The full format of quarterly / annual financial results are available on the websites of the BSE Limited and the Company's website (www.edelweissarc.in).
 - For the other line items referred in Regulation 52 (4) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, the pertinent disclosures have been made to the BSE Limited and can be accessed on the Company's website - www.edelweissarc.in.
 - The standalone financial results of the Company for the quarter ended December 31, 2021 are reviewed and recommended by the Audit Committee and have been approved by the Board of Directors of the Company at its meeting held on January 27, 2022.
 - During the nine months ended December 31, 2021, on receipt of approval from RBI, the Company has converted 3,32,00,000 Compulsorily Convertible Preference Shares (CCPS) held by CDPQ Private Equity Asia Pte Limited ("CDPQ") into 5,26,31,579 Equity Shares of Rs. 10 each of the Company. Post the conversion, CDPQ has become one of the sponsors of EARC holding 20% of the total paid up equity share capital of the Company.
 - The Company operates in a single reportable operating segment of distressed credit business as per the requirement of Ind AS 108 - Operating Segment.
 - Reserve Bank of India (RBI) requires every Asset Reconstruction Company to create an Impairment Reserve by appropriating the difference between impairment allowance under Ind AS 109 and the provisioning required under earlier applicable Income Recognition, Asset Classification and Provisioning (IRACP) guidelines (including standard asset provisioning) from its Reserves to the said Impairment Reserve. Accordingly, the Company has created Impairment Reserve from its Reserves.
 - The COVID-19 pandemic outbreak across the world including India has resulted in most countries announcing lockdowns and quarantine measures that have sharply stalled economic activities across the world. The Indian Government too has imposed lockdowns starting from March 24, 2020. Subsequently, the national lockdown was lifted by the government for certain activities in a phased manner outside specified containment zones, but regional lockdowns/restrictions continued to be implemented in areas with a significant number of COVID-19 cases. The Indian economy is impacted and would continue to be impacted by this pandemic and the resultant lockdowns, due to the contraction in industrial and services output across small and large businesses. The impact of the COVID -19 pandemic, including the current "second wave" on Company's results, including credit quality and provisions, gain/loss on fair value changes, investment, remains uncertain and dependent on the current and further spread of COVID -19, steps taken by the government, RBI and other regulators to mitigate the economic impact and also the time it takes for economic activities to resume and reach the normal levels. The Company has maintained sufficient capital and liquidity position and it will continue the same going forward. In assessing the fair valuation of investment, recoverability of loans, receivables, the Company has considered internal and external sources of information, including credit reports, economic forecasts and industry reports up to the date of approval of these financial results. Given the dynamic and evolving nature of the pandemic, its effect on the operations of the Company may be different from that estimated as at the date of approval of these financial results.
 - Figures for the previous period/year have been regrouped/reclassified wherever necessary to conform to current period presentation.
