EXPLANATORY STATEMENTS

As required under Section 102 of the Companies Act, 2013 ("Act"), the following explanatory statement sets out all material facts relating to business mentioned under Item Nos. 3 of the accompanying Notice:

ITEM NO. 3

In terms of the provisions of Section 180(1)(c) of the Companies Act, 2013 and the relevant provisions of the Articles of Association of the Company, the Members of the Company at the 09th AGM held on September 30, 2019 had granted their approval by way of a special resolution to the Board of Directors of the Company to borrow, from time to time, such sums of money as they may deem necessary for the purpose of the business of the Company, provided that the amount outstanding consequent to such monies borrowed by the Board of Directors on behalf of the Company does not exceed Rs. 100 crore, at any point of time.

As on March 31, 2021, the outstanding borrowings of the Company amounted to Rs. 20,21,31,292. Considering the future business growth of the Company and to meet the funding requirements for its business, the Board of Directors may need to borrow further, from time to time. Therefore, it is considered desirable to enhance the limit of borrowings to Rs. 200 Crores (Rupees Two Hundred Crores Only) apart from temporary loans obtained/to be obtained by the Company from its bankers in the ordinary course of business.

The said proposal for borrowing is only an enabling sanction for creation of charges/mortgages and the Management shall seek approval of the Board as and when the actual borrowings are to be made.

Your consent is required under the provisions of Sections 180(1) (c) and 180(1)(a) of the Act, to increase the borrowing limits and to mortgage and / or create a charge on any of the moveable and / or immovable properties and / or the whole or any part of the undertaking(s) of your Company to secure its borrowings.

Accordingly, the approval of the Members is being sought by way of a special resolution authorising the Board of Directors to borrow further sums of monies within an overall limit of Rs. 200 Crores outstanding at any point of time.

The Board, recommends passing of the special resolution as set out at Resolution No. 3 of Notice.

None of the Directors, Key Managerial Personnel of the Company nor their relatives are concerned or interested, financially or otherwise in the proposed resolution.

2. Management Analysis and Discussions

COVID-19

The year under report was indeed a challenging year on account of The Global Pandemic of Covid 19. All the factories of the company remained closed till mid of May, 2020 during the first wave of Covid-19. Since the lifting/relaxation of the First Lockdown, the production and sales volumes starting picking up from the Second Quarter of FY 2020-21 and reached or even exceeded pre-covid levels from Quarter 3 of the year in review. Just as India seemed to have recovered from this Global Pandemic, the Second Wave hit the country and in a very short time the wave turned into a tidal wave. The frequent lock downs and restrictions imposed from time to time, badly hit the production and sales volumes in Q1 of FY 2021-22. However, despite the huge challenges that abounded in Q1 of FY 2021-22, the Management, staff and workmen at all levels put in their best efforts to ensure that the company did not plunge into losses in Q1 of FY 2021-22. The Board is pleased to inform that the Production and sales volumes have started picking up from Q2 of FY 2021-22 and barring unforeseen circumstances and the much dreaded Third Wave, your company is expected to do better in the rest of the FY. Your company has taken all the measures for safety of its staff and workmen as per SOP. The company has also made arrangements for vaccination of all its workmen and staff. In the face of The second wave of the pandemic which is still unfolding with dire predictions of a third wave in the offing, our focus continues to be on our people's health & safety, ensuring uninterrupted supplies of Covid relevant portfolio, meeting the demand arising out of evolving consumer needs, caring for the communities in which we operate, and finally, protecting our business model.

Following the progressive lifting of lockdowns and relaxations being announced in various states, the production volumes are picking up. The customers are also scaling up their businesses and hence the sales of all the businesses are gradually picking up. The Supply and logistic chains are also being gradually restored. The physical and emotional wellbeing of employees continues to be a top priority for the Company, with several initiatives to support employees and their families during the pandemic.

This being an evolving situation, the Directors are keeping a constant vigil over operational performance, Debtors, Inventories, On Going Contracts and impairment, if any, to any of the assets. In these trying times, The Company has been able to raise funds by means of Debts from the Banks. All these measures have been taken to bolster working capital to tide over these trying times. Company also taken various measures of cost rationalisation and optimisation.

