# Chinese central bank investment in ICICI Bank raises eyebrows

PII ■ NEW DELHI

After the disclosure of a holding in HDFC, the Chinese central bank Peoples Bank of China has now acquired an equity stake in ICICI Bank.

The government had in April notified new norms for FDI investments by neighbouring countries which would require approvals. It is not clear if portfolio investments need to go through some vetting process or the government will continue with this open route till the time no FDI approval is required.

The investment by the Chinese central bank in ICICI Bank is modest. It subscribed to the recent ICICI Bank's Rs 15,000 crore capital qualified institutional investors (QIP) placement and invested Rs 15 crore.

The Chinese central bank was among the 357 institutional investors which included domestic mutual funds, insurance companies and global institutions that subscribed to the issue.

The investment comes at a time when business and trade relations between India and China have nose-dived after the Galwan valley clash between the soldiers.

Earlier, a disclosure by HDFC had caused a flutter

after PBOC holding breached 1 per cent mark. HDFC had clarified that Chinese central bank, Peoples Bank of China (PBOC) has been an existing shareholder of the company and only the disclosure was being made as they hit the 1 per cent threshold.

HDFC's Vice Chairman and CEO Keki Mistry had told IANS that the PBOC had been an existing shareholder and had owned 0.8 per cent in the company as of March 2019.

Thereafter, there have been reports that PBOC has cut its stake in HDFC.

# China has designed a strategy to intrude into Indian banking sector: CAIT

PII ■ NEW DELHI

The Confederation of All India Traders (CAIT) has strongly criticized ICICI Bank for allowing Peoples Bank of China to invest in the bank despite strong sentiments prevailing in the country against China and its anti-India policies.

The CAIT said that this is a second such instance of a Chinese bank trying to make inroads into the Indian banking system.

The People's Bank of China had earlier this year made an investment in HDFC Bank. "The CAIT has asked Finance Minister Nirmala Sitharaman to direct both

ICICI & HDFC Bank to return the investments by Chinese bank," a statement said.

CAIT Secretary General Praveen Khandelwal said that it seems quite clear that China has designed a well planned strategy to make an intrusion into the Indian banking sector which is quite well regulated and is very important for the financial health of the country.

Even though the Government had introduced a mechanism to check the foreign portfolio investments, there is nothing concrete yet from the RBI to restrain and control the funding coming in from China.

# Puri: Aviation Ministry to present proposal on 'further airport privatisation' to Cabinet today

PTI ■ NEW DELHI

The Ministry of Civil Aviation will place a proposal for "further" privatisation of airports before the Union Cabinet on Wednesday, Minister Hardeep Singh Puri said on Tuesday.

In the first round of privatisation under the Narendra Modi dispensation, the airports in Lucknow, Ahmedabad, Jaipur, Mangaluru, Thiruvananthapuram and Guwahati were cleared for operation, management and development through public-private partnership (PPP) model in February 2019. Subsequently, the Airports Authority of India (AAI) had in September 2019 recommended the Civil Aviation Ministry to privatise airports in Amritsar, Varanasi, Bhubaneswar, Indore, Raipur and Trichy.

Puri said during a webinar on Tuesday: "We are going to the Cabinet tomorrow for further airport privatisation. We have got many more airports lined up, dozens of them, and the 100 new airports we will build between now and 2030."

The AAI, which works under the Ministry of Civil Aviation, owns and manages more than 100 airports

Ministry of Civil Aviation

across the country. In 2018, the government decided to privatise the airports in Lucknow, Ahmedabad, Jaipur, Mangaluru, Thiruvananthapuram, and Guwahati. Adani Enterprises had won the rights to run these six airports after a competitive bidding process in February 2019.

Adani Enterprises signed the concessionaire agreement with the AAI for three airports -- Ahmedabad, Mangaluru and Lucknow -- on February 14, 2020. The aviation sector has been hit hard due to the COVID-19 pandemic.

After a gap of two months due to the coronavirus-triggered lockdown, India resumed domestic passenger flights on May 25, albeit in a curtailed manner. International passenger flights continue to remain suspended in the country.

# Sensex rallies 478 pts; Nifty tops 11,350

PTI ■ MUMBAI

Equity benchmark Sensex rallied 478 points on Tuesday, driven by gains in index majors Reliance Industries, HDFC Bank and ICICI Bank amid positive cues from global markets and sustained foreign fund inflows.

The BSE Sensex ended 477.54 points or 1.26 per cent higher at 38,528.32, while the NSE Nifty surged 138.25 points or 1.23 per cent to 11,385.35. UltraTech Cement was the top gainer in the Sensex pack, rising over 3 per cent, followed by Kotak Bank, ICICI Bank, Asian Paints and Tata Steel.

Reliance Industries and HDFC Bank added most to the gains on the index. On the other hand, Tech Mahindra, HCL Tech, Bajaj Auto and Power Grid were among the laggards.

According to traders, buying in index heavyweights led benchmarks higher amid sustained foreign fund inflows. Foreign institutional investors bought equities worth ₹332.90 crore on a net basis on Monday, provisional exchange data showed.

Largely positive cues from global markets too supported domestic indices, they said.

