Press & Media Release

Hyderabad, 11th April, 2022

Zen Technologies Limited Appraised at Maturity Level 5 of CMMI V2.0

Zen Technologies Limited, a leading Anti-Drone technology and defence training solutions provider announced that it was appraised by Capability Maturity Model Integrateion for Development (CMMI-DEV) - Maturity level 5 ratings of its R&D centre – Development Projects Unit. A rating, difficult to achieve, validates the Company’s ability to deliver efficient and effective solutions for its customers.

Commenting on this achievement, Mr. Ashok Atluri, Chairman and Managing Director, said:

We are extremely proud of this monumental accomplishment. We have always been confident in our ability, but this appraisal validates our ability to create intuitive, reliable products that address our customers' current and emerging needs. This appraisal demonstrates that Zen is performing at highest optimising levels for all development activities and highlights the Company's capability to continuously improve processes and implement sound practices throughout the organisation.

About Zen Technologies Limited

Zen Technologies Limited is a pioneer and leader in providing world class state-of-the- art Defence Training Solutions, Drones and Anti- Drones solutions and has a proven and impeccable track record in building training systems for imparting defense training and measuring combat readiness of security forces. The company is engaged in indigenous design, development and manufacture of sensors and simulators technology based defence training systems and has relentlessly been providing Defence Training Solutions and seamless services to Ministry of Defence (Armed Forces), Security Forces Police, Para-military forces and is privileged to have served the nation for over 2.5 decades.

The company manufactures land based military training simulators, driving simulators, Live range equipment and Anti drone Systems. With a dedicated R&D (recognized by the Ministry of Science and Technology, Government of India) and production facility in Hyderabad, the company has applied for over 109 patents and shipped more than 1000 training systems around the world.
