Forward-looking statement:

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should know or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

CHAIRMAN'S MESSAGE

Dear Shareholders,

It gives me immense pleasure to present to you the annual report of our company for the financial year 2019-20.

I present this annual report in a time when the world is dealing with an extraordinary challenge by the unexpected emergence of the Covid-19 pandemic, which has a tragic impact on human lives and businesses across the world. India has been one of the major economies, which has been adversely affected due to this pandemic. To prevent the spread of the virus among the masses, the government of India had announced a nationwide lockdown. This has impacted the local businesses and the global trade had come to a temporary pause. For your company, our number one priority is the health and safety of our employees, those we do business with around the globe, and the communities where we live and work.

The Indian economy started this financial year on a dull note due to the liquidity crisis and rising tensions between the world's two largest economies – the US and China. To help in achieving the government's vision of making India a USD 5 trillion economy by 2025, the finance ministry slashed domestic corporate tax rates to 25.17% in the mid-year to spur the investments in the economy. As a result, the domestic investments contributed intermittently to India's growth story, but this proved to be too little, too late.

At a time when the world is suffering from a deadly pandemic, India planned to convert this crisis into an opportunity and to strengthen its fight against the pandemic by becoming Aatmanirbhar or self-reliant. Aatmanirbhar Bharat merges domestic production and consumption with global supply chains. It is not about becoming self-contained or being closed to the world, rather being self-sustaining and self-generating. The economic package that was announced by the Prime Minister along with various reliefs extended during the lockdown period comes to around INR 20 lakh crore, which is about 10 percent of India's GDP. It is expected to provide support and strength to various sections of the country and give a renewed boost to the development journey of the country. It is time to become vocal for our local products and make them global. Your company has always adhered to being self-reliant and is well equipped with a backward integrated facility.

India and Global markets have been battling with this pandemic for months now. This has led to stagnation in various economies across the globe. The entire value chain right from the small manufacturers to the larger ones had faced major disruption in their businesses. As a result, many governments across the world have taken drastic steps to infuse stimulus package to fuel up the economy to get it running back on track. With all these capital infusions and taking necessary precautionary measures, the manufacturing and global trade is slowly returning to normalcy.

The Financial Year 2019-20 witnessed a de-growth for your company due to delay in the KUSUM scheme which led to state governments not floating its tenders. Due to this, your company's consolidated top-line stands at INR 3,828 Mn, and EBITDA was clocked at INR 122 Mn in FY20. Your company incurred a loss of INR 141 Mn during FY20. Your company has always aimed to reach greater heights and continues to add value to its stakeholders.

In the Budget for 2020-21, the Finance Minister announced the expansion of Pradhan Mantri Kisan Urja Suraksha Utthan Mahabhiyan (PM KUSUM) Scheme to double farmers' income by 2022 and further burnish India's green energy credentials. Under the scheme 20 lakh farmers would be provided funds to set up standalone solar pumps and 15 lakh farmers would be provided funds to set up 15 lakh grid-connected solar pumps. This scheme has eliminated farmers' dependence on diesel and kerosene and linked them to solar energy. The scheme also enables the farmers to set up solar power generation capacity and sell it to the grid.

Global Pumps Market revenue is expected to cross USD 91 Billion by 2025. New technologies and digital transformations are rapidly changing the dynamics of various sectors and the global pumps market is no exception to this trend. Over the past few years, numerous key developments in the field have led to better energy efficiency, increasing demand, and saving

valuable resources. The costs of energy keep on escalating, the cost of manufacturing activities also rises which prompted for more product innovation in the market while keeping a close eye on its impact on the environment.

The Indian pump industry plays a very important role in almost every sphere including infrastructure and agriculture, which contributes significantly to the growth of the Indian economy. Rapid depletion of groundwater, increased use of solar pumps coupled with government-initiated projects, and rapid urbanization contribute to the exponential growth of the water pumps market in India. The water pump market in India is likely to cross USD 3.8 Billion by 2022. As the country moves towards urbanization, energy efficiency continues to be of importance, the solutions including intelligent water and wastewater management will witness increased demand, owing to initiatives like smart cities etc.

The solar water pumping systems market in India has recorded a substantial growth in the last few years and is estimated to grow at a compound annual growth rate (CAGR) of more than 27 percent during 2018-2024. Indeed, support from the government of India to encourage the use of new and renewable energy has created a positive effect on the market. The National Solar Mission of India, an initiative by the government to promote solar energy, has set a target of achieving 100 GW of solar power by the year 2022. Some of the new government programs focusing on solar pumps and the agriculture sector are also helping to propel the growth in the sector. Over 181,000 solar water pumps had been installed across the country till October 2019. Chhattisgarh accounted for the highest number of installations of 60,430 solar pumps, followed by Andhra Pradesh, a distant second with 28,267 installations. Here is a detailed list of state-wise installations. States with no installations have been excluded.

I would like to extend my sincere gratitude to our customers, shareholders, suppliers, employees, lending institutions, and the government of India for their continuous trust and support throughout our journey.

Sincerely,

Dinesh Patidar

MANAGEMENT DISCUSSION & ANALYSIS

GLOBAL ECONOMY OVERVIEW

The calendar year 2019 started off with rising tensions between the world’s two largest economies – US and China. US and China together account for 40% of the global GDP and the trade disputes between them had an adverse effect on the global economy and sentiments overall. This impact was not only seen in the commodities and financial markets (equities, bonds, currencies), but also impacted the output and profitability of firms leading to deterred investment decisions of businesses. However, as the year progressed, market sentiments were boosted by tentative signs of intermittent favourable news on US-China trade negotiations.

If the pain felt across global economies was not enough in 2019, the year ended off on a worse footing with the Corona Virus or COVID-19 being first detected in December and quickly spread across the world. COVID-19 not only triggered a global crisis that assumed the form of a global health crisis, but also led to the deepest global recession since the second world-war. The baseline forecast envisions a 5.2 percent contraction in global GDP in 2020—the deepest global recession in eight decades, despite unprecedented policy support. Growth forecasts for all regions have been severely downgraded, while many countries have avoided more adverse outcomes through sizable fiscal and monetary policy support measures. Other than essential commodities like foods, pharmaceuticals and FMCG, all other sectors across the world were impacted through reduced demand, supply chain disruptions, labour problems, creating a domino effect on the financials and working capital cycles.

INDIAN ECONOMY OVERVIEW

The Indian economy started FY20 on a dull note due to the

ongoing liquidity crisis. In order to achieve the government’s vision of making India a USD 5 trillion economy by 2025, the finance ministry slashed domestic corporate tax rates to 25.17% midyear.

The Current Account Deficit narrowed primarily on account of lower non-oil, non-gold imports and robust services exports supported by software, travel and financial services. India’s crude oil import bill fell by 9% Y-o-Y to \$102 billion in 2019-20 on account of price crash; though volumes remained fairly unchanged. Foreign fund outflows and the Fed’s grim prognosis for the US economy further weighed on the rupee as it touched 77 against US dollar in April 2020. The CPI inflation stood at 5.84% YoY in March 2020 higher from 2.86% in March 2019. According to the Indian Budget 2020, the real GDP growth was estimated at 5.0% in the financial year 2019-20 but due to the recent COVID-19 crisis, it was ensured that FY2021 will be a challenging one for India and the world. As per Fitch ratings, India’s GDP growth is likely to slip to 0.8% for FY21.

