A strong foundation for a long journey ahead

ANNUAL REPORT 2020-21

A strong foundation for a long journey ahead

Our company, Anupam Rasayan India Limited, had humble beginnings as a partnership firm. We grew along with the growth of the country, growing from strength to strength, as we added technical capabilities and manufacturing capacity.

Our strides in the chemicals industry took us to the far corners of the world, connecting us with many people and touching the lives of many more. We imbibe the virtues of sustainability and environmentally-cognizant growth. We hone ourselves to be leaders in capacity, technology and technique. Our bouquet of bespoke offerings and the reliance placed on us by our customers enable us to maintain a strong position in this industry.

Our recently concluded initial public offer ("IPO") has further strengthened our capital

structure and has provided us with the wherewithal to explore various routes of growth for the future. Empowered by the trust reposed in us, we are confident that this support will catapult us to newer heights.

The success of our business model demonstrates that we have laid a strong foundation for ourselves and are now ready to begin our journey ahead.

Driven by science Led by values

Anupam Rasayan India Limited is one of the leading companies in India engaged in the custom synthesis and manufacturing of speciality chemicals. Our customers are at the core of our business ethos, and we cater to them by offering tailor-made solutions for their specific needs and requirements. To date, we have partnered with numerous globally relevant chemical and agrochemical companies, including 18 MNCs.

Our focus is to manufacture products sustainably using innovative manufacturing processes while applying our expertise in executing complex chemistries. Our research and development ("R&D") and engineering capabilities deliver value to our customers and cater to their complex and multi-step synthesis projects.

We take pride in our robust R&D structure, which essentially drives the growth of our Company and has enabled us to secure a strong market position. At Anupam Rasayan, we firmly believe that continued investment in R&D is imperative for long-term success and growth. Our existing R&D facility, together with the new and enhanced dedicated R&D center, is a testament to this belief.

Sustainable manufacturing and consistent growth have always been a top priority at Anupam Rasayan, and to that effect, we have developed eco-friendly, safer and innovative routes for many of our products. Most of these products have been introduced exclusively for our customers based on their specific needs and requirements.

Our six manufacturing units are located in Sachin, Surat and Jhagadia, Bharuch in the state of Gujarat. Our units are built in line with environmental consciousness, having sound technology and rich history of innovation through research. At Anupam Rasayan, we are committed to excellence in quality and sustainability.

Delivering chemistry across geographies

Anupam Rasayan has made a mark globally by catering to various geographies. A significant contribution of exports to Europe and other countries in Asia such as Japan, China and Singapore, together with a good share of business catering to the domestic market, gives a diversified geographical presence to the business of our Company. We endeavour to strengthen and optimize our portfolio by adding new customers, which will broaden the Company's geographical footprint and product expansion goals.

Building strong and lasting relationships

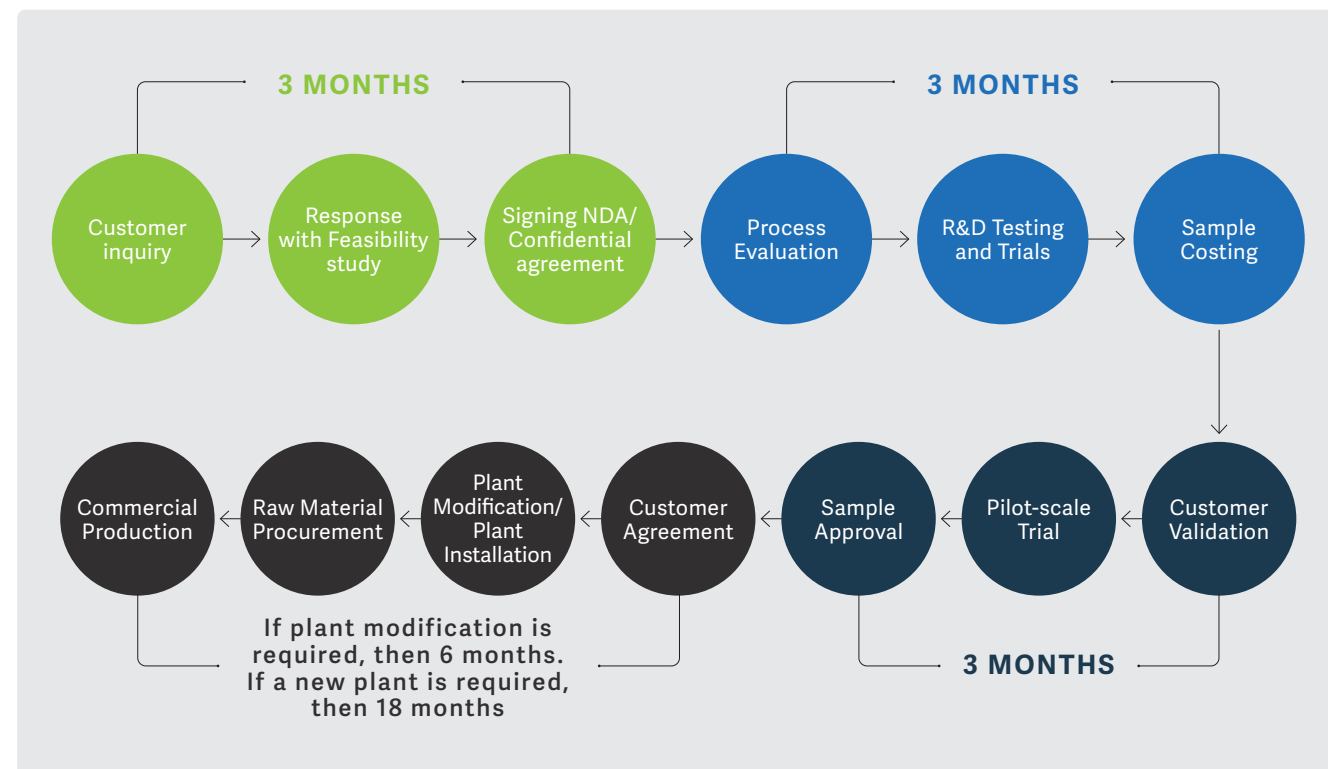

Anupam Rasayan prides itself on being a customer-centric business that believes in garnering long-term relationships with its customers and delivering valuable solutions for their varied needs.

Our expertise in our products, manufacturing processes and systems put- us in a suitable position to cater to the variety of needs of our customers. The Company follows a robust process to deliver quality products to its customers.

During this time, Anupam Rasayan handholds its customers and goes through various rounds of iterations to arrive at the final product. The customer is required to register us with various regulatory bodies during this process, which helps further in customer retention. Additionally, to limit the spread of sensitive and confidential information, customers select only a few suppliers for their products.

From customer inquiry to commercialization of a product, it can take between 15 to 27 months. The Company believes that its value chain inspires confidence in the customers, and a true partnership is formed in the process.

Note: period for the value chain is approximate and can differ depending on product and client requirements.

CUSTOMER RETENTION - A STRONG ENTRY BARRIER

We value our customers and channel our efforts for enlisting the Company as a preferred partner for our top clients for all their present and future requirements. Our expertise in executing complex chemistries and creating quality products set us apart. Our ability to retain and maintain our customers gives us a clear edge over the competitors. This capability can be attributed to certain factors in the business viz.,

- The time spent to onboard a new customer, after evaluation and analysis of the project and several rounds of discussions with a prospective customer requiring significant time, acts as an entry barrier for our competitors to enter this business domain.
- The customers desire to limit the number of suppliers for complex products to limit the divulgence of confidential and proprietary information.
- A high wallet share with long-standing customers, indicated by significant revenue contribution from our top 10 customers. To add to this, the Company has onboarded many clients in the last few years. Over time, the Company will corner significant wallet share from such new clients as well.
- Registration of manufacturers with local regulatory bodies, which our customers undertake.

The Company engages in long term contracts with its customers, typically between a range of two to five years, which enhances the visibility of operations and also helps in planning capital expenditures. Currently, these customers contribute to 23 products from our product portfolio; the contribution spread is expected to widen over more number of customers over the coming years.

We also supply niche molecules to some of our customers who are top MNCs from across the globe. They follow stringent customer audits and approvals, and the Company is obliged to adhere to such norms. Further, we aim to corner high wallet-share with scalable clients to expand our existing partnership with them.

Comprehensive manufacturing capabilities

Anupam Rasayan's state-of-the-art manufacturing infrastructure puts the Company at a distinct advantage. The Company has been engaged in manufacturing life sciences related speciality chemicals and other speciality chemicals since 1984, developing its manufacturing units with advanced and innovative capabilities for manufacturing processes. The manufacturing facilities are highly automated with multi-purpose plants for production and equipped with glass-lined, titanium-clad and stainless-steel reactors enabling the manufacturing of a diverse range of products.

In recent years, Anupam Rasayan has made an extensive investment in its capital infrastructure to double its manufacturing capacity. It puts the Company on a growth trajectory and positions it well to cater to the opportunities presented by the speciality chemical and allied industries.

The manufacturing units' proximity to the ports and key domestic markets serves as a strategic advantage as the Company not only exports across the globe but also has a huge domestic market for its products.

Anupam Rasayan is now ready to start its journey as a listed company to launch itself into another leg of growth.

COMMITTED TO DELIVERING QUALITY EVERY STEP OF THE WAY

Anupam Rasayan is dedicated to providing complete customer satisfaction through product quality, time-bound delivery and sustainability.

The Company's Quality Management system provides a rigorous framework which measures its product performance, further, the system itself is closely monitored and regularly updated to ensure smooth operations, year after year.

Anupam Rasayan's quality goals:

- To incorporate sustainable business practices continually
- To ensure time-bound delivery of products to its customers
- To institute a system for gauging customer feedback
- To institute a system for quality training of employees
- To achieve continuous improvement in its quality management system

Delivering value through R&D

We believe that research, development and innovation are critical in maintaining our competitive position, as it not only sets us apart from our peers but also enables us to deploy improved processes and commercialize innovative new products. To remain abreast with the changing consumer trends and industry developments, our Company develops innovative processes and undertakes complex chemistries.

We have dedicated in-house R&D facilities located at Sachin Unit 2 and Sachin Unit 6, which are equipped with modern and advanced equipment engaged in process development, process innovation, new chemical screening and engineering. Further, this assists us in pursuing efficiencies from the conceptualization stage up to the commercialization stage.

SUPERIOR CHEMISTRY & TECHNICAL PROWESS

In our 37 years of manufacturing experience, we have developed, processed and commercialized numerous complex and multi-step synthesis products based on a diverse range of chemistry. In the process, we have gained tremendous expertise and in-depth knowledge of the products, processes and chemistries.

Flow Chemistry

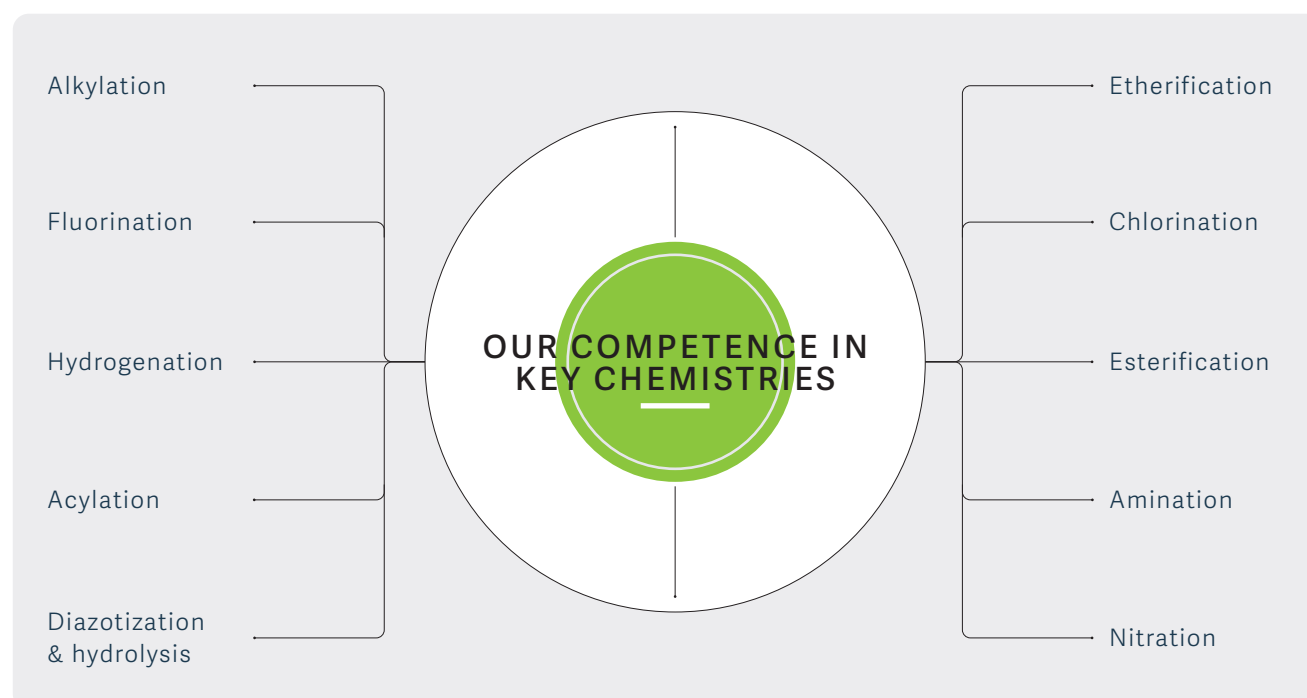

Over the years, we have deployed process technologies in flow chemistry. Today, we are one of the leading Indian companies to use continuous and flow chemistry technology on a commercial scale.

Reduced lead time, low environmental impact, higher yields and cost efficiency are some of the significant advantages that flow chemistry technology has over the traditional batch processes.

Photochemistry

Another area of focus for the Company is photochemistry technology, which is increasingly becoming an important tool in the search of new active compounds for speciality chemicals and pharmaceuticals. Shorter and simplified multistep synthesis of complex molecules, larger potential for automation, increased accessibility to the portfolio of novel compound families are some of the key benefits of using photochemistry. In addition, photochemistry requires microreactors, unlike conventional photochemical systems which require larger reactors.

Navigating the new normal

"Even when much of the industry was in the doldrums, our team ensured production, operations, deliveries and client satisfaction remained as usual."

DEAR SHAREHOLDERS,

It gives me immense pleasure to share with you our first post listing annual report. I would like to begin by thanking all our investors and stakeholders for supporting us through the years and for inspiring confidence in us - you are the reason behind our successful IPO. We hope to continue our legacy and achieve big milestones together, in the years to come.

"We have shifted to renewable energy (solar power), are using natural-gas based steam to run our plants and have tried to minimise our dependency on fossil fuels."

We have all experienced the spectre of COVID-19 which has been looming on us for the last year and a half. It has been a turbulent time and the people around the world have suffered and endured through this pandemic. It has challenged and disrupted economies and lives, and it is in these circumstances that one leans on its leadership to steer through the storm. We at Anupam Rasayan, not only navigated through all these challenges but have also spread the wings for a higher flight. Despite the year's harrowing environment, we were able to deliver value for our customers as well as our shareholders.

This being our maiden annual report post listing, I would like to take this opportunity to take you through the cornerstones of Anupam Rasayan - the pillars on which our business model rests.

Quality

We believe in setting ourselves apart by ensuring excellence in our products. This enables us to work side-by-side with the leading players in our industry.

Innovation

We understand that ours is an industry where innovation is a strength. Therefore, with a more than 55-person dedicated team constantly working on process innovation, identifying and cracking complex chemistries and enabling multi-step synthesis, we are completely committed to a robust R&D function.

Environmental Sustainability

We are also cognizant of the fact that it is our environment that allows us to function efficiently so that we can make the most of our potential. Therefore, we work towards constantly adopting sustainable practices in each of our functions. In this endeavour, we have shifted to renewable energy (solar power), are using natural-gas based steam to run our plants and have tried to minimise our dependency on fossil fuels.

People Responsibility

We are also mindful that our greatest strength lies in our people. Therefore, we constantly keep ourselves ready for all eventualities by conducting hazard and operability studies. We train our manpower to meet the foremost standards of safety and secure workspace practices, while also mitigating risks by engineering effective controls.

55

PERSON DEDICATED R&D TEAM

These fundamental values shape how we do business - more than our incremental strides in the business, assets and growth projections, it is these ideals which drive us towards excellence.

To conclude, I would like to convey my heartfelt gratitude to our team for showing such determination and resilience through these trying times. Even when much of the industry was in the doldrums, our team ensured production, operations, deliveries and client satisfaction remained as usual. I would also like to thank all my colleagues on the Board, the senior management, our dedicated team, our clients, bankers, government and regulatory authorities for being instrumental in our success story. Finally, and most importantly, I would like to thank the latest additions to our family of stakeholders - you, our public shareholders, for being part of our growth story and empowering us for our journey ahead.

Yours sincerely,

NEW PRODUCTS
COMMERCIALISED IN FY 21

DEAR SHAREHOLDERS,

It is my distinct pleasure to reach out to our shareholders by way of this message. I would like to take this opportunity to thank each one of you for reposing your valuable faith in the Company.

Evolution

Since pursuant to listing of the Company's equity shares, this is our first Annual Report, I find it apposite to reminisce and give you a brief history of our Company's journey thus far. The Company was established in 1984 as a manufacturer of conventional products. By 2006, our Company began supplying an anti-bacterial product to a European customer and, till date, remains a primary supplier of the product to this customer. In 2010, we started supplying agrochemical intermediates to the global major Syngenta. To match growing demand and leverage opportunities in the agrochemical industry, the Company commissioned its Jhagadia Unit 4 located at Jhagadia GIDC, Gujarat in 2014. Soon thereafter, we onboarded Japanese major Sumitomo Chemicals as our customer for the supply of life science related speciality chemicals. Over the past 3-4 years, we have made significant capital expenditure amounting to ₹ 8,000 million for setting up Unit 5 at Jhagadia GIDC and Unit 6 at Sachin GIDC, effectively doubling our manufacturing capacity. We foresee that this augmented capacity will power our growth engine for the coming few years. From our humble beginnings to becoming one of the leading companies engaged in the custom synthesis and manufacturing of life science related and other speciality chemicals serving a diverse base of Indian and global customers, it has been a journey to recount.