Company performance/ Review of operations:

Despite the unprecedented lock downs in Q1 of the year in report and despite huge challenges posed by the Global Pandemic of Covid-19, thanks largely to the various cost optimisation and other measures taken and huge efforts put in by the employees and associates the company was able to report a profit before and after the tax for the year. After a very bad Q1 for the year in report, the company bounced back in Q2, Q3 and Q4 and has ended the year with PAT of Rs. 175.45.

Outlook

Despite the various lock downs and restrictions imposed from time to time by various States in the wake of the Second Wave, your company did well to ensure that the Q1 of FY 2021-22 did not suffer any losses. The momentum is reviving from Q2 of current year and the volumes are expected to reach pre-Covid levels shortly.

Opportunities and threats

Opportunities:

For engineering Business Export markets offer exciting opportunities. Specialised, tailor made non textile customers also offer excellent growth prospects.

For PSF business the markets have started picking up from Q2 of 2021-22 and Your Board has ambitious expansion Plans for thus Business.

For Non-Woven also the volumes have started reviving from Q2 of 2021-22 and there are good opportunities in Non-Auto applications. The company has already started execution of expansion of this Business by about 20% by installing two more Lines. The expanded capacity is expected to go into production by end of Q3 of FY 2021-22

Threats:

Currently the biggest threat is the ongoing second wave of Covid 19 and the much dreaded Third wave that may assume the Global Pandemic Proportions. There are other common threats like the economic slow-down, liquidity issues, recent spurt in Raw Material prices and any adverse government policies. However, since textile industry is one of the top-three employment generators, the government policies are expected to be conducive and supportive.

Risks and Concerns

The recent liquidity crunch and global economic down turn due to Global Pandemics (Covid-19) are the risks and concerns being faced by the industry.

Internal Financial control systems and their adequacy

The Company has adequate systems for Internal Financial Control Systems. The Company has also appointed a CA firm as Independent Internal Auditors.

3. Dividend

With a view to conserve the resources in these uncertain times, The Board has thought it prudent to not declare any dividend for the year under review.

INDEPENDENT AUDITOR'S REPORT

To the Members of Harish Textile Engineers Limited.

Report on the Audit of the Financial Statements

Qualified Opinion

We have audited the accompanying financial Statements of **Harish Textile Engineers Limited** ("the Company") which comprises the Balance Sheet as at 31st March, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the effect of the matters described in the Basis for Qualified Opinion section of our report, the aforesaid financial Statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021, the profit and total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

The Company has not provided for gratuity liability of employees as required by Ind AS 19 on "Employee Benefits" (Refer Note No. 29.1). The impact of the same could not be quantified in the absence of actuarial valuation/management estimate. Our audit opinion on the financial statements for the year ended 31 March 2021 is qualified in respect of the said matter.

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the independence requirements that are relevant to our audit of the financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion on the Financial Statements.

Emphasis of Matters

We draw attention to Note 38 of the financial statement in which the Company describes the uncertainties arising from the COVID 19 pandemic. Our report is not modified in respect of this matter.

INDEPENDENT AUDITOR'S REPORT (Continued)

Report on Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for preparation of the other information. The other information comprises the information included in Board's Report including Annexure to Board's Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial Statements that give a true and fair view of the financial position, financial performance, including total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

INDEPENDENT AUDITOR'S REPORT (Continued)

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of financial statement

Our objectives are to obtain reasonable assurance about whether the financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial Statements, including the disclosures, and whether the financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the

INDEPENDENT AUDITOR'S REPORT (Continued)

planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under "Report on the Other Legal and Regulatory Requirements" section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Harish Textile Engineers Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

1. Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of internal financial controls with reference to financial statements of the Company that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

2. Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statement of the Company were established and maintained and if such controls operated effectively in all material respects.

ANNEXURE B (continued)

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to Financial Statement of the Company and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

3. Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

4. Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

ANNEXURE B (continued)

5. Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an internal financial controls with reference to Financial Statements of the Company and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over financial reporting issued by the Institute of Chartered Accountants of India.

3. Significant Accounting Policies

The accounting policies set out below have been applied consistently to the periods presented in the financial statements.

HARISH TEXTILE ENGINEERS LIMITED

Notes on the Financial Statements
for the year ended 31st March 2021.