KEY GOVERNMENT INITIATIVES

The Indian government has been continuously taking initiatives to strengthen the national economy. In the Union Budget 2020-21, the Agriculture sector was identified as one of the key drivers of the economy. The Central government will work with state governments to allow farmers to benefit from e-NAM. The government has further announced plans to launch Krishi Udaan on international and national routes. PM-KUSUM scheme has been extended to support 20 lakh farmers for setting up stand-alone solar pumps and further help another 15 lakh farmers solarize their grid-connected pumps. INR 1.34 lakh crore has been allocated for the Ministry of Agriculture and Farmer’s welfare and INR 8,363 crore has been allocated to the Department of Agricultural Research and Education.

PRADHAN MANTRI KISAN SAMMAN NIDHI YOJANA (PM KISAN)

Prime Minister of India, launched the Pradhan Mantri Kisan Samman Nidhi Yojana (PM-Kisan) and transferred Rs 2,021 crore (US\$ 284.48 million) to the bank accounts of more than 10 million beneficiaries on February 24, 2019, and eligible farmers will get Rs 6,000 (US\$ 85.84) in three installments.

PRADHAN MANTRI ANNADATA AAY SANRAKSHAN ABHIYAN' (PM-AASHA)

In September 2018, the Government of India announced Rs 15,053 crore (US\$ 2.25 billion) procurement policy, under which states can decide the compensation scheme and can also partner with private agencies to ensure fair prices for farmers in the country.

AGRICULTURAL EXPORT POLICY, 2018

This new policy aims to increase India's agricultural exports to US\$ 60 billion by 2022 and US\$ 100 billion in the next few years with a stable trade policy regime harnessing the export potential of Indian agriculture, through suitable policy instruments, to make India global power in agriculture and raise farmers' income.

ATMANIRBHAR BHARAT PACKAGE (AGRICULTURE)

Measures worth Rs 1.5 lakh crore focused on the agriculture and allied sectors including dairy, animal husbandry and fisheries as the government announced steps to strengthen the overall farm sector. Rs 1 lakh crore has been allocated to the agriculture infrastructure fund for farm-gate infrastructure including using it for setting up cold chains and post-harvest management infrastructure.

INDIAN AGRICULTURE SECTOR

The Indian Agricultural industry has reached a value of INR 56,564 Billion in 2019 and constitutes an important component of the Indian economy in terms of its contribution to the GDP as well as a source of employment to the majority of the country's population. India has the 10th largest arable land resource in the world. With 20 agri-climatic regions, all 15 major climates in the world exist in India. India also possesses 46 of the 60 soil types in the world. Growth in Gross Value Added (GVA) by agriculture and allied sectors stood at 4% in 2019-20.

The agriculture sector is showcasing a large amount of opportunities with India being one of the world's largest agricultural producers by value. A lot of transformations have taken place in this sector over the past few decades. These include - rising penetration of the organized sector, growth in contract farming, agriculture becoming more mechanized, easy loan facilities, the rise of exports, use of agrochemicals and high yielding seeds and an increasing role of the private sector in processing, branding, and marketing, etc.

GLOBAL PUMPS SECTOR

Global Pumps Market revenue is expected to cross USD 91 Billion by 2025. New technologies and digital transformations are rapidly changing the dynamics of various sectors so the global pumps market is no exception to this trend. Over the past few years, numerous key developments in the field have led to better efficiency, increasing demand, and saving valuable resources. The costs of energy keep on escalating, the cost of manufacturing activities also rises which prompted for more product innovation in the market while keeping a close eye on its impact on the environment.

GLOBAL PUMPS MARKET DRIVERS

Global Pumps market is growing fast due to the increase in demand from the building and construction and oil and gas industry in addition to the mining industry over the past few years and also their wide uses in various industries. Furthermore, there is an increase in investments in developing economies due to rapid urbanization in the Asia Pacific and Latin American regions. Expenditure in the fixed investment allows manufacturers to expand and upgrade their production facilities, which involves the usage of pumps for several applications. This trend is projected to boost the product market to a large extent.

OUTLOOK

The demand for water-pumps is expected to increase due to the increasing need for industrial wastewater treatment. The increased infrastructural developments in the emerging nations could have a positive impact on the water-pumps market. The development of the industrial and agricultural sectors, could increase the demand for water-pumps sector.

Moreover, the growing dependency on groundwater, instead of the monsoons, for irrigation and agricultural purposes in developing nations like India demonstrates an increase in the demand for water-pumps in the agricultural sector. Several global government initiatives for recycling of wastewater to reduce water pollution also indicates growth for waterpumps demand.

The need to consume clean water to maintain a healthy and disease-free lifestyle, the construction of water recycling industries, and rising demand for solar water-pumps indicates opportunities for water-pump players.

INTERNATIONAL SOLAR ALLIANCE

International Solar Alliance (ISA) is an alliance of 121 solar resource-rich countries lying fully or partially between the Tropics of Cancer and Capricorn. ISA was launched by the Indian Prime Minister Mr. Narendra Modi and the then President of France Mr. François Hollande in 2015.

The objective of the International Solar Alliance is to provide a dedicated platform for cooperation among solar resource-rich countries and global stakeholders, including bilateral and multilateral organizations, corporates, and industries to achieve a common goal. This goal is directed towards increasing the use of solar energy in meeting the energy needs of ISA member countries in a safe, convenient, affordable, equitable, and sustainable manner.

Through this initiative, the countries intend to mobilize more than USD 1,000 billion for investments by 2030. An important ISA focus comprises investments in solar pumps India, Bangladesh, Sudan, Uganda, Senegal, and Mauritius, among others.

Through this programme, members would also be able to implement the project effectively from in-built monitoring mechanisms and develop a large number of local employment opportunities.

INDIAN PUMPS MARKET

The Indian pump industry plays a very important role in almost every sphere including infrastructure and agriculture, contributes significantly to the growth of the Indian economy. Rapid depletion of groundwater, increased use of solar pumps coupled with government initiated projects and rapid urbanization contribute to the exponential growth of the water pumps market in India.

The water pump market in India is likely to cross USD 3.8 Billion by 2022. As the country moves towards urbanization, energy efficiency continues to be of importance. Solutions including intelligent water and wastewater management will witness increased demand, owing to initiatives like smart cities etc.

INDIAN PUMPS MARKET DRIVERS

The growth in the Indian Pumps Market is attributed to the rise in infrastructure development, growth in agriculture and other water-intensive industries. Further, the Government has announced Nal se Jal scheme, which aims to provide piped water connection to every household by 2024, which in turn will increase the demand for water pumps in the country. Also, initiatives like Swachh Bharat Abhiyan and Namami Gange will drive the growth of the pumps market in India.

OUTLOOK

India has 4 percent of the world's freshwater reserves and 18 percent of the world's population. The demand for water across various consumer segments has always been on the rise over the years. However, with the fixed supply of water resources, demand will outpace availability before 2050. Further, per capita availability of water, which is already declining, will plunge from 2,209 cubic metres in 1991 to 1,341 cubic metres by 2025.

