A2Z INFRA ENGINEERING LTD.

- 1) The above standalone financial results have been reviewed by the Audit Committee and on their recommendation have been approved by the Board of Directors at its meeting held on February 20, 2020. The statutory auditors have reviewed the above standalone financial results for the quarter and nine months ended December 31, 2019.

Basic and Diluted Earnings Per Share is not annualized for the quarters ended December 31, 2019, September 30, 2019 and December 31, 2018 and nine months ended December 31, 2019 and December 31, 2018.

- 2) The auditors in their review report have drawn attention to the following matters:

- a. The management has performed impairment assessment of three cogeneration power plants set up in collaboration with certain sugar mills on Build, Own, Operate and Transfer (BOOT) basis for a period of 15 years. As at December 31, 2019, such plants have a power generation capacity of 15 MW each. The assessment has been done on the basis of assumptions of useful life of assets, discounted cash flows with significant underlying assumptions, achievement of certain operating capacity and the ability of new technology to perform on a consistent basis.

The Company has also entered into arbitration proceedings with the sugar mills for the extension of the concession period. Based on the assessment and advice from an independent legal counsel on the availability of concession period, excluding the available renewal period by exercising the option for renewal/ extension of the concession period, the management, is confident, that there exists reasonable certainty that arrangement shall be extended for a term of 5 years. Management carried out an impairment assessment and has recorded an impairment of Rs. 14,539.46 lakhs in carrying value of these assets as at March 31, 2019. Accordingly, management believes that the estimates of the useful lives are reasonable and no further material adjustments to the carrying value of these plants are necessary.

Out of the aforementioned impairment as at March 31, 2019 Rs. 12,631.21 lakhs pertain to, two power plants, which were yet to be capitalised and Rs. 1,908.25 lakhs are for power plant which has already been capitalised. The recoverable amount of all three cogeneration power plants is based on value in use and determined at the level of the Cash Generating Unit (CGU).

- b. The Income tax authorities conducted a search and survey at certain premises of the Company under section 132 and 133 of the Income Tax Act, 1961 in April 2012. During the year ended March 31, 2015, the Company received the assessment orders for the assessment years 2009-10 to 2013-14 from the Deputy Commissioner of Income Tax (DCIT) demanding additional tax liability of Rs. 1,992.17 lakhs. During the year ended March 31, 2015 the Company had filed appeals with Commissioner of Income Tax (CIT) (Appeals) challenging these orders against which the said authority had granted partial relief to the Company. The Company has further filed appeals with Income Tax Appellate Tribunal (ITAT) challenging the orders for these assessment years in respect of the matters, where the CIT(A) has not accepted the Company's contention. Additionally, the DCIT has also filed appeals with the ITAT against the matters where the relief has been given to the Company. Further, during the year ended March 31, 2018, the Company had received penalty orders for the Assessment year 2009-10 to 2013-14 from DCIT and for the Assessment year 2008-09 from CIT demanding additional tax liability of Rs. 1,277.64 lakhs against which the CIT (Appeals) had not granted relief to the Company.

During the year ended March 31, 2019, the Company received orders from CIT (Appeals) quashing the penalty orders aggregating Rs. 477.71 lakhs out of the aforementioned and upholding the rest. The Company has filed appeals with the ITAT challenging the penalty orders for these assessment years in respect of the matters where the CIT(A) has not accepted the Company's contention.

Based on their assessment and upon consideration of advice from the independent legal counsel, the management believes that the Company has reasonable chances of succeeding before the ITAT and does not foresee any material liability. Pending the final decision on the matter, no further adjustment has been made in the standalone financial results.