3. Significant Accounting Policies (Continued)

a. Foreign currency transaction

Transactions in foreign currencies are translated into the respective functional currencies of the Company at the exchange rates at the date of the transaction or at an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in profit or loss.

b. Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1 – Presentation of Financial Statements based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

c. Revenue from contracts with customers

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company assesses promises in the contract that are separate performance obligations to which a portion of transaction price is allocated.

Revenue is measured based on the transaction price as specified in the contract with the customer. It excludes taxes or other amounts collected from customers in its capacity as an agent. In determining the transaction price, the Company considers below, if any:

- a) **Variable consideration** – This includes bonus, incentives, discounts etc. It is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated

3. Significant Accounting Policies (Continued)

uncertainty with the variable consideration is subsequently resolved. It is reassessed at end of each reporting period.

- b) **Significant financing component** - Generally, the Company receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.
- c) **Consideration payable to a customer** – Such amounts are accounted as reduction of transaction price and therefore, of revenue unless the payment to the customer is in exchange for a distinct good or service that the customer transfers to the Company.

In accordance with Ind AS 37, the Company recognizes a provision for onerous contract when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contract modifications

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to the existing contract are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if additional services are priced at the standalone selling price, or as a termination of existing contract and creation of a new contract if not priced at the standalone selling price.

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer e.g. unbilled revenue. If the Company performs its obligations by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset i.e. unbilled revenue is recognised for the earned consideration that is conditional. The contract assets are transferred to receivables when the rights become unconditional. This usually occurs when the Company issues an invoice to the Customer.

3. Significant Accounting Policies (Continued)

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. Contract liabilities are recognised as revenue when the Company performs under the contract.

The accounting policies for the specific revenue streams of the Company as summarized below:

Sale of goods

Revenue from sale of goods is recognised when control of the goods is transferred to the customer which usually is on delivery of the goods under the terms of contract at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods. Sales are inclusive of excise duty but are net of sales returns, sales tax, goods and service tax and rate difference adjustments if any.

Service income

Revenues from services is recognised based on the services rendered in accordance with the terms of the contract and there are no uncertainties involved to its ultimate realization.

Others

Export incentives are accrued in the year when the right to receive credit is established in respect of exports made and are accounted to the extent there is no significant uncertainty about the measurability and ultimate realization/ utilization of such benefits/ duty credit.

d. Recognition of interest income or expense

Interest on investments is booked on a time proportion basis taking into account the amounts invested and the rate of interest.

Commission income is recognised on accrual basis.

e. Property, plant and equipment and Depreciation

Recognition and measurement

Property, Plant & Equipment's (PPE) comprises of Tangible assets and Capital Work in progress. PPE are stated at cost, net of tax/duty credit availed, if any, after reducing accumulated depreciation until the date of the Balance Sheet.

The Cost of PPE comprises of its purchase price or its construction costs (net of applicable tax credit, if any), any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the management. It includes professional fees and, for qualifying PPE, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of PPE when completed and ready for intended use. Parts of an item of PPE having different useful lives and material value and subsequent expenditure on PPE arising on account of capital improvement or other factors are accounted for as separate components. Critical spares of PPE having life of more than one year are capitalized as a separate component in PPE. Capital work in progress includes the cost of PPE that are not yet ready for the intended use.

Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

Depreciation

In respect of Property, Plant and Equipment, depreciation is charged on a straight line basis so as to write off the cost of the assets over the useful lives as prescribed under Part C of Schedule II to the Companies Act 2013.

Derecognition

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Capital work-in-progress

Cost of assets not ready for intended use, as on balance sheet date is shown as capital work in progress. Advances given towards acquisition of property, plant and equipment outstanding at each balance sheet date are disclosed as other non-current assets.

f. Impairment of Assets

Impairment of financial instruments

The Company recognises loss allowances for expected credit losses on financial assets measured at amortised cost.

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being past due for 180 days or more;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for a security because of financial difficulties.

The Company measures loss allowances at an amount equal to lifetime expected credit losses, except for bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition, which are measured as 12 month expected credit losses.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. Twelve months expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk. When determining whether the credit risk of a financial asset has increased significantly since initial

3. Significant Accounting Policies (Continued)

recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Impairment of non-financial instruments

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

The Company's corporate assets (e.g., central office building for providing support to various CGUs) do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

HARISH TEXTILE ENGINEERS LIMITED

Notes on the Financial Statements
for the year ended 31st March 2021.

