CHAIRMAN MESSAGE

Yashovardhan Sinha
Chairman & Managing Director

Dear shareholders,

Being the Chairman and Managing Director of your Company, I feel great to welcome you all in the 18th Annual General Meeting of your company. I would have very much liked to meet and address you in person, but as you know, we are holding this meeting over a virtual platform due to the prevailing unprecedented circumstances. I would like to thank you for sparing the time to join us today from wherever you are, and for your continued faith in Aditya Consumer Marketing Limited and its management.

I also take the opportunity to appreciate the role of our staff who were our COVID warriors. They have worked tirelessly and gone beyond call of duty to deliver essentials goods to our customers – be it 9to9 Supermarket stores or through home delivery. Our company also thanks the local administration and vendors for their continued support to ensure operations ran smoothly.

I hope you and your family members are remaining healthy and staying safe in this Pandemic situation. All your support and our hard work made us a brand in these 18 year of long journey, full of environmental threats and our own strengths and still in this pandemic situation we are together to serve the society & nation. I take the opportunity to appreciate the role of all staff of our Company who acting as COVID warriors and fought with the pandemic fear to deliver the essentials to its huge pool of customers either at 9to9 supermarkets or to their homes taking huge risks to keep its entire customers requirement of essentials fulfilled. The Company also thanks the local administration and vendors who were actively participating in logistics and supply chains in order to fulfill the requirements of public. Collapse of a large brand dealing in essentials also increased our responsibility to cater to the society in this unprecedented times.

We were on track in terms of revenue growth, profitability, and various excellence programs until January 2020, when the country began witnessing early signs of the pandemic. In a manner of speaking, FY20 ended abruptly, and at the same time, it became clear that the summer season as well as the rest of FY21 would be challenging periods as well. As I speak, the infection rate continues to rise in several parts of the country, but we are learning to live and work in the changed circumstances.

Each & every year we think to provide more facilities to the society around and with that point of view, we opened our 4th outlet of TAKE AWAY EXPRESS with DINE-IN facility and shifted our SK Puri location of 9to9 and Salons to a much bigger and modern location in the same area. We are still working upon the new ideas & will have our new branches in other districts of Bihar also. As I speak, the pandemic continues to take a huge toll on our hospitality/banqueting, food and beverages business as all dine-in remains closed and beauty and wellness business witnessing sharp drop in footfalls on fears of infection and advisory for maintaining social distancing. Business prospects for FY21 looks hazy and uncertainty rules in all sectors of retailing and services as customers choosing to stay indoors for their safety. The Company has availed the Prime Minister covid credit scheme from bank to strengthen its liquidity for these unprecedented periods of uncertainty. Your Company is fully focused on not only survival of its various businesses but also safety of its staff and customers. Strict safety norms are in place for all businesses of Company and compliances are strictly monitored. To reduce public contact, your Company with proactive support of local administration, has been encouraging home delivery of essentials like staples, FMCG and groceries to various customers from all locations of Patna and Gaya.

FY 20 Highlights:

- Gross Revenue of Rs. 93.12 Crore & Net Revenue of Rs.83.32 Crore.
- Net Profit of Rs.0.37 crore
- Earning Per Share- 0.26
- New Addition- 4th Outlet Of Take Away Express with Dine-In facility
- EBITDA-Rs. 5.01 crore

FY 20 Performance Review

Our increase in customer base translated into increased sales and earned gross revenue of **Rs.93.12 crore** against **Rs.84.17 crore** in last year. Net Revenue stood at **Rs.83.32 crore** against **Rs.76.89 crore**. Our same stores growth stood at **8.36% YOY**.

Due to COVID-19 pandemic, company sales were adversely affected. Additionally, service tax department's audit of last 4 years imposed a demand of Rs. 3.82 Crores plus interest and penalties which further affected the profitability of the Company. However, Company contested this demand and matter was adjudicated. Though several demands were dropped by adjudicating authority, the Company feared appeals by the GST

Department. Keeping in line with a long term policy of our Company of staying clear of any long term litigations and contingent liabilities, the company decided to opt for a one time settlement of dues under Sabka Vishwas scheme launched by Govt. Under this scheme, the company was required to deposit any pre-GST demands at 50% of original demand. Consequently, the company deposited Rs. 1.91 Crores thereby clearing all pre-GST liabilities once and for all.

Due to this exceptional item and impact of COVID on profitable businesses like Restaurants, Banqueting and Salons, Company reported a loss of 1.60 crores in H2FY20. Consequently, Company saw a decline in net profit to **Rs.0.37 crore** for FY20 (decline of Approx. 90%) against **Rs.3.67 crore** of last year.

FY21 - Roadmap

The brand story of Aditya Consumer Marketing Limited – is an inspiring tale of 18 glorious years wherein we have strived to meet our customer's need and trust by building efficient systems and processes. Our constant endeavour is to provide an unparalleled customer experience and value to our customers by facilitating access to best quality products at competitive prices.

The roadmap for FY21 appear to be a bit hazy given that we are in unprecedented and uncertain times. Despite our strong fundamentals and brand ethos – the road to recovery is long and looks very challenging as of now. The Company however, remains committed on its growth strategy and is in process of opening a restaurant in Darbhanga. We are also actively negotiating space at Muzaffarpur for 9to9 supermarket.

Quote:

“Your company's credentials, competencies and capabilities, agility, ability to reinvent itself, supported by its committed teams and exemplary leadership, place it in a unique position to reap the benefits of India's growth. I am privileged to be leading the exciting journey ahead.”