- c. During the financial year ended March 31, 2017, the Company based on the legal advice filed an application for advance ruling with the Advance Ruling Authorities (the Authority) regarding applicability of service tax in respect of one of the projects undertaken by them. During the year ended March 31, 2018, the Company received response to its application wherein the Authority opined that entire project is covered within the ambit of the service tax. Accordingly, the Company has recognized the service tax liability and based on the contractual terms which stipulates that any taxes shall be borne by the customer, has also recognized amount recoverable from customer of an equivalent amount. Further, the management believes that the interest, if any, on the delayed deposit of the aforementioned service tax liability is currently unascertainable and shall be reimbursed by the customer. The Company has made submissions with the customer in this regard. Additionally, based on the independent legal advice, the Company believes that the input tax credit in respect of the aforementioned project shall be adjustable against the liability considering the entire project has now been clarified to be covered under the service tax ambit. Accordingly, no further adjustments to the books of account are considered necessary.

While A2Z Green Waste Management Group has incurred losses during its initial years and consolidated net-worth as at December 31, 2019 has been completely eroded, the underlying projects are expected to achieve adequate profitability on substantial completion. Based on internal assessment and valuation report from an independent valuer, the recoverable amount from the underlying investments/assets is higher than the net worth of A2Z Green Waste Management Group. Therefore, the management believes that the realisable amount from the aforementioned associate company and its subsidiaries is higher than the carrying value of the non-current investments, other current financial assets and current financial assets-loans due to which these are considered as good and recoverable.

5) The loan accounts of the Company have been classified as Non- Performing Assets by certain banks and they have not charged interest on the said accounts and also the Company has not charged interest on borrowings from certain banks/ Asset Reconstruction Company which had entered into Settlement agreement(s), therefore provision for interest has not been made in the books of accounts and to that extent interest costs and loan liabilities have been understated. The extent of exact amount is under determination and reconciliation with the bank, however as per the details available, the amount of unaccrued interest, on approximate basis, on the said loans (other than the borrowings of few banks and assets reconstruction company which are regular) amounts to Rs 452.88 lakhs and Rs 936.68 lakhs for the quarter ended December 31, 2019 and for the period ended December 31, 2019 respectively. The Company is already in discussion with the said banks and Asset Reconstruction Company for settlement of their dues.

6) The Company had entered into Settlement agreement(s) ("Agreements") with certain banks/assets reconstruction company ("the Lenders") during the years/period ended March 31, 2018, March 31, 2019 and June 30, 2019 wherein it had settled the outstanding borrowings by issue of equity shares, upfront payments and deferred instalments. As at December 31, 2019, the Company has delayed payments in respect of the certain deferred instalments amounting Rs 8,843.43 lakhs which were due and payable pursuant to these Agreements. So far, the lenders have not given any written notice on event of default as per the agreements and the management is in discussions with the Lenders to condone the aforementioned delays.

Further, certain lenders have filed an application with Debt Recovery Tribunal and other judicial authorities for recovery of its dues as they existed prior to the settlement agreement entered with it in earlier period. However, based on the terms of the agreement entered with such lender, the management believes that no additional liability shall devolve on the Company in addition to the carrying value of such liability as at December 31, 2019.

The Company is in the process of negotiations/ reconciliations of its outstanding obligations carried in these standalone financial results.

Pursuant to the above discussions with the lenders, management is confident that no material impact will devolve on the Company in respect of aforementioned delays.

7) The company has adopted Ind AS 116 'Leases' effective from April 01, 2019 as notified by the ministry of Corporate Affairs (MCA) in the Companies (Indian Accounting Standard) Amendment Rules, 2019 using modified retrospective method. The adoption of this standard did not have any material impact on the standalone financial results of the current quarter.

8) The Company has elected to exercise the option permitted under section 115BAA of the Income-tax Act, 1961 as introduced by the Taxation Laws (Amendment) Ordinance 2019. Accordingly, the Company has recognised provision for income-tax for the quarter and period ended December 31, 2019 and re-measured its deferred tax assets/liabilities basis the rate prescribed in the aforesaid section.