OUR STRENGTHS

Through robust technological capabilities and a strong relationship with our existing clients, we have grown into a formidable position in the life science related speciality chemicals industry. Currently, for many of our products, we are a preferred supplier with a zero-attrition rate of customers till date. This in itself is a unique feat in our industry. We are one of the very few companies with a track record of commercially manufacturing products through continuous process technology, instead of the conventional batch method. This gives us many operational advantages over our peers.

It gives me immense pride to inform you that we are currently in the initial stages of development of technology and processes for photo-chemistry, with continuous processes system. This photo-chemistry technology is a critical tool in researching new active compounds for speciality chemicals and the pharmaceutical industry. It offers high automation potential for automation, reduced lead time for multistep synthesis and provides increased accessibility to a portfolio of novel families of compounds.

We are also in the development phase for three different products and the future looks promising for each one of them. Further, we are also in a very advanced stage of working on new molecules which will have application in pioneering technologies in the telecom sector and would be rolled out globally in the near future. We will be one of the very few companies manufacturing this molecule globally.

This emphasis on incremental technology and path-breaking innovation will keep fueling our Company's growth story.

OUR STRIDES

In April 2021, we bagged an order worth ₹ 11,000 million from one of the top 10 global life science companies for three different molecules which are to be supplied over the next 5 years. In May 2021, we bagged orders worth ₹ 5,400 million for two new molecules from two different multinational companies, one of whom was an existing client. This year Adama has also come on board as a client.

We are also in the advanced stages of signing new deals with various global clients. In other words, our Company is not only growing in capacity but is also taking significant strides in cementing its position commercially in this industry.

OUR PERFORMANCE

In the last financial year, i.e. FY2020-21, we commercialized about 9 new products in FY21 which contributed significantly to the growth of the business. During this period, the total income grew by 55% to ₹ 8,373 million from ₹ 5,398 million in the previous year. This growth was driven by capacity utilization of newly commercialized Units 5 and 6, whose capacity utilization was 52% and 59% respectively. 80% growth in this financial year came from the recently commercialized units as well as the recently commercialized products. Overall, during this period, the life science segment contributed 92% to the sales while 8% was from the other speciality chemicals.

Our Company's EBITDA rose by 53% to ₹ 2196 million in FY 2020-21 from ₹ 1,453 million in the previous financial year, with the EBITDA margin being at 26%. Our profits after tax for this year stood at ₹ 699 million compared to ₹ 530 million in the previous year. Our fundraising enabled us to repay borrowings aggregating to ₹ 4,705 million. With the total repayment of ₹ 5,600 million, there will be a significant saving of about ₹ 500 million in the interest cost in the current financial year. I am very glad to inform you that, as on March 31, 2021, our net debt to equity ratio has come down to 0.06 from 1.33 in the previous year - a massive deleveraging of our Balance Sheet.

In closing, I am very glad to inform you that our Company has secured itself for the times to come with a strong grounding in technological advancements and a robust balance sheet. With your support, I am confident that we will keep on growing from strength to strength and create the maximum value for our stakeholders.

Yours sincerely,

- She has published research papers in various journals in the past and has been a part of various consultancy projects assigned by Sardar Vallabhbhai National Institute of Technology, Surat

7. MR VIJAY KUMAR BATRA INDEPENDENT DIRECTOR

- Completed an Executive Development Program from Wharton School, University of Pennsylvania and holds a Bachelor's degree in Chemical Engineering from Indian Institute of Technology, Delhi.
- He has previously served on the board of Flow Chemistry Society (India chapter)
- He is a member of the Institute of Chemical Engineers.
- His previous stints include - managing director of Regent Drugs Limited, Albany Molecular Research and Hyderabad Research Centre Private Limited. He has also served as the president and director of J.K. Drugs and Pharmaceuticals Limited. He has also consulted with various companies involved in the pharmaceutical sector in the past

8. MR VINESH PRABHAKAR SADEKAR INDEPENDENT DIRECTOR

- Holds a Bachelor's degree in Chemical Engineering from University of Bombay.
- He was a member of the executive committee and the chairman of the Human Resources Committee with the Organisation of Pharmaceuticals Producers of India.
- He was elected as an honorary fellow of the Indian Institute of Chemical Engineers.
- His previous stints include - Managing Director of Navin Fluorine International Limited and Cheminova India Limited. He has served as the president of Searle (I) Ltd.
- He is the founding partner of KT Energy Solutions LLP.
- He was awarded the "Outstanding Achiever Award for 1996" by RPG Enterprises

Measuring our progress

Anupam Rasayan has witnessed exceptional growth in the past few years and especially in FY21, despite the COVID-19 pandemic. The Company had a strong financial performance during the three years before its IPO with 34% year on year growth.

The Company had a top-line growth of 55%, from ₹ 5,398 million in FY20 to ₹ 8,373 million in FY21. The Company's EBITDA grew from ₹ 1,453 million in FY20 to ₹ 2,196 million in FY21, and the Company's profit increased by 32%. This robust growth can be partly attributed to the foresight of the leadership who invested over ₹ 8,000 million in CAPEX before the IPO.

Focus areas that shape our future

With decades of experience in the chemical industry, Anupam Rasayan is at the forefront with its innovation and product excellence. Over the years the Company has strengthened its capabilities, improved its efficiencies and bolstered its presence, thus strategically placing itself in a growth curve. We are optimistic that we will be able to deliver sustainable growth to our key strategic priorities.

Continue to focus on custom synthesis by developing innovative processes and value engineering

- Focused on developing innovative in-house processes for new complex chemistries like Hydrogenation and Photo Chlorination
- Focused on moving up the value chain by replacing lower value products with higher value products through value engineering, thus ensuring a higher engagement level and more business from existing clientele
- Ramp-up cross-selling initiatives for its established clientele, to focus more on high-value products
- Focused on early-stage process innovation and development, to capitalize on the complete lifecycle of some products

Diversify product portfolio and enhance expertise in chemistry

- In FY21, 9 new products have been added and there are some critical molecules in the pipeline that will be commercialised in the coming years
- Greater emphasis on chemistries like Grignard, Ethylene Oxide, Ammoxidation and Isobutylene, which will enable adding more products in the life science chemicals vertical
- Tapping into newer industry segments and geographies
- Going forward, the Company aims to focus on patented molecules in the early stages of their life-cycle. It aims to explore medium to high-value products in complex chemistries

Expand the business by harnessing industry opportunities through organic and inorganic growth routes

- Steady organic growth through newer products, clients and chemistries
- Select inorganic opportunities to expand niche verticals
- The 'China plus one' strategy, along with the de-risking of global supply chains to develop an alternate manufacturing base provides ample opportunities for the Indian chemical industry. In addition, government initiatives like 'Make in India' and 'Atmanirbhar Bharat' will boost the Indian CRAMS market within the next 5 years

Continue to focus on cost efficiency and boosting productivity

- Focused on adopting energy-efficient technologies and practices, and increasing the use of alternative fuels, energy and raw materials. Some initiatives in this direction are – the adoption of a solar power plant, use of natural gas-based steam and hot oil boilers, which will help optimize production costs and improve product quality
- Further developments in the integration of the value chain and manufacturing facilities, by carrying out majority processes in-house to maximize efficiencies
- Developing cost-reduction strategies and implementing more sustainable methods in operations to maintain cost leadership

Our responsibilities toward our communities

At Anupam Rasayan, we firmly believe that besides our responsibilities towards our customers, employees and our business, we have a greater duty towards the communities we operate in and the environment in which we work. We have always taken these duties as non-negotiable and have tried to ensure that our communities grow along with us in our journey. Our social responsibilities have been imbibed within our Company's value system, and we endeavour to do our bit to make our communities more inclusive, happy and healthy.

Over the years the Company has contributed to many social causes benefitting thousands of underprivileged people in the rural areas of Gujarat. These programs are aimed at improving the quality of life of the community people by enhancing their health and providing them with the necessary skills to undertake livelihood opportunities.

In FY 2020-2021, Anupam Rasayan has undertaken a variety of developmental activities ranging from providing education, basic healthcare, developing infrastructure for its communities and conserving nature. Through its undeterred commitment towards its societal duties, the Company is well on its way to creating inclusive and sustainable communities around it.

FOCUS AREA	PROJECT	OBJECTIVES	YEAR AND DURATION OF PROJECT

Our people and the planet responsibilities

Anupam Rasayan is committed towards its people and planet responsibilities - it envisions a future world that is both sustainable and equitable. The Company not only believes in innovating to remain relevant but it also believes in innovating to pursue sustainable practices.

Imbibing the spirit of sustainability, by

- Using alternate power sources like our upcoming solar power plant and natural gas-based steam
- Installing hot oil boilers to promote energy efficiency
- Minimizing carbon footprint by reducing fossil fuel dependency

To achieve the highest standards of environmental excellence, the Company engages in responsible and green operations. In 2020, the Company received a Bronze sustainability rating by EcoVadis for the same.

Effective Waste Management

It is our constant endeavor to incorporate efficient eco-friendly technologies in our processes and to that extent, the Company has dedicated a full-fledged process optimization team that work on the existing as well as new products, to minimize by-product formation.

- Zero Liquid Discharge Sites
- Biological Treatment Systems, Evaporation and Oxidation technologies

Efficiency in process safety

We aim to operate our manufacturing units with safe and efficient processes and to minimise any potential risk of malfunctions. To that effect, we employ globally reputed safety standards coupled with our in-house standards and conduct various tests at all stages of product development - be it at the level of R&D or the pilot plant level. These tests generate process safety data of the said product, which is further used to design its standard operating procedure (SOP). In addition, we have

- Installed liquid multiple effect evaporation system
- Implemented advanced ozonation
- Installed scrubbers using different media

Prioritising safety of employees

We continuously ensure to engage in reasonable practices and that the health, safety and welfare of all our employees remain our foremost priority. We are committed to conducting all our operations safely in a reliable manner. To mitigate occupational risks and hazards we have created certain checks and balances including a periodic risk assessment, thus ensuring a safe and clean work environment for our employees.

- Running reaction and differential calorimetry tests
- Conducting hazards and operability studies
- Mitigate hazards with engineering controls and secure work practices

Robust transportation safety

For a chemical business like ours, transportation safety is of paramount importance. Not only is there a strict regulatory framework in place mandating the protocols for safe carriage of our products and raw materials, but we also imbibe the virtues of the precautionary principle. The focus of the transportation safety protocols is towards both public health and safety, as also the safety of our supply chain.

Management Discussion & Analysis

>>Growth is concentrated in a few major economies, with most emerging market and developing economies (EMDEs) lagging behind.<<

GLOBAL ECONOMY

The global economy is set to expand by 5.6 % in 2021—its strongest post-recession pace in 80 years—in part underpinned by steady but highly unequal vaccine access. The global recovery is uneven. Growth is concentrated in a few major economies, with most emerging market and developing economies (EMDEs) lagging behind. While about 90 % of advanced economies are expected to regain their pre-pandemic per capita income levels by 2022, only about one-third of EMDEs is projected to do the same. As a result, per capita income catch-up with advanced economies is expected to slow or even reverse in many poorer countries.

The global outlook remains subject to significant downside risks, which include the possibility of additional COVID-19 waves and financial stress amid high EMDE debt levels. The legacies of the pandemic exacerbate the challenges facing policy makers as they balance the need to support the recovery while safeguarding price stability and fiscal sustainability. A comprehensive set of policies will be required to address the long-term scars brought about by the pandemic and steer the recovery onto a green, resilient, and inclusive development path.¹

INDIAN ECONOMY

After the 2020 GDP contraction, economic growth is projected to bounce back in 2021, driven by pent up demand for consumer and investment goods. The unexpected infections upsurge since February had weakened the nascent recovery and could compound the financial woes of corporates and banks. As public anxiety over the virus spreads and lockdowns, high-frequency indicators suggest that the overall annual impact is likely to be muted. Wholesale and retail inflation rates remain elevated but within the target range of the central bank. The damage that COVID-19 continues to inflict on the poor makes it necessary to prioritise policies that reduce scarring effects, in particular for children that have been out of school for months, and increase investment and employment opportunities. The banking sector remains fragile, although the proposal to create an asset recovery company and the planned privatisation of two public banks testify to the authorities' commitment to reforms. The healthy foreign exchange reserves position should provide sufficient buffers to deal with any potential external shock-driven capital-stop or outflows in the period ahead.²

Management Discussion & Analysis

GLOBAL CHEMICAL INDUSTRY

The global chemicals market is expected to grow from \$3340.32 billion in 2020 to \$3728.43 billion in 2021 at a compound annual growth rate (CAGR) of 11.6%. The growth is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The market is expected to reach \$4304.71 billion in 2025 at a CAGR of 4%.

The Asia Pacific was the largest region in the global chemicals market, accounting for 49% of the market in 2020. North America was the second largest region accounting for 17% of the global chemicals market. Africa was the smallest region in the global chemicals market.³

GLOBAL SPECIALTY CHEMICALS INDUSTRY

The global speciality chemicals market was valued at \$725.0 billion in 2019 and is projected to reach \$953.9 billion by 2027, growing at a CAGR of 5.0% from 2020 to 2027.⁴

Continuous R&D in this market has facilitated the development of products with optimum and advanced features. This is one of the major factors that drive the growth of this industry. With rapid industrialization, noticeable demand from Asian countries such as India and China have arisen.

There has been a rise in investments in construction and infrastructure development projects in Asia-Pacific. Therefore, Asia-Pacific is considered as a favourable destination for the speciality chemical manufacturers with a 44% market share; thereby, boosting the market growth. This can be attributed to the large customer base, leading to high demand for speciality chemicals, increasing industrial production, and robust growth of the construction sector in the region.

GLOBAL CRAMS INDUSTRY

With the spread of COVID-19, the global manufacturing base is expected to transition from China to other potential regions (such as Indian sub-continent & South East Asia) driven by a global strategy shift of reducing existing dependency on a single country. Further, the overall anti-China sentiment across the globe adds to this element as well.

The pace of contract manufacturing has also been increasing, with the companies shifting their focus on core activities driven by outsourcing of production to low manufacturing cost destinations from the APAC region. This can be a boon to countries like India, who are currently strengthening their manufacturing capacities to cater to global needs.

Management Discussion & Analysis

INDIAN CHEMICALS INDUSTRY

India is the sixth largest chemicals producer in the world, with the business being worth USD 178 Bn in the financial year 2019-20. The chemicals industry in this country is thoroughly diversified with more than 80,000 products being manufactured. What makes India a prime destination for this industry is the attractive labour cost, being about USD 130 per month, one of the lowest in the world. On the Regulatory front, India allows for 100% Foreign Direct Investment under the automatic route (except for hazardous chemicals), thereby making it a conducive environment for overseas investment.

The Indian chemicals industry can boast of fast growing verticals in the form of petrochemicals, speciality chemicals and agrochemicals, with speciality chemicals contributing to about 50% of the country's total chemicals export.

While India contributes about 5% to the global export volume of chemicals, the domestic demand is also healthy, accounting for about 2.5% of global chemical sales.

INDIAN CRAMS INDUSTRY

Indian CRAMS market is expected to grow at 12% in the next 5 years, owing to strong growth from end-use demand. Additionally, the 'China plus one' strategy and the shift in manufacturing operations from China provides an opportunity for India to capture a larger market share in the future.

This industry is often hamstrung due to the strict international and domestic IPR enforcement regimes. However, products worth USD 4.2 Bn are expected to go off-patent by the year 2020 – 2023, globally. This will allow for the CRAMS industry to make the most of the know-how which will become available in the public domain and thereby capitalise on these opportunities in the post-pandemic economy.

INDIAN SPECIALTY CHEMICALS INDUSTRY

The Indian speciality chemicals industry is poised to grow in the coming years. At present, India accounts for approximately 1% to 2% of the global exportable speciality chemicals, which indicates a large scope of improvement and widespread opportunity for the future. The factors contributing to the favourable position of the Indian chemicals industry are low cost of labour, lower operating costs, competitive infrastructure, SEZs, incentives to boost domestic manufacturing and business-friendly policies. The Indian government's 'Make in India' initiative is further expected to act as a catalyst to the growth of the Indian manufacturing industry for chemicals.

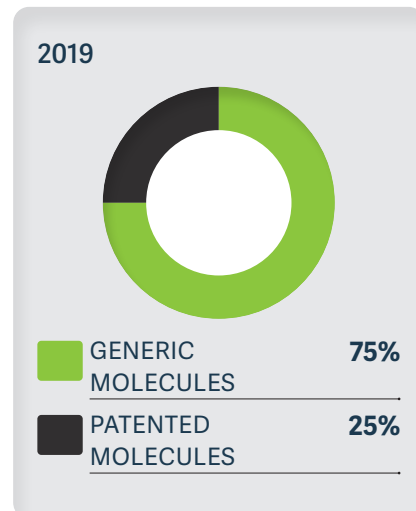

Other factors that significantly contribute to this growth include, India's low corporate tax rate, India's improving "Ease of Doing Business" ranking and India's low amount of external debt.

AGROCHEMICALS AND API INDUSTRY

AGROCHEMICALS

While there have been several initiatives taken by both the public and the private sectors, agricultural techniques in India remain largely traditional. Crop life-cycles are often left to the mercy of the elements, yet food security remains one of the important concerns for the Indian agrarian economy which is required to support an ever-burgeoning population. While governmental initiatives like budgetary provisions and increased minimum support prices attempt to secure the Indian farmers, unless more advanced technologies are adopted, these efforts are bound to fall short. Data shows that India has one of the lowest per capita consumption of crop protection chemicals per hectare, which indicates that there is huge scope for the growth of this kind of agrochemicals.

Management Discussion & Analysis

API

One of the key drivers in the API industry is the increased focus on new geographies in the global pharmaceutical industry. This has brought about a change to the speciality chemicals segment. Further, strong domestic demand in relation to the Indian API industry is a welcome trend which is expected to keep the market buoyant.

