru Jagadish Prasad, Kavita Prasad Aluru, Mr. Advay Bhagirath Mikkilineni, Ms Deeksha Mikkilineni and their relatives, if any, none of the Directors and Key Managerial Personnel of the Company and their respective relatives is, in any way, concerned or interested, in the Resolution set out at Item no.7 of the Notice.

ITEM NO. 8 – Amendment to Articles of Association of the Company.

There can be situations when a retiring Director is appointed as an Executive Director or Whole-time Director for a fixed term and in such case, the retiring directors' office is liable for determination by retirement of director by rotation on becoming longest in office since their last appointment. To avoid any kind of legal and technical interpretation in continuity of office of such Executive Director or Whole-time Director due to determination office by retirement of director by rotation, it is recommended to include Article 86(4) in the Articles of Association of the Company clarifying the position of the office of such Executive Director or Whole-time Director immediately after their reappointment as Director pursuant to Section 152 of the Companies Act, 2013.

Further, Article 119 was included by a special resolution of the members in the AGM held in the year 2012 which is not required now in the opinion of the Board. Therefore, it is recommended to delete the said clause.

The proposed amendment, approved by the Board of Directors on August 11, 2023, is subject to the consent of the shareholders by a Special Resolution at Item no.8 of this Notice.

Pursuant to provisions of section 110 of the Companies Act, 2013 read with Rules 20 and 22 of the Companies (Management and Administration) Rules, 2014, the alteration of Memorandum and Articles of Association is an item required to be transacted by means of postal ballot. However, in terms of the proviso to section 110 of the Companies Act, 2013 introduced as per the Companies (Amendment) Act, 2017, read with Rule 20 and 22 of the Companies (Companies Management and Administration) Rules, 2014 including any statutory modifications and amendments thereto, approval of shareholders for any item of business required to be transacted by means of postal ballot may be transacted at a general meeting by a company which is required to provide the facility of voting by electronic means to its shareholders. The Company, being a listed Company is required to provide the facility of voting by electronic means to its shareholders and hence, may obtain the approval of its shareholders for alteration of the objects clause of the Memorandum of Association at the Annual General Meeting.

Copy of the existing MOA and AOA, indicating the proposed amendments, being referred in this resolution would be available on the website of the Company at <https://hbl.in/Investors-Details.php> up to and including the last date of e-voting.

None of the Directors and/or Key Managerial Personnel of the Company and/or their relatives is concerned or interested, financially or otherwise in the said resolution except to the extent of their shareholding, if any.

The Board recommends the resolution under Item no.8 for approval of the members as a Special Resolution.

ITEM NO. 9 – Amendment to main Objects of Memorandum of Association of the Company.

The stakeholders were informed through Stock Exchanges communication that HBL is proposing to invest and enter into business combinations with entities having parallel business or customers. Your Directors, considering the Government of India's vision to strengthen the defence sector and to encourage private participation for supplies to defence, are visualizing business opportunities and rapid development in the activities mentioned in the resolution. The alteration in the object clause of the MOA, as set out in the resolution, is to facilitate Company's entry into such businesses as elaborated in the proposed new clause. The proposed activities can be carried out conveniently and advantageously along with the existing activities of the Company.

The current Memorandum of Association does not explicitly allow the proposed business and hence, to enable the Company to seize the anticipated growing prospects, there is a need to amend the present objects in the Memorandum of Association of the Company. The proposed amendment, approved by the Board of Directors on August 11, 2023, is subject to the consent of the shareholders by a Special Resolution at Item no.9 of this Notice.

Pursuant to provisions of section 110 of the Companies Act, 2013 read with Rules 20 and 22 of the Companies (Management and Administration) Rules, 2014, the alteration of objects clause of the Memorandum of Association is an item required to be transacted by means of postal ballot. However, in terms of the proviso to section 110 of the Companies Act, 2013 introduced as per the Companies (Amendment) Act, 2017, read with Rule 20 and 22 of the Companies (Companies Management and Administration) Rules, 2014 including any statutory modifications and amendments thereto, approval of shareholders for any item of business required to be transacted by means of postal ballot may be transacted at a general meeting by a company which is required to provide the facility of voting by electronic means to its shareholders. The Company, being a listed Company is required to provide the facility of voting by electronic means to its shareholders and hence, may obtain the approval of its shareholders for alteration of the objects clause of the Memorandum of Association at the Annual General Meeting.

Copy of the existing MOA, indicating the proposed amendments, being referred in this resolution would be available on the website of the Company at <https://hbl.in/Investors-Details.php> up to and including the last date of e-voting.

None of the Directors and/or Key Managerial Personnel of the Company and/or their relatives is concerned or interested, financially or otherwise in the said resolution except to the extent of their shareholding, if any.

The Board recommends the resolution under Item no.9 for approval of the members as a Special Resolution.

ANNUAL REPORT ON CSR ACTIVITIES

[Pursuant to Section 135 of the Companies Act, 2013 and the Companies (Corporate Social Responsibility Policy) Rules, 2014]

Brief outline on CSR Policy of the Company

Social and individual development is vision of HBL's CSR policy. While standing strong on beliefs of equality, HBL continue to increase contribution towards social cause especially in the surrounding localities where the Company has manufacturing facilities as per the regulatory prescriptions. The CSR policy envisages the pressing needs of the communities in nearby localities where the Company operates keeping in mind the scope of statutory provisions with regard to CSR contributions. The policy facilitates the CSR team to approach new locations, identify the issues to be addressed and design programs by involving the communities to achieve the purpose of the CSR activity.

HBL'S initiatives:

As a socially responsible organization, HBL remains committed to working for the upliftment of the community. HBL has been taking up Social Responsibility activities to improve standards of living for needy people with an approach of reaching out directly to the beneficiaries, and also working with institutions that work for beneficiaries since 2007, well before the mandatory requirements under the Companies Act 2013. The key care has been taken to address social issues in education, skill development and encouraging self-resilience in people and the communities. The Company spends in Eradication of Malnutrition and Hunger, Promotion of Children Education, basic and preventive health and wellness, water sanitation and hygiene to support the basic needs of communities. The Company's CSR policy incorporates an inclusive approach in every program it undertakes. With a view to develop the knowledge base of community (ies), HBL also joins hands with strategic organizations and research in providing technology consulting for no charge.

The projects undertaken are within the comprehensive structure of Schedule VII to the Act.

1. Composition of CSR committee:

S No.	Name and directorship category	Designation / Nature of Directorship	No of meetings held	No of meetings attended

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2023

[Pursuant to section 204(1) of Companies Act, 2013 and rule no.9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members,

HBL Power Systems Limited,

CIN: L40109TG1986PLC006745,

Registered Office :8-2-601, Road No.10,

Banjara Hills, Hyderabad - 500 034, Telangana.

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by HBL Power Systems Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the HBL Power Systems Limited's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit.

I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

- I. The Companies Act, 2013 (the Act) and the rules made thereunder and the Companies (Amendment) Act, 2017 (to the extent notified and applicable);
- II. The Securities Contracts (Regulation) Act, 1956 ('SCRA') (as amended by the Finance Act, 2017) and the rules made thereunder;
- III. The Depositories Act, 1996 (as amended by the Finance Act, 2017) and the regulations and bye-laws framed thereunder;
- IV. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings (as amended from time to time);
- V. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 (as amended)
- VI. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992
- VII. Compliance report with respect to Securities and Exchange Board of India Act, 1992 ('SEBI Act'), various listing and other Regulations prescribed by SEBI have been covered in my Annual Secretarial Compliance Report dated May 25, 2023, copy of which is annexed to this report as Annexure B, issued for the financial year ended March 31, 2023 pursuant to SEBI circular No. CIR/CFD/CMD1/27/2019 dated Feb 08, 2019 read with Circular No. NSE/CML/ 2023/21 dated March 16, 2023 and Circular No. NSE/CML/ 2023/30 dated April 10, 2023 issued by National Stock Exchange of India Limited and therefore specific comment under this para has not been made separately.

I have also examined compliance with the applicable clauses of the Secretarial Standards on Meetings of the Board of Directors (SS -1) and General Meetings (SS -2) issued by The Institute of Company Secretaries of India and the revised Secretarial Standards (SS - 1) and (SS - 2) for the time being in force.

I have also examined compliance with the applicable clauses of the Uniform Listing Agreement entered by the Company with the Bombay Stock Exchange and National Stock Exchange effective from March 23, 2016.

I report that, during the year under review, the Company has complied with the provisions of the Acts, Rules, Regulations, Notifications, Guidelines, Circulars, Secretarial Standards and the Uniform Listing Agreement issued by the appropriate authorities in this regard mentioned above.

The Company does not have any Foreign Direct Investments except for shareholding by foreign entities / individuals / NRI's under normal permitted portfolio investment and there are no External Commercial Borrowings.

I further report that, there were no events / actions requiring compliance thereof by the Company during the Audit Period in pursuance of:

- a) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
- b) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
- c) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;
- d) The Securities and Exchange Board of India (Share Based Employee Benefits) Guidelines, 2014.

I further report that, based on present sector / industry of the Company and on examination of the relevant documents and records in pursuance thereof, on a test-check basis, the Company has complied with specifically applicable laws including any statutory modification or re-enactment thereof for the time being in force and the rules, regulations, guidelines, notifications, circulars framed thereunder:

I further report that, based on the information provided and the representation made by the Company and also on the review of the compliance reports taken on record by the Board of Directors of the Company, in my opinion, adequate systems and processes exist in the Company to monitor and ensure compliance with provisions of applicable general laws like economic laws, labour laws and environmental laws.

I further report that, the Board of Directors of the Company was duly constituted with proper balance of 2 (two) Executive Directors, 5 (five) Non-Executive Directors out of which 4 (four) are Independent Directors including 2 (Two) Women Independent Directors.