- 9) The Company has accumulated losses amounting Rs 41,679.39 lakhs as at December 31, 2019 and is presently facing acute liquidity problems on account of delayed realization of trade receivables coupled with delays in commencement of commercial production at its waste to energy power generation plants. Further, one of the lenders has filed an application with the National Company Law Tribunal (NCLT) for recovery of its dues amounting to Rs. 676 lakhs but the matter has not been admitted yet with the NCLT, and three lenders have filed applications before Debt Recovery Tribunal (DRT) and other courts for recovery of overdue balances. The management is in discussion with the said lenders for amicably settling such matters. Further, during the current quarter, because of delays in required extension of performance security, one of the customers has invoked the bank guarantee submitted by the Company amounting to Rs. 6,500 lakhs and converted into cash security as a fixed deposit and used it as security margin for providing a limit of Letter of Credit to facilitate timely payments to vendors for ensuring early completion of the project. The Company has also delayed in repayments due to certain lenders amounting to Rs 9,906.81 lakhs in addition to the delays in one-time settlement agreements as further detailed in note 6. Conditions explained above, indicate existence of uncertainties that may cast significant doubt on the Company's ability to continue as a going concern due to which the Company may not be able to realise its assets and discharge its liabilities in the normal course of business. However, the management is evaluating various options and has entered into one-time settlement agreements with various lenders (as described in note 6) apart from further negotiating the terms with the remaining lenders for settlement of its existing debt obligations. Further, the management is in discussion with another lender for additional funding of approximate Rs 14,000 lakhs. In view of the proposed settlement of debt obligations together with the expected increased realization from the trade receivables and expected start of commercial production of the waste to energy power generation plants, the Management believes that the Company will be able to settle its remaining debts in the due course and no adjustments are required in the standalone financial statements and accordingly, these have been prepared on a going concern basis.
- 10) These unaudited standalone financial results are prepared in accordance with recognition and measurement principles of Ind AS-34, 'Interim Financial Reporting', specified under Section 133 of the Companies Act 2013, SEBI Circular CIR/CFD/PAC/62/2016 dated July 5, 2016, and other accounting principles generally accepted in India.
- 11) Previous period figures have been re-grouped/reclassified wherever necessary to correspond with those of the current period's classification.

Notes:

- The above consolidated financial results have been reviewed by the Audit Committee and on their recommendation have been approved by the Board of Directors at its meeting held on February 20, 2020. The statutory auditors have carried out limited review of these financial results for the quarter and nine month ended December 31, 2019.

The figures in the consolidated financial results for the quarter and nine months ended December 31, 2018 have been approved by the Holding Company's Board of Directors, but have not been subject to audit or review.

Basic and Diluted Earnings Per Share is not annualized for the quarters ended December 31, 2019, September 30, 2019 and December 31, 2018 and nine months ended December 31, 2019 and December 31, 2018.

- The auditors in their audit report have drawn attention to the following matters:
 - The management has performed impairment assessment of three cogeneration power plants set up in collaboration with certain sugar mills on Build, Own, Operate and Transfer (BOOT) basis for a period of 15 years. As at December 31, 2019, such plants have a power generation capacity of 15 MW each. The assessment has been done on the basis of assumptions of useful life of assets, discounted cash flows with significant underlying assumptions, achievement of certain operating capacity and the ability of new technology to perform on a consistent basis.

The Holding Company has also entered into arbitration proceedings with the sugar mills for the extension of the concession period. Based on the assessment and advice from an independent legal counsel on the availability of concession period, excluding the available renewal period by exercising the option for renewal/ extension of the concession period, the management, is confident, that there exists reasonable certainty that arrangement shall be extended for a term of 5 years. Management carried out an impairment assessment and has recorded an impairment of Rs. 14,539.46 lakhs in carrying value of these assets as at March 31, 2019. Accordingly, management believes that the estimates of the useful lives are reasonable and no further material adjustments to the carrying value of these plants are necessary.