The Indian API manufacturers are currently focusing their efforts on improving marketing abilities by raising production yields, changing production processes and increasing international markets sales. The industry is making use of government schemes to set-up unique zones and bulk drug parks under the PPP model where the Indian government funds 70% of the project costs. In addition, the government's Production Linked Incentive (PLI) scheme promotes domestic production of key raw materials, direct intermediates and APIs, which further boosts the industry.

OPPORTUNITIES

1. Increase in demand for Chemicals & Petrochemicals

India will be going to emerge as a global chemical and petrochemical manufacturing hub. The government of India has launched flagship programs such as Make in India and the Atma Nirbhar Bharat Abhiyan to provide much-needed support to this sector and create a facilitative environment to attract further investments.

2. Production Linked Incentive Scheme for the manufacturing sector

The objective of the PLI Scheme:

1. Competitive & efficient domestic manufacturing.
2. Attract investment in core sectors & cutting-edge technologies.

3. Make India part of the global supply chains.

4. Enable economies of scale and exports.

- The minimum production in the country as the outcome of the PLI scheme stands to be around \$ 56 billion in the next 5 years.
- Cashback and incentives between 2% and 20% of the incremental sales revenue (over the base year) and incremental exports revenue depending on the sector.
- Potential to create 14 million man-months' worth of jobs directly from 2021-22.

3. **Enabling easier business in India for chemical firms by means of infrastructure & fast track approvals**

4. **Improving focus on R&D, by technology and skill development**

5. **Adopting a sustainable growth approach, by implementing and incentivizing compliance of health & safety guidelines in the premises of the facility.**
6. **Move towards green solution Stricter environmental regulations from governments driving greener solutions. More and more consumers are now opting for greener solutions.**
7. **Nanotech and advanced polymers: Increased demand for advanced polymers with rising demand from packaging, new age mobility & electronic industries have given rise to emerging technologies such as Nanotec.**

CHALLENGES

- Lack of awareness and non-scientific application: The average Indian farmer lacks basic agronomy understanding and relies on skills and knowledge gained from experience or product suggestions made at a point of sale, such as by an Agri input store.
- A significant reliance on generic molecules: India's agrochemical use is characterized by the widespread use of generic molecules, some of which have been in use for decades. Even if the adoption of newer or better molecules is increasing, it is still low.
- Agrochemical consumption is minimal in India when compared to many other agriculturally advanced countries and the global average.

COMPANY OVERVIEW

Anupam Rasayan India Limited was incorporated in 1984 and it is one of the leading companies engaged in the custom synthesis and manufacturing of speciality chemicals in India. Its business verticals are -

- life science related speciality chemicals including products related to agrochemicals, personal care and pharmaceuticals,
- other speciality chemicals, including speciality pigment and dyes, and polymer additives.

The Company has six manufacturing sites located in Sachin, Surat and Jhagadia in Gujarat. All of these facilities are ISO 9001:2015 and ISO 14001:2015 certified.

The Company focuses on manufacturing products sustainably using continuous process technology.

While our strong foundation allows us to take prudent risks, the following pillars of our business enable us to identify and initiate opportunities to strengthen our business.

- Spread in customer base - We have high wallet shares with long standing customers, indicated by significant revenue from our top 10 customer. Our customer base currently comprises a number of multinational, regional and local companies including many multinational corporations such as Syngenta Asia Pacific Pte. Ltd., Sumitomo Chemical Company Limited, UPL Limited and Adama Limited. As of FY21, we manufactured products for over 64 domestic and international customers, including 18 multinational companies
- Manpower - We are supported by our committed employee base and believe we have a mutually beneficial relationship with our employees. We had an attrition rate of 5% in Fiscal 2021. Our employee base has been growing consistently over the years and we had 1,286 permanent employees, as of FY21. Further, we introduced ESOP - 2020, an Employee Stock Option scheme as an initiative to retain our manpower for longer term. We also conduct training workshops for our employees to develop a variety of skill sets and organize modules at regular intervals to promote teamwork and personal growth of employees.
- Research and development - We have a dedicated in-house R&D facility located at Sachin Unit - 6, which is equipped with laboratories engaged in process development, process innovation, new chemical screening and engineering that assist us in pursuing efficiencies from the initial conceptualization up to commercialization of a product. The Department of Scientific and Industrial Research has also recognized our in-house R&D facility. In addition, we have a pilot plant at Sachin Unit - 6 that has the capability to support customer needs for pre-commercial production for product development by employing new production technology and performing large number of complex chemical reactions. Each of our products are subjected to quality check by our in-house R&D team, to ensure that the finished product meets customer standards and other specifications

Management Discussion & Analysis

- Green chemistry and environment sustainable perspective throughout the value chain and in the processes of the Company. - We have a target driven approach to environment, health and safety measures. To minimize water pollution, we have installed a (i) liquid multiple effect evaporation system that allows for recovery of high total dissolved solids and recycling of water for processes; and (ii) advanced ozonation. Further, to minimize waste, we have implemented (i) new chemical technologies to achieve better yields and minimize by-product formation; (ii) continuous distillation systems to minimize residue generation; (iii) solvent extraction system which helps in recovery of products as well as minimizing the effluent load in the effluent treatment plant; (iv) specialised materials of construction, such as, graphite to eliminate leakages and corrosion during the manufacturing process; and (v) heat exchangers with primary and secondary systems with the provision of cooling water and chilled/ brine circulations.

The Company's EBITDA grew from ₹ 1,453 million in FY20 to ₹ 2,196 million in FY21, and the Company's profit increased by 32%. This robust growth can be partly attributed to the foresight of the leadership who invested over ₹ 8,000 million in CAPEX prior to the IPO.

- Repayment from IPO proceeds reduced borrowings
- As of FY21, the Company has repaid ₹ 4,705 million of its total debt
- Net worth stands at over ₹ 15,726 million with significantly reduced debt, providing further headroom for organic and inorganic growth
- Further expansion of profitability and improved cash flows
- Significant Improvement in Credit Rating of the Company from CRISIL A- to CRISIL A, as a result of the significant deleveraging of the Balance Sheet
- Return on Equity is expected to improve significantly as new capacity comes into play and due to various cost reduction measures taken by the Company

FINANCIAL OVERVIEW

ANNUAL PERFORMANCE FY 2020-2021

- Continue its focus on custom synthesis by developing innovative processes and value engineering.
- Diversify its product portfolio and enhance its expertise in chemistry
- Expand the business by leveraging industry opportunities through organic and inorganic growth routes
- Continue its focus on cost efficiency and boosting productivity

RISKS AND CONCERNS

Risk type	Details and Mitigation measure
Client Concentration Risk	The Company is dependent on a limited number of customers for a significant portion of its revenues. Revenues generated from sales to its top 10 customers represented 81% of its revenue from operations in Fiscal 2021. The loss of one or more of these significant customers or a significant decrease in business from any such key customer, whether due to circumstances specific to such customer or adverse market conditions affecting the chemical industry or the economic environment generally, such as the COVID-19 pandemic, may materially and adversely affect its business. The Company has developed strong and long-term relationships with certain of its key customers. Due to the quality of the products manufactured and other factors; the Company is the preferred supplier to many of its key customers with few of them being with the Company for over a decade.
Foreign Exchange Risk	The Company has material exposure to foreign exchange related risks since a significant portion of our revenue from operations are in foreign currency, including the US Dollar. Any appreciation or depreciation of the Indian Rupee against these currencies can impact its results of operations. The Company may from time to time be required to make provisions for foreign exchange differences in accordance with accounting standards. The Company is very careful and selectively enters into hedging transactions to minimize its foreign currency exchange risks
Dependence on Key Personnel	The Company is dependent on its Promoters, Directors, senior management and other Key Managerial Personnel as well as persons with technical expertise for setting its strategic business direction and managing its business. Experienced Promoters and senior management team with significant experience in the chemical industry lead us. The Company is also dependent on its Key Managerial Personnel including its business heads for the day-to-day management of its business operations. The Company cannot assure that it will be able to retain these employees or find adequate replacements in a timely manner, or at all. However, most of its key personnel have stayed with the Company for a significant amount of time. The Company has made tremendous efforts in the development of a professional, high-ranking management and leadership team, which has been provided with enough autonomy to function on its own.
Raw Material Risk	The Company's competitiveness, costs and profitability depend, in part, on its ability to source and maintain a stable and sufficient supply of raw materials, such as, phenol and benzene derivatives, bromine, difluorochloromethane, pyrazole, various chloro and fluoro intermediates, solvents, chloro-alkalies and metal catalysts, at acceptable prices. The Company has historically sourced raw materials from multiple vendors in India, China and Japan and continue to diversify its procurement base. The Company has not faced significant disruptions in the procurement of raw materials in the past. There have also been no material disputes with suppliers in the past three financial years that have had an impact on the business operations and financials of the Company.
Economic Risk	The Company is dependent on domestic, regional and global economic and market conditions. The Company's performance and growth is dependent to a large extent on the health of the economy in which it operates. The company has been making conscious efforts to increase its global presence. It has substantially reduced its dependency on performance of any specific economy by diversifying its product sales in various geographies.
Regulatory Risk	The Company is required to obtain, renew or maintain statutory and regulatory permits, licenses and approvals to operate its business and its manufacturing facilities. Also, Government regulations and policies of India as well as the countries to which it exports its products can affect the demand for, expenses related to and availability of its products. The Company makes tremendous efforts in applying for some of these approvals in time. Also, the Company is in compliance with all corporate governance requirements as on date.

Management Discussion & Analysis

HUMAN RESOURCES

A company's success relies on the strength of its people, and Anupam Rasayan is no different. Being in an industry driven by intellectual capital, our people are the greatest and most important asset we have. The Company firmly believes that its human resources are the key enablers for the Company's growth and are one of its most important assets. Taking this into account, the Company continues to develop its human capital and establish its brand in the market to attract and retain the best talent. During the period under review, employee relations continued to be healthy, cordial, and harmonious at all levels, and your Company is committed to maintaining good relations with the employees. As of March 31st, 2021, there were 1,286 employees on the payrolls of the Company.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has a robust system of internal controls to safeguard and preserve its assets from loss, illegal use, or disposal. All transactions are approved, documented, and reported to Management in a prompt manner. The Company complies with all relevant accounting standards for the appropriate maintenance of books of accounts and the presentation of financial statements. The Audit Committee establishes the scope, operation, frequency, and technique for internal auditing. Internal auditors conduct audits, which include monitoring and evaluating the effectiveness and adequacy of the Company's internal control systems and compliance with operating systems, accounting procedures, and policies across all locations. They also submit periodical internal audit reports to the Audit Committee. Process owners take required measures in their respective areas based on the Audit committee's internal audit report and evaluation.  13. If the final dividend, as recommended by the Board of Directors, is approved at the AGM, payment of such dividend, subject to deduction of tax at source, will be made on or after October 5, 2021 to all the Beneficial Owners in respect of shares held in dematerialized form as per the data as may be made available by the National Securities Depository Limited ("NSDL") and the Central Depository Services (India) Limited ("CDSL"), collectively referred as "Depositories", as of the close of business hours on Thursday, September 16, 2021.
 14. Members may note that the Income Tax Act, 1961, ("IT Act") as amended by the Finance Act, 2020, mandates that dividends paid or distributed by a company shall be taxable in the hands of its members. The Company shall therefore be required to deduct tax at source (TDS) at the time of making the payment of dividend to the Members. In order to determine the appropriate TDS rate as applicable, Members are requested to submit the following documents in accordance with the provisions of the IT Act.
- FOR RESIDENT SHAREHOLDERS:**
- Tax will be deducted at source ("TDS") under Section 194 of the IT Act @ 10% on the amount of dividend payable unless exempt under any of the provisions of the Act. However, in case of individuals, TDS would not apply if the aggregate of total dividend distributed to them by the Company during the financial year does not exceed ₹ 5,000/-.
- TDS will not be deducted in cases where a shareholder provides duly completed Form 15G (applicable to individual) / Form 15H (applicable to an individual above the age of 60 years), provided that the eligibility conditions are being met. NIL / lower tax shall be deducted from the dividend payable to certain classes of resident shareholders such as Insurance companies, Mutual Funds, Alternative Investment Fund (AIF) established in India, New Pension System Trust, etc. on submission of self-declaration.

FOR NON-RESIDENT SHAREHOLDERS:

Tax is required to be withheld in accordance with the provisions of Section 195 and Section 196D of the IT Act at applicable rates in force. As per the relevant provisions of the IT Act, the tax shall be withheld @ 20% (plus applicable surcharge and cess) on the amount of dividend payable. However, as per Section 90 of the IT Act, a non-resident shareholder has the option to be governed by the provisions of the Double Tax Avoidance Agreement ("DTAA") between India and the country of tax residence of the shareholder, if they are more beneficial to the shareholder. For this purpose, i.e. to avail the tax treaty benefits, the non-resident shareholder will have to provide the following:

- i. Self-attested copy of PAN card, if any, allotted by the Indian Income Tax authorities.
- ii. Self-attested copy of Tax Residency Certificate ("TRC") obtained from the tax authorities of the country of which the shareholder is resident.
- iii. Self-declaration in Form 10F, if all the details required in this form are not mentioned in the TRC.
- iv. Self-declaration by the non-resident shareholder of meeting treaty eligibility requirement and satisfying beneficial ownership requirement (non-resident having PE in India would need to comply with the provisions of Section 206AB of the IT Act).
- v. In case of Foreign Institutional Investors and Foreign Portfolio Investors, self-attested copy of SEBI registration certificate.
- vi. In case of shareholder being tax resident of Singapore, please furnish the letter issued by the competent authority or any other evidences demonstrating the non-applicability of Article 24 - Limitation of Relief under India-Singapore Double Taxation Avoidance Agreement (DTAA).

The Company is not obligated to apply the beneficial DTAA rates at the time of tax deduction on dividend amounts. Application of beneficial DTAA rate shall depend upon the completeness and satisfactory review by the Company, of the documents submitted by non-resident shareholders and meeting requirement of the IT Act read with applicable tax treaty.

Special provisions of Section 206AA/206AB of the IT Act (For non-filers of tax return – For resident shareholders and selected non-resident shareholders)

The rate of TDS @10% under Section 194 of the IT Act is subject to the provisions of Section 206AB of the IT Act (effective from July 1, 2021) which introduces special provisions for TDS in respect of non-filers of income-tax return. As provided in Section 206AB, tax is required to be deducted at higher of following rates in case of payments to specified persons:

- twice the rate specified in the relevant provision of the IT Act; or
- twice the rate or rates in force; or
- the rate of 5%.

Where Sections 206AA and 206AB are applicable i.e. the specified person has not submitted the PAN as well as not filed the return; the tax shall be deducted at the higher of the two rates prescribed in these two sections. The term 'specified person' is defined in sub-section (3) of Section 206AB and covers the persons who satisfy the following conditions:

- A person who has not filed the income tax return for two previous years immediately prior to the previous year in which tax is required to be deducted, for which the time limit of filing of return of income under Section 139(1) of the IT Act has expired; and
- The aggregate of TDS and TCS in his case is ₹50,000 or more in each of these two previous years. The non-resident who does not have the permanent establishment is excluded from the scope of a specified person.

An email communication informing the shareholders regarding the change in the Income Tax Act, 1961 as well as the relevant procedure to be adopted by them to avail the applicable tax rate was sent by the Company at the registered email IDs of the shareholders. The aforementioned documents are required to be submitted to the Company for which a separate e-mail communication will be sent by the Company. In the event of any tax demand (including interest, penalty, etc.) arising from any misrepresentation, inaccuracy or omission of information provided by the shareholder, such shareholder will be responsible to indemnify the Company and also, provide the Company with all information / documents and co-operation in any appellate proceedings. This communication is not exhaustive and does not purport to be a complete analysis or listing of all potential tax consequences in the matter of dividend payment. Shareholders should consult their tax advisors for requisite action to be taken by them.

15. Members are requested to note that, dividends, if not encashed for a consecutive period of 7 years from the date of transfer to unpaid dividend account of the Company, are liable

- to be transferred to the Investor Education and Protection Fund ('IEPF'). The Explanatory Statement Pursuant to Section 102 of the Companies Act, 2013 -

Pursuant to Section 102 of the Companies Act, 2013 ("Act") the following Explanatory Statement sets out all the material facts relating to the business mentioned under Item Numbers 4 to 7 for the Annual General Meeting to be held on September 30, 2021

SPECIAL BUSINESS

Item No. 4. Ratification of remuneration to the Cost Auditor for financial year 2021-22

The Board of Directors on the recommendation of the Audit Committee has appointed Cost Auditors to conduct the audit of the cost records of the Company for the financial year ending March 31, 2022 and approved the payment of remuneration payable to the Cost Auditor.

In accordance with the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor is required to be ratified by the Members of the Company.

Accordingly, consent of the Members is sought by passing an Ordinary Resolutions set out at Item No. 4 of the notice for ratification of the remuneration payable to the Cost Auditors for the financial year ending March 31, 2022.

The Board of Directors recommend the Ordinary Resolution as set out in item No. 4 of the accompanying Notice for approval of the Members of the Company.

None of the Directors or Key Managerial Personnel of the Company or their relatives are, concerned or interested financially or otherwise in the said resolution as per item no. 4 of the Notice.

Item No. 5. Ratification of Article 159 of the Articles of Association of the Company

As per Article 159 and 160 of the Articles of Association of the Company, (a) Mr. Anand S. Desai and Ms. Mona A. Desai along with Rehash Industrial and Resins Chemicals Private Limited (hereinafter referred to as "Group 1", (b) Kiran Pallavi Investments LLC ("KPI LLC") (hereinafter referred to as "Group 2"), and (c) Mr. Milan Thakkar (hereinafter referred to "Group 3") (Group 1, Group 2 and Group 3 will be collectively referred to as "Groups"), each such Groups shall have the right to appoint one director on the Board of Directors of the Company, as long as each of such Group holds 15% of the issued and paid-up share capital of the Company on a fully diluted basis, and in the event that the shareholding of one of the above-

mentioned Groups falls below 15%, then such Group shall immediately offer to the Board of Directors of the Company, to withdraw the nomination of its Director, whose decision shall be binding on the concerned Director and such concerned Director should resign in the next Board meeting.