To overcome this issue and ensure continuous availability of water, measures to improve water use by various end users is being taken up. The Ministry of Jal Shakti has identified full utilisation of the created facilities as an important strategy. The government has introduced measures such as improvement in

SOLAR PUMP INDUSTRY

The solar water pumping systems market in India has recorded a substantial growth in the last few years and is estimated to grow at a compound annual growth rate (CAGR) of more than 27 percent during 2018-2024. Indeed, support from the government of India to encourage the use of new and renewable energy has created a positive effect on the market. The National Solar Mission of India, an initiative by the government to promote solar energy, has set a target of achieving 100 GW of solar power by the year 2022. Some of the new government programs focusing on solar pumps and the agriculture sector are also helping to propel the growth in the sector.

Over 181,000 solar water pumps had been installed across the country by October 2019. Chhattisgarh accounted for the highest number of installations of 60,430 solar pumps, followed by Andhra Pradesh, a distant second with 28,267 installations. Here is a detailed list of state-wise installations. States with no installations have been excluded.

irrigation practices through various flagship schemes such as the Pradhan Mantri Krishi Sinchayee Yojana, the Accelerated Irrigation Benefits Programme, and the Bharat Nirman programme, new irrigation techniques such as drip irrigation and the development of additional irrigation potential which in turn is highly potential for the pumps industry.

OPPORTUNITIES

Water Pumps market in India is witnessing an impressive rate of growth on the back of depleting ground water level, rapid urbanization, and various infrastructure initiatives launched with the purpose of improving infrastructure including construction of roads, homes, toilets, schools and cleaning of major water bodies such as the Ganges, Yamuna, etc.

Agriculture accounts for a significant share in the country's water pumps market. This demand is complemented by the industrial sector where power plants, chemical manufacturing and water & waste water treatment are the prime application areas.

Rapid penetration of desalination plants in the industrial sector is expected to drive the demand for water-pumps in the segment. Water pumps are gaining demand in the power sector as well.

SHAKTI PUMPS' COMPETITIVE ADVANTAGE

Shakti Pumps has been a leader and first-mover across the last couple of decades – first in the manufacture of stainless steel pumps, then in the manufacture of all components for these pumps, in the extension of these pumps to the solar segment and thereafter to the manufacture of all supporting digital sub-products to complete the solution.

The result is that the Company is an extensively integrated company, leveraging its engineering excellence to create complete product eco-systems that enhances sub-product dependence, quality and also captures the largest slice of the valuechain.

Steady progress in power electronics and PV panel efficiencies would widen the scope of solar energy applications leading to the development of integrated systems that can handle an array of domestic applications. Similarly improvements in efficiency of panels, pumps and controllers could optimize costs and enhance efficiency.

Besides, the Company has been an active player in the global water pumps sector with a rich experience of engaging in more than 125 countries.

SEGMENTAL OVERVIEW:

The company has broadly 4 business segments viz,

- 1) Government Solar
- 2) OEM
- 3) Exports
- 4) Domestic and Industrials

On a segment wise performance

The Government Solar stood at Rs. 12,195 lacs in FY20 which decreased by 46% from Rs. 22,647 lacs in FY19. The OEM declined by 52% in FY20 with a revenue of Rs. 4,606 lacs as compared to Rs. 9,614 lacs in FY19. The decline in both the segments was mainly because of the delay in the KUSUM scheme.

The export sales witnessed de-growth of 8% from Rs. 13,883 lacs in FY19 to Rs. 12,796 lacs in FY20.

The domestic and industrial in FY20 stood at Rs. 8,368 lacs as compared to Rs. 8,082 lacs in FY19, registering a growth of 4%

KUSUM YOJANA

The Indian government launched the Kisan Urja Suraksha Evam Utthaan Mahabhiyan (KUSUM) for farmer's welfare.

The objective of this scheme is to add solar and other renewable power plants in the country. The scheme aims to add solar and renewable capacity of 25,750 MW by 2022 with Central financial support of Rs. 34,422 crore.

KUSUM can be a game-changer for India's irrigation and energy economies. At present, there are over 30 million agricultural pumps installed in India, out of which nearly 10 million pumps are diesel-based and balance are electric, grid-connected pumps. The Distribution Companies (DISCOMs) are not in a position to energize these pumps through grid connection as seen from the long waiting lists with such Distribution Companies. Hence, there is a need to provide a clean source of energy to these pumps through solar energy. In addition, over 20 million grid-connected agriculture water pumps installed in the country consume more than 17 percent of the total annual electricity consumption of the country. Solarisation of the same can reduce the dependence of these pumps on conventional sources of energy supplied by DISCOMs and thus reducing their burden of subsidy on agriculture consumption of Electricity. This will also provide an additional source of income to farmers who will be in a position to sell the surplus power to DISCOMs. The new Scheme has provisions for decentralized renewable energy plants, solar agriculture water pumps and solarization of existing Grid-connected Agriculture pumps.

ENERGY EFFICIENCY SERVICES LIMITED (EESL) AND INDIA'S SOLAR PUMPS SECTOR

Energy Efficiency Services Limited is a joint venture of NTPC Limited, Power Finance Corporation, Rural Electrification Corporation, and Power-grid Corporation set up under the Ministry of Power to facilitate the implementation of energy efficiency projects. EESL aims to unlock the energy efficiency market that can result in energy savings of up to 20% of the current consumption by way of innovative business and implementation models and is engaged in solarizing India's

water pumps which is a viable alternative to power requirements of farmers during the day. The solution will make it possible for farmers to receive considerable monthly revenue by selling excess power to the grid across 25 years. EESL plans to replace

around 2.27 crore pump sets used in India's agriculture sector with energy-efficient pump sets that could result in an annual saving of 4,600 crore kWh and GHG emission reduction of 4.5 crore tonnes annually.

THE COMPANY'S REVIEW

Shakti Pumps is India's leading manufacturer of energy-efficient submersible pumps for the agriculture, domestic and horticulture sectors.

The Company went into business in 1982 and is now a recognised brand inside and outside of India. The Company is respected for perpetually transforming its personality: from cast iron submersible pumps to stainless steel to the solar variety.

Shakti Pumps pioneered the manufacture of 100% submersible stainless steel pumps and motors. Over the years, the Company has emerged as the second largest such pump manufacturer in the world.

FINANCIAL REVIEW

Profit and loss account analysis

Gross revenues

Gross revenues decreased by 30% to Rs. 38,282 lacs in 2019-20, compared with Rs. 54,369 lacs reported in 2018-19.

Detailed explanation of ratios

(i) Return on Net Worth

Return on Net Worth (RONW) is a measure of profitability of a Company expressed in percentage. It is calculated by dividing profit after tax for the year by Net Worth during the year.

(ii) Return on Capital Employed

Return on Capital Employed (ROCE) is a financial ratio that measures a Company's profitability and the efficiency with which its capital is used. In other words, the ratio measures how well a Company is generating profits from its capital. It is calculated by dividing profit before exceptional items and tax by capital employed during the year.

(iii) Basic EPS

Earnings Per Share (EPS) is the portion of a Company's profit allocated to each share. It serves as an indicator of a Company's profitability. It is calculated by dividing Profit for the year by Weighted average number of shares outstanding during the year.

(iv) Debtors Turnover

The above ratio is used to quantify a Company's effectiveness in collecting its receivables or money owed by customers. The ratio shows how well a Company uses and manages the credit it extends to customers and how quickly that short-term debt is collected or is paid. It is calculated by dividing revenue from operation by average trade receivables.