Out of the aforementioned impairment as at March 31, 2019, Rs. 12,631.21 lakhs pertain to, two power plants, which were yet to be capitalised and Rs. 1,908.25 lakhs are for power plant which has already been capitalised. The recoverable amount of all three cogeneration power plants is based on value in use and determined at the level of the Cash Generating Unit (CGU).

- b. The Income tax authorities conducted a search and survey at certain premises of the Holding Company under section 132 and 133 of the Income Tax Act, 1961 in April 2012. During the year ended March 31, 2015, the Holding Company received the assessment orders for the assessment years 2009-10 to 2013-14 from the Deputy Commissioner of Income Tax (DCIT) demanding additional tax liability of Rs. 1,992.17 lakhs. During the year ended March 31, 2015 the Holding Company had filed appeals with Commissioner of Income Tax (CIT) (Appeals) challenging these orders against which the said authority had granted partial relief to the Holding Company. The Holding Company has further filed appeals with Income Tax Appellate Tribunal (ITAT) challenging the orders for these assessment years in respect of the matters, where the CIT(A) has not accepted the Holding Company's contention. Additionally, the DCIT has also filed appeals with the ITAT against the matters where the relief has been given to the Holding Company. Further, during the year ended March 31, 2018, the Holding Company had received penalty orders for the Assessment year 2009-10 to 2013-14 from DCIT and for the Assessment year 2008-09 from CIT demanding additional tax liability of Rs. 1,277.64 lakhs against which the CIT (Appeals) had not granted relief to the Holding Company.

During the year ended March 31, 2019, the Holding Company received orders from CIT (Appeals) quashing the penalty orders aggregating Rs. 477.71 lakhs out of the aforementioned and upholding the rest. The Holding Company has filed appeals with the ITAT challenging the penalty orders for these assessment years in respect of the matters where the CIT(A) has not accepted the Holding Company's contention.

Based on their assessment and upon consideration of advice from the independent legal counsel, the management believes that the Holding Company has reasonable chances of succeeding before the ITAT and does not foresee any material liability. Pending the final decision on the matter, no further adjustment has been made in the financial results.

- c. During the financial year ended March 31, 2017, the Holding Company based on the legal advice filed an application for advance ruling with the Advance Ruling Authorities ('the Authority') regarding applicability of service tax in respect of one of the projects undertaken by them. During the year ended March 31, 2018, the Holding Company received response to its application wherein the Authority opined that entire project is covered within the ambit of the service tax. Accordingly, the Holding Company has recognized the service tax liability and based on the contractual terms which stipulates that any taxes shall be borne by the customer, has also recognized amount recoverable from customer of an equivalent amount. Further, the management believes that the interest, if any, on the delayed deposit of the aforementioned service tax liability is currently unascertainable and shall be reimbursed by the customer. The Holding Company has made submissions with the customer in this regard. Additionally, based on the independent legal advice, the Holding Company believes that the input tax credit in respect of the aforementioned project shall be adjustable against the liability considering the entire project has now been clarified to be covered under the service tax ambit. Accordingly, no further adjustments to the books of account are considered necessary.
- d. The Holding Company, as at December 31, 2019, has non-current investments (net of impairment) amounting to Rs. 20,639.81 lakhs, other current financial assets (net of impairment) amounting to Rs. 418.24 lakhs and current financial assets-loan amounting to Rs. 394.01 lakhs in its associate company A2Z Green Waste Management Limited ('AGWML') which has holding in various SPVs under its fold (hereinafter A2Z Green Waste Management Limited together with its subsidiaries is referred to as A2Z Green Waste Management Group). While A2Z Green Waste Management Group has incurred losses during its initial years and consolidated net-worth as at December 31, 2019 has been completely eroded, the underlying projects are expected to achieve adequate profitability on substantial completion. Based on internal assessment and valuation report from an independent valuer, the recoverable amount from the underlying investments/assets is higher than the net worth of A2Z Green Waste Management Group. There are assumptions and estimates used in such future projections such as discount rate, long term growth rate, arbitration claims and etc. which management believes are appropriate. Therefore, the management believes that the realisable amount from the aforementioned associate company and its subsidiaries is higher than the carrying value of the non-current investments, other current financial assets and current financial assets-loans due to which these are considered as good and recoverable.