As per Article 161 of the Articles of Association of the Company, post the date on which the equity shares of the Company are listed on the stock exchanges, the right to appoint Directors pursuant to Article 159, shall be subject to the ratification of the shareholders of the Company by way of a Special Resolution at the first General Meeting of the Company post the date on which the equity shares of the Company are listed on the stock exchanges.

Since the equity shares of the Company are listed on the stock exchanges on March 24, 2021 and this is the first general meeting of the Company post the date on which equity shares are listed, it is necessary to obtain the ratification of shareholders of the Company by way of Special Resolution to protect the rights provided in Article 159 and 160 of the Articles of Association of the Company.

The Board of Directors recommends the Special Resolution as set out in item No. 5 of the accompanying Notice for approval of the Members of the Company.

The Directors, Mr Anand Desai, Mrs Mona Desai, Dr Kiran C Patel, Mr Milan Thakkar and their relatives are interested in the resolution to the extent of their shareholding in the Company, whereas none of the other Directors or Key Managerial Personnel of the Company or their relatives are, concerned or interested financially or otherwise in the said resolution as per item no. 5 of the Notice.

Item No. 6. Approval of modification of 'Anupam Employees Stock Option Plan 2020' (ESOP - 2020)

Pursuant to the resolution of the Board of Directors passed on November 30, 2020 and the Shareholders' resolution passed on December 4, 2020, the Company had established the 'Anupam - Employee Stock Option Plan 2020' (herein after referred as "ESOP 2020" or "Scheme") for issue to the Employees not

exceeding 13,12,795 (thirteen lakh twelve thousand seven hundred and ninety-five) Employee Stock Options convertible into not more than 13,12,795 (thirteen lakh twelve thousand seven hundred and ninety-five) Shares of face value of ₹10/- (Rupees Ten) each fully paid-up, with each such Option conferring a right upon the Employee to be issued one Share of the Company, in accordance with the terms and conditions of such issue, in compliance with the SEBI (Share Based Employee Benefits) Regulations, 2014.

The objective of ESOP 2020 is to attract, retain and motivate the best available talent by way of rewarding employee stock options for their performance and to motivate them to participate in the growth of the Company, besides creating long term wealth in their hands. Accordingly, Options had been granted from time to time to the eligible employees.

SEBI has repealed the SEBI (Share Based Employee Benefits) Regulations, 2014 w.e.f. August 13, 2021 and has introduced SEBI (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 (hereinafter referred to as "SEBI SBEB and Sweat Equity Regulations". Hence, it is hereby proposed to amend clauses/ provisions of ESOP - 2020 and to make it in accordance with SEBI SBEB and Sweat Equity Regulations. Major proposed amendments in ESOP – 2020 are given below:

1. Substitution of definition of Employee with below:-

Employee" means

(i) an employee as designated by the company, who is exclusively working in India or outside India; or

(ii) a director of the company, whether a whole-time director or not, including a non-executive director who is not a promoter or member of the promoter group, but excluding an independent director; or

(iii) an employee as defined in sub-clauses (i) or (ii), of a group company including subsidiary or its associate company, in India or outside India, or of a holding company of the company, but

does not include—

(a) an employee who is a promoter or a person belonging to the promoter group; or

(b) a director who, either himself or through his relative or through anybody corporate, directly or indirectly, holds more than ten per cent of the outstanding equity shares of the company;

2. Addition of words "Secretarial" before the words "Auditor" in clause 17 of the ESOP – 2020.

3. Disclosures required pursuant to Rule 12(5)(b) of the Companies (Share Capital and Debentures) Rules, 2014 and SEBI SBEB and Sweat Equity Regulations, 2021 with respect to modification of ESOP-2020 are as follows:

3.1 Full details of variation of terms of Employees Stock Option Scheme:

As disclosed hereinabove and provided below in point 3.4.

3.2 Rationale behind the variation of terms of Employees Stock Option Scheme:

i. To attract, retain and motivate the best available talent of employees of the Company by way of rewarding employee stock options for their performance and to motivate them to participate in the growth of the Company, besides creating long term wealth in their hands.

ii. To attract, retain and motivate the best available talent of employees of the holding and subsidiary(ies), Group Company(ies) and/or Associate Company(ies) of the Company by way of rewarding employee stock options for their performance and to motivate them to participate in the growth of the Company, besides creating long term wealth in their hands.

iii. To widen the coverage of employees under ESOP – 2020.

iv. To align the provisions of ESOP – 2020 in compliance with SEBI SBEB and Sweat Equity Regulations, 2021.

3.3 Employees who are beneficiaries of such variation:

The beneficiaries of the proposed variation are all existing options grantees and such other employees/ option grantees to whom options may be granted in the future. Given the details of variation, rationale thereof and beneficiaries of the such variation, your approval is sought by way of passing a Special Resolution for above modification of the ESOP 2020.

3.4 The broad terms and conditions of the ESOP-2020, as proposed in this item number 6 in accordance with the Companies Act, 2013 read with rules made thereunder and SEBI SBEB and Sweat Equity Regulations, 2021 are given below:

a) Brief Description of the ESOP-2020 scheme is given as under-

"Anupam - Employees Stock Option Plan 2020" ("**ESOP-2020/Scheme**") has been formulated by the Company and implemented by Nomination & Remuneration

Committee as constituted under Section 178 of the Companies Act, 2013 and Regulation 19 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 in accordance with the requirements of SEBI SBEB and Sweat Equity Regulations, 2021 issued by SEBI and other applicable laws. The objective of the ESOP 2020 is, inter alia to reward the employees (as defined hereinafter) for their performance and to motivate them to contribute to the growth and profitability of the Company. The Company also intends to use this ESOP 2020 to attract and retain talent in the organization. The Company views options as instruments that would enable the employees to get a share in the value, they create for the Company in the years to come and align the objectives of the employees with the objectives of the Company.

b) The total number of Options to be granted-

The total number of Options that may, in the aggregate, be issued would be such number of Options which shall entitle the Option holders to acquire in one or more tranches upto 13,12,795 (thirteen lakhs twelve thousand seven hundred and ninety five) equity shares of face value ₹ 10/- each (or such other adjusted figure for any bonus, stock splits, buy-back, scheme of arrangement or consolidations or other re-organisation of the capital structure of the Company as may be applicable from time to time).

SEBI SBEB and Sweat Equity Regulations, 2021, as applicable to the Company, require that in case of any corporate action(s) such as rights issues, buy-back, scheme of arrangement, bonus issues, merger and sale or division, and others, a fair and reasonable adjustment needs to be made to the Options granted. Accordingly, if any additional equity shares are issued by the Company to the Option grantees for making such fair and reasonable adjustment, the above ceiling shares shall be deemed to be increased to the extent of such additional equity shares issued.

An employee may surrender his/her vested /unvested options at any time during / post his employment with the Company. Any employee willing to surrender his/her Options shall communicate the same to the Board or Committee in writing.

Vested Options lapsed due to non-exercise, surrender and/or unvested Options that gets cancelled due to resignation or any other separation conditions of Option grantees, surrendered or otherwise, would be available for being re-granted at a future date. The Board is authorized to re-grant such lapsed / cancelled / surrendered options as per the provisions of ESOP-2020.

Details of grants, exercise and lapsing of Options as at September 4, 2021 on a cumulative basis are as follows:

Options granted	13,12,760
Options lapsed/ expired/Cancelled	75,360
Options exercised	Nil
Options outstanding	12,37,400

c) Identification of classes of employees entitled to participate and be beneficiaries in the ESOP-2020 scheme-

All employees working in India or out of India and Directors (whether Managing/Whole time Director or not) of Company and its holding company, Group Company(ies), Associate Company(ies) and/or and its subsidiary company(ies), (present or future) (excluding promoters and an employee who is a Promoter or a person belonging to the Promoter Group) and further excluding a director who either by himself or through his relative or through any Body Corporate, directly or indirectly holds more than 10% of the outstanding equity shares of the Company and excluding Independent Directors as may be decided by the Nomination and Remuneration/Compensation Committee, will be identified as "Employee(s)" for the ESOP-2020 scheme.

The class of Employees eligible for participating in the ESOP-2020 scheme shall be determined on the basis of the grade, number of years' service, performance, role assigned to the employee and such other parameters as may be decided by the Nomination and Remuneration/Compensation Committee in its sole discretion from time to time.

The Options granted to an Employee will not be transferable to any person and shall not be pledged, hypothecated, mortgaged or otherwise alienated in any other manner.

d) Transferability of Employee Stock Options-

(1) The Options granted to an Employee shall not be transferable to any person and shall not be pledged, hypothecated, mortgaged or otherwise alienated in any manner. (2) In the event of death of the Employee while in employment, all the options, SAR or any other benefit granted under a scheme to him/her till his/her death shall vest, with effect from the date of his/her death, in the legal heirs or nominees of the deceased Employee, as the case may be.

(3) In case the Employee suffers a permanent incapacity while in employment, all the Options, SAR or any other benefit granted to him/her under a scheme as on the date of permanent incapacitation, shall vest in him/her on that day.

(4) In the event of resignation or termination of an Employee, all the Options, SAR or any other benefit which are granted and yet not vested as on that day, shall expire:

Provided that an Employee shall, subject to the terms and conditions formulated by the

(5) Compensation Committee under sub-regulation (3) of regulation 5 of these regulations, be entitled to retain all the Vested Options, SAR or any other benefit covered by these regulations. In the event that an Employee, who has been granted benefits under a scheme, is transferred or deputed to an Associate Company prior to vesting or exercise, the vesting and exercise as per the terms of grant shall continue in

case of such transferred or deputed Employee even after the transfer or deputation.

(6) In the event that an employee who has been granted benefits under a scheme, is transferred pursuant to scheme of arrangement, amalgamation, merger or demerger or continued in the existing company, prior to the vesting or exercise, the treatment of options in such case shall be specified in such scheme of arrangement, amalgamation, merger or demerger provided that such treatment shall not be prejudicial to the interest of the employee.

e) Requirements of vesting and period of vesting-

Vesting of Options may commence after a period of not less than one (1) year from the date of individual grant. The vesting may occur in one or more tranches, subject to the terms and conditions of vesting, as stipulated in the ESOP-2020.

Following table shall be applicable in case of various scenarios (during employment) for vesting and exercising:

8	Any other reason not specified above	The Nomination and Remuneration Committee / Compensation Committee shall decide whether the Vested Options as on that date can be Exercised by the Option Grantee or not, and such decision shall be final.	All Unvested Options on the date of separation shall stand cancelled with effect from that date.

*The Board/ Committee, at its sole discretion shall decide the date of cancellation of Option's and such decision shall be binding on all concerned. Provided that, in accordance with Applicable Law, notwithstanding anything contrary contained herein, the Company shall not vary the terms of ESOP 2020 in any manner which may be detrimental to the interest of the Employee.

f) Maximum period within which the options shall be vested-

The maximum vesting period may extend up to 7 years from the date of respective grant of Options, unless otherwise decided by the Nomination and Remuneration/Compensation Committee.

g) Exercise price or pricing formula-

"Exercise Price" means the price at which the Option grantee is entitled to acquire the equity shares pursuant to the options granted and vested in him/her under the ESOP-2020 scheme.

The Exercise Price shall be as may be decided by the Committee as is allowed under the Companies Act/ SEBI SBEB and Sweat Equity Regulations, 2021 which in any case will not be lower than the face value of the equity shares of the Company on the date of such grant. Further the Exercise Price can be different for different set of employees for Options granted on same/different dates.

h) Exercise period and process of exercise-

The exercise period shall not be more than 7 years from the date of respective vesting of Options. The Options granted may be exercised by the grantee at one time or at various points of time within the exercise period as determined by the Committee from time to time.

The Vested Options shall be exercisable by the Employees by a written application (which will include making applications online using any ESOP administration software) to the Company expressing his/ her desire to exercise such Options in such manner and on such format as may be prescribed by the Nomination and Remuneration/Compensation Committee from time to time. The Options shall lapse if not exercised within the specified exercise period. The Options may also lapse, under certain circumstances even before the expiry of the specified exercise period.

Payment of the Exercise Price shall be made by a crossed cheque or a demand draft drawn in favour

of the Company, or by any other payment methods prevalent in RBI recognized banking channels or in such other manner and subject to such procedures as the Board/Committee may decide.

i) Appraisal Process for determining the eligibility of Employees to the ESOP-2020 scheme-

The appraisal process for determining the eligibility of the Employee will be specified by the Nomination and Remuneration/Compensation Committee and will be based on criteria such as the grade of Employee, length of service, performance record, merit of the Employee, future potential contribution by the Employee and/or by any such criteria that may be determined by the Nomination and Remuneration/Compensation Committee.

j) Maximum number of Options to be issued per Employee and in the aggregate-

The maximum number of options that may be granted to an employee under the ESOP 2020 in aggregate per employee be determined by the nomination and remuneration/Compensation committee of the Board with respect to an individual employee. Further, the maximum number of options to be granted per employee per grant and in aggregate shall not exceed 13,12,795 (thirteen lakhs twelve thousand seven hundred and ninety five).

The number of Options that may be granted to any specific employee under ESOP-2020 scheme shall not be equal to or exceeding the number of equity shares equivalent to 1% of the issued capital of the Company (excluding outstanding warrants and conversions) and in aggregate in any financial year at the time of grant of options, if the prior specific approval from Members of the Company through a special resolution to this effect is not obtained.

k) Maximum quantum of benefits to be provided per employee under a ESOP-2020 scheme-

The maximum quantum of benefits underlying the Options issued to an eligible employee shall depend upon the market price of the shares as on the date of sale of shares arising out of Exercise of options whenever Company gets listed on the stock exchange(s).

l) Certificate from Secretarial Auditors-

The Board of directors shall at each annual general meeting place before the Members a certificate from the secretarial auditors of the Company that the ESOP-2020 scheme(s) has been implemented in accordance with the prescribed regulations and in

accordance with the resolution of the Company in the general meeting.

m) Whether the ESOP-2020 scheme is to be implemented and administered directly by the Company or through a trust-

The ESOP-2020 scheme will be implemented directly by the Company under the guidance of the Nomination and Remuneration/Compensation Committee of the Board.

n) Whether ESOP-2020 scheme involves new issue of shares by the Company or Secondary acquisition by the trust-

The ESOP-2020 scheme will involve only new issue of shares by the Company.

o) Disclosure and accounting policies-

The Company shall conform to the accounting policies specified in Regulation 15 of the SEBI (SBEB and Sweat Equity) Regulations, 2021.

The Company shall disclose details of grant, vest, exercise and lapse of the employee stock Options in the Board of Directors' Report or in an annexure thereof as prescribed under the Companies Act, 2013 read with rules made thereunder and SEBI (SBEB and Sweat Equity) Regulations, or any other applicable laws as may be applicable from time to time. Further the Company shall follow the laws/regulations applicable to accounting and disclosure related to employee stock Options, including the Companies Act, 2013 (as amended from time to time) but not limited to SEBI (SBEB and Sweat Equity) Regulations (including disclosure as specified under regulation 15), Section 133 of the Companies Act, 2013 as well as the Guidance Notes on accounting for Employee Share-based Payments and/ or any relevant Accounting Standards as may be prescribed by the regulatory authorities from time to time, including the disclosure requirements prescribed therein, as and when applicable to the Company.

- (iii) limits upon quantum of the Employee Stock Options that the company may buy-back in a financial year.

w) Other terms of the Scheme-

The Board or Nomination and Remuneration/ Compensation Committee shall have the absolute authority to vary, modify or alter the terms of the ESOP-2020 scheme in accordance with the Companies Act, 2013, as amended read with rules made thereunder, applicable and any regulations and guidelines as prescribed by SEBI or regulations that may be issued by any appropriate authority, from time to time as and when applicable to the Company, unless such variation, modification or alteration is detrimental to the interest of the Option grantees.

The Board or Nomination and Remuneration Committee may, if it deems necessary, modify, change, vary, amend, suspend or terminate the ESOP - 2020, subject to compliance with the applicable laws and regulations.

The shares may be allotted directly to the Option grantees in accordance with the ESOP-2020 scheme and such scheme may also contain provisions for providing financial assistance to the Employees to enable the Employees to acquire or subscribe to the shares.

x) Miscellaneous-

- i. Company may by special resolution of its shareholders vary the terms of the schemes offered pursuant to an earlier resolution of the general body but not yet exercised by the employees, if such variation is not prejudicial to the interests of the employees:

Notwithstanding the above, the Company shall be entitled to vary the terms of the scheme to meet any regulatory requirement without seeking shareholders' approval by special resolution

- ii. The notice for passing special resolution for variation of terms of the schemes shall disclose full details of the variation, the rationale therefore, and the details of the Option Grantees who are beneficiaries of such variation.

Copy of ESOP-2020 as referred to above will also be available for electronic inspection by the Members without payment of any fee from the date of circulation of this Notice up to the date of AGM, i.e. September 30, 2021. Members seeking to inspect such documents are requested to send an e-mail to investors@anupamrasayan.com. Inspection shall be provided at a mutually convenient time.

None of the Directors and Key Managerial Personnel or their relatives are in any way concerned or interested, financially or otherwise in this resolution except to the extent of their current shareholding in the company as well as shareholding entitlements, if any, under the ESOP Scheme.

Accordingly, the Board proposes the aforesaid resolution as set out in item no. 6 for approval of the Members as a Special Resolution.

Item No. 7. Ratification of 'Anupam- Employee Stock Option Plan 2020' (ESOP - 2020)

Pursuant to the resolution of the Board passed on November 30, 2020 and the Shareholders' resolution passed on December 4, 2020, the Company had established the 'Anupam - Employee Stock Option Plan 2020' (herein after referred as "ESOP 2020" or "Scheme"). Under the said ESOP 2020, 13,12,760 options have been granted as on the date of this notice out of total authorization of 13,12,795 options, each option granted under ESOP 2020 is convertible into one equity share.