Dr. Ramanujulu Nandakumar Ramnath resigned from the Board with effect from July 27, 2022. There is no other change in the Board of Directors during the reporting period.

I further report that, the Chief Financial officer of the Company retired from services on September 30, 2022 and vacancy was filled in with the prescribed time. The other Key Managerial Personnel as required under the Act were duly appointed by the Company.

Adequate notice was given to all directors to schedule the board meetings, agenda and detailed notes on agenda were sent in advance to all Directors, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. I also report that all the meetings were conducted through video conferencing.

As per the Minutes of the Meetings duly recorded and signed by the Chairman, the decisions of the Board were with requisite majority.

I further report that, based on the review of the compliance reports submitted by the management of the Company, I am of the opinion that there were adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I report further that, during the audit period there were no other specific events / actions in pursuance of the above referred laws, rules, regulations, guidelines, etc., having a major bearing on the Company's affairs.

REPORT ON CORPORATE GOVERNANCE FOR THE YEAR 2022-23

I. Company's philosophy on Corporate Governance:

Company's philosophy:

HBL's philosophy on Corporate Governance is to ensure balance between the vision of the Company and minority rights in all the business decisions. While the objective of the philosophy is to enhance the long term stakeholders' value, adherence to business ethics and corporate social responsibility has been prioritized.

The Code of Conduct for employees including the Executive Directors has been put in place. Apart from the code of conduct for employee, HBL implemented a separate code of conduct which include Independent Directors duties in line with SEBI Regulations and Companies Act, 2013 ("the Act"). The corporate governance practice includes sending updates to the Board of Directors on regulatory and legislative amendments which includes Code of Conduct for Prevention of Insider Trading and the Code of Corporate Disclosure Practices ("Insider Trading Code").

Corporate Governance:

The Companies Act, 2013 and SEBI Listing Regulations prescribe three-level governance:

- a. Governance by Shareholders
- b. Governance by the Board of Directors; and
- c. Governance by various Committees of the Board

The Company is in compliance with the requirements stipulated under Regulation 17 to 27 read with Schedule V and clauses (b) to (i) of sub-regulation (2) of Regulation 46 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), as applicable, with regard to corporate governance.

Pursuant to Regulation 27(2) of the SEBI Listing Regulations, the Company also submits a quarterly compliance report on Corporate Governance to the Stock Exchanges where the securities of the Company are listed, including details on all material transactions with related parties, within 21 days from the closure of every quarter. The Chairman and Managing Director and the Chief Financial Officer have certified in accordance with Regulation 17(8) read together with Part B of Schedule II of the SEBI Listing Regulations to the Board on inter-alia, the accuracy of the financial statements and adequacy of internal controls for financial reporting for the Financial Year ended March 31, 2023.

II. Shareholders:

The Listing Regulations and Companies Act, 2013 prescribe the governance by shareholders participation in the corporate actions by passing ordinary and special resolutions. Your Company follows the applicable procedure to ensure that the information with the shareholders is shared in time, whether financial or non-financial, with adequate explanation, wherever needed to obtain approvals, if any.

Generally, required approvals of the shareholders are taken at the Annual General Meeting. In addition, approval of shareholders can also be pursued through postal ballot in case of urgency of the matter as per the applicable regulations. During the reporting year there were no instances of passing of resolution through postal ballot.

During the year ended March 31, 2023, your Company had complied with the provisions set out on Corporate Governance required under Listing Regulations. In this report, we have provided details on how the corporate governance principles are put into practice.

III. Board of Directors

For management and administration of the Company's overall functioning, the shareholders have constituted the Board of Directors. During the year under review, the composition of the Board was in conformity with the Companies Act and listing regulations.

b. Share price movement during the financial year

c. Market capitalization:

XII. Payment of dividend

As per the SEBI Listing Regulations, 2015, the Company shall use any electronic mode of payment approved by the Reserve Bank of India for making payment to the members. Where dividend payments are made through electronic mode, intimations regarding such remittance would be sent separately to the members to the registered email ID of the members. Where the dividend cannot be paid through electronic mode, the same will be paid by warrants and sent to the registered address of the member. For enabling the payment of dividend through electronic mode, members holding shares in physical form are requested to furnish, updated particulars of their bank account, to the share transfer agent of the Company.

XIII. Transfer of unpaid / unclaimed dividend amount and shares to Investor Education and Protection Fund:

Pursuant to Sections 124 and 125 of the Act read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("IEPF Rules"), dividends, if not claimed for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund ("IEPF").

Further, shares in respect of the dividends which have not been claimed for a period of 7 consecutive years are also liable to be transferred to the demat account of the IEPF Authority except for the cases of shares in respect of which there is a specific order of Court, Tribunal or Statutory Authority, restraining any transfer of the shares.

The Company during the year was not required to transfer any shares to IEPF representing unclaimed dividends for 7 consecutive years or more.

The members, who have a claim on dividends and shares already transferred to IEPF in the year 2018, may claim the same from IEPF Authority by submitting an online application in the prescribed Form No. IEPF-5 available on the website www.iepf.gov.in and sending a physical copy of the same, duly signed to the Company, along with requisite documents enumerated in the Form No. IEPF-5. No claims shall lie against the Company in respect of the dividend/shares so transferred.

The Company strongly recommends shareholders to encash / claim their respective dividend within the period given below from the Company's Registrar and Share Transfer Agents:

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

The employees can address their complaints or grievances to the Human Resource department or to the Senior Management. There shall be no retaliation or reprisal taken against any employee or associate who raises concerns in accordance with the policy. A committee may be formed or delegated to investigate the reported issues. The Committee is responsible for evaluating the reported issues and ensuring that they are addressed and rectified. In collaboration with Senior Management, the Committee may also recommend a suitable resolution.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

HBL recognises the important role that business can play in ensuring the long-term protection of human rights, and the Company is dedicated to upholding the human rights of its employees, communities, contractors, and suppliers in accordance with the

Protection of Human Rights Act, 1993 and guidelines of the National Human Rights Commission, State Human Rights Commissions in States and Human Rights Courts for better protection of human rights and for matters connected therewith or incidental thereto.

The Company has formulated a Human Rights Policy which works in conjunction with the Grievance Policy to ensure that grievances are addressed promptly and effectively.

The mechanism works by following the instructions outlined below:

1. The employees/ affiliates address their complaints or grievances or report instances to the Senior Management. No reprisal or retaliatory action is taken against any employee/ affiliate for raising concerns under this policy.
2. A committee is formed/ designated to investigate the violations reported. The Committee evaluates the violations reported and ensures that the same is addressed and resolved. The Committee also, in consultation with the Senior Management, provides a suitable remedy.
6. Number of Complaints on the following made by employees and workers:

	FY'23			FY'22		
	Filed during the year	Pending resolution at the end of the year	Remarks	Filed during the year	Pending resolution at the end of the year	Remarks
Sexual Harassment						
Discrimination at workplace						
Child labour						
Forced labour / Involuntary labour		NIL			NIL	
Wages						
Other human rights related issues						

7. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

While dealing with the complaints as a part of grievance redressal mechanism every care is taken to conduct the enquiry in a peaceful manner for avoiding any stressful conditions. The entire process is carried out in a highly confidential manner. The Company has a Grievance mechanism where the related personnel, are bound by a duty of confidentiality at all times and must keep all paperwork and information exchanged in the process confidential. Harsh or insulting behaviour of anyone participating in or conducting grievance proceedings is not at all tolerated. Any such behaviour will be viewed as misconduct under the Organization's disciplinary policies and strict actions will be taken against such unethical behaviour.

8. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Yes, human rights requirements form part of HBL Supplier Code of Conduct. Suppliers are urged to respect internationally recognized human rights standards and to work towards them in all business activities within their own sphere of influence. Any forced or compulsory labour is prohibited.

To be a part of the Company's value chain, the supplier must meet the following human rights requirements:

1. Child Labour: External provider shall not employ children in violation of conventions 138 and 182 of the International Labor Organization and Indian Labor law.
2. Wages and Hours: - External provider will pursue a fair and competitive remuneration policy.
3. Equal Opportunities / Anti-Discrimination: External provider shall not discriminate in any manner on the basis of race, ethnic background, age, religion, gender, sexual orientation or disability.

The Company's Supplier Code of Conduct can be viewed on the following link:

<https://hbl.in/External-Provider-Code-of-Conduct-HBLR2.pdf>

9. Assessments for the year:

HBL has assessed 100% of its plants and offices by external auditors who audit the statutory compliances in relation to the indicators mentioned below. The assessments are done on a quarterly basis.

	% Of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Childlabour	
Forced/involuntary labour	
Sexualharassment	100%
Discrimination at workplace	
Wages	

10. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 9 above.

All the plants and offices of the Company were found to be having no negative impacts and as a result no corrective actions were required on the criteria stated above.

LEADERSHIP INDICATORS

1. Details of a business process being modified / introduced as a result of addressing human rights grievances/complaints.

Nil

2. Details of the scope and coverage of any human rights due diligence conducted.

Human rights due diligence is being covered as part of the other audits presently. Exclusive Human rights due diligence is yet to be conducted. We are planning to take it up in the coming years.

3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Yes

4. Details on assessment of value chain partners:

	% Of value chain partners (by value of business done with such partners) that were assessed
Sexualharassment	HBL currently does not have any formal assessment mechanism to monitor the Human Rights compliances, policies & practices of value chain partners.
Discrimination at workplace	However, HBL's Code of Ethics & Conduct is applicable to all business partners, which binds the concerned parties to abide by the socio-environment regulations of the geography of operation.
Childlabour	
Forced labour/Involuntarylabour	
Wages	

5. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above.