# Samsung retains top spot in the global TV market in Q2

IANS ■ SEOUL

Samsung Electronics remained the top TV vendor in the second quarter of the year, while its local rival LG Electronics fell to the fourth spot in global TV shipments, a report said on Tuesday.

Samsung shipped 8.5 million TVs in the April-June period, down 6 per cent from a year ago but maintained its top status, according to industry tracker Display Supply Chain Consultants (DSCC), citing DSCC's monthly report. However, LG dropped from the second to fourth spot after its TV shipments declined 25 per cent on-year to 4.4 million units in the second quarter of the year, reports Yonhap news agency. "LG has struggled to maintain its market position as it tries to increase the volume of OLED TV sales without decreasing prices, and faced with a vast price gap between LCD and OLED TV panel prices," DSCC said.

Chinese brands TCL and Hisense came in second and third, respectively. TCL's TV shipments increased 27 per cent on-year to 5.6 million, while Hisense saw 18 per cent on-year gain in its TV shipments to 4.7 million units in the second quarter, according to the report.

# ₹ gains 12 paise on weak \$, forex inflows

PTI ■ MUMBAI

The rupee settled 12 paise higher at 74.76 against the US dollar on Tuesday as heavy buying in domestic equities and weak American currency strengthened investor sentiments.

At the interbank forex market, the domestic unit traded in a narrow range. It opened at 74.78 and ended the day at 74.76, registering a gain of 12 paise over its previous close of 74.88 against the greenback.

# India's agri exports up 23.24% to over ₹25,500 cr in Mar-Jun: Govt

PTI ■ NEW DELHI

India's farm exports rose 23.24 per cent in value terms to ₹25,527.2 crore during March-June period amidst the Covid-19 pandemic, the Agriculture Ministry said on Tuesday.

To promote farm exports, a "comprehensive action plan" has been prepared under which "Export Promotion Forums" are being created and existing agri-clusters are being strengthened besides identifying certain destinations for promotion of agricultural exports, the ministry said in a statement.

Promotion of farm exports is extremely important not only for earning precious foreign exchange for the country but also for achieving the goal of an 'Atmanirbhar Bharat', for which self-reliant agriculture is critical, it added.

"Even during the difficult time of pandemic lockdown,

India took care not to disturb the world food supply chain and continued to export," it said.

Exports of agri-commodities increased by 23.24 per cent to ₹25,527.2 crore during March-June 2020 as against ₹20,734.8 crore in the year-ago period, it added.

According to the ministry, "clear and proactive interventions" are required to be taken to ensure India becomes a top exporting nation in agriculture commensurate with the production. India holds second rank in world's wheat production, but ranks 34th in exports. Similarly, despite being ranked third in vegetable production in the world, India's export ranking is 14th.

Same is the case for fruits, where India is the second largest producer in the world, but export rank is 23rd, the statement said.

# Total liquor ban inimical for Chhattisgarh: CIABC

PNS ■ NEW DELHI

Amid talks of prohibition in Chhattisgarh, the Alcoholic Beverage Companies have urged the Bhopesh Baghel Government not to consider total liquor ban in the State as it would prove detrimental to State's growth and progress.

In its letter to Chief Minister Bhopesh Baghel, the Confederation of Indian Alcoholic Beverage Companies (CIABC) said the State needs to consider the case of Bihar which is facing deep financial and law and order problems due to failed implementation of prohibition. CIABC has also drawn attention towards the example of Gujarat which has taken more practical approach while implementing partial prohibition to safeguard interests of tourists while banning liquor.

CIABC letter also highlights how states like Haryana, Andhra Pradesh and Kerala

first hastily implemented prohibition only to roll it back to safeguard interests of the state and its people. Similarly, in many states political parties included prohibition in their manifestos but failed to implement it after coming to power due to practical difficulties.

"Prohibition also has consistently failed to bring about any social and health benefits, while during prohibition drug abuse increases manifold. Prohibition also affects tourism with the MICE (meetings, conferences, expositions) industry being worst hit. Finally, the cost of enforcing prohibition becomes enormous and proved counter-productive", CIABC Director General Vinod Giri said.

According to Giri the apex body of alcoholic beverage companies have sought time from the Chhattisgarh CM to present their view point. Chhattisgarh government earns Rs.5200 crore every year from excise tax apart from GST

earning which comes from sale of dry goods worth Rs.750 crore used by the industry.

Referring to Bihar's failed experiment with prohibition Giri said that liquor ban has crippled state judiciary and police administration as today there are over 40,000 bail applications related to prohibition pending in various courts. "Nearly 40% of all jail incarcerations in Bihar are estimated to be prohibition related. Jails are overflowing. Even the prominent Jail of Patna has now nearly 100% more inmates than its capacity. Situation in smaller jails is even worse," Giri said.

Prohibition in Bihar was imposed on the premise that it would result in a significant social dividend given state's extreme backwardness on economic and health parameters. Four years down the road, there is no evidence of any such gains, while there has been no improvement in law and order situation.

# Pradhan asks steel industry to enhance spending to boost consumption, create jobs

PTI ■ NEW DELHI

He was speaking at a webinar on 'Atmanirbhar Bharat: Fostering Steel Usage in Housing and Construction and Aviation Sector', organised by the Ministry of Steel in association with industry body Confederation of Indian Industry (CII).