As per Regulation 12 of the SEBI SBEB and Sweat Equity Regulations, 2021, no company shall make any fresh grant of ESOPs, which involves allotment or transfer

of shares to its employees under any ESOP Schemes formulated prior to its IPO and prior to the listing of its equity shares (Pre-IPO Scheme) unless (i) such pre-IPO scheme is in conformity with SEBI SBEB and Sweat Equity Regulations, 2021; and (ii) such pre-IPO scheme is ratified by its Members subsequent to IPO.

Considering, that the Company came out with a Public Issue of its Equity shares in March 2021 and its equity shares are listed at BSE and NSE with effect from March 24, 2021, the Company's ESOP 2020 is required to be ratified by the Members of the Company pursuant to Regulation 12 of the SEBI SBEB and Sweat Equity Regulations, 2021 for making any fresh grant of ESOPs under this Scheme. Accordingly, same is referred to the Members for their ratification in terms of Regulation 12 and other applicable provisions of the SEBI SBEB and Sweat Equity Regulations, 2021. The said Scheme as proposed to be amended as per item no. 6 above, is in conformity with the SEBI SBEB and Sweat Equity Regulations, 2021 and the Company has not granted any fresh grant of options to employees as on date after the public issue of the Company.

As the ESOP-2020 scheme would entail further shares to be offered to employees of the Company, consent of the Members is being sought to ratify and amend the ESOP 2020 as may be required, pursuant to the provisions of Section 62 (1) (b) and all other applicable provisions, if any, of the Companies Act, 2013, as amended and as per the requirement of Regulation 6 of the SEBI SBEB and Sweat Equity Regulations, 2021 as applicable to the Company.

None of the Directors and Key Managerial Personnel or their relatives are in any way concerned or interested, financially or otherwise in this resolution except to the extent of their current shareholding in the company as well as shareholding entitlements, if any, under the ESOP Scheme.

Accordingly, the Board proposes the aforesaid resolution as set out in item no. 7 for approval of the Members as a Special Resolution.

All the documents referred herein are available in the website for inspection.

COVID-19 PANDEMIC IMPACT

The Covid-19 pandemic had its impact on the global economic environment including India, causing significant disruption in economic activities in the first half of the financial year 2020-21 due to the pandemic and restrictions imposed by the authorities. With the onset of the second wave of the Covid-19 pandemic in April 2021, the economic and industrial activities around the world were again disrupted.

However, since our life science related specialty chemicals operations were determined to be operating in an essential industry, we were allowed to resume operations in a phased manner and by April 15, 2020, all of our facilities restarted operations, subject to certain adjustments in working patterns

and limited workforce. The Company's focus shifted towards ensuring the health and well-being of all employees, and on minimizing disruption to services for all our customers globally. Despite the impact of the COVID-19 pandemic, our revenue from operations have continued to be on the growth trajectory as discussed in the para of financial information, there was a growth of 53% in operational revenue in the year under review.

Anupam Rasayan India Limited's ("Anupam Rasayan/Company") Equity Shares¹ were listed on recognised stock exchanges BSE Limited ("BSE") and National Stock Exchange of India Limited ("NSE") with effect from March 24, 2021, subsequent to the Initial Public Offer ("IPO") of its Equity Shares. Hence, the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations") were not applicable to the Company during the year under review, as the Company was an unlisted Public Company till March 23, 2021.

This corporate governance report (the "CG Report") is prepared in accordance with the provisions of the Listing Regulations, and the CG Report contains the details of corporate governance systems and processes at Anupam Rasayan.

A. STATEMENT ON COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

Corporate governance encompasses a set of systems and practices to ensure that the Company's affairs are being managed with accountability, transparency, empowerment, integrity and fairness in all the transactions. We are committed to meet the aspirations of all our stakeholders. The Company's overall governance framework, systems, and processes reflect and support our Mission, Vision, Ethics and Values.

The Company firmly believes that good corporate governance is essential to achieve the long-term corporate goals and enhance stakeholder's value. Critical elements of corporate governance are transparency, internal controls, risk management, internal and external communications, high standards of safety, health, environment, accounting fidelity and product and service quality. The Board of Directors² of the Company (the "Board") has empowered responsible persons to implement its policies and guidelines and has set up adequate review processes/mechanisms to serve this purpose. The Corporate Governance report is presented below.

B. BOARD OF DIRECTORS

BOARD COMPOSITION AND CATEGORY OF DIRECTORS

The Company's policy is to maintain an optimum combination of executive and non-executive Directors. The details of the Board composition, category, DIN, shareholding of the Directors are as presented below:

COMMODITY PRICE RISKS / FOREIGN EXCHANGE RISK AND HEDGING ACTIVITIES

Commodity prices, especially prices for our raw materials, including phenol and benzene derivatives, are influenced by changes in global economic

conditions, related industry cycles, demand-supply dynamics and attempts by individual producers to capture market share. In addition to market fluctuations, our average selling prices can be affected by contractual arrangements. Raw materials, including packaging materials, are subject to supply disruptions and price volatility caused by various factors such as commodity market fluctuations, the quality and availability of raw materials, currency fluctuations, consumer demand, changes in government policies and regulatory sanctions.

The Company is exposed to foreign exchange risks by virtue of its exposure to imports of raw materials/services, exports of goods, loans, future commercial transactions, and recognised financial assets and liabilities denominated in a currency that is not the Company's functional currency (INR/₹).

The Company designates derivative contracts or non-derivative financial assets/liabilities as hedging instruments to mitigate the risk of change in the fair value of a hedged item due to movement in interest rates, foreign exchange rates and commodity prices. Sufficient measures in the form of pricing negotiations, hedging the risk in exposure by entering into contracts with the parties, forward contracts after considering natural hedges are taken.

Independent Auditor's Report

To,
The Members of
Anupam Rasayan India Limited

Report on the Audit of Standalone Financial Statements

OPINION

We have audited the accompanying standalone financial statements of **Anupam Rasayan India Limited** (the "Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity Standards with Indian Accounting prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021 and its profit including other comprehensive income, changes in equity and its cash outflow for the year ended on that date.

BASIS FOR OPINION

We conducted audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone

Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Standalone Financial Statements for the financial year ended March 31, 2021. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditors' responsibilities for the audit of the Standalone Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Standalone Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Standalone Financial Statements.

The key audit matters**Revenue recognition – Ind AS 115**

The Company recognises revenue when the control over the underlying products has been transferred to the customer.

Due to the Company's sales under various contractual terms and across the country, delivery to customers in different regions might take different time periods and may result in undelivered goods at the period end. We consider a risk of misstatement of the Financial Statements related to transactions occurring close to the year end, as these transactions could be recorded in the incorrect financial period (cut-off).

How our audit addressed the key audit matter**Our audit procedures included:**

- Focusing on the Company's revenue recognition for compliance with Ind AS;
- Testing the design, implementation and operating effectiveness of the Company's manual and automated (Information Technology - IT) controls on recording revenue.
- Performing testing on selected statistical samples of revenue transactions recorded during the year. We verified contractual terms of invoices, acknowledged delivery receipts and tested the transit time to deliver the goods. Our tests of detail focused on cut-off samples to verify that only revenue pertaining to current year is recognized based on terms and conditions set out in sales contracts and delivery documents.

INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Board of Directors of the Company are responsible for the preparation of other information. The other information comprise the information included in the Annual report, but does not include the standalone financial statements and our auditor's report. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and accounting principles

generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the respective Companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Company's Management and Board of Directors is also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report

that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls systems in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of subsection (11) of section 143 of the Companies Act, 2013, we give in the **Annexure A**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income and Statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid Indian Accounting Standard financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Branch and the operating effectiveness of such controls, refer to our separate report in "**Annexure B**".
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
3. With respect to the matter to be included in the Auditors' Report under section 197(16):
- In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure “A” to the Independent Auditor’s Report

(Referred to in paragraph 1 under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of **Anupam Rasayan India Limited** of even date)

- (i) (a) The company has maintained proper records showing full particulars including quantitative details and situation of fixed assets on the basis of available information.
- (b) As explained to us, all the fixed assets have been physically verified by the management in a phased periodical manner, which in our opinion is reasonable, having regard to the size of the Company and nature of its assets. No material discrepancies were noticed on such physical verification.
- (c) The title deeds of immovable properties recorded as fixed assets in the books of account of the company are in the name of the company.
- (ii) Based on records verified and information and explanation given by the management, physical verification of inventories is conducted by the management at reasonable intervals and no physical discrepancies were noticed during the year.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act and hence reporting under clause (iii) (a) to clause (iii) (c) of paragraph 3 of the Order is not applicable to the Company.
- (iv) According to the information and explanations given to us, the Company has not directly or indirectly advanced any loan to the person or given guarantees or securities in connection with the loan taken by persons covered under Section 185 of the Act and hence clause (IV) of paragraph 3 of the order is not applicable to the Company. The Company has complied with the provisions of section 186 of the Act, in respect of investments, loans, guarantee or security given, as applicable.
- (v) In our opinion and according to the information and explanations given to us, the company has not accepted any deposits within the meaning of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014. Consequently, the clause 3 (v) is not applicable to the Company.
- (vi) In our opinion the maintenance of cost records has been specified by the Central Government sub section (1) of section 148 of the Act and such accounts and records have been so made and maintained by the company. We have however, not made a detailed examination of the records with a view to determining whether they are accurate or complete.
- (vii) In respect of statutory dues:
- a) According to the records of the Company, undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Goods and Service Tax, duty of Customs, Duty of Excise, Value Added Tax, Cess, and other material statutory dues have been generally regularly deposited with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the aforesaid dues were outstanding as at 31st March, 2021 for a period of more than six months from the date of becoming payable.
- b) According to the records made available to us and the information and explanations given by the management, there are no disputed statutory dues on account of income tax or sales tax or service tax or goods and service tax or duty of customs or duty of excise or value added tax that have not been deposited on account of matters pending before appropriate authorities.
- (viii) According to the records made available to us and, the information and explanations given by the management and based on our audit procedures, we are of the opinion that the Company has not defaulted in repayment of dues to any financial institution, bank, and government or debenture holders.
- (ix) In our opinion and according to the information and explanations given to us, the money raised by way of initial public offer (IPO) or further public offer (including debt instruments) and term

loans, by the company during the year have been applied for the purposes for which they were obtained except the unutilized sums of ₹ 2,812.18 millions raised by way of IPO are lying with Bank Accounts and Fixed Deposits with Banks which are pending for utilization.

- (x) In our opinion, based on the audit procedures performed for the purpose of reporting the true and fair view of the Standalone Financial Statements and as per information and explanations given to us, no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year.
- (xi) In our opinion and according to the information and explanations given to us managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Companies Act, 2013.
- (xii) In our opinion Company is not a Nidhi Company and hence reporting under, the provisions of clause (xii) of paragraph 3 of the Order is not applicable to the Company.
- (xiii) In our opinion and according to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Act and details of related party transactions have been disclosed in the Standalone Financial Statements as required by the applicable accounting standards.
- (xiv) According to the records verified and, information and explanations provided to us, the company has complied with the provisions of section 42 of the Act, while making preferential allotment or private placement of equity shares during the year and the funds so raised are applied for the purpose for which those were raised.
- (xv) In our opinion and according to the information and explanations given to us, during the year, the Company has not entered into any non-cash transaction with the directors or persons connected with him and covered under section 192 of the Act and hence reporting under clause (xv) of the paragraph 3 of the Order is not applicable to the Company.
- (xvi) According to the information and explanation provided by the management, the company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to standalone financial statements of **Anupam Rasayan India Limited** (the “Company”) as at March 31, 2021 in conjunction with our audit of the standalone Ind AS financial statements of the Company as for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at March 31, 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls With reference to standalone financial statements issued by the Institute of Chartered Accountants of India (the “Guidance Note”).

MANAGEMENT’S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls With reference to standalone financial statements (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR’S RESPONSIBILITY

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by ICAI and the Standards on auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

A company’s internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance

regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could

have a material effect on the Standalone Financial Statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes 1 to Standalone Financial Statements

For The Year Ended March 31, 2021

(1) COMPANY OVERVIEW

Anupam Rasayan India Limited ("the Company") is a Public Company incorporated and domiciled in India, having its registered office in Surat, Gujarat, India. The Company is engaged in manufacturing of chemicals, which are sold in local market as well as exported to other countries.

The Company has completed Initial Public Offerings (IPO) of 1,37,15,495 shares of INR 10/- each (Issued 1,34,95,495 Equity Shares at an offer price of INR 555/- per Equity Share and 2,20,000 Equity Shares to the Employees of the Company at an offer price of INR 500/- per Equity Share) aggregating to INR 7,600 millions through Fresh Issue of Equity Shares. The Equity Shares of the Company are listed on March 24, 2021 on BSE Limited (BSE) and National Stock Exchange of India Limited (NSE).

The financial statements have been prepared for the year ended on March 31, 2021.

(2) SIGNIFICANT ACCOUNTING POLICIES

(A) STATEMENT OF COMPLIANCE

(i) Basis of preparation of financial statements

Compliance with Ind AS

The standalone financial statements are prepared in accordance with Indian Accounting Standards ("Ind AS"), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. The Ind AS are prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act.

Effective from April 1, 2018, the Company had adopted all the Ind AS and the adoption has been carried out in accordance with Ind AS 101, First time Adoption of Indian Accounting Standards, with April 1, 2017 as the transition date. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, which was the previous GAAP.

Presentation of financial statements

The Balance Sheet as at March 31, 2021 and the Statement of Profit and Loss for the year ending March 31, 2021 are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The Statement of Cash Flows for the year ended March 31, 2021 has been prepared and presented as per the requirements

of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

With effect from 1st April, 2019, Ind AS 116 – "Leases" (Ind AS 116) supersedes Ind AS 17 – "Leases". The Company has adopted Ind AS 116 using the prospective approach. The application of Ind AS 116 has resulted into recognition of 'Right-of-Use' asset with a corresponding Lease Liability in the Balance Sheet.

The Company's Financial Statements are presented in Indian Rupees, which is also its functional currency and all values are rounded to the nearest millions (₹ 0,00,000), except when otherwise indicated.

(ii) Investments in subsidiaries, Associates and Joint Ventures

The investment in subsidiaries and associates are carried in these financial statements at historical cost, except when the investment, or a portion thereof, is classified as held for sale, in which case, it is accounted for as Non-Current assets held for sale and discontinued operations.

Where the carrying amount of investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is transferred to the Statement of Profit and Loss.

On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit or Loss.

(iii) Property, plant and equipment

Freehold land is carried at historical cost.

All other items of Property, plant and equipment are stated at cost of acquisition net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and

any expected costs of decommissioning. Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the year in which the costs are incurred. Major shutdown and overhaul expenditure is capitalized as the activities undertaken improves the economic benefits expected to arise from the asset. It includes professional fees and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy based on Ind AS 23 – Borrowing costs. Such properties are classified to the appropriate categories of PPE when completed and ready for intended use. Assets in the course of construction are capitalized in the assets under construction account. At the point when an asset is operating at management's intended use, the cost of construction is transferred to the appropriate category of property, plant and equipment and depreciation commences. Costs associated with the commissioning of an asset and any obligatory decommissioning costs are capitalized where the asset is available for use but incapable of operating at normal levels until a year of commissioning has been completed. Revenue generated from production during the trial period is capitalized. Property, plant and equipment except freehold land held for use in the production, supply or administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses, if any.

The Company has elected to continue with the carrying value for all of its property, plant and equipment as recognized in the financial statements on transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

Subsequent expenditure and componentization

Parts of an item of PPE having different useful lives and significant value and subsequent expenditure on Property, Plant and Equipment arising on account of capital improvement or other factors are accounted for as separate components only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Decommissioning costs

Decommissioning cost includes cost of restoration. Provision for decommissioning costs is recognized when the Company has a legal or constructive obligation to plug and abandon a well, dismantle and remove a facility or an item of Property, Plant

and Equipment and to restore the site on which it is located. The full eventual estimated provision towards costs relating to dismantling, abandoning and restoring sites and other facilities are recognized in respective assets when the site is complete / facilities or Property, Plant and Equipment are installed. The amount recognized is the present value of the estimated future expenditure determined using existing technology at current prices and escalated using appropriate inflation rate till the expected date of decommissioning and discounted up to the reporting date using the appropriate risk-free discount rate. An amount equivalent to the decommissioning provision is recognized along with the cost of exploratory well or Property, Plant and Equipment.

Depreciation and Useful life

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Electric Installations	10-30 Years
Laboratory Equipment	10-20 Years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period and if the expectations differ from the previous estimates, the change is accounted for as a change in accounting estimate on a retrospective or prospective basis, whichever is nearly possible for the Company.

In the current financial year, the estimate of life of plant and machinery is revised from 20 years to 22 years evidenced through technical evaluation certificate provided by the management of the Company. The same is accounted for on a prospective basis.

The property, plant and equipment acquired under finance leases is depreciated over the asset's useful life or over the shorter of the asset's useful life and the lease term if there is no reasonable certainty that the Company will obtain ownership at the end of the lease term.

De-recognition of Asset

An item of PPE is de-recognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss.

(iv) Intangible assets

Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are recognized only on reasonable certainty and after completion of all activities related to the asset.

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the disposal proceeds and the carrying amount of the asset and are recognized as income or expense in the Statement of Profit and loss.

Intangible assets with finite useful lives are amortized on a straight-line basis over the following period:

Asset class	Useful life
Intangible assets	3-10 Years

(v) Impairment of assets

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. At each year end, assets are broadly evaluated for impairment. Provision for impairment of asset is made only if the recoverable amount of the asset goes below the carrying amount of the asset.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated

recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

(vi) Leases:

The company has applied Ind AS 116 for entering into leases in the current financial year and hence there was no need of restatement required to be done for the previous financial years.

As a lessee, the company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate. Generally, the company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following: –

- Fixed payments, including in-substance fixed payments;
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable under a residual value guarantee; and

- The exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the company's estimate of the amount expected to be payable under a residual value guarantee, or if company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The company presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities in 'loans and borrowings' in the statement of financial position.