Nil

PRINCIPLE 6 Businesses should respect and make efforts to protect and restore the environment

ESSENTIAL INDICATORS

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	FY 22-23 (Current Financial Year)	FY 21-22 (Previous Financial Year)
Total electricity consumption (A)	121.65 TJ (Including Shameerpet, Vijaynagar, Corporate office)	122.10 TJ (Including Shameerpet, Vijaynagar, Corporate office 3,38,58238 units)

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. The data referred in the above table also been evaluated by external agency – Bureau Veritas Industrial Services.

The electricity consumption, fuel consumption has been verified as a part of ISO 14001:2015 periodical audits.

In pursuit of enhanced energy management and environmental responsibility, the organization has set its sights on obtaining ISO 50001:2018 certification in the foreseeable future. This strategic move aims to bolster our control over energy-related aspects and spearhead initiatives to effectively reduce carbon emissions.

Furthermore, as part of our commitment to continuous improvement, the management has directed all manufacturing units to undergo thorough energy audits conducted by reputable third-party agencies. These audits will play a pivotal role in identifying areas of excellence and opportunities for optimizing energy performance of equipment and facilities throughout the organization.

2. Does the entity have any sites / facilities identified as Designated Consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

Not Applicable

3. Provide details of the following disclosures related to water, in the following format:

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If Yes. name of the external agency.

Yes, The data referred in the above table also been evaluated by external agency – Bureau Veritas Industrial Services.

4. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

HBL has taken significant steps to ensure sustainable water management practices across its manufacturing plants. All plants are zero liquid discharge (ZLD) compliant and equipped with effluent treatment plant (ETP) and STP facilities. Wastewater generated during the manufacturing processes is treated and reused, promoting water conservation within the business.

5. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify unit	FY 22-23 (Current Financial Year)	FY 21-22 (Previous Financial Year)
NOx	Micro gram/meter cube	26	21

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. The data referred to in the above table also been evaluated by external agency – Bureau Veritas Industrial Services.

7. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide details.

Yes. The company has a strong focus on utilizing renewable energy sources including Solar and transitioning to biomass-based boilers.

The company has also focused on improving energy efficiency in manufacturing processes by adopting advanced technologies, optimizing equipment efficiencies. The company also supports research and development initiatives aimed at developing new technologies and processes that reduce greenhouse gas emissions.

All manufacturing units have coverage of greenery more than the defined norms and it helps to sequester GHG emissions. Thereby reducing the overall GHG load in the atmosphere.

8. Provide details related to waste management by the entity, in the following format:

Parameter	FY 22-23 (Current Financial Year)	FY 21-22 (Previous Financial Year)

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. The data referred to in the above table also been evaluated by external agency – Bureau Veritas Industrial Services.

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your Company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

HBL has a systematic approach to waste management, categorising wastes into hazardous and non-hazardous types and further classifying them by specific categories. The Company ensures proper disposal methods for each type of waste, adhering to guidelines from Pollution Control Boards and regulatory bodies.

- Focused Improvement Projects (FIPs) are implemented to reduce waste generation at the source, while a centralised scrapyards at the manufacturing locations facilitates proper segregation and disposal of waste. A dedicated team oversees scrap management and conducts awareness training for employees.

- Comprehensive waste management standard operating procedures (SOP) have been developed to guide the process HBL emphasises employee awareness through virtual and classroom training sessions, educating them on waste generation, disposal, and the impact on health, safety, and the environment. The Company also accounts for wastes sold to third parties. These initiatives demonstrate HBL's commitment to responsible waste management and environmental sustainability.

All the manufacturing locations of the company are ISO certified.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals/clearances are required, please specify details in the following format:

Total Scope 3 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	Metric tonnes of CO2 equivalent	Not Evaluated	
Total Scope 3 emissions per rupee of turnover			
Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity			

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

The data collection with respect to scope 3 has been initiated and also all the interested parties communicated to share the relevant data for projection of referred details in the coming year assessment.

5. With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along with prevention and remediation activities.

Not applicable.

6. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sl.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1.	Biomass Briquettes firing introduced in Boilers in place of Furnace oil firing	Bioenergy, or energy derived from biomass, is a sustainable alternative to fossil fuels because it can be produced from renewable sources, such as plants and waste, that can be continuously replenished. When fossil fuels are extracted and burned for energy, their sequestered carbon is released into the atmosphere. Fossil fuels do not reabsorb carbon. In contrast to fossil fuels, biomass comes from recently living organisms. The carbon in biomass can continue to be exchanged in the carbon cycle	Furnace oil consumption minimized for Evaporation plants operation by consuming Biomass Briquettes in FY 22 consumption 306 Tons FY 23 consumption 743 Tons (approx. 250 MT Furnace oil consumption is avoided) It's often claimed that biomass is a "low carbon" or "carbon neutral" fuel, meaning that carbon emitted by biomass burning won't contribute to climate change. The use of biomass energy has the potential to greatly reduce greenhouse gas emissions.
2.	Odor extraction	Odor extraction by capping aeration pond with 60 feet height FRP chimney is implemented in Shameerpet plant location.	Odor minimized
3.	Fume extraction	100 Feet chimney with crucible capping for smoke extraction in Shameerpet plant location.	Surrounding area smoke minimized as well as air quality improved
4.	Scrubbers	Old small scrubbers replaced with heavy duty with 60 feet FRP chimney in Shameerpet plant location.	Alkaline/ acidic fumes scrubbed effectively improving the air quality
5.	RO plant	High pressure pump introduce for effective recycling of the neutralized effluent water	More recycling at RO plants load reduced on Evaporation plants
6.	Rain water harvesting	Low level areas selected for effective Rain water collection and rain water harvesting pits developed	Ground water level improved and dependency on third party sources reduced
7.	Does the entity have a business continuity and disaster management plan? Give details in 100 words/web-link Yes, the Company recognizes the importance of Business Continuity Plan (BCP) for the smooth running of business particularly during unfavorable times, including pandemic. Every operating unit within the entity has established an emergency plan which defines the actions to be taken in case of any major accident / disaster occurring inside the factory. The plan covers perceived potential risks including major accidents that could affect the facility for the particular geography. Mock drills and training related to emergency preparedness are carried out at regular intervals to be prepared to tackle any situation that can potentially affect the business operations. In the event of any occurrence of an emergency, the same shall be investigated and appropriate measures would be initiated to contain the incident and avoid recurrence in future, if possible.		
8.	Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard? The company has not conducted an evaluation of the environmental impacts in the value chain. However, we have also not had instances which make us to conclude that adverse impacts on the environment have occurred due to our value chain activities.		
9.	Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts. As of now, HBL does not have any formal assessment mechanism to monitor the environmental impact of value chain partners' activities. However, HBL's Code of Ethics & Conduct is applicable to all business partners, which binds the concerned parties to abide by the socio-environment regulations of the geography of operation.		

PRINCIPLE 7 Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and Transparent.

INDEPENDENT Auditor's Report

To
The Members of
HBL Power Systems Limited,
Hyderabad

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

OPINION

We have audited the accompanying standalone Ind AS financial statements of HBL Power Systems Limited Hyderabad, ("the Company") which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes to the financial statements including a summary of significant accounting policies and other explanatory information. (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and its profit, changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that in our professional judgment were of most significant in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in management report and chairman's statement but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial

statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards (Ind AS) specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,

intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

- (1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
 - (2) As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, Statement of Changes in Equity and the Cash Flow Statement dealt with by this report are in agreement with the books of account.

 - (e) On the basis of the written representations received from the Directors as on March 31, 2023, taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2023 from being appointed as a Director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 39.2 to the standalone financial statements.
 - (ii) The company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the company.
- (iv) (a) The respective managements of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, other than as disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such subsidiaries to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the ultimate beneficiaries.
 - (b) The respective managements of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company or any of such subsidiaries from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the ultimate beneficiaries.
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as

- provided under (a) and (b) above, contain any material misstatement.
- (v) (a) The dividend declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
- (b) As stated in Note 39.3 to the standalone financial statements, the Board of Directors of the Company have proposed dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- (vi) As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable to the Company with effect from April 1, 2023, reporting on audit trail in pursuance of Rule 11(g) of the Companies (Audit and Auditors) Rule, 2014 is considered inapplicable for the current year.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

We have audited the internal financial controls over financial reporting of HBL Power Systems Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the guidance note and the standards on auditing, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of Internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the unit has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note issued by the ICAI.

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2023

1. Company overview

HBL Power Systems Limited (“HBL” or “The Company”) is a public limited company incorporated and domiciled in India and has its registered office at Hyderabad, Telangana State, India. The Company has its primary listings on the BSE Limited and National Stock Exchange of India Limited in India. The financial statements were reviewed by the Audit Committee in its meeting held on 25th May 2023 and approved by the Company’s Board of Directors at the meeting held on 25th May 2023.

The principal activities of the Company comprise of manufacturing of different types of batteries including lead acid, nicad, silver zinc, lithium and railway and defence electronics and other products. The Company is also engaged in service activities related to the above products.

2. Basis of preparation and measurement

2.1 Statement of compliance

The financial statements as at and for the year ended March 31, 2023 have been prepared in accordance with applicable Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

2.2 Accounting convention and basis of measurement

The financial statements have been prepared on the historical cost convention and on an accrual basis, except for the following material items that have been measured at fair value as required by relevant Ind AS:

- i) Certain financial assets and liabilities (refer accounting policy on financial instruments);
- ii) Defined benefit and other long-term employee benefits
- iii) Provision for warranties
- iv) Lease liability on right of use assets

2.3 Functional and presentation currency

The financial statements are presented in Indian rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates. All financial information presented in Indian rupees has been rounded off to the nearest lakh of rupees except share and per share data.

2.4 Use of judgments, estimates and assumptions

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities,

income and expenses and the disclosure of contingent liabilities and contingent assets. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any affected future periods.

Information about critical judgements in applying accounting policies, as well as estimates and assumptions in respect of the following areas, that have most significant effect to the carrying amounts within the next financial year are included in the relevant notes.

