Kelton emerges as a Leader in Zinnov Zones Digital Engineering and ER&D Services Ratings 2023 (SME), again

Reston, Virginia (08 February, 2024): In its continued journey of excellence, [Kelton](#), a prominent Digital Transformation company, has once again emerged as a Leader in the [Zinnov Zones Digital Engineering and ER&D Services Ratings, 2023 edition](#) (Small & Medium Service Providers). These wins are a testament to Kelton's continued strengths in the Digital Engineering domain.

[Zinnov](#), recognizing Kelton's expertise, has featured the company as a Leader in the [Digital Engineering & Experience Engineering](#) services ratings in the small and medium service provider segment. In addition, Zinnov has also placed Kelton amongst the "**noteworthy players**" in the [Consumer Software segment](#), distinguished for its significant strides in platforms and frameworks. The recognition is based on rigorous evaluations of scalability, verticals served, client base, and specialization.

Kelton's dedication to the Digital Engineering vertical has once again garnered commendation, highlighting its excellence in the dynamic realm of Digital Transformation. This underscores the company's innovative approach to crafting and implementing software solutions, showcasing a commitment to staying at the forefront of industry advancements.

With expertise in Digital Engineering, Kelton has capabilities across the service stack ranging from Technology Consulting, Data, AI, Cloud, Mobile & Web Application Development, and more. Kelton, remaining industry agnostic, has been working with over 200+ varied global customers through deep engagements in the Product Engineering space, from start-ups and early-stage enterprises to Fortune 500 companies.

“Our consistent recognition in the Zinnov Zones Digital Engineering and ER&D Services ratings affirms our unwavering commitment to pioneering the Digital Engineering space. This recognition reflects our dedication to staying at the forefront of technological advancements, evident in the development of robust platforms and frameworks. This not only underscores our continuous growth trajectory, but also highlights our strategic focus on expanding our footprint in the Experience Engineering segment.”, said [Krishna Chintam, Global CEO, Kelton](#) “It's a testament to our relentless pursuit of excellence and innovation in the dynamic landscape of digital transformation, which will only continue to grow.”

[Sidhant Rastogi](#), Managing Partner at [Zinnov](#), shared, “Kelton’s expertise in next-gen technologies like Blockchain, Metaverse, Web3, AR/VR, IoT, etc., has augmented its digital engineering capabilities, enabling them to serve customers across Retail, BFSI, and Healthcare verticals. Its customer experience and innovation lab, a testament to their customer-first mindset, has enabled Kelton to deliver digital innovation and transformation solutions to its clients, time and again. This focus and expertise has cemented Kelton’s position as a key player in the [Zinnov Zones Digital Engineering and ER&D Services Ratings 2023.](#)”