Short-term leases and leases of low-value assets

The company has elected not to recognize right-of-use assets and lease liabilities for short term leases of real estate properties that have a lease term of 12 months. The company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(vii) Financial instruments

Initial Recognition and Measurement

Financial assets and/or financial liabilities are recognized when the Company becomes party to a contract embodying the related financial instruments. All financial assets, financial liabilities and financial guarantee contracts are initially measured at transaction values and where such values are different from the fair value, at fair value. Transaction costs that are attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from as the case may be, the fair value of such financial assets or liabilities, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in Profit or Loss.

Offset

A financial asset and a financial liability are offset and presented on net basis in the balance sheet when there is a current legally enforceable right to set-off the recognized amounts and it is intended to either settle on net basis or to realize the asset and settle the liability simultaneously.

A. Financial Assets:

a. Subsequent measurement:

For subsequent measurement, the company classifies financial asset in following broad categories:

- Financial asset carried at amortized cost.
- Financial asset carried at fair value through other comprehensive income (FVTOCI)
- Financial asset carried at fair value through profit or loss (FVTPL)

i. Financial asset carried at amortized cost (net of any write down for impairment, if any):

Financial assets are measured at amortized cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortized costs using Effective Interest Rate (EIR) method less impairment, if any. The losses arising from impairment are recognized in the statement of profit or loss. Cash and bank balances, trade receivables, loans and other financial asset of the company are covered under this category.

Under the EIR method, the future cash receipts are exactly discounted to the initial recognition value using EIR. The cumulative amortization using the EIR method of the difference between the initial recognition amount and maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial asset over the relevant period of the financial asset to arrive at amortized cost at each reporting date. The corresponding effect of the amortization under EIR method is recognized as interest income over the relevant period of the financial asset. The same is included under "other income" in the statement of profit or loss. The amortized cost of the financial asset is also adjusted for loss allowance, if any.

ii. Financial asset carried at FVTOCI:

Financial asset under this category are measured initially as well as at each reporting date at fair value, when asset is held with a business model

whose objective is to hold asset for both collecting contractual cash flows and selling financial assets. Fair value movements are recognized in the other comprehensive income.

iii. Financial asset carried at FVTPL:

Financial asset under this category are measured initially as well as at each reporting date at fair value. Changes in fair value are recognized in the statement of profit or loss.

b. Derecognition:

A financial asset is primarily derecognized when rights to receive cash flows from the asset have expired or the Company has transferred its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risk and reward of the ownership of the financial asset.

c. Impairment of financial asset:

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months from the reporting date.

For trade receivables, the Company applies 'simplified approach' which requires expected lifetime losses to be recognized from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analyzed.

For other assets, the Company uses 12-month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the Statement of Profit and Loss under the head 'Other expenses'.

B. Financial Liabilities:

a. Subsequent measurement:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

The EIR amortization is included as finance costs in the statement of profit and loss.

b. Derecognition of financial liabilities:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

c. Derivative financial instrument:

Company uses derivative financial instruments such as interest rate swaps, currency swaps, forward contracts to mitigate the risk of changes in interest rate and foreign currency exchange rate. At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedge which is recognised in Other Comprehensive Income and later to Statement of Profit and Loss when the hedged item

affects profit or loss or is treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a Non-Financial Assets or Non-Financial liability. Hedges that meet the criteria for hedge accounting are accounted for as follows:

A. Cash Flow Hedge:

The Company designates derivative contracts or non-derivative Financial Assets/ Liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions.

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognised in the cash flow hedging reserve being part of Other Comprehensive Income. Any ineffective portion of changes in the fair value of the derivative is recognised immediately in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognised in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognised in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the Statement of Profit and Loss.

B. Fair Value Hedge:

The Company designates derivative contracts or non-derivative Financial Assets/Liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in interest rates, foreign exchange rates and commodity prices. Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortized to Statement of Profit and Loss over the period of maturity.

(viii) Trade receivables

Trade receivables are recognized initially at fair value and subsequently measured at amortized cost using

the effective interest method, less provision for impairment.

(ix) Inventories-

Inventories comprise of Raw and packing materials, Work-in-progress, Finished goods, and Stores and spares.

Inventories are valued at the lower of cost and the net realizable value. Cost is determined on weighted average basis. Cost includes all charges in bringing the goods to their present location and condition. The cost of Work-in-progress and Finished goods comprises of materials, direct labour, other direct costs and related production overheads.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(x) Employee benefits

(a) Short-term employee benefits:

Employee benefits such as salaries, wages, short term compensated absences, expected cost of bonus, ex-gratia and performance-linked rewards falling due wholly within twelve months of rendering the service are classified as short-term employee benefits and are expensed in the period in which the employee renders the related service.

(b) Post-employment benefits:

i. Defined contribution plans:

The contribution paid/payable under defined contribution plan is recognized during the period in which the employee renders the related service.

ii. Defined benefit plans:

The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined obligation at the end of the reporting period less the fair value of plan assets. The defined obligation is calculated annually based on actuarial valuation using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows using a discount rate based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the defined benefit obligations at the Balance Sheet date.

Re-measurement, comprising actuarial gains and losses, the return on plan assets (excluding amounts included in net interest on the net defined benefit

liability or asset) and any change in the effect of asset ceiling (if applicable) is recognized in Other Comprehensive Income and is reflected in Retained earnings and the same is not eligible to be reclassified to Profit or Loss.

Defined benefit costs comprising current service cost, past service cost and gains or losses on settlements are recognized in the Statement of Profit and Loss as employee benefits expense. Interest cost implicit in defined benefit employee cost is recognised in the Statement of Profit and Loss under finance cost. Gains or losses on settlement of any defined benefit plan are recognized when the settlement occurs. Past service cost is recognized as expense at the earlier of the plan amendment or curtailment and when the company recognizes related restructuring costs or termination benefits.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognize the obligation on a net basis.

Leave Salary is considered as short-term benefits and the same is accrued and paid within the working cycle of the business.

(xi) Provisions, Contingent liabilities and Contingent assets

Provisions are recognized only when the Company has a present obligation (legal or constructive) as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and a reliable estimate can be made of the amount of the obligation. Provision is measured using the cash flows estimated to settle the present obligation and when the effect of time value of money is material, the carrying amount of the provision is the present value of those cash flows. Reimbursement expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received.

Contingent liability is disclosed in case of, a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and a present obligation arising from past events, when no reliable estimate is possible.

Contingent assets are disclosed where an inflow of economic benefits is probable.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

Where the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under such contract, the present obligation under the contract is recognized and measured as a provision.

(xii) Revenue recognition

The Company has adopted Ind-AS 115 "Revenue from Contracts with Customers" effective from April 01, 2018.

Revenue from the sale of goods is recognized when the Company transfers control of the product. Control of the product transfers upon shipment of the product to the customer or when the product is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the product shipped. Amounts disclosed as revenue are net off returns, trade allowances, rebates and indirect taxes.

Other income:

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend income is accounted in the period in which the right to receive the same is established.

Government grants, which are revenue in nature and are towards compensation for the qualifying costs, incurred by the Company, are recognized as other income in the Statement of Profit and Loss in the period in which such costs are incurred. Government grant receivable in the form of duty credit script is recognized as Other income in the Statement of Profit and Loss in the period in which the application is made to the government authorities and to the extent there is no uncertainty towards its receipt.

Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

(xiii) Foreign Currency Transactions

The functional currency and presentation currency of the company is Indian Rupee.

Transactions in currencies other than the Company's functional currency are recorded on initial recognition using the exchange rate at the transaction date. At each Balance Sheet date, foreign currency monetary items are reported at the closing spot rate. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in foreign currency are not retranslated.

Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing spot rate are recognized in the Statement of Profit and Loss in the period in which they arise except for:

- (a) exchange gains or losses on foreign currency borrowings taken which are related to the acquisition or construction of qualifying assets are adjusted in the carrying cost of such assets.
- (b) exchange differences on derivatives transactions entered into in order to hedge foreign currency risks associated with underlying assets/liabilities which are classified as cash flow hedges. The effective portion of changes in the fair value of the derivative is recognised in the cash flow hedging reserve being part of Other Comprehensive Income. Any ineffective portion of changes in the fair value of the derivative is recognised immediately in the Statement of Profit and Loss.

(xiv) Exceptional items

An item of income or expense which by its size, type or incidence requires disclosure in order to improve an understanding of the performance of the Company is treated as an exceptional item and disclosed as such in the financial statements.

(xv) Taxes on income

The tax expenses for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income. In which case, the tax is also recognised in Other Comprehensive Income.

Current Tax

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961 and based on the expected outcome of assessments/appeals.

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Company's financial statements and the corresponding tax bases used in computation of taxable profit and quantified using the tax rates and laws enacted or substantively enacted as at the Balance Sheet date.

Deferred tax assets are generally recognized for all taxable temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets relating to unabsorbed depreciation/business losses/losses under the head "capital gains" are recognized and carried forward to the extent of available taxable temporary differences or where there is convincing other evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of reporting period, to recover or settle the carrying amount of its assets and liabilities. Considering intensive capital investment since last several years and based on the estimate of future forecasts of capital investments, the Company is expected to have higher deductions of depreciation as per Income Tax as compared to depreciation as per Books of Accounts. Deferred Tax is effectively considered not to be neutralized in foreseeable future and hence as per the policy of the Company, deferred tax is recognised at 75% of its effective value.

Transaction or event which is recognized outside Profit or Loss, either in Other Comprehensive Income or in equity, is recorded along with the tax as applicable.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when

there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and the deferred tax asset and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

(xvi) Cash and bank balances

Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term and liquid investments being subject to more than insignificant risk of change in value, are not included as part of cash and bank balances.

(xvii) Cash flow statement

Cash flows are reported using the indirect method where by the profit before tax is adjusted for the effect of the transaction of non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

In the cash flow statement, cash and cash equivalents includes cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

(xviii) Borrowing costs

Borrowing costs, general or specific, that are directly attributable to the acquisition or construction of qualifying assets is capitalized as part of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the Statement of Profit and Loss. The Company determines the amount of borrowing costs eligible for capitalization as the actual borrowing costs incurred on that borrowing during the year less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. In case if the Company borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalization are determined by applying a capitalizations rate to the expenditures on that asset.

Borrowing cost includes exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the finance cost.

(xix) Securities premium

Securities premium include, the difference between the face value of the equity shares and the consideration received in respect of shares issued. The issue expenses of securities which qualify as equity instruments are written off against securities premium.

(xx) Non-current assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount is intended to be recovered principally through a sale (rather than through continuing use) when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset (or disposal group) and the sale is highly probable and is expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets and disposal groups classified as held for sale are measured at lower of their carrying amount and fair value less costs to sell.

(xxi) Operating cycle for current and non-current classification

The company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realized or intended to be sold or consumed in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is expected to be realized within 12 months after the date of reporting period; or
- Cash and cash equivalents unless restricted from being exchanged or used to settle a liability for at least 12 months after reporting period.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

A liability is current when it satisfies any of the following criteria:

- It is expected to be realized or intended to be sold or consumed in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is expected to be realized within 12 months after the date of reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period current liabilities include the current portion of long-term financial liabilities.

The company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(xxii) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

(xxiii) Key sources of estimation

The preparation of the financial statements in conformity with Ind AS requires the management of the Company makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates include useful lives of property, plant and equipment & intangible assets, allowance for expected credit loss, future obligations in respect of retirement benefit plans, fair value measurement etc. Difference, if any, between the actual results and estimates is recognized in the period in which the results are known.

(i) Segment reporting

Revenue and Geographical Segments are identified based on the stratification of the risk and returns. The company operates only in the one revenue segment. i.e. Manufacturing of industrial chemicals.

(ii) Commitments

Commitments are future liabilities for contractual expenditure. Commitments include the value of the contracts for the acquisition of the assets net of advances.

(iii) Recognition of Deferred Tax Assets and Liabilities

Deferred tax assets and liabilities are recognised for deductible temporary differences and unused tax losses for which there is probability of utilization against the future taxable profit. The Company uses judgement to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits and business developments.

(iv) Global Health Pandemic on COVID-19

The Covid-19 pandemic had its impact on the global economic environment including in India, causing significant disruption in economic activities and the chemical industry where the company is operating had been adversely impacted in the first half of Financial Year 2020-2021 due to pandemic. With the gradual relaxation in the second half, economic activities had improved. However, the second wave of Covid-19 emerging in India in the month of April-May 2021 may have an impact on the industry and Company. The Company is of the view that vaccination programmes of the Government will minimize the impact on the economic activities.

The Company closely monitors the recent development and effects of present pandemic over the business. The Company believes that this pandemic is not likely to have a material impact on the carrying value of its assets and hence no provision for any impairment is required.

Such shares are cumulative shares, holder of Preference Share is entitled to receive cumulative dividend before it is distributed amongst Equity Share holders by the Company. In the event of liquidation of the Company, the holders of Preference Shares will be entitled to have first preference in the assets of the Company in proportion to the number of Equity Shares held by Equity Share holders.

NATURE AND PURPOSE OF RESERVES:**Securities Premium**

Securities Premium reserve is created due to premium on issue of shares. These reserve are utilized in accordance with provision of the Companies Act, 2013.

General Reserve

Under the erstwhile Companies Act, 1956, a general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid up capital of the Company for that year, then the total dividend distribution is less than the total distributable reserve for that year.

Consequent to introduction of Companies Act, 2013, the requirement of mandatory transfer of a specified percentage of the net profit to general reserves has been withdrawn and the Company can optionally transfer any amount from the Surplus of profit or loss to the General Reserve.

Share Based Payment Reserve

Vide shareholders resolution on December 4, 2020, the Company has reserved issuance of 13,12,795 number of Equity Shares of INR 10/- each for offering to eligible employees of the company and its subsidiary under the Anupam - Employee Stock Option Plan, 2020 ('ESOP-2020') and on December 10, 2020, the Company has granted 13,12,760 number of Equity Shares at a price of INR 225/- per option to eligible employees. The options would vest over a period of 3 years from the date of grant based on specified criteria.

Capital Commitments

Estimated amount of contracts remaining to be executed on capital account and not provided for as on March 31,2021 is INR 259.39 Mn (Previous year INR 154.43 Mn).

32 EMPLOYEE BENEFITS

Employee Gratuity fund scheme is for the purpose of the Defined Benefits. The Company is making annual contributions for gratuities to funds administered by trustees and managed by insurer (LIC) for amounts notified by the insurer. The present value of obligation under such defined benefit plan is determined based on actuarial valuation carried out by an independent actuary.

The Company has paid premium under Staff Gratuity EGGGS Scheme with the LIC. Accordingly, all the required disclosures are provided in the financial

statements to the extent details available from actuarial valuation report and LIC gratuity valuation report respectively.

These plans typically expose the Group to actuarial risks such as: Investment risk, interest rate risk, longevity risk and salary risk.

Investment risk

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Interest risk

A fall in the discount rate which is linked to the Government Security Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary risk:

The present value of the defined benefit plan liability

is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Concentration risk:

Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

II. Fair value of hierarchy and method of valuation

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are a) recognized and measured at fair value, and b) measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard.

Other financial liabilities	19.30	-	19.30	-

Except for those financial instruments for which the carrying amounts are mentioned in the above table, the Company considers that the carrying amounts recognized in the financial statements approximate their fair values.

For financial assets that are recognized at fair value, the carrying amounts are equal to the fair values.

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2 : The fair value of the financial instruments that are not traded in active market is determined using valuation techniques which maximize the use of observable market data and rely on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more significant inputs is not based on observable market data, the instrument is included in level 3.

Valuation techniques used to determine the fair values:

The fair value of the forward exchange contract is determined using forward exchange rate at the balance sheet date. The fair value of cross currency interest rate swap is calculated as the present value of future cash flow based on available foreign exchange rates.

Reconciliation of fair value measurement of the investment categorised at level 3:

37 RISK MANAGEMENT

The Company's activities expose it to market risk, liquidity risk and credit risk.

A. Liquidity risk

Liquidity risk refers to insufficiency of funds to meet the financial obligations. Liquidity risk management implies maintenance of sufficient cash and the availability of funding through an adequate amount of committed credit lines to meet obligations when due.

The Company has access to undrawn borrowing facilities at the end of each reporting year.

The Company has following undrawn credit lines available as at the end of the reporting year

Particulars	As at 31-03-2021	As at 31-03-2020
Expiring within one year	-	70.00
	-	70.00

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities.

Maturity profile of financial liabilities:

Other financial liabilities	19.30	19.30	-
Total derivative liabilities	19.30	19.30	-

The inflows/(outflows) disclosed in the above table represent the contractual undiscounted cash flows relating to derivative financial liabilities held for risk management purposes and which are not usually closed out before contractual maturity.

B. Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. An analysis of financial assets shows that no asset was impaired or requiring consideration in determining impairment.

The amount of maximum exposure to credit risk as at March 31, 2021 without taking account of any collateral or other credit enhancements is as stated in table below.

Trade receivables	As at 31-03-2021	As at 31-03-2020
Outstanding up to 60 days	1,871.84	1,238.59
Outstanding from 61 to 180 days	119.49	4.16
Outstanding for more than 180 days	63.56	52.19

C. Market risk

With the entity having varied geographical spread of revenue, and with the price being determined, primarily by demand and supply, the entity is not exposed to any market risk that require sensitivity analysis akin to any specific market such that profit or loss or equity of the entity would get affected by changes in the relevant risk variable.

Currency risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency. The risk is measured through a forecast of highly probable foreign currency cash flows. The objective of the hedges is to minimise the volatility of the cash flows of highly probable forecast transactions by hedging the foreign exchange inflows on regular basis.

Currency risks related to the principal amounts of the Company's foreign currency receivable/ payables have not been hedged using forward contracts.

In respect of other monetary assets and liabilities denominated in foreign currencies, the Company's policy is to ensure that its net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates when necessary to address short-term imbalances.

