Covid – 19 : Key Steps Taken

COVID19 Pandemic hit entire world as well as our country and due to ensuing lockdown and restrictions on trade, travel and movements, all business activities were greatly hampered and most businesses came under financial stress. **Govt. and RBI announced many relief measures for persons/businesses facing financial stress including moratorium on loan repayment was announced by Govt. of India for 3 months, later extended by another 3 months.*** Some of the initiatives taken by PNB during this period are as under:

- Created awareness amongst borrowers about the relief measures being provided by our Bank, through SMSes and tele-calling from Bank's dedicated call centres,
- Moratorium on loan repayment permitted by our Bank to all eligible borrowers without waiting for any formal request or application from them,
- After moratorium period, all eligible Term Loan accounts were rescheduled so that borrowers do not face hardship in paying the dues accumulated during the 6 Months moratorium period,
- The accumulated interest in CC/OD accounts was converted into separate FITL accounts, giving relief to the borrowers to repay the same
- One-time restructuring (OTR) exercise has been undertaken to restructure all eligible accounts which are under stress due to COVID19 pandemic
- In line with Govt. instructions# that borrowers shall not be made to pay compound interest during the moratorium period, compound interest charged has been refunded automatically to the borrowers of eligible categories, whose limit and outstanding was upto Rs.2 crore from the Banking system, without waiting for any formal request from them.
