In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ website of Depositories/Depository Participant**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting facility.

ANNEXURE TO THE NOTICE

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT 2013, SPECIAL BUSINESS:

ITEM NO. 3

Re-classification of certain members of the Promoters & Promoter group from “Promoters & Promoter Group” category to “Public” category.

Pursuant to Regulation 31 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) read with Circular CIR/CFD/CMD/13/2015 dated November 30, 2015, the Company is required to file with the Stock Exchanges on quarterly basis a shareholding pattern, inter alia, including shareholding of promoters and promoter group members in the Company. The “promoter and promoter group” is determined (a) in accordance with definition of these terms in SEBI (Issue of Capital and Disclosure Requirements), Regulations, 2018, (SEBI ICDR) and (b) based on the requirement that in case of transmission, succession, inheritance and gift of shares held by a promoter/person belonging to the promoter group, the recipient of such shares shall be classified as promoter/person belonging to the promoter group, as the case may be, as contained in Regulation 31A(6)(a) of Listing Regulations.

However, Regulation 31A of Listing Regulations provides for re-classification of status of promoter/promoter group persons as public on fulfillment of certain conditions including approval of such request by the members of the Company through ordinary resolution and grant of permission for such re-classification by Stock Exchanges on application by the listed entity.

In light of the provisions of the said Regulation 31A, the Company has received request from the following members of the Promoters & Promoter Group of the Company seeking re-classification of their status from ‘Promoters & Promoter Group’ category to ‘Public Category’ (the said promoter group members or the applicants).

Name of applicants classified under Promoter/Promoter Group Category seeking reclassification as “Public” shareholder	No. of shares held	% of shareholding
Ramautar Sohanlal Jhawar	-	-
Kamala Ramautar Jhawar	-	-
Ramautar Jhawar HUF	-	-
Vinit Ramautar Jhawar	-	-
Ramautar S. Jhawar (Jamnadevi Jhawar Family Trust)	-	-
Sohanlal Jhawar Family	-	-
Sohanlal Jhawar HUF	-	-
Dhanlaxmi Export Fabric LLP	-	-
Jasoda Tracon LLP	-	-

Views of the Board of Directors:

The Board has analysed the above requests and rationale given by the said Promoters & Promoter Group members in support of their request. The rationale given by them is briefly summarized as under:

Mr. Ramautar Sohanlal Jhawar and Mrs. Kamala Ramautar Jhawar, Promoter were ceased to be Director of the Company 2 years back and are not a part of the management of the Company. None of the applicants exercise control, directly or indirectly, over affairs of the Company. Further, they neither have representation on the Board nor they have such a right. Their individual shareholding in the Company along with respective persons related to them [who fall under Regulation 2(1)(pp)(ii) of SEBI ICDR] does not exceed ten percent of the total voting rights in the Company.

Some of them have been included in the promoter group because of receipt of Company’s shares consequent to transfer / transmission of shares from one of the Promoter Group members. They fulfill all the conditions specified in Regulation 31A(3)(b) of the Listing Regulations.

On the basis of the request received by the Company and pursuant to the provisions of Regulation 31A(3)(b) of Listing Regulations, all applicants seeking re-classification confirm that:

- i. Together, hold more than 10% of the voting rights of the Company.
- ii. Exercise control over the affairs of the Company directly or indirectly.
- iii. Have any special rights with respect to the Company through formal or informal arrangements including through any shareholder agreements.
- iv. be represented on the board of directors (including not having a nominee director) of the Company
- v. Act as a Key Managerial person in the Company.
- vi. Be a ‘willful defaulter’ as per the Reserve Bank of India Guidelines.
- vii. Be a fugitive economic offender.

Further, they have confirmed that subsequent to reclassification, they would continue to comply to comply with the requirements as mentioned in Regulation 31A of Listing Regulations.

Accordingly, the Board is of the view that re-classification of status of the said members of promoter group to public shall not in any way affect the management and control of the Company.

DHANLAXMI COTEX LIMITED

In light of the above, your Board considered the request for re-classification of status to public received from the said promoter group members / applicants as fit and proper and accordingly is of the view that they could be re-classified as 'Public', subject to approval of the members and permission from the Stock Exchanges.

Accordingly, Board of Directors recommends these requests to the members for approval and commends the resolution set out under item No. 3 for approval of the members.

The Company is also compliant with the conditions specified in Regulation 31A(3)(c) of Listing Regulations and accordingly is competent to make an application to the Stock Exchanges for their permission for re-classification of status of the said promoter group members to public category shareholders.

In our opinion and to the best of our information and according to the explanations given to us except for the NBFC criteria referred to in the Basis for qualified opinion paragraph, the standalone financial results:

- a. Are presented in accordance with the requirements of Regulation 33 of the Listing Regulations in this regard; and
- b. Give a true and fair view in conformity with the recognition and measurement principles laid down in the applicable Indian Accounting Standards, and other accounting principles generally accepted in India of the net profit and other comprehensive income and other financial information for the year ended 31 March 2021.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143 (10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone annual financial results.