- 5) The loan accounts of the Holding Company have been classified as Non- Performing Assets by certain banks and they have not charged interest on the said accounts and also the Holding Company has not charged interest on borrowings from certain banks/ Asset Reconstruction Company which had entered into Settlement agreement(s), therefore provision for interest has not been made in the books of accounts and to that extent interest costs and loan liabilities have been understated. The extent of exact amount is under determination and reconciliation with the bank, however as per the details available, the amount of unaccrued interest, on approximate basis, on the said loans (other than the borrowings of few banks and assets reconstruction company which are regular) amounts to Rs 452.88 lakhs and Rs 936.68 lakhs for the quarter ended December 31, 2019 and for the period ended December 31, 2019 respectively. The Holding Company is already in discussion with the said banks and Asset Reconstruction Company for settlement of their dues.
- 6) The Holding Company had entered into Settlement agreement(s) ('Agreements') with certain banks/assets reconstruction company ('the Lenders') during the years/period ended March 31, 2018, March 31, 2019 and June 30, 2019 wherein it had settled the outstanding borrowings by issue of equity shares, upfront payments and deferred installments. As at December 31, 2019, the Holding Company has delayed payments in respect of the certain deferred installments amounting Rs 8,843.43 lakhs which were due and payable pursuant to these Agreements. So far, the lenders have not given any written notice on event of default as per the agreements and the management is in discussions with the Lenders to condone the aforementioned delays.

Further, certain lenders have filed an application with Debt Recovery Tribunal and other judicial authorities for recovery of its dues as they existed prior to the settlement agreement entered with it in earlier period. However, based on the terms of the agreement entered with such lenders, the management believes that the no additional liability shall devolve on the Holding Company in addition to the carrying value of such liability as at December 31, 2019.

The Holding Company is in the process of negotiations/ reconciliations of its outstanding obligations carried in these standalone financial results.

Pursuant to the above discussions with the lenders, management is confident that no material impact will devolve on the Holding Company in respect of aforementioned delays.

- 7) The Group has adopted Ind AS 116 'Leases' effective from April 01, 2019 as notified by the ministry of Corporate Affairs (MCA) in the Companies (Indian Accounting Standard) Amendment Rules, 2019 using modified retrospective method. The adoption of this standard did not have any material impact on the group financial results of the current quarter.
- 8) The Group has elected to exercise the option permitted under section 115BAA of the Income-tax Act, 1961 as introduced by the Taxation Laws (Amendment) Ordinance 2019. Accordingly, the Group has recognised provision for income-tax for the quarter and period ended December 31, 2019 and re-measured its deferred tax assets/liabilities basis the rate prescribed in the aforesaid section.
- 9) The Holding Company has accumulated losses amounting Rs 41,679.39 lakhs as at December 31, 2019 and is presently facing acute liquidity problems on account of delayed realization of trade receivables coupled with delays in commencement of commercial production at its waste to energy power generation plants. Further, one of the lenders has filed an application with the National Company Law Tribunal (NCLT) for recovery of its dues amounting to Rs. 676 lakhs but the matter has not been admitted yet with the NCLT, and three lenders have filed applications before Debt Recovery Tribunal (DRT) and other courts for recovery of overdue balances. The management is in discussion with the said lenders for amicably settling such matters. Further, during the current quarter, because of delays in required extension of performance security, one of the customers has invoked the bank guarantee submitted by the Holding Company amounting to Rs. 6,500 lakhs and converted into cash security as a fixed deposit and used it as security margin for providing a limit of Letter of Credit to facilitate timely payments to vendors for ensuring early completion of the project. The Holding Company has also delayed in repayments due to certain lenders amounting to Rs 9,906.81 lakhs in addition to the delays in one-time settlement agreements as further detailed in note 6. Conditions explained above, indicate existence of uncertainties that may cast significant doubt on the Holding Company's ability to continue as a going concern due to which the Holding Company may not be able to realise its assets and discharge its liabilities in the normal course of business. However, the management is evaluating various options and has entered into one-time settlement agreements with various lenders (as described in note 6) apart from further negotiating the terms with the remaining lenders for settlement of its existing debt obligations. Further, the management is in discussion with another lender for additional funding of approximate Rs 14,000 lakhs. In view of the proposed settlement of debt obligations together with the expected increased realization from the trade receivables and expected start of commercial production of the waste to energy power generation plants, the Management believes that the Holding Company will be able to settle its remaining debts in the due course and no adjustments are required in the standalone financial statements and accordingly, these have been prepared on a going concern basis.