3. Significant Accounting Policies (Continued)

In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

g. Financial instruments

Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

Classification and subsequent measurement

Financial assets on initial recognition, a financial asset is classified as measured at

- amortised cost;
- FVOCI – debt investment;
- FVOCI – equity investment; or
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- a) the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- a) the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and

3. Significant Accounting Policies (Continued)

- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

At present, the Company does not have investments in any debt securities classified as FVOCI.

h. Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by a Company entity are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

i. Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

HARISH TEXTILE ENGINEERS LIMITED

Notes on the Financial Statements
for the year ended 31st March 2021.

3. Significant Accounting Policies (Continued)

Assessment whether contractual cash flows are solely payments of principal and interest.

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Financial assets: Subsequent measurement and gains and losses

Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss

Financial liabilities: Classification, subsequent measurement and gains and losses

HARISH TEXTILE ENGINEERS LIMITED

Notes on the Financial Statements
for the year ended 31st March 2021.

3. Significant Accounting Policies (Continued)

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Derecognition

Financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial liabilities

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire. The Company also derecognizes a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

j. Borrowing costs

Borrowing cost includes interest expense as per Effective Interest Rate (EIR), other costs incurred in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest

HARISH TEXTILE ENGINEERS LIMITED

Notes on the Financial Statements
for the year ended 31st March 2021.

3. Significant Accounting Policies (Continued)

cost. Borrowing costs directly relating to the acquisition, construction or production of a qualifying capital project under construction are capitalised and added to the project cost during construction until such time that the assets are substantially ready for their intended use i.e. when they are capable of commercial production. Where funds are borrowed specifically to finance a project, the amount capitalised represents the actual borrowing costs incurred. Where surplus funds are available out of money borrowed specifically to finance a project, the income generated from such current investments is deducted from the total capitalized borrowing cost. Capitalisation of borrowing costs is suspended and charged to profit and loss during the extended periods when the active development on the qualifying assets is interrupted. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial liability or a shorter period, where appropriate, to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options).

k. Inventories

The inventories are valued at cost or net realizable value whichever is lower. The provision for inventory obsolescence is assessed at regular intervals and is provided as considered necessary. The basis of determining the value of each class of inventory is as follows:

Inventories	Cost Formula
Raw Material	At cost on first in first out basis.
Work in Process	Raw material cost plus conversion cost, wherever applicable.
Finished Goods	Raw material cost plus conversion cost, wherever applicable.
Traded Goods	At cost on first in first out basis.

l. Taxation

Tax expense comprises of current and deferred tax. It is recognised in the Statement of Profit and Loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income

Current tax

Current tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the reporting date and includes any adjustment to tax payable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty,

HARISH TEXTILE ENGINEERS LIMITED

for the year ended 31st March 2021.

3. Significant Accounting Policies (Continued)

if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Deferred Taxes

Deferred tax is provided, using the balance sheet method, on all deductible temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes and on carry forward of unused tax credits and unused tax loss.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Tax relating to items recognized outside profit or loss is recognised outside profit or loss (either in other comprehensive income or equity).

Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each balance sheet date the Company reassesses unrecognized deferred tax assets. It recognises unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Minimum Alternative Tax ("MAT") credit is recognised an item in deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

Presentation of current and deferred tax:

Current and deferred tax are recognized as income or an expense in the Statement of Profit and Loss or Equity, except when they relate to items that are recognized in Other Comprehensive

for the year ended 31st March 2021.

3. Significant Accounting Policies (Continued)

Income, in which case, the current and deferred tax income/expense are recognized in Other Comprehensive Income or Equity.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

m. Provisions, Contingent Liabilities and Contingent Assets

The Company recognizes a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed.

n. Cash and Cash equivalent

Cash and Cash equivalents for the purpose of Cash Flow Statement comprise cash, drafts and cheques in hand, bank balances, unencumbered demand deposits with banks where the original maturity is three months or less and other short term highly liquid investments. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalent for the purpose of Cash Flow Statement.

o. Employee benefits

Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as

HARISH TEXTILE ENGINEERS LIMITED

for the year ended 31st March 2021.