Basis for Qualified opinion:

During the course of our audit, we have examined that the Company's principal business activity is buying and selling of Quoted shares in an active market. In our opinion, the Company fulfills the criteria for qualifying to be registered as Investment NBFC as its Financial assets constitutes more than 50% of its total assets and income from such financial assets constitutes more than 50% of gross income.

Management's Responsibility for the Standalone Financial Statements

These standalone annual financial results have been prepared on the basis of the standalone financial statements which is the responsibility of the Management and the Board of Directors

The Company's Management and Board of Directors are responsible for the preparation and presentation of these standalone annual financial results that give a true and fair view of the net profit/loss and other comprehensive income and other financial information in accordance with the recognition and measurement principles laid down in Indian Accounting Standards prescribed under Section 133 of the Act and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone annual financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone annual financial results, Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the audit of the Standalone Annual Financial Results

Our objectives are to obtain reasonable assurance about whether the standalone annual financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone annual financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone annual financial results whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of Internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion through a separate report on the complete set of financial statements on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial results made by Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone annual financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone annual financial results, including the disclosures, and whether the standalone annual financial results represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

The standalone annual financial results include the results for the quarter ended 31 March 2021 being the balancing figure between the audited figures in respect of the full financial year and the unaudited year to date figures up to the third quarter of the current financial year which were subject to limited review by us.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control system over financial reporting.

Meaning of internal financial controls over financial reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

B. Measurement of fair values

Valuation techniques and significant unobservable inputs

The Fair Value of the Financial Assets & Liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

C. Financial Risk Management

C. i. Risk management framework

A wide range of risks may affect the Company's business and operational or financial performance. The risks that could have significant influence on the Company are market risk, credit risk and liquidity risk. The Company's Board of Directors reviews and sets out policies for managing these risks and monitors suitable actions taken by management to minimise potential adverse effects of such risks on the company's operational and financial performance.

C. ii. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade and other receivables, cash and cash equivalents and other bank balances. To manage this, the Company periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivable. The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount.

(a) Trade and other receivables from customers

Credit risk in respect of trade and other receivables is managed through credit approvals, establishing credit limits and monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in the credit risk on an on-going basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on assets as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business
- ii) Actual or expected significant changes in the operating results of the counterparty
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparties ability to meet its obligation
- iv) Significant changes in the value of the collateral supporting the obligation or in the quality of third party guarantees or credit enhancements

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. When loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due, when recoverable are made, these are recognised as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

	As at March 31, 2020	As at March 31, 2020
0 - 6 months	-	-
Beyond 6 months	-	-

(b) Cash and cash equivalents and Other Bank Balances

The Company held cash and cash equivalents and other bank balances as stated in Note No. 07. The cash and cash equivalents are held with bank with good credit ratings and financial institution counterparties with good market standing.

C. iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

Liquidity risk is managed by Company through effective fund management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and other borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

C. iv. Market risk

Market Risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: currency risk, interest rate risk.

C. iv.a Currency risk

The Company is not exposed to any currency risk on account of its operating and financing activities. The functional currency of the Company is Indian Rupee. Our exposures are mainly denominated in INR's Only. The Company's business model incorporates assumptions on currency risks and ensures any exposure is covered through the normal business operations. This intent has been achieved in all years presented. The Company has put in place a Financial Risk Management Policy to Identify the most effective and efficient ways of managing the currency risks.

C. iv.b Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk through the impact of rate changes on interest-bearing liabilities and assets. The Company manages its interest rate risk by monitoring the movements in the market interest rates closely.

These financial statements are presented in Indian Rupees (INR), which is also the functional currency. All the amounts have been rounded off to the nearest lacs, unless otherwise indicated.

(i) Investments are measured at fair value.

(B) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade discount taxes and amounts collected on behalf of third parties. The Company recognises revenue when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the company.

(I) Sales

(i) Domestic sales are recognised when significant risks and rewards are transferred to the buyer as per the contractual terms or on dispatch where such dispatch coincides with transfer of significant risks and rewards to the buyer.

The Profit/Loss on investments having a material bearing on the financial statements have been recognized on accrual basis through OCI. Actual Gain/Loss on Sale of Investment is recognised in Profit and Loss statement through corresponding debits in OCI.

(C) Property, plant and equipment

On transition to Ind AS, The Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016 measured as per the previous GAAP and used those carrying value as the deemed cost of the property, plant and equipment.

(i) All items of property, plant and equipment are stated at historical cost less accumulated depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

(ii) Depreciation

(a) Fixed assets are stated at cost less accumulated depreciation.