To the Board of Directors of A2Z Infra Engineering Limited

1. We have reviewed the accompanying statement of standalone unaudited financial results ('the Statement') of A2Z Infra Engineering Limited ('the Company') for the quarter ended 31 December 2019 and the year to date results for the period 01 April 2019 to 31 December 2019 being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), including relevant circulars issued by the SEBI from time to time.
2. The Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, Interim Financial Reporting ('Ind AS 34'), prescribed under Section 133 of the Companies Act, 2013 ('the Act'), and as per the presentation requirements of SEBI Circular CIR/CFD/FAC/62/2016 dated 5 July 2016, (hereinafter referred to as 'the SEBI Circular'), and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing specified under section 143(10) of the Act, and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independent Auditor's Review Report on Standalone Unaudited Quarterly Financial Results and Year to Date Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) (Cont'd)

4. As explained in:

- i. Note 5 to the accompanying Statement, for borrowings from certain banks ('Lenders') which have been classified as non-performing assets and from certain banks/ asset reconstruction company ('Lenders') which had entered into Settlement agreement(s) in respect of which the Company has not recognised interest for the quarter ended 31 December 2019 and period 01 April 2019 to 31 December 2019 aggregating to Rs. 452.88 lakhs and Rs. 936.68 lakhs respectively. Such amount is determined by the management, basis terms of the agreements with Lenders, but in the absence of sufficient appropriate evidence to substantiate such estimate of the management, we are unable to comment on the adjustments, that would be required to the carrying value of these balances on account of changes, and its consequential impact, on the accompanying Statement.
- ii. Note 6 to the accompanying Statement, where the Company had entered into settlement agreements with certain banks/ asset reconstruction company ('the Lenders') during the previous years and period ended 30 June 2019. As at 31 December 2019, the Company delayed payments in respect of certain deferred instalments which were due and payable pursuant to these settlements. Further, the management is in negotiations/ reconciliations with certain other lenders to settle their existing obligation. Pending confirmations from the Lenders and in the absence of the requisite information, we are unable to comment on the impact of such delays and ongoing negotiations/ reconciliations, if any, on the accompanying Statement.

5. Based on our review conducted as above and the consideration of the review reports of the branch auditors referred to in paragraph 8 below, except for the effects/possible effects of the matters described in previous section, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in Ind AS 34, prescribed under Section 133 of the Act, and as per the presentation requirements of the SEBI Circular, and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), including the manner in which it is to be disclosed, or that it contains any material misstatement.

6. Material Uncertainty Related to Going Concern

We draw attention to note 9 to the accompanying Statement, which indicates that the Company has accumulated net losses of Rs 41,679.39 lakhs as at 31 December 2019 and, as of that date the Company has made defaults in repayment of borrowings from banks. Also, certain lenders have filed applications with the National Company Law Tribunal (NCLT), Debt Recovery Tribunal (DRT) and other courts for recovery of their dues as detailed in note 9. These conditions along with other matters as set forth in such note, indicate the existence of material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. However, in view of the ongoing discussions relating to restructuring of its borrowings and other debts with the lenders which includes binding One Time Settlement (OTS) offers made by the Company, better financial performance as a result of favorable business conditions expected in future, and other mitigating factors mentioned in the aforementioned note, the management is of the view that the going concern basis of accounting is appropriate for preparation of the accompanying Statement. Our conclusion is not modified in respect of this matter.