Sensitivity analysis

A reasonably possible strengthening (weakening) of the INR against all currencies at March 31, 2021 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant.

Amount in Millions

Particulars	Profit or loss	
	Strengthening	Weakening
March 31, 2021		
USD (1% movement)	(29.86)	29.86
March 31, 2020		
USD (1% movement)	(71.22)	71.22

Interest rate risk

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. Currently the Company's borrowings are within acceptable risk levels, as determined by the management.

Exposure to interest rate risk

The interest rate profile of the Company's interest-bearing financial instruments as reported to the management of the Company is as follows.

Amount in Millions

Particulars	Nominal Amount	
	As at 31-03-2021	As at 31-03-2020
Fixed-rate instruments		
Financial assets	-	-

Financial assets	-	-
Financial liabilities	1,115.07	5,371.42
	1,115.07	5,371.42

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

Amount in Millions

Particulars	Profit or loss	
	100 bp increase	100 bp decrease
March 31, 2021		
Variable-rate instruments	(11.15)	11.15
Cash flow sensitivity	(11.15)	11.15
March 31, 2020		
Variable-rate instruments	(53.71)	53.71
Cash flow sensitivity	(53.71)	53.71

Fair value sensitivity analysis for fixed-rate instruments

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Hedge Accounting

The company's business objective includes safe-guarding its earnings against foreign exchange fluctuations. The Company has adopted a structured risk management policy to hedge all these risks within an acceptable risk limit and an approved hedge accounting framework which allows for Fair Value hedges and Cash Flow hedges. Hedging instruments include forwards contracts to achieve this objective. The table below shows the position of hedging instruments and hedged items as on the balance sheet date.

Cash flow hedge

The objective of hedge accounting is to represent, in the Company's financial statements, the effect of the Company's use of financial instruments to manage exposures arising from particular risks that could affect profit or loss. The Company's exposure to foreign currency risk as at March 31, 2021 is stated below.

During the year ended March 31, 2021, the Company has designated specific foreign exchange cross currency forward and as cash flow hedges to mitigate the risk of foreign exchange exposure on highly probable forecast cash transactions. The related hedge transactions for balance in cash flow hedge reserve as at March 31, 2021 are expected to occur and reclassified to Statement of Profit and Loss within thirty six months.

The Company determines the existence of an economic relationship between the hedging instrument and hedged item based on the currency, amount and timing of its forecasted cash flows. Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments to ensure that an economic relationship exists between the hedged item and hedging instrument, including whether the hedging instrument is expected to offset changes in cash flows of hedged items.

If the hedge ratio for risk management purposes is no longer optimal but the risk management objective remains unchanged and the hedge continues to qualify for hedge accounting, the hedge relationship will be rebalanced by adjusting either the volume of the hedging instrument or the volume of the hedged item so that the hedge ratio aligns with the ratio used for risk management purposes. Any hedge ineffectiveness is calculated and accounted for in the Statement of Profit and Loss at the time of the hedge relationship rebalancing.

Independent Auditor's Report

To the Board of Directors of Anupam Rasayan India Limited

Report on the Audit of Consolidated Financial Statements

OPINION

We have audited the accompanying consolidated financial statements of **Anupam Rasayan India Limited** (herein after referred to as the "Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as the "Group") and its associate, which comprise the Consolidated Balance Sheet as at March 31, 2021, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2021 and its consolidated profit including other comprehensive income, its consolidated changes in equity and its consolidated cash flows and for the year ended on that date.

BASIS FOR OPINION

We conducted audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under

those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

KEY AUDIT MATTER

Key audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statement for the financial year ended 31st March 2021. These matters were addressed in the context of our audit of the consolidated financial statement as a whole, and in forming our opinion thereon; we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditors' responsibilities for the audit of the Consolidated Financial Statements section of our report, including in relation to these matters.

Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Consolidated Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Consolidated Financial Statements.

The key audit matters**Revenue recognition – Ind AS 115**

The Company recognises revenue when the control over the underlying products has been transferred to the customer.

Due to the Company's sales under various contractual terms and across the country, delivery to customers in different regions might take different time periods and may result in undelivered goods at the period end. We consider a risk of misstatement of the Financial Statements related to transactions occurring close to the year end, as these transactions could be recorded in the incorrect financial period (cut-off).

How our audit addressed the key audit matter**Our audit procedures included:**

- Focusing on the Company's revenue recognition for compliance with Ind AS;
- Testing the design, implementation and operating effectiveness of the Company's manual and automated (Information Technology - IT) controls on recording revenue.
- Performing testing on selected statistical samples of revenue transactions recorded during the year. We verified contractual terms of invoices, acknowledged delivery receipts and tested the transit time to deliver the goods. Our tests of detail focused on cut-off samples to verify that only revenue pertaining to current year is recognized based on terms and conditions set out in sales contracts and delivery documents.

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT

The Holding Company's Board of Directors of the Company are responsible for the preparation of other information. The other information comprises of the information included in the Annual Report, but does not include the consolidated financial statements and our auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 (the "Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and

accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls systems in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence

obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the consolidated financial statements of such entities included in the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

OTHER MATTER

The Consolidated Financial Statements includes subsidiary company which reflects total assets of ₹ 45.13 million As at 31st March 2021, total revenues of ₹ 176.87 million, total net profit after tax of ₹ 5.66 million and net cash outflow of ₹ 0.19 million for year then ended on that date and one associate which reflects Group's Share of net loss after tax of million 0.01 for the year ended March 31, 2021, which have been audited by their respective independent auditors.

These Ind AS financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditors' reports have been furnished to us by the management. Our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiary and associate, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary and associate, is based solely on the report(s) of such other auditors.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Profit and Loss statement (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.

d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act read with rule 7 of the Companies (Accounts) Rules, 2014.

e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2021 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditor of its subsidiary Company and associate incorporated in India, none of the directors of the Group is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our Report in "**Annexure A**", which is based on the auditors' reports of the Group and associate incorporated in India.

a) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on consideration of the report of the other auditors on separate financial statements:

- i. The Group does not have any pending litigations which would impact its financial position;
- ii. The Group has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group.

Annexure “A” to the Independent Auditor’s Report on the Consolidated Financial Statements of Anupam Rasayan India Limited

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2021, we have audited the internal financial controls with reference to consolidated financial statements of **Anupam Rasayan India Limited** (hereinafter referred to as “Holding Company”) and its subsidiary companies (the Holding Company and its subsidiary together referred to as the “Group”) and associate, as of that date.

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors, as referred to in the Other Matters paragraph, the Group have, maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls with reference to Consolidated financial statements were operating effectively as at March 31, 2021, based on the internal control with reference to Consolidated financial statements criteria established by the Holding Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “Guidance Note”).

MANAGEMENT’S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The respective Board of Directors of the Group are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by Holding Company, considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business,

including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR’S RESPONSIBILITY

Our responsibility is to express an opinion on the Group’s internal financial controls with reference to Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence obtained by us and the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Group’s internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

A Company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls with reference to Consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OTHER MATTERS

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to subsidiary company and associate incorporated in India, is based on the corresponding reports of the auditors of such company incorporated in India.

Notes 1 to Consolidated Financial Statements

For The Year Ended March 31, 2021

(1) CORPORATE INFORMATION

The Anupam Rasayan India Ltd. (the Company), along with its subsidiaries (collectively referred to as the Group) is engaged in manufacturing of chemicals, which are sold in local market as well as exported to other countries. The Company is a public company incorporated and domiciled in India, having its registered office in Surat, Gujarat, India.

The Company has completed Initial Public Offerings (IPO) of 1,37,15,495 shares of INR 10/- each (Issued 1,34,95,495 Equity Shares at an offer price of INR 555/- per Equity Share and 2,20,000 Equity Shares to the Employees of the Company at an offer price of INR 500/- per Equity Share) aggregating to INR 7,600 millions through Fresh Issue of Equity Shares. The Equity Shares of the Company are listed on March 24, 2021 on BSE Limited (BSE) and National Stock Exchange of India Limited (NSE).

The consolidated financial statements comprise financial statements of 'Anupam Rasayan India Ltd' ('the Holding Company' or 'the Company') and its subsidiaries for the year ended on March 31, 2021.

(2) SIGNIFICANT ACCOUNTING POLICIES

(A) STATEMENT OF COMPLIANCE

(i) Basis of preparation of financial statements

Compliance with Ind AS

The consolidated financial statements are prepared in accordance with Indian Accounting Standards ("Ind AS"), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. The Ind AS are prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act.

Effective from April 1, 2018, the Group had adopted all the Ind AS and the adoption has been carried out in accordance with Ind AS 101, First time Adoption of Indian Accounting Standards, with April 1, 2017 as the transition date. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, which was the previous GAAP.

Presentation of financial statements

The Balance Sheet as at March 31, 2021 and the Statement of Profit and Loss for the year ending March 31, 2021 are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The Statement of

Cash Flows for the year ended March 31, 2021 has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

With effect from 1st April, 2019, Ind AS 116 – "Leases" (Ind AS 116) supersedes Ind AS 17 – "Leases". The Group has adopted Ind AS 116 using the prospective approach. The application of Ind AS 116 has resulted into recognition of 'Right-of-Use' asset with a corresponding Lease Liability in the Balance Sheet.

The Consolidated Financial Statements are presented in Indian Rupees, which is also its functional currency and all values are rounded to the nearest Millions (₹ 0,00,000), except when otherwise indicated.

(ii) Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Holding Company and its subsidiaries. For this purpose, an entity which is, directly or indirectly, controlled by the Holding Company is treated as subsidiary. The Holding Company together with its subsidiaries constitutes the Group. Control exists when the Holding Company, directly or indirectly, has power over the investee, is exposed to variable returns from its involvement with the investee and has the ability to use its power to affect its returns.

Consolidation of a subsidiary begins when the Holding Company, directly or indirectly, obtains control over the subsidiary and ceases when the Holding Company, directly or indirectly, loses control of the subsidiary. Income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated Statement of Profit and Loss from the date the Holding Company, directly or indirectly, gains control until the date when the Holding Company, directly or indirectly, ceases to control the subsidiary.

The consolidated financial statements of the Group combine financial statements of the Holding Company and its subsidiaries line-by-line by adding

together the like items of assets, liabilities, income and expenses. All intra-group assets, liabilities, income, expenses and unrealized profits/losses on intra-group transactions are eliminated on consolidation. The accounting policies of subsidiaries have been harmonized to ensure the consistency with the policies adopted by the Holding Company.

The consolidated financial statements have been presented to the extent possible, in the same manner as Holding Company's standalone financial statements. Profit or loss and other comprehensive income are attributed to the owners of the Holding Company and to the non-controlling interests and have been shown separately in the financial statements.

Non-controlling interests represent that part of the total comprehensive income and net assets of subsidiaries attributable to interest which is not owned, directly or indirectly, by the Holding Company.

The gains/losses in respect of part divestment/dilution of stake in subsidiary companies not resulting in ceding of control, are recognized directly in other equity attributable to the owners of the Holding Company.

The gains/losses in respect of divestment of stake resulting in ceding of control in subsidiary companies are recognized in the Statement of Profit and Loss. The investment representing the interest retained in a former subsidiary, if any, is initially recognized at its fair value with the corresponding effect recognized in the Statement of Profit and Loss as on the date the control is ceded. Such retained interest is subsequently accounted as an associate or a joint venture or a financial asset.

(iii) Business Combination/Goodwill on consolidation

The Group accounts for its business combinations under acquisition method of accounting. Acquisition related costs are recognized in the statement of profit and loss as incurred. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the condition for recognition are recognized at their fair values at the acquisition date.

Goodwill arising on consolidation is not amortized, however, it is tested for impairment annually. In the event of cessation of operations of a subsidiary, the unimpaired goodwill is written off fully.

Business combinations arising from transfers of interests in entities that are under common control are accounted at historical cost. The difference between any consideration given and the aggregate

historical carrying amounts of assets and liabilities of the acquired entity are recorded in shareholders' equity.

(iv) Property, plant and equipment

Freehold land is carried at historical cost.

All other items of Property, plant and equipment are stated at cost of acquisition net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning. Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the year in which the costs are incurred. Major shutdown and overhaul expenditure is capitalized as the activities undertaken improves the economic benefits expected to arise from the asset. It includes professional fees and, for qualifying assets, borrowing costs capitalized in accordance with the Group's accounting policy based on Ind AS 23 – Borrowing costs. Such properties are classified to the appropriate categories of PPE when completed and ready for intended use. Assets in the course of construction are capitalized in the assets under construction account. At the point when an asset is operating at management's intended use, the cost of construction is transferred to the appropriate category of property, plant and equipment and depreciation commences. Costs associated with the commissioning of an asset and any obligatory decommissioning costs are capitalized where the asset is available for use but incapable of operating at normal levels until a year of commissioning has been completed. Revenue generated from production during the trial period is capitalized. Property, plant and equipment except freehold land held for use in the production, supply or administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses, if any.

The Group has elected to continue with the carrying value for all of its property, plant and equipment as recognized in the financial statements on transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

Subsequent expenditure and componentization

Parts of an item of PPE having different useful lives and significant value and subsequent expenditure on Property, Plant and Equipment arising on account of capital improvement or other factors are accounted for as separate components only when it is probable that future economic benefits associated with the

item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Decommissioning costs

Decommissioning cost includes cost of restoration. Provision for decommissioning costs is recognized when the Group has a legal or constructive obligation to plug and abandon a well, dismantle and remove a facility or an item of Property, Plant and Equipment and to restore the site on which it is located. The full eventual estimated provision towards costs relating to dismantling, abandoning and restoring sites and other facilities are recognized in respective assets when the site is complete / facilities or Property, Plant and Equipment are installed. The amount recognized is the present value of the estimated future expenditure determined using existing technology at current prices and escalated using appropriate inflation rate till the expected date of decommissioning and discounted up to the reporting date using the appropriate risk-free discount rate. An amount equivalent to the decommissioning provision is recognized along with the cost of exploratory well or Property, Plant and Equipment.

Depreciation and Useful life

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Asset class	Useful life
Building	10-30 Years
Plant and machinery	8-30 Years
Office equipment	3-20 Years
Computer equipment	3-5 Years
Furniture and fixtures	10-20 Years
Vehicles	8-10 Years
Electric Installations	10-30 Years
Laboratory Equipment	10-20 Years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period and if the expectations differ from the previous estimates, the change is accounted for as a change in accounting estimate on a retrospective or prospective basis, whichever is nearly possible for the Group.

The property, plant and equipment acquired under finance leases is depreciated over the asset's useful life or over the shorter of the asset's useful life and the lease term if there is no reasonable certainty that the Group will obtain ownership at the end of the lease term.

De-recognition of Asset

An item of PPE is de-recognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss.

(v) Intangible assets

Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are recognized only on reasonable certainty and after completion of all activities related to the asset.

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the disposal proceeds and the carrying amount of the asset and are recognized as income or expense in the Statement of Profit and loss.

Intangible assets with finite useful lives are amortized on a straight line basis over the following period:

Asset class	Useful life
Intangible assets	3-10 Years

(vi) Impairment of assets

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. At the each year end, assets are broadly evaluated for impairment. Provision for impairment of asset is made only if the recoverable amount of the asset goes below the carrying amount of the asset.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from

other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

(vii) Leases:

The group has applied Ind AS 116 for entering into leases in the current financial year and hence there was no need of restatement required to be done for the previous financial years.

As a lessee, the group recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, group's incremental borrowing rate. Generally, the group uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following: –

- Fixed payments, including in-substance fixed payments;
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable under a residual value guarantee; and
- The exercise price under a purchase option that the group is reasonably certain to exercise, lease payments in an optional renewal period if the group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the group is reasonably certain not to terminate early.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the group's estimate of the amount expected to be payable under a residual value guarantee, or if group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The group presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities in 'loans and borrowings' in the statement of financial position.

Short-term leases and leases of low-value assets

The group has elected not to recognize right-of-use assets and lease liabilities for short term leases of real estate properties that have a lease term of 12 months. The group recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(viii) Financial instruments

Initial Recognition and Measurement

Financial assets and/or financial liabilities are recognized when the Group becomes party to a

contract embodying the related financial instruments. All financial assets, financial liabilities and financial guarantee contracts are initially measured at transaction values and where such values are different from the fair value, at fair value. Transaction costs that are attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from as the case may be, the fair value of such financial assets or liabilities, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in Profit or Loss.

Offset

A financial asset and a financial liability is offset and presented on net basis in the balance sheet when there is a current legally enforceable right to set-off the recognized amounts and it is intended to either settle on net basis or to realize the asset and settle the liability simultaneously.

A. Financial Assets:

a. Subsequent measurement:

For subsequent measurement, the group classifies financial asset in following broad categories:

- Financial asset carried at amortized cost.
- Financial asset carried at fair value through other comprehensive income (FVTOCI)
- Financial asset carried at fair value through profit or loss (FVTPL)

i. Financial asset carried at amortized cost (net of any write down for impairment, if any):

Financial assets are measured at amortized cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortized costs using Effective Interest Rate (EIR) method less impairment, if any. The losses arising from impairment are recognized in the statement of profit or loss. Cash and bank balances, trade receivables, loans and other financial asset of the group are covered under this category.

Under the EIR method, the future cash receipts are exactly discounted to the initial recognition value using EIR. The cumulative amortization using the EIR method of the difference between the initial

recognition amount and maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial asset over the relevant period of the financial asset to arrive at amortized cost at each reporting date. The corresponding effect of the amortization under EIR method is recognized as interest income over the relevant period of the financial asset. The same is included under "other income" in the statement of profit or loss. The amortized cost of the financial asset is also adjusted for loss allowance, if any.

ii. Financial asset carried at FVTOCI:

Financial asset under this category are measured initially as well as at each reporting date at fair value, when asset is held with a business model whose objective is to hold asset for both collecting contractual cash flows and selling financial assets. Fair value movements are recognized in the other comprehensive income.

iii. Financial asset carried at FVTPL:

Financial asset under this category are measured initially as well as at each reporting date at fair value. Changes in fair value are recognized in the statement of profit or loss.

b. Derecognition:

A financial asset is primarily derecognized when rights to receive cash flows from the asset have expired or the Group has transferred its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risk and reward of the ownership of the financial asset.

c. Impairment of financial asset:

In accordance with Ind AS 109, the Group uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months from the reporting date.