- i) Useful lives of property, plant, equipment and intangibles.
- ii) Measurement of defined benefit obligations
- iii) Measurement and likelihood of occurrence of provisions and contingencies.
- iv) Recognition of deferred tax assets/liabilities.
- v) Impairment of intangibles
- vi) Expenditure relating to research and development activities.
- vii) Assessing the lease term (including anticipated renewals), non-cancellable period of a lease and the applicable discount rate in respect of assets taken on lease.

2.5 Operating cycle:

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

3. Summary of significant accounting policies

3.1 Property, Plant and Equipment (PPE)

- i) Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses.
- ii) The cost of property, plant and equipment includes those incurred directly for the construction or acquisition of the asset, and directly attributable to bringing it to the location and condition necessary for it to be capable of operating in the manner intended by the management and includes the present value of expected cost for dismantling / restoration wherever applicable.

Notes forming part of the **Standalone Financial Statements**

for the year ended March 31, 2023

- iii) The cost of major spares is recognized in the carrying amount of the item of property, plant and equipment, in accordance with the recognition criteria set out in the standard. The carrying amount of the replaced part is derecognized at the time of actual replacement. The costs of the day-to-day servicing of the item are recognized in statement of profit or loss as incurred.
- iv) Depreciation on tangible assets including those on leasehold premises is provided for under straight line method over the useful life of assets specified in Part C of Schedule II to the Companies Act, 2013 and in the manner specified therein, except in respect of dies and moulds which are depreciated over their technically estimated useful lives of 5 years on straight line method. Assets costing less than ₹ 5,000/- are fully depreciated in the year of purchase.
- v) Depreciation methods, useful lives and residual values are reviewed at each reporting date and accounted for as change in accounting estimate.
- vi) Each component / part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately only when it has a different useful life. The gain or loss arising from de-recognition of an item of property, plant and equipment is included in statement of profit or loss when the item is derecognized.
- vii) Expenditure attributable /relating to PPE under construction / erection is accounted for as below:
 - A) To the extent directly identifiable to any specific plant / unit, trial run expenditure net of revenue is included in the cost of property, plant and equipment .
 - B) To the extent not directly identifiable to any specific plant / unit, is kept under 'expenditure during construction' for allocation to property, plant and equipment and is grouped under 'capital work-in-progress'.

3.2 Intangible assets

- i) Intangible asset is recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.
- ii) New product development expenditure, software licences, technical knowhow fee, infrastructure and logistic facilities, etc. are recognised as intangible assets

upon completion of development and commencement of commercial production.

- iii) Intangible assets are amortized on straight line method over their technically estimated useful lives.
- iv) Residual values and useful lives for all intangible assets are reviewed at each reporting date. Changes, if any, are accounted for as changes in accounting estimates.

3.3 Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

i) Assets taken under lease

- a) The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset is measured in accordance with the measurement criteria as per Ind AS 116. The right-of-use asset is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.
- b) The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability in accordance with the requirements under Ind AS 116.
- c) The Company has elected not to apply the requirements of Ind AS 116 leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2023

payments associated with these leases are recognized as an expense.

ii) Assets given on lease

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease.

3.4 Investment in subsidiaries, associates and joint ventures

- i) Investments in subsidiaries, associate and joint ventures are measured at cost. Impairment / diminution in value, other than temporary, is provided for.
- ii) Investments classified as 'current investments' are carried at cost and diminution / impairment with reference to market value is recognized.

3.5 Government grants

Government grants are recognised in the statement of profit or loss on a systematic basis over the periods in which the related costs for which the grants are intended to compensate are recognised as expenses.

3.6 Inventories are valued as under:

i) Raw materials, components, consumables and stores & spares.	At lower of weighted average cost and net realisable value.
ii) Work In progress and finished goods.	At lower of net realisable value and weighted average cost of materials plus cost of conversion and other costs incurred in bringing them to the present location and condition.
iii) Long term contract work in progress (where the income it is not eligible for recognition as per Income recognition policy stated elsewhere).	At direct and attributable costs incurred in relation to such contracts.
iv) Stock-in-trade	At lower of cost and net realisable value

v) Consumable tools	At cost less amount charged off (which is at 1/3 rd of value each year).
vi) Services work in progress	Lower of cost and net realisable value

3.7 Assets held for sale

Non-current assets or disposal groups comprising of assets and liabilities are classified as 'held for sale' when all of the following criteria are met:

- (i) decision has been made to sell.
- (ii) the assets are available for immediate sale in their present condition.
- (iii) the assets are being actively marketed and
- (iv) sale has been agreed or is expected to be concluded within 12 months of the balance sheet date.

Subsequently, such non-current assets and disposal groups classified as held for sale are measured at the lower of its carrying value and fair value less costs to sell. Non-current assets held for sale are neither depreciated nor amortised.

3.8 Revenue recognition

- i) Revenue from contracts with customers that meet the recognition criteria under paragraph 9 of Ind AS 115 are recognised when (or as) a performance obligation is satisfied by transferring a promised good or service to a customer, for the amount of the transaction price that is allocated to that performance obligation.
- ii) "Satisfaction of a performance obligation and recognition of revenue over time is followed when, transfer of control of a good or service are made over time and, if one of the following criteria is met:
 - (a) the customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs.
 - (b) the entity's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced; or
 - (c) the entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

Performance obligations that are not satisfied over time are treated as performance obligations satisfied

at a point in time which in case of goods are upon their despatch/delivery to domestic customers as per terms of sale and on the basis of proof of export/delivery for export customers as per terms of sale and in case of services are upon completion of service.

- iii) Claims against outside agencies are accounted for on certainty of realization.
- iv) Interest income is recognized on an accrual basis using the effective interest rate (EIR) method. Dividends, are recognized at the time the right to receive is established.
- v) Export incentives under various schemes are recognized as income on certainty of realization.

3.9 Employee benefits

i) Short term benefits:

All employee benefits falling due within twelve months of rendering the service are classified as short term employee benefits. The cost of the benefits like salaries, wages, medical, leave travel assistance, short term compensated absences, bonus, exgratia, etc. is recognised as an expense in the period in which the employee renders the related service.

ii) Post-employment benefits:

A) Defined contribution plans:

The contribution paid/payable under provident fund scheme, ESI scheme and employee pension scheme is recognised as expenditure in the period in which the employee renders the related service.

B) Defined benefit plans:

The Company's obligation towards Gratuity is a defined benefit plan. The present value of the estimated future cash flows of the obligation under such plan is determined based on actuarial valuation using the Projected Unit Credit (PUC) method. Any difference between the interest income on plan assets and the return actually achieved and any changes in the liabilities over the year due to changes in actuarial assumptions or experienced adjustments within the plan are recognized immediately in other comprehensive income and subsequently not reclassified to the statement of profit and loss.

All defined benefit plan obligations are determined based on valuation as at the end of the reporting period, made by independent actuary using the PUC Method. The classification of the Company's

net obligation into current and non-current is as per the actuarial valuation report.

iii) Long term employee benefits:

The obligation for long term employee benefits such as long term compensated absences, is determined and recognised in the manner similar to that stated in the defined benefit plan.

3.10 Foreign currency transactions

- i) Transactions relating to non-monetary items and purchase and sale of goods/services denominated in foreign currency are recorded at the prevailing exchange rate or a rate that approximates to the actual rate on the date of transaction.
- ii) Assets & liabilities in the nature of monetary items denominated in foreign currencies are translated and restated at exchange rates prevailing at the end of the reporting period.
- iii) Exchange differences arising on account of settlement / conversion of foreign currency monetary items are recognized as expense or income in the period in which they occur.
- iv) Foreign currency gains and losses are reported on a net basis. This includes changes in the fair value of foreign exchange derivative instruments, which are accounted for at fair value through statement of profit or loss

3.11 Current tax and deferred tax

i) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

ii) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profits differ from the profit as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are not taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted upto the end of the reporting period.

iii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2023

all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

iv) Current and deferred tax for the year

Current and deferred tax are recognised in statement of profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

3.12 Borrowing costs

- i) Borrowing costs incurred for obtaining assets which take substantial period to get ready for their intended use are capitalized to the respective assets wherever the costs are directly attributable to such assets and in other cases by applying weighted average cost of borrowings to the expenditure on such assets.
- ii) Other borrowing costs are treated as expense for the year.
- iii) Significant transaction costs in respect of long-term borrowings are amortized over the tenor of respective loans using effective interest rate (EIR) method.

3.13 Financial instruments (financial assets and financial liabilities):

- i) All financial instruments are recognized initially at fair value. The classification of financial Instruments depends on the objective of the business model for which it is held and the contractual cash flows that

are solely payments of principal and interest on the principal amount outstanding. For the purpose of subsequent measurement, financial instruments of the Company are classified into (a) Non-derivative financial instruments and (b) Derivative financial instruments.

ii) Non-derivative financial instruments

- A) Security Deposits, cash and cash equivalents, employee and other advances, trade receivables and eligible current and non-current financial assets are classified as financial assets under this clause.
- B) Loans and borrowings, trade and other payables including deposits collected from various parties and eligible current and non-current financial liabilities are classified as financial liabilities under this clause.
- C) Financial instruments are subsequently carried at amortized cost wherever applicable using Effective Interest Rate (EIR) method less impairment loss.
- D) Transaction costs that are attributable to the financial instruments recognized at amortized cost are included in the fair value of such instruments.

iii) Derivative financial instruments

- A) Derivative financial assets and liabilities are initially recognized at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at each reporting date
- B) Changes in the fair value of any derivative asset or liability are recognized immediately in the income statement and are included in other income or expense.
- C) Cash flow hedge: Changes in the fair value of the derivative hedging instrument designated as a cash flow hedge are recognized in other comprehensive income and presented within equity in the cash flow hedging reserve to the extent that the hedge is effective. To the extent that the hedge is ineffective, changes in fair value are recognized in the statement of profit and loss. If the hedging instrument no longer meets the criteria for hedge accounting, expires or is sold, terminated or exercised, then hedge accounting is discontinued prospectively. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the statement of

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2023

profit and loss upon the occurrence of the related forecasted transaction.