(v) Inventory Turnover

Inventory Turnover is the number of times a Company sells and replaces its inventory during a period. It is calculated by dividing COGS.

(vi) Interest Coverage Ratio

The Interest Coverage Ratio measures how many times a Company can cover its current interest payment with its available earnings. It is calculated by dividing PBIT by finance cost.

(vii) Current Ratio

The Current Ratio is a liquidity ratio that measures a Company's ability to pay short-term obligations or those due within one year. It is calculated by dividing the current assets by current liabilities.

(viii) Debt Equity Ratio

The ratio is used to evaluate a Company's financial leverage. It is a measure of the degree to which a Company is financing its operations through debt versus wholly owned funds. It is calculated by dividing a Company's total borrowing by its shareholder's equity.

(ix) Operating Profit Margin (%)

Operating Profit Margin is a profitability or performance ratio used to calculate the percentage of profit a Company produces from its operations. It is calculated by dividing the EBIT by turnover.

(x) Net Profit Margin (%)

The net profit margin is equal to how much net income or profit is generated as a percentage of revenue. It is calculated by dividing the profit for the year by turnover.

[Section 134 (3) (M) of The Companies Act, 2013 read with Rule 8(3) of the Companies Accounts) Rules, 2014]

S.No.	Particulars	
Conservation of Energy:-		
1	the steps taken or impact on conservation of energy;	<p>Being an energy efficient product manufacturer we make energy efficient stainless steel pumps motors and power electronic products. We offer energy efficient pumping systems for agriculture and offers energy savings over 40% compared to conventional pumping system.</p> <p>Our all the newly developed product is having utmost care in terms of energy efficiency, every single watt of energy we save at the product end, it helps to create big difference at the power generation end.</p>
2	the steps taken by the Company for utilizing alternate sources of energy;	<p>The company is constantly adopting solar as alternative source of energy and promoting solar pumps and inverters across globe and company made solar business as key focus area of business. This solar power could transform our agricultural landscape and improve quality of life in rural and urban India ensuring energy security to the poor and marginalizes. This would immensely help climate change mitigation efforts by in line with global. The company is also working towards the solar chulha and home lighting systems to improve the quality of rural personals.</p>
3	the capital investment on energy conservation equipments	<p>We have invested heavily on R&D and other renewable energy applications and equipments such as solar simulators and state of the art facility for solar pumps and inverter development and testing setups, power quality measurement equipments, load banks, grid simulators etc.</p>
Technology absorption:-		
	the efforts made towards technology absorption	<p>We have indigenously developed solar pumping technology and associated products to make solar pumping successful. For solar pumping not only solar panel but other key element like energy efficient motors, pumps, power converter and structure to harness maximum of solar energy. This made us capable to offering end-to-end solar pumping solutions in agriculture, commercial and domestic applications that has potential to impact the energy scenario in India.</p> <p>The extensive R&D in the field of solar pumping helps us to develop above said products and R&D resulted in filing several patents in this area.</p> <p>We are working towards indigenously development of VFD's, Grid-tie Inverters for single phase and three-phase for supporting domestic and export market.</p> <p>We have also collaborated with IIT Delhi, IISc Bangalore and other premium institutes for research and development in motor pumps and power converter technology.</p>
(ii)	the benefits derived like product improvement, cost reduction, product development or import substitution	<p>Solar water pumping systems developed by us has great potential to bring transformational changes in agriculture, reduction in irrigation cost and effective use of water. Our newly developed solar drives are best substitutes against import of drives from China.</p>

S.No.	Particulars	
(iii)	in case of imported technology (imported during the last three years reckoned from the beginning of the financial year	Yes
	(a) the details of technology imported	Power converters for converting solar energy into useful form
	(b) the year of import	2013-2017
	(c) whether the technology been fully absorbed	Yes
	(d) if not fully absorbed, areas where absorption has not taken place, and the reasons thereof; and	-

REPORT ON CORPORATE GOVERNANCE

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE:-

The principles of Corporate Governance are based on transparency accountability and focus on the sustainable success of the Company over the long-term. At Shakti Pumps (India) Limited, we feel proud to belong to a Company whose visionary founders laid the foundation stone for good governance long back and made it an integral principle of the business, as demonstrated in the words above.

Responsible corporate conduct is integral to the way we do our business. Our actions are governed by our values and principles, which are reinforced at all levels within the Company. At Shakti Pumps, we are committed to doing things the right way which means taking business decisions and acting in a way that is ethical and is in compliance with applicable legislation. Our Code of Business Principles ('the Code') is an extension of our values and reflects our continued commitment to ethical business practices across our operations. We acknowledge our individual and collective responsibilities to manage our business activities with integrity. Our Code inspires us to set standards which not only meet applicable legislation but go beyond in many areas of our functioning.

To succeed, we believe, requires highest standards of corporate behavior towards everyone we work with, the communities we touch and the environment on which we have an impact. This is our road to consistent, competitive, profitable and responsible growth and creating long-term value for our shareholders, our people and our business partners. The above principles have been the guiding force for whatever we do and shall continue to be so in the years to come.

The Board of Directors ('the Board') are responsible for and committed to sound principles of Corporate Governance in the Company. The Board plays a crucial role in overseeing how the management serves the short and long-term interests of shareholders and other stakeholders. INDEPENDENT AUDITORS' REPORT

To the Members of
SHAKTI PUMPS (INDIA) LIMITED

Report on the Audit of the Standalone Financial Statements

OPINION

We have audited the accompanying Standalone Financial Statements of Shakti Pumps (India) Limited ("the Company"), which comprise the Balance sheet as at March 31, 2020, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Emphasis of Matter Paragraph

We draw your attention to note no. 38 to the standalone financial statements which describes the uncertainties and the impact of Covid-19 pandemic on the Company's operations and results as assessed by the management. Due to Covid-19 related lockdown restrictions, management could not perform year-end physical verification of inventories at various locations. Further, our attendance at the physical inventory verification done by the management subsequently was impracticable under the lockdown restrictions imposed by the government. Consequently, we

have performed alternative audit procedures to obtain comfort over the existence and conditions of inventory at the year-end as per the guidance provided by SA 501 "Audit Evidence- specific considerations for selected items" and have obtained sufficient audit evidence.

Our opinion is not modified in respect of this matter.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1.	Evaluation of uncertain tax positions The Company has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes. Refer Notes 29 to the Standalone Financial Statements	Principal Audit Procedures Obtained details of completed tax assessments and demands for the year ended March 31, 2020 from management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions. Additionally, we considered the effect of new information in respect of uncertain tax positions as at April 1, 2019 to evaluate whether any change was required to management's position on these uncertainties.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the Standalone Financial Statements and our auditors' report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial

Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements

regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - d) in our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act; read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - e) on the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020, from being appointed as a director in terms of Section 164(2) of the Act;
 - f) with respect to the adequacy of the internal financial

controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in 'Annexure A'; and

- g) In our opinion, the managerial remuneration for the year ended March 31, 2020 has been paid/provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
 - h) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements- Refer Note No. 29 of financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company;
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order

Annexure- A to the Independent Auditors' Report

The Annexure A referred to in our Report of even date to the Members of Shakti Pumps (India) Limited ("the Company") on the financial statements for the year ended 31 March 2020.