(b) The depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

(D) Inventories Valuation

(i) Inventories of Shares & Securities are valued at Fair Market Value, with value changes recognised in Other Comprehensive Income

(E) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(F) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(G) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(H) Borrowing Cost

(i) Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalized as a prepayment for liquidity services and amortized over the period of the facility to which it relates.

"(ii) Borrowings are classified as current financial liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach."

(I) Foreign Currency Transaction

(i) In respect of foreign exchange transaction, the transaction in foreign currency is recorded in rupees by applying the exchange rate prevailing at the time of the transaction. Amount short or excess realized/incurred is transferred to Statement of Profit and Loss.

(ii) All foreign currency liabilities / assets not covered by forward contracts are restated at the rates prevailing at the year end and any exchange differences are debited / credited to the Statement of Profit & Loss.

(J) Investments

All equity investments are measured at fair value, with value changes recognised in Other Comprehensive Income.

(K) Employee Benefit

(i) Short term employee benefits are recognised as an expense at the undiscounted amounts in the Statement of Profit & Loss for the year in which the related service is rendered.

(L) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share are the net profit for the period. The weighted average number equity shares outstanding during the period and all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

(M) Taxation

"(i) The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for the jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, to unused tax losses and unabsorbed depreciation.

Current and deferred tax is recognized in the Statement of Profit and Loss except to the extent it relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or other comprehensive income."

(ii) Provision for Income tax is made on the basis of the estimated taxable income for the current accounting period in accordance with the Income- tax Act, 1961 and Revised Income Computation and Disclosure Standards (ICDS) of the Income-tax Act, 1961.

(iii) Deferred tax is provided using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to reflect changes in probability that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

(iv) Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the no tax has been recognised in the books of Accounts.

(N) Impairment of Assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the assets belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

(O) Provisions and Contingent Liabilities

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

(P) Operating Cycle

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

(Q) Financial Instruments

(I) Financial Assets

(i) Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

(ii) Subsequent measurement

(a) Financial assets carried at amortised cost (AC): A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(b) Financial assets at fair value through other comprehensive income (FVTOCI): A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(c) Financial assets at fair value through profit or loss (FVTPL): A financial asset which is not classified in any of the above categories are measured at FVTPL.

(iii) Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

(a) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or

(b) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analyzed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(II) Financial Liabilities

(i) Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

(ii) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

28. FIRST TIME ADOPTION OF IND AS

The Company has adopted Ind AS with effect from 1st April 2017 with comparatives being restated. Accordingly the impact of transition has been provided in the Opening Reserves as at 1st April 2016. The figures for the previous period have been restated, regrouped and reclassified wherever required to comply with the requirement of Ind AS and Schedule III.

Explanation 1 - Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

(I) Ind AS Optional exemptions

Deemed Cost - Property, Plant and Equipment and Intangible Assets

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets. Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying values.

(II) Ind AS mandatory exemptions

(i) Estimates

An entity's estimates in accordance with Ind AS' at the date of transition to Ind AS shall be consistent with the estimates made for the same date in accordance with the previous GAAP (after adjustments to reflect any difference in accounting policies) unless there is an objective evidence that those estimates were in error.

(ii) Classification and measurement of financial assets (other than equity instruments)

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exists at the date of transition to Ind AS.

(iii) De-recognition of financial assets and financial liabilities

Ind AS 101 requires a first time adopter to apply the de-recognition provisions for Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows first time adopter to apply the DE recognition requirements provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognized as a result of past Ind AS 101 retrospectively from the date of entity's choosing, transactions was obtained at the time of initially accounting for the transactions.

29. Due to (COVID-19) as a pandemic, financial market was downwards with reason to believe due to liquidity measure. Management have no liquidity shortage and reason to believe that valuation of stock down is temporary nature and it will likely to be raised soon due to fundamentals of stock are very good. Hence Valuation of stock had taken at Cost value. However a corresponding effect of cost and market value have taken in OCI (other comprehensive income)

30. "The World Health Organization has declared the novel coronavirus (COVI 0- 19) as a pandemic on March 11, 2020. Besides the impact of this outbreak on human life, it has also disrupted the financial, economic and social structures of the entire world. The Central Government in India also declared a national lockdown from March 25, 2020 to May 31, 2020, through various notifications, and subsequently the Central Government has announced Unlock 1.0 till June 30, 2020. During the unlock 1.0 period private offices are allowed to operate with 10% of the staff with certain conditions initially and restricted the movement as a preventive/ precautionary measures to avoid the spread of COVID- 19. The Company remains fully compliance with the guidelines and direction of both Central and State Government. The situation has caused uncertainty and impacted the collection and other operations of the Company. However with various remote working measures, the Company has been able to restore its normal operations except certain functions which require physical movement e.g. field level visits."

31. The previous year figures have been regrouped / reclassified, wherever necessary to conform to the current presentation as per the schedule III of Companies Act, 2013.