3. Significant Accounting Policies (Continued)

a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

Defined contribution plans

The Company recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Company during the reporting period.

Defined Benefit Plans

The company has not made provision for gratuity liability as per requirement of IndAS -19 "Employee Benefits".

p. Operating segments

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the Chief Operating Decision Maker (CODM) in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

q. Leases

Company as Lessee

Right-of-Use (ROU) assets are recognised at inception of a contract or arrangement for significant lease components at cost less lease incentives, if any. ROU assets are subsequently measured at cost less accumulated depreciation and impairment losses, if any. The cost of ROU assets includes the amount of lease liabilities recognised, initial direct cost incurred and lease payments made at or before the lease commencement date. ROU assets are generally depreciated over the shorter of the lease term and estimated useful lives of the underlying assets on a straight line basis. Lease term is determined based on consideration of facts and circumstances that create an economic incentive to exercise an extension option, or not to

HARISH TEXTILE ENGINEERS LIMITED

Notes on the Financial Statements
for the year ended 31st March 2021.

3. Significant Accounting Policies (Continued)

exercise a termination option. Lease payments associated with short-term leases and low value leases are charged to the Statement of Profit and Loss on a straight line basis over the term of the relevant lease.

The Company recognises lease liabilities measured at the present value of lease payments to be made on the date of recognition of the lease. Such lease liabilities do not include variable lease payments (that do not depend on an index or a rate), which are recognised as expense in the periods in which they are incurred. Interest on lease liability is recognised using the effective interest method. Lease liabilities are subsequently increased to reflect the accretion of interest and reduced for the lease payments made. The carrying amount of lease liabilities is also remeasured upon modification of lease arrangement or upon change in the assessment of the lease term. The effect of such remeasurements is adjusted to the value of the ROU assets.

Company as a Lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Where the Company is a lessor under an operating lease, the asset is capitalised within property, plant and equipment or investment property and depreciated over its useful economic life. Payments received under operating leases are recognised in the Statement of Profit and Loss on a straight line basis over the term of the lease.

r. Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date.

s. Recent accounting pronouncements

On 24 March 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division

II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet

- Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- If an entity has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of entity, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of Profit and Loss

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of consolidated financial statements.

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

34 Financial Instruments – Fair values and risk management (continued)

Financial instruments risk management objectives and policies

The Company's principal financial liabilities comprises of trade and other payables. The Company's financial assets include trade and other receivables, and cash & cash equivalents that it derives directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is supported by the Board of Directors that advises on financial risks and the appropriate financial risk governance framework for the Company. This provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedure and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each risk, which are summarised as below:

(i) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, investments, and loans given. The Company is having majority of the receivables from private sector. The Company does not have significant credit risk exposure to any single counterparty.

The carrying amount of following financial assets represents the maximum credit exposure:

Cash and Cash equivalent and Other Bank Balances

The company maintains its Cash and cash equivalents and Bank deposits with banks having good reputation, good past track record and high quality credit rating and also reviews their credit-worthiness on an on-going basis.

Trade and other receivables

The Company's exposure to credit Risk is the exposure that Company has on account of goods sold or services rendered to a contractual counterparty or counterparties, whether with collateral or otherwise for which the contracted consideration is yet to be received.

The Company provides for allowance for impairment that represents its estimate of expected losses in respect of trade and other receivables.

For trade receivables, as a practical expedient, the Company computes credit loss allowance based on a provision matrix. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates.

Assets are written off when there are no reasonable expectation of recovery such as debtor declaring bankruptcy or failing to engage in a repayment plan with group. Where receivables have been written off the company continues to engage in enforcement activity to attempt to recover the receivables. where recoveries are made, these are recognised in profit and loss.

The following year end trade receivables, though overdue, are expected to be realised in the normal course of business and hence, are not considered impaired as at March 31, 2021 and March 31, 2020:

(ii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company monitors its risk of a shortage of funds by estimating the future cash flows. The Company's objective is to maintain a balance between working capital of the company. The Company generates sufficient cashflow from operations to maintain a healthy working capital balance.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

34 Financial Instruments – Fair values and risk management (continued)

(iii) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans, borrowings and deposits.