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of Shakti Pumps (India) Limited ('the Company') as of 31 March 2020 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial

reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and directors of the Company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

SIGNIFICANT ACCOUNTING POLICIES & NOTES

Notes to the financial statements for the year ended March 31, 2020

1. Corporate Information:

Shakti Pumps India Limited ("SPIL" or "the Company") is a public limited company domiciled in India and incorporated under the provisions of the Indian Companies Act. SPIL is engaged in manufacturing of Pumps, Motors & their spare parts. The core products of the Company are Engineered Pumps, Industrial Pumps, and Solar Pumps etc.

2. Basis of preparation of financial statements and significant accounting policies:

2.1 Basis of Preparation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and relevant provisions of the Companies Act, 2013.

With effect from 1st April 2019, Ind AS 116 – "Leases" (Ind AS 116) supersedes Ind AS 17 – "Leases". The Company has adopted Ind AS 116 using the prospective approach. The application of Ind AS 116 has resulted into recognition of 'Right-of-Use' asset with a corresponding Lease Liability in the Balance Sheet.

2.2 Basis of Measurement

These financial statements have been prepared in Indian Rupee which is the functional currency of the Company. These financial statements have been prepared on historical cost basis, except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period, as explained in the accounting policies below.

The statement of cash flows has been prepared under indirect method.

2.3 Use of judgments, estimates and assumptions

The preparation of these financial statements requires management judgments, estimates and assumptions that affect the application of accounting policies, the accounting disclosures made and the reported amounts of assets, liabilities, income and expenses.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are made in the period, in which, the estimates are revised and in any future periods, effected pursuant to such revision.

2.4 Property, plant and equipment

Measurement

Freehold land is carried at historical cost. All other items of property, plant and equipment are measured at cost of acquisition or construction less accumulated depreciation and accumulated impairment loss, if any.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any discounts and rebates are deducted in arriving at the purchase price.

Borrowing costs directly attributable to the construction or acquisition of a qualifying asset up to completion or acquisition are capitalized as part of the cost. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Property, plant and equipment under construction are disclosed as capital work-in-progress. Advances paid towards the acquisition of property, plant and equipment outstanding at each reporting date are disclosed under "Other non-current assets".

Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in the statement of profit and loss as incurred.

Disposal

An item of property, plant and equipment is derecognised upon disposal or when no future benefits are expected from its use or disposal. Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognised net within other income/expenses in the statement of profit and loss.

Notes to the financial statements for the year ended March 31, 2020

Depreciation

Depreciation is calculated over the depreciable amount, which is the cost of an asset, or other amount substituted for cost, less its residual value. Depreciation is recognised in the statement of profit and loss on a straight-line basis over the estimated useful lives of each part of an item of property, plant and equipment as prescribed in Schedule II of the Companies Act 2013 except in the cases mentioned below where the management based on the technical evaluation have estimated the life to be lower than the life prescribed in schedule II.

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

The estimated useful lives are as mentioned below:

Type of asset	Useful life
Office Building	60 Years
Factory Building	30 Years
Plant and Machinery	15Years
Equipment	10 Years
Tools /Dies	8 Years
Furniture and Fixtures	10 Years
Vehicles	10 Years
Computer	6 Years

2.5 Intangible assets

Recognition and measurement

Intangible assets are recognised when the asset is identifiable, is within the control of the Company, it is probable that the future economic benefits that are attributable to the asset will flow to the Company and cost of the asset can be reliably measured.

Intangible assets acquired by the Company that have finite useful lives are measured at cost less accumulated amortisation and accumulated impairment losses (if any).

Subsequent measurement

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates.

Amortisation

Amortisation is calculated over the cost of the asset, or other amount substituted for cost, less its residual value. Amortisation is recognised in statement of profit and loss on a straight-line basis over the estimated useful lives of intangible assets from the date that they are available for use, since this most closely reflects the expected pattern of consumption of the future

economic benefits embodied in the asset.

Amortisation is not recorded on intangible assets under development until development is complete and the asset is ready for its intended use.

The intangible asset are amortised over the estimated useful lives as given below: -

- Computer Software : 6 years

2.6 Inventories

Inventories are valued at lower of cost and net realisable value. The cost is computed on weighted average basis. Inventories of Finished Goods and Work-In-Progress include cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

2.7 Research and Development Expenditure

Revenue expenditure on research & development is charged to the Statement of Profit and Loss of the year in which it is incurred.

Capital expenditure incurred during the period on research & development is accounted for as an addition to property, plant & equipment.

2.8 Foreign currencies transactions

Transactions and balances

Transactions in foreign currency are recorded at exchange rates prevailing at the date of transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the statement of profit and loss.

Monetary assets and liabilities denominated in foreign currencies which are outstanding, as at the reporting period are translated at the closing exchange rates and the resultant exchange differences are recognised in the statement of profit and loss.

Non-monetary assets and liabilities denominated in foreign currencies that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction.

2.9 Borrowing costs

Borrowing costs are interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalized in the cost of that asset. Qualifying assets are those assets which necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are recognised in the year

Notes to the financial statements for the year ended March 31, 2020

in which they are incurred.

2.10 Current and Non-Current Classification

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realised in or is intended for sale or consumption in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is expected to be realised within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- It is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is due to be settled within 12 months after the reporting date; or
- The company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

2.11 Investment

Current investments are carried at lower of cost and fair value. Non-current investments are stated at cost. Provision for diminution in the value of long term investment is made only if such a decline is other than temporary.

2.12 Employee benefits

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the services are classified as short term employee benefits. Benefits such as salaries, wages, expected cost of bonus and short term compensated absences, leave travel allowance etc. are recognised in the period in which the employee renders the related service.

Defined Benefit Plans

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the payment of Gratuity Act or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Defined contribution plans

Company's contribution to Provident Fund, ESIC scheme for the year is charged to Profit and Loss account. Retirement benefit, medical reimbursement and leave payments to employees are recognise as employee benefit expense when they are due.

2.13 Lease

The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

Notes to the financial statements for the year ended March 31, 2020

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

2.14 Income tax

Income tax expense comprises current tax and deferred tax. Income tax expenses are recognised in statement of profit or loss except to the extent that it relates to items recognized in other comprehensive income (OCI) or directly in equity.

Current tax

Current tax is the tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of the previous year. It is measured using tax rates (and tax laws) enacted or substantially enacted by the reporting date.

Current tax assets/liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes.

Deferred tax assets (if any) are recognised only to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets/liabilities are reviewed at each balance sheet date and are recognised/reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

2.15 Provisions

A Provision is recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable

estimate can be made of the amount of the obligation.

2.16 Financial Instruments :

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(a) Financial assets

Financial assets include cash and cash equivalents, trade and other receivables, investments in securities and other eligible current and non-current assets.

At initial recognition, all financial assets are measured at fair value. Such financial assets are subsequently classified under one of the following three categories according to the purpose for which they are held. The classification is reviewed at the end of each reporting period.