For trade receivables, the Group applies 'simplified approach' which requires expected lifetime losses to be recognized from initial recognition of the receivables. The Group uses historical default rates to

determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analyzed.

For other assets, the Group uses 12-month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the Statement of Profit and Loss under the head 'Other expenses'.

B. Financial Liabilities:

a. Subsequent measurement:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

The EIR amortization is included as finance costs in the statement of profit and loss.

b. Derecognition of financial liabilities:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

c. Derivative financial instrument:

Group uses derivative financial instruments such as interest rate swaps, currency swaps, forward contracts to mitigate the risk of changes in interest rate and foreign currency exchange rate. At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which the Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. Such derivative financial instruments are initially recognised at fair value on

the date on which a derivative contract is entered into and are also subsequently measured at fair value.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedge which is recognised in Other Comprehensive Income and later to Statement of Profit and Loss when the hedged item affects profit or loss or is treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a Non-Financial Assets or Non-Financial liability. Hedges that meet the criteria for hedge accounting are accounted for as follows:

A. Cash Flow Hedge;

The Group designates derivative contracts or non-derivative Financial Assets/ Liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions.

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognised in the cash flow hedging reserve being part of Other Comprehensive Income. Any ineffective portion of changes in the fair value of the derivative is recognised immediately in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognised in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognised in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the Statement of Profit and Loss.

B. Fair Value Hedge;

The Group designates derivative contracts or non-derivative Financial Assets/Liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in interest rates, foreign exchange rates and commodity prices. Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit

and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortized to Statement of Profit and Loss over the period of maturity.

(ix) Trade receivables

Trade receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment.

(x) Inventories-

Inventories comprise of Raw and packing materials, Work-in-progress, Finished goods, and Stores and spares.

Inventories are valued at the lower of cost and the net realizable value. Cost is determined on weighted average basis. Cost includes all charges in bringing the goods to their present location and condition. The cost of Work-in-progress and Finished goods comprises of materials, direct labour, other direct costs and related production overheads.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(xi) Employee benefits

(a) Short-term employee benefits:

Employee benefits such as salaries, wages, short term compensated absences, expected cost of bonus, ex-gratia and performance-linked rewards falling due wholly within twelve months of rendering the service are classified as short term employee benefits and are expensed in the period in which the employee renders the related service.

(b) Post-employment benefits:

i. Defined contribution plans:

The contribution paid/payable under defined contribution plan is recognized during the period in which the employee renders the related service.

ii. Defined benefit plans:

The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined obligation at the end of the reporting period less the fair value of plan assets. The defined obligation is calculated annually based on actuarial valuation using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows using a discount rate based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the defined benefit obligations at the Balance Sheet date.

Re-measurement, comprising actuarial gains and losses, the return on plan assets (excluding amounts included in net interest on the net defined benefit liability or asset) and any change in the effect of asset ceiling (if applicable) is recognized in Other Comprehensive Income and is reflected in Retained earnings and the same is not eligible to be reclassified to Profit or Loss.

Defined benefit costs comprising current service cost, past service cost and gains or losses on settlements are recognized in the Statement of Profit and Loss as employee benefits expense. Interest cost implicit in defined benefit employee cost is recognised in the Statement of Profit and Loss under finance cost. Gains or losses on settlement of any defined benefit plan are recognized when the settlement occurs. Past service cost is recognized as expense at the earlier of the plan amendment or curtailment and when the group recognizes related restructuring costs or termination benefits.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognize the obligation on a net basis.

Leave Salary is considered as short term benefits and the same is accrued and paid within the working cycle of the business.

(xii) Provisions, Contingent liabilities and Contingent assets

Provisions are recognized only when the Group has a present obligation (legal or constructive) as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and a reliable estimate can be made of the amount of the obligation. Provision is measured using the cash flows estimated to settle the present obligation and when the effect of time value of money is material, the carrying amount of the provision is the present value of those cash flows. Reimbursement expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received.

Contingent liability is disclosed in case of, a present obligation arising from past events, when it is not

probable that an outflow of resources will be required to settle the obligation; and a present obligation arising from past events, when no reliable estimate is possible.

Contingent assets are disclosed where an inflow of economic benefits is probable.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

Where the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under such contract, the present obligation under the contract is recognized and measured as a provision.

(xiii) Revenue recognition

The Group has adopted Ind-AS 115 "Revenue from Contracts with Customers" effective from April 01, 2018.

Revenue from the sale of goods is recognized when the Group transfers control of the product. Control of the product transfers upon shipment of the product to the customer or when the product is made available to the customer, provided transfer of title to the customer occurs and the Group has not retained any significant risks of ownership or future obligations with respect to the product shipped. Amounts disclosed as revenue are net off returns, trade allowances, rebates and indirect taxes.

Other income:

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend income is accounted in the period in which the right to receive the same is established.

Government grants, which are revenue in nature and are towards compensation for the qualifying costs, incurred by the Group, are recognized as other income in the Statement of Profit and Loss in the period in which such costs are incurred. Government grant receivable in the form of duty credit script is recognized as Other income in the Statement of Profit and Loss in the period in which the application is made to the government authorities and to the extent there is no uncertainty towards its receipt.

Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably.

(xiv) Foreign Currency Transactions

The functional currency and presentation currency of the group is Indian Rupee.

Transactions in currencies other than the Group's functional currency are recorded on initial recognition using the exchange rate at the transaction date. At each Balance Sheet date, foreign currency monetary items are reported at the closing spot rate. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in foreign currency are not retranslated.

Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing spot rate are recognized in the Statement of Profit and Loss in the period in which they arise except for:

- (a) exchange gains or losses on foreign currency borrowings taken which are related to the acquisition or construction of qualifying assets are adjusted in the carrying cost of such assets.
- (b) exchange differences on derivatives transactions entered into in order to hedge foreign currency risks associated with underlying assets/liabilities which are classified as cash flow hedges. The effective portion of changes in the fair value of the derivative is recognised in the cash flow hedging reserve being part of Other Comprehensive Income. Any ineffective portion of changes in the fair value of the derivative is recognised immediately in the Statement of Profit and Loss.

(xv) Exceptional items

An item of income or expense which by its size, type or incidence requires disclosure in order to improve an understanding of the performance of the Group is treated as an exceptional item and disclosed as such in the financial statements.

(xvi) Taxes on income

The tax expenses for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income. In which case, the tax is also recognised in Other Comprehensive Income.

Current Tax

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961 and based on the expected outcome of assessments/appeals.

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Group's financial statements and the corresponding tax bases used in computation of taxable profit and quantified using the tax rates and laws enacted or substantively enacted as at the Balance Sheet date.

Deferred tax assets are generally recognized for all taxable temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets relating to unabsorbed depreciation/business losses/losses under the head "capital gains" are recognized and carried forward to the extent of available taxable temporary differences or where there is convincing other evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of reporting period, to recover or settle the carrying amount of its assets and liabilities. Considering intensive capital investment since last several years and based on the estimate of future forecasts of capital investments, the Group is expected to have higher deductions of depreciation as per Income Tax as compared to depreciation as per Books of Accounts. Deferred Tax is effectively considered not to be neutralized in foreseeable future and hence as per the policy of the Group, deferred tax is recognised at 75% of its effective value.

Transaction or event which is recognized outside Profit or Loss, either in Other Comprehensive Income or in equity, is recorded along with the tax as applicable.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and the deferred tax asset and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

(xvii) Cash and bank balances

Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term and liquid investments being subject to more than insignificant risk of change in value, are not included as part of cash and bank balances.

(xviii) Cash flow statement

Cash flows are reported using the indirect method where by the profit before tax is adjusted for the effect of the transaction of non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the group are segregated.

In the cash flow statement, cash and cash equivalents includes cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

(xix) Borrowing costs

Borrowing costs, general or specific, that are directly attributable to the acquisition or construction of qualifying assets is capitalized as part of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the Statement of Profit and Loss. The Group determines the amount of borrowing costs eligible for capitalization as the actual borrowing costs incurred on that borrowing during the year less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. In case if the Group borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalization are determined by

applying a capitalizations rate to the expenditures on that asset.

Borrowing cost includes exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the finance cost.

(xx) Securities premium

Securities premium include, the difference between the face value of the equity shares and the consideration received in respect of shares issued. The issue expenses of securities which qualify as equity instruments are written off against securities premium.

(xxi) Non-current assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount is intended to be recovered principally through a sale (rather than through continuing use) when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset (or disposal group) and the sale is highly probable and is expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets and disposal groups classified as held for sale are measured at lower of their carrying amount and fair value less costs to sell.

(xxii) Operating cycle for current and non-current classification

The group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realized or intended to be sold or consumed in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is expected to be realized within 12 months after the date of reporting period; or
- Cash and cash equivalents unless restricted from being exchanged or used to settle a liability for at least 12 months after reporting period.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

A liability is current when it satisfies any of the following criteria:

- It is expected to be realized or intended to be sold or consumed in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is expected to be realized within 12 months after the date of reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period current liabilities include the current portion of long-term financial liabilities.

The group classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(xxiii) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

(xxiv) Key sources of estimation

The preparation of the financial statements in conformity with Ind AS requires that the management of the Group makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates include useful lives of property, plant and equipment & intangible assets, allowance for expected credit loss, future obligations in respect of retirement benefit plans, fair value measurement etc. Difference, if any, between the actual results and estimates is recognized in the period in which the results are known.

(i) Segment reporting

Revenue and Geographical Segments are identified based on the stratification of the risk and returns. The group operates only in the one revenue segment. i.e. Manufacturing of industrial chemicals.

(ii) Commitments

Commitments are future liabilities for contractual expenditure. Commitments include the value of the

contracts for the acquisition of the assets net of advances.

(iii) Recognition of Deferred Tax Assets and Liabilities

Deferred tax assets and liabilities are recognised for deductible temporary differences and unused tax losses for which there is probability of utilization against the future taxable profit. The Group uses judgement to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits and business developments.

(iv) Global Health Pandemic on COVID-19

The Covid-19 pandemic had its impact on the global economic environment including in India, causing

significant disruption in economic activities and the chemical industry where the company is operating had been adversely impacted in the first half of Financial Year 2020-2021 due to pandemic. With the gradual relaxation in the second half, economic activities had improved. However, the second wave of Covid-19 emerging in India in the month of April-May 2021 may have an impact on the industry and Company. The Company is of the view that vaccination programmes of the Government will minimize the impact on the economic activities.

The Company closely monitors the recent development and effects of present pandemic over the business. The Company believes that this pandemic is not likely to have a material impact on the carrying value of its assets and hence no provision for any impairment is required.

The Company has issued one class of Preference Shares having face value of INR 10/- each and the holder of the Preference Share is entitled to one vote per share. Such shares are cumulative shares, holder of Preference Share is entitled to receive cumulative dividend before it is distributed amongst Equity Share holders by the Company. In the event of liquidation of the Company, the holders of Preference Shares will be entitled to have first preference in the assets of the Company in proportion to the number of Equity Shares held by Equity Share holders.

NATURE AND PURPOSE OF RESERVES:**Securities Premium**

Securities Premium reserve is created due to premium on issue of shares. These reserve are utilized in accordance with provision of the Companies Act, 2013.

General reserve

Under the erstwhile Companies Act, 1956, a general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid up capital of the Company for that year, then the total dividend distribution is less than the total distributable reserve for that year.

Consequent to introduction of Companies Act, 2013, the requirement of mandatory transfer of a specified percentage of the net profit to general reserves has been withdrawn and the Company can optionally transfer any amount from the Surplus of profit or loss to the General Reserve.

Share Based Payment Reserve

Vide shareholders resolution on December 4, 2020, the Company has reserved issuance of 13,12,795 number of Equity Shares of INR 10/- each for offering to eligible employees of the company and its subsidiary under the Anupam - Employee Stock Option Plan, 2020 ('ESOP-2020') and on December 10, 2020, the Company has granted 13,12,760 number of Equity Shares at a price of INR 225/- per option to eligible employees. The options would vest over a period of 3 years from the date of grant based on specified criteria .

31 CONTINGENT LIABILITIES AND COMMITMENTS**Contingent Liabilities**

The Company had issued Cumulative Compulsorily Convertible Preference Shares in the ratio of 1:1 at 0.01% per annum, the dividend of which had not been declared by the Company and stands to be a contingent liability amounting to Nil (Previous year INR 22,037/-) cumulatively.

Capital Commitments

Estimated amount of contracts remaining to be executed on capital account and not provided for as on March 31, 2021 is INR 259.39 Mn (Previous year INR 154.43 Mn).

32 EMPLOYEE BENEFITS

Employee Gratuity fund scheme is for the purpose of the Defined Benefits. The Company is making annual contributions for gratuities to funds administered by trustees and managed by insurer (LIC) for amounts notified by the insurer. The present value of obligation under such defined benefit plan is determined based on actuarial valuation carried out by an independent actuary.

The Company has paid premium under Staff Gratuity EGG Scheme with the LIC. Accordingly, all the required disclosures are provided in the financial statements to the extent details available from actuarial valuation report and LIC gratuity valuation report respectively.

These plans typically expose the Group to actuarial risks such as: Investment risk, interest rate risk, longevity risk and salary risk.

Investment risk

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Interest risk

A fall in the discount rate which is linked to the Government Security Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Concentration risk:

Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

II. Fair value of hierarchy and method of valuation

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are a) recognized and measured at fair value, and b) measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard.

Other financial assets	-	-	-	-
Financial Liabilities				
Other financial liabilities	19.30	-	19.30	-

Except for those financial instruments for which the carrying amounts are mentioned in the above table, the Company considers that the carrying amounts recognized in the financial statements approximate their fair values.

For financial assets that are recognized at fair value, the carrying amounts are equal to the fair values.

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2 : The fair value of the financial instruments that are not traded in active market is determined using valuation techniques which maximize the use of observable market data and rely on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more significant inputs is not based on observable market data, the instrument is included in level 3.

Valuation techniques used to determine the fair values:

The fair value of the forward exchange contract is determined using forward exchange rate at the balance sheet date. The fair value of cross currency interest rate swap is calculated as the present value of future cash flow based on available foreign exchange rates.

Reconciliation of fair value measurement of the investment categorised at level 3:

C. Market risk

With the entity having varied geographical spread of revenue, and with the price being determined, primarily by demand and supply, the entity is not exposed to any market risk that require sensitivity analysis akin to any specific market such that profit or loss or equity of the entity would get affected by changes in the relevant risk variable.

Currency risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency. The risk is measured through a forecast of highly probable foreign currency cash flows. The objective of the hedges is to minimise the volatility of the cash flows of highly probable forecast transactions by hedging the foreign exchange inflows on regular basis.

Currency risks related to the principal amounts of the Company's foreign currency receivable/ payables have not been hedged using forward contracts.

In respect of other monetary assets and liabilities denominated in foreign currencies, the Company's policy is to ensure that its net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates when necessary to address short-term imbalances.

Sensitivity analysis

A reasonably possible strengthening (weakening) of the INR against all currencies at March 31, 2021 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant.

Amount in Millions

Particulars	Profit or loss	
	Strengthening	Weakening
March 31, 2021		
USD (1% movement)	(29.86)	29.86
March 31, 2020		
USD (1% movement)	(71.22)	71.22

Interest rate risk

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. Currently the Company's borrowings are within acceptable risk levels, as determined by the management.

Exposure to interest rate risk

The interest rate profile of the Company's interest-bearing financial instruments as reported to the management of the Company is as follows.

Amount in Millions

Particulars	Nominal Amount	
	As at 31-03-2021	As at 31-03-2020
Fixed-rate instruments		
Financial assets	-	-
Financial liabilities	2,748.02	2,808.28

	1,120.59	5,376.95

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

Amount in Millions

Particulars	Profit or loss	
	100 bp increase	100 bp decrease
March 31, 2021		
Variable-rate instruments	(11.21)	11.21
Cash flow sensitivity	(11.21)	11.21
March 31, 2020		
Variable-rate instruments	(53.77)	53.77
Cash flow sensitivity	(53.77)	53.77

Fair value sensitivity analysis for fixed-rate instruments

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Hedge Accounting

The company's business objective includes safe-guarding its earnings against foreign exchange fluctuations. The Company has adopted a structured risk management policy to hedge all these risks within an acceptable risk limit and an approved hedge accounting framework which allows for Fair Value hedges and Cash Flow hedges. Hedging instruments include forwards contracts to achieve this objective. The table below shows the position of hedging instruments and hedged items as on the balance sheet date.

Cash flow hedge

The objective of hedge accounting is to represent, in the Company's financial statements, the effect of the Company's use of financial instruments to manage exposures arising from particular risks that could affect profit or loss. The Company's exposure to foreign currency risk as at March 31, 2021 is stated below.

During the year ended March 31, 2021, the Company has designated specific foreign exchange cross currency forward and as cash flow hedges to mitigate the risk of foreign exchange exposure on highly probable forecast cash transactions. The related hedge transactions for balance in cash flow hedge reserve as at March 31, 2021 are expected to occur and reclassified to Statement of Profit and Loss within thirty six months.

The Company determines the existence of an economic relationship between the hedging instrument and hedged item based on the currency, amount and timing of its forecasted cash flows. Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments to ensure that an economic relationship exists between the hedged item and hedging instrument, including whether the hedging instrument is expected to offset changes in cash flows of hedged items.

If the hedge ratio for risk management purposes is no longer optimal but the risk management objective remains unchanged and the hedge continues to qualify for hedge accounting, the hedge relationship will be rebalanced by adjusting either the volume of the hedging instrument or the volume of the hedged item so that the hedge ratio aligns with the ratio used for risk management purposes. Any hedge ineffectiveness is calculated and accounted for in the Statement of Profit and Loss at the time of the hedge relationship rebalancing.