(a) Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's foreign currency risk arises out of various imports of raw materials and trading goods and exports of its finished goods. The Company follows netting principle for managing the foreign exchange exposure. The Carrying Amounts of the Company's Foreign Currency Denominated Monetary Assets and Liabilities based on Gross Exposure at the end of the Reporting Period is as under.

Net Open Exposures Outstanding as at the Balance Sheet Date (Rupees in Lakhs)

Particulars	Foreign Currency Denomination	Year ended March 31, 2021		Year ended March 31, 2020	
		Foreign Currency Amount	Amount in Rs.	Foreign Currency Amount	Amount in Rs.
Trade Payables	USD	-	-	4.08	307.04
Trade Receivables	USD	1.73	126.73	0.44	33.30

(b) Price risk

1) Sensitivity analysis

Profit or loss is sensitive to higher/lower Exchange rate of currency. A possible 3% change in exchange rate would affect profit/loss at the reporting date by amount shown below:

Particulars	(Rupees in Lakhs)			
	Profit or (Loss)		Equity (net of tax)	
	3% Increase	3% decrease	3% Increase	3% decrease
31st March 2021				
Trade Payables	-	-	-	-
Trade Receivables	3.80	-3.80	2.81	-2.81
Total	-3.80	3.80	-2.81	2.81
31st March 2020				
Trade Payables	9.21	(9.21)	6.65	(6.65)
Trade Receivables	1.00	(1.00)	0.72	(0.72)
Total	10.21	(10.21)	7.37	(7.37)

(c) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Interest rate risks is measured by using the cash flow sensitivity for changes in variable interest rates. Any movement in the reference rates could have an impact on the Company's cash flows as well as costs. The Company's interest rate exposure is mainly related to debt obligation.

Exposure to interest rate risk

The interest rate profile of the Company's interest - bearing financial instruments is as follows:

Particulars	(Rupees in Lakhs)	
	31st March 2021	31st March 2020
Fixed-rate instruments		
Financial assets	-	48.20
Financial liabilities	1,283.91	1,135.41
Variable-rate instruments		
Financial assets	-	-
Financial liabilities	1,507.09	1,127.76
Non-interest bearing instruments		
Financial assets	2,268.33	2,420.95
Financial liabilities	2,277.75	3,222.25

Sensitivity analysis

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of change in interest rates.

Based on the composition of debt a reasonably possible change of 100 basis points in interest rates at the reporting date would have increased (decreased) Equity and Profit or Loss by the amount shown below:

Particulars	(Rupees in Lakhs)			
	Profit or (Loss)		Equity (net of tax)	
	100 bp Decrease	100 bp Increase	100 bp Decrease	100 bp Increase
31st March 2021				
Borrowings	(27.91)	27.91	(20.65)	20.65
Total	(27.91)	27.91	(20.65)	20.65

Borrowings	(22.63)	22.63	(16.75)	16.75
Total	(22.63)	22.63	(16.75)	16.75

(d) Commodity Price Risk

The Company is affected by price volatility of certain commodities. Its operating activities require the on-going purchase or continuous supply of such commodities. Therefore the Company monitors its purchases closely to optimise the prices.

(e) Equity Price Risk

The Company do not have any investment in quoted equity shares hence not exposed to equity price risk.

35 Capital Management

The Company's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

The Company determines the amount of capital required on the basis of the annual business plan coupled with long term and short term strategic investments and expansion plans. The funding needs are met through equity, cash generated from operations, long terms and short term bank borrowings/other borrowings.

The Company monitors capital using a ratio of 'adjusted net debt' to 'adjusted equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising interest-bearing loans and borrowings, less cash and cash equivalents. Adjusted equity comprises all components of equity.

The Company's adjusted net debt to equity ratio is as follows.

Particulars	<i>(Rupees in Lakhs)</i>	
	As at 31st March 2021	As at 31st March 2020
Total borrowings*	2,791.00	2,482.21
Less: Cash and bank balances	-61.18	-69.69
Adjusted net debt	2,729.82	2,412.52

36 Leases

The Company as a Lessee

The Company's significant leasing/ licensing arrangements are mainly in respect of factory building. Leases typically run in a range from 1 years to 6 years, with an option to renew the lease after that date. The Company previously used to classify leases as operating or finance leases based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset to the Company.

