CAG report: 4 PSU insurers lacked checks & controls

Report finds lapses such as multiple settlement of claims, excess payment over insured sum

NIKHIL OHRI
New Delhi, 5 August

Inadequate checks leading to multiple claim settlements, excess payment over sum insured, and breach of caps limit for specific diseases are some of the lapses by four public sector insurers that the Comptroller and Auditor General of India (CAG) has flagged in its report.

The four insurers are New India Assurance Company (NIACL), United India Insurance Company (UIIC), Oriental Insurance Company (OICL), and National Insurance Company (NICL). According to the report, the insurers have incurred an aggregate loss of ₹26,364 crore in their health insurance portfolio between 2016-17 and 2020-21 on account of group health insurance policies where premium charged was less and claim outgo was more in comparison to retail policies.

The CAG report on "Third Party Administrators (TPAs) in Health Insurance business of Public Sector Insurance Companies" said processing of claims was done digitally both by insurers and TPAs. However, information technology systems of the insurers lacked appropriate checks and controls.

This resulted in lapses, among others, excess payments by ignoring waiting period clause for specific diseases, non application of co-payment clause, incorrect assessment of admissible claim amount, irregular payments on implants, and non-payment of interest on delayed settlement, the report said.

The auditor's findings revealed New India Assurance and United India Insurance settled claims more than once on different dates although the policy number, insured name, beneficiary name, hospitalisation dates, illness code, hospital name, and disease were the same.

While New India Assurance had 792 cases of multiple settlements involving a sum of ₹4.93 crore, 12,532 such cases of ₹8.60 crore were found at United India Insurance. Besides, 139 instances were found where

UNDER THE SCANNER

- 4 PSU insurers incurred aggregate loss of ₹26,364 crore in health insurance portfolio from 2016-17 to 2020-21
- Losses were on account of group health insurance policies where premium charged was less and claim outgo was more in comparison to retail policies
- About 792 cases of multiple settlements of ₹4.93 crore found at New India Assurance and 12,532 such cases of ₹8.60 crore found at United India Insurance
- New India Assurance failed to initiate action against hospitals whose staff was involved in fraudulent cashless claims

claims settled exceeded the sum insured, including bonus, by ₹33 lakh at New India Assurance. At United India, claims paid, including group claims, exceeded the sum insured in 2,223 cases involving ₹56.3 crore. Group policies include a provision for such excess payment over the sum insured by way of 'corporate buffer', the auditor said. However, the verification of claims did not indicate use of such a buffer, the auditor said.

PSU Insurances complex ties have their own network of hospitals called a Preferred Provider Network (PPN), but even after 10 years, enrollment of hospitals under PPN coverage was inadequate, the auditor said.

Electricity Bill 2022 to open door to private investment

The Bill could be tabled in Parliament next week

SURESH JAIN
New Delhi, 5 August

The long-standing proposal to amend the Electricity Act, 2002, could finally see the light of the day as it is likely to be tabled in Parliament next week.

The Electricity Bill, 2022, which proposes significant changes in the power distribution sector, will open the door to private investment. It will allow multiple distribution licensees to function in an area. Sources said the Bill has been introduced in Parliament.

Business Standard had reported recently that the Centre has dropped the proposal of privatising state-owned power distribution companies (discoms). It may introduce a model of multiple electricity sellers.

Through a proposed

KEY PROPOSALS

- Bill proposes multiple distribution licensees in an area, paving the way for network sharing
- Stringent regulations for timely payment by discoms, tariff filings and renewable power purchase
- Empowers Central and State Electricity Regulatory Commissions to get status of civil court, issue suo motu tariff orders
- Penal provision for defaulting on mandatory renewable purchase obligation

amendment to Section 14 and 42 of the Act, the Union government has allowed use of distribution networks by all licensees "under provisions of non-discriminatory open access." The recent set of amendments would provide choice to consumers through multiple distribution licensees on the same network.

The incumbent Act did

er distribution sector.

State-owned discoms across the country are financially and operationally beleaguered despite four reform schemes in the last 15 years.

The earlier discom reform scheme UDAY concluded in FY20 with most of the states failing to meet their stipulated targets and still in the red.

Another significant amendment proposed is the empowerment of the National Load Despatch Centre or the power grid operator. It can now regulate electricity supply to the discoms/states that default on payment to the power generating companies (genco). Under Section 28 of the Act, "no electricity shall be scheduled or dispatched under such contract unless adequate security of payment, as may be prescribed by the central government, has been made."

The amendment is in the wake of rising dues of discoms to generating companies. The dues of discoms stand at ₹1.12 trillion as on July-end, which is a record high.

HDFC secures \$1.1-bn loan for affordable housing plan

SURESHA PANDEY
New Delhi, 5 August

Mortgage financier HDFC Ltd on Friday said it has completed a \$1.1 billion syndicated social loan facility at a 3.3 per cent coupon rate for financing affordable housing projects in the country, making it the largest social finance issuance.

This transaction is the largest social loan globally, the first social external commercial borrowing (ECB) loan out of India and the largest ECB loan deal from a housing finance company/private NBFC in India.

The loan was priced at 90 basis points over the secured overnight financing rate (SOFR). It is a broad measure of the cost of borrowing cash overnight collateralised by treasury securities.

In July 2022, the Reserve Bank of India (RBI) increased the limit of ECBs under the automatic route from \$750 million to \$1.5 billion, and the mortgage has indicated in its earnings call that it is in the process of raising funds under this window of about \$1.1 billion.

MDFG Bank Ltd. (MDFG) was the lead social loan coordinator for this transaction and was one of the mandated lead arrangers and borrowers (MLAB). Citic Bank, Co. Ltd., Mizuho Bank Ltd., State Bank of India and Sumitomo Mitsui Banking Corporation were the other MLABs and Joint Social Loan Coordinators.

The funding will go towards financing affordable housing loans. In the June quarter around 23 per cent of home loans approved in volume terms and 10 per cent in value terms by HDFC was towards affordable housing.

Piped cooking gas price hiked by ₹2.63 per unit

The price of cooking gas piped to household kitchens in the national capital and adjoining areas was hiked by ₹2.63 per unit on Friday, the second increase in rates in less than two weeks. Piped cooking gas in Delhi will cost ₹50.59 per standard cubic meter, as against ₹47.96 per unit at Indraprastha Gas Ltd. said. This is the second hike in less than two weeks, the last being on July 26 by ₹ 2.1 per scm.

Govt to relax sugar export quota for '22

The government will relax the quantitative restriction of 10 million tonnes on sugar exports and will allow shipments of an additional 1.2 million tonnes in the current marketing year ending September. In late May, the Centre had decided to cap sugar exports at 10 million tonnes in the 2021-22 marketing year (October-September) to maintain domestic availability and price stability. Sugar mills have already exported nearly 10 million tonnes so far -- an all-time high.

New web-based facility for ration cards launched

The Centre, on Friday, launched a common registration facility in 15 states and UTs to enable homeless people, destitutes, migrants and other eligible beneficiaries to apply for ration cards. The National Food Security Act (NFSA) provides a maximum coverage for about 81.35 crore persons. Present, around 79.7 crore persons are given highly subsidised foodgrains under the Act.

VP poll today, Dhanekar favourite

Members of Parliament of both houses will vote on Saturday to elect the next Vice President of India in an election where NDA candidate Jagdeep Dhanekar is pitted against Opposition pick Mangal Alva. With numbers stacked in favour of the NDA, former West Bengal governor Dhanekar could win easily. The 80-year-old Alva has served as governor of Rajasthan and Uttarakhand.