(iv) Impairment

i) Financial assets

A) The Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- ◇ Financial assets that are debt instruments, and are measured at amortized cost wherever applicable for e.g., loans, debt securities, deposits, and bank balance.
- ◇ Trade receivables

B) The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component. The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECL's at each reporting date, right from its initial recognition.

ii) Non - financial assets

The company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Company estimates the amount of impairment loss.

3.14 Provisions

i) Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a

reliable estimate of the amount of the obligation can be made .

ii) The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

iii) When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

iv) Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are measured at the present value of lower of the expected net cost of fulfilling the contract and the expected cost of terminating the contract.

3.15 Earnings Per Share (EPS)

i) Basic EPS is computed by dividing the profit after tax attributable to equity shareholders by the weighted average number of equity shares outstanding during the year / period.

ii) Diluted EPS is computed by dividing the profit after tax attributable to equity shareholders, as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic EPS and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

There were no commercial operations since inception of HTPL. Subsequently, it was decided to explore other opportunities to carry on the intended business. The Board of Directors of HTPL in their meeting held on March 08, 2023, resolved to apply for voluntary striking off the name of the Company from the register of the Registrar of Companies under Section 248(2) of the Companies Act, 2013 read with rules made thereunder. In view of the decision of the Board of Directors HTPL, a provision for diminution of 100% value of investment in equity shares of HTPL of ₹51,000 (being 51%) has been made during the reporting period.

9.4 ** In the previous years, the investment in Gulf Batteries Company Limited was fully provided. An amount of ₹5.05 lakhs was realized towards full and final settlement against sale/transfer of stake in JV in the financial year 2021-22. During reporting financial year, necessary regulatory approvals were received and therefore, the unrealized value of investment has been written off against the provisions made earlier.

The erstwhile promoters of M/s. SCIL Infracon Private Limited filed a petition with the sole arbitrator making several new claims against the Company and others. The arbitration award allowed, only one claim of theirs, relating to unsecured loans of ₹2.08 cr to be paid along with interest of 12% p.a., effective from 31.01.2011 till the date of the payment. On an appeal preferred by the Company against the arbitral award, the Hon'ble Civil Court granted stay on the operation of the award on condition of depositing 50% of the amount awarded with interest till date of the order. The Company deposited the 50% amount along with interest amounting to ₹2.71 cr on 17th April 2023 in compliance of the Hon'ble Civil Court's order as modified by the Hon'ble High Court. However, the appeal against the arbitral award is yet to be decided by the Hon'ble Civil Court and the matter is still sub-judice. The company's legal counsel, based on the facts of the case, opined that the claim is not admissible and is likely to be dismissed by the Hon'ble City Civil Court. Based on the above facts, the claim is not acknowledged as debt against the company and is appropriately reported as a contingent liability.

The Company has other commitments, for purchase / sale orders which are issued after considering requirements per operating cycle for purchase / sale of goods and services, employee benefits in the normal course of business. The company does not have any long term commitments or material non-cancellable contractual commitments / contracts, which might have material impact on the financial statements.

39.3 Commitment towards dividend

The Board in its meeting held on May 25, 2023 has recommended a dividend of ₹ 0.45 ps per Equity Share of ₹ 1/- each for the financial year ended March 31, 2023. The proposal is subject to the approval of shareholders at the annual general meeting to be held, and if approved would result in a cash outflow of ₹ 1,247.38 lakhs towards dividend.

39.4 Contingent assets:

During the year 2011, some assets at one of the plants of the Company, were damaged due to heavy rains. The Company's claim for the loss was repudiated by the insurers. A case was filed for recovery of the claim of ₹ 234.60 lakhs towards loss suffered apart from interest thereon. The matter is sub judice.

During the year 2014, there was a heavy damage to the assets and inventory at two plants of the Company, due to hud-hud cyclone. The Company's claim for the resultant losses was partly allowed by the Insurers and the balance claims were repudiated. The matter relating to the claim of ₹ 400 lakhs towards damage to assets and inventory and ₹ 921.75 lakhs towards loss of profits, apart from interest thereon, on being referred to arbitration was partly awarded infavour of the company. Subsequently on an appeal by the insurer further proceedings of arbitration were stayed by the commercial Court. The matter is sub judice.

Note : 40

There are no significant items of revenue to be recognised against performance obligation satisfied in previous year due to change in transaction price.

Timing of satisfaction of performance obligations

For each performance obligation satisfied over time the company recognises revenue over time by measuring the progress towards complete satisfaction of that performance obligation. The objective when measuring progress is to depict the company's performance in transferring control of goods or services promised to a customer (ie the satisfaction of an entity's performance obligation).

The right to payment for performance completed to date does not need to be for a fixed amount. However, at all times throughout the duration of the contract, the company is entitled to an amount that at least compensates for performance completed to date if the contract is terminated by the customer or another party for reasons other than the company's failure to perform as promised.

Output method is used for measurement where the units produced or units delivered faithfully depict the company's performance in satisfying a performance obligation and, at the end of the reporting period, the company's performance has produced work in progress or finished goods that are not controlled by the customer.

Input method is used to recognise revenue where the company's efforts or inputs in satisfaction of a performance obligation (for example, resources consumed, labour hours expended, costs incurred, time elapsed or machine hours used) is relative to the total expected inputs to the satisfaction of that performance obligation and depict the company's performance in transferring control of goods or services to the customer.

43.5 Disclosure as per Ind AS-116 - Leases

(i) Transition from Ind AS 17

- The Company has adopted Ind AS 116, effective annual reporting period beginning April 1, 2019 and applied the standard to its leases, retrospectively, with the cumulative effect of initially applying the standard, recognised on the date of initial application (April 1, 2019).
- The Company has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application. The Company has used a single discount rate to a portfolio of leases with similar characteristics.
- On transition, the Company recognised a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before the date of initial application using the practical expedient provided by the standard.

B) Financial risk management

Financial risk factors

The Company is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include market risk, credit risk and liquidity risk. The management reviews and designs policies and procedures to minimise potential adverse effects on its financial performance. The primary market risk to the company is foreign exchange risk. The companies exposure to credit risk is influenced mainly by the customers repayments. The companies exposure to liquidity risks are on account of interest rate risk on borrowings. The following sections provide details regarding the companies exposure to the above mentioned financial risks and the management thereof.

Market risk

The Company operates internationally and a portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk through its sales and services in those countries. The exchange rate between the rupee and foreign currencies has changed substantially in recent years and may fluctuate substantially in the future. Consequently, the results of the Company's operations are affected as the rupee appreciates/ depreciates against these currencies. The company leaves exchange rate risk with regard to foreign exposures unhedged when the local currency is depreciating against the foreign currency and hedges this risk when the local currency is appreciating against the foreign currency. Currently the foreign exchange risk of the company is covered through natural hedge and the Company uses the foreign currency denominated accounts to mitigate the exchange rate variation.

Trade payables	(20.01)	(2.19)	(0.15)	(22.35)
Other financial liabilities	(1.14)	(0.33)	-	(1.47)
Net assets/(liabilities)	53.81	20.91	0.59	75.31

For the year ended March 31, 2023 and March 31, 2022, the depreciation / appreciation in the exchange rate between the Indian rupee and respective unhedged foreign currency exposures, has resulted in incremental operating margins by approximate ₹ 885.83 lakhs and ₹ 571.27 lakhs respectively.

Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to ₹ 32,353.60 lakhs and ₹ 30,765.85 lakhs as of March 31, 2023 and March 31, 2022, respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India and overseas. Credit risk has always been managed by the company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the company uses expected credit loss model to assess the impairment loss

or gain. The company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the company's historical experience for customers.

The following table gives details in respect of percentage of revenues generated from top customer and top five customers :

Particulars	March 31, 2023	March 31, 2022
Revenue from top customer	6.38%	5.62%
Revenue from top five customers	21.75%	18.95%

Credit risk exposure

The allowance for lifetime expected credit loss on customer balances for the year ended March 31, 2023 was ₹ 263.99 lakhs. The allowance for lifetime expected credit loss on customer balances for the year ended March 31, 2022 was ₹ 589.47 Lakhs.

Particulars	March 31, 2023	March 31, 2022
Balance at the beginning	589.47	356.56
Lifetime expected credit loss	127.63	453.11
Credit impairment	(453.11)	(220.20)
Balance at the end	263.99	589.47

Credit risk on cash and cash equivalents is limited as the company generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies with no history of default.

Liquidity risk

The company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The company also has long term and short term borrowings from banks and financial institutions. Term loans are project specific and for refinancing of capital expenditures. Short term loans repayable on demand from banks are obtained for the working capital requirements of the company.

As of March 31, 2023, the Company had a working capital of ₹ 59,144.82 lakhs including cash and cash equivalents of ₹ 12,995.77 lakhs. As of March 31, 2022, the Company had a working capital of ₹ 54,147.85 lakhs including cash and cash equivalents of ₹ 4,779.73 lakhs

As of March 31, 2023 and March 31, 2022, the outstanding gratuity and compensated absences were ₹ 538.37 lakhs and ₹ 474.11 lakhs, respectively, which have been substantially funded. Accordingly, no liquidity risk is perceived.