The company has adopted Ind AS 116 effective 1st April, 2019, using the modified retrospective method. Accordingly, previous period information has not been restated.

In the statement of profit and loss for the current year, operating lease expenses which were recognised as other expenses in previous periods is now recognised as depreciation expense for the right-of-use asset and finance cost for interest accrued on lease liability. The adoption of this standard did not have any significant impact on the profit for the year and earnings per share. The Incremental borrowing rate of 8% has been applied to lease liabilities recognised in the balance sheet at the date of initial application.

The Company used following practical expedients when applying Ind AS 116 :

- did not recognise right-of-use assets and liabilities for leases for which the lease term ends within 12 months of the date of initial application;
- did not recognise right-of-use assets and liabilities for leases of low value assets;
- excluded initial direct costs from the measurement of the right-of-use asset at the date of initial application; and
- used hindsight when determining the lease term.

37 CONTINGENT LIABILITIES & CONTINGENT ASSETS AND CAPITAL COMMITMENTS

A) Contingent Liabilities not provided for in respect of:

Particulars	As at 31st March 2021	As at 31st March 2020
Contingent Liabilities	Nil	Nil

The Honourable Supreme Court of India vide its order dated 28th February, 2019 held that 'Basic Wages' for the contribution towards Provident Fund (PF) should only exclude [in addition to specific exclusions under Section 2(b)(ii) of the Employees Provident Fund Act, 1952]:

- amounts that are payable to the employee for undertaking work beyond the normal work which he/she is otherwise required to put in and;
- allowances which are either variable or linked to any incentive for production resulting in greater output by an employee and that the allowances are not paid across the board to all employees in a particular category or were being paid especially to those who avail the opportunity.

With reference to the above mentioned judgment, The Company's management is of the view that there is considerable uncertainty around the timing, manner and extent in which the judgment will be interpreted and applied by the regulatory authorities. Further, a review petition has been filed with the Honourable Supreme Court with reference to the aforementioned judgement and the same is pending disposal. Management is of the view that any incremental outflow in this regard can only be determined once the position being taken by the regulatory authorities in this regard is known and the Management is able to evaluate all possible courses of action available. Accordingly, no provision has been currently recognized in Financial Statements in this regard.

- a. There was an adverse impact on the productions, sales and hence profitability in Q1 of the year under report due to the complete closure of factories till 15th May, 2020 complete lockdown imposed on account of the pandemic of COVID-19.
- b. From Q2 onwards the sales, production and profitability improved due to relaxation of lockdowns from time to time.
- c. This pandemic is still on going and the Board of Directors is constantly monitoring the evolving situation and its effect on debtors, stock and other assets.
- d. The company has taken all measures and have adopted SOP for the safety of its workmen employees and all persons associated with the company.

2. Details of impact of Covid 19 based on certain performance parameters

- a. **Capital and financial resources and other assets-** As per the current assessment there is some impact on company's financial resources due to lock down in the April and May months of year under report. Initially, the lockdown had adverse impact on capital and financial resources, however, with improvement of performance from Q2 onwards and with banks supporting your company by providing additional liquidity required from time to time, the liquidity position is much better. There has been no adverse impact on the assets of the company.
- b. **Profitability-** There was an adverse impact on the productions, sales and hence profitability in Q1 of the year under report due to the complete closure of factories till 15th May, 2020 complete lockdown imposed on account of the pandemic of COVID-19. From Q2 onwards the sales, production and profitability improved due to relaxation of lockdowns from time to time..
- c. **Ability to service debts-** Pursuant to the company raising the funds as outlined above, and banks and other financial institutes offering moratoriums, the company was in a position to service all its debts.
- d. **Assets-** No assets of the company are adversely impacted.
- e. **Internal Financial Controls-**The financial control systems are in place and there has been no adverse impacts on the same due to the pandemic.
- f. **Demand-** Demand for all the business segments witnessed gradual improvement and were back to normal levels.

3. Impact on contracts/agreements- The was no significant impact on the existing contracts/agreements.

This pandemic is still on going and the Board of Directors is constantly monitoring the evolving situation and its effect on debtors, stock and other assets. The company has taken all measures and have adopted SOP for the safety of its workmen employees and all persons associated with the company.
