Press Release

Maruti Suzuki's 'Skill on Wheels' takes world class training to vendors' doorstep

- *First ever Mobile Training Center by Maruti Suzuki*
- *1500 additional vendor employees to benefit over the next one year*

New Delhi, 27 June 2019: Maruti Suzuki India Limited, has launched yet another innovative concept to upgrade skills and capabilities of employees at its vendors. This unique “**Skill on Wheels**” mobile training center will reach out to Maruti Suzuki vendors located across Delhi NCR region to impart training, to their employees, at their doorstep.

“Skill on Wheels” is conceptualized & executed by Maruti Center for Excellence (MACE), a society formed by Maruti Suzuki India Limited and 21 of its vendor partners. This mobile center will provide training in areas of Preventive & Predictive Maintenance, Low Cost Automation and Energy Management. Additionally, the facility is equipped to provide training in Safety, Quality and soft skills.

Talking about the initiative, **Mr. Kenichi Ayukawa, Managing Director & CEO, Maruti Suzuki India Limited**, said, *“We are pleased to start this unique initiative. Offering quality products and services to customers is of prime importance for us. The product and component quality levels can be met only if we have skilled manpower across manufacturing facilities, at Maruti Suzuki as well as our supplier partners. The new “Skill on Wheels” will reach locations across the automobile belt in Delhi NCR, to give an opportunity to train and enhance skill levels of employees of vendor partners. We are confident that our vendors will value this well-equipped training facility at their doorstep and benefit from this initiative.”*

Objectives of 'Skill on Wheels':

- 

Bringing training opportunities more closer to suppliers
- 

Upgrading skill set to reach global levels
- 

Training in field of safety, technical and behavioural skills

Primary Trainings offered:

- 

Pneumatics/ Electro Pneumatics: To enhance skill for optimum utilization of valuable utility resulting in reduced operating cost, unscheduled downtime and achieve system reliability
- 

Hydraulics: To understand schematics, design optimum circuits and logical troubleshooting procedure
- 

Automation/ Low cost Automation: To effectively use advanced PLC kits, Servo and VFD modules
- 

Condition Monitoring: To increase reliability to prevent failure and avoid its consequences
- 

Power Quality: To monitor and manage power quality issues like low power factor, transients, voltage instability and more

He added, "Such a customized mobile training center shall make learning accessible to suppliers in remote areas and to those who are not able to relieve their personnel for such trainings in normal routine."

About Maruti Center for Excellence (MACE)

MACE, set up in 2004 is an initiative by Maruti Suzuki and a group of vendor partners. Its mission is to achieve world class levels in Quality, Cost and Technology by upgrading the skills of human capital of its vendors and dealer partners. MACE supports suppliers in the areas of Safety, Manufacturing System Development, Manufacturing Excellence & Human Capital Development, and Consultancy & Training. MACE has designed several customized technical and behavioral training programs to facilitate the suppliers with the know-how to help them achieve maximum productivity.

Apart from the other benefits, the vendor partners have majorly benefitted from the training initiative. Till the end of March 2019 MACE has trained over 70,000 employees of vendor partners, resulting in over 90,000 man-days of training. The training initiative has benefitted over 740 Maruti Suzuki suppliers spread across the country.