Interest rate risk

The interest rate risk is the risk that the fair value or the future cash flows of the companies financial instruments will fluctuate because of the change in market interest rates. The company is exposed to interest rate risks as it has significant interest bearing loans from banks and financial institutions. These fluctuations are managed through negotiated and prefixed interest rates on term loans enabling the management to plan its future financial commitments and exposures. Short term and Working capital loans repayable on demand are a subject to prevailing market rate fluctuations and sanctioned facilities are availed on a need to borrow basis to ensure minimum exposure to interest rate fluctuations.

The table below provides details regarding the contractual maturities of significant financial liabilities.

INDEPENDENT Auditor's Report

To
The Members of
HBL Power Systems Limited,
Hyderabad

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

OPINION

We have audited the accompanying consolidated financial statements of HBL Power Systems Limited (hereinafter referred to as the 'Parent Company') and its subsidiaries (Parent Company and its subsidiaries together referred to as "the Group"), and its associate, as stated in Note 45, which comprise the Consolidated Balance Sheet as at March 31, 2023, and the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity, and the Consolidated Cash Flows Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Ind AS Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the group and its associate entity as at March 31, 2023, of consolidated profit, consolidated changes in equity and its consolidated cash flows for the year then ended.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the group and its associate in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the code of ethics issued by ICAI and the relevant provisions of the Companies

Act, 2013, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that in our professional judgment were of most significant in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in management report and chairman's statement but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Parent Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 (the Act) that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the group including its associate in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the group and of its associate company are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the parent Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the group and of its associate company are responsible for assessing the ability of the group and of its associate company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the group and of its associate company is responsible for overseeing the financial reporting process of the group and of its associate company.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence

the economic decisions of users taken on the basis of these consolidated financial statements.

Paragraph 41(b) of this SA explains that the shaded material below can be located in an appendix to the auditor's report. Paragraph 41(c) explains that when law, regulation or the applicable auditing standards expressly permit, reference can be made to a website of an appropriate authority that contains the description of the auditor's responsibilities, rather than including this material in the auditor's report, provided that the description on the website addresses, and is not inconsistent with, the description of the auditor's responsibilities below.

As part of an audit in accordance with SA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether

the financial statements represent the underlying transactions and events in a manner that achieves fair presentation

We communicate with those charged with governance of the parent Company and such other entity included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

- (a) We did not audit the financial statements / financial information of 2 (Two) foreign subsidiaries, whose financial statements / financial information reflect total assets of ₹ 2,106.02 lakhs as at March 31, 2023, total revenues of ₹ 5,916.95 lakhs and net cash flows amounting to ₹ 12.45 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the group's share of net profit before tax of ₹ 135.37 lakhs for the year ended March 31, 2023, as considered in the consolidated financial statements, in respect of 1 (one) associate, whose financial statements / financial information have not been audited by us.

- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the parent Company as on March 31, 2023 taken on record by the Board of Directors of the parent Company and the reports of the statutory auditors of its associate company incorporated in India, none of the directors of the group companies, its associate company incorporated in India is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of internal financial controls over financial reporting of the group and the operating effectiveness of such controls, refer to our separate report in Annexure – A.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the group and its associate – Refer Note 40.2 to the consolidated financial statements.
 - (ii) The group and its associate entity did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education

and Protection Fund by the parent Company and its subsidiary companies and one associate company incorporated in India.

- (iv) (a) The respective managements of the parent Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, other than as disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such subsidiaries to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the ultimate beneficiaries.
- (b) The respective managements of the parent Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company or any of such subsidiaries from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the funding party ("ultimate beneficiaries") or provide any guarantee, security or the like on behalf of the ultimate beneficiaries.
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the parent Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- (v) (a) The dividend declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
- (b) As stated in note 40.3 to the consolidated financial statements, the Board of Directors of the parent Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing annual general meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- (vi) As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable to the parent Company with effect from April 1, 2023, reporting on audit trail in pursuance of rule 11(g) is considered inapplicable for the current year.
- (h) With respect to the other matters to be included in the auditor's report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and according to the information and explanations given to us the remuneration paid during the current year by the parent Company and its subsidiary companies, where applicable, to its directors is in accordance with the provisions of section 197 of the Act.
- (i) With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/"CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and its subsidiaries and one associate entity audited by other auditors, included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports.

FINANCIAL
STATEMENTS

Annexure - A:

(Referred to in paragraph 2(f) of 'report on other legal and regulatory requirements' in our report of even date)

Report on the internal financial controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of HBL Power Systems Limited ("the Parent") as of and for the year ended March 31, 2023, we have audited the internal financial controls over financial reporting of the parent, its subsidiaries and associate incorporated in India as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the of the parent, its subsidiaries and associate, incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the parent Company, its subsidiary companies and its associate company, which are companies incorporated in India considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the parent, its subsidiary companies and its associate company, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the guidance note issued by the ICAI and the standards on auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those standards and the guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and audit evidence obtained by other auditors in terms of their report referred to in the other matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the parent, its subsidiaries and its associate company, which are companies incorporated in India.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

According to the information and explanations given to us and based on our audit we are of the opinion that, the parent Company, its subsidiaries and its associate company, which are companies incorporated in India, have, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2023, based on the internal control over financial reporting criteria established by the parent Company, its subsidiaries and its associate company, considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by the ICAI.

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2023

1. CORPORATE INFORMATION

The Consolidated financial statements (CFS) comprise of financial statements of HBL Power Systems Limited (the parent company) and its subsidiaries (collectively the group) and associate company for the year ended March 31, 2023.

The parent company is a public limited company incorporated and domiciled in India and has its registered office at Hyderabad, Telangana State, India. The parent company has its primary listings on the BSE Ltd and National Stock Exchange in India Limited. The consolidated financial statements were reviewed by the Audit Committee in its meeting held on 25th May 2023 and approved by the parent Company's Board of Directors at the meeting held on 25th May 2023.

The principal activities of the group comprises of manufacturing of different types of batteries, e- mobility and other products. The group is also engaged in service activities related to the above products.

2. BASIS OF PREPARATION AND MEASUREMENT

2.1 Statement of compliance

The CFS as at and for the year ended March 31, 2023 have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

2.2 Accounting convention and basis of measurement

The CFS have been prepared on the historical cost convention and on an accrual basis, except for the following material items that have been measured at fair value as required by relevant Ind AS:

- i) Certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments);
- ii) Defined benefit and other long-term employee benefits
- iii) Provision for warranties
- iv) Lease liability on right of use assets

2.3 Functional and presentation currency

The CFS are presented in Indian rupees, which is the functional currency of the parent Company and the currency of the primary economic environment in which the parent Company operates. All financial information presented in Indian rupees has been rounded off to the nearest lakh of rupees except share and per share data.

2.4 Use of Judgments, estimates and assumptions

The preparation of CFS in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities and contingent assets. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any affected future periods.

Information about critical judgements in applying accounting policies, as well as estimates and assumptions in respect of the following areas, that have most significant effect to the carrying amounts are included in the relevant notes.

- i) Useful lives of property, plant, equipment and intangibles.
- ii) Measurement of defined benefit obligations
- iii) Measurement and likelihood of occurrence of provisions and contingencies.
- iv) Recognition of deferred tax assets / liabilities.
- v) Impairment of intangibles
- vi) Expenditure relating to research and development activities.
- vii) Assessing the lease term (including anticipated renewals), non-cancellable period of a lease and the applicable discount rate in respect of assets taken on lease.

2.5 Operating cycle:

Based on the nature of products / activities of the group and the normal time between acquisition of assets and their realization in cash or cash equivalents, the group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

2.6 Basis of consolidation

- a) The financial statements of all entities used for the purpose of consolidation are drawn up to the same reporting date as that of the parent Company. When the end of the reporting period of the parent Company is different from that of a subsidiary / associate, that entity prepares, for consolidation purposes, additional financial information as of the same date as the

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2023

financial statements of the parent Company to enable it to consolidate the financial information, unless it is impracticable to do so.

- b) The CFS incorporate the financial statements of the parent Company and entities controlled by the parent Company. Control is achieved when the parent Company:
- has power over the investee;
 - is exposed, or has rights, to variable returns from its involvement with the investee; and
 - has the ability to use its power to affect its returns.
- c) The parent Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.
- d) When the parent Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The parent Company considers all relevant facts and circumstances in assessing whether or not its voting rights in an investee are sufficient to give it power, including:
- the size of the parent Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
 - Potential voting rights held by the parent Company, other vote holders or other parties;
 - rights arising from other contractual arrangements; and
 - any additional facts and circumstances that indicate that the parent Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.
- e) Consolidation of a subsidiary begins when the parent Company obtains control over the subsidiary and ceases when it loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the parent Company gains control until the date when it ceases to control the subsidiary.
- f) Profit or loss and each component of Other Comprehensive Income (OCI) are attributed to the owners of the parent Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the parent Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the group's accounting policies.
- g) All intragroup assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the group are eliminated in full on consolidation.
- h) Details of subsidiary companies considered in the preparation of the consolidated financial statements are given in Note 44
- i) Investments in associates and joint ventures
- I) An 'Associate' is an entity over which the group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.
- II) A 'Joint Venture' is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.
- III) The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.
- IV) The group's investments in its associate are accounted for using the equity method. Under the equity method, the investment in an associate is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the group's share of net assets of the associate since the acquisition date.
- V) The statement of profit and loss reflects the group's share of the results of operations of the associate. Any change in OCI of those investees is

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2023

presented as part of the group's OCI. In addition, when there has been a change recognised directly in the equity of associate the group recognises its share of any changes, when applicable, in the statement of changes in equity.

