Q2 & H1 FY21 Results

Safe Harbor

Certain statements in this communication concerning our future growth prospects are forward-looking statements, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, intense competition in our industry of operations including those factors which may affect our cost advantage, wage increases, our ability to attract and retain highly skilled professionals, cost overruns on contracts, client concentration, our ability to manage our international operations, our ability to successfully complete and integrate potential acquisitions, liability for damages on our contracts, the success of the companies in which Praj Industries Ltd. has made strategic investments, withdrawal of governmental fiscal incentives, political instability, legal restrictions on raising capital or acquiring companies outside India and unauthorized use of our intellectual property and general economic conditions affecting our industry. Praj Industries Ltd. may, from time to time, make additional written and oral forward-looking statements, including our reports to shareholders. The company does not undertake to update any forward-looking statement that may be made from time to time by or on behalf of the company.

Key Developments

- Dr. Pramod Chaudhari, the founder and executive chairman of Praj, has been awarded for the prestigious 2020 George Washington Carver Award for Innovation in Industrial Biotechnology and Agriculture. He is the first Indian and second Asian recipient of this global honor. As the highest form of international recognition, it reaffirms India's technology prowess while acknowledging Dr. Chaudhari as the global brand ambassador in the Bioenergy space
- The Cabinet Committee on Economic Affairs has approved 'Natural Gas Marketing Reforms', taking another significant step to move towards gas based economy. The government aims to increase the share of natural gas in the country's energy mix to 15% by 2030, from 6% currently.

4th India Energy Forum
by CERAWEEK
India's Energy Future in a World of Change

Shri Narendra Modi
Hon'ble Prime Minister of India

India's energy map will have 7 key drivers

- Accelerating our efforts to move towards a gas-based economy.
- Cleaner use of fossil fuels particularly petroleum and coal.
- Greater reliance on domestic sources to drive bio-fuels.
- Achieving the renewables target of 450 GW by 2030.
- Increasing the contribution of electricity to de-carbonize mobility.
- Moving into the emerging fuels including hydrogen.
- Digital innovation across all the energy systems.