- **Financial assets at amortised cost:** At the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates. These financial assets are intended to be held until maturity. Therefore, they are subsequently measured at amortised cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of the financial asset. The EIR amortisation is included as interest income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.
- **Financial assets at fair value through other comprehensive income:** At the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates, as well as held for selling. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in Other Comprehensive Income (OCI). Interest income calculated using the Effective Interest Rate (EIR) method, impairment gain or loss and foreign exchange gain or loss are recognised in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from the OCI to Statement of Profit and Loss.
- **Financial assets at fair value through profit or loss:** At the date of initial recognition, financial assets are held for trading, or which are measured neither at Amortised Cost nor at Fair Value through OCI. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in the Statement of Profit and Loss.

Notes to the financial statements for the year ended March 31, 2020

Investment in Equity shares of subsidiaries and associates are valued at cost.

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

The company assesses impairment based on the expected credit losses (ECL) model to all its financial assets measured at amortised cost.

(b) Financial liabilities

Financial liabilities include long-term and short-term loans and borrowings, trade and other payables and other eligible current and non-current liabilities.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and other payables, net of directly attributable transaction costs. After initial recognition, financial liabilities are classified under one of the following two categories:

- Financial liabilities at amortised cost: After initial recognition, such financial liabilities are subsequently measured at amortised cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of the financial liability. The EIR amortisation is included in finance expense in the profit or loss.
- Financial liabilities at fair value through profit or loss: which are designated as such on initial recognition, or which are held for trading. Fair value gains / losses attributable to changes in own credit risk is recognised in OCI. These gains / losses are not subsequently transferred to Statement of Profit and Loss. All other changes in fair value of such liabilities are recognised in the Statement of Profit and Loss.

The Company derecognises a financial liability when the obligation specified in the contract is discharged, cancelled or expires.

2.17 Revenue Recognition

The Company derives revenues primarily from business of Sales of pumps and motors.

Effective April 1, 2018, the Company has applied Ind AS 115 which establishes a comprehensive framework for determining

whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue and Ind AS 11 Construction Contracts. The impact of the adoption of the standard on the financial statements of the Company is insignificant.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services. Revenue is measured based on the transaction price, which is the consideration, adjusted net of returns, allowances, trade discounts and volume discounts and GST etc.

Dividend and interest income is recorded when the right to receive payment is established.

2.18 Earnings per share

Basic earnings per share are computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The Company did not have any potentially dilutive securities in any of the periods presented.

2.19 Segment Reporting

SPIL is mainly engaged in the business of manufacturing of various types of Pumps & Motors. Operating segments are reporting in a manner consistent with the internal reporting to the Chief Operating Decision Maker (CODM).

The Board of Directors of the group assesses the financial performance and position of the group and makes strategic decisions. The Board of Directors which are identified as a CODM, consist of CMD, CFO & all other executive Directors.

Considering the nature of business & financial reporting of SPIL, the Company has only one segment as reportable segment. The Company operates in Local & Export Segments Geographically. The sales for both are separately given, but due to the nature of business the assets/liabilities and expenses for these activities cannot be bifurcated separately

2.20 Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks, cash on hand and highly liquid short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

- A. Capital Work-In-Progress: Includes assets under construction at various plant and yet to be commissioned.
- B. Property, plant and equipment pledged as security: Please refer details of security provided in Note No.14.1 & 17.1
- C. Capital commitment: The estimated amount of contracts remaining to be executed on capital account, and not provided for is Rs. 4.67 Lacs as at 31st March, 2020 (Rs. 122.04 Lacs as at 31st March, 2019).
- D. The Company has carried out the exercise of assessment of any indications of impairment to its property, plant and equipment as on the Balance Sheet date. Pursuant to such exercise it is determined that there has been no impairment to its property, plant and equipment during the year.
- E. Capital expenditure incurred during the year on research & development is accounted for as an addition to property, plant & equipment. (Refer accounting policies 2.7)
- F. Disclosure in accordance with Ind AS - 116 "Leases", of the Companies (Indian Accounting Standards) Rules, 2015**

Effective April 1, 2019, the Company adopted Ind AS 116 "Leases"

and applied the standard to all lease contracts existing on April 1, 2019 prospectively, with the cumulative effect of applying the Standard, recognised on the date of initial application (April 1, 2019). Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the right of use asset at its carrying amount as if the standard had been applied since the commencement date of the lease, but discounted at the Company's incremental borrowing rate at the date of initial application. Comparatives as at and for the year ended March 31, 2019 have not been retrospectively adjusted and therefore will continue to be reported as included as part of our Annual Report for year ended March 31, 2019.

Application of the standard has resulted in recognising a right-of-use asset and a corresponding lease liability of Rs 47.11 lacs. In the profit and loss account for the current period, nature of expenses changed from operating cost to depreciation/amortisation for the right-to-use asset and finance cost for on lease liability. Accordingly, during the year ended March 31, 2020, Rs. 2.92 Lakhs has been accounted as Finance Cost and Rs. 0.94 Lakhs as Depreciation against the payment liability of Rs.5.49 Lakhs.

Employers Contribution to ESIC	7.46	12.61
Total	155.31	145.34

34.2 Defined Benefit Plan for Gratuity & for Leave Encashment :

- (i) Actuarial gains and losses in respect of defined benefit plans are recognised in the Financial statements through other comprehensive income.
- (ii) Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:
 - a) Asset Volatility :**
 - (i) The plan liabilities are calculated using a discount rate; if plan assets under perform compared to the discount rate, this will create or increase a deficit.
 - (ii) As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.
 - b) Life Expectancy :**
 - The majority of the plan's obligations are to provide benefits for the service life of the member, so increases in service life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in service life expectancy.

Notes to the financial statements for the year ended March 31, 2020

The following methods and assumptions were used to estimate the fair values:

Cash and short-term deposits, trade receivables, loans, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

Long-term receivables/payables are evaluated by the Company based on parameters such as interest rates, risk factors, individual creditworthiness of the counterparty and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

Fair Value Hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 : Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 : Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3 : Inputs based on unobservable market data.

B. Financial Risk Management

Shakti Pumps (India) Limited is exposed primarily to market risk (fluctuation in foreign currency exchange rates & interest rate), credit, liquidity which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment & seeks to mitigate potential adverse effects on the financial performance of the Company.

1. Capital Management :

The company's capital management objectives are:

- (i) The Board policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The board of directors monitors the return on capital employed.
- (ii) The Company manages capital risk by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary.
- (iii) The Company uses debt ratio as a capital management index and calculates the ratio as the net debt divided by total equity. Net debts and total equity are based on the amounts stated in the financial statements.

(iv) Debt-to-equity ratio is as follows:

Particulars	(Rs. in Lacs)	
	As at March 31, 2020	As at March 31, 2019
Debt (A)	17,769.87	16,525.74
Equity (B)	24,045.39	27,248.72
Debt Equity Ratio (A/B)	0.74	0.61

2. Credit Risk :

- (i) Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.
- (ii) Financial instruments that are subject to concentration of credit risk principally consists of trade receivables, investments, derivative financial instruments and other financial assets. None of the financial instruments of the Company results in material concentration of credit risk.