- VI) The aggregate of the group's share of profit or loss of an associate is shown on the face of the statement of profit and loss.
- VII) Details of associate company considered in the preparation of the consolidated financial statements are given in Note 47

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 Property, Plant and Equipment (PPE)

- i) PPE are measured at cost less accumulated depreciation and impairment losses.
- ii) The cost of PPE includes those incurred directly for the construction or acquisition of the asset, and directly attributable to bringing it to the location and condition necessary for it to be capable of operating in the manner intended by the management and includes the present value of expected cost for dismantling / restoration, wherever applicable.
- iii) The cost of major spares is recognized in the carrying amount of the item of property, plant and equipment, in accordance with the recognition criteria set out in the Standard. The carrying amount of the replaced part is derecognized at the time of actual replacement. The costs of the day-to-day servicing of the item are recognized in statement of profit or loss as incurred.
- iv) Depreciation on tangible assets including those on leasehold premises is provided under straight line method over the useful life of assets specified in Part C of Schedule II to the Companies Act, 2013 and in the manner specified therein, except in respect of Dies and Moulds which are depreciated over their technically estimated useful lives of 5 years on straight line method. Assets costing less than Rs. 5,000/- are fully depreciated in the year of purchase.
- v) Depreciation methods, useful lives and residual values are reviewed at each reporting date and accounted as change in accounting estimate.
- vi) Each component / part of an item of PPE with a cost that is significant in relation to the total cost of the item is depreciated separately only when it has a different useful life. The gain or loss arising from de-recognition

of an item of PPE is included in statement of profit or loss when the item is derecognized.

- vii) Expenditure attributable /relating to PPE under construction / erection is accounted as under:
 - A) To the extent directly identifiable to any specific plant / unit, Trial run expenditure net of revenue is included in the cost of PPE.
 - B) To the extent not directly identifiable to any specific plant / unit, is kept under 'Expenditure During Construction' for allocation to PPE and is grouped under 'Capital work-in-progress'.

3.2 Intangible assets

- i) Intangible asset is recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.
- ii) New product development expenditure, software licences, technical knowhow fee, infrastructure and logistic facilities, etc. are recognised as Intangible Assets upon completion of development and commencement of commercial production.
- iii) Intangible assets are amortized on straight line method over their technically estimated useful lives.
- iv) Residual values and useful lives for all intangible assets are reviewed at each reporting date. Changes, if any, are accounted for as changes in accounting estimates.

3.3 Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

i) Assets taken under lease

- a) The group recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset is measured in accordance with the measurement criteria as per Ind AS 116. The right-of-use asset is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2023

not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

- b) The group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the group uses incremental borrowing rate. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The group recognises the amount of the re-measurement of lease liability in accordance with the requirements under Ind AS 116.
- c) The group has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense.

ii) Assets given on lease

At the inception of the lease the group classifies each of its leases as either an operating lease or a finance lease. The group recognises lease payments received under operating leases as income. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease.

3.4 Investment in subsidiaries, associates and joint arrangements

- i) Investments in associate and joint arrangements are accounted for using equity method
- ii) Investments in entities other than associate and joint arrangements are carried at cost and diminution / impairment with reference to market value is recognized.

3.5 Government grants

Government grants are recognised in the statement of profit or loss on a systematic basis over the periods in which the related costs for which the grants are intended to compensate are recognised as expenses.

3.6 Inventories are valued as under:

i) Raw materials, components, consumables and stores & spares.	At lower of weighted average cost and net realisable value.
ii) Work-in-progress and finished goods.	At lower of net realisable value and weighted average cost of materials plus cost of conversion and other costs incurred in bringing them to the present location and condition.
iii) Long term contract work in progress (where the income it is not eligible for recognition as per Income recognition policy stated elsewhere).	At direct and attributable costs incurred in relation to such contracts.
iv) Stock-in-trade	At lower of cost and net realisable value
v) Consumable tools	At cost less amount charged off (which is at 1/3 rd of value each year).
vi) Services work-in-progress	Lower of cost and net realisable value

3.7 Assets held for Sale:

Non-current assets or disposal groups comprising of assets and liabilities are classified as 'held for sale' when all of the following criteria's are met:

- (i) decision has been made to sell.
- (ii) the assets are available for immediate sale in its present condition.
- (iii) the assets are being actively marketed and
- (iv) sale has been agreed or is expected to be concluded within 12 months of the balance sheet date.

Subsequently, such non-current assets and disposal groups classified as held for sale are measured at the lower of its carrying value and fair value less costs to sell. Non-current assets held for sale are not depreciated or amortised.

3.8 Revenue recognition

- i) Revenue from contracts with customers that meet the recognition criteria under paragraph 9 of Ind AS 115 are recognised when (or as) a performance obligation is satisfied

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2023

by transferring a promised good or service to a customer, for the amount of the transaction price that is allocated to that performance obligation.

ii) Satisfaction of a performance obligation and recognition of revenue over time is followed when, transfer of control of a good or service are made over time and, if one of the following criteria is met:

- (a) the customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs.
- (b) the entity's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced; or
- (c) the entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

Performance obligations that are not satisfied over time are treated as performance obligations satisfied at a point in time which in case of goods are upon their despatch/delivery to domestic customers as per terms of sale and on the basis of proof of export/delivery for export customers as per terms of sale and in case of services are upon completion of service.

- iii) Claims against outside agencies are accounted for on certainty of realization.
- iv) Interest income is reported on an accrual basis using the effective interest rate (EIR) method. Dividends, are recognized at the time the right to receive is established.
- v) Export Incentives under various schemes are recognized as income on certainty of realization.

3.9 Employee benefits

i) Short term benefits:

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The cost of the benefits like salaries, wages, medical, leave travel assistance, short term compensated absences, bonus, exgratia, etc. is recognised as an expense in the period in which the employee renders the related service.

ii) Post-employment benefits:

A) Defined contribution plans:

The contribution paid/payable under provident fund scheme, ESI scheme and employee pension scheme is recognised as expenditure in the period in which the employee renders the related service.

B) Defined benefit plans:

An obligation towards gratuity is a defined benefit plan. The present value of the estimated future cash flows of the obligation under such plan is determined based on actuarial valuation using the projected unit credit method. Any difference between the interest income on plan assets and the return actually achieved and any changes in the liabilities over the year due to changes in actuarial assumptions or experienced adjustments within the plan are recognized immediately in OCI and subsequently not reclassified to the statement of profit and loss.

All defined benefit plan obligations are determined based on valuation as at the end of the reporting period, made by independent actuary using the projected unit credit method. The classification of the entity's net obligation into current and non-current is as per the actuarial valuation report.

iii) Long term employee benefits:

The obligation for long term employee benefits such as long term compensated absences, is determined and recognised in the similar manner stated in the defined benefit plan.

3.10 Foreign currency

- i) Transactions relating to non-monetary items and purchase and sale of goods/services denominated in foreign currency are recorded at the exchange rate prevailing or a rate that approximates the actual rate on the date of transaction.
- ii) Assets & liabilities in the nature of monetary items denominated in foreign currencies are translated and restated at prevailing exchange rates as at the end of the reporting period.
- iii) Exchange differences arising on account of settlement / conversion of foreign currency monetary items are recognized as expense or income in the period in which they arise.
- iv) Foreign currency gains and losses are reported on a net basis. This includes changes in the fair value of foreign exchange derivative instruments, which are accounted at fair value through profit or loss

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2023

- v) For the purposes of presenting these CFS, the assets and liabilities of the group's foreign operations are translated into Indian Rupees using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are recognised in OCI and accumulated in equity (and attributed to non-controlling interests as appropriate).
- vi) On the disposal of a foreign operation (i.e. a disposal of the group's entire interest in a foreign operation, a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in a joint arrangement or an associate that includes a foreign operation of which the retained interest becomes a financial asset), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the parent Company are reclassified to profit or loss.
- vii) In addition, in relation to a partial disposal of a subsidiary that includes a foreign operation that does not result in the group losing control over the subsidiary, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposals (i.e. partial disposals of associates or joint arrangements that do not result in the group losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

3.11 Current tax and deferred tax

i) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

ii) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profits differ from the profit as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

iii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

iv) Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in OCI or directly in equity, in which case, the current and deferred tax are also recognised in OCI or directly in equity respectively.

3.12 Borrowing costs

- i) Borrowing costs incurred for obtaining assets which take substantial period to get ready for their intended use are capitalized to the respective assets wherever the costs are directly attributable to such assets and in other cases by applying weighted average cost of borrowings to the expenditure on such assets.
- ii) Other borrowing costs are treated as expense for the year.
- iii) Significant transaction costs in respect of long-term borrowings are amortized over the tenor of respective loans using Effective Interest Rate (EIR) method.

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2023

3.13 Financial instruments (financial assets and financial liabilities):

i) All financial instruments are recognized initially at fair value. The classification of financial Instruments depends on the objective of the business model for which it is held and the contractual cash flows that are solely payments of principal and interest on the principal amount outstanding. For the purpose of subsequent measurement, financial instruments of the group are classified into (a) Non-derivative financial instruments and (b) derivative financial instruments.

ii) Non-derivative financial instruments

- A) Security deposits, cash and cash equivalents, employee and other advances, trade receivables and eligible current and non-current financial assets are classified as financial assets under this clause.
- B) Loans and borrowings, trade and other payables including deposits collected from various parties and eligible current and non-current financial liabilities are classified as financial liabilities under this clause.
- C) Financial instruments are subsequently carried at amortized cost wherever applicable using EIR method less impairment loss.
- D) Transaction costs that are attributable to the financial instruments recognized at amortized cost are included in the fair value of such instruments.

iii) Derivative financial instruments

- A) Derivative financial assets and liabilities are initially recognized at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at each reporting date
- B) Changes in the fair value of any derivative asset or liability are recognized immediately in the income statement and are included in other income or expenses.
- C) Cash flow hedge: Changes in the fair value of the derivative hedging instrument designated as a cash flow hedge are recognized in OCI and presented within equity in the cash flow hedging reserve to the extent that the hedge is effective. To the extent that the hedge is ineffective, changes in fair value are recognized in the statement of profit and loss. If the hedging instrument no longer meets the criteria for hedge accounting, expires or is sold, terminated or exercised, then hedge accounting is discontinued prospectively. The cumulative gain or loss previously recognized in

the cash flow hedging reserve is transferred to the statement of profit and loss upon the occurrence of the related forecasted transaction.