The Company believes that following are the few strengths that provide it competitive advantages.

Strong management team

Our Management team is complemented by a committed work force that enables us to operate, synergise and integrate our front and backend operations efficiently.

Strong Systems and Process

We believe that our systems and processes are our major strength. The Company has strong focus on systems and processes. Our investments in systems and processes give us the vital edge to be able to predict consumer trends and requirement to hold inventory at optimum levels and to control the financial performance of the Company.

Business Strategy

Over the last few months, we have put a lot of effort in getting our systems and processes sorted and today we are amongst the best on that front. Now our next challenge is to become the preferred shopping destination. In this area, the Company plans to focus on following:

1. Expanding our product and format range - We intend to cater to various segments of the consumer in India by providing extensive product range through various lines of the business and formats of retail trading.

Risks and concerns

Execution: Although the Industry growth potentially appears to be immense, we believe the key risk to our growth is execution risk. The Company has a strong management team and we believe it would be capable enough to execute varied retail trading formats.

Employee retention: With the entry of new players and back of Indian economy on growth path, we believe that employee retention has become very important.

Low margins due to increase in competition: With the entry of new players, the competition in the retail industry has become intense, resulting pressure on the margins and introduction of new promotions/discount schemes to attract and retain the customers.

Internal Controls and their Adequacy

The Company has a proper and adequate system of internal controls commensurate with the size of the Company and the nature of its business to ensure that all the assets are safeguarded and protected against loss from unauthorized use or disposition, and that transactions are authorized, recorded and reported correctly and adequately. Annexure “B” to the Auditors’ Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Aditya Consumer Marketing Limited** (“the Company”) as of **31st March 2020** in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of

changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1.00 Corporate information

The Company was incorporated on 25th July, 2002. The Company Identification Number (CIN) allotted to the Company is L52190BR2002PLC009872. The Company is engaged in establishment and operation of Departmental Stores, Super Market retailing in consumer items, Food & Beverages (Restaurants) and Services (Salon).

2.00 Significant accounting policies

a. Basis of preparation of financial statements :

The financial statements are prepared under the historical cost convention, on an accrual basis of accounting in accordance with the accounting principles generally accepted in India ('Indian GAAP') and comply with the Companies (Accounting Standards) Rules, 2014 (as amended) and relevant provisions of Companies Act, 2013('the Act').

b. Use of estimates:

The preparation of the financial statements requires the management of the Company to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures relating to the contingent liabilities as at the date of financial statements and reported amounts of income and expenditure during the period. Examples of such estimates include provisions for doubtful trade receivables and advances, employee benefits, provision for income taxes, impairment of assets and useful lives of fixed assets.

c. Fixed assets

Fixed assets are stated at cost of acquisition or construction, less accumulated depreciation/ amortization, disposals and impairment loss, if any. Cost includes inward freight, duties, taxes and all incidental expenses incurred to bring the assets to their present location and condition.

The Company has no intangible assets in the nature of Goodwill or Misc. Expenditure.

The Company have no jointly owned assets.

Costs of borrowing related to the acquisition or construction of fixed assets that are attributable to the qualifying assets are capitalised as part of the cost of such asset. All other borrowing costs are recognized as expenses in the periods in which they are incurred.

d. Depreciation/ amortization

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life. The depreciable amount of an asset is the cost of an asset or other amount substituted for cost, less its residual value. The useful life of an asset is the period over which an asset is expected to be available for use by an entity, or the number of production or similar units expected to be obtained from the asset by the entity.

Though the useful life of the assets owned by company have been considered at the lives suggested in Part C of Schedule II of The Companies Act, 2013, some exceptions have been made in the useful life of computer, furniture and fixtures and plants including kitchen equipments, which have been taken on higher side.

e. Impairment

At each Balance Sheet date, the Company reviews carrying amounts of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss. The recoverable amount is the higher of an asset's net selling price and value in use. In assessing the value in use, the estimated future cash flows expected from the continuing use of the asset and from its ultimate disposal are discounted to their present values using a pre-determined discount rate that reflects the current market assessments of the time value of money and risks specific to the asset.

f. Operating leases

The Company has no Lease arrangements where the risk and rewards incidental to ownership of an asset substantially vest with the lessor and classified as operating leases.

Rental income and rental expenses, if any, on assets given or obtained under operating lease arrangements are recognized on a straight line basis over the term of the lease.

The initial direct costs relating to operating leases, if any, are recorded as expenses as they are incurred.

g. Investments

The company has no Long-term investments.

Current investments is not comprising of investments in mutual funds.

h. Inventories

Inventories, if any, are valued at the lower of cost or net realizable value. Cost includes all expenses incurred to bring the inventory to its present location and condition. Cost is determined on a weighted average basis.

i. Employee Benefits

(i) Short term employee benefits: The undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered by employees is recognized during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave and performance incentives payable within twelve months.

(ii) Post employment benefits: Contributions to defined contribution retirement benefit schemes are recognized as expenses when employees have rendered services entitling them to the contributions.

For defined benefit schemes, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognized in full in the Statement of Profit and Loss for the period in which they occur. Past service cost is recognized immediately to the extent that the benefits are already vested, and otherwise is amortized on a straight-line basis over the average period until the benefits become vested.

The retirement benefit obligation recognized in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost, and as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the scheme.

j. Revenue recognition

(ii) In the event of unabsorbed depreciation and carry forward of losses, deferred tax assets are recognized only to the extent that there is virtual certainty that sufficient taxable income will be available to realize these assets. In other situations, deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available to realize these assets.