3. Liquidity Risk :

Liquidity Risk Management : Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Maturities of Borrowings :

The following table details the Company's expected maturity for borrowings :

Exposure to Risk	(Rs. in Lacs)	
	As at March 31, 2020	As at March 31, 2019
Interest bearing borrowings:		
On Demand	12,565.19	10,984.21

181-365 Days	396.42	350.86
More than 365 Days	1,372.38	980.21

4. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

Notes to the financial statements for the year ended March 31, 2020

a) Foreign Currency Exchange Rate Risk :

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in AED, US Dollar, Australian Dollar, Great Britain Pound, Euro, JPY against the respective functional currencies of the Company. The Company, as per its risk management policy, evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks & uses derivative instruments primarily to hedge foreign exchange (if required).

b) Interest Rate Risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

(Rs. in Lacs)

Floating Interest rate exposure :	As at March 31, 2020	As at March 31, 2019

38 The spread of COVID-19 has severely impacted businesses around the globe. In many countries, including India, there has been severe disruption to regular business operations due to lock-downs, disruptions in transportation, supply chain, travel bans, quarantines, social distancing and other emergency measures. As the situation is constantly evolving, the Company has considered various internal and external information available up to the date of approval of financial statements in assessing the impact of COVID-19 pandemic in the financial statements for the year ended March 31, 2020. Management is of the view that there is significant uncertainty in the business environment which has resulted in delays in confirmations of customer orders and in executing the orders in hand and an increase in lead times in sourcing components. Based on current assessment, management is of the view that this situation is likely to continue for the next two quarters. As part of its review of the year-end balance sheet, the Company has made an assessment of recover ability and carrying values of its assets comprising Property, Plant and Equipment, Intangible assets, Inventory and Financial assets and has concluded that no further adjustments are required to be made to the carrying values of such assets as at March 31, 2020. In the case of Inventory, Management has performed the year-end 'wall to wall' inventory verification at each of its locations and again at a date subsequent to the year end in the presence of its internal auditor to obtain comfort over the existence and condition of inventories as at March 31, 2020 including roll-back procedures etc. In view of the above, the Company has taken into account all the possible impact of known events arising from COVID-19 pandemic in the preparation of these financial statements. However, the impact assessment of COVID-19 is a continuing process given the uncertainties associated with its nature and duration. The Company will continue to closely monitor any material changes to future economic conditions.

INDEPENDENT AUDITORS' REPORT

To the Members of
SHAKTI PUMPS (INDIA) LIMITED

Report on the Audit of the Consolidated Financial Statements

OPINION

We have audited the accompanying consolidated financial statements of Shakti Pumps (India) Limited ('the Parent') and its subsidiaries, (the Parent and its subsidiaries together referred to as "the Group") which comprise the Consolidated Balance Sheet as at 31 March 2020, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flows Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2020, and their consolidated profit , their consolidated comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter Paragraph

We draw your attention to note 42 to the consolidated financial statements, which describes the uncertainties and the impact of Covid-19 pandemic on the Group's operations and results as assessed by the management. Due to Covid-19 related lock-down restrictions, management of the Holding Company & of a

subsidiary located in India could not perform year-end physical verification of inventories at various locations. Further, our attendance as well as of the auditors of the subsidiary located in India at the physical inventory verification done by the respective management was impracticable under the lock-down restrictions imposed by the government. Consequently, we and auditors of the subsidiary located in India have performed alternative audit procedures to obtain comfort over the existence and conditions of inventory at the year-end as per the guidance provided by SA 501 " Audit Evidence- specific considerations for selected items" and have obtained sufficient audit evidence.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1.	Evaluation of uncertain tax positions The Group has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes. Refer Notes 30 to the Consolidated Financial Statements	Principal Audit Procedures Obtained details of completed tax assessments and demands for the year ended March 31, 2020 from management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions. Additionally, we considered the effect of new information in respect of uncertain tax positions as at April 1, 2019 to evaluate whether any change was required to management's position on these uncertainties.

Information Other than the Financial Statements and Auditor's Report Thereon

The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business

Responsibility Report and Corporate Governance Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of those consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies are also responsible for overseeing the Group's financial reporting process.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(1) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial

statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statement of 6 subsidiaries included in the audited consolidated financial results, whose financial results reflect total assets of Rs. 6911.01 lacs as on 31 March 2020, total revenues of Rs. 2,427.61 lacs and 10,834.30 lacs, total net (loss)/profit after tax of Rs. 117.81 lacs and 679.35 lacs and total comprehensive income/(loss) of Rs. 140.04 lacs and 710.26 lacs for the quarter ended March 31, 2020 and period from 01 April 2019 to March 31, 2020 respectively as considered in the Statement. These financial results have been audited by other auditors whose reports have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries is based solely on the reports of the other auditors and the procedures performed by us as stated in paragraph above.

Our conclusion on the Statement is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

Annexure - A to the Independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2020, we have audited the internal financial controls over financial reporting of Shakti Pumps (India) Limited (hereinafter referred to as "Parent"), as of that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Parent is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Parent's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Parent's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Parent's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and directors of the Company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Parent, has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. The Group Overview:

The Group, Shakti Pumps India Limited (SPIL) and its subsidiaries, engaged in manufacturing & trading of Pumps, Motors & their spare parts. The core products of the Company are Engineered Pumps, Industrial Pumps, and Solar Pumps.

2. Basis of Preparation of Consolidated Financial Statements and significant accounting policies:

2.1 Statement of Compliance

The Consolidated Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and relevant provisions of the Companies Act, 2013.

2.2 Basis of Preparation

- a) The Consolidated Financial Statements comprise of the financial statements of Shakti Pumps (India) Limited (Parent Company) and the following subsidiaries as on 31st March 2020:

Name of the Company	Country of Incorporation	Proportion of Ownership Interest of SPIL
Shakti Pumps LLC	USA	100%
Shakti Pumps FZE	UAE	100%
Shakti Pumps Pty Ltd.	Australia	100%
Shakti Pumps (Bangladesh) Ltd.	Bangladesh	100%
Shakti Pumps (Shanghai) Ltd.	China	100%
Shakti Energy Solutions Pvt. Ltd.	India	100%

- b) The Financial Statements of the parent company and its subsidiaries have been consolidated on a line by line basis by adding together the book value of like items of assets, liabilities, income and expenses, after eliminating Intra-group balances, Intra-group transactions and unrealised profits or losses in accordance with Ind AS 110 – “Consolidated Financial Statements”. The deferred tax to be recognised for temporary differences arises from elimination of profits and

losses resulting from intra group transactions.

- c) Post-acquisition, the Company accounts for its share in the change in net assets of the subsidiaries (after eliminating unrealised profits and losses resulting from transactions between the Company and its subsidiaries to the extent of its share), through its statement of profit and loss, other comprehensive income and through its reserves for the balance.
- d) The difference between the cost of investment and the share of net assets at the time of acquisition of shares in the subsidiaries is identified in the financial statements as Capital Reserve/Goodwill as the case may be.
- e) The accounts of Shakti Pumps LLC, USA and Shakti Pumps Pty Ltd., Australia are exempt from Audit.
- f) The Accounting Policies of the parent company and its subsidiaries are largely similar. However, few accounting policies are different as certain subsidiaries located in different countries have to comply with the local regulatory requirements.
- g) In case of foreign subsidiaries, revenue items are consolidated at the average exchange rate during the year. All assets and liabilities are translated at year end exchange rate. The resulting exchange differences are recognised as Other Comprehensive Income/(loss) and disclosed accordingly.
- h) Significant Accounting Policies of the financial statements of the company and its subsidiaries are set out in their respective Financial Statements.
- i) With effect from 1st April 2019, Ind AS 116 – “Leases” (Ind AS 116) supersedes Ind AS 17 – “Leases”. The Group has adopted Ind AS 116 using the prospective approach. The application of Ind AS 116 has resulted into recognition of ‘Right-of-Use’ asset with a corresponding Lease Liability in the Balance Sheet.

