Independent Auditor's Review Report on Quarterly Unaudited Consolidated Financial Results of the Company pursuant to Regulation 33 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended)

**To the Board of Directors of
Adani Wilmar Limited**

1. We have reviewed the accompanying Statement of Unaudited Consolidated Financial Results of Adani Wilmar Limited ("the Parent" or "the Company") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group") and its share of the net profit/(loss) after tax and total comprehensive income / loss of its jointly controlled entities for the quarter ended 30th June 2022 ("the Statement") being submitted by the Parent pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 as amended. Attention is drawn to the fact that the consolidated figures for the corresponding quarter ended 30th June 2021, as reported in these financial results have been certified by the Parent's management and have not been subjected to our review.
2. This Statement, which is the responsibility of the Parent's management and approved by the Parent's Board of Directors at their meeting held on 3rd August 2022, has been prepared in accordance with recognition and measurement principles laid down in Indian Accounting Standards 34 "Interim Financial Reporting" (Ind AS 34), as prescribed under section 133 of the Companies Act, 2013 as amended, read with the relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the SEBI Circular CIR/CFD/CMD1/44/2019 dated 29th March 2019 issued by the SEBI under Regulations 33 (8) of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended), to the extent applicable.

4. The Statement includes the unaudited financial information of the following entities in addition to the Parent:

5. Based on our review of the Statement conducted as stated above and except for the possible effects of the matter described in paragraph 6 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the aforesaid Indian Accounting Standards and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. The Statement includes Group's share of Net Profit/(loss) after tax of Rs. These interim financial statements/information have been reviewed by other auditors whose reports have been furnished to us by the management and our conclusion on the Statement, in so far as it relates to the amount and disclosures included in respect of such jointly controlled entities is based solely on the report of the other auditors and the procedures performed by us as stated in paragraph 3 above.

According to the information and explanation to us by the Management, these interim financial statements / information are not material to the group.

Out of 6 subsidiaries, 4 subsidiaries are located outside India whose interim financial statements/information have been prepared in accordance with the accounting principles generally accepted in their respective countries. Commenting on the quarterly results, Mr. Angshu Mallick, Managing Director and CEO, Adani Wilmar Limited said, “Adani Wilmar has continued to demonstrate a steady growth on overall volumes, led by an exceptional growth in the foods business. This is despite multiple headwinds that we saw during the quarter with inflation and low consumer offtake being the major concern areas. Our growth has been driven by GTM strategy focused on increased penetration in the semi-urban & rural regions. This increased penetration is also enabling us to grow the foods business at a faster pace. While still majority of staples and FMCG products are sold through general trade, we have seen a double-digit growth in sales through e-commerce and modern trade. Sales of our new products such as Poha, Khichdi, Total Balance Oil, Soya Chunkies etc., have doubled on a year-on-year basis, though on a low base.

There is finally some respite and signs of relief due to the softening of certain commodity prices, which may lead to better demand uptick in the coming quarter. The performance of AWL in the foregoing quarter can be summarized as – consistent and resilient.”

Key Highlights:

❖ Sustained resilience across business segments with overall volumes growing at 15% y-o-y:

- Consolidated volume stood at 1.19 MMT in Q1FY23 compared to 1.03 MMT in Q1FY22, registering a growth of 15%.
- **Edible Oil** business stood at 0.70 MMT, registering a growth of 6% y-o-y on volumes and revenues at ₹ 11,519 Crore, registering a growth of 23% on revenues. The moderate growth is despite several headwinds in the edible oil industry. Inflationary pressure was a key concern for the edible oil industry.
- **Food & FMCG** continued to lead the growth and now has a basket of ₹860 Crore for the quarter, registering a growth of 66% on revenues and 53% on volumes.
- **Industry Essentials** revenues stood at ₹2,353 Crore for the quarter, led by castor oil exports and oleo business. Overall volumes up by 22%, whereas revenues up by 67%.

❖ Volume share of Food & FMCG in Q1FY23 at 16%, up from 12% in Q1FY22

❖ Acquisition of Kohinoor brand

- AWL acquired premium basmati brand "Kohinoor" from McCormick Switzerland GMBH in May 2022.
- The acquisition will help AWL consolidate its market share in the basmati rice segment as well as help in driving premiumisation.

❖ Market Share:

- AWL continued its leadership as the No.1 edible oil brand with a market share of 18.7% on a standalone basis and 19.7% along with its joint venture KTV Health Foods in Q1FY23. (Source: Nielsen)

- Fortune Atta (Wheat Flour) continued to be the No. 2 brand in India with a consolidation of market share from 3.8% in Q1FY22 to 4.9% in Q1FY23. (Source: Nielsen)
- Fortune Basmati rice continued to be the No. 3 brand in India with a consolidation of market share from 5.7% in Q1FY22 to 8.4% in Q1FY23. With the acquisition of Kohinoor, the combined market share is 10.6% in Q1FY23. (Source: Nielsen)

❖ **Company paid off entire long-term debt:**

- AWL has paid off the entire portion of its long-term borrowing.
- This move will help in improving credit metrics and ratios, enabling us to explore funds at competitive pricing.

Near-term Outlook:

❖ **Demand outlook**

- We expect uptick in the demand in Q2FY23 on the back of festivities and weddings across the country. We particularly expect growth in demand from rural markets, with expectations of a good monsoon.