7. We draw attention to:

- i. Note 2(a) to the accompanying Statement, which describes the significant estimates and assumptions, including extension of the concession period, used by the management for determining recoverable amount of cogeneration power plants classified under property, plant and equipment and capital work-in-progress aggregating to Rs. 7,947.74 lakhs and Rs. 14,156.80 lakhs respectively as at 31 December 2019, with respect to the impairment assessment in accordance with the requirements of Ind AS 36, "Impairment of Assets". Basis such valuation the management believes that no further adjustment is required to the carrying value of the aforesaid cogeneration power plants.
- ii. Note 2(b) to the accompanying Statement, which describes the uncertainty relating to the outcome of litigation pertaining to income-tax matters pursuant to orders received by the Company against which management and the assessing authorities have filed appeals with relevant Income-tax Authorities. The final outcome of these matters is presently unascertainable.
- iii. Note 2(c) to the accompanying Statement, which describes the uncertainty relating to utilisation of input tax credit and levy of interest on service tax. Based on the terms of the contract with the customers/vendors and independent legal opinion, management believes that these amounts are recoverable from the customer including interest thereon and that the Company will be able to avail the input tax credit for aforementioned matter.
- iv. Note 2(d) to the accompanying Statement, regarding the Company's non-current investment (net of impairment) in its associate company, and its other current financial assets (net of impairment) and its current financial assets-loan which include amounts dues from such associate company as on that date aggregating to Rs. 20,639.81 lakhs, Rs. 418.24 lakhs and Rs. 394.01 lakhs, respectively. The consolidated net worth of the aforesaid associate company as at 31 December 2019 has been fully eroded and it has been incurring losses. Based on the future business plans and projections of the associate company at consolidated level, which have been developed by the management using certain assumptions and estimates, as described in the aforementioned note, management believes that the realizable amount is higher than the carrying amount of such non-current investment (net of impairment), other current financial assets (net of impairment) and current financial assets loan and hence fully recoverable. However, there are certain uncertainties regarding the underlying assumptions and estimates used in such future projections.

Our conclusion on the Statement is not modified in respect of the above matters.

We did not review the interim financial information of four branches included in the Statement, whose interim financial information reflects total revenues of ₹ 3,240.62 lakhs and ₹ 8,115.59 lakhs, total net profit after tax of ₹ 65.77 lakhs and ₹ 68.96 lakhs, and total comprehensive income of ₹ 65.77 lakhs and ₹ 68.96 lakhs, for the quarter and year-to-date period ended on 31 December 2019, respectively, as considered in the Statement. The interim financial results have been reviewed by the branch auditors, whose reports have been furnished to us by the management, and our conclusion, in so far as it relates to the amounts and disclosures included in respect of these branches, is based solely on the review report of such branch auditors.

Further, all branches are located outside India whose financial results have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been reviewed by branch auditors under review standards specified in Annexure 1. We have reviewed these conversion adjustments made by the Company's management. Our conclusion, in so far as it relates to the amounts and disclosures included in respect of these branches is based on the review report of branch auditors and the conversion adjustments prepared by the management of the Company and reviewed by us.

Based on our review conducted and procedures performed as stated in paragraph 3 above and upon consideration of the review reports of the branch auditors and other auditors referred to in paragraph 8 below, except for the possible effects of the matters described in previous section, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with recognition and measurement principles laid down in Ind AS 34, prescribed under Section 133 of the Act, and as per the presentation requirements of the SEBI Circular and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), including the manner in which it is to be disclosed, or that it contains any material misstatement.