(iv) Impairment

i) Financial assets

A) The group applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- ◇ Financial assets that are debt instruments, and are measured at amortized cost wherever applicable for e.g., loans, debt securities, deposits, and bank balance.
- ◇ Trade receivables

B) The group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component. The application of simplified approach does not require the group to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECL's at each reporting date, right from its initial recognition.

ii) Non-financial assets

The group assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the group estimates the amount of impairment loss.

3.14 Provisions

- i) Provisions are recognized when the group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.
- ii) The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.
- iii) When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset, if it is virtually certain that reimbursement will be received

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2023

and the amount of the receivable can be measured reliably.

- iv) Provisions for onerous contracts are recognized when the expected benefits to be derived by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are measured at the present value of lower of the expected net cost of fulfilling the contract and the expected cost of terminating the contract.

3.15 Earnings Per Share (EPS)

- i) Basic EPS is computed by dividing the profit after tax attributable to equity shareholders by the weighted average number of equity shares outstanding during the year / period.
- ii) Diluted EPS is computed by dividing the profit after tax attributable to equity shareholders, as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic EPS and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2023

The erstwhile promoters of M/s. SCIL Infracon Private Limited filed a petition with the Sole Arbitrator making several new claims against the Company and others. The Arbitration award allowed, only one claim of theirs, relating to Unsecured Loans of Rs.2.08 cr to be paid along with interest of 12% p.a., effective from 31.01.2011 till the date of the payment. On an appeal preferred by the Company against the arbitral award, the Hon'ble Civil Court granted stay on the operation of the award on condition of depositing 50% of the amount awarded with interest till date of the order. The Company deposited the 50% amount along with interest amounting to Rs.2.71 cr on 17th April 2023 in compliance of the Hon'ble Civil Court's order as modified by the Hon'ble High Court. However, the appeal against the arbitral award is yet to be decided by the Hon'ble Civil Court and the matter is still sub-judice. The company's legal counsel, based on the facts of the case, opined that the claim is not admissible and is likely to be dismissed by the Hon'ble City Civil Court. Based on the above facts, the claim is not acknowledged as debt against the company and is appropriately reported as a contingent liability.

The group has other commitments, for purchase / sale orders which are issued after considering requirements per operating cycle for purchase / sale of goods and services, employee benefits in the normal course of business. The group does not have any long term commitments or material non-cancellable contractual commitments / contracts, which might have material impact on the financial statements.

40.3 Commitment towards dividend

The Board of the parent Company in its meeting held on May 25, 2023 has recommended a dividend of ₹ 0.45 ps per Equity Share of ₹ 1/- each for the financial year ended March 31, 2023. The recommendation is subject to the approval of shareholders at the ensuing annual general meeting, and if approved would result in a cash outflow of ₹ 1,247.38 lakhs towards dividend.

40.4 Contingent assets:

During the year 2011, some assets at one of the plants of the parent Company, were damaged due to heavy rains. The parent Company's claim for the loss was repudiated by the insurers. A case was filed for recovery of the claim of ₹ 234.60 lakhs towards loss suffered apart from interest thereon. The matter is sub judice.

During the year 2014, there was a heavy damage to the assets and inventory at two plants of the parent Company, due to hud-hud cyclone. The Company's claim for the resultant losses was partly allowed by the insurer and the balance claims were repudiated. The matter relating to the claim of ₹ 400 lakhs towards damage to assets and inventory and ₹ 921.75 lakhs towards loss of profits, apart from interest thereon, on being referred to arbitration was partly awarded in favour of the parent company. Subsequently on an appeal by the insurer further proceedings of arbitration were stayed by the Commercial Court. The matter is sub judice.

Note : 41

Income tax and Sales tax assessments:

Taxes were paid in accordance with income tax returns filed and were charged off to revenue. In respect of pending assessments, the liability, if any, that may arise upon completion of assessments is not ascertainable at this stage. During the year, in the income tax assessments, there were no transactions that were not recorded in the books of accounts but have been surrendered or disclosed as income.

Note : 42

Confirmation of balances

The parent Company had sent letters seeking confirmation of balances to various parties under trade payables, trade receivables, advance to suppliers and others, advance from customers. Based on the confirmations received and upon proper review, corrective actions have been initiated and the amounts have been tried up, accounting adjustments have been made wherever found necessary. Such confirmations are awaited from some parties, comprising of government departments and public sector undertakings.

Note : 43

- 43.1 In the opinion of the board, assets other than fixed assets and non-current investments have a value, on realisation in the ordinary course of business, which is at least equal to the amount at which they are stated in the financial statements.

44.4 Disclosure as per Ind AS-116 - Leases

(i) Transition from Ind AS 17

- The group has adopted Ind AS 116, effective annual reporting period beginning April 1, 2019 and applied the standard to its, retrospectively, with the cumulative effect of initially applying the standard, recognised on the date of initial application (April 1, 2019).
- The group has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application. The group has used a single discount rate to a portfolio of leases with similar characteristics.

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2023

- c) On transition, the group recognised a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before the date of initial application using the practical expedient provided by the standard.

B) Financial risk management

Financial risk factors

The group is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include market risk, credit risk and liquidity risk. The management, review and design policies and procedures to minimise potential adverse effects on its financial performance. The primary market risk to the group is foreign exchange risk. The group's exposure to credit risk is influenced mainly by the customers' repayments. The group's exposure to liquidity risks are on account of interest rate risk on borrowings. The following sections provide details regarding the group's exposure to the above mentioned financial risks and the management thereof.

Market risk

The group operates internationally and a portion of the business is transacted in several currencies and consequently the group is exposed to foreign exchange risk through its sales and services in those countries. The exchange rate between the local and foreign currencies has changed substantially in recent years and may fluctuate substantially in the future. Consequently, the results of the group's operations are affected as the local currency appreciates/ depreciates against these foreign currencies. The group leaves exchange rate risk with regard to foreign exposures unhedged when the local currency is depreciating against the foreign currency and hedges this risk when the local currency is appreciating against the foreign currency. Currently the foreign exchange risk of the group is covered through natural hedge and the group uses the foreign currency denominated accounts to mitigate the exchange rate variation.

Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to ₹ 31,201.34 lakhs and ₹ 29,266.01 lakhs as of March 31, 2023 and March 31, 2022, respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India and overseas. Credit risk has always been managed by the group through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the group grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the group uses expected credit loss model to assess the impairment loss or gain. The group uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the Group's historical experience for customers.

The following table gives details in respect of percentage of revenues generated from top customer and top five customers :

Particulars	March 31, 2023	March 31, 2022

Credit impairment	(453.11)	(511.45)
Balance at the end	263.99	589.47

Credit risk on cash and cash equivalents is limited as the group generally invests in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies with no history of default.

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2023

The bank balances held by the foreign subsidiaries of HBL Power Systems Limited are generally within the insured limits of respective applicable laws.

Liquidity risk

The group's principal sources of liquidity is cash and cash equivalents and the cash flow that is generated from operations. The group also has long term and short term borrowings from banks and financial institutions. Term loans are project specific and for refinancing of capital expenditures. Short term loans repayable on demand from banks and are obtained for the working capital requirements of the group.

As of March 31, 2023, the group had a working capital of ₹ 58,635.43 lakhs including cash and cash equivalents of ₹ 53,077.30 lakhs . As of March 31, 2022, the group had a working capital of ₹ 13,201.71 lakhs including cash and cash equivalents of ₹ 4,973.22 lakhs .

As of March 31, 2023 and March 31, 2022, the outstanding gratuity and compensated absences were ₹ 539.01 lakhs and ₹ 475.08 lakhs, respectively, which have been substantially funded. Accordingly, no liquidity risk is perceived.

Interest rate risk

The interest rate risk is the risk that the fair value or the future cash flows of the group's financial instruments will fluctuate because of the change in market interest rates. The group is exposed to interest rate risks as it has significant interest bearing loans from banks and financial institutions. These fluctuations are managed through negotiated and prefixed interest rates on term loans enabling the management to plan its future financial commitments and exposures. Short term loans repayable on demand are a subject to prevailing market rate fluctuations and sanctioned facilities are availed on a need to borrow basis to ensure minimum exposure to interest rate fluctuations.

The table below provides details regarding the contractual maturities of significant financial liabilities as of March 31, 2023 :

b) Change in the group composition :

- The parent Company's wholly owned subsidiary SCIL Infracon Pvt Ltd had filed for dormant status with the Registrar of Companies as at the year ended March 31, 2019. The parent company's investment in the entity had been fully provided for. In view of the foregoing, it has not been considered for consolidation as at March 31, 2023 as in previous year.
- In the previous years, the investment in Gulf Batteries Company Limited was fully provided. An amount of Rs.5.05 lakhs was realized towards full and final settlement against sale/transfer of stake in JV in the financial year 2021-22. During reporting financial year, necessary regulatory approvals were received and therefore, the unrealized value of investment has been written off against the provisions made earlier.
- HBL Tonbo Private Limited (HTPL) was incorporated by HBL Power Systems Limited and Tonbo Imaging India Private Limited on September 12, 2022 with a sharing ratio of 51:49. There were no commercial operations since inception of HTPL. Subsequently, it was decided to explore other opportunities to carry on the intended business. The Board of Directors of HTPL in their meeting held on March 08, 2023, resolved to apply for voluntary striking off the name of the Company from the register of the Registrar of Companies under Section 248(2) of the Companies Act, 2013 read with rules made thereunder. In view of the decision of the Board of Directors HTPL, a provision for diminution of 100% value of investment in equity shares of HTPL of Rs.51,000 (being 51%) has been made during the reporting period.