2.3 Significant Accounting Policies:

The significant accounting policies to prepare consolidated financial statements are in uniformity with the standalone financial statements of the Company. Following are the additional policies specifically considered for preparation of consolidated financial statements:

a) Business Combination:

Business Combinations are accounted for using the acquisition

method. The cost of acquisition is measured at the aggregate of the fair values at the date of exchange of assets given, liabilities incurred or assumed and equity instruments issued by the Company in exchange for control of the acquiree. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the recognition criteria are stated at their fair values at the acquisition date except certain assets and liabilities required to be measured as per the applicable standard.

b) Deferred Tax:

The Company does not recognise deferred tax liability with respect to undistributed retained earnings of subsidiaries and foreign currency translation difference, comprised in Other Comprehensive Income, recognised on consolidation of foreign subsidiaries as the Company controls the timing of distribution of profits and it is probable that the subsidiaries will not distribute the profits in the foreseeable future.

- D. The Company has carried out the exercise of assessment of any indications of impairment to its property, plant and equipment as on the Balance Sheet date. Pursuant to such exercise it is determined that there has been no impairment to its property, plant and equipment during the year.
- E. Capital expenditure incurred during the year on research & development is accounted for as an addition to property, plant & equipment. (Refer accounting policies)
- F. Disclosure in accordance with Ind AS - 116 "Leases", of the Companies (Indian Accounting Standards) Rules, 2015**

Effective April 1, 2019, the Company adopted Ind AS 116

"Leases" and applied the standard to all lease contracts existing on April 1, 2019 prospectively, with the cumulative effect of applying the Standard, recognised on the date of initial application (April 1, 2019). Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the right of use asset at its carrying amount as if the standard had been applied since the commencement date of the lease, but discounted at the Company's incremental borrowing rate at the date of initial application. Comparatives as at and for the year ended March 31, 2019 have not been retrospectively adjusted and therefore will continue to be reported as included as part of our Annual Report for year ended March 31, 2019.

Application of the standard has resulted in recognising a right-of-use asset and a corresponding lease liability of Rs 47.11 lacs. In the profit and loss account for the current period, nature of expenses is depreciation cost for the right-to-use asset and finance cost for interest accrued on lease liability. Accordingly, during the year ended March 31, 2020, Rs. 2.92 Lakhs has been accounted as Finance Cost and Rs. 0.94 Lakhs as Depreciation against the payment liability of Rs.5.49 Lakhs.

34 Employee Benefit Obligations

34.1 Defined Contribution Plan :

The Company makes contribution to statutory provident fund as per Employees Provident Fund and Miscellaneous Provisions Act, 1952. This is a defined contribution plan as per IND-AS 19.

(Rs. in Lacs)

Particulars	2019-20	2018-19
Employers Contribution to Provident Fund/ Pension Fund	149.29	132.84
Employers Contribution to ESIC	7.49	12.61
Total	156.78	145.45

34.2 Defined Benefit Plan for Gratuity & for Leave Encashment :

- (i) Actuarial gains and losses in respect of defined benefit plans are recognised in the Financial statements through other comprehensive income.
- (ii) Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

a) Asset Volatility :

- (i) The plan liabilities are calculated using a discount rate; if plan assets under perform compared to the discount rate, this will create or increase a deficit.
- (ii) As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

b) Life Expectancy :

The majority of the plan's obligations are to provide benefits for the service life of the member, so increases in service life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in service life expectancy.

Total	25,870.74	26,790.08	25,870.74	26,790.08

The following methods and assumptions were used to estimate the fair values:

Cash and short-term deposits, trade receivables, loans, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

Long-term receivables/payables are evaluated by the Company based on parameters such as interest rates, risk factors, individual creditworthiness of the counter party and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

Fair Value Hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3: Inputs based on unobservable market data.

B. Financial Risk Management

Shakti Pumps (India) Limited is exposed primarily to market risk (fluctuation in foreign currency exchange rates & interest rate), credit, liquidity which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment & seeks to mitigate potential adverse effects on the financial performance of the Company.

1. Capital Management:

The company's capital management objectives are:

- (i) The Board policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The board of directors monitors the return on capital employed.
- (ii) The Company manages capital risk by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary.
- (iii) The Company uses debt ratio as a capital management index and calculates the ratio as the net debt divided by total equity. Net debts and total equity are based on the amounts stated in the financial statements.

(iv) Debt-to-equity ratio is as follows:

(Rs. in Lacs)

Particulars	As at March 31, 2020	As at March 31, 2019
Debt (A)	19,292.08	17,827.97
Equity (B)	26,515.01	29,039.30
Debt Equity Ratio (A/B)	0.73	0.61

2. Credit Risk:

- (i) Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.
- (ii) Financial instruments that are subject to concentration of credit risk principally consists of trade receivables, investments, derivative financial instruments and other financial assets. None of the financial instruments of the Company results in material concentration of credit risk.

3. Liquidity Risk:

Liquidity Risk Management: Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Maturities of Borrowings :

The following table details the Company's expected maturity for borrowings :

(Rs. in Lacs)

More than 365 Days	2,611.30	2,134.82

4. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

a) Foreign Currency Exchange Rate Risk :

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in AED, US Dollar, Australian Dollar, Great Britain Pound, Euro, JPY against the respective functional currencies of the Company. The Company, as per its risk management policy, evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks & uses derivative instruments primarily to hedge foreign exchange (if required).

Foreign Currency Exposures :

- 40 "The spread of COVID-19 has severely impacted businesses around the globe. In many countries, including India, there has been severe disruption to regular business operations due to lockdowns, disruptions in transportation, supply chain, travel bans, quarantines, social distancing and other emergency measures. As the situation is constantly evolving, the Group has considered various internal and external information available up to the date of approval of financial statements in assessing the impact of COVID-19 pandemic in the financial statements for the year ended March 31, 2020. Management is of the view that there is significant uncertainty in the business environment which has resulted in delays in confirmations of customer orders and in executing the orders in hand and an increase in lead times in sourcing components. Based on current assessment, management is of the view that this situation is likely to continue for the next two quarters. As part of its review of the year-end balance sheet, the Group has made an assessment of recover ability and carrying values of its assets comprising Property, Plant and Equipment, Intangible assets, Inventory and Financial assets and has concluded that no further adjustments are required to be made to the carrying values of such assets as at March 31, 2020. In the case of Inventory held by holding company, Management has performed the year-end 'wall to wall' inventory verification at each of its locations and again at a date subsequent to the year end in the presence of its internal auditor to obtain comfort over the existence and condition of inventories as at March 31, 2020. In view of the above, the Group has taken into account all the possible impact of known events arising from COVID-19 pandemic in the preparation of these financial statements. However, the impact assessment of COVID-19 is a continuing process given the uncertainties associated with its nature and duration. The Group will continue to closely monitor any material changes to future economic conditions."
- 41 Previous year figure have been regrouped / recast, wherever necessary, to correspond with the current year's classification / disclosure.
- 42 Figures pertaining to Subsidiary Companies have been reclassified wherever necessary to bring them in line with the Parent Company's Financial Statements.
